PLAN OF FINANCE

The District

The District was created by Dynavest Joint Venture, LLC, an entity unaffiliated with the City PID Developers and the Master Developer, through the acts of the 86th Texas Legislature in 2019 for the primary purpose of facilitating the construction and continued maintenance of quality mixed-use residential and commercial development to benefit the residents of the City. The District is authorized under the District Legislation to undertake the financing of certain public improvements benefitting the District. The District Legislation empowers the District to levy special assessments to fund public improvements that benefit all or a substantial portion of the District. See “THE DISTRICT – Background.”

The City PID

The Public Improvement District Assessment Act, Subchapter A of Chapter 372, Texas Local Government Code, as amended (the “PID Act”) authorizes municipalities, such as the City, to create public improvement districts within their boundaries or extraterritorial jurisdiction, and to impose assessments within the public improvement district to pay for certain improvements. Pursuant to a resolution adopted on September 14, 2021, the City has formed a public improvement district, the “Legacy Hills Public Improvement District” (the “City PID”), the boundaries of which include the approximately 331.5-acre portion of land in the District owned by MM Celina 294 (the “MM Celina 294 Property”) and MM Celina 40 (the “MM Celina 40 Property”). The City PID was formed for the purpose of undertaking and financing the cost of construction of certain Local Improvements (as defined herein) that confer a special benefit on the City PID (the “City PID Improvements”), including the Phase #1A-1B Improvements (as defined herein), authorized by the PID Act and approved by the City Council of the City (the “City Council”). The boundaries of the City PID are shown in the “MAP SHOWING BOUNDARIES OF THE CITY PID” on page v.

Development Plan and Plan of Finance

The District and the Development. The City PID is a discrete portion of the District. The Master Developer plans to develop the real property within the District as a mixed-use master planned community to be known as Legacy Hills (the “Development”). The Development is located within the corporate boundaries of the City and in Collin County, Texas, approximately forty miles north of Dallas and adjacent to the proposed path of the next phase of the Dallas North Tollway. Access to the District is currently provided from FM 455. The Development’s location as part of the rapidly expanding northern corridor of the Dallas-Fort Worth Metroplex suggests significant growth over the next several years. The Development is expected to include up to approximately 7,000 single-family residential homes, approximately 4,100 multifamily residential units, and approximately 100 acres of commercial development located along the Dallas North Tollway. Amenities in the Development are expected to include multiple amenity centers, a championship golf course with a clubhouse, open spaces and trails. Approximately 27 acres in the Development will be dedicated to the City for development of a sports park. See “THE DEVELOPMENT – Development Plan for the Development.”

The Master Developer acquired the land within the District on August 2, 2021 and subsequently sold or conveyed various parcels of land within the District to buyers, including the Builder Pod Developers (as defined herein), MM Celina 294 and MM Celina 40 and investors expected to develop land zoned for commercial and multi-family uses. See “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND PHASE #1A-1B FINANCING PLAN – Master Developer Property Acquisition and Financing – *Property Acquisition, Concurrent Sales and Subsequent Sale.*” A portion of the land containing single-family residential homes is expected to be owned and developed as discrete “pods” by regional and national homebuilders, including Ashton Woods, Beazer Homes, First Texas Homes, Lennar Homes, and Mattamy Homes (collectively, the “Builder Pod Developers”), which Builder Pod Developers will complete lots and construct homes on their respective land within the District. Such pods are expected to be developed in phases.

MM Celina 294 and MM Celina 40, each affiliates of the Master Developer, acquired their land from the Master Developer in a sale and a conveyance, respectively, and will develop single-family lots for sale to homebuilders (M/I Homes and D.R. Horton) on a takedown basis. See “THE DEVELOPMENT – Development Plan for the Development” and “THE

DEVELOPMENT – Expected Build Out of Single-Family Development and Home Prices in the City PID.” The Builder Pod Developers, MM Celina 294 and MM Celina 40 are collectively referred to herein as the “Pod Developers.”

Development in the District will begin with the construction of (a) certain major roadway improvements, water distribution system improvements, sanitary sewer collection system improvements, and storm drainage collection system improvements (i) benefitting the entire single-family portion of the District (the “Single-Family Major Improvements”) and (ii) benefitting the entire commercial and multi-family portions of the District (the “Commercial/MF Major Improvements” and, together with the Single-Family Major Improvements, the “Major Improvements”), and (b) certain local improvements benefitting discrete portions of the District (the “Local Improvements”), which improvements are expected to be constructed by the Pod Developers. See “THE DEVELOPMENT – Development Plan for the Development.” The Major Improvements and the Local Improvements will be dedicated to the District and conveyed to the City and constructed in accordance with City standards.

Financing of Phase #1A-1B Improvements - The City PID. MM Celina 294 will construct certain roadway improvements, water distribution system improvements, sanitary sewer collection system improvements, and storm drainage collection system improvements benefitting the first phase of development within such property (“Phase #1A”) Such improvements are referred to herein as the “Phase #1A Improvements.” MM Celina 40 will construct certain roadway improvements, water distribution system improvements, sanitary sewer collection system improvements, and storm drainage collection system improvements benefitting the MM Celina 40 Property, all of which comprises a single phase known as “Phase #1B.” Such improvements are referred to herein as the “Phase #1B Improvements.” Phase #1A and Phase #1B are collectively referred to herein as “Phase #1A-1B.” The Phase #1A Improvements and the Phase #1B Improvements are collectively referred to herein as the “Phase #1A-1B Improvements.” Phase #1A-1B consists of approximately 154 acres within the City PID.

The City and the District are expected to enter into (i) a reimbursement agreement (the “Phase #1A Reimbursement Agreement”) relating to utilization of assessments levied in Phase #1A (the “Phase #1A Assessments”) and the reimbursement of costs of the Phase #1A Improvements advanced by the MM Celina 294 and (ii) a reimbursement agreement (the “Phase #1B Reimbursement Agreement,” and together with the Phase #1A Reimbursement Agreement, the “Reimbursement Agreements”) relating to utilization of assessments levied in Phase #1B (the “Phase #1B Assessments”) and the reimbursement of costs of the Phase #1B Improvements advanced by the MM Celina 40. Pursuant to the Phase #1A Reimbursement Agreement, the City is expected to levy the Phase #1A Assessments in the amount of \$9,718,212* on the land in Phase #1A (the “Phase #1A Assessed Property”). Pursuant to the Phase #1B Reimbursement Agreement, the City is expected to levy the Phase #1B Assessments in the amount of \$3,581,788* on the land in Phase #1B (the “Phase #1B Assessed Property” and, together with the Phase #1A Assessed Property, the “Assessed Property”).

The District will pay a portion of the costs of the Phase #1A-1B Improvements from proceeds of the Bonds. MM Celina 294 will submit payment requests on a monthly basis for costs actually incurred in developing and constructing the Phase #1A Improvements and be paid in accordance with the Indenture, and the “Legacy Hills Public Improvement District Phase #1A Construction, Funding and Acquisition Agreement” among the District, the City and MM Celina 294 (the “Phase #1A Construction, Funding and Acquisition Agreement”). MM Celina 40 will submit payment requests on a monthly basis for costs actually incurred in developing and constructing the Phase #1B Improvements and be paid in accordance with the Indenture, and the “Legacy Hills Public Improvement District Phase #1B Construction, Funding and Acquisition Agreement” among the District, the City and MM Celina 294 (the “Phase #1B Construction, Funding and Acquisition Agreement” and, together with the Phase #1A Construction, Funding and Acquisition Agreement, the “Construction, Funding and Acquisition Agreements”). See “THE PHASE #1A-1B IMPROVEMENTS,” “THE DEVELOPMENT,” “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND PHASE #1A-1B FINANCING PLAN,” and “APPENDIX I – Forms of Construction, Funding and Acquisition Agreements.” MM Celina 294 will advance additional funds at closing of the Bonds to fund a portion of the costs of the Phase #1A Improvements not funded by the Bonds (the “Phase #1A Developer Deposit”). MM Celina 40 will advance additional funds at closing of the Bonds to fund a portion of the costs of the Phase #1B Improvements not funded by the Bonds (the “Phase #1B Developer Deposit”). See “SOURCES AND USES OF FUNDS.”

In addition to utilizing a portion of the proceeds of the Bonds to fund the Phase #1A Improvements, MM Celina 294 has obtained a development loan as described under “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND

* Preliminary; subject to change.

PHASE #1A-1B FINANCING PLAN - MM Celina 294/MM Celina 40 – Property Acquisition and Financing” in order to finance the costs of improvements to the MM Celina 294 Property. MM Celina 40 currently expects to fund the Phase #1B Improvements using a portion of the proceeds of the Bonds, earnest money deposited by Dream Finder and a loan from a third party lender. See “THE DEVELOPMENT – Lot Purchase and Sale Agreements in the City PID.” MM Celina 40 expects to obtain a third-party development loan after closing of the Bonds to fund any additional development costs. Such loan is expected to be secured, inter alia, by the MM Celina 40 Property. “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND PHASE #1A-1B FINANCING PLAN.”

Financing of Major Improvements - The Major Improvement Bonds and the Capital Recovery Fee Bonds. The Master Developer is responsible for construction of Major Improvements, construction of which is expected to begin Q1 2022 and expected to be completed in Q3 2023. Concurrently with the issuance of the Bonds, the District is expected to issue its \$82,380,000* Special Assessment Revenue Bonds, Series 2021 (Major Improvements Project) (the “Major Improvement Bonds”) to fund a portion of the costs of the Single-Family Major Improvements. The Major Improvement Bonds are secured by a separate special assessment levied by the District (the “District Major Improvement Assessments”) on the single-family property within the District, including the property within Phase #1A-1B of the City PID. See “BONDHOLDERS’ RISKS - Overlapping City PID Assessment and District Major Improvement Assessment.” **The District Major Improvement Assessments are not pledged to and do not secure the payment of the Bonds.**

In addition, concurrently with the issuance of the Bonds, the District expects to issue a separate series of contract revenue bonds in the amount of \$14,400,000* (the “Capital Recovery Fee Bonds”) to fund the costs of the Commercial/MF Major Improvements, which Capital Recovery Fee Bonds shall be secured by payments to the District pursuant to the Capital Recovery Fee Agreement (as defined herein), which payments shall consist of payments of certain Capital Recovery Fees (as defined herein) collected within the Development. See “THE DEVELOPMENT AGREEMENT” and “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND PHASE #1A-1B FINANCING PLAN – The Capital Recovery Fee Agreement and the Capital Recovery Fee Bonds.” **The Capital Recovery Fees are not pledged to and do not secure the payment of the Bonds.**

The Master Developer obtained a loan from Trez Capital (2015) Corporation (“Trez”) in an amount up to \$60,600,000 as backup financing for the Single-Family Major Improvements as part of the due diligence process relating to the sale of portions of land within the District to the Builder Pod Developers. It is expected that such loan will be terminated upon the issuance of the Bonds. See “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND PHASE #1A-1B FINANCING PLAN – Master Developer Property Acquisition and Financing.”

The Bonds

Proceeds of the Bonds will be used to provide funds for (i) paying a portion of the costs of Phase #1A-1B Improvements; (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Phase #1A-1B Improvements; (iii) funding a reserve fund for the payment of principal of and interest on the Bonds; (iv) paying a portion of the costs incidental to the organization of the City PID, if any; and (v) paying the costs of issuing the Bonds. To the extent that a portion of the proceeds of the Bonds is allocated for the payment of the costs of issuance of the Bonds and less than all of such amount is used to pay such costs, the excess amount may, at the option of the District, be transferred to another account or subaccount of the Project Fund (defined herein) or to the Principal and Interest Account of the Bond Fund to pay interest on the Bonds. See “THE PHASE #1A-1B IMPROVEMENTS,” “APPENDIX B — Form of Indenture” and “SOURCES AND USES OF FUNDS.”

Payment of the Bonds is secured by a pledge of and a lien upon the Pledged Revenues, which consist primarily of Contract Revenues payable pursuant to the Interlocal Agreement, which Contract Revenues shall be payable from the Assessments levied against assessable properties in Phase #1A-1B of the City PID in accordance with a Service and Assessment Plan, all to the extent and upon the conditions described herein. See “SECURITY FOR THE BONDS,” “THE INTERLOCAL AGREEMENT” and “ASSESSMENT PROCEDURES.” **The Bonds shall never constitute an indebtedness or general obligation of the District, the City, the State or any other political subdivision of the State, within the meaning of any Constitutional provision or statutory limitation whatsoever, but the Bonds are limited and special obligations of the District payable solely from the Trust Estate as provided in the Indenture. Neither the faith and credit nor the taxing power of the District, City, the State or any other political subdivision of the State is pledged to the payment of the Bonds.**

Interest on the Bonds will be payable on each March 15 and September 15, commencing March 15, 2022 (each an “Interest Payment Date”), until maturity or prior redemption. Upon initial issuance, the ownership of the Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”), and purchases of beneficial interests in the Bonds will be made in book-entry only form. See “BOOK-ENTRY ONLY SYSTEM” and “SUITABILITY FOR INVESTMENT.”

Redemption Provisions

Optional Redemption. The District reserves the right and option to redeem Bonds before their scheduled maturity dates, in whole or in part, on any date on or after September 15, 20__, such redemption date or dates to be fixed by the District, at a redemption price equal to par plus accrued interest to the date fixed for redemption (the “Redemption Price”).

Extraordinary Optional Redemption. The District reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part, on the first day of any month, at 100% of the principal amount of such Bonds, or portions thereof, to be redeemed plus accrued and unpaid interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Prepayments (including related transfers to the Redemption Fund as a result of a reduction in the Reserve Account Requirement due to such Prepayment as further described in the Indenture) and transfers to the Redemption Fund as a result of surplus Foreclosure Proceeds, surplus amounts in the Capitalized Interest Account and the Project Fund, and upon final maturity of the Bonds, amounts on deposit in the Reserve Account all as further described in the Indenture. See “ASSESSMENT PROCEDURES – Prepayment of Assessments” for the definition and description of “Prepayments.”

Extraordinary Mandatory Redemption. The Bonds are subject to extraordinary mandatory redemption before their respective scheduled maturity dates, in whole or in part, on the next scheduled Interest Payment Date at a redemption price equal to 100% of the aggregate principal amount of the Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption to the extent that money is transferred to the Redemption Fund as a result of unexpended amounts in the Project Fund as provided in the Indenture.

Mandatory Sinking Fund Redemption. The Bonds maturing on September 15, 20__ and 20__ are subject to mandatory sinking fund redemption prior to their respective maturities and will be redeemed by the District in part at a price of 100% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, from money available for such purpose in the Principal and Interest Account of the Bond Fund pursuant to the Indenture, on the dates and in the respective sinking fund installments as set forth in the following schedule:

<u>\$ _____ Term Bond, Maturing on September 15, 20__ *</u>	
<u>Redemption Date</u>	<u>Sinking Fund Installment</u>
September 15, 20__	
September 15, 20__ †	

<u>\$ _____ Term Bond, Maturing on September 15, 20__ *</u>	
<u>Redemption Date</u>	<u>Sinking Fund Installment</u>
September 15, 20__	
September 15, 20__ †	

* Preliminary, subject to change.

† Stated maturity.

At least forty-five (45) days prior to each sinking fund redemption date, the Trustee shall select a principal amount of Bonds of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory redemption date, and shall give notice of such redemption, as provided in the Indenture.

The principal amount of Bonds of a stated maturity required to be redeemed on any mandatory sinking fund redemption date shall be reduced, at the option of the District, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the sinking fund redemption date shall have been acquired by the District at a price not exceeding the principal amount of such Bonds plus accrued unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

The principal amount of Bonds required to be redeemed on any mandatory sinking fund redemption date shall be reduced on a pro rata basis among Sinking Fund Installments for each maturity of Bonds by the principal amount of any Bonds which, at least 45 days prior to the mandatory sinking fund redemption date, shall have been redeemed pursuant to the optional redemption, extraordinary optional redemption or extraordinary mandatory redemption provisions of the Indenture and not previously credited to a mandatory sinking fund redemption.

Notice of Redemption. The Trustee shall give notice of any redemption of Bonds by sending notice by first class United States mail, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register.

The notice shall state the redemption date, the Redemption Price or the amount of Bonds to be redeemed plus accrued interest to the date thereof, as applicable, the place at which the Bonds to be surrendered for payment, and, if less than all the Bonds outstanding are to be redeemed, and subject to the Indenture, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

Any notice given as provided in the Indenture shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

The District has the right to rescind any optional redemption or extraordinary optional redemption by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under the Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state that the District may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient funds are not received, the notice shall be of no force and effect, the District shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Additional Provisions with Respect to Redemption. If less than all of the Bonds are to be redeemed pursuant to Sections to an optional, mandatory sinking fund or extraordinary mandatory redemption, Bonds shall be redeemed in minimum principal amounts of \$25,000 or any integral of \$1,000 in excess thereof by any method selected by the Trustee resulting in a random selection. Each Bond shall be treated as representing the number of Bonds that is obtained by dividing the principal amount of such Bond by the smallest Authorized Denomination for such Bond.

A portion of a single Bond of a denomination greater than an Authorized Denomination may be redeemed, but only in a principal amount equal to \$25,000 or any integral of \$1,000 in excess thereof. The Trustee shall treat each \$1,000 portion of such Bond as though it were a single bond for purposes of selection for redemption. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time.

Upon surrender of any Bond for redemption in part, the Trustee in accordance with the Indenture, shall authenticate and deliver and exchange the Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

BOOK-ENTRY ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company (“DTC”), New York, New York, while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Limited Offering Memorandum. The District and the Underwriter believe the source of such information to be reliable, but neither the District nor the Underwriter takes responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or (3) DTC will serve and act in the manner described in this Limited Offering Memorandum. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its registered subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of “AA+.” The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect

only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all Bonds of the same maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant of such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and all other payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or Paying Agent/Registrar, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Trustee, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Trustee, the Paying Agent/Registrar or the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the District or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered. Thereafter, Bond certificates may be transferred and exchanged as described in the Indenture.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but none of the District, the District's Financial Advisor or the Underwriter take any responsibility for the accuracy thereof.

NONE OF THE DISTRICT, THE TRUSTEE, THE PAYING AGENT, THE DISTRICT'S FINANCIAL ADVISOR OR THE UNDERWRITER WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DTC PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEE WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS OF THE BONDS. THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, THE DTC PARTICIPANTS OR OTHERS WILL DISTRIBUTE PAYMENTS OF PRINCIPAL OF OR INTEREST ON THE BONDS PAID TO DTC OR ITS NOMINEE, AS THE REGISTERED OWNER, OR PROVIDE ANY NOTICES TO THE BENEFICIAL OWNERS OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC WILL ACT IN THE MANNER DESCRIBED IN THIS LIMITED OFFERING MEMORANDUM. THE CURRENT RULES APPLICABLE TO

DTC ARE ON FILE WITH THE SECURITIES AND EXCHANGE COMMISSION, AND THE CURRENT PROCEDURES OF DTC TO BE FOLLOWED IN DEALING WITH DTC PARTICIPANTS ARE ON FILE WITH DTC.

LIMITATIONS APPLICABLE TO INITIAL PURCHASERS

Each initial purchaser is advised that the Bonds being offered pursuant to this Limited Offering Memorandum are being offered and sold only to “accredited investors” as defined in Rule 501 of Regulation D promulgated under the Securities Act of 1933 and “qualified institutional buyers” as defined in Rule 144A promulgated under the Securities Act of 1933. Each initial purchaser of the Bonds (each, an “Investor”) will be deemed to have acknowledged, represented and warranted to the District as follows:

- 1) The Investor has authority and is duly authorized to purchase the Bonds and any other instruments and documents required to be executed by the Investor in connection with the purchase of the Bonds.
- 2) The Investor is an “accredited investor” under Rule 501 of Regulation D of the Securities Act or a “qualified institutional buyer” under Rule 144A of the Securities Act, and therefore, has sufficient knowledge and experience in financial and business matters, including purchase and ownership of municipal and other tax-exempt obligations, to be able to evaluate the risks and merits of the investment represented by the Bonds.
- 3) The Bonds are being acquired by the Investor for investment and not with a view to, or for resale in connection with, any distribution of the Bonds, and the Investor intends to hold the Bonds solely for its own account for investment purposes and for an indefinite period of time, and does not intend at this time to dispose of all or any part of the Bonds. However, the Investor may sell at any time the Investor deems appropriate. The Investor understands that it may need to bear the risks of this investment for an indefinite time, since any sale prior to maturity may not be possible.
- 4) The Investor understands that the Bonds are not registered under the Securities Act and that such registration is not legally required as of the date hereof; and further understands that the Bonds (a) are not being registered or otherwise qualified for sale under the “Blue Sky” laws and regulations of any state, (b) will not be listed in any stock or other securities exchange, and (c) will not carry a rating from any rating service.
- 5) The Investor acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, and the Investor has had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the District, the Phase #1A-1B Improvements, the Bonds, the security therefor, and such other information as the Investor has deemed necessary or desirable in connection with its decision to purchase the Bonds (collectively, the “Investor Information”). The Investor has received a copy of this Limited Offering Memorandum relating to the Bonds. The Investor acknowledges that it has assumed responsibility for its review of the Investor Information and it has not relied upon any advice, counsel, representation or information from the District in connection with the Investor’s purchase of the Bonds. The Investor agrees that none of the District, its Board of Directors, officers, or employees shall have any liability to the Investor whatsoever for, or in connection with the Investor’s decision to purchase the Bonds except for fraud or willful misconduct, to the extent permitted by law. For the avoidance of doubt, it is acknowledged that the Underwriter is not deemed an officer or employee of the District.
- 6) The Investor acknowledges that the obligations of the District under the Indenture are special, limited obligations payable solely from amounts paid to the District pursuant to the terms of the Indenture and the District shall not be directly or indirectly or contingently or morally obligated to use any other money or assets of the District for amounts due under the Indenture. The Investor understands that the Bonds are not secured by any pledge of any money received or to be received from taxation by the District, the City, the State of Texas (the “State”) or any political subdivision or taxing district thereof; that the Bonds will never represent or constitute a general obligation or a pledge of the faith and credit of the District, the State or any political subdivision thereof; that no right will exist to have taxes levied by the State or any political subdivision thereof for the payment of principal of and interest on the Bonds; and that the liability of the District and the State with respect to the Bonds is subject to further limitations as set forth in the Indenture.

- 7) The Investor has made its own inquiry and analysis with respect to the Bonds and the security therefor. The Investor is aware that the development of the District involves certain economic and regulatory variables and risks that could adversely affect the security for the Bonds.
- 8) The Investor acknowledges that the sale of the Bonds to the Investor is made in reliance upon the certifications, representations and warranties described in items 1-7 above.

SECURITY FOR THE BONDS

General

THE BONDS ARE SPECIAL OBLIGATIONS OF THE DISTRICT PAYABLE SOLELY FROM THE PLEDGED REVENUES AND OTHER FUNDS COMPRISING THE TRUST ESTATE, AS AND TO THE EXTENT PROVIDED IN THE INDENTURE. THE BONDS DO NOT GIVE RISE TO A CHARGE AGAINST THE GENERAL CREDIT OR TAXING POWER OF THE DISTRICT OR THE CITY AND ARE PAYABLE SOLELY FROM THE SOURCES IDENTIFIED IN THE INDENTURE. THE OWNERS OF THE BONDS SHALL NEVER HAVE THE RIGHT TO DEMAND PAYMENT THEREOF OUT OF ANY FUNDS OF THE DISTRICT OTHER THAN THE PLEDGED REVENUES, AS AND TO THE EXTENT PROVIDED IN THE INDENTURE. NO OWNER OF THE BONDS SHALL HAVE THE RIGHT TO DEMAND ANY EXERCISE OF THE DISTRICT'S OR THE CITY'S TAXING POWER TO PAY THE PRINCIPAL OF THE BONDS OR THE INTEREST OR REDEMPTION PREMIUM, IF ANY, THEREON. THE DISTRICT SHALL HAVE NO LEGAL OR MORAL OBLIGATION TO PAY THE BONDS OUT OF ANY FUNDS OF THE DISTRICT OTHER THAN THE PLEDGED REVENUES.

The principal of, premium, if any, and interest on the Bonds are secured by a pledge of and a lien upon the pledged revenues (the "Pledged Revenues"), consisting primarily of Contract Revenues received by the District pursuant to the Interlocal Agreement from Assessments levied against the assessable parcels or lots within Phase #1A-1B of the City PID and other funds comprising the Trust Estate, all to the extent and upon the conditions described herein and in the Indenture. See "THE INTERLOCAL AGREEMENT" and "THE REIMBURSEMENT AGREEMENTS." In accordance with the PID Act, the City has caused the preparation of a Service and Assessment Plan (as may be amended and supplemented, the "Service and Assessment Plan"), which describes the special benefit received by the property within Phase #1A-1B of the City PID, provides the basis and justification for the determination of special benefit on such property and establishes the methodology for the levy of Assessments. It is expected that the City will approve the Service and Service and Assessment Plan and levy the Assessments on October 12, 2021. The Service and Assessment Plan is reviewed and updated annually for the purpose of determining the annual budget for improvements and the Annual Installments (as defined below) of Assessments due in a given year. The determination by the City of the assessment methodology set forth in the Service and Assessment Plan is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on all current and future landowners within the Phase #1A-1B of the City PID. See "APPENDIX E — Form of Service and Assessment Plan."

Pledged Revenues

Pursuant to the Indenture, Pledged Revenues are the sum of (i) Contract Revenues and (ii) moneys held in any of the Pledged Funds. "Contract Revenues" means the revenues received by the District pursuant to the Interlocal Agreement from Assessment Revenues resulting from the City's collection of Assessments and Annual Installments for the Assessed Parcels in the City PID. See "THE INTERLOCAL AGREEMENT" and "THE REIMBURSEMENT AGREEMENTS." Pursuant to the Service and Assessment Plan, "Annual Installments" means, with respect to each Assessed Parcel, each annual payment of: (i) the Assessments including both principal and interest, as shown on the Assessment Roll, or in an Annual Service Plan Update, and calculated as provided in the Service and Assessment Plan, and (ii) the Administrative Expenses. The District will covenant in the Indenture that it will take and pursue all actions permissible under Applicable Laws and the Interlocal Agreement to cause the Contract Payments to be paid and the liens thereon enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws and the Interlocal Agreement, and to cause no reduction, abatement or exemption in the Contract Payments. See "— Pledged Revenue Fund," "APPENDIX B — Form of Indenture" and "APPENDIX E — Form of Service and Assessment Plan."

The PID Act provides that the Assessments (including any reassessment, with interest, the expense of collection and reasonable attorney's fees, if incurred) are a first and prior lien (the "Assessment Lien") against the property assessed, superior

to all other liens or claims, except liens and claims by the State, counties, school districts, or municipalities for ad valorem taxes and are a personal liability of and charge against the owners of property, regardless of whether the owners are named. Pursuant to the PID Act, the Assessment Lien will be effective from the date of the Assessment Ordinance until the Assessments are paid (or otherwise discharged), and is enforceable by the City in the same manner that an ad valorem property tax levied against real property may be enforced by the City. See “ASSESSMENT PROCEDURES” herein. If homestead rights are properly claimed by a property owner prior to the attachment of the Assessment Lien, the Assessment Lien may not be foreclosed upon; however, any unpaid Assessment or Annual Installment will be an unsecured personal liability of such property owner. It is expected that on the date of adoption of the Assessment Ordinance, no such homestead rights will be claimed on property within the Phase #1A-1B of the City PID.

Perfected Security Interest

Chapter 1208, Texas Government Code, applies to the issuance of the Bonds and the pledge of the Pledged Revenues and such pledge is valid, effective, and perfected. The District will covenant in the Indenture that should Texas law be amended at any time while the Bonds are Outstanding such that the pledge of the Pledged Revenues granted by the District under the Indenture is to be subject to the filing requirements of Texas Business and Commerce Code, Chapter 9, as amended, then in order to preserve to the registered owners of the Bonds the perfection of the security interest in said pledge, the District agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Texas Business and Commerce Code, Chapter 9, as amended, and enable a filing to perfect the security interest in said pledge to occur. See “APPENDIX B — Form of Indenture.”

Pledged Revenue Fund

The District has created under the Indenture a Pledged Revenue Fund to be held by the Trustee. Upon receipt thereof, while the Bonds are outstanding, and beginning with the first year in which the Contract Revenues are received, the District shall transfer to the Trustee the Contract Revenues for deposit into the Pledged Revenue Fund. Such Pledged Revenues shall be (a) *first*, deposited to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service, including Sinking Fund Installments, on the Bonds next coming due, (b) *second*, deposited to the Reserve Account of the Reserve Fund in an amount necessary to cause the amount on deposit therein to equal the Reserve Account Requirement, and (c) *third*, to pay other costs permitted or authorized by the PID Act.

From time to time as needed to pay the obligations relating to the Bonds, but no later than five business days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account of the Pledged Revenue Fund, and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account, such that the amount on deposit in the Principal and Interest Account equals the principal (including any Sinking Fund Installments) and interest due on the Bonds on the next Interest Payment Date.

If, after the foregoing transfers and any transfer from the Reserve Fund (as described under “Reserve Fund” below), there are insufficient funds to make the payments provided in the preceding paragraph, the Trustee shall apply the available funds in the Principal and Interest Account first to the payment of interest on, then to the payment of principal of (including any Sinking Fund Installments) the Bonds.

Notwithstanding the deposits in *first* through *third* above, the Trustee shall deposit Contract Revenues derived from Prepayments, and identified as such by the Administrator, to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Contract Revenues to the Redemption Fund.

Notwithstanding the deposits in *first* through *third* above, the Trustee shall deposit Contract Revenues derived from Foreclosure Proceeds, and identified as such by the Administrator, to the Pledged Revenue Fund and as soon as practicable after such deposit shall transfer such Contract Revenues first to the Reserve Account of the Reserve Fund to restore any transfers from the Reserve Fund made with respect to the Assessed Parcel or Assessed Parcels to which the Foreclosure Proceeds relate, and second to the Redemption Fund.

After satisfaction of the requirement to provide for the payment of the principal of and interest on the Bonds and to fund any deficiency that may exist in the Reserve Account of the Reserve Fund, the Trustee, at the direction of the District and

the City, may apply any Pledged Revenues remaining for any lawful purpose for which Pledged Revenues may be used under the PID Act.

Bond Fund

On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and interest then due and payable on the Bonds, less any amount to be used to pay interest on the Bonds on such Interest Payment Date from the Capitalized Interest Account as provided in the Indenture.

If amounts in the Principal and Interest Account are insufficient for the purposes set forth in the preceding paragraph above, the Trustee shall withdraw from the Reserve Fund, as provided in the Indenture, amounts to cover the amount of such insufficiency. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account and transferred to the Paying Agent/Registrar.

Moneys in the Capitalized Interest Account shall be used for the payment of interest on the Bonds on the following dates and in the following amounts:

<u>Date</u>	<u>Amount</u>
March 15, 2022	\$
September 15, 2022	\$
March 15, 2023	\$
September 15, 2023	\$

Any amounts on deposit in the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Phase #1A-1B Improvements Account of the Project Fund, or if the Phase #1A-1B Improvements Account of the Project Fund has been closed pursuant to the Indenture, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds and the Capitalized Interest Account shall be closed.

Project Fund

Any funds received at Closing pursuant to the Phase #1A Construction, Funding and Acquisition Agreement and the Phase #1B Construction, Funding and Acquisition Agreement shall be applied as provided therein.

Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds pursuant to the instructions on the memorandum to be issued as of the Closing Date.

Funds in the Phase #1A Improvements Account and the Phase #1A Developer Improvement Account shall be used to the Phase #1A Costs. Disbursements from the Phase #1A Improvements Account or the Phase #1A Developer Improvement Account to pay Phase #1A Costs shall be made by the Trustee upon receipt by the Trustee of a properly executed and completed Certification for Payment. The Trustee shall disburse amounts first from the Phase #1A Improvements Account, and second, upon depletion of the Phase #1A Improvements Account, from the Phase #1A Developer Improvement Account, to pay Phase #1A Costs as provided in the Phase #1A Construction, Funding and Acquisition Agreement. Each properly executed and completed Certification for Payment shall set forth the amount of the Phase #1A Costs to be paid from the Phase #1A Improvements Account and the Phase #1A Developer Improvement Account.

Funds in the Phase #1B Improvements Account and the Phase #1B Developer Improvement Account shall be used to the Phase #1B Costs. Disbursements from the Phase #1B Improvements Account or the Phase #1B Developer Improvement Account to pay Phase #1B Costs shall be made by the Trustee upon receipt by the Trustee of a properly executed and completed Certification for Payment. The Trustee shall disburse amounts first from the Phase #1B Improvements Account, and second, upon depletion of the Phase #1B Improvements Account, from the Phase #1B Developer Improvement Account, to pay Phase #1B Costs as provided in the Phase #1B Construction, Funding and Acquisition Agreement. Each properly executed and completed Certification for Payment shall set forth the amount of the Phase #1B Costs to be paid from the Phase #1B Improvements Account and the Phase #1B Developer Improvement Account.

If the District Representative determines in his or her sole discretion that amounts then on deposit in the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, are not expected to be expended for purposes of the thereof due to the abandonment, or constructive abandonment, of the Phase #1A Improvements or the Phase #1B Improvements such that, in the opinion of the District Representative, it is unlikely that the amounts in the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, will ever be expended for the purposes of the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, the District Representative shall file a District Order, approved in writing by the City, with the Trustee which identifies the amounts then on deposit in the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, that are not expected to be used for purposes of the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable. If such District Order is so filed with respect to the Phase #1A Improvements Account, the amounts on deposit in the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, shall be transferred, at the election of the District, to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with the Indenture.

Upon the filing of a District Order stating that all Phase #1A-1B Improvements have been completed and that (i) all Phase #1A Costs and Phase #1B Costs have been paid, or (ii) that any such Phase #1A Costs are not required to be paid from the Phase #1A Improvements Account and Phase #1B Costs are not required to be paid from Phase #1B Improvements Account of the Project Fund, the Trustee shall transfer the amount, if any, remaining within the Project Fund to the Bond Fund or the Redemption Fund, as directed by a District Order filed with the Trustee, and the Project Fund shall be closed. If the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, is closed as provided above, the Trustee shall transfer any remaining amount in the Phase #1A Developer Improvement Account to the Phase #1A Developer or the Phase #1B Developer Improvement Account to the Phase #1B Developer, as applicable, and shall close the Phase #1A Developer Improvement Account or the Phase #1B Developer Improvement Account, as applicable.

Upon a determination by the District Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, and used to pay Costs or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds, as directed by the District in a District Order filed with the Trustee, and the Costs of Issuance Account shall be closed.

Reserve Fund

Pursuant to the Indenture, a Reserve Account will be created within the Reserve Fund for the benefit of the Bonds and held by the Trustee and will be funded with proceeds of the Bonds in the amount of the Reserve Account Requirement. Pursuant to the Indenture, the "Reserve Account Requirement" for the Bonds shall be an amount equal to the least of (i) Maximum Annual Debt Service on the Bonds as of their date of issuance, (ii) 125% of average Annual Debt Service on the Bonds as of their date of issuance, or (iii) 10% of the proceeds of the Bonds; provided, however, that such amount shall be reduced by the amount of any transfers made in connection with an extraordinary optional redemption or an extraordinary mandatory redemption, and provided further that as a result of an optional redemption of the Bonds, the Reserve Account Requirement shall be reduced by a percentage equal to the pro rata amount of Bonds redeemed by such optional redemption divided by the total amount of the Outstanding Bonds prior to such redemption. As of the date of delivery of the Bonds, the Reserve Account Requirement is \$ _____, which is the Maximum Annual Debt Service on the Bonds as of the date of issuance.

Whenever a transfer is made from the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund as provided in the Indenture, the Trustee shall provide written notice thereof to the District, specifying the amount withdrawn and the source of said funds.

Whenever Bonds are to be redeemed with the proceeds of Contract Revenues derived from Prepayments pursuant to the Indenture, a proportionate amount in the Reserve Account of the Reserve Fund, as directed by the District Representative, shall be transferred on the Business Day prior to the redemption date by the Trustee to the Redemption Fund to be applied to the redemption of the Bonds. The amount so transferred from the Reserve Account of the Reserve Fund shall be equal to a percentage of the amount of the Bonds redeemed with such percentage equal to the lesser of: (i) the amount required to be in the Reserve Account of the Reserve Fund, as a percentage of the Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Account of the Reserve Fund, as a percentage of the Outstanding Bonds prior to the redemption.

Whenever, on any Interest Payment Date, or on any other date at the written request of a District Representative, the amount in the Reserve Account exceeds the Reserve Account Requirement, the Trustee shall provide written notice to the District Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account to be used for the payment of interest on the Bonds on the next Interest Payment Date in accordance with the Indenture, unless within thirty (30) days of such notice to the District Representative, the Trustee receives a District Order instructing the Trustee to apply such excess: (i) to pay amounts due under the Indenture or (ii) to the Phase #1A-1B Improvements Account of the Project Fund if such application and the expenditure of funds is expected to occur within three years of the date of the Indenture if the excess is proceeds of the Bonds.

Whenever, on any principal payment date or Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer from the Reserve Account of the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency. At the final maturity of the Bonds, the amount on deposit in the Reserve Account shall be transferred to the Redemption Fund and applied to the payment of the principal of and interest due on the Bonds.

At final maturity of the Bonds, the amount on deposit in the Reserve Fund shall be transferred to the Redemption Fund and applied to the payment of the Bonds.

Redemption Fund

The Trustee shall cause to be deposited to the Redemption Fund from the Bond Pledged Revenue Account of the Pledged Revenue Fund an amount sufficient to redeem Bonds on the dates specified for redemptions as provided in the Indenture. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in the Indenture.

Administrative Fund

The District has created under the Indenture an Administrative Fund held by the Trustee. Upon receipt, the District shall transfer to the Trustee, for deposit to the Administrative Fund the portion of the Contract Revenues allocated each year to pay the Administrative Expenses as set forth in the Service and Assessment Plan. See "APPENDIX C — Form of Service and Assessment Plan."

THE ADMINISTRATIVE FUND SHALL NOT BE PART OF THE TRUST ESTATE AND SHALL NOT BE SECURITY FOR THE BONDS.

Defeasance

All Outstanding Bonds shall prior to the Stated Maturity or redemption date thereof be deemed to have been paid and to no longer be deemed Outstanding if (i) in case any such Bonds are to be redeemed on any date prior to their Stated Maturity, the Trustee shall have given notice of redemption on said date as provided in the Indenture, (ii) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Defeasance Securities the principal of and the interest on which when due will provide moneys which, together with any moneys deposited with the Trustee at the same time, shall be sufficient to pay when due the principal of and interest on of the Bonds to become due on such Bonds on and prior to the redemption date or Stated Maturity thereof, as the case may be, (iii) the Trustee shall have received a report by an independent certified public accountant selected by the District verifying the sufficiency of the moneys or Defeasance Securities deposited with the Trustee to pay when due the principal of and interest on of the Bonds to become due on such Bonds on and prior to the redemption date or Stated Maturity thereof, as the case may be, and (iv) if the Bonds are then rated, the Trustee shall have received written confirmation from each rating agency then rating the Bonds that such deposit will not result in the reduction or withdrawal of the rating on the Bonds. Neither Defeasance Securities nor moneys so deposited with the Trustee nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and interest on the Bonds and shall not be part of the Trust Estate. Any cash received from such principal of and interest on such Defeasance Securities deposited with the Trustee, if not then needed for such purpose, shall be reinvested in Defeasance Securities as directed by the District maturing at times and in amounts sufficient to pay when due the principal of and interest on the Bonds on and prior to such redemption date or Stated Maturity thereof, as the case may be. Any payment for Defeasance Securities purchased for the purpose of reinvesting cash as aforesaid shall be made only against delivery of such Defeasance Securities.

“Defeasance Securities” means Investment Securities then authorized by applicable law for the investment of funds to defease public securities. “Investment Securities” means those authorized investments described in the Public Funds Investment Act, Chapter 2256, Texas Government Code, as amended; and provided further investments are, at the time made, included in and authorized by the District’s official investment policy as approved by the Board of Directors from time to time. Under current State law, Investment Securities that are authorized for the investment of funds to defease public securities are (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America; (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality, and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than “AAA” or its equivalent; and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than “AAA” or its equivalent.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Indenture does not contractually limit such investments, Owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. There is no assurance that the ratings for U.S. Treasury securities used as Defeasance Securities or that for any other Defeasance Security will be maintained at any particular rating category

Events of Default

Each of the following occurrences or events shall be and is hereby declared to be an “Event of Default,” under the Indenture:

1. The failure of the District to deposit the Pledged Revenues to the Bond Pledged Revenue Account of the Pledged Revenue Fund;
2. The failure of the District to enforce its right to receive Contract Payments pursuant to the Interlocal Agreement;
3. The failure to make payment of the principal of or interest on any of the Bonds when the same becomes due and payable and such failure is not remedied within thirty (30) days; provided, however, that the payments are to be made only from Pledged Revenues or other funds currently available in the Pledged Funds and available to the District to make the payments; and
4. Default in the performance or observance of any covenant, agreement or obligation of the District under the Indenture and the continuation thereof for a period of sixty (60) days after written notice to the District by the Trustee, or by the Owners of at least 51% of the aggregate outstanding principal of the Bonds with a copy to the Trustee, specifying such default and requesting that the failure be remedied.

Notwithstanding the foregoing, nothing in the Indenture will be viewed to be an Event of Default if it is in violation of any applicable state law or court order.

Remedies in Event of Default

Upon the happening and continuance of any of the Events of Default described above, the Trustee, upon the direction of Owners of at least 51% of the aggregate outstanding principal of the Bonds, may proceed against the District for the purpose of protecting and enforcing the rights of the Owners under the Indenture, by action seeking mandamus or by other suit, action, or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief to the extent permitted by Applicable Laws, including, but not limited to, the specific performance of any covenant or agreement contained in the Indenture, or injunction; provided, however, that no action for money damages against the District may be sought or will be permitted.

THE PRINCIPAL OF THE BONDS SHALL NOT BE SUBJECT TO ACCELERATION UNDER ANY CIRCUMSTANCES.

If the assets of the Trust Estate are sufficient to pay all amounts due with respect to all Outstanding Bonds, in the selection of Trust Estate assets to be used in the payment of Bonds due in an Event of Default, the District shall determine, in its absolute discretion, and shall instruct the Trustee by District Order, which Trust Estate assets shall be applied to such payment and shall not be liable to any Owner or other Person by reason of such selection and application. In the event that the District shall fail to deliver to the Trustee such District Order, the Trustee shall select and liquidate or sell Trust Estate assets as provided in the following paragraph, and shall not be liable to any Owner, or other Person, or the District by reason of such selection, liquidation or sale.

Whenever moneys are to be applied pursuant to an Event of Default, irrespective of and whether other remedies authorized under the Indenture shall have been pursued in whole or in part, the Trustee may cause any or all of the assets of the Trust Estate, including Investment Securities, to be sold. The Trustee may so sell the assets of the Trust Estate and all right, title, interest, claim and demand thereto and the right of redemption thereof, in one or more parts, at any such place or places, and at such time or times and upon such notice and terms as the Trustee may deem appropriate and as may be required by law and apply the proceeds thereof in accordance with the provisions of the Indenture. Upon such sale, the Trustee may make and deliver to the purchaser or purchasers a good and sufficient assignment or conveyance for the same, which sale shall be a perpetual bar both at law and in equity against the District and all other Persons claiming such properties. No purchaser at any sale shall be bound to see to the application of the purchase money proceeds thereof or to inquire as to the authorization, necessity, expediency, or regularity of any such sale. Nevertheless, if so requested by the Trustee, the District shall ratify and confirm any sale or sales by executing and delivering to the Trustee or to such purchaser or purchasers all such instruments as may be necessary or, in the judgment of the Trustee, proper for the purpose which may be designated in such request.

Restriction on Owner's Actions

No Owner shall have any right to institute any action, suit or proceeding at law or in equity for the enforcement of the Indenture or for the execution of any trust thereof or any other remedy under the Indenture, unless (i) a default has occurred and is continuing of which the Trustee has been notified in writing, (ii) such default has become an Event of Default and the Owners of 25% of the aggregate principal amount of the Bonds then Outstanding have made written request to the Trustee and offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, (iii) the Owners have furnished to the Trustee indemnity as provided in the Indenture, (iv) the Trustee has for 60 days after such notice failed or refused to exercise the powers hereinbefore granted, or to institute such action, suit, or proceeding in its own name, (v) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Owners of a majority of the aggregate principal amount of the Bonds then Outstanding, and (vi) notice of such action, suit, or proceeding is given to the Trustee; however, no one or more Owners of the Bonds shall have any right in any manner whatsoever to affect, disturb, or prejudice the Indenture by its, his or their action or to enforce any right under the Indenture except in the manner provided herein, and that all proceedings at law or in equity shall be instituted and maintained in the manner provided herein and for the equal benefit of the Owners of all Bonds then Outstanding. The notification, request and furnishing of indemnity set forth above shall, at the option of the Trustee, be conditions precedent to the execution of the powers and trusts of the Indenture and to any action or cause of action for the enforcement of the Indenture or for any other remedy under the Indenture.

Subject to provisions of the Indenture with respect to certain liabilities of the District, nothing in the Indenture shall affect or impair the right of any Owner to enforce, by action at law, payment of any Bond at and after the maturity thereof, or on the date fixed for redemption or the obligation of the District to pay each Bond issued thereunder to the respective Owners thereof at the time and place, from the source and in the manner expressed therein and in the Bonds.

In case the Trustee or any Owners of Bonds shall have proceeded to enforce any right under the Indenture and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or any Owners of Bonds, then and in every such case the District, the Trustee and the Owners of Bonds shall be restored to their former positions and rights thereunder, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Application of Revenues and Other Moneys After Event of Default

All moneys, securities, funds and Pledged Revenues and the income therefrom received by the Trustee pursuant to any right given or action taken under the provisions of the Indenture with respect to Events of Default shall, after payment of the cost and expenses of the proceedings resulting in the collection of such amounts, the expenses (including Trustee's counsel), liabilities, and advances incurred or made by the Trustee and the fees of the Trustee in carrying out the Indenture, be applied by the Trustee, on behalf of the District, to the payment of interest and principal or redemption price then due on Bonds, as follows:

FIRST: To the payment to the registered owners of the Bonds entitled thereto all installments of interest then due in the direct order of maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the registered owners entitled thereto, without any discrimination or preference; and

SECOND: To the payment to the registered owners entitled thereto of the unpaid principal of Outstanding Bonds, or redemption price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the direct order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal due and to the registered owners entitled thereto, without any discrimination or preference.

Within 10 days of receipt of such good and available funds, the Trustee may fix a record and payment date for any payment to be made to Owners pursuant to the provisions of the Indenture.

In the event that funds are not adequate to cure an Event of Default, the available funds shall be allocated to the Bonds that are Outstanding in proportion to the quantity of Bonds that are currently due and in default under the terms of the Indenture.

The restoration of the District to its prior position after any and all Events of Default have been cured, as provided above, shall not extend to or affect any subsequent default or Event of Default under the Indenture or impair any right consequent thereon.

Investment or Deposit of Funds

Money in any fund or account established pursuant to the Indenture will be invested by the Trustee as directed by the District pursuant to a District Order filed with the Trustee at least two (2) days in advance of the making of such investment in time deposits or certificates of deposit secured in the manner required by law for public funds, or be invested in Investment Securities; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any fund will be available at the proper time or times.

Obligations purchased as an investment of moneys in any Fund shall be deemed to be part of such Fund or Account, subject, however, to the requirements of the Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in the Indenture any moneys are required to be transferred by the District to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

Other Obligations or Other Liens; Additional Obligations

The District reserves the right, subject to the provisions contained in the Indenture, to issue Additional Obligations under other indentures, assessment orders, or similar agreements or other obligations which do not constitute or create a lien on the Trust Estate and are not payable from Pledged Revenues.

Other than Refunding Bonds issued to refund all or a portion of the Bonds, the District will not create or voluntarily permit to be created any debt, lien or charge on the Trust Estate, and, will not do or omit to do or suffer to be or omitted to be done any matter or things whatsoever whereby the lien of the Indenture or the priority thereof might or could be lost or impaired; and further covenants that it will pay or cause to be paid or will make adequate provisions for the satisfaction and discharge of all lawful claims and demands which if unpaid might by law be given precedence over or any equality with the Indenture as a lien or charge upon the Pledged Revenues or Pledged Funds; provided, however, that nothing in the Indenture shall require the

District to apply, discharge, or make provision for any such lien, charge, claim, or demand so long as the validity thereof shall be contested by it in good faith, unless thereby, in the opinion of Bond Counsel or counsel to the Trustee, the same would endanger the security for the Bonds.

Notwithstanding any contrary provisions of the Indenture, the District shall not issue additional bonds, notes, or obligations under the Indenture, secured by any pledge of or other lien or charges on the Pledged Revenues or other property of the Trust Estate pledged under the Indenture other than Refunding Bonds. The District reserves the right to issue Refunding Bonds, the proceeds of which would be utilized to refund all or any portion of the Outstanding Bonds or Outstanding Refunding Bonds and to pay all costs incident to the Refunding Bonds, as authorized by the laws of the State of Texas.

THE INTERLOCAL AGREEMENT

The Bonds are secured by the Contract Revenues to be provided pursuant to the Interlocal Agreement. Payments by the City under the Interlocal Agreement consist of the Assessment Revenues derived from collection of the Assessments in Phase #1A-1B of the City PID. Pursuant to the Interlocal Agreement, the City has agreed to continuously collect or cause to be collected Assessments levied pursuant to the Assessment Ordinance and the Service and Assessment Plan during the term of the Interlocal Agreement in the manner and to the extent permitted or required by the PID Act and any applicable law. The City will not permit a reduction, abatement, or exemption in the Assessments due on any portion of the Assessed Parcels until the Assessments related to that particular portion of the Assessed Parcels are no longer outstanding, whether as a result of payment in full, defeasance, or otherwise. The City shall collect the Assessments consistent with the requirements of the PID Act and the City's policies and standard practices applicable to the collection of the City taxes and assessments, as required by law.

The Assessment Revenues collected annually by the City will be deposited in the Phase #1A Assessment Fund and the Phase #1B Assessment Fund established pursuant to the provisions of the Interlocal Agreement and thereafter transferred to the District to pay debt service due on the Bonds. On or before February 15 of each year, the City shall withdraw from the Phase #1A Assessment Fund and the Phase #1B Assessment Fund an amount equal to all collected Assessment Revenues on deposit therein and shall pay such aggregate amount to the District.

As provided in the Interlocal Agreement, the City has agreed to use best efforts to contract with Collin County Tax-Assessor Collector for the collection of the Assessments such that the Assessments will be included on the ad valorem tax bill(s) for the Assessed Parcels and will be collected as part of and in the same manner as ad valorem taxes. All Administrative Expenses incurred by the City and Collin County shall be paid by the District, or by the Trustee on behalf of the District, in accordance with invoices submitted by the City or the Administrator to the District for such purpose from the administrative portion of the Annual Installments of the Assessments.

See APPENDIX C for the Form of Interlocal Agreement.

THE REIMBURSEMENT AGREEMENTS

The City and the District have entered into the Phase #1A Reimbursement Agreement relating to the Phase #1A Improvements. Pursuant to the Phase #1A Reimbursement Agreement, the District is entitled to receive from the City, the amount equal to the actual costs of the Phase #1A Improvements as set forth in the Service and Assessment Plan, as paid by MM Celina 294, plus interest, on the unpaid balance in accordance with the terms of the Phase #1A Reimbursement Agreement, until the expiration of the Phase #1A Assessments under the Service and Assessment Plan or the reimbursement or payment of an amount not to exceed \$9,718,212* ("Phase #1A Reimbursement Amount"), plus interest on the unpaid balance of such Phase #1A Reimbursement Amount in accordance with the terms of the Phase #1A Reimbursement Agreement.

The unpaid portion of the Phase #1A Reimbursement Amount is expected to bear interest at a rate of not less than the interest rate on the Bonds. MM Celina 294 will submit monthly draws to the District and the City pursuant to the Phase #1A Construction, Funding and Acquisition Agreement and interest on such draws will begin to accrue in accordance with the Phase #1A Reimbursement Agreement at acceptance by the District and the City of such draws, and such draws will then constitute an unpaid portion of the Phase #1A Reimbursement Amount secured by the Phase #1A Assessments. Interest on the Phase #1A Assessments securing the Phase #1A Reimbursement Agreement accrues at the same rates and continues to accrue on the unpaid principal amount of the Phase #1A Assessments for 30 years or until the Phase #1A Assessments are paid in full. In accordance with the Service and Assessment Plan, Annual Installments of the Phase #1A Assessments will be reduced to the actual amount of the principal of and interest on the unpaid the Phase #1A Reimbursement Amount due in each year. See "BONDHOLDERS RISKS - Amounts Available Under the Reimbursement Agreements Dependent on Actual Cost of Phase #1A and Phase #1B Improvements."

The Phase #1A Reimbursement Agreement is secured by and payable solely from the Phase #1A Assessments received and collected by the City and deposited in the Phase #1A Assessment Fund. No other City funds, revenue, taxes, or income of any kind shall be used to pay such amounts. The Phase #1A Reimbursement Agreement shall not, under any circumstances, give rise to or create a charge against the general credit or taxing power of the City or a debt or other obligation of the City

payable from any source other than Phase #1A Assessments received, collected and deposited into the Phase #1A Assessment Fund.

The City and the District have entered into the Phase #1B Reimbursement Agreement relating to the Phase #1B Improvements. Pursuant to the Phase #1B Reimbursement Agreement, the District is entitled to receive from the City, the amount equal to the actual costs of the Phase #1B Improvements as set forth in the Service and Assessment Plan, as paid by MM Celina 40, plus interest, on the unpaid balance in accordance with the terms of the Phase #1B Reimbursement Agreement, until the expiration of the Phase #1B Assessments under the Service and Assessment Plan or the reimbursement or payment of an amount not to exceed \$3,581,788* (“Phase #1B Reimbursement Amount”), plus interest on the unpaid balance of such Phase #1B Reimbursement Amount in accordance with the terms of the Phase #1B Reimbursement Agreement.

The unpaid portion of the Phase #1B Reimbursement Amount is expected to bear interest at a rate of not less than the interest rate on the Bonds. MM Celina 294 will submit monthly draws to the District and the City pursuant to the Phase #1B Construction, Funding and Acquisition Agreement and interest on such draws will begin to accrue in accordance with the Phase #1B Reimbursement Agreement at acceptance by the District and the City of such draws, and such draws will then constitute an unpaid portion of the Phase #1B Reimbursement Amount secured by the Phase #1B Assessments. Interest on the Phase #1B Assessments securing the Phase #1B Reimbursement Agreement accrues at the same rates and continues to accrue on the unpaid principal amount of the Phase #1B Assessments for 30 years or until the Phase #1B Assessments are paid in full. In accordance with the Service and Assessment Plan, Annual Installments of the Phase #1B Assessments will be reduced to the actual amount of the principal of and interest on the unpaid the Phase #1B Reimbursement Amount due in each year. See “BONDHOLDERS RISKS - Amounts Available Under the Reimbursement Agreements Dependent on Actual Cost of Phase #1A and Phase #1B Improvements.”

The Phase #1B Reimbursement Agreement is secured by and payable solely from the Phase #1B Assessments received and collected by the City and deposited in the Phase #1B Assessment Fund. No other City funds, revenue, taxes, or income of any kind shall be used to pay such amounts. The Phase #1B Reimbursement Agreement shall not, under any circumstances, give rise to or create a charge against the general credit or taxing power of the City or a debt or other obligation of the City payable from any source other than Phase #1B Assessments received, collected and deposited into the Phase #1B Assessment Fund.

OVERLAPPING TAXES AND DEBT

The land within Phase #1A-1B of the City PID has been, and is expected to continue to be, subject to taxes and assessments imposed by taxing entities other than the District and the City. Such taxes are payable in addition to the Assessments.

In addition to the Assessments and other taxes and assessments described above, each lot owner in Phase #1A-1B of the City PID will pay a maintenance and operation fee and/or a property owner’s association fee to a homeowner’s association (the “HOA”), which has been formed by the Master Developer. In addition to the District, and as described in the following tables, the City, Collin County, the Collin County Community College District and the Celina Independent School District may each levy ad valorem taxes or special assessments upon land in the District for payment of debt incurred by such governmental entities and/or for payment of maintenance and operations expenses. The District does not currently impose ad valorem taxes; however the District has called an election pursuant to which such taxes may be levied. See “THE DISTRICT - District Confirmation, Bond, and Powers Election to be Held November 2, 2021.” The District has no control over the level of ad valorem taxes or special assessments levied by such other taxing authorities. The following table reflects the overlapping ad valorem tax rates currently levied on property located in the District.

If land is devoted principally to agricultural use, a landowner can apply for an agricultural valuation on the property and pay ad valorem taxes based on the land’s agricultural value. All of the property in the District is currently subject to an agricultural valuation with respect to its ad valorem taxes. It is expected that such agricultural valuation will be terminated as phases are developed.

Agricultural use includes production of crops or livestock. It also can include leaving the land idle for a government program or for normal crop or livestock rotation. If land qualified for an agricultural valuation but the land use changes to a non-agricultural use, “rollback taxes” are assessed for each of the previous 3 years in which the land received the lower agricultural valuation. The rollback tax is the difference between taxes paid on land’s agricultural value and the taxes that the landowner would have paid if the land had been taxed on a higher market value plus interest charged for each year from the date on which taxes would have been due.

If the land use changes to a non-agricultural use on only a portion of a larger tract, the landowner can fence off the remaining land and maintain the agricultural valuation on the remaining land. In this scenario, the landowner would only be responsible for rollback taxes on that portion of the land for which use changed and not for the entire tract.

Under Texas law, an owner of land that is entitled to an agricultural valuation has the right to redeem such property after a tax sale for delinquent ad valorem property taxes for a period of two years after the tax sale by paying to the tax sale purchaser a 25% premium, if redeemed during the first year, or a 50% premium, if redeemed during the second year, over the purchase price paid at the tax sale and certain qualifying costs incurred by the purchaser.

It is expected that rollback taxes assessed on property within the City PID will be paid by the City PID Developers or purchasers from the City PID Developers during development of the City PID and prior to purchase of parcels or lots by homeowners.

ASSESSMENT PROCEDURES

General

As required by the PID Act, when the City determines to defray a portion of the costs of the improvements through Assessments, it must adopt an ordinance generally describing the improvements and the land within the City PID to be subject to Assessments to pay the costs therefor.

The City has caused an assessment roll to be prepared for the Phase #1A Assessments (the “Phase #1A Assessment Roll”), which Phase #1A Assessment Roll shows the land within Phase #1A of the City PID assessed, the amount of the benefit to and the Phase #1A Assessments against each lot or parcel of land and the number of Annual Installments in which the Phase #1A Assessments are divided. The City has caused an assessment roll to be prepared for the Phase #1B Assessments (the “Phase #1B Assessment Roll” and together with the Phase #1A Assessment Roll, the “Assessment Rolls”), which Phase #1B Assessment Roll shows the land within Phases #1B of the City PID assessed, the amount of the benefit to and the Phase #1B Assessments against each lot or parcel of land and the number of Annual Installments in which the Phase #1B Assessments are divided. The Assessment Rolls were be filed with the City Secretary and made available for public inspection. Statutory notice was given to the owners of the property to be assessed and a public hearing will be conducted to hear testimony from affected property owners as to the propriety and advisability of undertaking the Phase #1A-1B Improvements and funding the same with Assessments. The City is expected to levy the Assessments and adopt the Assessment Ordinance on October 12, 2021 and, after the adoption of the Assessment Ordinance, the Assessments will become legal, valid and binding liens upon the property against which the Assessments are made. On September 28, 2021, the City called a public hearing related to the levy of the Assessments on October 12, 2021.

Under the PID Act, the costs of the Phase #1A Improvements may be assessed by the City against the assessable property in the Phase #1A of the City PID so long as the special benefit conferred upon the assessed property by the Phase #1A Improvements equals or exceeds the Phase #1A Assessments. The costs of the Phase #1A Improvements may be assessed using any methodology that results in the imposition of equal shares of cost on assessed property similarly benefited. Under the PID Act, the costs of the Phase #1B Improvements may be assessed by the City against the assessable property in the Phase #1B of the City PID so long as the special benefit conferred upon the assessed property by the Phase #1B Improvements equals or exceeds the Phase #1B Assessments. The costs of the Phase #1B Improvements may be assessed using any methodology that results in the imposition of equal shares of cost on assessed property similarly benefited. The allocation of benefits and assessments to the benefitted land within Phase #1A-1B of the District is presented in the Service and Assessment Plan, which should be read in its entirety. See “APPENDIX E — Form of Service and Assessment Plan.”

Assessment Methodology

The Service and Assessment Plan describes the special benefit to be received by each parcel of assessable property as a result of the Phase #1A-1B Improvements, provides the basis and justification for the determination that such special benefit exceeds the Assessments being levied, and establishes the methodology by which the City allocates the special benefit of the Phase #1A-1B Improvements allocable to Phase #1A-1B of the City PID to parcels in a manner that results in equal shares of costs being apportioned to parcels similarly benefited. As set forth in the Service and Assessment Plan, the benefits received from the Phase #1A Improvements are currently spread among the Phase #1A Assessed Property based on the ratio (or Equivalent Unit Factor) of the Equivalent Units of each parcel within Phase #1A of the City PID to the total Equivalent Units within Phase #1A of the City PID. As set forth in the Service and Assessment Plan, the benefits received from the Phase #1B Improvements are currently spread among the Phase #1B Assessed Property based on the ratio (or Equivalent Unit Factor) of the Equivalent Units of each parcel within Phase #1B of the City PID to the total Equivalent Units within Phase #1B of the City PID. As the existing parcels are subsequently divided, the Assessments will be further apportioned pro rata based on the Equivalent Units of the newly created parcels. “Equivalent Units” means, as to any parcel, the number of dwelling units by lot type expected to be built on the parcel multiplied by the factors shown below.

The City has determined that such method of allocation will result in the imposition of equal shares of the Phase #1A Assessments on parcels similarly benefited within Phase #1A of the City PID and equal shares of the Phase #1B Assessments on parcels similarly benefited within Phase #1B of the City PID. The Assessments and interest thereon are expected to be paid in Annual Installments as described above. The determination by the City of the assessment methodology set forth in the Service and Assessment Plan is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the City PID Developers, all other current owners of property within Phase #1A-1B of the City PID and all future owners and developers within Phase #1A-1B of the City PID. See “APPENDIX E — Form of Service and Assessment Plan.”

Assessment Amounts

Assessment Amounts. The maximum amounts of the Assessments have been established by the methodology described in the Service and Assessment Plan. The Assessment Rolls set forth for each year the Annual Installment for each Parcel consisting of the principal and interest allocable to the applicable Reimbursement Agreement and (ii) the component of the Annual Installment allocable to Administrative Expenses. The Annual Installments may not exceed the amounts shown on the Assessment Rolls. The Assessments are expected to be levied against the parcels comprising the Assessed Property as indicated on the Assessment Rolls. See “APPENDIX E — Form of Service and Assessment Plan.”

The Annual Installments shown on the Phase #1A Assessment Roll will be adjusted to equal the actual costs of repaying the Phase #1A Reimbursement Agreement and budgeted Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances. The Annual Installments shown on the Phase #1B Assessment Roll will be adjusted to equal the actual costs of repaying the Phase #1B Reimbursement Agreement and budgeted Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

Method of Apportionment of Assessments. For purposes of the Service and Assessment Plan, the City Council has determined that the Phase #1A Assessments shall be initially allocated to the Assessed Property in Phase #1A of the City PID based on the ratio (or Equivalent Unit Factor) of the Equivalent Units of each parcel within Phase #1A of the City PID to the total Equivalent Units within Phase #1A of the City PID and (ii) the Phase #1B Assessments shall be initially allocated to the Assessed Property in Phase #1B of the City PID based on the ratio (or Equivalent Unit Factor) of the Equivalent Units of each parcel within Phase #1B of the City PID to the total Equivalent Units within Phase #1B of the City PID. As the existing parcels are subsequently divided, the Assessments will be further apportioned pro rata based on the Equivalent Units of the newly created parcels. See “APPENDIX E — Form of Service and Assessment Plan” and “ASSESSMENT PROCEDURES — Assessment Methodology.”

The Bonds are secured by a first lien on and pledge of Pledged Revenues, including the revenues to be received from the Interlocal Agreement which consist of the Assessments. See “SECURITY FOR THE BONDS”, “THE INTERLOCAL AGREEMENT” and “APPENDIX E — Form of Service and Assessment Plan.”

Prepayment of Assessments

Pursuant to the PID Act, the owner of any Assessed Property may voluntarily prepay (a “Prepayment”) all or part of any Assessment levied against any lot or parcel, together with accrued interest to the date of payment, at any time. Upon receipt of such Prepayment, such amounts will be applied towards the redemption or payment of the Bonds as provided in the Indenture and the Interlocal Agreement. Amounts received at the time of a Prepayment which represent a payment of principal, interest, or penalties on a delinquent installment of an Assessment are not to be considered a Prepayment, but rather are to be treated as payment of regularly scheduled Assessments.

Collection and Enforcement of Assessments

Under the PID Act, the Annual Installments may be collected in the same manner and at the same time as regular ad valorem taxes of a municipality in Texas. The Assessments may be enforced by the City in the same manner that an ad valorem tax lien against real property is enforced by a municipality in Texas. Delinquent installments of the Assessments incur interest, penalties and attorney’s fees in the same manner as delinquent ad valorem taxes. Under the PID Act, the Assessment Lien is a first and prior lien against the property assessed, superior to all other liens and claims except liens or claims for State, county, school district or municipal ad valorem taxes. See “BONDHOLDERS’ RISKS — Assessment Limitations” herein.

The City, as authorized by the PID Act and other applicable law, shall continuously collect or cause to be collected Assessments levied pursuant to the Assessment Ordinance and the Service and Assessment Plan during the term of the Interlocal Agreement in the manner and to the extent permitted or required by the PID Act and any applicable law. The City has agreed in the Interlocal Agreement that it will not permit a reduction, abatement, or exemption in the Assessments due on any portion of the Assessed Parcels until the Assessments related to that particular portion of the Assessed Parcels are no longer outstanding, whether as a result of payment in full, defeasance, or otherwise. The City shall collect the Assessments consistent with the requirements of the PID Act and the City’s policies and standard practices applicable to the collection of the City taxes and assessments, as required by law.

No less frequently than annually, City staff or a designee of the City shall prepare, and the City Council shall approve, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among all Parcels in proportion to the amount of the Annual Installments for the Parcels.

The District will covenant in the Indenture that it will take and pursue all actions permissible under Applicable Laws and the Interlocal Agreement to cause the Contract Payments to be paid and the liens thereon enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws and the Interlocal Agreement, and to cause no reduction, abatement or exemption in the Contract Payments.

The City will determine or cause to be determined, no later than March 1 of each year, whether or not any Annual Installment is delinquent and, if such delinquencies exist, the City will order and cause to be commenced as soon as practicable any and all appropriate and legally permissible actions to obtain such Annual Installment, and any delinquent charges and interest thereon, including diligently prosecuting an action in district court to foreclose the currently delinquent Annual Installment. Notwithstanding the foregoing, the City shall not be required under any circumstances to purchase or make payment for the purchase of the delinquent Assessment or the corresponding Assessed Parcel.

The City will implement the basic timeline and procedures for Assessment collections and pursuit of delinquencies set forth in Exhibit C of the Interlocal Agreement attached hereto as APPENDIX C and to comply therewith to the extent that the City reasonably determines that such compliance is the most appropriate timeline and procedures for enforcing the payment of delinquent Assessments.

The City shall not be required under any circumstances to expend any funds for delinquent collection costs or otherwise other than funds on deposit in the Administrative Fund, to the extent the City has requested payment therefrom.

Annual Installments will be paid to the City or its agent. Annual Installments are to be calculated on or before September 1, due on October 1 of each year, and become delinquent on February 1 of the following year. In the event Assessments are not timely paid, there are penalties and interest as set forth below:

<u>Date Payment</u>	<u>Cumulative</u>	<u>Cumulative</u>	
<u>Received</u>	<u>Penalty</u>	<u>Interest</u>	<u>Total</u>
February	6%	1%	7%
March	7%	2%	9%
April	8%	3%	11%
May	9%	4%	13%
June	10%	5%	15%
July	12%	6%	18%

After July, the penalty remains at 12%, and interest increases at the rate of 1% each month. In addition, if an account is delinquent in July, a 20% attorney’s collection fee may be added to the total penalty and interest charge. In general, property subject to lien may be sold, in whole or in parcels, pursuant to court order to collect the amounts due. An automatic stay by creditors or other entities, including governmental units, could prevent governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In most cases, post-petition Assessments are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

Priority of Lien

The Assessments or any reassessment, the expense of collection, and reasonable attorney's fees, if incurred, constitute a first and prior lien against the property assessed, superior to all other liens and claims except liens or claims for the State, county, school district or municipality ad valorem taxes, and are a personal liability of and charge against the owners of the property regardless of whether the owners are named. The lien is effective from the date of the Assessment Ordinance until the Assessment is paid, and may be enforced by the City in the same manner as an ad valorem tax levied against real property may be enforced by the City. The owner of any property assessed may pay the entire Assessment levied against any lot or parcel, together with accrued interest to the date of payment, at any time.

Foreclosure Proceedings

In the event of delinquency in the payment of any Annual Installment, except for unpaid Assessments on homestead property (unless the lien associated with the assessment attached prior to the date the property became a homestead), the City is empowered to order institution of an action in state district court to foreclose the lien of such delinquent Annual Installment. In such action the real property subject to the delinquent Annual Installments may be sold at judicial foreclosure sale for the amount of such delinquent Annual Installments, plus penalties and interest.

Any sale of property for nonpayment of an installment or installments of an Assessment will be subject to the lien established for remaining unpaid installments of the Assessment against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent installments of the Assessments against such property as they become due and payable. Judicial foreclosure proceedings are not mandatory. In the event a foreclosure is necessary, there could be a delay in payments to owners of the Bonds pending prosecution of the foreclosure proceedings and receipt by the District of the proceeds of the foreclosure sale from the City pursuant to the Interlocal Agreement. It is possible that no bid would be received at the foreclosure sale, and in such event there could be an additional delay in payment of the principal of and interest on Bonds or such payment may not be made in full. Neither the District nor the City is required under any circumstance to purchase or make payment for the purchase of the delinquent Assessment on the corresponding Assessed Parcel.

Pursuant to the Indenture, Foreclosure Proceeds (excluding funds received for the payment of Delinquent Collection Costs) when received from the City do not constitute Pledged Revenues, will be deposited into the Pledged Revenue Fund upon receipt by the District from the City, as soon as practical after such deposit, and will be distributed in accordance with the Indenture. See "APPENDIX B — Form of Indenture." See also "APPENDIX C — Form of Interlocal Agreement" for a description of the expected timing of certain events with respect to collection of the delinquent Assessments.

The District will not be obligated to fund foreclosure proceedings out of any funds other than in the Administrative Fund. If funds received for the payment of Delinquent Collection Costs are insufficient to pay foreclosure costs, the owners of the Bonds may be required to pay amounts necessary to continue foreclosure proceedings. See "SECURITY FOR THE BONDS — Reserve Fund," "APPENDIX B — Form of Indenture" and "APPENDIX E — Form of Service and Assessment Plan."

Unconditional Levy of Assessments

The City imposed Assessments on the property within Phase #1A-1B of the City PID to pay the principal of and interest on its payment obligations under the Reimbursement Agreement. The Assessments shall be effective on the date of, and strictly in accordance with the terms of, the Assessment Ordinance. Each Assessment may be paid immediately in full or in periodic Annual Installments over a period of time equal to the term of thirty years, which installments shall include interest on the Assessments. Interest on the Assessments will be calculated at the rates set forth in the Phase #1A Reimbursement Agreement and the Phase #1B Reimbursement Agreement on the basis of a 360-day year of twelve 30-day months. Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be due on October 1 of each year. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. The initial Annual Installments of the Assessments will be due on October 1, 2022, and will be delinquent if not paid prior to February 1, 2023.

As authorized by Section 372.018(b) of the PID Act, the City will calculate and collect each year while its payment obligations under the Reimbursement Agreements are outstanding and unpaid an assessment to pay the annual costs incurred by the City in the administration and operation of the City PID. The portion of each Annual Installment used to pay such annual costs shall remain in effect from year to year until the applicable Reimbursement Agreement is finally paid or until the City adjusts the amount of the levy after an annual review in any year pursuant to Section 372.013 of the PID Act. The assessments

to pay annual Administrative Expenses shall be due in the manner set forth in the Assessment Ordinance on October 1 of each year and shall be delinquent if not paid by February 1 of the following year. Such assessments to pay expenses do not secure repayment of the Bonds.

There will be no split payment of Assessments or discount for the early payment of Assessments; provided, however, that in the event a property owner elects to prepay such property owner's assessments in full, such property owner will only be required to pay interest accrued on the Assessments to the date of such prepayment, in essence providing such property owner a discount on the interest portion of the Assessments. See "SECURITY FOR THE BONDS - Reserve Fund".

Assessments, together with interest, penalties, and expense of collection and reasonable attorneys' fees, as permitted by the Texas Tax Code, shall be a first and prior lien against the property assessed, superior to all other liens and claims, except liens or claims for State, county, school district or municipality ad valorem taxes and shall be a personal liability of and charge against the owner of the property regardless of whether the owners are named. The lien for Assessments and penalties and interest begins on the effective date of the Assessment Ordinance and continues until the Assessments are paid.

Failure to pay an Annual Installment when due shall not accelerate the payment of the remaining Annual Installments of the Assessments and such remaining Annual Installments (including interest) shall continue to be due and payable at the same time and in the same amount and manner as if such default had not occurred.

THE DISTRICT

Background

The District was created by Dynavest Joint Venture, LLC, an entity unaffiliated with the Master Developer, and through an act of the 86th Texas Legislature in 2019 for the primary purpose of facilitating the construction of quality mixed-use residential and commercial development to benefit the residents of the District. The District is located within the municipal boundaries of the City and Collin County, Texas. The District as created was named the North Celina Municipal Management District No. 3, but has since been renamed to be the North Parkway Municipal Management District No. 1.

The District as created by the District Legislation contained the Original District Acreage, approximately 3,236.601 acres. The District has received a petition to exclude certain land located within the Original District Acreage and expects to exclude such land after consent of the City to such exclusions, which consent is expected to be obtained on October 12, 2021. After such exclusions, the District is expected to contain approximately 3,210 acres. The excluded property is not located in the City PID, no Assessments will be levied on the excluded land, and such land shall not be included as part of the Assessed Property. Further, the District may not exclude any land on which assessments or taxes have been levied nor can the District exclude land if unlimited tax bonds have been issued by the District.

District Board of Directors

The District is a political subdivision created to accomplish the purposes of Sections 52 and 52-a, Article III, and Section 59, Article XVI, of the Texas Constitution. The District is governed by a board of five directors, four of whom are elected and one of whom is appointed by the City from a list of persons recommended by the preceding board. The directors serve staggered terms of four years. The current members of the Board of Directors and their respective expiration of terms of office are as follows:

<u>Name</u>	<u>Office</u>	<u>Term Expires</u> <u>(May)</u>
Greg Leveling	President	2025
William Rogers	Vice President	2023
Robert Klarer	Secretary	2025
James Rose	Assistant Secretary	2023
Steve Mitchell	Assistant Secretary	2025

Members of the Board of Directors each own a one-fifth interest in a one-acre lot in the District, which lot is located in undevelopable flood plain acreage.

Director Leveling is a self-employed consultant. Director Leveling served as a board member for 14 years for Kaufman County Fresh Water Supply District No. 1-A (“Kaufman 1-A”). Kaufman 1-A is a development located in Kaufman County, Texas developed by Pillar Income Asset Management.

Director Rogers is a retired Texas Master Peace Officer. Director Rogers previously served as a board member for 14 years with Kaufman 1-A.

Director Klarer is a sales rep for First Line Reps. He has no prior water district board service.

Director Rose is a traffic safety consultant with Magnum Force Services. He has no prior water district board service.

Steve Mitchell is the Chief Operating Officer of Ronald Walker Associates II, Inc. Director Mitchell previously served as a board member of Kaufman 1-A for 14 years.

Powers and Authority

The District Legislation provides that the District may provide, design, construct, acquire, improve, relocate, operate, maintain, or finance an improvement project or service using money available to the District, or contract with a governmental or private entity to provide, design, construct, acquire, improve, relocate, operate, maintain, or finance an improvement project or service authorized under the District Legislation or Chapter 375, Local Government Code (the “MMD Act”). Accordingly, upon receipt of a petition by the owners of the majority of the assessed value of real property in the District subject to assessment, the District may impose and collect assessments to finance the improvement projects and services to be undertaken by the District. Upon approval at an election, the District may also impose an ad valorem tax. The District may issue bonds, notes, or other obligations payable from the District’s ad valorem taxes or, if the improvement to be financed is a major public infrastructure project that serves a majority of the District, the District’s assessments. The District may issue, by public or private sale, bonds, notes, or other obligations payable wholly or partly from assessments in the manner provided by Chapter 372, Local Government Code, if the improvement to be financed will be conveyed to or operated and maintained by a municipality or other retail utility provider pursuant to an agreement with the District entered into before the issuance of the obligation.

The District Legislation provides that the District may not issue bonds until the City has consented to the creation of and inclusion of land within the District. Such consent was obtained on March 19, 2019, as evidenced by Resolution No. 2019-18R and on June 8, 2021, as evidenced by Resolution 2021-35R (together, “Consent Resolution”). The Consent Resolution required that the District change its name to not contain the word “Celina”, which has since occurred. The Consent resolution also required the City and the Master Developer’s predecessor in interest, Dynavest Joint Venture, to enter into a development agreement, which development agreement is described herein under “THE DEVELOPMENT AGREEMENT.” The Development Agreement (as defined herein) places certain conditions on the issuance of bonds by the District, including that the District must adopt a service and assessment plan, assessment roll, and assessment order, if such bonds are payable from assessments.

On August 2, 2021, the District received a Request for the North Parkway Municipal Management District No. 1 to Consider the Advisability and Nature of Improvements within the District and Levying Special Assessments Against Property within the District and Issuing Bonds Regarding the Same, properly executed by the owners of the majority of the assessed value of real property in the District subject to assessment, in fulfillment of the District Legislation. On September 13, 2021, after holding a public hearing on the subject, the Board of Directors by resolution made the finding that the Single-Family Major Improvements are necessary to accomplish the public purpose of the District and by resolution approved the preliminary service and assessment plan.

Pursuant to the District Legislation and the MMD Act, the District may undertake, or reimburse a developer for the costs of, improvement projects that confer a special benefit on property located within the District, whether located within or outside of the District. The District may levy and collect assessments on property in the District, or portions thereof, payable in periodic installments based on the benefit conferred by an improvement project to pay all or part of its cost. Pursuant to the authority granted by the MMD Act and the District Legislation, the District has determined to undertake the construction, acquisition or purchase of the Single-Family Major Improvements and to finance a portion of the costs thereof through the issuance of the Major Improvement Bonds.

District Confirmation, Bond, and Powers Election to be Held November 2, 2021

Pursuant to the MMD Act, no District election is required for the District to levy assessments or issue bonds payable from assessments. The District has called an election to be held on November 2, 2021 (the “District Election”) to confirm the creation of the District and authorize various other powers of the District, including the issuance of bonds and the levy and collection of ad valorem taxes on assessable property in the District in support thereof.

The following propositions are on the ballot for the District Election

- Confirmation of the Creation of the District;
- Issuance of up to \$96,608,185 Utility Bonds and the Levy of Ad Valorem Taxes Adequate to Provide for the Payment of the Utility Bonds by the District;
- Issuance of \$180,760,230 Utility Refunding Bonds and the Levy of Ad Valorem Taxes Adequate to Provide for the Payment of the Utility Refunding Bonds by the District;
- Issuance of \$111,193,200 Road Bonds and the Levy of Ad Valorem Taxes Adequate to Provide for the Payment of the Road Bonds by the District;
- Issuance of \$198,991,500 Road Refunding Bonds and the Levy of Ad Valorem Taxes Adequate to Provide for the Payment of the Road Refunding Bonds by the District;
- Imposition and Levy of a Maintenance Tax in an amount not to exceed \$1.20 per \$100/Assessed Valuation by the District;
- A Joint Utility Contract between the District and the City and the Levy of an *Ad Valorem* Tax in Support of Such Contract;
- Joint Road Contract between the District and the City and the Levy of an *Ad Valorem* Tax in Support of Such Contract.

No assurance can be given regarding the outcome of the District Election. If the above propositions pass, the District will be authorized to issue any approved bonds and levy any approved taxes as described above. The District does not currently expect to issue utility or road bonds in the near future, nor does the District expect to levy the full maintenance tax in the near future if authorized.

THE DEVELOPMENT AGREEMENT

Dynavest Joint Venture, the Master Developer’s predecessor in interest, entered into a Development, Settlement and Annexation Agreement with the City effective September 8, 2020 (the “Original Development Agreement”). In connection with the purchase of land in the District by the Master Developer, the Master Developer, the City and the District entered into a First Amendment to a Development, Settlement and Annexation Agreement, effective as August 2, 2021. On September 14, 2021, the Master Developer, the City, and the District entered into a Second Amendment to a Development, Settlement and Annexation Agreement. The Original Development Agreement, as so amended, is referred to herein as the “Development Agreement.”

Pursuant to the Development Agreement, the Master Developer has agreed to construct certain “Public Improvements” for the benefit of the Development in accordance with the conditions therein. Capitalized terms used in this “THE DEVELOPMENT AGREEMENT” section and not otherwise defined herein shall have the meanings assigned to them in the Development Agreement. The Development Agreement provides the scope of the Public Improvements to be constructed, sets forth certain condition for the issuance of bonds by the District and rules and regulations for the construction of the Public Improvements and certain private improvements, and provides the process for the development of all property within the Development. The Bonds will be issued, inter alia, to provide funds to pay for a portion of the costs of the Phase #1A-1B Improvements, which constitute Public Improvements. The City PID Developers will pay or be reimbursed for a portion of the costs of the Phase #1A-1B Improvements from proceeds of the Bonds.

The Development Agreement contains certain additional agreements by the City and the Master Developer, a portion of which are outlined below.

City Constructed Infrastructure Pursuant to the Development Agreement. Under the Development Agreement, the City has agreed to construct a Dallas North Tollway water line south of J. Fred Smith Parkway (the “Southern DNT Water Line”) on or before the date that is eighteen (18) months following the City’s receipt of the Developer’s Contribution (as defined below) and subject to the provision described in the paragraph below; provided however, that if the Southern DNT Water Line is not complete by such date, the Master Developer may, at its option, construct or cause the completion of the construction of the Southern DNT Water Line, and the City has agreed to reimburse the Master Developer for the Master Developer’s costs to complete the Southern DNT Water Line.

The City has agreed to construct a wastewater treatment plant for the South Tract (the portion of the District lying south of G.A. Moore Parkway) that will provide an approximate capacity of 0.95 MGD (the “WWTP”) on or before the later of (1) July 1, 2023; or (2) twenty-four (24) months after City receives Developer’s Contribution. Upon the closing of the first series of bonds, the Master Developer has agreed to pay to the City ten million dollars (\$10,000,000) for funding a portion of

the construction of the WWTP and the Southern DNT Water Line (“Developer’s Contribution”). The City has agreed to pay for the remaining costs of the WWTP and Southern DNT Water Line. Subject to Master Developer being in compliance with its obligations contained in the Development Agreement, the City has agreed to provide wastewater service to the North Tract (the portion of the District lying north of G.A. Moore Parkway) in a sufficient capacity and to further expand the WWTP, if necessary, to provide sufficient capacity to serve the North Tract, at no cost to the Master Developer.

The Master Developer may utilize pump and haul wastewater sewer service for the Property, at the Master Developer’s sole cost and expense, until the WWTP is available to service to the Property; provided, however, the City has agreed to pay for pump and haul costs incurred after the later of (1) July 1, 2023; or (2) twenty-four (24) months after City receives Developer’s Contribution if the WWTP is not complete and available for service to the Property by such time.

Required Amenities and Timelines for Completion Thereof. Pursuant to the Development Agreement, the Master Developer has agreed to construct or cause to be constructed five Amenity Centers and two Regional Amenity Centers (which shall contain indoor air-conditioned space; restrooms; two (2) swimming pools; a playground; two (2) tennis courts or similar facilities; and one (1) basketball court). The first Amenity Center is required to be completed within twenty-four (24) months of the City’s acceptance of the Public Improvements for Phase 2 of Pod 3 of Parcel 9. The first Regional Amenity Center is required to be completed within twenty-four (24) months of the City’s acceptance of the Public Improvements for Phase 1 of Pod 1 of Parcel 9. If the Master Developer fails to construct or cause the construction of the first Amenity Center or the first Regional Amenity Center within such specified timeframes, the City may withhold building permits for single-family residential homes in the South Tract from the 2,000th permit until completion of such amenity centers. The Master Developer has further agreed to construct the second Regional Amenity Center within twenty-four months of the City’s acceptance of the Public Improvements for the Phase and Pod in which the second Regional Amenity Center will be located.

The Master Developer has agreed to construct a network of twelve foot (12’) concrete main spine trails and eight foot (8’) concrete side trails and connectors as neighborhood trails, including trail heads and low water pedestrian crossings, to connect both sides of the creek and provide connectivity throughout the in conformance with the City’s Master Parks & Trails Plan. The neighborhood trails shall be constructed in segments as required or necessary for each phase of the development, and the Master Developer shall complete or cause the completion of construction of each portion of the neighborhood trails in segments on or before the date that is twelve (12) months after the City’s acceptance of the Public Improvements for the applicable phase. If the Master Developer does not complete or cause the completion of the segment of the neighborhood trails for the applicable phase by such date, the City may withhold issuance of building permits for single family residential homes after the two-thousandth (2,000th) building permit in the South Tract until completion.

The Master Developer has agreed to construct or cause the construction of a minimum 18-hole golf course, which golf course may be constructed in two (2) 9-hole phases and may be constructed entirely in the North Tract, entirely in the South Tract, or partially in the North Tract and partially in the South Tract. The Master Developer has agreed to begin construction of the golf course prior to the City’s approval of a final plat for Pod 4 in Parcel 12. Upon completion of the WWTP, the City has agreed to make greywater available for the purposes of irrigating the golf course in an amount equal to \$10,000,000.

Capital Recovery Fees. Pursuant to the Development Agreement, the City, the District, and Developer agreed to set certain “Capital Recovery Fees” for single-family residential lots (in lieu of any impact fees which would normally be collected and assessed by the City) as follows: (i) roadway capital recovery fees shall be set at \$3,000.00 per single-family residential lot for the first five (5) years following August 2, 2021, \$3,500.00 for years six (6) through ten (10) following August 2, 2021, and increased by an additional \$500.00 each five-year period thereafter, (ii) water capital recovery fees shall be set at \$2,500.00 per single-family residential lot for the first five (5) years following August 2, 2021, \$3,000.00 for years six (6) through ten (10) following August 2, 2021, and increased by an additional \$500.00 each five-year period thereafter, and (iii) wastewater capital recovery fees shall be set at \$2,500.00 per single-family residential lot for the first five (5) years following August 2, 2021, \$3,000.00 for years six (6) through ten (10) following August 2, 2021, and increased by an additional \$500.00 each five-year period thereafter.

Land Donated to the City. Pursuant to the Development Agreement, the Master Developer shall donate certain sites to the City as follows:

- A 4-acre site for use as a fire station;
- A 7-acre site for use as a police substation and fire station;
- An 8-acre site for the construction of a pump station;
- Approximately twenty-seven acres for a City sports facility; and

- A 15-acre site for a wastewater treatment plant.

Additionally, the Master Developer has reserved two additional 12-acre sites within the District for the potential purchase by the Celina Independent School District (“CISD”) for a period of 10 and 20 years, respectively.

Tax Increment Reinvestment Zone. Pursuant to the Development Agreement, the City has created a tax increment reinvestment zone contiguous with the District. As a grant to the Master Developer to assist with funding the costs of Public Improvements in the District, the City will provide \$0.10/\$100 of the City’s collected ad valorem tax increment based on the City’s tax rate in effect on the date of the establishment of the TIRZ (i) for a period of up to thirty-six (36) years, or (ii) until the aggregate amount of the City’s TIRZ increment placed into the TIRZ fund, including interest on any balance, totals \$106,494,281, whichever comes first, which will be collected by the City in accordance with any TIRZ Project and Finance Plan. The Master Developer may assign such grant to the District, but no such assignment has currently been made.

THE DEVELOPMENT

The following information has been provided by the Master Developer and the City PID Developers. Certain of the following information is beyond the direct knowledge of the District, the District’s Financial Advisor and the Underwriter, and none of the District, the District’s Financial Advisor or the Underwriter have any way of guaranteeing the accuracy of such information. The Master Developer and the City PID Developers have reviewed this Limited Offering Memorandum and warrants and represents that neither (i) the information herein under the caption “THE DEVELOPMENT” nor (ii) the information relating to the Master Developer and the City PID Developers, as applicable, under the caption “BONDHOLDERS’ RISKS” contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made herein, in the light of the circumstances under which they are made, not misleading. At the time of delivery of the Bonds to the Underwriter, the Master Developer and the City PID Developers will deliver a certificate to this effect to the District and the Underwriter.

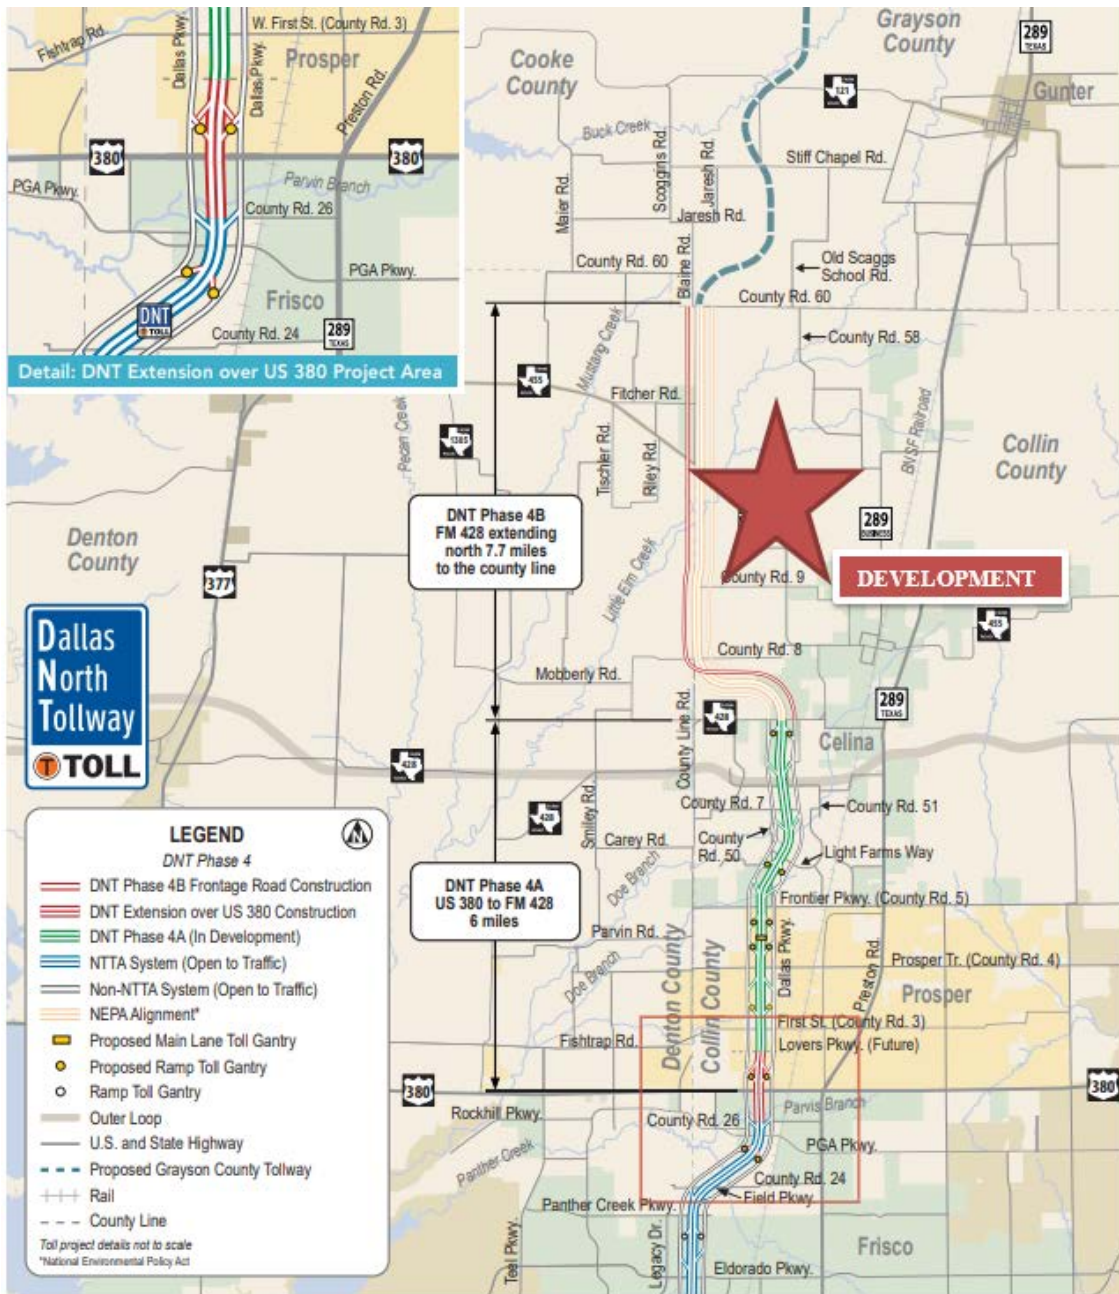

Overview

The land within the District will be developed as a mixed-use master planned development to be known as “Legacy Hills” (the “Development”). The Development is located within the city limits of the City, approximately 2 miles west of Preston Road, near the intersection of FM 455 and FM 946.

The City, located in the north-central region of the Dallas-Fort Worth-Arlington, Texas Metropolitan Statistical Area (the “DFW MSA”), is poised for significant growth as the overall DFW MSA continues its growth trajectory. In November 2020, utilizing data from the U.S. Census Bureau, the Dallas Business Journal ranked Celina as the fastest growing City above 10,000 residents in north Texas, with a population growth rate of 50% between 2015 and 2019. According to data from the U.S. Census Bureau, building permit activity for privately owned housing units in the City has increased 1400% since 2015, with an annual increase of 64% between 2019 and 2020, the latest year for which data is available. According to the Celina Economic Development Corporation, the City estimates its current population at 22,793, and projects a 2026 population of 51,000 residents.

The Development is located adjacent to the proposed “Phase 4” extension of the Dallas North Tollway, as generally shown below, which, when completed, will extend the Dallas North Tollway past the District, shortening commutes for residents of the Development and providing potential businesses in the Development with access to thousands of consumers each day. According to the summer 2021 progress report of the North Texas Tollway Authority, excavation and embankment work on frontage roads for “Phase 4B” of such extension, which runs parallel to the Development, has begun. “Phase 4A,” the southernmost portion of the extension which will provide the connection to the existing Dallas North Tollway, is under development. The North Texas Tollway Authority has not currently projected an opening date for the extension.

Residents can currently access the Development by traveling north on FM 455 from the intersection of FM 455 and Preston Road. Drive time from the proposed main entrance of the site to Preston Road is 3.7 miles, approximately 7 minutes. An alternate route to access the Development is to come from Highway 377 heading south on FM 455. Drive time to the proposed main entrance of the site from Highway 377 is 9.2 miles, approximately 10 minutes. Residents of the Development can currently access most of the major highways throughout the greater Dallas area via Preston Road and the Dallas North Tollway. Employment centers including Garland, Richardson, and downtown Dallas are accessible via Preston Road and the Dallas North Tollway.

The Development is expected to include up to approximately 7,000 single family residential homes, approximately 4,100 multifamily residential units, and approximately 100 acres of commercial development located along the Dallas North Tollway in the City of Celina, Texas. The single family residential homes will be developed in pods by homebuilders, including: Ashton Woods, Beazer Homes, DR Horton, First Texas Homes, Lennar Homes, M/I Homes, and Mattamy Homes. See “THE DEVELOPMENT - Development Plan for the Development” and “THE DEVELOPMENT - Expected Build-Out of Single-Family Development and Home Prices in the Development” below.

The Development is expected to include significant amenities, including seven total amenity centers which will include swimming pools and play areas, a championship golf course with a clubhouse, open spaces and trails as described under “THE DEVELOPMENT – Amenities,” as well as a City sports park.

The land within the Development is primarily owned by national and regional homebuilders, commercial investors, the Master Developer, MM Celina 294, and MM Celina 40. Additional land within the Development is owned by the North Texas Tollway Authority and the Texas Department of Transportation.

Development Plan for the Development

A portion of the land containing single-family residential homes is expected to be owned and developed as discrete “pods” by the Builder Pod Developers, which are regional and national homebuilders, including Ashton Woods, Beazer Homes, First Texas Homes, Lennar Homes, and Mattamy Homes. The Builder Pod Developers will complete lots and construct homes on their respective land within the District. Such pods are expected to be developed in phases. Commercial and multifamily development in the District is expected to occur at a later date, in connection with sufficient single-family development and the development of the Dallas North Tollway extension abutting the commercial and multi-family zoned land.

Development in the District will begin with the construction of the Major Improvements and certain Local Improvements. The Master Developer is responsible for construction of Major Improvements, construction of which is expected to begin Q1 2022 and is expected to be completed in Q3 2023. Local Improvements in the Development are expected to be completed in phases (i) by the Pod Developers in portions of the Development located outside the City PID and (ii) by the City PID Developers within the City PID. The Major Improvements and the Local Improvements will be conveyed to the District for subsequent conveyance to the City, and constructed in accordance with City standards.

The single family lot development in the District to be located in the City PID is expected to be completed by MM Celina 294 and MM Celina 40, which will develop single-family lots for sale to homebuilders (M/I Homes and D.R. Horton) on a takedown basis. Development of Local Improvements in the City PID will begin with the Phase #1A-1B Improvements. Construction of the Phase #1A-1B Improvements is expected to begin in Q2 2022 and be completed in Q3 2023. Proceeds of the Bonds will pay for a portion of the Phase #1A-1B Improvements. See “SOURCES AND USES OF FUNDS.”

Expected Build-Out of Single-Family Development and Home Prices in the City PID

The City PID is expected to contain approximately 1,408 single-family lots which will be developed in phases. MM Celina 294 and MM Celina 40 expect to complete lot development on the MM Celina 294 Property and MM Celina 40 Property in phases as outlined below. MM Celina 294 is the owner of all property in Phase #1A, Phase #2 and Phase #3 of the City PID. MM Celina 40 is the owner of all property in Phase #1B of the City PID.

The Master Developer expects to complete the Development of the Major Improvements necessary to serve the City PID by Q3 2023. Lots developed on the MM Celina 294 Property and MM Celina 40 Property will be sold pursuant to takedown contracts as described under “THE DEVELOPMENT - Lot Purchase and Sale Agreements in the City PID” below. The following table summarizes MM Celina 294 and MM Celina 40’s expectations regarding the completion of each phase of development on their land as well as the projected final sale date for lots to merchant home builders in each phase.

Lot Purchase and Sale Agreements in the City PID

D.R. Horton and M/I Homes have each contracted to purchase approximately half of the lots to be located on the MM Celina 294 Property. The latest amendments to the Lot Purchase and Sale Agreements provide certain quantities of 40’, 50’, and 60’ lots in Phase #1A, #2 and #3 of the City PID to be sold to D.R. Horton and M/I Homes. Lot counts in such contracts were based on a prior concept plan and such contracts currently do not account for all of the lots in Phase #1A, #2 and #3 of the City PID. It is expected that the Lot Purchase & Sale Agreements with D.R. Horton and M/I Homes will be amended to include all lots as shown on the Concept Plan below, and any subsequent changes thereto. Final lot splits will be determined at platting. D.R. Horton and M/I Homes have each delivered \$4,500,000 in earnest money pursuant to their respective contracts, which earnest money was released and utilized to fund a portion of the purchase price of the MM Celina 294 Property. MM Celina 294 has executed earnest money deeds of trust in favor of D.R. Horton and M/I Homes in connection with the release of such earnest money.

MM Celina 40 has entered into a Lot Purchase and Sale Agreement (the “Dream Finders PSA”) with Dream Finders Homes (“Dream Finders”) for all lots to be located on the MM Celina 40 Property. The Dream Finders PSA is currently in a thirty-day feasibility period, which feasibility period is expected to end on October 24, 2021 (the “Feasibility Period”). Dream Finders has deposited \$10,000 in initial earnest money pursuant to the Dream Finders PSA. On or prior to the expiration of the Feasibility Period, Dream Finders is required to deposit additional earnest money of \$240,000 if the Dream Finders PSA is not terminated within the Feasibility Period. Dream Finders is required to deposit additional earnest money in the amount of \$1,750,700 within five business days of Dream Finders’ receipt of notice from MM Celina 40 that MM Celina 40 has secured a development loan for Phase #1B. Earnest money delivered by Dream Finders will be released after the close of the Feasibility Period and the execution of an earnest money deed of trust granting Dream Finders a lien on the purchased lots.

The following table provides a summary of the takedown schedule and pricing terms for the Lot Purchase and Sale Agreements.

City PID Concept Plan

Below is the current concept plan of the City PID as approved by the City. The concept plan is conceptual and subject to change consistent with the City's zoning and subdivision regulations.

(REMAINDER OF PAGE IS INTENTIONALLY LEFT BLANK)

Zoning

The Development is located in Planned Development District No. 17, and development therein is governed by the standards set forth in Ordinance 2006-57, as amended by Ordinance 2021-67, each adopted by the City (collectively, the “PDD Ordinance”). The PDD Ordinance allows certain residential, commercial, and multi-family uses within the District, and establishes guidelines pertaining to maximum lots and units, purpose, height, area, setbacks, landscaping, required open space in the Development, and the like.

The PDD Ordinance currently allows for a maximum of 7,000 single-family lots in the Development. In addition, the PDD Ordinance allows for a maximum of 4,100 multifamily units in the following Parcels: Parcels 1-8 and Parcel 13, subject to the following: (i) Parcel (1) will not exceed 1,100 units; (ii) Parcel (2) will not exceed 432 units; (iii) Parcel (3) will not exceed 480 units; and (iv) Parcel (4) will not exceed 480 units. Parcel 13 is located in the City PID, but is currently planned for single-family development.

The PDD Ordinance also requires that a minimum of 7 amenity centers shall be dispersed throughout the Development. There shall be a minimum of five amenity centers which shall contain the following elements: a swimming pool, restrooms, shade structures, and a playscape area. In addition, there shall be a minimum of two large amenity centers, each of which shall contain the following elements: indoor air-conditioned space, restrooms, a swimming pool, and a playground. In addition, under the PDD Ordinance, the Master Developer must construct or cause the construction of a network of neighborhood concrete trails with main spine trails being twelve feet (12’) in width and side trails and connections being eight feet (8’) in width, in conformance with the City’s Master Parks and Trails Plan. Such requirements are consistent with the requirements of the Development Agreement. See “THE DEVELOPMENT AGREEMENT.”

Amenities

Community amenities will include (i) a minimum 18-hole golf course which may include a golf course clubhouse, driving range, and putting green; (ii) five Amenity Centers containing a swimming pool, restrooms, shade structures, and a playscape area; (iii) two Regional Amenity Centers containing indoor air-conditioned space, restrooms, a swimming pool, and a playground; (iv) tennis courts; (v) basketball courts; and (vi) a linear park and connecting neighborhood trails throughout the Development. The total expected cost of the Regional Amenity Centers, the additional Amenity Centers, the trails, trail amenities, parks and landscaping is \$14,000,000. The Master Developer has not completed current cost estimates for the golf course. It is expected that such amenities and the golf course will be financed through private financing acquired by the Master Developer.

It is expected that the trail amenities will be developed as the phases of development within the District come online in accordance with the Development Agreement. Construction of the amenities serving the development is expected to begin in 2023 and take approximately 10 years.

The PDD Ordinance and the Development Agreement contain specific requirements with respect to the amenity centers and trails within the Development. See “THE DEVELOPMENT AGREEMENT” and “THE DEVELOPMENT - Zoning.” The Development Agreement contains certain timelines for completion of construction of the amenity centers and the trails, as well as the commencement of construction of the golf course. See “THE DEVELOPMENT AGREEMENT - Required Amenities and Timelines for Completion Thereof.” Pursuant to the Development Agreement, if the Master Developer does not complete the amenity centers or the trails within the timeframes specified therein, the City may withhold permits on the South Tract after the 2,000th building permit. Accordingly, a delay in completion of the amenity centers and the trails could cause a delay in the construction of homes in South Tract of the Development. The Master Developer currently expects that the applicable deadlines in the Development Agreement will be met.

Education

Children in the Development will attend schools in the Celina Independent School District (“CISD”) which encompasses 96 square miles serving the residents of the City in Collin and Denton Counties as well as the communities of Alla and Weston. CISD enrolls over 2,500 students in one high school, one junior high school, and two elementary schools and one early childhood/primary school. According to the Texas Education Agency, CISD received a “District Accountability Rating” of A from the TEA during its most recently evaluated school year. Students in the District will attend Lykins Elementary School (approximately 4.2 miles from the District), Celina Middle School (approximately 4.5 miles from the District) and Celina High School (approximately 7.7 miles from the District). In addition, the Master Developer has reserved

two sites for potential future construction of schools within the District in accordance with the Development Agreement. See “THE DEVELOPMENT AGREEMENT.”

Existing Mineral Rights, Easements and Other Third Party Property Rights

Third parties hold title to certain rights applicable to real property within and around the City PID (the “Mineral Owners”), including reservations of mineral rights and royalty interests and easements (collectively, the “Third Party Rights”) pursuant to various instruments in the chain of title for various tracts of land within and immediately adjacent to the City PID. Some of these reservations of mineral rights include a waiver by the Mineral Owners of their right to enter onto the surface of the property to explore, develop, drill, produce or extract minerals within the City PID. If the waiver is applicable, such Mineral Owners may only develop such mineral interests by means of wells drilled on land outside of the property of the City PID.

The City PID Developers are not aware of any ongoing mineral rights development or exploration on or adjacent to the property within the City PID. The City PID Developers are not aware of any interest in real property (including mineral rights) owned by the Mineral Owners adjacent to the City PID. Certain rules and regulations of the Texas Railroad Commission may also restrict the ability of the Mineral Owners to explore or develop the property due to well density, acreage, or location issues.

Although the City PID Developers do not expect the above-described Third Party Rights, or the exercise of such rights or any other third party real property rights in or around the City PID, to have a material adverse effect on the Development, the property within the City PID, or the ability of landowners within the City PID to pay Assessments, the City PID Developers make no guarantee as to such expectation. See “BONDHOLDERS’ RISKS — Exercise of Third Party Property Rights.”

Environmental

Phase One. A Phase One Environmental Site Assessment (a “Phase One ESA”) of land within the District, including the land in the City PID, was completed on February 5, 2021 by Environmental Property Investigations, Inc. Based on the information presented in the Phase One ESA, there was no evidence that the Development was under environmental regulatory review or enforcement action. The site reconnaissance, regulatory database review and historical source review revealed no evidence of recognized environmental conditions involving the site.

Endangered Species. According to the website for the United States Fish and Wildlife Service, the whooping crane and the least tern are endangered species in Collin County. The City PID Developers are not aware of any endangered species located on City PID property.

Preliminary Geotechnical Report

Alpha Testing performed a limited preliminary geotechnical exploration of Parcels 1, 2, 3, 4, and 5 and Single-Family Pods 1, 2, 3, 4, 8 and 9 (which includes the MM Celina 294 Property) (the “Preliminary Geotechnical Report”). Based on subsurface conditions encountered at the borings, Alpha Testing estimated slab foundations/floor slabs constructed within 3 feet of existing grade as encountered during drilling could experience soil-related seasonal movements (potential vertical rise, PVR) in excess of 4½ to 6 inches in certain areas, and in excess of 6 inches in others. The Preliminary Geotechnical Report recommended certain construction methodologies for the construction of single-family residences and commercial structures to accommodate the subsurface conditions.

Flood Designation

According to the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) Community Panel Number 48085C0105J, revised on June 2, 2009 an approximately 985-acre portion of the property in the Development is currently located in Zone A which corresponds to special flood hazard areas subject to inundation by the 100-year flood. Mandatory flood insurance purchase requirements apply in areas designated as Zone A. Approximately 55 acres of such flood plain land, 3.2 acres of which are located in Phase #1A of the City PID, are expected to be reclaimed. All 3.2 reclaimed acres in Phase #1A are expected to be utilized for single-family homes. If such property is reclaimed and a letter of map revision obtained, such flood insurance requirements will not apply. A hydrologic study is currently being performed with respect to such reclamation efforts.

Utilities

Water and Wastewater. The City will provide both water and wastewater service to the District. The City purchases its water wholesale from the Upper Trinity Regional Water District, and the City maintains its own water distribution system and wastewater collection and treatment system.

The City currently does not have sufficient wastewater capacity to serve the expected development in the District. The City will construct the WWTP to serve the “South Tract” of the Development as described under “THE DEVELOPMENT AGREEMENT.” Pursuant to the terms of the Development Agreement, the City has commenced permitting and design on the WWTP. The Master Developer is responsible for the cost of pumping and hauling wastewater generated by the Development until the City’s wastewater treatment plant is constructed. However, the City will be responsible for the costs associated with pumping and hauling of wastewater if the WWTP is not complete within twenty-four months of the City’s receipt of the Master Developer’s contribution to the construction of the WWTP, which is expected to occur at closing of the Bonds. See “THE DEVELOPMENT AGREEMENT” and “BONDHOLDERS RISKS – Availability of Utilities.”

Other Utilities. Additional utilities in the District are expected to be provided by: (1) Phone/Data - AT&T, Spectrum, and Suddenlink; (2) Electric - GCEC; (3) Cable – AT&T, Spectrum, and Suddenlink; and (4) Natural Gas - Atmos Energy.

THE MASTER DEVELOPER AND THE CITY PID DEVELOPERS

The following information has been provided by the Master Developer and the City PID Developers. Certain of the following information is beyond the direct knowledge of the District, the District’s Financial Advisor and the Underwriter, and none of the District, the District’s Financial Advisor or the Underwriter have any way of guaranteeing the accuracy of such information. The Master Developer and the City PID Developers have reviewed this Limited Offering Memorandum and warrants and represents that neither (i) the information herein under the caption “THE MASTER DEVELOPER AND THE CITY PID DEVELOPERS” nor (ii) the information relating to the Master Developer and the City PID Developers, as applicable under the caption “BONDHOLDERS’ RISKS” contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made herein, in the light of the circumstances under which they are made, not misleading. At the time of delivery of the Bonds to the Underwriter, the Master Developer and the City PID Developers will deliver a certificate to this effect to the City and the Underwriter.

General

In general, the activities of a developer in a development such as the District include purchasing the land, designing the subdivision, including the utilities and streets to be installed and any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities (including, in some cases, water, sewer, and drainage facilities, as well as telephone and electric service) and selling improved lots and commercial reserves to builders, developers, or other third parties. The relative success or failure of a developer to perform such activities within a development may have a material effect on the security of revenue bonds, such as the Bonds, issued by a municipality for a public improvement district. A developer is generally under no obligation to a public improvement district, such as the District, to develop the property which it owns in a development. Furthermore, there is no restriction on the developer’s right to sell any or all of the land which the developer owns within a development. In addition, a developer is ordinarily the major tax and assessment payer within a district during its development.

Description of the Master Developer and the City PID Developer

The Master Developer, MM Celina 294 and MM Celina 40 are affiliates of Centurion American Custom Homes Inc. d/b/a Centurion American Development Group Inc. (“Centurion”). Each of such affiliates was created by Centurion for the purpose of managing and ultimately conveying property in the Development to third parties. The Master Developer and the City PID Developers are nominally capitalized limited liability companies, the primary assets of which are unsold property within the District and the City PID.

The City PID Developers will have no source of funds with which to pay Assessments or taxes levied by the District, the City or any other taxing entity other than funds resulting from the sale of property within the City PID or funds advanced to the City PID Developers by an affiliated party. The City PID Developers’ ability to make full and timely payments of Assessments or taxes will directly affect the District’s ability to meet its obligation to make payments on the Bonds.

Since 1990, Centurion has developed over 20,000 single-family lots in dozens of communities surrounding North Texas. It has worked closely with investors, land-owners, financial institutions, and vendors to acquire over 15,000 acres of land inventory for a diverse mix of developments in size and scope. Centurion's communities include amenities such as parks, golf courses, water park themes, and hiking and biking trails. Over the past thirty years, Centurion has demonstrated the ability to successfully deliver master-planned communities that have been recognized in the real estate industry.

Mr. Mehrdad Moayedhi has ultimate control of Centurion and its affiliates. Centurion maintains a staff of approximately 50 employees. Centurion creates single-asset limited liability companies to own development sites and contracts with developers and other professionals in the delivery of its communities.

In addition, Centurion works closely with local municipalities, commercial developers, and public school systems as part of its overall master plan. Centurion works with North Texas' top builders to deliver the latest concepts ranging from upscale, luxury homes in secluded neighborhoods to affordable housing communities for first-time home buyers. Centurion purchases and develops land in prime locations with the right mix of natural land settings, strong job growth, good school systems and access to local community shopping. A snapshot of some of the communities Centurion has developed is presented below.

Executive Biography

Mehrdad Moayedi is the President and Chief Executive Officer of Centurion. Mr. Moayedi has more than thirty years of direct experience in the development industry. With a background in construction and real estate, Mr. Moayedi employs a comprehensive approach to each Centurion development. Mr. Moayedi has extensive knowledge of the interconnection of all parts of residential real estate development.

Before forming JBM Development in 1986, Mr. Moayedi completed several construction and fee development projects in Northeast Tarrant County, Texas subdivisions as well as various construction and remodeling projects. JBM

Development, along with Centurion American Custom Homes, formed Centurion in 1990. The company has become broadly diversified, with residential developments ranging from upscale high-rise residential towers to affordable housing communities for first-time home buyers.

General Development Financing by Centurion

Centurion and its various affiliated special purpose entities, including the Master Developer, utilize a variety of funding sources for the purchase land and subsequent development or redevelopment thereof. Typically, the applicable Centurion affiliate will obtain an acquisition loan from a lender to fund the acquisition of land. To fund horizontal development of such land, Centurion affiliates use a combination of developer equity, builder earnest money, builder payments under lot contracts, development loans from lending institutions, incentives from local governments (including tax increment grants), public/private partnerships, funds from tax-exempt bonds issued by local governments and backed by special assessments on the developable land and other sources of capital.

Centurion has also recently completed a financing (the “Financing”) under which acquisition loans relating to certain projects (the “Financing Projects”) owned by various Centurion affiliates were refinanced with the proceeds of securities issued by an unaffiliated newly-formed limited liability company created for the purpose of (i) acquiring the property relating to such Financing Projects, (ii) providing funds for limited infrastructure development by the Centurion affiliates related to such Financing Projects and (iii) issuing the bonds secured by inter alia, the property relating to such Financing Projects and certain proceeds derived from lot contracts relating to such Financing Projects. The Financing was completed for the purpose of refinancing loans related to the Financing Projects at a lower rate and achieving debt service savings, terminating certain covenants and freeing up certain collateral related to the refinanced loans, and providing additional funds for development of a portion of the Financing Projects, which funds are expected to be provided at a lower interest rate than development loans typically available relating to the Financing Projects from traditional lenders. Property relating to the Financing Projects is cross-collateralized under the Financing.

The five Financing Projects are comprised of certain projects located in the Dallas-Fort Worth area, one of which is located in a special district and one of which is located in two public improvement districts. The Development, the Master Developer and the City PID Developers were not involved in such Financing.

Master Developer Property Acquisition and Financing

Property Acquisition, Concurrent Sales and Subsequent Sale. On August 2, 2021, the Master Developer purchased a 3,150 acre parcel of land, all of which is located in the District, for approximately \$125 million. The majority of the purchase price was funded through the concurrent sale of property to MM Celina 294 and the remaining Pod Developers and certain other parties (the “Concurrent Sales”), each as described below. In addition, on September 2, 2021, the Master Developer sold approximately 62.214 acres in the District to GG LPS 1, LP, an affiliate of Ashton Woods.

The following table summarizes the Concurrent Sales and the Subsequent Sale.

⁽²⁾ Master Developer Affiliate.

Master Developer Acquisition Loan. The remainder of the purchase price not financed with the Concurrent Sales was financed with a loan provided by Trez Capital (2015) Corporation (“Trez”) in the amount of \$17,489,200 (the “MM 3200 Purchase Loan”). The MM 3200 Purchase Loan bears interest at a rate of the greater of (i) ten percent (10%) and (ii) the New York Prime Rate, which is the annual lending rate of interest announced from time to time by the JP Morgan Chase & Co., New York, New York, as its prime rate, plus 6.5%, but in no event at a rate that is greater than the maximum non-usurious rate permitted by federal or Texas law. Payments under the Purchase Loan are interest only payments due monthly, with the full principal of the MM 3200 Purchase Loan payable at maturity. The outstanding balance of the MM 3200 Purchase Loan as of September 3, 2021 is \$3,137,071.71. The MM 3200 Purchase Loan matures on July 30, 2022.

MM Turtle Creek, LLC, an affiliate of the Master Developer, and MM Celina 294, are co-borrowers on the MM 3200 Purchase Loan for the purpose of pledging certain land owned by MM Turtle Creek, LLC and MM Celina 294, respectively, as collateral. In connection with the MM 3200 Purchase Loan, the Major Improvement Loan (as defined herein) and the MM 294 Development Loan (as defined herein) (such loans collectively referred to herein as the “MM Entity Loans”), the Master Developer executed a first lien deed of trust in favor of Trez (the “MM 3200 DOT”), which secures payment of the MM Entity Loans on a cross-collateralized basis, and pledges all of the Master Developer’s land in the Development. In connection with

the MM Entity Loans, MM Turtle Creek, LLC executed a first lien deed of trust (the “MM Turtle Creek DOT”) which secures payment of the MM Entity Loans on a cross-collateralized basis, and pledges certain land owned by MM Turtle Creek, LLC which is not located in the Development. In connection with the MM Entity Loans, MM Celina 294 executed a third lien deed of trust in favor of Trez (the “MM Celina 294 3rd Lien DOT”), which secures payment of the MM Entity Loans on a cross-collateralized basis, and pledges all of the MM Celina 294’s land in the Development.

Accordingly, the MM 3200 Purchase Loan is secured by first lien on MM Celina 3200’s property in the District, a first lien on MM Turtle Creek, LLC’s unconnected property pledged through the MM Turtle Creek DOT, and a third lien on the MM Celina 294 Property pursuant to the MM Celina 294 3rd Lien DOT, as well as certain assignments of contracts and proceeds of reimbursement rights. The MM 3200 Purchase Loan is personally guaranteed by Mehrdad Moayedi.

Major Improvement Bonds and Major Improvements Loan. The Master Developer is responsible for construction of Major Improvements. Concurrently with the issuance of the Bonds, the District is expected to issue the Major Improvement Bonds. The Major Improvement Bonds are expected to fund the Single-Family Major Improvements which will serve the single-family residential portion of the Development. However, in order to assure the third party homebuilders that the Master Developer has access to funding sufficient to complete the major infrastructure projects serving the portion of the District benefitting the Pod Developers in the event that the sale of the bonds does not occur, the Master Developer secured a loan from Trez in the amount of \$60,600,000 (the “Major Improvements Loan”). The Major Improvements Loan bears interest at a rate of ten percent (10%). Interest on the Major Improvements Loan is payable monthly. The Major Improvements Loan matures on January 30, 2022. The current outstanding balance of the Major Improvements Loan is \$1,000, which amount was advanced to provide for the perfection of the liens related to the Major Improvements Loan.

The Major Improvements Loan is secured by a first lien on MM Celina 3200’s property in the District, a first lien on MM Turtle Creek’s unconnected property pledged through the MM Turtle Creek DOT, and a third lien on the MM Celina 294 Property pursuant to the MM Celina 294 3rd Lien DOT, as well as certain assignments of contracts and proceeds of reimbursement rights. The Major Improvements Loan is personally guaranteed by Mehrdad Moayedi.

The Master Developer obtained the Major Improvements Loan as part of the due diligence process relating to the sale of portions of land within the District to the Builder Pod Developers. It is expected that the Major Improvements Loan will be terminated upon the issuance of the Major Improvement Bonds and that the Single-Family Major Improvements will be funded with the proceeds of the Major Improvement Bonds.

MM Celina 294 and MM Celina 40 – Property Acquisition and Financing

MM Celina 294 Acquisition and Development Funding. On August 2, 2021, subsequent to the Master Developer’s acquisition of the land within the District, MM Celina 294 purchased the MM Celina 294 Property (approximately 292.2 acres within the Development) from the Master Developer at a price of \$25,520,000. MM Celina 294 is an affiliate of the Master Developer owned and controlled by Mehrdad Moayedi.

A \$9,000,000 portion of the purchase price for the MM Celina 294 Property was paid with earnest money delivered to MM Celina 294 from M/I Homes and D.R. Horton. See “THE DEVELOPMENT – Lot Purchase and Sale Agreements in the City PID.” To finance the remaining portion of the purchase price of the MM Celina 294 Property and construction of improvements which will benefit the MM Celina 294 Property, MM Celina 294 secured a loan in an amount up to \$35,068,641 from Trez (the “MM 294 Loan”). Interest payments on the MM 294 Loan are due on a monthly basis, and principal reduction payments are due on a quarterly basis starting in March 2023. The March 2023 and June 2023 payments are \$2,650,000. All subsequent quarterly principal reduction payments are \$2,700,000. The full principal of the MM 294 Loan is payable at maturity. The MM 294 Loan matures on July 30, 2024. The current outstanding balance of the MM 294 Loan is \$17,770,086.

The MM 294 Loan is secured by (i) a first lien on the MM Celina 294 Property pursuant to a separate deed of trust executed with respect to the MM 294 Loan, which is not cross collateralized (ii) a third lien on the MM Celina 294 Property pursuant to the MM Celina 294 3rd Lien DOT, which is cross-collateralized as described under “ACQUISITION OF PROPERTY IN THE DEVELOPMENT AND PHASE #1A-1B FINANCING PLAN - *Master Developer Acquisition Loan*” above and (iii) collateral assignments of rights to certain contracts and sales proceeds. The MM 294 Loan is personally guaranteed by Mehrdad Moayedi.

MM Celina 294 expected to fund development on the MM Celina 294 Property, including the Phase #1A Improvements, through funds provided by the Bonds and through funds provided by the MM 294 Loan. MM Celina 294 will

make the Phase #1A Developer Deposit at closing of the Bonds with respect to the portion of the Phase #1A Improvements not expected to be funded by the Bonds. See “SOURCES AND USES OF FUNDS.”

The PID Act provides that the lien for the Assessments is a first and prior lien against an Assessed Property within the City PID and is superior to all other liens and claims except liens or claims for State, county, school district, or municipality ad valorem taxes. Additionally, at or prior to delivery of the Bonds, Trez shall consent to and acknowledge the creation of the City PID, the levy of the Assessments and the City PID Assessments and the subordination of the liens securing the MM 294 Loan to the assessment lien on property within the City PID securing payment of the Assessments, and the lien securing payment of the City PID Assessments. As a result, the lien on the property within the City PID securing the Assessments and the City PID Assessments will have priority over the lien on the property within the City PID securing the MM 294 Loan.

MM Celina 40 Acquisition and Development Funding. On August 2, 2021, the Master Developer conveyed approximately 38.6 acres in the District to MM Celina 40. MM Celina 40 is an affiliate of the Master Developer owned and controlled by Mehrdad Moayedi. Such conveyance was an internal transfer, done at no cost to MM Celina 40. There is currently no outstanding debt of MM Celina 40, nor any outstanding debt secured by a pledge of the MM Celina 40 Property.

MM Celina 40 expects to fund the Phase #1B Improvements benefitting the MM Celina 40 Property using a portion of the proceeds of the Bonds, earnest money deposited by Dream Finder and a loan from a third party lender. MM Celina 40 expects to obtain a third-party development loan after closing of the Bonds. Such loan is expected to be secured, inter alia, by the MM Celina 40 Property. MM Celina 40 will make the Phase #1B Developer Deposit at closing of the Bonds with respect to the portion of the Phase #1B Improvements not expected to be funded by the Bonds. See “SOURCES AND USES OF FUNDS.”

The PID Act provides that the lien for the Assessments is a first and prior lien against an Assessed Property within the City PID and is superior to all other liens and claims except liens or claims for State, county, school district, or municipality ad valorem taxes. The lien on the property within the City PID securing the Assessments and the City PID Assessments will have priority over the lien on the property within the City PID securing such development loan when acquired by MM Celina 40.

The Capital Recovery Fee Agreement and the Capital Recovery Fee Bonds

The Development Agreement provides for the payment of certain Capital Recovery Fees as outlined under “THE DEVELOPMENT AGREEMENT – *Capital Recovery Fees*.” The City and the District and the Master Developer have entered into an Amended and Restated Capital Recovery Fees Economic Development Agreement (the “Capital Recovery Fee Agreement”) under which the City has agreed to collect such Capital Recovery Fees at the time building permits are issued for each single-family residential lot and deposit all Capital Recovery Fees collected upon the issuance of a building permit for the first 2,011 single-family residential lots in the Development into a segregated interest-bearing account up to an amount not to exceed twenty million dollars (\$20,000,000). All Capital Recovery Fees will be provided to the District as a grant, and such Capital Recovery Fees shall be pledged to the payment of the Capital Recovery Fee Bonds. The Capital Recovery Fee Agreement provides that the proceeds of the Capital Recovery Fee Bonds may be used for the construction, acquisition or reimbursement of or for the Public Improvements or any authorized purpose of the District.

Concurrently with the issuance of the Bonds, the District expects to issue the Capital Recovery Fee Bonds to fund the remaining portion of the costs of the Commercial/MF Major Improvements, which Capital Recovery Fee Bonds shall be secured by payments under the Capital Recovery Fee Agreement paid from Capital Recovery Fees. **The Capital Recovery Fees are not pledged to and do not secure the payment of the Bonds.**

APPRAISAL OF PROPERTY WITHIN PHASE #1A-1B OF THE CITY PID

The Appraisal

General. Integra Realty Resources – DFW (the “Appraiser”), prepared an appraisal report for the District dated September 27, 2021, based upon a physical inspection of the land in Phase #1A-1B of the City PID conducted on September 21, 2021 (the “Appraisal”). The Appraisal was prepared at the request of the District. The description herein of the Appraisal is intended to be a brief summary only of the Appraisal as it relates to Phase #1A-1B of the City PID. The Appraisal is attached hereto as APPENDIX H and should be read in its entirety. The conclusions reached in the Appraisal are subject to certain assumptions, hypothetical conditions and qualifications, which are set forth therein. See “APPENDIX H — Appraisal of Property Within Phase #1A-1B of the City PID.”

Value Estimates. The Appraisal provides the fee simple estate values for the land in Phase #1A-1B of the City PID as of the expected completion of the Phase #1A-1B Improvements. The Appraisal does not reflect the value of the land in Phase #1A-1B of the City PID as if sold to a single purchaser in a single transaction. See “APPENDIX H — Appraisal of Property Within Phase #1A-1B of the City PID.” The proceeds of the Bonds will be used to fund a portion of the Phase #1A-1B Improvements. See “SOURCES AND USES” and “THE PHASE #1A-1B IMPROVEMENTS.”

The value estimate for the assessable property within Phase #1A-1B of the City PID using the methodologies described in the Appraisal and subject to the limiting conditions and assumptions set forth in the Appraisal, as of July 1, 2023, is \$38,880,000*. It is noted that the Appraisal also valued the land in Phase #2 and Phase #3 of the City PID, but such valuation is not considered herein.

Value to Assessment Lien Ratios

The value to lien ratio estimates for the property located in Phase #1A-1B of the City PID, based on (i) the appraised value of such property using the methodologies described in the Appraisal and subject to the limiting conditions and assumptions set forth in the Appraisal, and (ii) the lien for the Assessments as provided in the Service and Assessment Plan are as follows:

Property	Use	Estimated Appraised Market Value	Assessment	Value to Lien Ratio
Phase #1A	421 Developed Lots	\$28,650,000	\$9,718,212	2.95
Phase #1B	192 Developed Lots	<u>\$10,230,000</u>	<u>\$3,581,788</u>	2.86
		\$38,880,000	\$13,300,000	2.92

Extraordinary Assumptions and Hypothetical Conditions. The Appraisal is based upon a number of hypothetical conditions (factors that are known to be false but are presumed to be true for purposes of the appraisal), extraordinary assumptions (defined as assumptions, directly related to a specific assignment, which, if found to be false, could alter the appraiser’s opinions or conclusions), ordinary assumptions, and certain limiting conditions. Such conditions and assumptions are described in the Appraisal. See “APPENDIX H — Appraisal of Property Within Phase #1A-1B of the City PID.” If the information supplied to the Appraiser is significantly different than the Appraiser’s assumption, the Appraiser’s results might be affected.

* Preliminary; subject to change.

THE MARKET STUDY

Zonda (“Zonda”) prepared a development review and market study of the Development (referred to under this heading as the “Subject Property” or the “Development”) dated July 2021 (the “Market Study”). The description herein of the Markey Study is intended to be a brief summary only of the Markey Study as it relates to the Development. **The Markey Study is included in Appendix J and should be read in its entirety. The conclusions reached in the Markey Study are subject to certain assumptions, hypothetical conditions and qualifications, which are set forth therein.** See APPENDIX J. The Market Study did not specifically address the portion of the Development in the City PID separately, but rather confined its analysis to the Development as a whole. No assurance can be given that the conclusions of the Market study relating to the Development will apply in equal measure to the City PID.

The Market Study includes a description of current and future market conditions, retail market trends, office market trends, and absorption and potential future competition in order to analyze relevant real estate market conditions and economic demographic trends in the appropriate market area relative to the Development to assess demand for the planned product mix to be developed in the Development. See APPENDIX J. The Market Study assessed such current and future market conditions and established recommendations regarding phasing, product mix, pricing and the like for the Development. Such recommendations may differ from the current plans for the Development, and no assurance can be given that the Development will be developed in the manner recommended by the Market Study.

Subject to various assumptions and limiting conditions stated in the Market Study, Zonda determined, among other things:

1. **Zonda’s research and analysis indicates a strong opportunity exists for the development of the Development.**

This is based on several factors, including:

- Strong demand for new homes in the CMA with nearly 4,000 annual starts (up 31% YOY) and 3,200 annual closings (up 29% YOY).
- Established strong demand at large-scale MPCs in the CMA (Sutton Fields and Light Farms).
- Unique ability to introduce 40’ wide lot product that can mitigate the impact of rising home prices in the CMA and DFW.
- Recommended price points that target the core of the new home market in the CMA (\$300,000 to \$500,000 – 53% of starts).
- Ability to fill the expected demand void as communities in the CMA build-out (Sutton Field, Light Farms, etc.).
- Vacant developed lot supply levels in the CMA (13.5 months) are significantly constrained (equilibrium is 20 to 24 months).

2. **The Development will also face some challenges.** They include:

- Local services near the Subject Property remain limited. While this will evolve over time, residents in the area currently must drive 13 miles to larger format shopping options. Mitigating factor is a Brookshire’s grocery store is less than five miles away.
- While current supply levels in the CMA are constrained, an additional 44,400 future platted lots exist in the CMA (Celina and Prosper ISDs). While these lots are not under active development, supply conditions will need to be monitored.
- Internal competition for sales will be strong at the Subject Property with between four and seven builders concurrently selling homes on each lot size. Adequate product and price segmentation will be needed to minimize internal cannibalization of sales.

3. **Based on the proposed lot sizes, Zonda’s concluded base prices for the Development range from \$310,990 to \$485,490 (July 2021 dollars).** In addition to base prices, Zonda estimated that buyers will spend 3.0% of base prices on options and upgrades and 1.0% of base prices on lot premiums to arrive at an average sale price of \$398,629 (\$164/SF). This creates an attractive market position when compared to large-scale communities such as Sutton Fields (\$307,999 to \$515,950), Light Farms (\$390,000 to \$717,000), Green Meadows (\$380,900 to \$649,990), and Cambridge Crossing (\$490,990 to \$654,990).

4. **Based upon the proposed lot sizes and Zonda’s recommended price points, Zonda estimates that the Subject Property could achieve a peak annual absorption pace of 654 homes sold per year.** Zonda’s hypothetical build-out of the community occurs over the course of roughly 12 to 13 years with a strong mix of product offered throughout much of the lifecycle of the community. At 654 sales per year, the Subject Property would rank as the most active new home community in the Metroplex. As a comparison, the five most active new home communities in the Metroplex started between 507 and 605 homes between 3Q20 and 2Q21. While aggressive, Zonda believes the combination of attractive pricing, high-volume builder partners, established demand in the CMA, and market-wide supply constraints will allow the Subject Property to achieve these absorption levels.
5. Historical conditions and market forecast indicate demand for multifamily units. This is based on several factors, including:
 - Positive unit absorption resulting in high occupancies and positive rent growth;
 - Minimal current apartment stock in the CMA portion of the Frisco submarket;
 - Demand has typically been strongest for one-bedroom units; and
 - Continued job growth and development commencing along the Dallas North Tollway and in the Celina area.
6. Based upon Zonda’s analysis, the Development can likely build-out over the course of 15 years. While demand exists today for both the for-sale and for-rent residential components of the Development, commercial components will need to come online as additional households/rooftops are added both within the Development and in Celina and as infrastructure improvements are completed (i.e. extension of the Dallas North Tollway).

The Market Study provides certain projections regarding absorption of single-family development in the Development, which projections may differ from the expectations described by MM Celina 294, MM Celina 240 and the Master Developer herein. See APPENDIX J.

MM Celina 294, MM Celina 40, the Master Developer and the Underwriter make no representations as to the accuracy, completeness, assumptions or information contained in the Market Study. The assumptions or qualifications with respect to the Market Study are contained therein. There can be no assurance that any such assumptions will be realized, and MM Celina 294, MM Celina 40, the Master Developer and the Underwriter make no representation as to the reasonableness of such assumptions.

THE DISTRICT SHALL HAVE NO LEGAL OR MORAL OBLIGATION TO PAY THE BONDS OUT OF ANY FUNDS OF THE DISTRICT OTHER THAN THE PLEDGED REVENUES.

THE CITY HAS NOT UNDERTAKEN TO REVIEW THIS OFFICIAL STATEMENT OR ASSUMED ANY RESPONSIBILITY FOR THE MATTERS CONTAINED HEREIN. ALL FINDINGS AND DETERMINATIONS BY THE CITY ARE AND HAVE BEEN MADE FOR ITS OWN INTERNAL USES AND PURPOSES IN PERFORMING ITS DUTIES AND OBLIGATIONS UNDER THE DISTRICT LEGISLATION AND THE DEVELOPMENT AGREEMENT. NOTWITHSTANDING ITS APPROVAL OF THE BONDS FOR PURPOSES OF THE DISTRICT LEGISLATION AND

THE DEVELOPMENT AGREEMENT, THE CITY DOES NOT ENDORSE OR IN ANY MANNER, DIRECTLY OR INDIRECTLY, GUARANTEE OR PROMISE TO PAY THE BONDS FROM ANY TAXES OR OTHER SOURCE OF FUNDS OF THE CITY OR GUARANTEE, WARRANT OR ENDORSE THE CREDITWORTHINESS OR CREDIT STANDING OF THE DISTRICT OR IN ANY MANNER GUARANTEE, WARRANT OR ENDORSE THE INVESTMENT QUALITY OR VALUE OF THE BONDS. THE BONDS ARE PAYABLE SOLELY AS DESCRIBED IN THIS OFFICIAL STATEMENT AND ARE NOT IN ANY MANNER PAYABLE WHOLLY OR PARTIALLY FROM ANY FUNDS OR PROPERTIES OTHERWISE BELONGING TO THE CITY.

The ability of the District to pay debt service on the Bonds as due is subject to various factors that are beyond the District's control. These factors include, among others, (a) the ability or willingness of property owners within the City PID to pay the Assessments, (b) cash flow delays associated with the institution of foreclosure and enforcement proceedings against property within the City PID, (c) general and local economic conditions which may impact real property values, the ability to liquidate real property holdings and the overall value of real property development projects, and (d) general economic conditions which may impact the general ability to market and sell the lots within the City PID, it being understood that poor economic conditions within the City PID, State and region may slow the assumed pace of sales of such lots.

The rate of development of the property in the City PID is directly related to the vitality of the residential housing industry. In the event that the sale of land within the City PID should proceed more slowly than expected and MM Celina 294 and MM Celina 40 are unable to pay the Assessments, only the value of the lands, with improvements, will be available for payment of the debt service on the Bonds, and such value can only be realized through the foreclosure or expeditious liquidation of the lands within the City PID. There is no assurance that the value of such lands will be sufficient for that purpose and the expeditious liquidation of real property through foreclosure or similar means is generally considered to yield sales proceeds in a lesser sum than might otherwise be received through the orderly marketing of such real property.

The Underwriter is not obligated to make a market in or repurchase any of the Bonds, and no representation is made by the Underwriter, the District or the District's Financial Advisor that a market for the Bonds will develop and be maintained in the future. If a market does develop, no assurance can be given regarding future price maintenance of the Bonds.

The District has not applied for or received a rating on the Bonds. The absence of a rating could affect the future marketability of the Bonds. There is no assurance that a secondary market for the Bonds will develop or that holders who desire to sell their Bonds prior to the stated maturity will be able to do so.

Assessment Limitations

Annual Installments of Assessments are billed to property owners in the City PID. Annual Installments are due and payable, and bear the same penalties and interest for non-payment, as for ad valorem taxes of municipalities in Texas as set forth under "ASSESSMENT PROCEDURES" herein. Additionally, Annual Installments established by the Service and Assessment Plan correspond to amounts due under the Reimbursement Agreements and the Administrative Expenses for such year. See "ASSESSMENT PROCEDURES" herein. The unwillingness or inability of a property owner to pay regular property tax bills as evidenced by property tax delinquencies may also indicate an unwillingness or inability to make regular property tax payments and Annual Installments of Assessment payments in the future.

In order to pay debt service on the Bonds, it is necessary that Annual Installments are paid in a timely manner. Due to the lack of predictability in the collection of Annual Installments in the City PID, the District has established a Reserve Account in the Reserve Fund, to be funded from the proceeds of the Bonds, to cover delinquencies. The Annual Installments are secured by the Assessment Lien. However, there can be no assurance that foreclosure proceedings will occur in a timely manner so as to avoid depletion of the Reserve Account and delay in payments of debt service on the Bonds. See "BONDHOLDERS' RISKS — Bondholders' Remedies and Bankruptcy" herein.

Upon an ad valorem tax lien foreclosure event of a property within the City PID, any Assessment that is also delinquent will be foreclosed upon in the same manner as the ad valorem tax lien (assuming all necessary conditions and procedures for foreclosure are duly satisfied). To the extent that a foreclosure sale results in insufficient funds to pay in full both the delinquent ad valorem taxes and the delinquent Assessments, the liens securing such delinquent ad valorem taxes and delinquent Assessments would likely be extinguished. Any remaining unpaid balance of the delinquent Assessments would then be an unsecured personal liability of the original property owner.

Based upon the language of Texas Local Government Code, §372.017(b), case law relating to other types of assessment liens and opinions of the Texas Attorney General, the Assessment Lien as it relates to installment payments that

are not yet due should remain in effect following an ad valorem tax lien foreclosure, with future installment payments not being accelerated. Texas Local Government Code §372.018(d) supports this position, stating that an Assessment Lien runs with the land and the portion of an assessment payment that has not yet come due is not eliminated by foreclosure of an ad valorem tax lien.

The Assessment Lien is superior to any homestead rights of a property owner that were properly claimed after the adoption of the Assessment Ordinance. However, an Assessment Lien may not be foreclosed upon if any homestead rights of a property owner were properly claimed prior to the adoption of the Assessment Ordinance (“Pre-existing Homestead Rights”) for as long as such rights are maintained on the property. It is unclear under Texas law whether or not Pre-existing Homestead Rights would prevent the Assessment Lien from attaching to such homestead property or instead cause the Assessment Lien to attach, but remain subject to, the Pre-existing Homestead Rights.

The Assessments and the District Major Improvement Assessments, which District Major Improvement Assessments are pledged to the payment of the Major Improvement Bonds have a lien of equal dignity on the parcels assessed therefor. In the event of partial payments of the Annual Installments of the Assessments and the District Major Improvement Assessments, the Collin County Tax Assessor/Collector advises that such partial payments will be applied to the payment of the Annual Installments of the Assessments and the District Major Improvement Assessments on a pro rata basis unless otherwise directed by the payer of such Annual Installments of the Assessments and the District Major Improvement Assessments.

Under Texas law, in order to establish homestead rights, the claimant must show a combination of both overt acts of homestead usage and intention on the part of the owner to claim the land as a homestead. Mere ownership of the property alone is insufficient and the intent to use the property as a homestead must be a present one, not an intention to make the property a homestead at some indefinite time in the future. As of the date of adoption of the Assessment Ordinance, no such homestead rights had been claimed. Furthermore, MM Celina 294 and MM Celina 40 are not eligible to claim homestead rights and as of the date of the Assessment Ordinance, no party owning property in the City PID could claim homestead rights. Consequently, there are and can be no homestead rights on the Assessed Property superior to the Assessment Lien and, therefore, the Assessment Liens may be foreclosed upon by the City.

Failure by owners of the parcels to pay Annual Installments when due, depletion of the Reserve Fund, delay in foreclosure proceedings, or the inability of the City to sell parcels which have been subject to foreclosure proceedings for amounts sufficient to cover the delinquent installments of Assessments levied against such parcels may result in the inability of the District to make full or punctual payments of debt service on the Bonds.

THE ASSESSMENTS CONSTITUTE A FIRST AND PRIOR LIEN AGAINST THE PROPERTY ASSESSED, SUPERIOR TO ALL OTHER LIENS AND CLAIMS EXCEPT LIENS AND CLAIMS FOR STATE, COUNTY, SCHOOL DISTRICT OR MUNICIPALITY AD VALOREM TAXES AND IS A PERSONAL OBLIGATION OF AND CHARGE AGAINST THE OWNERS OF PROPERTY LOCATED WITHIN THE CITY PID.

Amounts Available Under the Reimbursement Agreements Dependent on Actual Cost of Phase #1A and Phase #1B Improvements

Pursuant to the Phase #1A Reimbursement Agreement, the City has agreed to reimburse the District for the actual costs of the Phase #1A Improvements up to \$9,718,212 plus interest (the “Phase #1A Maximum Reimbursement Amount”). To the extent that the actual cost of the Phase #1A Improvements is less than the Phase #1A Maximum Reimbursement Amount, the District will not receive the Phase #1A Maximum Reimbursement Amount pursuant to the Phase #1A Reimbursement Agreement. As described in the Service and Assessment Plan, the costs of the Phase #1A Improvements is estimated to be \$12,429,899*; **however, no assurance can be given that the costs of the Phase #1A Improvements will equal or exceed the Phase #1A Maximum Reimbursement Amount.**

Pursuant to the Phase #1B Reimbursement Agreement, the City has agreed to reimburse the District for the actual costs of the Phase #1B Improvements up to \$3,581,788 plus interest (the “Phase #1B Maximum Reimbursement Amount”). To the extent that the actual cost of the Phase #1B Improvements is less than the Phase #1B Maximum Reimbursement Amount, the District will not receive the Phase #1B Maximum Reimbursement Amount pursuant to the Phase #1B Reimbursement Agreement. As described in the Service and Assessment Plan, the costs of the Phase #1B Improvements is estimated to be

* Preliminary; subject to change.

\$5,264,610*; however, no assurance can be given that the costs of the Phase #1B Improvements will equal or exceed the Phase #1B Maximum Reimbursement Amount.

Payments of Assessments and Annual Installments in Connections with Amounts Due Under the Reimbursement Agreements May Not Match Amortization of the Bonds

Pursuant to the Reimbursement Agreements, the City has agreed to reimburse the District for the actual costs of the Phase #1A-1B Improvements based on actual costs of the Phase #1A-1B Improvements expended. As described under “— Amounts Available Under the Reimbursement Agreements Dependent on Actual Cost of Phase #1A and Phase #1B Improvements” above, amounts to be paid by the City are dependent upon the amounts expended by the City PID Developers and drawn pursuant to the Construction, Funding and Acquisition Agreements and the interest accruing on such draws pursuant to the Reimbursement Agreements. Accordingly the amortization of the Assessments and payments on the Reimbursement Agreements may not match the amortization on the Bonds.

Redemption Risk related to Refunding of City Obligations Under the Reimbursement Agreements

The City may, at its option, issue bonds or other obligations to refund any of the City’s obligations under the Reimbursement Agreements. In the event of the issuance of such obligations by the City, Bonds could be redeemed by the District prior to their maturity.

Competition; Real Estate Market

The successful development of the land within the City PID, the success of the Development, and the sale of residential units therein, once such homes are built, may be affected by unforeseen changes in general economic conditions, fluctuations in the real estate market and other factors beyond the control of the City PID Developers. Moreover, the City PID Developers have the right to modify or change their plans for development of the land within the City PID from time to time, including, without limitation, land use changes, changes in overall land and phasing plans, and changes to the type, mix, size and number of units to be developed. No prediction can be made about the state of the real estate market in the future or the availability of financing for potential home buyers.

Contracts that MM Celina 294 and MM Celina 40 may have with individual homebuilders are subject to a myriad of contractual conditions and contingencies, all or some of which if not complied with, could precipitate a termination or winding up of such contractual arrangement for the sale of lots, causing MM Celina 294 and MM Celina 40 to possibly need to execute a different strategy for the development and sale of lots and residential units within the City PID. As described herein, the Assessments are an imposition against the land only. None of MM Celina 294 and MM Celina 40, or any other subsequent landowner is a guarantor of the Assessments and the recourse for the failure of MM Celina 294 and MM Celina 40 or any other landowner to pay the Assessments is limited to the collection proceedings against the land as described herein.

The 87th Legislature passed HB 1543, which took effect September 1, 2021 and requires a person who proposes to sell or otherwise convey real property within a public improvement district to provide to the purchaser of the property, before the execution of a binding contract of purchase and sale, written notice of the obligation to pay public improvement district assessments, in accordance with Section 5.014, Texas Property Code, as amended. In the event a contract of purchase and sale is entered into without the seller providing the notice, the purchaser is entitled to terminate the contract. If MM Celina 294 and MM Celina 40 or homebuilders within the City PID do not provide the required notice and prospective purchasers of property within the City PID terminate a purchase and sale contract, the anticipated absorption schedule may be affected. No assurance can be given that the projected absorption schedule presented in this Limited Offering Memorandum will be realized.

Risks Related to Current Increase in Costs of Building Materials

As a result of the Pandemic, low supply, high demand, and the ongoing trade war, there have been substantial increases in the cost of lumber and other materials, causing many homebuilders and general contractors to experience budget overruns. The City PID Developers are responsible for the construction of the Phase #1A-1B Improvements. The City PID Developers expect to finance a portion of the costs of the Phase #1A-1B Improvements from proceeds of the Bonds and additional funds provided by the City PID Developers. If the Actual Costs of the Phase #1A-1B Improvements are substantially greater than the estimated costs or if the City PID Developers are unable to access building materials in a timely manner, it may affect the ability of the City PID Developers to complete the Phase #1A-1B Improvements or pay the Assessments when due. There is no way to predict whether such cost increases or low supply of building materials will continue or if such continuance will affect the development of the City PID.

Loss of Tax Exemption

The Indenture contains covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds for federal income tax purposes. As discussed under the caption “TAX MATTERS” herein, interest on the Bonds could become includable in gross income for purposes of federal income taxation, retroactive to the date the Bonds were issued, as a result of future acts or omissions of the District in violation of its covenants in the Indenture.

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or State level, may adversely affect the tax-exempt status of interest on the Bonds under federal or State law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Direct and Overlapping Indebtedness, Assessments and Taxes

The ability of an owner of property within the City PID to pay the Assessments could be affected by the existence of other taxes and assessments imposed upon the property. Public entities whose boundaries overlap those of the City PID currently impose ad valorem taxes on the property within the City PID and will likely do so in the future. Such entities could also impose assessment liens on the property within the City PID. The imposition of additional liens, or for private financing, may reduce the ability or willingness of the landowners to pay the Assessments.

Overlapping City PID Assessment and District Major Improvement Assessment

The property in Phase #1A-1B has been assessed with both the Assessments and the District Major Improvement Assessments. **The Assessments and the District Major Improvement Assessments, which District Major Improvement Assessments are pledged to the payment of the Major Improvement Bonds have a lien of equal dignity on the parcels assessed therefor. In the event of partial payments of the Annual Installments of the Assessments and the District Major Improvement Assessments, the Collin County Tax Assessor/Collector advises that such partial payments will be applied to the payment of the Annual Installments of the Assessments and the District Major Improvement Assessments on a pro rata basis unless otherwise directed by the payer of such Annual Installments of the Assessments and the District Major Improvement Assessments.**

Depletion of Reserve Account of Reserve Fund

Failure of the owners of property within the City PID to pay the Assessments when due could result in the rapid, total depletion of Reserve Account of the Reserve Fund prior to replenishment from the resale of property upon a foreclosure or otherwise or delinquency redemptions after a foreclosure sale, if any. There could be a default in payments of the principal of and interest on the Bonds if sufficient amounts are not available in the Reserve Account of the Reserve Fund. The Indenture provides that if, after a withdrawal from the Reserve Account of the Reserve Fund, the amount in the Reserve Account of the Reserve Fund is less than the Reserve Account Requirement, the Trustee shall transfer an amount from the Pledged Revenue Fund to the Reserve Account of the Reserve Fund sufficient to cure such deficiency, as described under “SECURITY FOR THE BONDS — Reserve Account of the Reserve Fund” herein.

Hazardous Substance

While governmental taxes, assessments and charges are a common claim against the value of a parcel, other less common claims may be relevant. One of the most serious in terms of the potential reduction in the value that may be realized to the assessment is a claim with regard to a hazardous substance. In general, the owners and operators of a parcel may be required by law to remedy conditions relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as “CERCLA” or “Superfund Act,” is the most well-known and widely applicable of these laws. It is likely that, should any of the parcels of land located in the City PID be affected by a hazardous substance, the marketability and value of parcels would be reduced by the costs of remedying the condition, because the purchaser, upon becoming owner, will become obligated to remedy the condition just as is the seller.

The value of the land within the City PID does not take into account the possible liability of the owner (or operator) for the remedy of a hazardous substance condition of the parcel. The District has not independently verified, and is not aware,

that the owner (or operator) of any of the parcels within the City PID has such a current liability with respect to such parcel; however, it is possible that such liabilities do currently exist and that the District is not aware of them.

Further, it is possible that liabilities may arise in the future with respect to any of the land within the City PID resulting from the existence, currently, of a substance presently classified as hazardous but which has not been released or the release of which is not presently threatened, or may arise in the future resulting from the existence, currently, on the parcel of a substance not presently classified as hazardous but which may in the future be so classified. Further, such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling it. All of these possibilities could significantly affect the value of a parcel that is realizable upon a delinquency.

See “THE DEVELOPMENT — Environmental” for discussion of previous Phase One ESA and Supplemental Report performed on property within the City PID.

100 Year Flood Plain

According to the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) Community Panel Number 48085C0105J, revised on June 2, 2009 an approximately 985-acre portion of the property in the Development is currently located in Zone A which corresponds to special flood hazard areas subject to inundation by the 100-year flood. Mandatory flood insurance purchase requirements apply in areas designated as Zone A. Approximately 55 acres of such flood plain land, 3.2 acres of which are located in Phase #1A of the City PID, are expected to be reclaimed. All 3.2 reclaimed acres in Phase #1A are expected to be utilized for single-family homes. If such property is reclaimed and a letter of map revision obtained, such flood insurance requirements will not apply. A hydrologic study is currently being performed with respect to such reclamation efforts.

Regulation

Development within the City PID may be subject to future federal, state and local regulations. Approval may be required from various agencies from time to time in connection with the layout and design of development in the City PID, the nature and extent of public improvements, land use, zoning and other matters. Failure to meet any such regulations or obtain any such approvals in a timely manner could delay or adversely affect development in the City PID and property values.

Bankruptcy

The payment of Assessments and the ability of the City to foreclose on the lien of a delinquent unpaid Assessment may be limited by bankruptcy, insolvency or other laws generally affecting creditors’ rights or by the laws of the State relating to judicial foreclosure. Although bankruptcy proceedings would not cause the Assessments to become extinguished, bankruptcy of a property owner in all likelihood would result in a delay in prosecuting foreclosure proceedings. Such a delay would increase the likelihood of a delay or default in payment of the principal of and interest on the Bonds, and the possibility that delinquent Assessments might not be paid in full

Bondholders’ Remedies and Bankruptcy

In the event of default in the payment of principal of or interest on the Bonds or the occurrence of any other Event of Default under the Indenture, and upon the written request of at least 25% the owners of the Bonds, the Trustee shall proceed to protect and enforce its rights and the rights of the owners of the Bonds under the Indenture by such suits, actions or special proceedings in equity or at law, or by proceedings in the office of any board or officer having jurisdiction, either for mandamus or the specific performance of any covenant or agreement contained therein or in aid or execution of any power granted or for the enforcement of any proper legal or equitable remedy, as the Trustee shall deem most effectual to protect and enforce such rights. The issuance of a writ of mandamus may be sought if there is no other available remedy at law to compel performance of the District’s obligations under the Bonds or the Indenture and such obligations are not uncertain or disputed. The remedy of mandamus is controlled by equitable principles, so rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The owners of the Bonds cannot themselves foreclose on property within the City PID or sell property within the City PID in order to pay the principal of and interest on the Bonds. The enforceability of the rights and remedies of the owners of the Bonds further may be limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. In this regard, should the District file a petition for protection from creditors under federal bankruptcy laws, the remedy of mandamus or the right of the City to seek judicial foreclosure of its Assessment Lien would be automatically stayed and could not be pursued unless

authorized by a federal bankruptcy judge. See “BONDHOLDERS’ RISKS — Bankruptcy Limitation to Bondholders’ Rights” herein.

Any bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a property owner within the City PID pursuant to the Federal Bankruptcy Code could, subject to its discretion, delay or limit any attempt by the City to collect delinquent Assessments, or delinquent ad valorem taxes, against such property owner.

In addition, in 2006, the Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006) (“Tooke”) that a waiver of sovereign immunity must be provided for by statute in “clear and unambiguous” language. In so ruling, the Court declared that statutory language such as “sue and be sued”, in and of itself, did not constitute a clear and unambiguous waiver of sovereign immunity. In *Tooke*, the Court noted the enactment in 2005 of sections 271.151-.160, Texas Local Government Code (the “Local Government Immunity Waiver Act”), which, according to the Court, waives “immunity from suit for contract claims against most local governmental entities in certain circumstances.” The Local Government Immunity Waiver Act covers entities such as the District and relates to contracts entered into by local government entities, including the District, for providing goods or services to such local government entities.

The District is not aware of any Texas court construing the Local Government Immunity Waiver Act in the context of whether contractual undertakings of local governments that relate to their borrowing powers are contracts covered by such act. Because it is unclear whether the Texas legislature has effectively waived the District’s sovereign immunity from a suit for money damages in the absence of District action, the Trustee or the owners of the Bonds may not be able to bring such a suit against the District for breach of the Bonds or the Indenture covenants. As noted above, the Indenture provides that owners of the Bonds may exercise the remedy of mandamus to enforce the obligations of the District under the Indenture. Neither the remedy of mandamus nor any other type of injunctive relief was at issue in *Tooke*, and it is unclear whether *Tooke* will be construed to have any effect with respect to the exercise of mandamus, as such remedy has been interpreted by Texas courts. In general, Texas courts have held that a writ of mandamus may be issued to require public officials to perform ministerial acts that clearly pertain to their duties. Texas courts have held that a ministerial act is defined as a legal duty that is prescribed and defined with a precision and certainty that leaves nothing to the exercise of discretion or judgment, though mandamus is not available to enforce purely contractual duties. However, mandamus may be used to require a public officer to perform legally-imposed ministerial duties necessary for the performance of a valid contract to which the State or a political subdivision of the State is a party (including the payment of money due under a contract).

No Acceleration

The Indenture does not contain a provision allowing for the acceleration of the Bonds in the event of a payment default or other default under the terms of the Bonds or the Indenture.

Bankruptcy Limitation to Bondholders’ Rights

The enforceability of the rights and remedies of the owners of the Bonds may be limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. The District is authorized under Texas law to voluntarily proceed under Chapter 9 of the Federal Bankruptcy Code, 11 U.S.C. 901-946. The District may proceed under Chapter 9 if it (1) is generally not paying its debts, or unable to meet its debts, as they become due, (2) desires to effect a plan to adjust such debts, and (3) has either obtained the agreement of or negotiated in good faith with its creditors, is unable to negotiate with its creditors because negotiation is impracticable, or reasonably believes that a creditor may attempt to obtain a preferential transfer.

If the District decides in the future to proceed voluntarily under the Federal Bankruptcy Code, the District would develop and file a plan for the adjustment of its debts, and the Bankruptcy Court would confirm the plan if (1) the plan complies with the applicable provisions of the Federal Bankruptcy Code, (2) all payments to be made in connection with the plan are fully disclosed and reasonable, (3) the District is not prohibited by law from taking any action necessary to carry out the plan, (4) administrative expenses are paid in full, (5) all regulatory or electoral approvals required under Texas law are obtained and (6) the plan is in the best interests of creditors and is feasible. The rights and remedies of the owners of the Bonds would be adjusted in accordance with the confirmed plan of adjustment of the District’s debt.

Management and Ownership

The management and ownership of the City PID Developers and related property owners could change in the future. Purchasers of the Bonds should not rely on the management experience of such entities. There are no assurances that such

entities will not sell the subject property or that officers will not resign or be replaced. In such circumstances, a new developer or new officers in management positions may not have comparable experience in projects comparable to the Development.

Availability of Utilities

The progress of development within the City PID is also dependent upon the City providing an adequate supply of water and sufficient capacity for the collection and treatment of wastewater. If the City fails to supply water and wastewater services to the property within the City PID, the development of the land in the City PID could be adversely affected.

The City currently does not have sufficient wastewater capacity to serve the expected development in the City PID. The City will construct a wastewater treatment plant to serve the Development. The Master Developer is responsible for the cost of pumping and hauling wastewater generated by the Development until the City's wastewater treatment plant is constructed. However, the City will be responsible for the costs associated with pumping and hauling of wastewater if the City facility is not complete within twenty-four months of the City's receipt of the Master Developer's "Developer Contribution" to the construction of the wastewater treatment plant, which is expected to occur at closing of the Bonds. See "THE DEVELOPMENT AGREEMENT."

The City's failure to timely construct a wastewater treatment plant could result in the Master Developer being responsible for the costs of pumping and hauling wastewater generated by the Development, including those portions of the Development which are no longer owned by the Master Developer, for a period of up to twenty-four months. The incursion of substantial costs associated with wastewater pumping and removal may affect the ability of the Master Developer to make full and timely payment of the portion of the Assessments payable by the Master Developer, which could affect the ability of the District to meet its debt service obligations with respect to the Bonds. See "THE DEVELOPMENT AGREEMENT."

General Risks of Real Estate Investment and Development

Investments in undeveloped or developing real estate are generally considered to be speculative in nature and to involve a high degree of risk. The Development will be subject to the risks generally incident to real estate investments and development. Many factors that may affect the City PID, as well as the operating revenues of the City PID Developers, including those derived from the City PID, are not within the control of the City PID Developers. Such factors include changes in national, regional and local economic conditions; changes in long and short term interest rates; changes in the climate for real estate purchases; changes in demand for or supply of competing properties; changes in local, regional and national market and economic conditions; unanticipated development costs, market preferences and architectural trends; unforeseen environmental risks and controls; the adverse use of adjacent and neighboring real estate; changes in interest rates and the availability of mortgage funds to buyers of the homes to be built in the City PID, which may render the sale of such homes difficult or unattractive; acts of war, terrorism or other political instability; delays or inability to obtain governmental approvals; changes in laws; moratorium; acts of God (which may result in uninsured losses); strikes; labor shortages; energy shortages; material shortages; inflation; adverse weather conditions; contractor or subcontractor defaults; and other unknown contingencies and factors beyond the control of the City PID Developers. Further, the operating revenues of the City PID Developers may be materially affected by conditions in any leases in the City PID or contracts for the sale thereof.

The development in the City PID cannot be initiated or completed without the City PID Developers obtaining a variety of governmental approvals and permits, some of which have already been obtained. Certain permits are necessary to initiate construction of each phase of the City PID and to allow the occupancy of residences and to satisfy conditions included in the approvals and permits. There can be no assurance that all of these permits and approvals can be obtained or that the conditions to the approvals and permits can be fulfilled. The failure to obtain any of the required approvals or fulfill any one of the conditions could cause materially adverse financial results for the City PID Developers.

Additionally, recent demand in the real estate sector has resulted in increases in the prices of commodities used for real estate construction and development. There can be no guarantee that prices of such commodities will not continue to increase in the future which may impact the City PID Developers' ability to complete development within the City PID as described herein.

Dependence Upon MM Celina 294 and MM Celina 40

MM Celina 294 and MM Celina 40, as the owners of all of the parcels in the Phase #1A-1B of the City PID, currently have the obligation for payment of 100% of the Assessments. The ability of MM Celina 294 and MM Celina 40 to make full and timely payment of their portion of the Assessments will directly affect the ability of the District to meet its debt service

obligations with respect to the Bonds. The only assets of the MM Celina 294 and MM Celina 40 are their respective land within the District, related permits and development rights, and minor operating accounts. The source of funding for future land development activities and infrastructure construction to develop the lots proposed for the City PID also consists of proceeds from the Bonds and proceeds of lot sales, as well as possible bank financing and equity contributions by MM Celina 294 and MM Celina 40, as applicable. There can be no assurances given as to the financial ability of MM Celina 294 and MM Celina 40 to advance any funds to the District to supplement revenues from the Assessments if necessary, or as to whether the MM Celina 294 and MM Celina 40 will advance such funds.

Moreover, the City will pay to MM Celina 294 and MM Celina 40 or their designee costs for a portion of the Phase #1A-1B Improvements from proceeds of the Bonds. MM Celina 294 and MM Celina 40 will submit reimbursement requests on a monthly basis for costs actually incurred in developing and constructing the Phase #1A-1B Improvements, and be reimbursed in accordance with the Construction, Funding and Acquisition Agreements and the Indenture. See “THE PHASE #1A-1B IMPROVEMENTS – General” and “THE DEVELOPMENT – Expected Build-Out of Single Family Development in the City PID.” There can be no assurances given as to the financial ability of MM Celina 294 and MM Celina 40 to complete such improvements

Exercise of Third Party Property Rights

As described herein under “THE DEVELOPMENT — Existing Mineral Rights, Easements and Other Third Party Property Rights”, third parties hold title to certain Third Party Rights applicable to real property within and around the City PID, including reservations of mineral rights and royalty interests and easements, pursuant to various instruments in the chain of title for various tracts of land within and around the City PID.

MM Celina 294 and MM Celina 40 do not expect the existence or exercise of such Third Party Property Rights or other third party real property rights in or around the City PID to have a material adverse effect on the Development, the property within the City PID, or the ability of landowners within the City PID to pay Assessments. However, none of the District, the District’s Financial Advisor, the Underwriter, MM Celina 294 and MM Celina 40 or the Administrator provide any assurances as to such expectations.

Agricultural Use Valuation and Redemption Rights

All of the land within the City PID is currently entitled to valuation for ad valorem tax purposes based upon its agricultural use. Under Texas law, an owner of land that is entitled to an agricultural valuation has the right to redeem such property after a tax sale for a period of two years after the tax sale by paying to the tax sale purchaser a 25% premium, if redeemed during the first year, or a 50% premium, if redeemed during the second year, over the purchase price paid at the tax sale and certain qualifying costs incurred by the purchaser. Although Assessments are not considered a tax under Texas law, the PID Act provides that the lien for Assessments may be enforced in the same manner as a lien for ad valorem taxes. This shared enforcement mechanism raises a possibility that the right to redeem agricultural valuation property may be available following a foreclosure of a lien for Assessments, though there is no indication in Texas law that such redemption rights would be available in such a case.

The City PID Developers expect that the agricultural use valuations within the City PID will be terminated by the end as each phase develops.

Successor Trustee

The Indenture provides a contractual limitation which limits the compensation of the Trustee under the terms thereof. In the event that at some point subsequent to the date of the Indenture, the Trustee reasonably expects that the value to be received under the Indenture would otherwise exceed the value limitation established under the terms of the Indenture but for such contractual limitation, the Trustee may seek to (i) amend the Indenture to increase such value if such amendment may be made in accordance with applicable Texas law and the Indenture or (ii) resign as trustee and paying agent pursuant to the terms of the Indenture. Any such amendment to the Indenture (including a supplement appointing a successor trustee) would have to be made in accordance with the terms of the Indenture. Any successor trustee would have to satisfy the qualifications set forth in, and be appointed in accordance with the terms of, the Indenture. Under certain facts and circumstances, a delay in identifying or appointing a qualified successor trustee to assume the duties and responsibilities of trustee under the Indenture and in accordance with applicable Texas law could result in the delay of certain remedies being available to the Owners of the Bonds. See “APPENDIX B — FORM OF INDENTURE” for more information regarding the process of amending or supplementing the Indenture and the appointment of a successor trustee.

The Indenture provides that, if the position of Trustee shall become vacant for any reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least 25% of the aggregate outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the District. Until such successor Trustee shall have been appointed by the Owners the Bonds, the District shall forthwith (and in no event in excess of 30 days after such vacancy occurs) appoint a Trustee to act hereunder. Copies of any instrument of the District providing for any such appointment shall be delivered by the District to the Trustee so appointed. The District shall mail notice of any such appointment to each Owner of any Outstanding Bonds within 30 days after such appointment. Any appointment of a successor Trustee made by the District immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds. See “APPENDIX B — FORM OF INDENTURE” for more information regarding the process of amending or supplementing the Indenture and the appointment of a successor trustee.

Potential Future Changes in the PID Act

During prior sessions and interim business of the Texas legislature, various proposals and reports have been presented by committees of Texas Senate and Texas House of Representative which suggest or recommend changes to the PID Act relating oversight of bonds secured by special assessments including adopting requirements relating to levels of build out or adding state level oversight in connection with the issuance of bonds secured by special assessments under the PID Act. To date, no legislation has been introduced to act on such recommendations; however, it is impossible to predict what new proposals may be presented regarding the PID Act and the issuance of special assessment bonds during any upcoming legislative sessions, whether such new proposals or any previous proposals regarding the same will be adopted by the Texas Senate and House of Representatives and signed by the Governor, and, if adopted, the form thereof. It is impossible to predict with certainty the impact that any such future legislation will or may have on the security for the Bonds.

Use of Appraisal

Caution should be exercised in the evaluation and use of valuations included in the Appraisal. The Appraisal is an estimate of market value as of a specified date based upon assumptions and limiting conditions and any extraordinary assumptions specific to the relevant valuation and specified therein. The estimated market value specified in the Appraisal is not a precise measure of value, but is based on a subjective comparison of related activity taking place in the real estate market. The valuation set forth in the Appraisal is based on various assumptions of future expectations and while the appraiser’s forecasts for properties in the City PID is considered to be reasonable at the current time, some of the assumptions may not materialize or may differ materially from actual experience in the future. The Bonds will not necessarily trade at values determined solely by reference to the underlying value of the properties in the City PID.

In performing its analysis, the Appraiser makes numerous assumptions with respect to general business, economic and regulatory conditions and other matters, many of which are beyond the Appraiser’s, Underwriter’s and District’s control, as well as certain factual matters. Furthermore, the Appraiser’s analysis, opinions and conclusions are necessarily based upon market, economic, financial and other circumstances and conditions existing prior to the valuation and date of the Appraisal.

Master Developer, MM Celina 294 and MM Celina 40 Principal Financial Relationships and Other Matters Relating to the Master Developer, MM Celina 294, MM Celina 40 and Affiliates Thereof

Set forth below is a summary of certain litigation and other matters involving certain affiliates of Centurion. No assurances can be given as to the result of the following lawsuits or any charges related thereto or the impact, if any, of such result on one or more of Mehrdad Moayedi (“Moayedi”), the operations of Centurion, and the Master Developer’s, MM Celina 294’s or MM Celina 40’s ability to continue funding the Development.

Investigation of United Development Funding. Subsidiaries of Centurion American are involved in the development of master planned residential community and mixed-use projects. Some of these projects have previously been developed using funding provided by various entities associated with United Development Funding (“UDF”), including United Development Funding IV, a publicly traded real estate investment trust (“UDF IV”). In connection with governmental investigations of UDF (the “UDF Investigations”), Centurion and some of its employees were contacted in mid-2016 to provide certain information to such governmental fact-finders as part of an information gathering process on the UDF Investigations. Centurion and its employees fully complied with the information gathering process. Neither Centurion nor any of its employees or affiliates have received any information indicating that they are either targets or subjects of any governmental investigation.

Westlake Entrada/Flower Mound Riverwalk Project (the “Entrada/Riverwalk Lawsuit”). In August 2018, a minority owner of one Riverwalk Project entity, FZ WLRW, LLC (the “Westlake Plaintiff”), brought suit against Centurion, LLSF, LLC (“LLSF”), MRW Investors, LLC (“MRW”), and Moayedí (collectively, the “Defendants”) and other parties involved in structuring the financing of the Entrada and Riverwalk Projects. Most claims have been nonsuited or dismissed. Following a hearing on Defendants’ motions for summary judgment, Moayedí is no longer a Defendant in this case. The only remaining claims are the Westlake Plaintiff’s direct and derivative claims for breach of fiduciary duty and breach of contract against LLSF. LLSF filed Motions to exclude each of Westlake Plaintiff’s purported experts. Additionally, Former Defendants Centurion American Custom Homes, Inc. d/b/a Centurion American Development Group and MRW (“Former Defendants”) have filed a motion for attorneys’ fees as prevailing party in a derivative action (“Fee Motion”) against the Westlake Plaintiff. Further, On March 25, 2021, Plaintiff’s former expert Columbus (Sandy) Alexander filed suit against Plaintiff’s law firm (MacDonald Devin, P.C.) regarding unpaid fees for work done in this lawsuit. On May 5, 2021, based upon the affidavit of Sandy Alexander, LLSF and Moayedí moved for sanctions against: (1) Plaintiff; (2) Frank Zaccanelli; (3) Greg Ziegler; and (4) MacDonald Devin, P.C. In lieu of ruling on the Motion for Sanctions, the Court ordered the parties to participate in mediation. The parties participated in an unsuccessful mediation in September 2021, and ruling on a motion for jury trial has been continued until after November 29, 2021. The court has delayed ruling on the motion to exclude and the Fee Motion, and hearings for rulings on such motions are in the process of being scheduled. The Westlake Plaintiff also filed a lis pendens against property owned by MRW in the Riverwalk Project on September 17, 2021.

Rainier Medical Investors LLC & RMI River Walk Investors LP v. Centurion Riverwalk, LLC, et al., in Denton County, Texas. Plaintiff Rainier Medical Investors LLC and Plaintiff RMI River Walk Investors, LP (“Rainier Plaintiffs”) brought claims against Defendant Centurion Riverwalk, LLC (“Centurion”) and Defendant 2M Riverwalk, LLC (“2M,” together with Centurion, “Rainier Defendants”) and alleged various causes of action against other defendants, including Defendant Megatel Lakeshores TH, LLC (“Megatel TH”). Megatel TH asserted a cross-petition against Rainier Defendants and Third-Party Defendant Moayedí for statutory fraud, fraudulent inducement, and breach of contract (“Cross-Claims”). On May 27, 2020, Megatel TH non-suited without prejudice its claims against Moayedí. On July 8, 2020, the Court signed an order dismissing, with prejudice, all claims between the Rainier Plaintiffs and Rainier Defendants. On April 29, 2021, Megatel TH filed an agreed scheduling order. However, the Court did not sign the Order because the proposed September 20, 2021 trial date was no longer available. Thereafter, without a signed scheduling order reopening discovery, Megatel TH propounded written discovery to the Rainier Defendants and noticed the depositions of the Rainier Defendants. The Rainier Defendants timely objected as discovery was closed. On June 9, 2021, the Rainier Defendants filed their motion for summary judgment. Thereafter, Megatel TH moved to reopen and to compel discovery. On July 15, the Court heard Megatel TH’s motion to enter new scheduling order, motions to quash depositions, and objections to discovery. The judge granted Megatel’s motions and re-opened discovery. The Rainier Defendants were ordered by the Court to respond to Megatel TH’s written discovery by August 16, 2021. Additionally, the Rainier Defendants’ summary judgment motion, which was originally set for hearing on August 11, 2021, was continued by the Court until after November 30, 2021. Further, the Court ordered the depositions of the Rainier Defendants and Non-Party Travis Boghetich. Megatel TH conducted such depositions on September 15, 2021. Currently, there is no trial date set in this case.

Megatel Homes III, LLC v. Wilbow-Windhaven Development Corporation v. Centurion Windhaven, LP, et al.: in Denton County Texas. Plaintiff Megatel Homes III, LLC (“Megatel”) brought claims against both Defendant Wilbow Windhaven Development Corp. (“Wilbow”), Defendant Centurion Acquisitions, LP (“CA”), and Defendant CADG Windhaven, LLC (“CADG,” collectively with CA, “Centurion Defendants”). Megatel’s claims against Wilbow consist of request for Declaratory Judgment; Breach of Contract; and Indemnity. Megatel’s claims against CA and CADG consist of Breach of Contract; Fraud; and Indemnity. A Motion to Expunge Lis Pendens was granted by court on October 2, 2020. Megatel re-filed the Lis Pendens and Wilbow filed a Motion to Expunge. The court granted the Motion to Expunge the Lis Pendens on May 19, 2021. No trial date is set.

Megatel Claims. Megatel has brought several additional causes of action against Moayedí, Centurion (and certain of its affiliates) and UDF as listed below. Megatel has asserted various allegations of fraud, RICO violations, conspiracy, breach of fiduciary duty, and others in what Centurion believes to be an attempt to force Moayedí, Centurion and UDF to settle with Megatel. In addition to the filing of the below lawsuits, Megatel has also filed Lis Pendens against property owned by third-parties, has sent letters to Megatel’s competitors attempting to interfere with their relationship with Centurion and has possibly partnered with parties believed to be adversarial to Moayedí, Centurion and UDF. Centurion continues to aggressively fight against these actions and against what it believes to be the baseless claims made in the lawsuits.

Infectious Disease Outbreak – COVID-19

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the “Pandemic”) by the World Health Organization and is currently affecting many parts of the world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States. On March 13, 2020, the President of the United States declared the Pandemic a national emergency and the Governor of Texas (the “Governor”) declared a state of disaster for all counties in the State in response to the Pandemic. Under State law, the proclamation of a state of disaster by the Governor may not continue for more than 30 days unless renewed. The Governor has renewed his declaration monthly, most recently on August 30, 2021. On March 25, 2020, in response to a request from the Governor, the President issued a Major Disaster Declaration for the State. Subsequently, the President’s Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency that would in any way prevent, hinder, or delay necessary action in coping with the disaster, and issuing executive orders that have the force and effect of law. The Governor has since issued a number of executive orders relating to COVID-19 preparedness and mitigation.

In early March 2021, the Governor issued Executive Order GA-34, effective as of March 10, 2021, which supersedes previous executive orders imposing mask requirements and limiting business capacity. Executive Order GA-34 provides that in counties not in an area of high hospitalization, no mayor or county judge may require face coverings. In counties located in areas with high hospitalizations, Executive Order GA-34 allows a county judge to use COVID-19 mitigation strategies, but the COVID-19 mitigation strategies may not require businesses to operate at less than 50% of total occupancy and may not impose any occupancy limits on churches, schools (including institutions of higher education), or childcare services. Additionally, Executive Order GA-34 prohibits jail time as a penalty for violating orders issued in response to COVID-19 or any penalties for failure to wear face coverings. Executive Order GA-34 remains in full force and effect unless modified, amended, rescinded, or superseded by the Governor. For additional information regarding Executive Orders and other actions of the Governor, see www.gov.texas.gov.

Most of the federal and state actions and policies under the aforementioned disaster declarations are focused on limiting instances where the public can congregate or interact with each other, which affects the operation of businesses and directly impacts the economy. Since the disaster declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide. Stock values and crude oil prices, in the United States and globally, have seen significant declines attributed to COVID-19 concerns. Texas may be particularly at risk from any global slowdown, given the prevalence of international trade in the State and the risk of contraction in the oil and gas industry and spillover effects into other industries.

Such adverse economic conditions, if they continue, may reduce or negatively affect economic conditions in the City PID and lead to unemployment for property owners within the City PID or may otherwise have a negative impact on the sale

of parcels, lots or homes within the City PID. The Bonds are secured by Contract Revenues consisting of Assessments levied on benefitted property within the City PID. If lot or home sales are negatively impacted by the Pandemic, the City PID Developers will continue to be responsible for the payment of the Assessments on the lots and homes owned by them.

The District continues to monitor the spread of COVID-19 and is working with local, state, and national agencies to address the potential impact of the Pandemic upon the District. While the potential impact of the Pandemic on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition. None of the District, the Financial Advisor, the Underwriter or the City PID Developers can predict the impact the Pandemic may have on the District, the financial and operating condition of the City PID Developers, the projected buildout schedule, home prices and buildout values or an investment in the Bonds.

Risk from Weather Events

All of the State, including the City and the District, is subject to extreme weather events that can cause loss of life and damage to property through strong winds, flooding, heavy rains and freezes, including events similar to the severe winter storm that the continental United States experienced in February 2021, which resulted in disruptions in the Electric Reliability Council of Texas power grid and prolonged blackouts throughout the State. It is impossible to predict whether similar events will occur in the future and the impact they may have on the City or the District, including land within the City PID.

Judicial Foreclosures

Judicial foreclosure proceedings are not mandatory; however, the City has covenanted in the Interlocal Agreement to order and cause such actions to be commenced, and the District has covenanted to take all action necessary to pursue Contract Revenues as outlined in the Indenture. In the event a foreclosure is necessary, there could be a delay in payments to owners of the Bonds pending prosecution of the foreclosure proceedings and receipt by the District of the proceeds of the foreclosure sale. It is possible that no bid would be received at the foreclosure sale, and, in such event, there could be an additional delay in payment of the principal of and interest on the Bonds or such payment may not be made in full. Moreover, in filing a suit to foreclose, the City must join other taxing units that have claims for delinquent taxes against all or part of the same property; the proceeds of any sale of property within the District available to pay debt service on the Bonds may be limited by the existence of other tax liens on the property. See "OVERLAPPING TAXES AND DEBT." Collection of delinquent taxes, assessments and the Assessments may be adversely affected by the effects of market conditions on the foreclosure sale price, and by other factors, including taxpayers' right to redeem property within two years of foreclosure for residential and agricultural use property and six months for other property, and by a time-consuming and expensive collection procedure.

No Credit Rating

The District has not applied for or received a rating on the Bonds. Even if a credit rating had been sought for the Bonds, it is not anticipated that such a rating would have been investment grade. The absence of a rating could affect the future marketability of the Bonds. There is no assurance that a secondary market for the Bonds will develop or that holders who desire to sell their Bonds prior to the stated maturity will be able to do so. Occasionally, because of general market conditions or because of adverse history or economic prospects connected with a particular issue, secondary market trading in connection with a particular issue is suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon then generally prevailing circumstances. Such prices could be substantially different from the original purchase price.

Limited Secondary Market for the Bonds

The Bonds may not constitute a liquid investment, and there is no assurance that a liquid secondary market will exist for the Bonds in the event an Owner thereof determines to solicit purchasers for the Bonds. Even if a liquid secondary market exists, there can be no assurance as to the price for which the Bonds may be sold. Such price may be lower than that paid by the current Owners of the Bonds, depending on the progress of development of the City PID subject to the Assessments, existing real estate and financial market conditions and other factors.

TAX MATTERS

Opinion

Bond Counsel will render its opinion that, under existing law, and assuming compliance with certain covenants and the accuracy of certain representations, discussed below, interest on the Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax. (See APPENDIX F – Form of Bond Counsel’s Opinion.)

Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”) establishes certain requirements that must be met at and subsequent to the issuance of the Bonds in order for interest on the Bonds to be and remain excludable from federal gross income. Included among these continuing requirements are certain restrictions and prohibitions on the use of bond proceeds, yield and other restrictions on the investment of gross proceeds and other amounts, and the arbitrage rebate requirement that certain earnings on gross proceeds be rebated to the federal government. Failure to comply with these continuing requirements may cause interest on the Bonds to become includable in gross income for federal income tax purposes retroactively to the date of their issuance. The District has covenanted to comply with certain procedures, and has made certain representations and certifications designed to assure compliance with these Code requirements. In rendering its opinion, Bond Counsel will rely on these covenants, on representations and certifications of the District relating to matters solely within its knowledge (which Bond Counsel has not independently verified), and will assume continuing compliance by the District.

The statutes, regulations, published rulings, and court decisions on which Bond Counsel has based its opinion are subject to change by Congress, as well as to subsequent judicial and administrative interpretation by courts and the Internal Revenue Service (the “Service”). No assurance can be given that such law or its interpretation will not change in a manner that would adversely affect the tax treatment of receipt or accrual of interest on, or the acquisition, ownership, market value, or disposition of, the Bonds. No ruling concerning the tax treatment of the Bonds has been sought from the Service, and the opinion of Bond Counsel is not binding on the Service. The Service has an ongoing audit program of tax-exempt obligations to determine whether, in the Service’s view, interest on such tax-exempt obligations is excludable from gross income for federal income tax purposes. No assurance can be given regarding whether or not the Service will commence an audit of the Bonds. If such an audit were to be commenced, under current procedures, the Service would treat the District as the taxpayer, and owners of the Bonds would have no right to participate in the audit process. In this regard, in responding to or defending an audit with respect to the Bonds, the District might have different or conflicting interests from those of the owners of the Bonds.

In rendering the foregoing opinions, Bond Counsel will rely upon the representations and certifications of the District made in a certificate dated the date of delivery of the Bonds pertaining to the use, expenditure, and investment of the proceeds of the Bonds and will assume continuing compliance with the provisions of the Order subsequent to the issuance of the Bonds. The Order contains covenants by the District with respect to, among other matters, the use of the proceeds of the Bonds, the manner in which the proceeds of the Bonds are to be invested, the reporting of certain information to the United States Treasury, and rebating any arbitrage profits to the United States Treasury. Failure to comply with any of these covenants would cause interest on the Bonds to be includable in the gross income of the owners thereof from date of the issuance of the Bonds.

The opinions set forth above are based on existing law and Bond Counsel’s knowledge of relevant facts on the date of issuance of the Bonds. Such opinions are an expression of professional judgment and are not a guarantee of result. Except as stated above, Bond Counsel expresses no opinion regarding any other federal, state, or local tax consequences under current law or proposed legislation resulting from the receipt or accrual of interest on, or the acquisition, ownership, or disposition of, the Bonds. Further, Bond Counsel assumes no obligation to update or supplement its opinions to reflect any facts or circumstances that may come to its attention or any changes in law that may occur after the issuance date of the Bonds. In addition, Bond Counsel has not undertaken to advise in the future whether any events occurring after the issuance date of the Bonds may affect the tax-exempt status of interest on the Bonds.

Original Issue Discount

Certain of the Bonds (the “Discount Bonds”) may be offered and sold to the public at an “original issue discount” (“OID”). OID is the excess of the stated redemption price at maturity (the principal amount) over the “issue price” of such Bonds. In general, the issue price of Discount Bonds is the first price at which a substantial amount of Discount Bonds of the same maturity are sold to the public (other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers).

For federal income tax purposes, OID accrues to the owner of a Discount Bond over such Discount Bond's period to maturity based on the constant interest rate method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). Bond Counsel is of the opinion that the portion of OID that accrues during the ownership period of a Discount Bond (i) is interest excludable from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as is other interest on the Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, sale, or other disposition of that Discount Bond. OID may be treated as continuing to accrue even if payment of the Discount Bonds becomes doubtful in the event that the District encounters financial difficulties, and it is treated as interest earned by cash-basis owners, even though no cash corresponding to the accrual is received in the year of accrual. An owner's adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Discount Bond.

The federal income tax consequences of the acquisition, ownership, redemption, sale, or other disposition of Discount Bonds not purchased in the initial offering at the initial offering price may be determined according to rules different from those described above. Owners of such Discount Bonds should consult their tax advisors regarding the federal, state, and local income tax treatment and consequences of acquisition, ownership, redemption, sale, or other disposition of such Discount Bonds.

Original Issue Premium

Certain maturities of the Bonds (the "Premium Bonds") may be offered and sold to the public at prices greater than their stated redemption prices (the principal amount) payable at maturity ("Bond Premium"). In general, under section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner's yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such Bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner's regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Collateral Tax Consequences Summary

The following discussion is a brief discussion of certain collateral federal income tax consequences resulting from the purchase, ownership, or disposition of the Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a Bond. This discussion is based on existing statutes, regulations, published rulings, and court decisions, all of which are subject to change or modification, retroactively. Prospective investors should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by section 884 of the Code.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. PROSPECTIVE INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP, AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under section 6012 of the Code, owners of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax exempt obligation, such as the Bonds, if such obligation was acquired at a “market discount” and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to “market discount bonds” to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A “market discount bond” is one which is acquired by the owner at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the “revised issue price” (i.e., the issue price plus accrued original issue discount). The “accrued market discount” is the amount which bears the same ratio of the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local, and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership, or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Changes in Law

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under federal or state law or otherwise prevent owners of the Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the Bonds.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

LEGAL MATTERS

Legal Proceedings

Delivery of the Bonds will be accompanied by the unqualified approving legal opinion of the Attorney General to the effect that the Bonds are valid and legally binding obligations of the District under the Constitution and laws of the State, payable from the proceeds of the Pledged Revenues and, based upon their examination of a transcript of certified proceedings relating to the issuance and sale of the Bonds, the legal opinion of Bond Counsel, to a like effect.

Winstead PC, Dallas, Texas, serves as Bond Counsel and Disclosure Counsel to the District. Locke Lord LLP serves as Underwriter’s Counsel. The legal fees paid to Bond Counsel, Disclosure Counsel and Underwriter’s Counsel are contingent upon the sale and delivery of the Bonds.

Legal Opinions

The District will furnish the Underwriter a transcript of certain certified proceedings incident to the authorization and issuance of the Bonds. Such transcript will include a certified copy of the approving opinion of the Attorney General of Texas, as recorded in the Bond Register of the Comptroller of Public Accounts of the State, to the effect that the Bonds are valid and binding special obligations of the District. The District will also furnish the legal opinion of Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and binding special obligations of the District under the Constitution and laws of the State. The legal opinion of Bond Counsel will further state that the Bonds, including principal of and interest thereon, are payable from and secured by a pledge of and lien on the Pledged Revenues. Bond Counsel will also provide a legal opinion to the effect that interest on the Bonds will be excludable from gross income for federal income tax purposes under Section 103(a) of the Code, subject to the matters described above under the caption “TAX MATTERS,” including the alternative minimum tax consequences for corporations. A copy of the opinion of Bond Counsel is attached hereto as “APPENDIX F — Form of Opinion of Bond Counsel.”

Except as noted below, Bond Counsel did not take part in the preparation of the Limited Offering Memorandum, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained therein, except that, in its capacity as Bond Counsel, such firm has reviewed the information describing the Bonds in the Limited Offering Memorandum under the captions or subcaptions “PLAN OF FINANCE — The Bonds” (except for the last paragraph thereof), “DESCRIPTION OF THE BONDS,” “SECURITY FOR THE BONDS” (except for the last paragraph

under the subcaption “General” and the last sentence under the subcaption “Pledged Revenues”), “ASSESSMENT PROCEDURES” (except for the subcaptions “Assessment Methodology” and “Assessment Amounts”), “THE DISTRICT,” “TAX MATTERS,” “LEGAL MATTERS — Legal Proceedings” (except for the last paragraph thereof), “LEGAL MATTERS — Legal Opinions,” “CONTINUING DISCLOSURE— The District” (first paragraph only), “REGISTRATION AND QUALIFICATION OF BONDS FOR SALE,” “LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS” and APPENDIX B and such firm is of the opinion that the information relating to the Bonds, the Bond Order and the Indenture contained therein fairly and accurately describes the laws and legal issues addressed therein and, with respect to the Bonds, such information conforms to the Bond Order and the Indenture.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Litigation — The District

At the time of delivery and payment for the Bonds, the District will certify that, except as disclosed herein, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, pending or overtly threatened against the District affecting the existence of the District, or seeking to restrain or to enjoin the sale or delivery of the Bonds, the application of the proceeds thereof, in accordance with the Indenture, or the collection or application of Contract Revenues securing the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds, the Bond Order, the Interlocal Agreement, the Reimbursement Agreement, the Indenture, any action of the District contemplated by any of the said documents, or the collection or application of the Pledged Revenues, or in any way contesting the completeness or accuracy of this Limited Offering Memorandum or any amendment or supplement thereto, or contesting the powers of the District or its authority with respect to the Bonds or any action of the District contemplated by any documents relating to the Bonds.

Litigation — The City PID Developer

At the time of delivery and payment for the Bonds, the City PID Developers will certify that, except as disclosed herein, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory body, public board or body pending, or, to the best knowledge of the City PID Developers, threatened against or affecting the City PID Developers wherein an unfavorable decision, ruling or finding would have a material adverse effect on the financial condition or operations of the City PID Developers or its manager or member or would adversely affect (1) the transactions contemplated by, or the validity or enforceability of, the Bonds, the Indenture, the Bond Order, the Service and Assessment Plan, Construction, Funding and Acquisition Agreement, the Development Agreement or the Bond Purchase Agreement, or otherwise described in this Limited Offering Memorandum, or (2) the tax-exempt status of interest on the Bonds (individually or in the aggregate, a “Material Adverse Effect”). Additionally, principals of the City PID Developers and their affiliated entities have been and are parties to pending and threatened litigation related to their commercial and real estate development activities. Such litigation occurs in the ordinary course of business and is not expected to have a Material Adverse Effect.

SUITABILITY FOR INVESTMENT

Investment in the Bonds poses certain economic risks. See “BONDHOLDERS’ RISKS”. The Bonds are not rated by any nationally recognized municipal securities rating service. No dealer, broker, salesman or other person has been authorized by the District or the Underwriter to give any information or make any representations, other than those contained in this Limited Offering Memorandum, and, if given or made, such other information or representations must not be relied upon as having been authorized by either of the foregoing. Additional information will be made available to each prospective investor, including the benefit of a site visit to the District and the opportunity to ask questions of the City PID Developers, as such prospective investor deems necessary in order to make an informed decision with respect to the purchase of the Bonds.

ENFORCEABILITY OF REMEDIES

While the Bonds are not subject to registration under the Securities Act, the District has determined that the Bonds are not suitable for investment by persons other than Approved Investors. Prospective investors should have such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the

Bonds and should have the ability to bear the economic risks of such prospective investment, including a complete loss of such investment.

The remedies available to the owners of the Bonds upon an event of default under the Indenture are in many respects dependent upon judicial actions, which are often subject to discretion and delay. See “BONDHOLDERS’ RISKS — Remedies and Bankruptcy.” Under existing constitutional and statutory law and judicial decisions, including the federal bankruptcy code, the remedies specified by the Indenture and the Bonds may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Bonds will be qualified, as to the enforceability of the remedies provided in the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors and enacted before or after such delivery.

NO RATING

No application for a rating on the Bonds has been made to any rating agency, nor is there any reason to believe that the District would have been successful in obtaining an investment grade rating for the Bonds had application been made.

CONTINUING DISCLOSURE

The District

Pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the “Rule”), the District and MuniCap, Inc. (the “Dissemination Agent”) will enter into a Continuing Disclosure Agreement (the “District Disclosure Agreement”) for the benefit of the Owners of the Bonds (including owners of beneficial interests in the Bonds), to provide, by certain dates prescribed in the District Disclosure Agreement, certain financial information and operating data relating to the District (collectively, the “District Reports”). The specific nature of the information to be contained in the District Reports is set forth in “APPENDIX G-1 — FORM OF DISTRICT DISCLOSURE AGREEMENT.” Under certain circumstances, the failure of the District to comply with its obligations under the District Disclosure Agreement constitutes an event of default thereunder. Such a default will not constitute an event of default under the Indenture, but such event of default under the District Disclosure Agreement would allow the Owners of the Bonds (including owners of beneficial interests in the Bonds) to bring an action for specific performance.

The District has agreed to update information and to provide notices of certain specified events only as provided in the District Disclosure Agreement. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided in this Limited Offering Memorandum, except as provided in the District Disclosure Agreement. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell the Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of the District Disclosure Agreement or from any statement made pursuant to the District Disclosure Agreement.

The City PID Developers

The City PID Developers, the Administrator, and the Dissemination Agent will enter into a Continuing Disclosure Agreement (the “City PID Developer Disclosure Agreement”) for the benefit of the Owners of the Bonds (including owners of beneficial interests in the Bonds), to provide, by certain dates prescribed in the City PID Developer Disclosure Agreement, certain information regarding the Development and the Phase #1A-1B Improvements (collectively, the “City PID Developer Reports”). The specific nature of the information to be contained in the City PID Developer Reports is set forth in “APPENDIX G-2 — FORM OF CITY PID DEVELOPER DISCLOSURE AGREEMENT.” Under certain circumstances, the failure of the City PID Developers or the Administrator to comply with their respective obligations under the City PID Developer Disclosure Agreement constitutes an event of default thereunder. Such a default will not constitute an event of default under the Indenture, but such event of default under the City PID Developer Disclosure Agreement would allow the Owners of the Bonds (including owners of beneficial interests in the Bonds) to bring an action for specific performance.

The City PID Developers have agreed to provide (i) certain updated information to the Administrator, which consultant will prepare and provide such updated information in report form and (ii) notices of certain specified events, only as provided in the City PID Developer Disclosure Agreement. The City PID Developers have not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided in this Limited Offering Memorandum, except as provided in the City PID Developer

Disclosure Agreement. The City PID Developers make no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell the Bonds at any future date. The City PID Developers disclaim any contractual or tort liability for damages resulting in whole or in part from any breach of the City PID Developer Disclosure Agreement or from any statement made pursuant to the City PID Developer Disclosure Agreement.

UNDERWRITING

FMSbonds, Inc. (the “Underwriter”) has agreed to purchase the Bonds from the District at a purchase price of \$ _____ (the par amount of the Bonds, less an underwriting discount of \$ _____, which includes Underwriter’s Counsel’s fee of \$ _____). The Underwriter’s obligations are subject to certain conditions precedent and if obligated to purchase any of the Bonds the Underwriter will be obligated to purchase all of the Bonds. The Bonds may be offered and sold by the Underwriter at prices lower than the initial offering prices stated on the inside cover page hereof, and such initial offering prices may be changed from time to time by the Underwriter.

REGISTRATION AND QUALIFICATION OF BONDS FOR SALE

The sale of the Bonds has not been registered under the Federal Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2); and the Bonds have not been qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been qualified under the securities acts of any other jurisdiction. The District assumes no responsibility for qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

LEGAL INVESTMENT AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS

Section 1201.041 of the Public Security Procedures Act (Chapter 1201, Texas Government Code, as amended) provide that the Bonds are negotiable instruments and investment securities governed by Chapter 8, Texas Business and Commerce Code, as amended, and are legal and authorized investments for insurance companies, fiduciaries, trustees, or for the sinking funds of municipalities or other political subdivisions or public agencies of the State. With respect to investment in the Bonds by municipalities or other political subdivisions or public agencies of the State, the PFIA requires that the Bonds be assigned a rating of at least “A” or its equivalent as to investment quality by a national rating agency. See “NO RATING” above. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Bonds are legal investments for state banks, savings banks, trust companies with capital of one million dollars or more, and savings and loan associations. The Bonds are eligible to secure deposits to the extent of their market value. No review by the District has been made of the laws in other states to determine whether the Bonds are legal investments for various institutions in those states. No representation is made that the Bonds will be acceptable to public entities to secure their deposits or acceptable to such institutions for investment purposes.

The District made no investigation of other laws, rules, regulations or investment criteria which might apply to such institutions or entities or which might limit the suitability of the Bonds for any of the foregoing purposes or limit the authority of such institutions or entities to purchase or invest in the Bonds for such purposes.

INVESTMENTS

The District invests its funds in investments authorized by Texas law in accordance with investment policies approved by the Board of Directors. Both Texas law and the District’s investment policies are subject to change.

In addition, bond proceeds may be invested in guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities in an amount at least equal to the amount of bond proceeds invested under such contract, other than the prohibited obligations described in the next succeeding paragraph.

The District may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than "AAA" or "AAA-m" or an equivalent by at least one nationally recognized rating service. The District may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the District retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the District must do so by order, ordinance,

or resolution. The District is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for District funds, the maximum allowable stated maturity of any individual investment, the maximum average dollar-weighted maturity allowed for pooled fund groups, methods to monitor the market price of investments acquired with public funds, a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis, and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments consistent with the PFIA. All District funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under Texas law, District investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." At least quarterly the investment officers of the District shall submit an investment report detailing: (1) the investment position of the District, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, the ending market value and the fully accrued interest for the reporting period of each pooled fund group, (4) the book value and market value of each separately listed asset and fund type invested at the beginning and end of the reporting period by the type of asset and fund type invested, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) state law. No person may invest District funds without express written authority from the Board of Directors.

Under Texas law the District is additionally required to: (1) annually review its adopted policies and strategies; (2) adopt a rule, order, ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the respective rule, order, ordinance or resolution; (3) require any investment officers' with personal business relationships or relatives with firms seeking to sell securities to the District to disclose the relationship and file a statement with the Texas Ethics Commission and the Board of Directors; (4) require the registered principal of firms seeking to sell securities to the District to: (a) receive and review the District's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the District and the business organization that are not authorized by the District's investment policy (except to the extent that this authorization is dependent on an analysis of the makeup of the District's entire portfolio, requires an interpretation of subjective investment standards or relates to investment transactions of the entity that are not made through accounts or other contractual arrangements over which the business organization has accepted discretionary investment authority), and (c) deliver a written statement attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the District's investment policy; (6) provide specific investment training for the officers of the District; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement; (8) restrict the investment in no-load mutual funds in the aggregate to no more than 15% of the entity's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements; and (10) at least annually review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the District.

(b) Until exchanged for Bonds in definitive form, such Bonds in temporary form shall be entitled to the benefit and security of this Indenture.

(c) The District, without unreasonable delay, shall prepare, execute and deliver to the Trustee the Bonds in definitive form; thereupon, upon the presentation and surrender of the Bond or Bonds in temporary form to the Paying Agent/Registrar, the Paying Agent/Registrar shall cancel the Bonds in temporary form and the Trustee shall authenticate and deliver in exchange therefore a Bond or Bonds of the same maturity and series, in definitive form, in the Authorized Denomination, and in the same aggregate principal amount, as the Bond or Bonds in temporary form surrendered. Such exchange shall be made without the making of any charge therefor to any Owner.

Section 3.10 Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Trustee shall authenticate and deliver in exchange therefor a replacement Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding. The District or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Trustee, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like tenor and principal amount bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements;

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the Trustee to save them and the District harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Trustee and the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the District and the Trustee.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the District and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the Person to whom it was delivered or any Person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the District, the Paying Agent/Registrar or the Trustee in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the District and shall be entitled to the benefits and security of this Indenture to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.11 Book-Entry Only System.

The Bonds shall initially be issued in book-entry-only form and shall be deposited with DTC, which is hereby appointed to act as the securities depository therefor, in accordance with the letter of representations from the District to DTC. On the Closing Date the definitive Bonds shall be issued in the form of a single typewritten certificate for each maturity thereof registered in the name of Cede & Co., as nominee for DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the District and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any Person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the District and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other Person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other Person, other than an Owner, as shown in the Register, of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Indenture to the contrary, the District and the Paying Agent/Registrar shall be entitled to treat and consider the Person in whose name each Bond is registered in the Register as the absolute owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering a transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective Owners as shown in the Register, as provided in this Indenture, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No Person other than an Owner, as shown in the Register, shall receive a Bond certificate evidencing the obligation of the District to make payments of amounts due pursuant to this Indenture. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Indenture with respect to interest checks or drafts being mailed to the registered owner at the close of business on the relevant Record Date, the word "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

Section 3.12 Successor Securities Depository: Transfer Outside Book-Entry-Only System.

In the event that the District determines that DTC is incapable of discharging its responsibilities described herein and in the letter of representations from the District to DTC, the District shall (i) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository; or (ii) notify DTC and DTC Participants of the availability through DTC of certificated Bonds and cause the Paying Agent/Registrar to transfer

one or more separate registered Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Indenture.

Section 3.13 Payments to Cede & Co.

Notwithstanding any other provision of this Indenture to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bonds, and all notices with respect to such Bonds shall be made and given, respectively, in the manner provided in the blanket letter of representations from the District to DTC.

Section 4.1 Limitation on Redemption.

The Bonds shall be subject to redemption before their scheduled maturity only as provided in this Article IV.

Section 4.2 Mandatory Sinking Fund Redemption.

(a) The Bonds are subject to mandatory sinking fund redemption prior to their respective maturities and will be redeemed by the District in part at a price of 100% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, from money available for such purpose in the Principal and Interest Account of the Bond Fund pursuant to Article VI, on the dates and in the respective sinking fund installments as set forth in the following schedule:

\$ _____ Term Bond, Maturing on September 15, 20__

Redemption Dates (September 15)	Sinking Fund Installments

\$ _____ Term Bond, Maturing on September 15, 20__

Redemption Dates (September 15)	Sinking Fund Installments

\$ _____ Term Bond, Maturing on September 15, 20__

Redemption Dates (September 15)	Sinking Fund Installments

At least forty-five (45) days prior to each sinking fund redemption date, the Trustee shall select a principal amount of Bonds of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory redemption date, and shall give notice of such redemption, as provided in Section 4.6.

(b) The principal amount of Bonds of a stated maturity required to be redeemed on any redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced, at the option of the District, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the sinking fund redemption date shall have been acquired by the District at a price not exceeding the principal amount of such Bonds plus accrued unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

(c) The principal amount of Bonds of a stated maturity required to be redeemed on any redemption date pursuant to subparagraph (a) of this Section 4.2 shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds of such maturity which, at least 45 days prior to the sinking fund redemption date, shall have been redeemed pursuant to the optional redemption, extraordinary optional redemption or

extraordinary mandatory redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.3 Optional Redemption.

The District reserves the right and option to redeem Bonds before their scheduled maturity dates, in whole or in part, on any date on or after September 15, 20__, such redemption date or dates to be fixed by the District, at a redemption price equal to par plus accrued interest to the date fixed for redemption (the “Redemption Price”).

Section 4.4 Extraordinary Redemption.

(a) *Extraordinary Optional Redemption.* The District reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part, on the fifteenth day of any month, at 100% of the principal amount of such Bonds, or portions thereof, to be redeemed plus accrued and unpaid interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Contract Revenues derived from Prepayments and transferred to the Redemption Fund pursuant to Section 6.3(d) (including related transfers to the Redemption Fund as provided in Section 6.7(c)) and transfers to the Redemption Fund made pursuant to Sections 6.3(e), 6.4(c), 6.5(d), 6.5(f), 6.7(a), 6.7(c), 6.7(e), 6.7(f), or 6.7(h) hereof.

(b) *Extraordinary Mandatory Redemption.* The Bonds are subject to extraordinary mandatory redemption before their respective scheduled maturity dates, in whole or in part, on the next scheduled Interest Payment Date at a redemption price equal to 100% of the aggregate principal amount of the Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption to the extent that money is transferred to the Redemption Fund as a result of unexpended amounts in the Project Fund as provided in Section 6.5(d) hereof.

Section 4.5 Partial Redemption.

(a) If less than all of the Bonds are to be redeemed pursuant to Sections 4.2, 4.3 or 4.4, Bonds shall be redeemed in minimum principal amounts of \$25,000 or any integral of \$1,000 in excess thereof by any method selected by the Trustee resulting in a random selection. Each Bond shall be treated as representing the number of Bonds that is obtained by dividing the principal amount of such Bond by the smallest Authorized Denomination for such Bond.

(b) A portion of a single Bond of a denomination greater than an Authorized Denomination may be redeemed, but only in a principal amount equal to \$25,000 or any integral of \$1,000 in excess thereof. The Trustee shall treat each \$1,000 portion of such Bond as though it were a single bond for purposes of selection for redemption. No redemption shall result in a Bond in a denomination of less than the Authorized Denomination in effect at that time.

(c) Upon surrender of any Bond for redemption in part, the Trustee in accordance with Section 3.7 of this Indenture, shall authenticate and deliver and exchange the Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered, such exchange being without charge.

Section 4.6 Notice of Redemption to Owners.

(a) The Trustee shall give notice of any redemption of Bonds by sending notice by first class United States mail, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown in the Register.

(b) The notice shall state the redemption date, the Redemption Price or the amount of Bonds to be redeemed plus accrued interest to the date thereof, as applicable, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, and subject to Section 4.5 hereof, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable.

(c) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

(d) The District has the right to rescind any optional redemption or extraordinary optional redemption described in Section 4.3 or 4.4 by written notice to the Trustee on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption, and such cancellation shall not constitute an Event of Default under this Indenture. The Trustee shall mail notice of rescission of redemption in the same manner notice of redemption was originally provided.

(e) With respect to any optional redemption of the Bonds, unless the Trustee has received funds sufficient to pay the Redemption Price of the Bonds to be redeemed before giving of a notice of redemption, the notice may state the District may condition redemption on the receipt of such funds by the Trustee on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient funds are not received, the notice shall be of no force and effect, the District shall not redeem the Bonds and the Trustee shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 4.7 Payment Upon Redemption.

(a) The Trustee shall make provision for the payment of the Bonds to be redeemed on such date by setting aside and holding in trust an amount from the Redemption Fund or otherwise received by the Trustee from the District and shall use such funds solely for the purpose of paying (i) the Redemption Price on the Bonds being optionally redeemed or (ii) the principal amount plus accrued interest thereon of the Bonds being extraordinarily redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the designated corporate trust office of the Trustee on or after the date fixed for redemption, the Trustee shall pay the Redemption Price or principal amount plus accrued interest thereon, as applicable, on such Bond to the date of redemption from the money set aside for such purpose.

Section 4.8 Effect of Redemption.

Notice of redemption having been given as provided in Section 4.6 of this Indenture, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption provided that funds for the payment of the principal amount and premium, if any, plus accrued unpaid interest on such Bonds to the date fixed for redemption are on deposit with the Trustee; thereafter, such Bonds or portions thereof shall cease to bear interest from and after the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

ARTICLE V
FORM OF THE BONDS

Section 5.1 Form Generally.

(a) The Bonds, including the Registration Certificate of the Comptroller of Public Accounts of the State of Texas, the Certificate of the Trustee, and the Assignment to appear on each of the Bonds, (i) shall be substantially in the form set forth in Exhibit A to this Indenture with such appropriate insertions, omissions, substitutions, and other variations as are permitted or required by this Indenture, and (ii) may have such letters, numbers, or other marks of identification (including identifying numbers and letters of the Committee on Uniform Securities Identification Procedures of the American Bankers Association) and such legends and endorsements (including any reproduction of an opinion of counsel) thereon as, consistently herewith, may be determined by the District or by the officers executing such Bonds, as evidenced by their execution thereof.

It is expressly provided, however, that the presence or absence of CUSIP numbers on the Bonds shall be of no significance or effect as regards the legality thereof and neither the District, the Trustee, nor the attorneys approving said Bonds as to legality are to be held responsible for CUSIP numbers incorrectly printed on the Bonds.

Section 5.3 Legal Opinion.

The approving legal opinion of Winstead PC, Bond Counsel, may be printed on or attached to each Bond over the certification of the President or Vice President of the District, which may be executed in facsimile.

From amounts deposited to the Pledged Revenue Fund, the District shall transfer or cause to be transferred Pledged Revenues with the Trustee as follows: (i) first, to the Bond Pledged Revenue Account of the Pledged Revenue Fund in an amount sufficient to pay debt service, including Sinking Fund Installments, on the Bonds next coming due, (ii) second, to the Reserve Fund in an amount to cause the amount in the Reserve Fund to equal the Reserve Fund Requirement, and (iii) third, to pay other costs permitted or authorized by the Act and the PID Act.

(b) From time to time as needed to pay the obligations relating to the Bonds, but no later than five (5) Business Days before each Interest Payment Date, the Trustee shall withdraw from the Bond Pledged Revenue Account and transfer to the Principal and Interest Account of the Bond Fund, an amount, taking into account any amounts then on deposit in such Principal and Interest Account and any expected transfers from the Capitalized Interest Account to the Principal and Interest Account, such that the amount on deposit in the Principal and Interest Account equals the principal (including any Sinking Fund Installments) and interest due on the Bonds on the next Interest Payment Date.

(f) After satisfaction of the requirement to provide for the payment of the principal and interest on the Bonds and to fund any deficiency that may exist in the Reserve Fund, the Trustee, at the direction of the District and the City, may apply any Pledged Revenues remaining for any lawful purpose for which Pledged Revenues may be used under the Act and the PID Act.

Section 6.4 Bond Fund.

(a) On each Interest Payment Date, the Trustee shall withdraw from the Principal and Interest Account and transfer to the Paying Agent/Registrar the principal (including any Sinking Fund Installments) and interest then due and payable on the Bonds, less any amount to be used to pay interest on the Bonds on such Interest Payment Date from the Capitalized Interest Account as provided below.

(b) If amounts in the Principal and Interest Account are insufficient for the purposes set forth in paragraph (a) above, the Trustee shall withdraw from the Reserve Fund, as provided in Section 6.7(e) herein, amounts to cover the amount of such insufficiency. Amounts so withdrawn from the Reserve Fund shall be deposited in the Principal and Interest Account and transferred to the Paying Agent/Registrar.

Any amounts on deposit to the Capitalized Interest Account after the payment of interest on the dates and in the amounts listed above shall be transferred to the Phase #1A Improvements Account of the Project Fund or the Phase #1B Improvements Account of the Project Fund, as applicable, or if the Phase #1A Improvements Account of the Project Fund and the Phase #1B Improvements Account have been closed as provided in Section 6.5(f) herein, such amounts shall be transferred to the Redemption Fund to be used to redeem Bonds and the Capitalized Interest Account shall be closed.

Section 6.5 Project Fund.

(a) Money on deposit in the Project Fund shall be used for the purposes specified in Section 3.1 hereof.

(b) Any funds received at Closing pursuant to the Phase #1A Construction Funding Agreement and the Phase #1B Construction Funding Agreement shall be applied as provided therein. Such provisions and procedures are herein incorporated by reference and deemed set forth herein in full.

(c) Disbursements from the Costs of Issuance Account of the Project Fund shall be made by the Trustee to pay costs of issuance of the Bonds pursuant to the instructions on the memorandum to be issued (the “Closing Memorandum”) as of the Closing Date.

(d) Funds in the Phase #1A Improvements Account and the Phase #1A Developer Improvement Account shall be used to pay the Phase #1A Costs. Disbursements from the Phase #1A Improvements Account or the Phase #1A Developer Improvement Account to pay Phase #1A Costs shall be made by the Trustee upon receipt by the Trustee of a properly executed and completed Certification for Payment (attached as Exhibit C to the Phase #1A Construction Funding Agreement). The Trustee shall disburse amounts first from the Phase #1A Improvements Account, and second, upon depletion of the Phase #1A Improvements Account, from the Phase #1A Developer Improvement Account, to pay Phase #1A Costs as provided in the Phase #1A Construction Funding Agreement. Each properly executed and completed Certification for Payment shall set forth the amount of the Phase #1A Costs to be paid from the Phase #1A Improvements Account and the Phase #1A Developer Improvement Account.

If such District Order is so filed with respect to the Phase #1A Improvements Account, the amounts on deposit in the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, shall be transferred, at the election of the District, to the Redemption Fund to redeem Bonds on the earliest practicable date after notice of redemption has been provided in accordance with this Indenture.

(g) In making any determination pursuant to this Section, the District Representative may conclusively rely upon a certificate of an Independent Financial Consultant.

(h) Upon the filing of a District Order stating that all Phase #1A-1B Improvements have been completed and that (i) all Phase #1A Costs and Phase #1B Costs have been paid, or (ii) that any such Phase #1A Costs are not required to be paid from the Phase #1A Improvements Account and Phase #1B Costs are not required to be paid from Phase #1B Improvements Account of the Project Fund, the Trustee shall transfer the amount, if any, remaining within the Project Fund to the Bond Fund or the Redemption Fund, as directed by a District Order filed with the Trustee, and the Project Fund shall be closed. If the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, is closed as provided above, the Trustee shall transfer any remaining amount in the Phase #1A Developer Improvement Account to the Phase #1A Developer or the Phase #1B Developer Improvement Account to the Phase #1B Developer, as applicable, and shall close the Phase #1A Developer Improvement Account or the Phase #1B Developer Improvement Account, as applicable.

(i) Upon a determination by the District Representative that all costs of issuance of the Bonds have been paid, any amounts remaining in the Costs of Issuance Account shall be transferred to the Phase #1A Improvements Account or the Phase #1B Improvements Account of

the Project Fund, as applicable, and used to pay Costs or to the Principal and Interest Account of the Bond Fund and used to pay interest on the Bonds, as directed by the District in a District Order filed with the Trustee, and the Costs of Issuance Account shall be closed.

Section 6.6 Redemption Fund.

The Trustee shall cause to be deposited to the Redemption Fund from the Bond Pledged Revenue Account of the Pledged Revenue Fund an amount sufficient to redeem Bonds as provided in Sections 4.3 and 4.4 on the dates specified for redemption as provided in Sections 4.3 and 4.4. Amounts on deposit in the Redemption Fund shall be used and withdrawn by the Trustee to redeem Bonds as provided in Article IV.

Section 6.7 Reserve Fund.

(a) The District agrees with the Owners of the Bonds, to accumulate, and when accumulated, maintain in the Reserve Fund an amount equal to not less than the Reserve Fund Requirement. All amounts deposited in the Reserve Fund shall be used and withdrawn by the Trustee for the purpose of making transfers to the Principal and Interest Account of the Bond Fund as provided in this Indenture.

(b) Whenever a transfer is made from the Reserve Fund to the Bond Fund due to a deficiency in the Bond Fund as provided in subsection (e) of this Section 6.7, the Trustee shall provide written notice thereof to the District, specifying the amount withdrawn and the source of said funds.

(c) Whenever Bonds are to be redeemed with Contract Revenues derived from Prepayments pursuant to Section 4.4, a proportionate amount in the Reserve Fund, as directed by the District Representative, shall be transferred on the Business Day prior to the redemption date by the Trustee to the Redemption Fund to be applied to the redemption of Bonds. The amount so transferred from the Reserve Fund shall be equal to a percentage of the amount of the Bonds redeemed with such percentage equal to the lesser of: (i) the amount required to be in the Reserve Fund, as a percentage of the Outstanding Bonds prior to the redemption, and (ii) the amount actually in the Reserve Fund, as a percentage of the Outstanding Bonds prior to the redemption.

(d) Whenever, on any Interest Payment Date, or on any other date at the written request of a District Representative, the amount in the Reserve Fund exceeds the Reserve Fund Requirement, the Trustee shall provide written notice to the District Representative of the amount of the excess. Such excess shall be transferred to the Principal and Interest Account to be used for the payment of interest on the Bonds on the next Interest Payment Date in accordance with Section 6.4 hereof, unless within thirty (30) days of such notice to the District Representative, the Trustee receives a District Order instructing the Trustee to apply such excess: (i) to pay amounts due under Section 6.8 hereof or (ii) to the Phase #1A Improvements Account or the Phase #1B Improvements Account of the Project Fund, as applicable, if such application and the expenditure of funds is expected to occur within three years of the date of this Indenture if the excess is proceeds of the Bonds.

(e) Whenever, on any principal payment date or Interest Payment Date, the amount on deposit in the Bond Fund is insufficient to pay the debt service on the Bonds due on such date, the Trustee shall transfer from the Reserve Fund to the Bond Fund the amounts necessary to cure such deficiency.

(f) At final maturity of the Bonds, the amount on deposit in the Reserve Fund shall be transferred to the Redemption Fund and applied to the payment of the Bonds.

(g) If, after a Reserve Fund withdrawal, the amount on deposit in the Reserve Fund is less than the Reserve Fund Requirement, the Trustee shall transfer from the Pledged Revenue Fund to the Reserve Fund the amount of such deficiency, in accordance with Section 6.3.

(h) If the amount held in the Reserve Fund together with the amount held in the Bond Fund and Redemption Fund is sufficient to pay the principal amount and redemption premium, if any, of all Outstanding Bonds on the next Interest Payment Date, together with the unpaid interest accrued on such Bonds as of such Interest Payment Date, the money shall be transferred to the Redemption Fund and thereafter used to redeem all Bonds as of such Interest Payment Date.

Section 6.8 Rebate Fund; Rebate Amount.

(a) The “Rebate Fund” is to be held by the Trustee in accordance with the terms and provisions of this Indenture. Amounts on deposit in the Rebate Fund shall be used solely for the purpose of paying amounts due the United States Government in accordance with the Code.

(b) In order to assure that the Rebate Amount is paid to the United States rather than to a third party, investments of funds on deposit in the Rebate Fund shall be made in accordance with the Code and the Tax Certificate.

(c) The Trustee conclusively shall be deemed to have complied with the provisions of this Section and Section 7.4(h) and shall not be liable or responsible if it follows the instructions of the District and shall not be required to take any action under this Section and Section 7.4(h) in the absence of written instructions from the District.

(d) If on any Computation Date (hereinafter defined), the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the District may direct the Trustee, pursuant to a District Order, to transfer the amount in excess of the Rebate Amount to the Bond Fund.

Section 6.9 Administrative Fund.

(a) The District shall deposit or cause to be deposited to the Administrative Fund the portion of the Contract Revenues allocated each year to pay Administrative Expenses.

(b) Money in the Administrative Fund shall be held by the Trustee separate and apart from the other Funds created and administered hereunder and used as directed by a District Order solely for the purpose of paying Administrative Expenses.

(c) The District may draw money from the Administrative Fund to pay Administrative Expenses incurred by the District (including the costs of issuing the Bonds) and Administrative Expenses incurred by the City, in either case, by delivery to the Trustee of a District Order or other written disbursement request. The Trustee shall deposit into the Administrative Fund all amounts required to be transferred to such Administrative Fund from the Pledged Revenue Fund pursuant to Section 6.3 hereof. Such amounts shall be applied by the District to pay Administrative Expenses as they become due.

Fees or charges incurred by the District payable to the Trustee in satisfaction of the District's liability to the Trustee for the services described herein shall be paid from the Administrative Fund. Other Administrative Expenses shall be paid from the Administrative Fund upon receipt by the Trustee of a District Order or other written disbursement request.

Section 6.10 Investment of Funds.

(a) Money in any Fund established pursuant to this Indenture shall be invested by the Trustee as directed by the District pursuant to a District Order filed with the Trustee at least two (2) days in advance of the making of such investment in time deposits or certificates of deposit secured in the manner required by law for public funds, or be invested in Investment Securities; provided that all such deposits and investments shall be made in such manner (which may include repurchase agreements for such investment with any primary dealer of such agreements) that the money required to be expended from any Fund will be available at the proper time or times. Such investments shall be valued each year in terms of current market value as of September 30. In the absence of a District Order filed with the Trustee, the Trustee shall have no responsibility to invest or reinvest money in any Fund established pursuant to this Indenture. For purposes of maximizing investment returns, to the extent permitted by law, money in such Funds may be invested in common investments of the kind described above, or in a common pool of such investments which shall be kept and held at an official depository bank, which shall not be deemed to be or constitute a commingling of such money or funds provided that safekeeping receipts or certificates of participation clearly evidencing the investment or investment pool in which such money is invested and the share thereof purchased with such money or owned by such Fund are held by or on behalf of each such Fund. If necessary, such investments shall be promptly sold to prevent any default.

(b) Obligations purchased as an investment of money in any Fund shall be deemed to be part of such Fund or Account, subject, however, to the requirements of this Indenture for transfer of interest earnings and profits resulting from investment of amounts in Funds and Accounts. Whenever in this Indenture any money is required to be transferred by the District to the Trustee, such transfer may be accomplished by transferring a like amount of Investment Securities.

(c) The Trustee and its affiliates may act as sponsor, advisor, depository, principal or agent in the acquisition or disposition of any investment. The Trustee shall not incur any liability for losses arising from any investments made pursuant to this Section. The Trustee shall not be required to determine the suitability or legality of any investments.

(d) Investments in any and all Funds and Accounts may be commingled in a separate fund or funds for purposes of making, holding and disposing of investments, notwithstanding provisions herein for transfer to or holding in or to the credit of particular Funds or Accounts of amounts received or held by the Trustee hereunder, provided that the Trustee shall at all times account for such investments strictly in accordance with the Funds and Accounts to which they are credited and otherwise as provided in this Indenture.

(e) The Trustee will furnish the District monthly cash transaction statements which include detail for all investment transactions made by the Trustee hereunder; and, unless the Trustee receives a written request, the Trustee is not required to provide brokerage confirmations so long as the Trustee is providing such monthly cash transaction statements.

Section 6.11 Security of Funds.

All Funds heretofore created or reaffirmed, to the extent not invested as herein permitted, shall be secured in the manner and to the fullest extent required by law for the security of public funds, and such Funds shall be used only for the purposes and in the manner permitted or required by this Indenture.

ARTICLE VII
COVENANTS

Section 7.1 Collection and Enforcement of Contract Payments.

For so long as any Bonds are Outstanding, the District covenants, agrees and warrants that it will take and pursue all actions permissible under Applicable Laws and the Interlocal Agreement to cause the Contract Payments to be paid and the liens thereon enforced continuously, in the manner and to the maximum extent permitted by Applicable Laws and the Interlocal Agreement, and to cause no reduction, abatement or exemption in the Contract Payments.

Section 7.2 Against Encumbrances.

(a) The District shall not create and, to the extent Pledged Revenues are received, shall not suffer to remain, any lien, encumbrance or charge upon the Pledged Revenues, other than that specified in Section 9.6 of this Indenture, or upon any other property pledged under this Indenture, except the pledge created for the security of the Bonds, and other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

(b) So long as Bonds are Outstanding hereunder, the District shall not issue any bonds, notes or other evidences of indebtedness other than the Bonds secured by any pledge of or other lien or charge on the Pledged Revenues or other property pledged under this Indenture, other than a lien or pledge subordinate to the lien and pledge of such property related to the Bonds.

Section 7.3 Records; Accounts; Accounting Reports.

The District hereby covenants and agrees that so long as any of the Bonds are Outstanding or any interest thereon remains outstanding and unpaid, it will keep and maintain a proper and complete system of records and accounts pertaining to the Contract Revenues. The Trustee and holder or holders of any Bonds or any duly authorized agent or agents of such holders shall have the right at all reasonable times to inspect all such records, accounts, and data relating thereto, upon written request to the District by the Trustee or duly authorized representative, as applicable. The District shall provide the Trustee or duly authorized representative, as applicable, an opportunity to inspect such books and records relating to the Bonds during the District's regular business hours and on a mutually agreeable date not later than thirty days after the District receives such request.

Section 7.4 Covenants to Maintain Tax-Exempt Status.

(a) Definitions. When used in this Section, the following terms shall have the following meanings:

“Computation Date” has the meaning set forth in Section 1.148-1(b) of the Regulations.

“Gross Proceeds” means any proceeds as defined in Section 1.148-1 (b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1 (c) of the Regulations, of the Bonds.

“Investment” has the meaning set forth in Section 1.148-1 (b) of the Regulations.

“Nonpurpose Investment” means any investment property, as defined in section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.

“Regulations” means any proposed, temporary or final Income Tax Regulations issued pursuant to sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.

“Yield” of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations; and (2) the Bonds has the meaning set forth in Section 1.148-4 of the Regulations.

(b) Not to Cause Interest to Become Taxable. The District shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the District receives a written opinion of counsel nationally recognized in the

field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the District shall comply with each of the specific covenants in this Section.

(c) No Private Use or Private Payments. Except as permitted by section 141 of the Code and the Regulations and rulings thereunder, the District shall at all times prior to the last Stated Maturity of Bonds:

(i) Not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(ii) not directly or indirectly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the District or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) No Private Loan.

(i) Except to the extent permitted by section 141 of the Code and the Regulations and rulings thereunder, the District shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be “loaned” to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds or any property acquired, constructed or improved with such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.

(ii) In reliance on a certification made by the City, the District covenants and agrees that the levied Assessments will meet the requirements of the “tax assessment loan exception” within the meaning of Section 1.141-5(d) of the Regulations on the date the Bonds are delivered and will ensure that the Bonds continue to meet such requirements for so long as the Bonds are Outstanding hereunder.

(e) Not to Invest at Higher Yield. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the District shall not at any time prior to the final Stated Maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested) if, as a result of such investment, the Yield

from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by section 149(b) of the Code and the Regulations and rulings thereunder, the District shall not take or omit to take any action which would cause the Bonds to be federally guaranteed within the meaning of section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Information Report. The District shall timely file the information required by section 149(e) of the Code with the Secretary of the Treasury on Form 8038-G or such other form and in such place as the Secretary of the Treasury may prescribe.

(h) Rebate of Arbitrage Profits. Except to the extent otherwise provided in section 148(f) of the Code and the Regulations and rulings thereunder:

(i) The District shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of account separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last Outstanding Bond is discharged. However, to the extent permitted by law, the District may commingle Gross Proceeds of the Bonds with other money of the District, provided that the District separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

(ii) Not less frequently than each Computation Date, the District shall calculate the Rebate Amount in accordance with rules set forth in section 148(f) of the Code and the Regulations and rulings thereunder. The District shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

(iii) As additional consideration for the purchase of the Bonds by the Purchasers and the loan of the money represented thereby and in order to induce such purchase by measures designed to ensure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the District shall, pursuant to a District Order, direct the Trustee to transfer to the Rebate Fund from the funds or subaccounts designated in such District Order and direct the Trustee to pay to the United States from the Rebate Fund the amount that when added to the future value of previous rebate payments made for the Bonds equals (i) in the case of a Final Computation Date as defined in Section 1.148-3(e)(2) of the Regulations, one hundred percent (100%) of the Rebate Amount on such date; and (ii) in the case of any other Computation Date, ninety percent (90%) of the Rebate Amount on such date. In all cases, the rebate payments shall be made at the times, in the installments, to the place and in the manner as is or may be required by section 148(f) of the Code and the Regulations and rulings thereunder, and shall be accompanied by Form 8038-T or such other forms and information as is or may be required by section 148(f) of the Code and the Regulations and rulings thereunder.

(iv) The District shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraphs (ii) and (iii), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

(i) Not to Divert Arbitrage Profits. Except to the extent permitted by section 148 of the Code and the Regulations and rulings thereunder, the District shall not, at any time prior to the earlier of the Stated Maturity or final payment of the Bonds, enter into any transaction that reduces the amount required to be paid to the United States pursuant to Subsection (h) of this Section because such transaction results in a smaller profit or a larger loss than would have resulted if the transaction had been at arm's-length and had the Yield of the Bonds not been relevant to either party.

(j) Elections. The District hereby directs and authorizes the President and Vice President of the Board of Directors, or the Administrator, individually or jointly, to make elections permitted or required pursuant to the provisions of the Code or the Regulations, as they deem necessary or appropriate in connection with the Bonds, in the Tax Certificate or similar or other appropriate certificate, form or document.

ARTICLE VIII LIABILITY OF DISTRICT

The District shall not incur any responsibility in respect of the Bonds or this Indenture other than in connection with the duties or obligations explicitly herein or in the Bonds assigned to or imposed upon it. The District shall not be liable in connection with the performance of its duties hereunder, except for its own willful default or act of bad faith. The District shall not be bound to ascertain or inquire as to the performance or observance of any of the terms, conditions, covenants or agreements of the Trustee herein or of any of the documents executed by the Trustee in connection with the Bonds, or as to the existence of a default or event of default thereunder.

In the absence of bad faith, the District may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the District and conforming to the requirements of this Indenture. The District shall not be liable for any error of judgment made in good faith unless it shall be proved that it was negligent in ascertaining the pertinent facts.

Neither the Owners nor any other Person shall have any claim against the District or any of its officers, officials, agents, or employees for damages suffered as a result of the District's failure to perform in any respect any covenant, undertaking, or obligation under any Bond Documents or as a result of the incorrectness of any representation in, or omission from, any of the Bond Documents, except to the extent that any such claim relates to an obligation, undertaking, representation, or covenant of the District, in accordance with the Bond Documents and the Act. Any such claim shall be payable only from Pledged Revenues or the Administrative

Expenses. Nothing contained in any of the Bond Documents shall be construed to preclude any action or proceeding in any court or before any governmental body, agency, or instrumentality against the District or any of its officers, officials, agents, or employees to enforce the provisions of any of the Bond Documents or to enforce all rights of the Owners of the Bonds by mandamus or other proceeding at law or in equity.

The District may rely on and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond, or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The District may consult with counsel with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Indenture, the District shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of willful misconduct on the part of the District, be deemed to be conclusively proved and established by a certificate of the Trustee, an Independent Financial Consultant, an independent inspector or Administrator or other person designated by the Board of Directors to so act on behalf of the District, and such certificate shall be full warrant to the District for any action taken or suffered under the provisions of this Indenture upon the faith thereof, but in its discretion the District may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

In order to perform its duties and obligations hereunder, the District may employ such persons or entities as it deems necessary or advisable. The District shall not be liable for any of the acts or omissions of such persons or entities employed by it in good faith hereunder, and shall be entitled to rely, and shall be fully protected in doing so, upon the opinions, calculations, determinations, and directions of such persons or entities.

ARTICLE IX THE TRUSTEE

Section 9.1 Trustee as Registrar and Paying Agent

The Trustee accepts and agrees to execute the respective trusts imposed by this Indenture but only upon the terms set forth in this Article IX. The Trustee is hereby designated and agrees to act as Registrar and Paying Agent for and in respect to the Bonds.

Section 9.2 Trustee Entitled to Indemnity

The Trustee shall be under no obligation to institute any suit, or to undertake any proceeding under this Indenture, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified, to the extent permitted by law, to its satisfaction against any and all costs and expenses, outlays, and counsel fees and other reasonable disbursements, and against all liability except as a consequence of its own negligence or willful misconduct; provided however in no event shall the

Trustee request or require indemnification as a condition for making any deposits, payments, or transfers when required hereunder or to deliver any notice when required hereunder. Nevertheless, the Trustee may begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as the Trustee, without indemnity, and in such case the Trustee may make transfers from the Pledged Revenue Fund to pay all costs and expenses, outlays, and counsel fees and other reasonable disbursements properly incurred in connection therewith and shall be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.3 Responsibilities of the Trustee.

(a) The recitals contained in this Indenture and in the Bonds shall be taken as the statements of the District and the Trustee assumes no responsibility for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of this Indenture or the Bonds or with respect to the security afforded by this Indenture, and the Trustee shall incur no liability with respect thereto. Except as otherwise expressly provided in this Indenture, the Trustee shall have no responsibility or duty with respect to: (i) the issuance of Bonds for value; (ii) the application of the proceeds thereof, except to the extent that such proceeds are received by it in its capacity as Trustee; (iii) the application of any money paid to the District or others in accordance with this Indenture, except as to the application of any money paid to it in its capacity as Trustee; or (iv) any calculation of arbitrage or rebate under the Code.

(b) The Trustee, prior to the occurrence of an Event of Default (hereinafter defined) with respect to the Bonds and after the curing or waiving of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee (it being agreed that the permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty). If an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

- (i) this paragraph does not limit the effect of the previous paragraph of this Section;
- (ii) the Trustee shall not be liable for any action taken, or error of judgment made in good faith by any one of its responsible officers, employees or agents unless it is proved that the Trustee was negligent in ascertaining the pertinent facts;
- (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to this Indenture or in accordance with the exercising of any trust or power conferred upon it pursuant to this Indenture; and
- (iv) no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights of powers if it shall have grounds for

believing that repayment of such funds or adequate indemnity against such risk or liability is not assured to it.

(d) The Trustee shall not be liable for any action taken or omitted by it in the performance of its duties under this Indenture, except for such losses, damages or expenses which have been finally adjudicated by a court of competent jurisdiction to have directly resulted from the Trustee's its own negligence or willful misconduct. In no event shall the Trustee be liable for incidental, indirect, punitive, special or consequential loss or damages whatsoever (including, but not limited to, loss of profit) in connection with or arising from this Indenture, irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(e) The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any acts or omissions of any such attorney or agent appointed with due care.

(f) The Trustee shall not be required to take notice, and shall not be deemed to have notice, of any default or Event of Default unless the Trustee shall be notified specifically of the default or Event of Default in a written instrument or document delivered to it by the District. In the absence of delivery of a notice satisfying those requirements, the Trustee may assume conclusively that there is no Event of Default.

(g) Neither the Trustee nor any of its directors, officers, employees, agents or affiliates shall be responsible for nor have any duty to monitor the performance or any action of the District, or any of its directors, members, officers, agents, affiliates or employee, nor shall it have any liability in connection with the malfeasance or nonfeasance by such party. The Trustee may assume performance by all Persons of their respective obligations. The Trustee shall have no enforcement or notification obligations relating to breaches of representations or warranties of any other Person.

(h) In the event that any assets held hereunder shall be attached, garnished or levied upon by any court order, or the delivery thereof shall be stayed or enjoined by an order of a court, or any order, judgment or decree shall be made or entered by any court order affecting such assets, the Trustee is hereby expressly authorized, in its sole discretion, to respond as it deems appropriate or to comply with all writs, orders or decrees so entered or issued, or which it is advised by legal counsel of its own choosing is binding upon it, whether with or without jurisdiction. In the event that the Trustee obeys or complies with any such writ, order or decree it shall not be liable to any of the parties or to any other person, firm or corporation, should, by reason of such compliance notwithstanding, such writ, order or decree be subsequently reversed, modified, annulled, set aside or vacated.

(i) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its control, including without limitation, any act or provision of any present or future law or regulation or governmental authority; acts of God; earthquakes; fires; floods; wars; terrorism; civil or military disturbances; sabotage; epidemics; riots; interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service;

accidents; labor disputes; acts of civil or military authority or governmental actions; or the unavailability of the Federal Reserve Bank wire or telex or other wire or communication facility.

Every provision of this Indenture that in any way relates to the Trustee is subject to this Section. The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the District.

Section 9.4 Property Held in Trust.

All money and securities held by the Trustee at any time pursuant to the terms of this Indenture shall be held by the Trustee in trust for the purposes and under the terms and conditions of this Indenture.

Section 9.5 Trustee Protected in Relying on Certain Documents.

The Trustee may request, conclusively rely on and shall be protected in acting upon any order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond, e-mail, electronic transmission, or other document provided to the Trustee in accordance with the terms of this Indenture that it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or upon the written opinion of any counsel, architect, engineer, insurance consultant, management consultant, or accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry into any statements contained or matters referred to in any such instrument. The Trustee may consult with counsel, who may or may not be Bond Counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Indenture, such matter may be deemed to be conclusively proved and established by a District Certificate, unless other evidence in respect thereof be hereby specifically prescribed. Such District Certificate shall be full warrant for any action taken or suffered in good faith under the provisions hereof, but in its discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable. Except as otherwise expressly provided herein, any request, order, notice, or other direction required or permitted to be furnished pursuant to any provision hereof by the District to the Trustee shall be sufficiently executed if executed in the name of the District by the District Representative.

The Trustee shall not be under any obligation to see to the recording or filing of this Indenture, or otherwise to the giving to any Person of notice of the provisions hereof except as expressly required in Section 9.13 herein.

Section 9.6 Compensation.

Unless otherwise provided by contract with the Trustee, the Trustee shall transfer from the Administrative Fund, from time to time, reasonable compensation for all services rendered by it hereunder, including its services as Paying Agent/Registrar, together with all its reasonable

expenses, charges, and other disbursements and those of its counsel, agents and employees, incurred in and about the administration and execution of the trusts hereby created and the exercise of its powers and the performance of its duties hereunder, subject to any limit on the amount of such compensation or recovery of expenses or other charges as shall be prescribed by specific agreement, and the Trustee shall have a lien therefor on any and all funds at any time held by it hereunder prior to any Bonds Outstanding: provided, however, notwithstanding anything herein to the contrary, the aggregate value of fees paid to the Trustee under this Indenture shall not exceed the dollar limitation set forth in Section 2274.002(a)(2) of the Texas Government Code..None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, if in the judgment of the Trustee there are reasonable grounds for believing that the repayment of such funds or liability is not reasonably assured to it. If the District shall fail to make any payment required by this Section, the Trustee may make such payment from any money in its possession under the provisions of this Indenture (with the exception of the Rebate Fund) and shall be entitled to a preference therefor over any Bonds Outstanding hereunder.

Section 9.7 Permitted Acts.

The Trustee and its directors, officers, employees, or agents may become the owner of or may in good faith buy, sell, own, hold and deal in Bonds and may join in any action that any Owner of Bonds may be entitled to take as fully and with the same rights as if it were not the Trustee. The Trustee may act as depository, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, the District or any committee formed to protect the rights of holders of Bonds or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Indenture, whether or not such committee shall represent the holders of a majority of the Bonds.

Section 9.8 Resignation of Trustee.

The Trustee may at any time resign and be discharged of its duties and obligations hereunder by giving not fewer than 60 days of notice, specifying the date when such resignation shall take effect, to the District and each Owner of any Outstanding Bond. Such resignation shall take effect upon the appointment of a successor as provided in Section 9.10 and the acceptance of such appointment by such successor. In the event that a successor Trustee has not been approved within ninety (90) days of such notice, the Trustee has the right to seek appointment of a successor Trustee from a court of competent jurisdiction and shall be reimbursed for its costs and expenses (including reasonable attorneys' fees).

Section 9.9 Removal of Trustee.

The Trustee may be removed at any time on 30 days' advance written notice to the Trustee by (i) the Owners of at least a majority of the aggregate Outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or by their attorneys-in-fact, duly authorized and delivered to the District, or (ii) so long as the District is not in default under this Indenture, the District. Copies of each such instrument shall be delivered by the District to the Trustee and any successor thereof. The Trustee may also

be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Indenture with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the District or the Owners of not less than 10% of the aggregate Outstanding principal of the Bonds.

Section 9.10 Successor Trustee.

If the Trustee shall resign, be removed, be dissolved, or become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator, or conservator of the Trustee or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of the Trustee hereunder shall thereupon become vacant.

If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, a successor Trustee may be appointed within one year after any such vacancy shall have occurred by the Owners of at least twenty-five percent (25%) of the aggregate Outstanding principal of the Bonds by an instrument or concurrent instruments in writing signed and acknowledged by such Owners or their attorneys-in-fact, duly authorized and delivered to such successor Trustee, with notification thereof being given to the predecessor Trustee and the District.

Until such successor Trustee shall have been appointed by the Owners of the Bonds, the District shall forthwith appoint a Trustee to act hereunder. Copies of any instrument of the District providing for any such appointment shall be delivered by the District to the Trustee so appointed. The District shall mail notice of any such appointment to each Owner of any Outstanding Bonds within thirty (30) days after such appointment. Any appointment of a successor Trustee made by the District immediately and without further act shall be superseded and revoked by an appointment subsequently made by the Owners of Bonds.

If in a proper case no appointment of a successor Trustee shall be made within 45 days after the giving by any Trustee of any notice of resignation in accordance with Section 9.8 herein or after the occurrence of any other event requiring or authorizing such appointment, the Trustee or any Owner of Bonds may apply to any court of competent jurisdiction for the appointment of such a successor, and the court may thereupon, after such notice, if any, as the court may deem proper, appoint such successor and the District shall be responsible for the costs of such appointment process.

Any successor Trustee appointed under the provisions of this Section shall be a commercial bank or trust company or national banking association (i) having a capital and surplus and undivided profits aggregating at least \$50,000,000, if there be such a commercial bank or trust company or national banking association willing and able to accept the appointment on reasonable and customary terms, and (ii) authorized by law to perform all the duties of the Trustee required by this Indenture.

Each successor Trustee shall mail, in accordance with the provisions of the Bonds, notice of its appointment to the Trustee, to any rating agency which, at the time of such appointment, is providing a rating on the Bonds and each of the Owners of the Bonds.

The Trustee shall not be responsible or liable for the acts or omissions of any successor trustee, nor shall it be responsible or liable for any costs of appointment or transition of such successor trustee.

Section 9.11 Transfer of Rights and Property to Successor Trustee.

Any successor Trustee appointed under the provisions of Section 9.10 shall execute, acknowledge, and deliver to its predecessor and the District an instrument in writing accepting such appointment, and thereupon such successor, without any further act, deed, or conveyance, shall become fully vested with all money, estates, properties, rights, immunities, powers, duties, obligations, and trusts of its predecessor hereunder, with like effect as if originally appointed as Trustee. However, the Trustee then ceasing to act shall nevertheless, on request of the District or of such successor, execute, acknowledge, and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor all the rights, immunities, powers, and trusts of such Trustee and all the right, title, and interest of such Trustee in and to the Trust Estate, and shall pay over, assign, and deliver to such successor any money or other properties subject to the trusts and conditions herein set forth. Should any deed, conveyance, or instrument in writing from the District be required by such successor for more fully and certainly vesting in and confirming to it any such money, estates, properties, rights, powers, duties, or obligations, any and all such deeds, conveyances, and instruments in writing, on request and so far as may be authorized by law, shall be executed, acknowledged, and delivered by the District.

Section 9.12 Merger, Conversion or Consolidation of Trustee.

Any corporation or association into which the Trustee may be converted or merged or with which it may be consolidated or any corporation or association resulting from any merger, conversion or consolidation to which it shall be a party or any corporation or association to which the Trustee may sell or transfer all or substantially all of its corporate trust business shall be the successor to such Trustee hereunder and will have and succeed to the rights, powers, duties, immunities and privileges as its predecessor, without any further act, deed or conveyance, provided that such corporation or association shall be a commercial bank or trust company or national banking association qualified to be a successor to such Trustee under the provisions of Section 9.10, or a trust company that is a wholly-owned subsidiary of any of the foregoing.

Section 9.13 Trustee To File Continuation Statements.

If necessary, and after receipt of copies of the originally filed financing statements, if any, the Trustee may file or cause to be filed, such continuation statements as may be required by the Texas Uniform Commercial Code, as from time to time in effect (the "UCC"), in order to continue perfection of the security interest of the Trustee in such items of tangible or intangible

personal property and any fixtures as may have been granted to the Trustee pursuant to this Indenture in the time, place and manner required by the UCC.

Section 9.14 Trustee Representations.

(a) Certificate of Interested Parties Form 1295. The Trustee represents and warrants that it is exempt from the requirements of Section 2252.908 of the Texas Government Code, as amended, pursuant to subsection (c)(4) thereof, and, accordingly, the Trustee is not required to file a Certificate of Interested Parties Form 1295 otherwise prescribed thereunder.

(b) No Boycott of Israel; No Business With Sanctioned Countries. The Trustee hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and, to the extent this Indenture is a contract for goods or services, will not boycott Israel during the term of this Indenture. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable State or federal law. As used in the foregoing verification, 'boycott Israel' means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Trustee understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Trustee and exists to make a profit.

The Trustee represents that neither it nor any of its respective parent companies, wholly- or majority-owned subsidiaries, and other affiliates, if any, is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,
<https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or
<https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>.

The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Trustee and any of its respective parent companies, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Trustee understands "affiliate" to mean any entity that controls, is controlled by, or is under common control with the Trustee and exists to make a profit.

Section 9.15 Construction of Indenture.

The Trustee may construe any of the provisions of this Indenture insofar as the same may appear to be ambiguous or inconsistent with any other provision hereof, and any construction of

any such provisions hereof by the Trustee in good faith shall be binding upon the Owners of the Bonds.

ARTICLE X
MODIFICATION OR AMENDMENT OF THIS INDENTURE

Section 10.1 Amendments Permitted.

Any such amendment may not modify any of the rights, immunities, indemnities, or obligations of the Trustee without its written consent.

This Indenture and the rights and obligations of the District and of the Owners may also be modified or amended at any time by a Supplemental Indenture, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

(i) to add to the covenants and agreements of the District in this Indenture contained, other covenants and agreements thereafter to be observed, or to limit or surrender any right or power herein reserved to or conferred upon the District;

(v) to make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds.

Before the District and the Trustee may enter into any amendment to this Indenture, there must be delivered to the Trustee and the District an opinion of Bond Counsel stating that such amendment (i) is authorized or permitted under this Indenture and the Applicable Laws, (ii) complies with their respective terms, (iii) will, upon execution and delivery thereof, be valid and binding on the District in accordance with its terms, and (iv) will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes, to the extent such Bonds are issued on a tax-exempt basis.

Section 10.2 Owners' Meetings

The District may at any time call a meeting of the Owners of the Bonds. In such event the District is authorized to fix the time and place of said meeting and to provide for the giving of notice thereof, and to fix and adopt rules and regulations for the conduct of said meeting.

Section 10.3 Procedure for Amendment with Written Consent of Owners.

The District and the Trustee may at any time adopt a Supplemental Indenture amending the provisions of the Bonds or of this Indenture, to the extent that such amendment is permitted by Section 10.1 herein, to take effect when and as provided in this Section. A copy of such Supplemental Indenture, together with a request to Owners for their consent thereto, shall be mailed by first class mail, by the Trustee to each Owner of Bonds from whom consent is required under this Indenture, but failure to mail copies of such Supplemental Indenture and request shall not affect the validity of the Supplemental Indenture when assented to as in this Section provided.

Such Supplemental Indenture shall not become effective unless there shall be filed with the Trustee the written consents of the Owners as required by this Indenture and a notice shall have been mailed as hereinafter in this Section provided. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.6 herein. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof), unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the Trustee prior to the date when the notice hereinafter in this Section provided for has been mailed.

After the Owners of the required percentage of Bonds shall have filed their consents to the Supplemental Indenture, the District shall mail a notice to the Owners in the manner hereinbefore provided in this Section for the mailing of the Supplemental Indenture, stating in substance that the Supplemental Indenture has been consented to by the Owners of the required percentage of Bonds and will be effective as provided in this Section (but failure to mail copies of said notice shall not affect the validity of the Supplemental Indenture or consents thereto). Proof of the mailing of such notice shall be filed with the Trustee. A record, consisting of the papers required by this Section 10.3 to be filed with the Trustee, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Indenture shall become effective

upon the filing with the Trustee of the proof of mailing of such notice, and the Supplemental Indenture shall be deemed conclusively binding (except as otherwise hereinabove specifically provided in this Article) upon the District and the Owners of all Bonds at the expiration of sixty (60) days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such sixty (60) day period.

Section 10.4 Effect of Supplemental Indenture.

From and after the time any Supplemental Indenture becomes effective pursuant to this Article X, this Indenture shall be deemed to be modified and amended in accordance therewith, the respective rights, duties, and obligations under this Indenture of the District and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

Section 10.5 Endorsement or Replacement of Bonds Issued After Amendments.

The District may determine that Bonds issued and delivered after the effective date of any action taken as provided in this Article X shall bear a notation, by endorsement or otherwise, in form approved by the District, as to such action. In that case, upon demand of the Owner of any Bond Outstanding at such effective date and presentation of his Bond for that purpose at the designated office of the Trustee or at such other office as the District may select and designate for that purpose, a suitable notation shall be made on such Bond. The District may determine that new Bonds, so modified as in the opinion of the District is necessary to conform to such Owners' action, shall be prepared, executed, and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the designated office of the Trustee without cost to any Owner, for Bonds then Outstanding, upon surrender of such Bonds.

Section 10.6 Amendatory Endorsement of Bonds.

The provisions of this Article X shall not prevent any Owner from accepting any amendment as to the particular Bonds held by such Owner, provided that due notation thereof is made on such Bonds.

Section 10.7 Waiver of Default.

With the written consent of at least fifty one percent (51%) in aggregate principal amount of the Bonds then Outstanding, the Owners may waive compliance by the District with certain past defaults under the Indenture and their consequences. Any such consent shall be conclusive and binding upon the Owners and upon all future Owners.

The notification, request and furnishing of indemnity set forth above shall, at the option of the Trustee, be conditions precedent to the execution of the powers and trusts of this Indenture and to any action or cause of action for the enforcement of this Indenture or for any other remedy hereunder.

The principal of this Bond shall be payable without exchange or collection charges in lawful money of the United States of America upon presentation and surrender of this Bond at the corporate trust office in Dallas, Texas (the “Designated Payment/Transfer Office”), of Wilmington Trust, National Association, as trustee and paying agent/registrar (the “Trustee”, which term includes any successor trustee under the Indenture), or, with respect to a successor trustee and paying agent/registrar, at the Designated Payment/Transfer Office of such successor. For the purpose of the payment of interest on this Bond, the registered owner shall be the Person in whose name this Bond is registered at the close of business on the “Record Date,” which shall be the last day of the month next preceding such Interest Payment Date; provided, however, that in the event of nonpayment of interest on a scheduled Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a “Special Record Date”) will be established by the Trustee, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the “Special Payment Date,” which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of each Owner of a Bond appearing on the books of the Trustee at the close of business on the last Business Day preceding the date of mailing such notice.

If a date for the payment of the principal of or interest on the Bonds is not a Business Day, then the date for such payment shall be the next succeeding Business Day, and payment on such date shall have the same force and effect as if made on the original date payment was due.

This Bond is one of a duly authorized issue of contract revenue bonds of the District having the designation specified in its title (herein referred to as the “Bonds”), dated as of the date of delivery and issued in the aggregate principal amount of \$13,300,000 and issued, with the limitations described herein, pursuant to an Indenture of Trust, dated as of October 1, 2021 (the “Indenture”), by and between the District and the Trustee, to which Indenture reference is hereby made for a description of the amounts thereby pledged and assigned, the nature and extent of the lien and security, the respective rights thereunder to the holders of the Bonds, the Trustee, and the District, and the terms upon which the Bonds are, and are to be, authenticated and delivered and by this reference to the terms of which each holder of this Bond hereby consents. All Bonds issued under the Indenture are equally and ratably secured by the amounts thereby pledged and assigned. The Bonds are being issued for the purpose of (i) paying a portion of the Costs of the Phase #1A-1B Improvements, (ii) paying a portion of the interest on the Bonds during and after the period of acquisition and construction of the Phase #1A-1B Improvements, (iii) funding a reserve fund for payment of principal of and interest on Bonds, (iv) paying Administrative Expenses payable from Bond proceeds, if any, and (v) paying the costs of issuing the Bonds. The Bonds are limited obligations of the District payable solely from the Trust Estate (as defined in the Indenture). Reference is hereby made to the Indenture, copies of which are on file with and available upon request from the Trustee, for the provisions, among others, with respect to the nature and extent of the duties and obligations of the District, the Trustee and the Owners. The

Owner of this Bond, by the acceptance hereof, is deemed to have agreed and consented to the terms, conditions and provisions of the Indenture.

Notwithstanding any provision hereof, the Indenture may be released and the obligation of the District to make money available to pay this Bond may be defeased by the deposit of money and/or certain Defeasance Securities sufficient for such purpose as described in the Indenture.

The Bonds are issuable as fully registered bonds only in Authorized Denominations, subject to the provisions of the Indenture authorizing redemption in denominations of \$25,000 and any multiple of \$1,000 in excess thereof.

The Bonds are subject to sinking fund redemption prior to their respective maturities and will be redeemed by the District in part at a price equal to the principal amount thereof plus accrued and unpaid interest thereon to the date set for redemption from money available for such purpose in the Redemption Fund pursuant to Article VI of the Indenture, on the dates and in the principal amounts as set forth in the following schedule:

[To be copied from Section 4.2 of the Indenture.]

At least forty-five (45) days prior to each sinking fund redemption date, the Trustee shall select a principal amount of Bonds of such maturity equal to the Sinking Fund Installment amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory sinking fund redemption date, and shall give notice of such redemption, as provided in Section 4.6 of the Indenture.

The principal amount of Bonds of a stated maturity required to be redeemed on any sinking fund redemption date shall be reduced, at the option of the District, by the principal amount of any Bonds of such maturity which, at least 45 days prior to the sinking fund redemption date shall have been acquired by the District at a price not exceeding the principal amount of such Bonds plus accrued and unpaid interest to the date of purchase thereof, and delivered to the Trustee for cancellation.

The principal amount of Bonds required to be redeemed on any sinking fund redemption date shall be reduced on a pro rata basis among Sinking Fund Installments by the principal amount of any Bonds which, at least 45 days prior to the sinking fund redemption date, shall have been redeemed pursuant to the optional redemption, extraordinary optional redemption, or extraordinary mandatory redemption provisions of the Indenture and not previously credited to a mandatory sinking fund redemption.

The District reserves the right and option to redeem Bonds before their scheduled maturity dates, in whole or in part, on any date on or after September 15, 20__, such redemption date or dates to be fixed by the District, at a redemption price equal to par plus accrued interest to the date fixed for redemption (the "Redemption Price").

The District reserves the right and option to redeem Bonds before their respective scheduled maturity dates, in whole or in part, on the first day of any month, at 100% of the

principal amount of such Bonds, or portions thereof, to be redeemed plus accrued and unpaid interest to the date of redemption from amounts on deposit in the Redemption Fund as a result of Contract Revenues derived from Prepayments that are transferred to the Redemption Fund pursuant to the Indenture.

The Bonds are subject to extraordinary mandatory redemption before their respective scheduled maturity dates, in whole or in part, on the next scheduled Interest Payment Date at a redemption price equal to 100% of the aggregate principal amount of the Bonds, or portions thereof, to be redeemed plus accrued interest to the date of redemption to the extent that money is transferred to the Redemption Fund as a result of unexpended amounts in the Project Fund as provided in the Indenture.

The Trustee shall give notice of any redemption of Bonds by sending notice by first class United States mail, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond or portion thereof to be redeemed, at the address shown on the Register. The notice shall state the redemption date, the Redemption Price or the amount of Bonds to be redeemed plus accrued interest to the date thereof, as applicable, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds Outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed, any conditions to such redemption and that on the redemption date, if all conditions, if any, to such redemption have been satisfied, such Bond shall become due and payable. Any notice so given shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the District and the rights of the holders of the Bonds under the Indenture at any time Outstanding affected by such modification. The Indenture also contains provisions permitting the holders of specified percentages in aggregate principal amount of the Bonds at the time Outstanding, on behalf of the holders of all the Bonds, to waive compliance by the District with certain past defaults under the Bond Order or the Indenture and their consequences. Any such consent or waiver by the holder of this Bond or any predecessor Bond evidencing the same debt shall be conclusive and binding upon such holder and upon all future holders thereof and of any Bond issued upon the transfer thereof or in exchange therefor or in lieu thereof, whether or not notation of such consent or waiver is made upon this Bond.

As provided in the Indenture, this Bond is transferable upon surrender of this Bond for transfer at the Designated Payment/Transfer Office, with such endorsement or other evidence of transfer as is acceptable to the Trustee, and upon delivery to the Trustee of such certifications and/or opinion of counsel as may be required under the Indenture for the transfer of this Bond. Upon satisfaction of such requirements, one or more new fully registered Bonds of the same Stated Maturity, of Authorized Denominations, bearing the same rate of interest, and for the same aggregate principal amount will be issued to the designated transferee or transferees.

Neither the District nor the Trustee shall be required to issue, transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days of the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond.

The District, the Trustee, and any other Person may treat the Person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except interest shall be paid to the Person in whose name this Bond is registered on the Record Date or Special Record Date, as applicable) and for all other purposes, whether or not this Bond be overdue, and neither the District nor the Trustee shall be affected by notice to the contrary.

NEITHER THE FULL FAITH AND CREDIT NOR THE GENERAL TAXING POWER OF THE CITY OF CELINA, TEXAS, THE DISTRICT, THE STATE OF TEXAS, OR ANY OTHER POLITICAL SUBDIVISION THEREOF IS PLEDGED TO THE PAYMENT OF THE BONDS.

IT IS HEREBY CERTIFIED AND RECITED that the issuance of this Bond and the series of which it is a part is duly authorized by law; that all acts, conditions and things required to be done precedent to and in the issuance of the Bonds have been properly done and performed and have happened in regular and due time, form and manner, as required by law; and that the total indebtedness of the District, including the Bonds, does not exceed any Constitutional or statutory limitation.

(c) The City, through its City Manager, may request any additions to the Phase #1A-1B Improvements or any component thereof whenever the City deems such changes to be necessary and appropriate; provided, however, that no such change shall (a) impair the ability of the District to make scheduled principal and interest payments when due on Bonds, (b) reduce the amount of the Assessments or cause the benefit to be received by the Assessed Property from the Phase #1A-1B Improvements to be less than the amount of the Assessments, (c) cause to be included in the Phase #1A-1B Improvements any property not constituting property useful in the performance of the City's powers, projects and purposes, (d) cause the Phase #1A-1B Improvements or any such component thereof to have an estimated useful life materially shorter than the estimated useful life of the Phase #1A-1B Improvements or such component prior to such change, or (e) include any property or improvement not authorized by the PID Act or the Act. Any such change shall be implemented by the City's filing with the District a description of such change and the adoption of an updated Service and Assessment Plan. Upon such filing, the description of the Phase #1A-1B Improvements contained in the Service and Assessment Plan shall be deemed to have been modified in accordance therewith. No such change shall constitute an amendment, change, modification or alteration of this Agreement.

Section 4.02 Payment of Costs of Phase #1A Improvements and the Phase #1B Improvements. The District and the City hereby agree to review and approve disbursement requests to pay costs of (i) the Phase #1A Improvements consistent with the terms of the Phase #1A Construction, Funding, and Acquisition Agreement and (ii) the Phase #1B Improvements consistent with the terms of the Phase #1B Construction, Funding, and Acquisition Agreement.

(a) The City, as authorized by the PID Act and other applicable law, shall continuously collect or cause to be collected Assessments levied pursuant to the Assessment Ordinance and the Service and Assessment Plan during the term of this Agreement in the manner and to the extent permitted or required by the PID Act and any applicable law. The City will not permit a reduction,

abatement, or exemption in the Assessments due on any portion of the Assessed Parcels until the Assessments related to that particular portion of the Assessed Parcels are no longer outstanding, whether as a result of payment in full, defeasance, or otherwise. The City or the Collin County Tax Assessor-Collector (as described below) shall collect the Assessments consistent with the requirements of the PID Act and the City's policies and standard practices applicable to the collection of the City taxes and assessments, as required by law. All Administrative Expenses incurred by the City shall be paid by the District, or by the Trustee on behalf of the District, in accordance with invoices submitted by the City or the Administrator to the District for such purpose, from the Administrative Expense portion of the Annual Installment of the Assessments.

(b) Notwithstanding anything to the contrary contained herein or in the Service and Assessment Plan, the Phase #1A Assessment Revenues collected annually will be deposited by the City in the Phase #1A Assessment Fund and the Phase #1B Assessment Revenues collected annually will be deposited by the City in the Phase #1B Assessment Fund within seven business days of receipt thereof and used thereafter to pay debt service due on the Bonds and to make other authorized expenditures in accordance with this Agreement, the Service and Assessment Plan, and the PID Act.

All Administrative Expenses incurred by the City and the Collin County Tax Assessor-Collector shall be paid by the District, or by the Trustee on behalf of the District, in accordance with invoices submitted by the City or the Administrator to the District for such purpose from the Administrative Expense portion of the Annual Installments of the Assessments.

Section 4.04 Assessment Funds.

(a) The City shall establish the Phase #1A Assessment Fund and the Phase #1B Assessment Fund. The Phase #1A Assessment Fund and the Phase #1B Assessment Fund shall each be maintained, administered and controlled (including signatory authority) by the City and shall not be commingled with any other funds of the City except as provided herein. The funds in the Phase #1A Assessment Fund and the Phase #1B Assessment Fund shall be dedicated solely to the payment of debt service due on the Bonds, Delinquent Collection Costs, and Administrative Expenses. (b) On or before February 15 of each year, the City shall withdraw (i) from the Phase #1A Assessment Fund an amount equal to all collected and not previously transferred Phase #1A Assessment Revenues and shall pay such aggregate amount to the District and (ii) from the Phase #1B Assessment Fund an amount equal to all collected and not previously transferred Phase #1B Assessment Revenues and shall pay such aggregate amount to the District. Unless otherwise so requested by the District, the District hereby directs the City to deposit such Assessment Revenues, and the City agrees to deposit the Assessment Revenues and any other payment under this

Agreement, on the dates specified herein, with the Trustee in accordance with written instructions delivered to the City by the District.

The City shall deposit any amount received as a prepayment of a Phase #1A Assessment in the Phase #1A Assessment Fund or as a prepayment of a Phase #1B Assessment in the Phase #1B Assessment Fund within seven business days of receipt thereof and shall transfer such prepayment to the District, for deposit in the District account specified in the manner provided in Section 4.04(b) hereof, within fifteen business days of the City's receipt thereof.

Section 4.06 Approval of Assessments through Landowner Consent. The owners of the Assessed Parcels (“**Owners**”) will execute one or more “Landowner Consent(s)” (herein so called) in which the Owners approved and accepted the apportionment of Assessments in the Service and Assessment Plan and the levy of the Assessments by the City. The Landowner Consent(s) further (a) evidences that the Assessments are covenants running with the land that will bind any and all current and successor owners of the applicable Assessed Parcels to the Assessments, including applicable penalties and interest thereon, as and when due and payable thereunder, (b) provides that subsequent purchasers of such land take their title subject to and expressly assume the terms and provisions of the Assessments; and (c) provides that the lien created by the levy of the Assessments is a first and prior lien on the Assessed Parcels, subject only to liens for ad valorem taxes of the City, Collin County, school district, special district or other political subdivision, or a lien of the Department of Treasury of the United States of America.

Section 4.07 Transfer to Trustee Permitted. The District's right, title and interest to the Assessment Revenues shall be the sole and exclusive property of District and no other third party shall have any claim or right to such funds unless the District transfers its rights to the Trustee. The District has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part, all or any portion of the District's right, title, or interest under this Agreement including, but not limited to, any right, title or interest of the District in and to payment of the Assessment Revenues to the Trustee for the benefit of the holders of the Bonds.

Section 4.08 Obligation Absolute.

(a) Neither the faith and credit nor the taxing power of the City, the District, the State of Texas nor any political subdivision or agency thereof is pledged to the payment of the Bonds and the on-going administrative expenses of the District relating to the Bonds.

(b) The obligation of the City to make the payments required to be made by it pursuant hereto, solely from the sources and in the manner provided herein, is absolute and unconditional, and

until such time as the debt service due on the Bonds and such other payments for Bond-related administrative costs shall have been paid in full, the City shall not discontinue or suspend any unpaid Assessment or dissolve the PID. The City's liability for payment of any funds under this Agreement is limited to payment of funds in the Assessment Fund. The City shall have no obligation to pay funds from any other source including the City's general operating funds.

Section 4.09 Pledge. Subject only to the provisions of this Agreement permitting the application thereof for the purposes and on the terms and conditions set forth herein, in order to secure the payment of the Bonds in accordance with the provisions of this Agreement, the Act, and the PID Act, the City hereby pledges to the District, and grants thereto a lien on and a security interest in all of the Assessment Revenues. Said pledge shall constitute a first lien on and security interest in such assets, which shall immediately attach to such assets and be effective, binding and enforceable against the City, its successors, purchasers of any of such assets, creditors and all others asserting rights therein, to the extent set forth in, and in accordance with, this Agreement, irrespective of whether those parties have notice of the pledge of, lien on and security interest in such assets and without the need for any physical delivery, recordation, filing or further act.

Section 4.10 Summary of the City Responsibilities. The City's responsibilities with respect to the Assessments are as specified herein and as follows:

(a) The City shall have the responsibility for administration, assessment, collection or payment of any amounts (subject to the limitations described herein) as provided in this Agreement, the Assessment Ordinance and the Service and Assessment Plan.

(iv) Deposit Phase #1A Assessment Revenues into the Phase #1A Assessment Fund;

(v) Deposit Phase #1B Assessment Revenues into the Phase #1B Assessment Fund; and

July 1

A committee of not less than twenty-five (25%) of the Owners may request a meeting with the Mayor, the City Manager, or other responsible official of the City to discuss the City's actions in pursuing the repayment of any delinquencies. This would also occur after day 30 if it is apparent that a Reserve Fund draw is required. Further, if delinquencies exceed five percent (5%), Owners may also request a meeting with the City at any time to discuss the City's plan and progress on collection and foreclosure activity. 2. Strictly subject to the terms, conditions, and requirements and solely from the Phase #1A Assessment Revenues as herein provided and in the Interlocal Agreement, the City agrees to pay the MMD, and the MMD shall be entitled to receive from the City, the amount equal to the actual costs of the Phase #1A Improvements paid by the Developer for the Phase #1A Improvements Costs that were within budgeted costs, or authorized overrun costs, that were paid by the Developer and for which a Certification of Payment form has been submitted and approved, pursuant to the Construction Funding Agreement, plus interest on

The City has created the Phase #1A Assessment Fund. The Reimbursement Amount is payable from monies to be deposited in the Phase #1A Assessment Fund, as described below:

- a. The Reimbursement Amount is payable solely from the Phase #1A Assessment Revenue received and collected by the City and deposited into the Phase #1A Assessment Fund. The Phase #1A Assessment Revenue shall be received, collected and deposited into the Phase #1A Assessment Fund as provided in the Interlocal Agreement.
 - b. The unpaid Reimbursement Amount shall bear simple interest per annum at the rate of ____%. The interest rate has been approved by the City Council and is authorized by the PID Act and was determined based upon the *S&P High Yield Municipal Bond Index*, a daily publication that publishes this interest rate index, which the highest average index rate for tax-exempt bonds reported in the previous month was ____%. 3. The amount of the Reimbursement Amount that has not been paid, plus the interest accrued as described in Section 2(b) above, are collectively, the “Unpaid Balance.” The Unpaid Balance is secured by and payable solely from the Phase #1A Assessment Revenue received and collected by the City and deposited into the Phase #1A Assessment Fund. No other City funds, revenue, taxes, or income of any kind shall be used to pay the Unpaid Balance, even if the Unpaid Balance is not paid in full by the Maturity Date. This Reimbursement Agreement shall not, under any circumstances, give rise to or create a charge against the general credit or taxing power of the City or a debt or other obligation of the City payable from any source other than Phase #1A Assessment Revenue received, collected and deposited into the Phase #1A Assessment Fund. The MMD further agrees to look solely to the Phase #1A Assessment Revenue, and not the City’s general fund or any other revenues, taxes, income, property, or other funds of the City for reimbursement of the Unpaid Balance. The City covenants that it will comply with the provisions of this Reimbursement Agreement, the Interlocal Agreement, the Construction Funding Agreement, the Development Agreement, and the PID Act, including provisions relating to the administration of the District and the enforcement and collection of taxes and assessments, and all other covenants provided therein. Notwithstanding its collection efforts, if, solely as a result of nonpayment by any owner of any Phase #1A Assessed Parcel, the City fails to receive all or any part of the Phase #1A Assessment Revenue and, as a result, is unable to make transfers from the Phase #1A Assessment Revenue Fund for

payments to the MMD as required under this Reimbursement Agreement, such failure and inability shall not constitute a Failure or Default by the City under this Reimbursement Agreement.

4. The City shall have the right to refund or repay the Unpaid Balance under this Reimbursement Agreement through the issuance of bonds by the City (the “City Bonds”); provided that such City Bonds may not be secured by any portion of the Phase #1A Assessment Revenues unless the City Bonds are issued in an amount sufficient, when combined with any available funds of the MMD to repay the portion of principal of and interest on the Contract Revenue Bonds applicable to the Unpaid Balance (including any accrued interest to the date of redemption thereof). If City Bonds are issued, the net proceeds of such City Bonds shall be used, in accordance with the terms of the indenture of trust relating to the City Bonds.

5. Assignment

a. This Agreement may only be assigned by the MMD (i) to a trustee in connection with a trust indenture relating to the issuance of the Contract Revenue Bonds as contemplated herein; or (ii) to the Developer as provided in Section 5(b), provided that no such assignment to the Developer may be made while the Contract Revenue Bonds are outstanding. If assigned to the Developer, the Developer has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part without the consent of (but with written notice to) the City and the MMD, the Developer’s right, title, or interest under this Reimbursement Agreement including, but not limited to, any right, title, or interest of the Developer in and to payment of the Unpaid Balance (any of the foregoing, a “Transfer,” and the person or entity to whom the Transfer is made, a “Transferee”). Notwithstanding the foregoing, however, no Transfer shall be effective until five days after notice of the Transfer is received by the City, including for each Transferee the information required by Section 9 below. The City may rely on any notice of a Transfer received from the Developer without obligation to investigate or confirm the validity or occurrence of such Transfer.

b. The MMD and the City have entered into this Reimbursement Agreement for the sole purpose of the MMD’s issuance of the Contract Revenue Bonds by February 15, 2022. This Agreement is a contract to which the MMD is a party and such assigned Phase #1A Assessment Revenue shall be provided as contract revenues, as outlined herein and the Interlocal Agreement, to secure the payment of debt service for the Contract Revenue Bonds issued by MMD pursuant to the MMD Act and in order to reimburse the Developer for costs of the Phase #1A Improvements paid for by the Developer. If the MMD does not issue the Contract Revenue Bonds by February 15, 2022, the City and the MMD agree to terminate the Interlocal Agreement, and the MMD shall (i) assign all rights, title, and interest to this

Reimbursement Agreement to the Developer within three (3) business days of the Developer's request, and (ii) the MMD shall have no claim to amounts collected in the Phase #1A Assessment Fund and shall not be obligated to issue the Contract Revenue Bonds. Upon such Assignment, the MMD shall no longer be a party to this Agreement, and the City and the Developer shall enter into any amendments or amendments and restatements to this Reimbursement Agreement necessary to effect payment of the Unpaid Balance to the Developer.

6. **Issuance of Contract Revenue Bonds by the MMD.** The Interlocal Agreement describes the issuance of the Contract Revenue Bonds by the MMD and provides:

(i) The obligation of the City to pledge the Phase #1A Assessment Revenue to the MMD and the MMD's obligation to issue contract revenue bonds secured by the pledge of the Phase #1A Assessment Revenue, and any conditions relating thereto;

(ii) City, Administrator, MMD, and bond trustee responsibilities with respect to the deposit, use, and investment of Phase #1A Assessment Revenue, including annual installments, prepayments of Phase #1A Assessment Revenue and foreclosure proceeds (net of delinquency costs);

(iii) The method and timing of payment of Administrative Expenses from that portion of the Phase #1A Assessment Revenue that is budgeted to pay Administrative Expenses;

(iv) City, Administrator, MMD, and bond trustee responsibilities with respect to the billing and collection procedures for the Assessments, enforcement of the Assessments, and the collection of delinquent Assessments or annual installments, and the timing thereof;

(v) The procedures for disbursement of bond proceeds for Costs of the Phase #1A Improvements;

(vi) The timing for termination of assignment of the Phase #1A Assessment Revenue and procedures related thereto;

(vii) The events of default under the Interlocal Agreement and remedies available to the parties; and

(viii) Any other provisions deemed necessary to fully evidence and secure the pledge of the assigned Phase #1A Assessment Revenue to payment of the Contract Revenue Bonds, to conform to procedures and terms in a related trust indenture, or to obtain Attorney General approval of such Contract Revenue Bonds.

7. The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from the Phase #1A Assessment Fund and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property. None of the City or any of its elected or appointed officials or any of its officers or

11. Notwithstanding anything herein to the contrary, nothing herein shall otherwise authorize or permit the use by the City of the Phase #1A Assessments contrary to the provisions of the PID Act.
12. Remedies:
 - a. If either Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a “Failure”) and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a “Default.” Upon the occurrence of a Failure by a non-performing Party, the other Party shall notify the non-performing Party and all Transferees of the non-performing Party in writing specifying in reasonable detail the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least 30 days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within 30 days and the non-performing Party has diligently pursued a cure within such 30-day period and has provided written notice to the other Party that additional time is needed, then the cure period shall be extended for an additional 30 day period so long as the non-performing Party is diligently pursuing a cure. Any Transferee shall have the same rights as the Developer to enforce the obligations of the City under this Reimbursement Agreement and shall also have the right, but not the obligation, to cure any alleged Failure by the Developer within the same time periods that are provided to the Developer. The election by a Transferee to cure a Failure by the Developer shall constitute a cure by the Developer but shall not obligate the Transferee to be bound by this Reimbursement Agreement with respect to Developer obligations under this Reimbursement Agreement unless the Transferee agrees to be bound.
 - b. If the MMD is in Default, the City shall have available all remedies at law or in equity, provided that no Default by the MMD shall: (1) affect the obligations of the City to use the amounts transferred to the Phase #1A Assessment Fund as provided in Sections 2 and 3 of this Reimbursement Agreement; or (2) entitle the City to terminate this Reimbursement Agreement.
 - c. If the City is in Default, the MMD’s sole and exclusive remedies shall be to: (1) seek a writ of mandamus to compel performance by the City; or (2) seek specific enforcement of this Reimbursement Agreement.

13. The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by the other Party, or the failure by a Party to exercise its rights upon a Default by the other Party shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the provisions of this Reimbursement Agreement.
14. The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow the MMD to enforce its remedies under this Reimbursement Agreement.
15. Nothing in this Reimbursement Agreement, express or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the MMD any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the MMD.
16. The Parties acknowledge that each has been actively involved in negotiating this Reimbursement Agreement. Accordingly, the rule of construction that any ambiguities are to be resolved against the drafting Party will not apply to interpreting this Reimbursement Agreement. In the event of any dispute over the meaning or application of any provision of this Reimbursement Agreement, the provision will be interpreted fairly and reasonably and neither more strongly for nor against any Party, regardless of which Party originally drafted the provision.
17. In this Reimbursement Agreement, time is of the essence and compliance with the times for performance herein is required.
18. The City represents and warrants that this Reimbursement Agreement has been approved by official action by the City Council of the City in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act) and that the individual executing this Reimbursement Agreement on behalf of the City has been duly authorized to do so. The MMD represents and warrants that this Reimbursement Agreement has been approved by appropriate action of the MMD, and that the individual executing this Reimbursement Agreement on behalf of the MMD has been duly authorized to do so. Each Party respectively acknowledges and agrees that this Reimbursement Agreement is binding upon such Party and is enforceable against such Party, in accordance with its terms and conditions and to the extent provided by law.
19. This Reimbursement Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, whether oral or written, covering the subject matter of this Reimbursement Agreement. This Reimbursement Agreement shall not be modified or amended except in writing signed by the Parties. If any provision of this Reimbursement Agreement is determined by a court of competent jurisdiction to be unenforceable for any

reason, then: (a) such unenforceable provision shall be deleted from this Reimbursement Agreement; (b) the unenforceable provision shall, to the extent possible and upon mutual agreement of the parties, be rewritten to be enforceable and to give effect to the intent of the Parties; and (c) the remainder of this Reimbursement Agreement shall remain in full force and effect and shall be interpreted to give effect to the intent of the Parties.

20. This Reimbursement Agreement may be executed in any number of counterparts, each of which shall be deemed an original.
21. The Parties agree that at any time after execution of this Reimbursement Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Reimbursement Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Reimbursement Agreement is executed or any future City Council.
22. The term of this Reimbursement Agreement is thirty (30) years, or until the Unpaid Balance is paid in full, whichever occurs first.
23. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Reimbursement Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to force majeure, to perform its obligations under this Reimbursement Agreement, then the obligations affected by the force majeure shall be temporarily suspended. Within three (3) business days after the occurrence of a force majeure, the Party claiming the right to temporarily suspend its performance, shall give Notice to all the Parties, including a detailed explanation of the force majeure and a description of the action that will be taken to remedy the force majeure and resume full performance at the earliest possible time. The term “force majeure” shall include events or circumstances that are not within the reasonable control of Party whose performance is suspended and that could not have been avoided by such Party with the good faith exercise of good faith, due diligence and reasonable care.

NOW, THEREFORE, FOR AND IN CONSIDERATION OF THE MUTUAL COVENANTS OF THE PARTIES SET FORTH IN THIS REIMBURSEMENT AGREEMENT AND FOR VALUABLE CONSIDERATION THE RECEIPT AND ADEQUACY OF WHICH ARE ACKNOWLEDGED, THE PARTIES AGREE AS FOLLOWS:

1. The recitals in the “WHEREAS” clauses of this Reimbursement Agreement are true and correct, create obligations of the Parties, and are incorporated as part of this Reimbursement Agreement for all purposes.
2. Strictly subject to the terms, conditions, and requirements and solely from the Phase #1B Assessment Revenues as herein provided and in the Interlocal Agreement, the City agrees to pay the MMD, and the MMD shall be entitled to receive from the City, the amount equal to the actual costs of the Phase #1B Improvements paid by the Developer for the Phase #1B Improvements Costs that were within budgeted costs, or authorized overrun costs, that were paid by the Developer and for which a Certification of Payment form has been submitted and approved, pursuant to the Construction Funding Agreement, plus interest on the unpaid balance in accordance with the terms of this Reimbursement Agreement until September 1, 2051 or the last date on which any bonds issued by the MMD and secured by the Phase #1B Assessments are outstanding (the “Maturity Date”), and which shall be paid

to the MMD in a principal amount not to exceed \$3,581,788 (the “Reimbursement Amount”), plus interest accrued, as hereinafter provided. The City has created the Phase #1B Assessment Fund. The Reimbursement Amount is payable from monies to be deposited in the Phase #1B Assessment Fund, as described below:

- a. The Reimbursement Amount is payable solely from the Phase #1B Assessment Revenue received and collected by the City and deposited into the Phase #1B Assessment Fund. The Phase #1B Assessment Revenue shall be received, collected and deposited into the Phase #1B Assessment Fund as provided in the Interlocal Agreement.
 - b. The unpaid Reimbursement Amount shall bear simple interest per annum at the rate of ____%. The interest rate has been approved by the City Council and is authorized by the PID Act and was determined based upon the *S&P High Yield Municipal Bond Index*, a daily publication that publishes this interest rate index, which the highest average index rate for tax-exempt bonds reported in the previous month was ____%. The interest rate of 4.50% contained herein complies with Subsections 372.023(e)(1) and (e)(2) of the PID Act.
3. The amount of the Reimbursement Amount that has not been paid, plus the interest accrued as described in Section 2(b) above, are collectively, the “Unpaid Balance.” The Unpaid Balance is secured by and payable solely from the Phase #1B Assessment Revenue received and collected by the City and deposited into the Phase #1B Assessment Fund. No other City funds, revenue, taxes, or income of any kind shall be used to pay the Unpaid Balance, even if the Unpaid Balance is not paid in full by the Maturity Date. This Reimbursement Agreement shall not, under any circumstances, give rise to or create a charge against the general credit or taxing power of the City or a debt or other obligation of the City payable from any source other than Phase #1B Assessment Revenue received, collected and deposited into the Phase #1B Assessment Fund. The MMD further agrees to look solely to the Phase #1B Assessment Revenue, and not the City’s general fund or any other revenues, taxes, income, property, or other funds of the City for reimbursement of the Unpaid Balance. The City covenants that it will comply with the provisions of this Reimbursement Agreement, the Interlocal Agreement, the Construction Funding Agreement, the Development Agreement, and the PID Act, including provisions relating to the administration of the District and the enforcement and collection of taxes and assessments, and all other covenants provided therein. Notwithstanding its collection efforts, if, solely as a result of nonpayment by any owner of any Phase #1B Assessed Parcel, the City fails to receive all or any part of the Phase #1B Assessment Revenue and, as a result, is unable to make transfers from the Phase #1B Assessment Revenue Fund for payments to the MMD as required under this Reimbursement Agreement, such failure and inability shall not constitute a Failure or Default by the City under this Reimbursement Agreement.

4. The City shall have the right to refund or repay the Unpaid Balance under this Reimbursement Agreement through the issuance of bonds by the City (the “City Bonds”); provided that such City Bonds may not be secured by any portion of the Phase #1B Assessment Revenues unless the City Bonds are issued in an amount sufficient, when combined with any available funds of the MMD to repay the portion of principal of and interest on the Contract Revenue Bonds applicable to the Unpaid Balance (including any accrued interest to the date of redemption thereof). If City Bonds are issued, the net proceeds of such City Bonds shall be used, in accordance with the terms of the indenture of trust relating to the City Bonds.

5. Assignment

a. This Agreement may only be assigned by the MMD (i) to a trustee in connection with a trust indenture relating to the issuance of the Contract Revenue Bonds as contemplated herein; or (ii) to the Developer as provided in Section 5(b), provided that no such assignment to the Developer may be made while the Contract Revenue Bonds are outstanding. If assigned to the Developer, the Developer has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part without the consent of (but with written notice to) the City and the MMD, the Developer’s right, title, or interest under this Reimbursement Agreement including, but not limited to, any right, title, or interest of the Developer in and to payment of the Unpaid Balance (any of the foregoing, a “Transfer,” and the person or entity to whom the Transfer is made, a “Transferee”). Notwithstanding the foregoing, however, no Transfer shall be effective until five days after notice of the Transfer is received by the City, including for each Transferee the information required by Section 9 below. The City may rely on any notice of a Transfer received from the Developer without obligation to investigate or confirm the validity or occurrence of such Transfer.

b. The MMD and the City have entered into this Reimbursement Agreement for the sole purpose of the MMD’s issuance of the Contract Revenue Bonds by February 15, 2022. This Agreement is a contract to which the MMD is a party and such assigned Phase #1B Assessment Revenue shall be provided as contract revenues, as outlined herein and the Interlocal Agreement, to secure the payment of debt service for the Contract Revenue Bonds issued by MMD pursuant to the MMD Act and in order to reimburse the Developer for costs of the Phase #1B Improvements paid for by the Developer. If the MMD does not issue the Contract Revenue Bonds by February 15, 2022, the City and the MMD agree to terminate the Interlocal Agreement, and the MMD shall (i) assign all rights, title, and interest to this Reimbursement Agreement to the Developer within three (3) business days of the Developer’s request, and (ii) the MMD shall have no claim to amounts collected in the Phase #1B Assessment Fund and shall not be obligated to issue the Contract Revenue Bonds. Upon such Assignment, the MMD shall no longer be a party to

this Agreement, and the City and the Developer shall enter into any amendments or amendments and restatements to this Reimbursement Agreement necessary to effect payment of the Unpaid Balance to the Developer.

6. **Issuance of Contract Revenue Bonds by the MMD.** The Interlocal Agreement describes the issuance of the Contract Revenue Bonds by the MMD and provides:

(i) The obligation of the City to pledge the Phase #1B Assessment Revenue to the MMD and the MMD's obligation to issue contract revenue bonds secured by the pledge of the Phase #1B Assessment Revenue, and any conditions relating thereto;

(ii) City, Administrator, MMD, and bond trustee responsibilities with respect to the deposit, use, and investment of Phase #1B Assessment Revenue, including annual installments, prepayments of Phase #1B Assessment Revenue and foreclosure proceeds (net of delinquency costs);

(iii) The method and timing of payment of Administrative Expenses from that portion of the Phase #1B Assessment Revenue that is budgeted to pay Administrative Expenses;

(iv) City, Administrator, MMD, and bond trustee responsibilities with respect to the billing and collection procedures for the Assessments, enforcement of the Assessments, and the collection of delinquent Assessments or annual installments, and the timing thereof;

(v) The procedures for disbursement of bond proceeds for Costs of the Phase #1B Improvements;

(vi) The timing for termination of assignment of the Phase #1B Assessment Revenue and procedures related thereto;

(vii) The events of default under the Interlocal Agreement and remedies available to the parties; and

(viii) Any other provisions deemed necessary to fully evidence and secure the pledge of the assigned Phase #1B Assessment Revenue to payment of the Contract Revenue Bonds, to conform to procedures and terms in a related trust indenture, or to obtain Attorney General approval of such Contract Revenue Bonds.

7. The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from the Phase #1B Assessment Fund and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property. None of the City or any of its elected or appointed officials or any of its officers or employees shall incur any liability hereunder to the MMD or any other party in their individual capacities by reason of this Reimbursement Agreement or their acts or omissions under this Reimbursement Agreement.

11. Notwithstanding anything herein to the contrary, nothing herein shall otherwise authorize or permit the use by the City of the Phase #1B Assessments contrary to the provisions of the PID Act.
12. Remedies:
 - a. If either Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a “Failure”) and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a “Default.” Upon the occurrence of a Failure by a non-performing Party, the other Party shall notify the non-performing Party and all Transferees of the non-performing Party in writing specifying in reasonable detail the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least 30 days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within 30 days and the non-performing Party has diligently pursued a cure within such 30-day period and has provided written notice to the other Party that additional time is needed, then the cure period shall be extended for an additional 30 day period so long as the non-performing Party is diligently pursuing a cure. Any Transferee shall have the same rights as the Developer to enforce the obligations of the City under this Reimbursement Agreement and shall also have the right, but not the obligation, to cure any alleged Failure by the Developer within the same time periods that are provided to the Developer. The election by a Transferee to cure a Failure by the Developer shall constitute a cure by the Developer but shall not obligate the Transferee to be bound by this Reimbursement Agreement with respect to Developer obligations under this Reimbursement Agreement unless the Transferee agrees to be bound.
 - b. If the MMD is in Default, the City shall have available all remedies at law or in equity, provided that no Default by the MMD shall: (1) affect the obligations of the City to use the amounts transferred to the Phase #1B Assessment Fund as provided in Sections 2 and 3 of this Reimbursement Agreement; or (2) entitle the City to terminate this Reimbursement Agreement.
 - c. If the City is in Default, the MMD’s sole and exclusive remedies shall be to: (1) seek a writ of mandamus to compel performance by the City; or (2) seek specific enforcement of this Reimbursement Agreement.
13. The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by the other Party, or the failure by a Party to exercise its rights upon a Default by the other Party shall not constitute a waiver of such Party’s right to insist

and demand strict compliance by such other Party with the provisions of this Reimbursement Agreement.

14. The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow the MMD to enforce its remedies under this Reimbursement Agreement.
15. Nothing in this Reimbursement Agreement, express or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and the MMD any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the MMD.
16. The Parties acknowledge that each has been actively involved in negotiating this Reimbursement Agreement. Accordingly, the rule of construction that any ambiguities are to be resolved against the drafting Party will not apply to interpreting this Reimbursement Agreement. In the event of any dispute over the meaning or application of any provision of this Reimbursement Agreement, the provision will be interpreted fairly and reasonably and neither more strongly for nor against any Party, regardless of which Party originally drafted the provision.
17. In this Reimbursement Agreement, time is of the essence and compliance with the times for performance herein is required.
18. The City represents and warrants that this Reimbursement Agreement has been approved by official action by the City Council of the City in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act) and that the individual executing this Reimbursement Agreement on behalf of the City has been duly authorized to do so. The MMD represents and warrants that this Reimbursement Agreement has been approved by appropriate action of the MMD, and that the individual executing this Reimbursement Agreement on behalf of the MMD has been duly authorized to do so. Each Party respectively acknowledges and agrees that this Reimbursement Agreement is binding upon such Party and is enforceable against such Party, in accordance with its terms and conditions and to the extent provided by law.
19. This Reimbursement Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, whether oral or written, covering the subject matter of this Reimbursement Agreement. This Reimbursement Agreement shall not be modified or amended except in writing signed by the Parties. If any provision of this Reimbursement Agreement is determined by a court of competent jurisdiction to be unenforceable for any reason, then: (a) such unenforceable provision shall be deleted from this Reimbursement Agreement; (b) the unenforceable provision shall, to the extent possible and upon mutual agreement of the parties, be rewritten to be enforceable and to give effect to the intent of

the Parties; and (c) the remainder of this Reimbursement Agreement shall remain in full force and effect and shall be interpreted to give effect to the intent of the Parties.

20. This Reimbursement Agreement may be executed in any number of counterparts, each of which shall be deemed an original.
21. The Parties agree that at any time after execution of this Reimbursement Agreement, they will, upon request of another Party, execute and deliver such further documents and do such further acts and things as the other Party may reasonably request in order to effectuate the terms of this Reimbursement Agreement. This provision shall not be construed as limiting or otherwise hindering the legislative discretion of the City Council seated at the time that this Reimbursement Agreement is executed or any future City Council.
22. The term of this Reimbursement Agreement is thirty (30) years, or until the Unpaid Balance is paid in full, whichever occurs first.
23. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Reimbursement Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to force majeure, to perform its obligations under this Reimbursement Agreement, then the obligations affected by the force majeure shall be temporarily suspended. Within three (3) business days after the occurrence of a force majeure, the Party claiming the right to temporarily suspend its performance, shall give Notice to all the Parties, including a detailed explanation of the force majeure and a description of the action that will be taken to remedy the force majeure and resume full performance at the earliest possible time. The term “force majeure” shall include events or circumstances that are not within the reasonable control of Party whose performance is suspended and that could not have been avoided by such Party with the good faith exercise of good faith, due diligence and reasonable care.

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On September 14, 2021 (the “Creation Date”) the City Council (the “City Council”) of the City of Celina, Texas (the “City”) passed and approved Resolution No. _____ approving and authorizing the creation of the Legacy Hills Public Improvement District (the “PID”) to finance the costs of certain public improvements for the benefit of property in such public improvement district (the “Authorized Improvements”), all of which was located within the corporate limits of the City at the time the PID was created.

The property in the PID is proposed to be developed in multiple phases. Assessments will be imposed on property within each phase of the PID for the public improvements to be constructed for the benefit of each phase. The assessments will be levied and paid to the District pursuant to an interlocal agreement between the City and the District and pledged by the District to secure the issuance of contract revenue bonds by the District to finance the Authorized Improvements, which Authorized Improvements will be conveyed to the District, and subsequently conveyed to, operated and maintained by the City.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. This Legacy Hills Public Improvement District Service and Assessment Plan (the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (1) cover a period of at least five years; (2) define the annual indebtedness and the projected costs for improvements; and (3) include a copy of the notice form required by Section 5.014, Property Code.” Additionally, the PID act requires that “the governing body of the municipality or county shall review and update the service plan annually for the purpose of determining the annual budget for improvements.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the costs of the Authorized Improvements and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The

roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter.” The Assessment Roll for the Phase #1A is included as Appendix G of this Service and Assessment Plan and the Assessment Roll for the Phase #1B is included as Appendix H of this Service and Assessment Plan. The Assessments as shown on each Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

B. Definitions

Capitalized terms used herein shall have the meanings ascribed to them as follows:

“Actual Cost(s)” means, with respect to an Authorized Improvement, the demonstrated, reasonable, allocable, and allowable costs of constructing such Authorized Improvement, as specified in a Certification for Payment that has been reviewed and approved by the City and the District. V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

For purposes of this Service and Assessment Plan, the City Council has determined that the costs of the Authorized Improvements shall be allocated in such a manner that the costs of the Authorized Improvements that only benefit the PID shall be allocated on the basis of Equivalent Units calculated using the average home price of each Lot Type once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.

At this time, it is impossible to determine with absolute certainty the amount of special benefit each Parcel within Future Phases will receive from the direct Authorized Improvements that will benefit each individual phase and that are to be financed with Phased PID Bonds and/ or applicable reimbursement agreements. Therefore, Parcels will only be assessed for the special benefits conferred upon the Parcel at this time because of the Phase #1A and Phase #1B Improvements.

In connection with the issuance of Bonds and/or execution of related reimbursement agreements, this Service and Assessment Plan will be updated to reflect the special benefit each Parcel of Assessed Property within a Future Phase receives from the specific Authorized Improvements funded with those Phased PID Bonds and/or reimbursement agreements for with respect to that Future Phase. Prior to assessing Parcels located within Future Phases in connection with issuance of Phased PID Bonds and/ or reimbursement agreements, each owner of the Parcels to be assessed must acknowledge that the Authorized Improvements to be financed confer a special benefit on their Parcel and must consent to the imposition of the Assessments to pay for the Actual Costs of such Authorized Improvements.

This section of this Service and Assessment Plan currently (i) describes the special benefit received by each Parcel within the PID as a result of the Phase #1A Improvements or Phase #1B Improvements, as applicable, (ii) provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments to be levied on the Phase #1A Assessed Property and the Phase #1B Assessed Property for such improvements, and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Phase #1A and Phase #1B Improvements to Parcels in a manner that results in equal shares of the Actual

Costs of such improvements being apportioned to Parcels similarly benefited. The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the payment of costs incurred in the establishment of the PID shown in Table IV-A are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The special assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax. As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax- exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the City Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The Authorized Improvements are required for the highest and best use of the property;
4. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
5. Financing of the costs of the Authorized Improvement through the PID or pursuant to contract with the District is determined to be the most beneficial means of providing for the Authorized Improvements; and,
6. As a result, the special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Phase #1A Improvements and the Phase #1B Improvements to be financed through the Interlocal Agreement, the Phase #1A Reimbursement Agreement and the Phase #1B Reimbursement Agreement, as applicable. The Costs of the Phase #1A Improvements shall be allocated to the Phase #1A Assessed Property by spreading the entire Phase #1A Assessment across the Parcels in Phase #1A based on the estimated number of Equivalent Units anticipated to be developed on each Parcel within Phase #1A. The Costs of the Phase #1B Improvements shall be allocated to the Phase #1B Assessed Property by spreading the entire Phase #1B Assessment across the Parcels in Phase #1B based on the estimated number of Equivalent Units anticipated to be developed on each Parcel within Phase #1B

2. *Assessment Methodology for Phase #1A-1B*

For purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated number of units anticipated to be developed on each Parcel within Phase #1A and Phase #1B.

Based on the estimates of the costs of the Phase #1A Improvements, as set forth in Table III-A, the City Council has determined that the benefit to Phase #1A Assessed Property from the Phase #1A Improvements is at least equal to the Phase #1A Assessments levied on the Phase #1A Assessed Property.

Based on the estimates of the costs of the Phase #1B Improvements, as set forth in Table III-A, the City Council has determined that the benefit to Phase #1B Assessed Property from the Phase #1B Improvements is at least equal to the Phase #1B Assessments levied on the Phase #1B Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated number of units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated number of Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units of all Lots in the platted Parcel, as determined by the Administrator and confirmed by the City Council.

The Assessment and Annual Installments for each Parcel or Lot located within Phase #1A are shown on the Phase #1A Assessment Roll, attached as Appendix G and the Assessment and Annual Installments for each Parcel or Lot located within Phase #1B are shown on the Phase #1B

Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

3. *Assessment Methodology for Future Phases*

When any given Future Phase is developed, and Phased PID Bonds are to be issued and/ or assessments are to be levied under a reimbursement agreement for that Future Phase, this Service and Assessment Plan will be amended to determine the assessment methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited within that Phase.

D. ASSESSMENTS

The Assessments for the Phase #1A Reimbursement Agreement will be levied on each Parcel or Lot according to the Phase #1A Assessment Roll. The Assessments for the Phase #1B Reimbursement Agreement will be levied on each Parcel or Lot according to the Phase #1B Assessment Roll. The Annual Installments for the Phase #1A Reimbursement Agreement and the Phase #1B Reimbursement Agreement will be collected on the dates and in the amounts shown on the Phase #1A Assessment Roll and the Phase #1B Assessment Roll, respectively, subject to revisions made during an Annual Service Plan Update. Non-Benefited Property will not be subject to any Assessments.

See Appendix F for Assessment per unit, leverage, and estimated tax rate equivalent calculation details.

E. ADMINISTRATIVE EXPENSES

The cost of administering the PID, including the costs of administration by the PID related to the Bonds and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on each Assessment Roll, which may be revised based on actual costs incurred in Annual Service Plan Updates.

(remainder of this page is intentionally left blank)

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE PID

The Assessment and Annual Installments for each Parcel or Lot located within Phase #1A are shown on the Phase #1A Assessment Roll, attached as Appendix G and the Assessment and Annual Installments for each Parcel or Lot located within Phase #1B are shown on the Phase #1B Assessment Roll, attached as Appendix H, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act..

The Annual Installments shall be collected from Phase #1A Assessed Property in an amount sufficient to pay (i) principal and interest on the Phase #1A Reimbursement Agreement and (ii) to pay Administrative Expenses related to the PID or the District.

The Annual Installments shall be collected from Phase #1B Assessed Property in an amount sufficient to pay (i) principal and interest on the Phase #1B Reimbursement Agreement and (ii) to pay Administrative Expenses related to the PID or the District.

B. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated number of Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated number of Equivalent Units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the City Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may

not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the City Council.

C. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the City the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. If at any time the Assessment per unit on a Parcel in Phase #1A or Phase #1B, as applicable, exceeds the applicable Phase #1A Maximum Assessment Per Unit or the Phase #1B Maximum Assessment Per Unit, as applicable, calculated in this Service and Assessment Plan solely as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the City prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per Unit for the Parcel exceeds the Phase #1A Maximum Assessment Per Unit or the Phase #1B Maximum Assessment Per Unit, as applicable, calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

D. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds, resulting in excess Assessment Revenues and/or Bond proceeds being available to redeem Bonds of such series, then the Assessment securing such series of Bonds for each Parcel of Assessed Property shall be reduced by the City Council pro rata such that the sum

of the resulting reduced Assessments for all Assessed Properties equals the actual reduced Actual Costs and the City Council shall direct such excess Bond proceeds to be applied by the District to redeem Bonds of such series. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds. If all of the Authorized Improvements are not completed, the City may reduce the Assessments solely as provided in the Interlocal Agreement. Any excess Bond proceeds shall be applied to redeem Bonds of such series as provided in the applicable Trust Indenture. Any excess Assessment Revenues that are in excess of the costs of the Authorized Improvements as set forth herein, shall be used to reduce the outstanding principal amount of the applicable reimbursement agreement or used to redeem Bonds, as applicable. The Assessments shall not be reduced to an amount less than the related outstanding amounts due pursuant to the applicable reimbursement agreement and/or series of Bonds.

2. If all the Authorized Improvements are not undertaken and the Developer has indicated that such Authorized Improvements will not be undertaken, resulting in excess Assessment Revenues and/or Bond proceeds, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the City Council to reflect only the amounts required to repay amounts due pursuant to the applicable reimbursement agreement and/or repay the Bonds, including interest on the Bonds or due pursuant to the applicable reimbursement agreement and Administrative Expenses. The City Council shall direct the District that such excess Bond proceeds shall be applied to redeem Bonds as set forth in the applicable indenture. The City Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on the number of units, or (iii) in any other manner determined by the City Council to be the most fair and practical means of reducing the Assessments for Assessed Property such that the sum of the resulting reduced Assessments equals the amount required to repay amount due pursuant to the applicable reimbursement agreement and/or the Bonds, including interest and Administrative Expenses.

E. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the City shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced

to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.

- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part in an amount sufficient to allow for a convenient redemption of Bonds as determined by the Administrator. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect interest, administrative expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Rolls, as updated as provided for herein, which include interest and Administrative Expenses. Payment of the Annual Installments for Phase #1A-1B shall commence with tax bills mailed in the first calendar year after the execution of the Phase #1A Reimbursement Agreement and the Phase #1B Reimbursement Agreement.

The Phase #1A Assessment shall be paid with interest of no more than the Phase #1A Reimbursement Agreement Phase #1B Reimbursement Agreement. The City has determined that the Phase #1A Assessments shall bear interest at the interest rate of 4.25% per annum for each Annual Installment in accordance with the Phase #1A Reimbursement Agreement. The City has determined that the Phase #1B Assessments shall bear interest at the interest rate of 4.25% per annum for each Annual Installment in accordance with the Phase #1B Reimbursement Agreement. Such rates do not to exceed two hundred basis points above the highest average index rate for tax-exempt bond reported in a daily or weekly bond index approved by the City and reported in the month prior to the establishment of the Phase #1A Assessments and Phase #1B Assessments. The index approved by the City is the S&P High Yield Municipal Bond Index, for which the highest average rate during September 2021 was %. Furthermore, the Annual Installments may not exceed the amounts shown on the Phase #1A Assessment Roll and the Phase #1B Assessment Roll. The Phase #1A Assessment Roll sets forth for each year the Annual Installment for each Parcel in Phase #1A based on an estimated interest rate of 4.25%. The Phase #1B Assessment Roll sets forth for each year the Annual Installment for each Parcel in Phase #1B based on an estimated interest rate of 4.25%.

The Annual Installments shall be reduced to equal the actual costs of repaying the Bonds and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The City and the District reserve and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of

the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

F. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the City Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include updated Assessment Rolls and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Annual Installments shall be collected by the City in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act and the Interlocal Agreement. The Assessments shall have lien priority as specified in the PID Act.

Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. Collection of the initial Annual Installments relating to the Authorized Improvements that benefit the Assessed Property will be due when billed and will be delinquent if not paid prior to the first February 1 following the earlier of (i) the recording of a final subdivision plat in the official public records of the County for the Assessed Property, (ii) upon issuance of Bonds issued by the City or the District that are secured by the Assessment Revenues from Parcels within Phase #1A and Phase #1B, or (iii) the second anniversary of the date of levy of the Assessment.

VII. THE ASSESSMENT ROLLS

A. PHASE #1A ASSESSMENT ROLL

The City Council has evaluated each Parcel in the PID (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Phase #1A.

The Phase #1A Assessed Property has been assessed for the special benefits conferred upon the property resulting from the Phase #1A Improvements. Table VII-A summarizes the \$12,429,899 in special benefit received by the Phase #1A Assessed Property from the Phase #1A Improvements. The total Assessment to be applied to all the Phase #1A Assessed Property is \$9,718,212, which is less than the benefit received by the Phase #1A Assessed Property. The Assessment for each Phase #1A Assessed Property is calculated based on the allocation methodologies described in Section V.C. The Phase #1A Assessment Roll is attached hereto as Appendix G.

The City Council has evaluated each Parcel in the PID (based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the

Public Property, the types of public improvements, and other development factors deemed relevant by the City Council) to determine the amount of Assessed Property within the Phase #1B.

The Phase #1B Assessed Property has been assessed for the special benefits conferred upon the property resulting from the Phase #1B Improvements. Table VII-B summarizes the \$5,264,610 in special benefit received by the Phase #1B Assessed Property from the Phase #1B Improvements. The total Assessment to be applied to all the Phase #1B Assessed Property is \$3,581,788 which is less than the benefit received by the Phase #1B Assessed Property. The Assessment for each Phase #1B Assessed Property is calculated based on the allocation methodologies described in Section V.C. The Phase #1B Assessment Roll is attached hereto as Appendix H.

C. FUTURE PHASE ASSESSMENT ROLL

As Future Phases are developed, this Service and Assessment Plan will be amended to determine the Assessment for each Parcel or Lot located within such Future Phase (e.g. an appendix will be added as the Assessment Roll for Future Phase).

D. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Assessment Rolls in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel

of Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.E of this Service and Assessment Plan.

(remainder of this page is intentionally left blank)

VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The City may elect to designate a third party to serve as Administrator. The City shall notify the Developer and the District in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable “Notice of the PID Assessment Termination”.

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:(i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Collection Costs, and other charges imposed by the Service and Assessment Plan.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein, such determination shall be conclusive.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

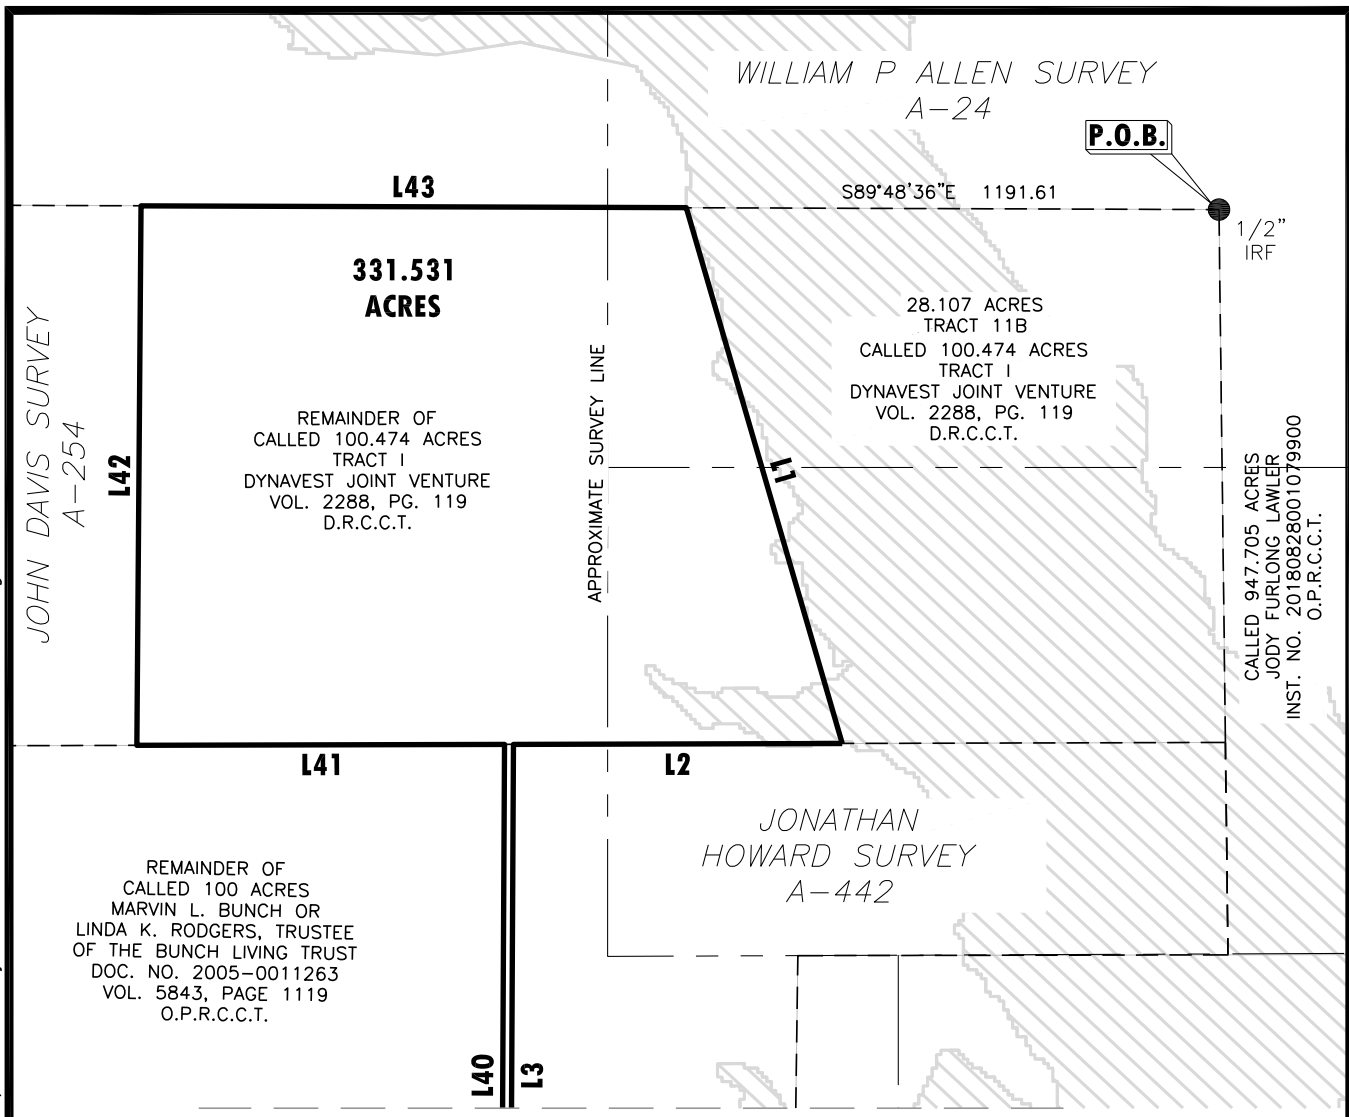

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

F. HOMEBUYER DISCLOSURE

The PID Act requires that this Service and Assessment Plan and each Annual Service Plan Update include a copy of the notice form required by Section 5.014 of the Texas Property Code. The homebuilder or any seller of property within the PID may include the required disclosure in its notice to purchaser as long as the notice complies with and provided the information from this Service and Assessment Plan as required by Section 5.014 of the Texas Property Code. The homebuyer disclosure is attached hereto as Appendix E and may be updated in an Annual Service Plan Update.

Assumptions:

- At the time of this OPC, geotechnical recommendations for pavement subgrade and soil moisture conditioning were not available.
- The OPC was prepared without the benefit of overall grading, utility, and drainage plans for a 'high level' analysis of the site. The OPC should be updated as additional information and designs are available.
- The OPC does not include any miscellaneous costs for permits, platting, fees (impact, planning, etc.), or any other process or procedure required by the City of Celina or additional governing authorities.
- This OPC does not include costs of offsite water or wastewater utilities necessary to provide service to the site.

This Engineer's opinion of probable cost is made on the basis of the Engineer's experience and best judgment as a design professional. This opinion of probable cost does not include city fees; such as easement acquisition, permits, and application fees among others. It must be recognized that any evaluation of work to be performed to construct this project must be by necessity and is speculative in nature until completion of its actual detailed design. In addition the Engineer has no control over the cost of labor, materials or services to be furnished by others or over market conditions. Accordingly, Knight, Fowler & Millsap, LLC. cannot guarantee that actual costs will not vary from the opinions expressed herein.

APPENDIX F
ASSESSMENT PER UNIT, PROJECTED LEVERAGE AND PROJECTED TAX RATE
EQUIVALENTS

Appendix F

For purposes of calculating and allocating the Assessments, the Assessed Property has been classified in one of three Lot Types.

“**Lot Type 1**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 60 feet, as provided by Zoning Ordinance.

“**Lot Type 2**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 50 feet, as provided by Zoning Ordinance.

“**Lot Type 3**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 40 feet, as provided by Zoning Ordinance.

A) Proposed Development

The following table shows the proposed residential units to be developed within Phase #1A-1B.

Table F-1
Proposed Development- Phase #1A-1B

Proposed Development	Phase #1A	Phase #1B	Measurement
Single-Family - 60 Ft	94	0	Units
Single-Family - 50 Ft	213	0	Units
Single-Family - 40 Ft	114	192	Units
Total	421	192	Units

B) Calculation of Equivalent Units

As explained under Section IV, for purpose of this Service and Assessment Plan, the City Council has determined that the Actual Costs of the Authorized Improvements to be financed with the Phase #1A Reimbursement Agreement and/or Phase #1B Reimbursement Agreement shall be allocated to the Phase #1A Assessed Property and the Phase #1B Assessed Property by spreading the entire Assessment across the Parcels in Phase #1A and Phase #1B, as applicable, based on the estimated Equivalent Units therein.

For purposes of this Plan, the City Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the City Council has taken into consideration (i) the type of lots (i.e., 60 Ft lots, 50 Ft lots, 40 Ft lots, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the City Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the Lot Types described above. These

classifications from Lot Type 1 (60 Ft Lot) representing the highest value to Lot Type 3 (40 Ft Lot) representing the lowest value for residential lots are set forth in Table F-2 below. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent units are the ratio of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (60 Ft) to 1.0.

Table F-2
Equivalent Unit Factors

Lot Type	Estimated Average Unit Value	Equivalent Unit Factor
Lot Type 1 (60 Ft)	\$412,500	1.000 per unit
Lot Type 2 (50 Ft)	\$343,750	0.833 per unit
Lot Type 3 (40 Ft)	\$275,000	0.667 per unit

The total Equivalent Units for the Phase #1A-1B are shown in Table F-3 below as calculated based on the Equivalent Unit factors shown above in Table F-2, and the estimated Lot Types and number of units estimated to be built within Phase #1A-1B.

Table F-3

We have not assumed any responsibility with respect to the financial condition or capabilities of the District or the disclosure thereof in connection with the sale of the Bonds. We have relied solely on information and certifications furnished to us by the District with respect to the current outstanding indebtedness of the District and the adequacy of the “Trust Estate”, described in the Indenture defined below, for payment of the Bonds.

In our capacity as Bond Counsel, we have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the Bonds that contains certified copies of certain proceedings of the Board of Directors of the District (the “Board of Directors”); an order of the Board of Directors authorizing the Bonds adopted on October 6, 2021 (the “Order”); the Indenture of Trust dated as of October 1, 2021 between the District and Wilmington Trust, National Association (the “Indenture”); the Bond Purchase Agreement dated October 6, 2021 between the underwriter named therein and the District; the approving opinion of the Attorney General of the State of Texas; customary certificates of officers, agents, and representatives of the District (including a “Federal Tax Certificate”), and other public officials; and other documents relating to the issuance of the Bonds. In such examination, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original copies of all documents submitted to us as certified copies, and the truth and accuracy of the statements contained in such certificates. We have also examined applicable provisions of the Internal Revenue Code of 1986, as amended (the “Code”), court decisions, Treasury Regulations, and published rulings of the Internal Revenue Service (the “Service”) as we have deemed relevant. We have examined executed Bond No. T-1.

Based on said examination and in accordance with customary legal practice, it is our opinion that:

1. The District is a validly existing municipal management district of the State of Texas with power to adopt the Order, perform its agreements therein, and issue the Bonds.
2. The Bonds have been authorized, sold, and delivered in accordance with law.
3. The Bonds constitute valid and legally binding obligations of the District enforceable in accordance with their terms except as the enforceability thereof may be limited by principles of sovereign

immunity and bankruptcy, insolvency, reorganization, moratorium, liquidation, and other similar laws now or hereafter enacted relating to creditors' rights generally.

4. The Trust Estate (as described in the Indenture) consisting primarily of Contract Revenues of the District in accordance with an Interlocal Agreement between the District and the City of Celina, Texas (the "City") necessary to pay the interest on and principal of the Bonds have been pledged irrevocably for such purpose.

5. Interest on the Bonds is excludable from gross income for federal income tax purposes under section 103 of the Code and is not an item of tax preference for purposes of the federal alternative minimum tax.

We call your attention to the fact that the ownership of obligations such as the Bonds may result in collateral federal tax consequences to, among others, financial institutions, property and casualty insurance companies, life insurance companies, certain foreign corporations doing business in the United States, individual recipients of Social Security or Railroad Retirement benefits, individuals otherwise qualifying for the earned income tax credit, owners of an interest in a financial asset securitization investment trust, certain S corporations with Subchapter C earnings and profits, taxpayers qualifying for the health insurance premium assistance credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred expenses allocable to, tax-exempt obligations.

The Service has an ongoing audit program to determine compliance with rules relating to whether interest on state or local obligations is excludable from gross income for federal income tax purposes. No assurance can be given regarding whether or not the Service will commence an audit of the Bonds. If such an audit is commenced, under current procedures, the Service would treat the District as the taxpayer, and owners of the Bonds would have no right to participate in the audit process. We observe that the District has covenanted not to take any action, or omit to take any action within its control, that, if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

In rendering these opinions, we have relied upon representations and certifications of the District and the City, the District's financial advisor, and the initial purchaser of the Bonds with respect to matters solely within the knowledge of such parties, respectively, which we have not independently verified, and we assume continuing compliance by the District, and as applicable, by the City, with covenants pertaining to those sections of the Code which affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. If such representations and certifications are determined to be inaccurate or incomplete, or the District or the City fail to comply with the foregoing covenants, interest on the Bonds could become includable in gross income retroactively to the date of issuance of the Bonds, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, we express no opinion as to any other federal, state, or local tax consequences under present law, or proposed legislation, resulting from the receipt or accrual of interest on or the acquisition, ownership, or disposition of the Bonds.

The District reserves the right, subject to the restrictions set forth in the Indenture, and without obtaining the consent of the registered owners of the Bonds, to issue "Refunding Bonds" to refund the Bonds to the extent authorized by state law.

The registered owners of the Bonds shall never have the right to demand payment of the principal thereof or interest thereon out of any funds raised or to be raised by taxation or from any source whatsoever other than the source specified in the Indenture.

We express no opinion herein regarding the accuracy, adequacy, or completeness of the Limited Offering Memorandum relating to the Bonds.

The opinions set forth above are based on existing laws of the United States and the State of Texas, which are subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may hereafter come to our attention or to reflect any changes in any law that may hereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent our legal judgment based on our review of existing law, and are made in reliance on the representations and covenants referenced above that we deem relevant to such opinions.

This legal opinion expresses the professional judgment of this firm as to the legal issues explicitly addressed therein. In rendering a legal opinion, we do not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of our opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Respectfully submitted,

Section 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, each of the following is a Listed Event with respect to the Bonds:

1. Principal and interest payment delinquencies.
2. Non-payment related defaults, if material.
3. Unscheduled draws on debt service reserves reflecting financial difficulties.
4. Unscheduled draws on credit enhancements reflecting financial difficulties.
5. Substitution of credit or liquidity providers, or their failure to perform.
6. Adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.

8. Bond calls, if material.
9. Defeasances.
10. Release, substitution, or sale of property securing repayment of the Bonds, if material.
11. Rating changes.
12. Bankruptcy, insolvency, receivership, or similar event of the Issuer.
13. The consummation of a merger, consolidation, or acquisition of the Issuer, or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
14. Appointment of a successor or additional trustee under the Indenture or the change of name of a trustee, if material.

15. Incurrence of a financial obligation of the obligated person, if material, or agreements to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders if material.

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the obligated person, any of which reflect financial difficulties.

The Issuer does not intend for any sale by the Developer of real property within Phase #1A-1B of the City PID to be considered a significant event for the purposes of number (10) above.

For these purposes, “financial obligation” means (i) a debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “financial obligation” shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule. The Issuer intends the words used in numbers (15) and (16) and the definition of “financial obligation” to have the meanings ascribed to them in SEC Release No. 34-83885 (August 20, 2018).

For these purposes, any event described in the immediately preceding number (12) is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

Upon the occurrence of a Listed Event, the Issuer shall promptly notify the Dissemination Agent in writing and the Issuer shall direct the Dissemination Agent to file a notice of such occurrence with the MSRB; provided, however, the Issuer shall deliver such written notice to the Dissemination Agent within eight (8) business days of the occurrence of such Listed Event in order for the Dissemination Agent to timely file such notice in a timely manner with the MSRB through EMMA. The Dissemination Agent shall file such notice no later than the second Business Day immediately following the day on which it receives written notice of such occurrence from the Issuer. Any such notice is required to be filed within ten (10) Business Days of the occurrence of such Listed Event; provided that the Dissemination Agent shall not be liable for the filing of notice of any Listed Event more than ten (10) Business Days after the occurrence of such Listed Event if notice of such Listed Event is received from the Issuer more than ten (10) Business Days after the occurrence of such Listed Event; provided, however, the failure of the Issuer to provide timely written notice to the Dissemination Agent in accordance this paragraph shall not constitute a failure of the Dissemination Agent to comply with the MSRB’s ten (10) business day filing requirement.

Additionally, the Dissemination Agent shall notify the MSRB, in a timely manner, of any failure by the Issuer to provide annual audited financial statements or Annual Financial Information as required under this Disclosure Agreement. The form for submitting such notice is attached hereto as Exhibit A.

Any notice under the preceding paragraphs shall be accompanied with the text of the disclosure that the Issuer desires to make, the written authorization of the Issuer for the Dissemination Agent to disseminate such information as provided herein, and the date the Issuer desires for the Dissemination Agent to disseminate the information (which written direction from the Issuer to the Dissemination Agent shall within eight (8) business days after the occurrence of the Listed Event or failure to file and date of such filing provided by the Issuer shall not be more than ten (10) Business Days after the occurrence of the Listed Event or failure to file).

In all cases, the Issuer shall have the sole responsibility for the content, design, and other elements comprising substantive contents of all disclosures. In addition, the Issuer shall have the sole responsibility to ensure that any notice required to be filed under this Section 5 is filed within ten (10) Business Days of the occurrence of the Listed Event.

(b) The Dissemination Agent shall, within two (2) Business Days of obtaining actual knowledge of the occurrence of any Listed Event with respect to the Bonds, notify the Disclosure Representative of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Disclosure Representative to do so. If the Dissemination Agent has been instructed in writing by the Disclosure Representative on behalf of the Issuer to report the occurrence of a Listed Event under this subsection (b), the Dissemination Agent shall file a notice of such occurrence with the MSRB no later than 2 Business Days following the day on which it receives such written instructions. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Issuer and not that of the Trustee or the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Issuer as an accommodation to assist it in monitoring the occurrence of such event, but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Issuer or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(c) If in response to a notice from the Dissemination Agent under subsection (b), the Issuer determines that the Listed Event under number 2, 7, 8, 10, 13, 14 or 15 of subsection (a) above is not material under applicable federal securities laws, the Issuer shall promptly, but in no case more than five (5) Business Days after the occurrence of the event, notify the Dissemination Agent and the Trustee (if the Dissemination Agent is not the Trustee) in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (d).

(d) If the Dissemination Agent has been instructed by the Issuer to report the occurrence of a Listed Event, the Dissemination Agent shall immediately file a notice of such occurrence with the MSRB (which date shall not be more than ten (10) Business Days after the occurrence of the Listed Event or failure to file).

Section 6. Termination of Reporting Obligations. The obligations of the Issuer and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption, or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Dissemination Agent of an opinion of nationally recognized bond counsel to the effect that continuing disclosure is no longer

required. So long as any of the Bonds remain Outstanding, the Dissemination Agent may assume that the Issuer is an obligated person with respect to the Bonds until it receives written notice from the Disclosure Representative stating that the Issuer is no longer an obligated person with respect to the Bonds, and the Dissemination Agent may conclusively rely upon such written notice with no duty to make investigation or inquiry into any statements contained or matters referred to in such written notice. If such termination occurs prior to the final maturity of the Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event with respect to such series of Bonds under Section 5(a).

Section 7. Dissemination Agent. The Dissemination Agent agrees to perform the duties set forth in this Agreement. The Issuer may, from time to time, appoint or engage a Dissemination Agent or successor Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge such Dissemination Agent with or without appointing a successor Dissemination Agent. The Dissemination Agent may resign at any time with thirty (30) days' notice to the Issuer. If at any time there is not any other designated Dissemination Agent, the Issuer shall be the Dissemination Agent. The initial Dissemination Agent appointed hereunder is set forth in Section 2.

Section 8. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested by the Issuer), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the delivery of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next related Annual Issuer Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Annual Issuer Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those

prepared on the basis of the former accounting principles. No amendment which adversely affects the Dissemination Agent may be made without its prior written consent (which consent will not be unreasonably withheld or delayed).

Section 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Issuer Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Issuer Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Issuer Report or notice of occurrence of a Listed Event.

Section 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Dissemination Agent may and the Trustee may (and, at the request of any Participating Underwriter or the Owners of more than fifty percent (50%) aggregate principal amount of Outstanding Bonds, shall, upon being indemnified to its satisfaction as provided in the Indenture), or any Owner or beneficial owner of the Bonds may, take such actions as may be necessary and appropriate to cause the Issuer, as the case may be, to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action for mandamus or specific performance. A default under this Disclosure Agreement by the Issuer shall not be deemed a default under the Disclosure Agreement of the Developer by the Developer, and a default under the Disclosure Agreement of the Developer by the Developer shall not be deemed a default under this Disclosure Agreement by the Issuer.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. To the extent permitted by law, the Issuer agrees to hold harmless the Dissemination Agent, its officers, directors, employees, and agents, but only with funds to be provided by the Developer or from Assessments collected from the property owners in Phase #1A-1B of the City PID against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Dissemination Agent for losses, expenses, or liabilities arising from information provided to the Dissemination Agent by the Developer or the failure of the Developer to provide information to the Dissemination Agent as and when required under the Disclosure Agreement of the Developer. The Administrator shall have only such duties as are specifically set forth in Sections 3 and 4 of this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. To the extent permitted by law, the Issuer agrees to hold harmless the Administrator, its officers, directors, employees and agents, but only with funds to be provided by the Developer or from Assessments collected from the property owners in Phase #1A-1B of the City PID against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability resulting from information provided to the Administrator by the Issuer, but excluding liabilities due to the Administrator's negligence or willful misconduct; provided, however, that nothing herein shall be construed to require the Issuer to indemnify the Administrator for losses, expenses or liabilities arising from information provided to the Administrator by third parties or the Developer, or the failure of any third party or the Developer to provide information to the Administrator as and when required under this Agreement. The obligations of the Issuer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

The Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR OR THE ISSUER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY THE ISSUER, THE ADMINISTRATOR OR THE DISSEMINATION AGENT, RESPECTIVELY, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS

DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. (vii) The filing of any lawsuit with a claim for damages, in excess of \$1,000,000 against the Developer or any of the Developer's Affiliates that may adversely affect the completion of development of the City PID or litigation that may materially adversely affect the financial condition of the Developer or any of the Developer's Affiliates;

(c) Whenever the Developer obtains knowledge of the occurrence of a Developer Listed Event, the Developer shall promptly notify the Issuer, the Administrator and the Dissemination Agent in writing and the Developer shall direct the Dissemination Agent to file a notice of such occurrence with the MSRB, in the manner hereinafter described, and provide a copy of such notice to the Issuer and the Underwriter. Any such notice is required to be filed within ten (10) Business Days after the Developer becomes aware of the occurrence of such Developer Listed Event. If the Developer timely notifies the Dissemination Agent of the occurrence of a Developer Listed Event, as described in this Section 4, the failure of the Dissemination Agent to provide such notice to the Underwriter in a timely manner shall not be deemed a default by the Developer under this Disclosure Agreement.

Whenever a Significant Homebuilder obtains knowledge of the occurrence of a Significant Homebuilder Listed Event, the applicable Significant Homebuilder shall promptly notify the Issuer, the Administrator and the Dissemination Agent in writing and such Significant Homebuilder shall direct the Dissemination Agent in writing to file a notice of such occurrence with the MSRB, in the manner hereinafter described, and provide a copy of such notice to the Issuer, the Developer and the Underwriter. Any such notice is required to be filed within ten (10) Business Days after the Significant Homebuilder becomes aware of the occurrence of such Significant Homebuilder Listed Event. If the Significant Homebuilder timely notifies the Dissemination Agent of the occurrence of a Significant Homebuilder Listed Event, as described in this Section 4, the failure of the Dissemination Agent to provide such notice to the Underwriter in a timely manner shall not be deemed a default by the Significant Homebuilder under this Disclosure Agreement.

Any notice under the two (2) preceding paragraphs shall be accompanied with the text of the disclosure that the Developer or Significant Homebuilder, as applicable, desires to make, the written authorization of the Developer or the Significant Homebuilder, as applicable, for the Dissemination Agent to disseminate such information as provided herein, and the date the Developer or Significant Homebuilder, as applicable, desires for the Dissemination Agent to disseminate the information (which date shall not be more than ten (10) Business Days after the Developer or Significant Homebuilder, as applicable, becomes aware of the occurrence of the Developer Listed Event or Significant Homebuilder Listed Event, as applicable).

The Developer and each Significant Homebuilder, if any, shall only be responsible for reporting the occurrence of a Listed Event applicable to such Reporting Party and shall not be responsible for reporting the occurrence of a Listed Event applicable to any other Reporting Party, regardless if such Reporting Party is providing Quarterly Information on behalf of any other Reporting Party. In all cases, the Developer or the Significant Homebuilder, as applicable, shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures. In addition, the Developer or the Significant Homebuilder, as applicable, shall have the sole responsibility to ensure that any notice required to be filed with the MSRB under this Section 4 is actually filed within ten (10) Business Days after the Developer or Significant Homebuilder, as applicable, becomes aware of the occurrence of the applicable Listed Event.

(d) The Dissemination Agent shall, promptly, and not more than five (5) Business Days after obtaining actual knowledge of the occurrence of any Listed Event, notify the Issuer, the Developer and the Significant Homebuilder, if applicable, of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Developer or Significant Homebuilder, as applicable, to do so. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Developer or Significant Homebuilder, as applicable, and not that of the Trustee or the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Developer and Significant Homebuilder, as applicable, as an accommodation to assist it in monitoring the occurrence of such event but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Underwriter, the Issuer, the Developer, Significant Homebuilder, or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

(e) If the Dissemination Agent has been notified in writing by the Developer or Significant Homebuilder to report the occurrence of a Listed Event in accordance with subsections (c) or (d) of this Section 4, the Dissemination Agent shall file a notice of such occurrence with the MSRB within one (1) Business Day after its receipt of such written instructions from the Developer or Significant Homebuilder, as applicable; provided that all such notices must be filed no later than the date specified in subsection (c) of this Section 4 for such Listed Event. The Dissemination Agent shall, within three (3) Business Days of obtaining actual knowledge of the occurrence of any Listed Event, notify the Issuer and the Developer of such Listed Event. The Dissemination Agent shall not be required to file a notice of the occurrence of such Listed Event with the MSRB unless and until it receives written instructions from the Developer to do so. It is agreed and understood that the duty to make or cause to be made the disclosures herein is that of the Developer and not that of the Trustee or the Dissemination Agent. It is agreed and understood that the Dissemination Agent has agreed to give the foregoing notice to the Developer as an accommodation to assist it in monitoring the occurrence of such event but is under no obligation to investigate whether any such event has occurred. As used above, “actual knowledge” means the actual fact or statement of knowing, without a duty to make any investigation with respect thereto. In no event shall the Dissemination Agent be liable in damages or in tort to the Underwriter, the Issuer, the Developer or any Owner or beneficial owner of any interests in the Bonds as a result of its failure to give the foregoing notice or to give such notice in a timely fashion.

Section 5. Assumption of Reporting Obligations by Developers.

The Developer shall cause each Person, who, through assignment, assumes the obligations, requirements or covenants to construct one or more of the Phase #1A-1B Improvements to assume and comply with the disclosure obligations of the Developer under this Disclosure Agreement. The Developer shall deliver to the Dissemination Agent, Administrator and the Issuer, a written acknowledgement and assumption from each Person who assumes the obligations, requirements or covenants to construct one or more of the Phase #1A-1B Improvements, in substantially the form attached as Exhibit E (the “Developer Acknowledgment”), acknowledging and assuming its obligations under this Disclosure Agreement. Pursuant to Section 4(a)(ix) above, the Developer shall direct the Dissemination Agent to file a copy of each Developer Acknowledgment with the MSRB, in accordance with Sections 4(c) and 4(e) above. Upon any such transfer to a Person, and such Person’s delivery of written acknowledgement of assumption of Developer’s obligations under this Disclosure Agreement as to the property transferred, the Developer shall have no further obligation or liability for disclosures or other responsibilities under this Disclosure Agreement as to the property transferred or the obligations assigned. Notwithstanding anything to the contrary elsewhere herein, after such transfer of ownership, the Developer shall not be liable for the acts or omissions of such Person arising from or in connection with such disclosure obligations under this Disclosure Agreement. Additionally, for the avoidance of doubt, the Developer shall require that any Person comply with obligations of this Section 5 with respect to any subsequent transfers by such Person to any individual or entity meeting the definition of a “Developer” in the future.

Section 6. Assumption of Reporting Obligations by Significant Homebuilders.

If a Homebuilder acquires ownership of real property in Phase #1A-1B of the City PID resulting in such Homebuilder becoming a Significant Homebuilder, the Developer shall cause such Significant Homebuilder to comply with the Developer’s disclosure obligations under Sections 3(d)(iv) and/or 3(e)(iv), as applicable, and 4(b) hereof, with respect to such acquired real property until such party’s disclosure obligations terminate pursuant to Section 7 of this Disclosure Agreement; provided, however, a Significant Homebuilder who is also a Developer shall be required to provide the disclosure information required by Sections 3 and 4(a), as applicable, pursuant to Section 5 above. The Developer shall deliver to the Dissemination Agent, Administrator and the Issuer, a written acknowledgement from each Significant Homebuilder, in substantially the form attached as Exhibit F (the “Significant Homebuilder Acknowledgment”), acknowledging and assuming its obligations under this Disclosure Agreement. Pursuant to Sections 4(a)(ix) and 4(b)(vi) above, the Developer or Significant Homebuilder, as applicable, shall direct the Dissemination Agent to file a copy of the Significant Homebuilder Acknowledgment with the MSRB, in accordance with Sections 4(c) and 4(e) above. Upon any such transfer to a Significant Homebuilder, and such Significant Homebuilder’s delivery of written acknowledgement of assumption of Developer’s obligations under this Disclosure Agreement as to the property transferred, the Developer shall have no further obligation or liability for disclosures or other responsibilities under this Disclosure Agreement as to the property transferred or the obligations assigned. Notwithstanding anything to the contrary elsewhere herein, after such transfer of ownership, the Developer shall not be liable for the acts or omissions of such Significant Homebuilder arising from or in connection with such disclosure obligations under this Disclosure Agreement.

Section 7. Termination of Reporting Obligations.

(a) The reporting obligations of the Developer under this Disclosure Agreement shall terminate upon the earlier of (i) the date when none of the Bonds remain Outstanding or (ii) the date when (A) all of the Phase #1A-1B Improvements are complete and (B) the Developer no longer owns at least five percent (5%)² of the single family residential lots (proposed or actual) within Phase #1A-1B of the City PID, as of the applicable Quarterly Ending Date.

(b) The reporting obligations of a Significant Homebuilder, if any, under this Disclosure Agreement shall terminate upon the earlier of when (i) none of the Bonds remain Outstanding, or (ii) the Significant Homebuilder no longer owns at least five percent (5%)² of the single family residential lots within Phase #1A-1B of the City PID, as of the applicable Quarterly Ending Date.

(c) Upon receipt of written notice from a Reporting Party or the Dissemination Agent that the reporting obligations of a Reporting Party have terminated in accordance with subsection (a) or (b) of this Section 7, the Administrator shall provide written notice to the applicable Reporting Party, the Underwriter, the Issuer, and the Dissemination Agent in substantially the form attached as Exhibit C, thereby, terminating such Reporting Party's reporting obligations under this Disclosure Agreement (the "Termination Notice"). If such Termination Notice with respect to a Reporting Party occurs while any of the Bonds remain Outstanding, the Administrator shall immediately provide, or cause to be provided, the Termination Notice to the Dissemination Agent, and the Dissemination Agent shall provide such Termination Notice to the MSRB, the Issuer, the Trustee, the applicable Reporting Party and the Underwriter on or before the next succeeding Quarterly Filing Date.

(d) The obligations of the Administrator and the Dissemination Agent under this Disclosure Agreement shall terminate upon, the earlier of (i) the date when none of the Bonds remain Outstanding, or (ii) termination of all Reporting Parties' reporting obligations in accordance with subsection (a) or (b) of this Section 7 and any Termination Notice required by subsection (c) of this Section 7 has been provided to the MSRB, the Issuer, the Trustee, the Dissemination Agent, the Reporting Parties, and the Underwriter, as applicable.

Section 8. Dissemination Agent. The initial Dissemination Agent appointed hereunder shall be MuniCap, Inc. The Issuer may, from time to time, appoint or engage a successor Dissemination Agent to assist the Developer, any Person that has executed a Developer Acknowledgement pursuant to Section 5 hereof or any Significant Homebuilder that has executed a Significant Homebuilder Acknowledgment pursuant to Section 6 hereof in carrying out their obligations under this Disclosure Agreement, and may discharge such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent may resign at any time with sixty (60) days' notice to the Issuer, the Developer and the Administrator; provided, however, that if the Dissemination Agent is serving in the same capacity under the Disclosure Agreement of Issuer, the Dissemination Agent shall resign under the Disclosure Agreement of Issuer simultaneously with its resignation hereunder; provided, further, that if the Issuer is the Dissemination Agent, the Issuer may not resign without first appointing a successor Dissemination Agent. If at any time there is not any other designated

² At closing of the Bonds, based on the Service and Assessment Plan, five percent (5%) of the total single family residential lots (proposed or actual) within Phase #1A-1B of the City PID is currently equal to approximately 31 lots.

Dissemination Agent, the Issuer shall be the Dissemination Agent. Pursuant to the Disclosure Agreement of Issuer, the Issuer has agreed to provide written notice to each of the Developer, any Person that has executed a Developer Acknowledgement pursuant to Section 5 hereof or any Significant Homebuilder that has executed a Significant Homebuilder Acknowledgment pursuant to Section 6 hereof of any change in the identity of the Dissemination Agent.

Section 9. Amendment; Waiver. Notwithstanding any other provisions of this Disclosure Agreement, the Developer, the Administrator and the Dissemination Agent may jointly amend this Disclosure Agreement (and the Dissemination Agent shall not unreasonably withhold its consent to any amendment so requested by the Developer or Administrator), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Section 3 or 4, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the Developer or any Significant Homebuilder, or the type of business conducted; and

(b) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or beneficial owners of the Bonds. No amendment which adversely affects the Dissemination Agent or the Issuer may be made without the respective party's prior written consent (which consent will not be unreasonably withheld or delayed).

(c) In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Administrator shall describe such amendment in the next related Quarterly Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type of financial information or operating data being presented by the Developer. The Developer shall provide, or cause to be provided, at its cost and expense, an executed copy of any amendment or waiver entered into under this Section 9 to the Issuer, the Administrator, the Dissemination Agent, and the Underwriter.

Section 10. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Developer or any Significant Homebuilder from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in addition to that which is required by this Disclosure Agreement. If the Developer or Significant Homebuilder chooses to include any information in any Quarterly Report or notice of occurrence of a Developer Listed Event or Significant Homebuilder Listed Event, as applicable, in addition to that which is specifically required by this Disclosure Agreement, the Developer or the Significant Homebuilder, as applicable, shall have no obligation under this Disclosure Agreement to update such information or include it in any future Quarterly Report or notice of occurrence of a Developer Listed Event or Significant Homebuilder Listed Event.

Section 11. Content of Disclosures. In all cases, Reporting Party, as applicable, shall have the sole responsibility for the content, design and other elements comprising substantive contents of all disclosures, whether provided under Section 3, 4 or 10 of this Disclosure Agreement.

Section 12. Default. In the event of a failure of the Developer, any Significant Homebuilder or the Administrator to comply with any provision of this Disclosure Agreement, the Dissemination Agent or any Owner or beneficial owner of the Bonds may, and the Trustee (at the request of any Underwriter or the Owners of at least twenty-five percent (25%) aggregate principal amount of Outstanding Bonds and upon being indemnified to its satisfaction) shall, take such actions as may be necessary and appropriate to cause the Developer, Significant Homebuilder and/or the Administrator to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture with respect to the Bonds, and the sole remedy under this Disclosure Agreement in the event of any failure of the Developer, Significant Homebuilder or the Administrator to comply with this Disclosure Agreement shall be an action to mandamus or specific performance. A default under this Disclosure Agreement by the Reporting Party, as applicable, shall not be deemed a default under the Disclosure Agreement of Issuer by the Issuer, and a default under the Disclosure Agreement of Issuer by the Issuer shall not be deemed a default under this Disclosure Agreement by the Developer, any Significant Homebuilder or the Administrator. Additionally, a default by the Developer of its obligations under this Disclosure Agreement shall not be deemed a default by any Significant Homebuilder of such Significant Homebuilder's obligations under this Disclosure Agreement; and, likewise, a default by any Significant Homebuilder of such Significant Homebuilder's obligations under this Disclosure Agreement shall not be deemed a default of the Developer of the Developer's obligations under this Disclosure Agreement.

Section 13. Duties, Immunities and Liabilities of Dissemination Agent and Administrator.

(a) The Dissemination Agent shall not be responsible in any manner for the content of any notice or report (including without limitation the Quarterly Report) prepared by the Developer, Significant Homebuilder and/or the Administrator pursuant to this Disclosure Agreement. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Dissemination Agent. The Developer agrees to hold harmless the Dissemination Agent, its officers, directors, employees and agents against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's breach, negligence or willful misconduct. The obligations of the Developer under this Section shall survive resignation or removal of the Dissemination Agent and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Dissemination Agent is an "obligated person" under the Rule. The Dissemination Agent is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Dissemination Agent shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Dissemination Agent hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Dissemination Agent and believed to be genuine and to have been signed or presented by the proper party or parties.

(b) The Administrator shall not have any duty with respect to the content of any disclosures made pursuant to the terms hereof. The Administrator shall have only such duties as are specifically set forth in this Disclosure Agreement, and no implied covenants shall be read into this Disclosure Agreement with respect to the Administrator. The Developer agrees to hold harmless the Administrator, its officers, directors, employees and agents against any loss, expense and liabilities which it may incur

arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Administrator's breach, negligence or willful misconduct. The obligations of the Developer under this Section shall survive resignation or removal of the Administrator and payment in full of the Bonds. Nothing in this Disclosure Agreement shall be construed to mean or to imply that the Administrator is an "obligated person" under the Rule. The Administrator is not acting in a fiduciary capacity in connection with the performance of its respective obligations hereunder. The Administrator shall not in any event incur any liability with respect to (i) any action taken or omitted to be taken in good faith upon advice of legal counsel given with respect to any question relating to duties and responsibilities of the Administrator hereunder, or (ii) any action taken or omitted to be taken in reliance upon any document delivered to the Administrator and believed to be genuine and to have been signed or presented by the proper party or parties.

(c) The Dissemination Agent or the Administrator may, from time to time, consult with legal counsel of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or their respective duties hereunder, and the Dissemination Agent and Administrator shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel.

UNDER NO CIRCUMSTANCES SHALL THE DISSEMINATION AGENT, THE ADMINISTRATOR, THE DEVELOPER, OR ANY SIGNIFICANT HOMEBUILDER BE LIABLE TO THE OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART FROM ANY BREACH BY ANY OTHER PARTY TO THIS DISCLOSURE AGREEMENT OR A SIGNIFICANT HOMEBUILDER, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS DISCLOSURE AGREEMENT, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE. THE DISSEMINATION AGENT AND THE ADMINISTRATOR ARE UNDER NO OBLIGATION NOR ARE THEY REQUIRED TO BRING SUCH AN ACTION.

Section 14. No Personal Liability. No covenant, stipulation, obligation or agreement of the Developer, any Significant Homebuilder, the Administrator or the Dissemination Agent contained in this Disclosure Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future officer, agent or employee of the Developer, any Significant Homebuilder, the Administrator or Dissemination Agent in other than that person's official capacity.

Section 15. Severability. In case any section or provision of this Disclosure Agreement, or any covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder or any application thereof, is for any reasons held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other section or provision thereof or any other covenant, stipulation, obligation, agreement, act or action, or part thereof made, assumed, entered into, or taken thereunder (except to the extent that such remainder or section or provision or other covenant, stipulation, obligation, agreement, act or action, or part thereof is wholly dependent for its operation on the provision determined to be invalid), which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such section, provision,

covenant, stipulation, obligation, agreement, act or action, or part thereof shall be deemed to be effective, operative, made, entered into or taken in the manner and to the full extent permitted by law.

Section 16. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Developer, the Administrator, the Dissemination Agent, the Issuer, the Underwriter, and the Owners and the beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity. Nothing in this Disclosure Agreement is intended or shall act to disclaim, waive or otherwise limit the duties of the Issuer under federal and state securities laws.

Section 17. Dissemination Agent Compensation. The fees and expenses incurred by the Dissemination Agent for its services rendered in accordance with this Disclosure Agreement constitute Annual Collection Costs and will be included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Issuer shall pay or reimburse the Dissemination Agent, but only with funds to be provided from the Annual Collection Costs component of the Annual Installments collected from the property owners in Phase #1A-1B of the District, for the fees and expenses for its services rendered in accordance with this Disclosure Agreement.

Section 18. Administrator Compensation. The fees and expenses incurred by the Administrator for its services rendered in accordance with this Disclosure Agreement constitute Annual Collection Costs and will be included in the Annual Installments as provided in the annual updates to the Service and Assessment Plan. The Administrator has entered into a separate agreement with the Issuer, which agreement governs the administration of Phase #1A-1B of the District, including the payment of the fees and expenses of the Administrator for its services rendered in accordance with this Disclosure Agreement.

Section 19. Governing Law. This Disclosure Agreement shall be governed by the laws of the State of Texas.

Section 20. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

IRR - Dallas File No. 191-2021-0785

Dear Sirs:

Integra Realty Resources – Dallas is pleased to submit the accompanying appraisal of the referenced property. The purpose of the appraisal is to develop the following opinions of value as of the effective date of July 1, 2023:

- Prospective Market Value at Completion – Parcel 13 (Phase 3 - 396 Paper Lots)
- Prospective Market Value at Completion – Parcel 14, Pod 10 (Phase 1B - 192 Developed Lots)

The clients for the assignment are the North Parkway Municipal Management District No. 1 and FMSbonds, Inc. The intended users of this report are FMSbonds, Inc. and North Parkway Municipal Management District No. 1. The intended use of the report is for the underwriting of a proposed Public Improvement bond transaction. No other party or parties may use or rely on the information, opinions, and conclusions contained in this report.

The subject is part of a larger 3,210-acre proposed master planned development currently known as Legacy Hills. The property is zoned Planned Development under a development agreement with the City of Celina and is restricted to residential development. A portion of the subject property lies within a public improvement district (the "PID") formed by the City of Celina (the "City"). The PID is an overlay formed by the City inside the MMD for the purpose of levying assessments to fund direct improvements for the applicable portion of the property located in the PID. The two parcels are to be developed in four separate phases. Phase 1A/Parcel 13 (421 lots) and Phase 1B/Parcel 14 (192 lots) will be developed immediately and are valued as fully developed lots within this report. Phase 2/Parcel 13 (399 lots) and Phase 3/Parcel 13 (396 lots) will be developed in the future and are valued as paper lots/vacant land.

The appraisal is intended to conform with the Uniform Standards of Professional Appraisal Practice (USPAP), the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute, and applicable state appraisal regulations.

To report the assignment results, we use the Appraisal Report option of Standards Rule 2-2(a) of USPAP. As USPAP gives appraisers the flexibility to vary the level of information in an Appraisal Report depending on the intended use and intended users of the appraisal, we adhere to the Integra Realty Resources internal standards for an Appraisal Report – Comprehensive Format. This format contains the greatest depth and detail of IRR's available report types.

Based upon the valuation analysis in the accompanying report, and subject to the definitions, assumptions, and limiting conditions expressed in the report, our opinions of values are as follows:

Value Conclusions*

Prospective Market Value at Completion - Phase 14, Pod 10 (Phase 1B - 192 Developed Lots)	Fee Simple	July 1, 2023	\$10,230,000

*It should be clearly understood that the summation of values do not represent our opinion of value, as if sold in a single transaction.

Extraordinary Assumptions and Hypothetical Conditions

The value conclusions are subject to the following extraordinary assumptions that may affect the assignment results. An extraordinary assumption is uncertain information accepted as fact. If the assumption is found to be false as of the effective date of the appraisal, we reserve the right to modify our value conclusions.

1. As the subject represents a proposed construction project, this report contains prospective opinions of value. As such, we have assumed that the market conditions as discussed and considered within this report will be similar on the prospective valuation date. Further, we cannot be held responsible for unforeseeable events that alter market conditions prior to this prospective effective date. The prospective market value date is July 1, 2023.
2. All information relative to the subject property including land areas, lot totals, lot sizes, and other pertinent data that was provided by Centurion American Group (borrower/developer), the City of Celina, and the Collin Central Appraisal District is assumed to be correct.
3. It is noted that some of the acreage figures for the Pods are not specifically accurate to the sums found on the surveys/legal descriptions found herein. However, as our valuations for these pods are based upon the allowable units/paper lots and not the specific land values, this does not affect our value opinions. As such, if the number of allowable units changes, then a revision of our values may be necessary.

The value conclusions are based on the following hypothetical conditions that may affect the assignment results. A hypothetical condition is a condition contrary to known fact on the effective date of the appraisal but is supposed for the purpose of analysis.

1. None

The use of any extraordinary assumption or hypothetical condition may have affected the assignment results.

The value conclusion(s) in this report consider the impact of COVID-19 on the subject property.

If you have any questions or comments, please contact the undersigned. Thank you for the opportunity to be of service.

Respectfully submitted,

Quality Assurance

IRR Quality Assurance Program

At IRR, delivering a quality report is a top priority. Integra has an internal Quality Assurance Program in which managers review material and pass an exam in order to attain IRR Certified Reviewer status. By policy, every Integra valuation assignment is assessed by an IRR Certified Reviewer who holds the MAI designation, or is, at a minimum, a named Director with at least ten years of valuation experience.

This quality assurance assessment consists of reading the report and providing feedback on its quality and consistency. All feedback from the IRR Certified Reviewer is then addressed internally prior to delivery. The intent of this internal assessment process is to maintain report quality.

Designated IRR Certified Reviewer

The IRR Certified Reviewer who provided the quality assurance assessment for this assignment is Jimmy H. Jackson, MAI.

Following is a brief summary of Legacy Hills Public Improvement District (Tract 13 and Tract 14) as proposed for development:

Sale History

The subject is part of a larger master planned community that was recently purchased and summarized below:

Sale Date	August 2, 2021
Seller	MM Celina 3200 LLC
Buyer	MM Celina 294 LLC, Lennar Homes Texas Land & Construction LTD, Beazer Homes Texas LP, First Texas Homes INC, GG TC L/P and Mattamy Texas LLC

All eight sales were based on \$22,000 per paper lot which is well supported by current market data.

Pending Transactions

Based on discussions with the appropriate contacts, the property in its current state is not subject to an agreement of sale or an option to buy, nor is it listed for sale, as of the effective appraisal date. However, portions of the assembled site are under contract to be sold on a developed lot basis.

The lots are contracted to three homebuilders, D.R. Horton, M/I Homes, and Dream Finders Homes. It is noted that the Dream Finders Homes' contract is currently for 195 lots but is expected to be amended to reflect the 192 lots in Phase 1B. All of the lots are contracted with an annual escalator of 6.0%. The lot contracts also include a \$2,000/lot amenity fee and a \$500/lot marketing fee. The lot contracts are summarized as follows:

- Uniform Standards of Professional Appraisal Practice (USPAP)
- Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute
- Applicable state appraisal regulations

Report Format

This report is prepared under the Appraisal Report option of Standards Rule 2-2(a) of USPAP. As USPAP gives appraisers the flexibility to vary the level of information in an Appraisal Report depending on the intended use and intended users of the appraisal, we adhere to the Integra Realty Resources internal standards for an Appraisal Report – Comprehensive Format. This format contains the greatest depth and detail of IRR’s available report types.

Prior Services

USPAP requires appraisers to disclose to the client any other services they have provided in connection with the subject property in the prior three years, including valuation, consulting, property management, brokerage, or any other services. We have prepared multiple appraisals of the subject property for the current client within the three-year period immediately preceding acceptance of this assignment.

Appraiser Competency

No steps were necessary to meet the competency provisions established under USPAP. The assignment participants have appraised several properties similar to the subject in physical, locational, and economic characteristics, and are familiar with market conditions and trends; therefore, appraiser competency provisions are satisfied for this assignment. Appraiser qualifications and state credentials are included in the addenda of this report.

Scope of Work

The appraisal development and reporting processes require gathering and analyzing information about the assignment elements necessary to properly identify the appraisal problem. The scope of work decision includes the research and analyses necessary to develop credible assignment results, given the intended use of the appraisal. Sufficient information includes disclosure of research and analyses performed and might also include disclosure of research and analyses not performed.

Research and Analysis

The type and extent of the research and analysis conducted are detailed in individual sections of the report. The steps taken to verify comparable data are disclosed in the addenda of this report. Although effort has been made to confirm the arms-length nature of each sale with a party to the transaction, it is sometimes necessary to rely on secondary verification from sources deemed reliable.

Subject Property Data Sources

The legal and physical features of the subject property, including size of the site, flood plain data, seismic zone designation, property zoning, existing easements and encumbrances, access and exposure, and condition of the improvements (as applicable) were confirmed and analyzed.

The financial data of the subject, including statistics reports, historical absorption figures, and tax and assessment records was analyzed. This information, as well as trends established by confirmed market indicators, is used to forecast future performance of the subject property.

Inspection

Ernest Gatewood conducted an on-site inspection of the property on September 21, 2021. Jimmy Jackson, MAI,, Shelley Sivakumar and Garrett Cook did not conduct an inspection.

Valuation Methodology

Three approaches to value are typically considered when developing a market value opinion for real property. These are the cost approach, the sales comparison approach, and the income capitalization approach. Use of the approaches in this assignment is summarized as follows:

Approaches to Value		
Approach	Applicability to Subject	Use in Assignment
Cost Approach	Applicable	Not Utilized
Sales Comparison Approach	Applicable	Utilized
Income Capitalization Approach	Not Applicable	Not Utilized
Subdivision Development Approach	Applicable	Utilized

The Sales Comparison Approach involves research, verification, and comparison of sales of other vacant lots. The sales are then adjusted for value-related differences. Because Texas is not a full disclosure state, sales prices must be obtained from grantors, grantees, brokers, lenders, other persons involved in the transaction, or other appraisers when the information is believed to be reliable. In many cases, the sources of the information wish to remain anonymous and are not included; however, the sale data is used only if the data is believed to be accurate, and the sources of the information are kept on file.

The Cost Approach involves research, verification, and comparison of sales of other vacant land with the subject land. The sales are then adjusted for value-related differences. Because Texas is not a full disclosure state, sales prices must be obtained from grantors, grantees, brokers, lenders, other persons involved in the transaction, or other appraisers when the information is believed to be reliable. In many cases, the sources of the information wish to remain anonymous and are not included; however, the sale data is used only if the data is believed to be accurate, and the sources of the information are kept on file. Cost figures were obtained from the developer and compared to cost figures on competing developments. The cost figures are based on actual costs provided by the developer. Developer's profit is based on profit expectations reported by developers as well as actual profit on similar developments.

In the Income Capitalization Approach, the retail value of the lots has been estimated. The individual lot values are based on lot sales in competing developments. The absorption rates, expenses, and discount rates are also based on competing developments. The indicated value by the Income Capitalization Approach is based on the sellout of the lots with deductions for holding costs and discounted to a net present value.

In the Subdivision Development Approach, the retail value of the lots has been estimated. The individual lot values are based on lot sales in competing developments. The absorption rates, expenses, and discount rates are also based on competing developments. The indicated value by the Income Capitalization Approach is based on the sellout of the lots with deductions for holding costs and discounted to a net present value.

Dallas North Tollway Northern Extension, Phase 4 when complete is expected to extend the “Tollway” northward from US-380 an additional 17.6 miles into Grayson County (to FM-121) providing a link from the Dallas Central Business District and cities located within Dallas, Collin, Denton, and Grayson counties. The NTTA Board approved the schematic design and environmental evaluation in June 2011 for the Phase 4A/4B/5A extension project.

The extension will be a limited access toll road with six main lanes and four frontage road lanes. Collin County is currently working on the southbound service lanes on the Dallas North Tollway from US-380 to FM-428. This project will allow two lanes north and two lanes south on the service roads. Construction of the DNT extension over US-380 began in early 2020. Design of the frontage road between the Grayson County line and FM-428 continues as well as the environmental engineering work on the DNT 4A project. Following is the current progress “Spring 2021” map of the extension:

Collin County Outer Loop - In its current state, the Outer Loop runs 4.6 miles from US-75 in Anna to SH-121 just northeast of Melissa. This section was built at a cost of \$21 million. This section of road runs as a bi-directional two-lane road, which will eventually be the north frontage road. The Outer Loop is planned to run for approximately 50 miles from the future northern extension of the Dallas North Tollway in Celina to IH-30 near Royse City. The loop will be built in five segments (including Segment 1 which is already open).

Segment 1 is the section of road already opened, running from US-75 to SH-121. This section will eventually become the north frontage road as tolled main lanes are added.

Segment 2 will run from FM-6, between Nevada and Josephine to the Rockwall County line near Royse City. This segment could possibly be extended further south past IH-30 through Rockwall, Kaufman, and Dallas counties as part of a much larger outer loop.

Segment 3 will run past US-75 to the future north extension of the Dallas North Tollway in Celina. This section will run through extreme north McKinney, close to Weston and cross SH-289 (Preston Road) before ending at the Dallas North Tollway. This section could possibly be extended further west through Denton County as part of a larger outer loop.

Segment 4 will run from US-380 near Farmersville to FM-6 between Nevada and Josephine.

Segment 5 will connect Segments 1 and 4, running through sparsely populated areas of the county.

Outlook and Conclusions

The area is in the growth stage of its life cycle. Given the history of the area and the growth trends, it is anticipated that property values will increase in the near future.

Residential Analysis

When analyzing the financially feasible and maximally productive use of the site, all of the uses that are both physically possible and legally permissible must be considered. For the subject, the primary potential use is considered to be single-family residential development. As mentioned, the subject is proposed with single-family lots. Thus, an important factor affecting development of the subject is the surrounding land usage. The neighborhood is predominantly vacant land that is being developed into single-family residential uses. The immediate area surrounding the subject is residential in nature.

During the past decade, the residential real estate market has seen many positive changes. With the steady increase in multifamily residential rental rates, coupled with the low interest rates and the large numbers pertaining to job growth, there has been a trend of individuals choosing to purchase homes rather than to rent apartments and multifamily housing. Furthermore, with the decline in the availability of vacant developable land, population growth has quickly expanded into the suburban areas of the Dallas/Fort Worth area. As such, the proposed absorption of single-family home lots in the subject's neighborhood will be analyzed using historical absorption data provided by Metrostudy, a locally recognized information provider, as well as information obtained from area market participants and developers. It is important to note that our absorption data is based on historical trends. Inasmuch as we are forecasting an economy for this area that is at least equal to recent trends, using these historical trends is felt to be quite justifiable. The subject development is physically located within the city of Celina in Collin County and is within the Celina Independent School District in close proximity to the Prosper ISD. Therefore, data obtained from Metrostudy as of Second Quarter 2021 for the combined area of "Celina ISD and Prosper ISD", as shown in the following map, will be analyzed with a summary of the details following.

Defined Submarket Area

As shown in the chart on the previous page, the absorption of homes/lots within the submarket area has been stable since 2017. According to Metrostudy, the submarket area absorbed the following total homes/lots from 2017 thru Second Quarter 2021:

- 2017 – 3,107 homes/lots absorbed
- 2018 – 3,344 homes/lots absorbed
- 2019 – 2,905 homes/lots absorbed
- 2020 – 3,339 homes/lots absorbed
- 2021 Q2 – 2,437 homes/lots absorbed

Thus, since 2017 (4.5 years), the annual average of homes/lots absorbed was 3,363 homes/lots. However, utilizing the more recent 12-month absorption of homes/lots, from July 2020 thru June 2021, the annual average of homes/lots absorbed significantly increases to 4,106 homes/lots in the combined submarket.

According to Metrostudy, the existing supply of available housing is currently substantially below ideal levels in the submarket. The number of vacant developed lots in the submarket has decreased from a high of 7,033 vacant lots in Fourth Quarter 2017 to 4,548 vacant lots in Second Quarter 2021 as developers try to meet demand.

Based upon the Metrostudy absorption figures of the past 4.5 years, there is currently only a 16±-month (4,548 lots ÷ 3,363 lots = 1.4±-years) total supply of existing lots available in the submarket. This total supply is considered to be well below the optimum lot supply levels of 2.0 to 2.5 years per Metrostudy. Also, when utilizing the more current 12-month absorption of 4,106 home/lots, the total supply of existing lots available in the subject's defined submarket decreases further to only 13±-months (4,548 lots ÷ 4,106 lots/year = 1.1±-years), which is substantially below the low end of optimum lot supply levels in the submarket.

Thus, the total lot supply within the subject's submarket is estimated to be between 1.1± to 1.4± years (13± to 16± months). Currently, this total lot supply is considered to be well below the optimum supply levels. Also, taking into consideration that new developments require a typical nine to 12-month construction period, with increasing demand and dwindling lot supply, it appears that additional lot product in the submarket is feasible at the current time.

We will now narrow our residential analysis to the absorption history of specific competing subdivisions in the subject's market area with similar lot features and amenities relative to the subject to determine the projected absorption and feasibility of the subject's proposed lots as follows.

Subject Neighborhood

The similarities considered to be most important are lot size, home price range, and amenity features. The tables that follow detail the active subdivisions that are considered to compete with the subject's lots.

Our analysis will be presented beginning with the 40' frontage lots followed by an individual analysis of the 50' frontage lots and 60' frontage lots. All data is per Metrostudy as of Second Quarter 2021 and information supplied by developers.

The competitive supply presented above recognizes residential developments which are located in the subject's immediate and surrounding vicinity. The lot sizes, home prices, and amenities in the subdivisions shown are generally similar relative to the subject's 40' frontage lots. Thus, the competing residential developments are considered to be the immediate competition for the subject's proposed lots and are believed to accurately reflect the potential absorption levels for the subject's lots at this time.

Having addressed the immediate competition, we will estimate the approximate absorption time frame for the subject by analyzing absorption trends of the previously shown developments.

Absorption Analysis – 40' Frontage Lots

The following table outlines the monthly absorption of the residential developments listed in the competitive supply. It should be noted that all data is as of Second Quarter 2021.

Source: Metrostudy as of Second Quarter 2021

Based upon the number of available lots and average absorption per month, the 79 lots remaining within these residential developments indicates only a 2.7±-month supply. This appears to be representative of a severe under-supply of lots within the subject's projected price/lot size range.

Overall, the competing residential developments indicate an absorption range of 2.5 units to 18.7 units per month, with an overall average of 7.3 units per month. To summarize, it is important to note the following facts:

- All four of the residential developments presented are projected to be sold out within 16.8± months. Thus, it is reasonable that the subject, upon completion, may capture a portion of the demand that these projects currently enjoy.
- The subject's competitive supply is significantly under-supplied with only a 2.7± month-supply of developed lots.
- At the effective date of this appraisal, all of the subject's lots are under contract to three homebuilders (D.R. Horton Homes, M/I Homes, and Dream Finders Homes). The lot contracts are summarized as follows:

Homebuilder	Total Lots	Price Per Lot*	Takedown dates and Lots per Takedown
D.R. - The overall total lot supply in the combined “Celina ISD and Prosper ISD” submarkets is estimated to be 1.5± to 1.7± years (18± months – 21± months) which is below equilibrium lot supply levels of 2.0 – 2.5 years.

Absorption Projection – 40’ Frontage Lots

Thus, the preceding data supports a projected absorption on a quarterly basis for the subject’s lots with 40’ frontages at 7.0 units per month (21.0 units per quarterly period) which is supported by the overall average of the competitive supply (7.3 upm) and has considered the subject’s lot contracts with volume homebuilders. As such, our absorption projection is considered reasonable based upon the lot supply and demand levels within the subject’s submarket area for 40’ frontage lots.

The competitive supply presented above recognizes residential developments which are located in the subject's immediate and surrounding vicinity. The lot sizes, home prices, and amenities in the subdivisions shown are generally similar relative to the subject's 50' frontage lots. Thus, the competing residential developments are considered to be the immediate competition for the subject's proposed lots and are believed to accurately reflect the potential absorption levels for the subject's lots at this time.

Having addressed the immediate competition, we will estimate the approximate absorption time frame for the subject by analyzing absorption trends of the previously shown developments.

Based upon the number of available lots and average absorption per month, the 532 lots remaining within these residential developments indicates only an 8.1±-month supply (0.7± years). This appears to be representative of a significant under-supply of lots within the subject's projected price/lot size range.

Overall, the competing residential developments indicate an absorption range of 5.5 units to 20.5 units per month, with an overall average of 11.0 units per month. To summarize, it is important to note the following facts:

- Five of the six residential developments presented (except for Homestead at Ownsby) are projected to be sold out within 18.6± months. Thus, it is reasonable that the subject, upon completion, may capture a portion of the demand that these projects currently enjoy.
- The subject’s competitive supply is significantly under-supplied with only an 8.1± month-supply of developed lots.
- At the effective date of this appraisal, all of the subject’s 50’ lots are under contract to two volume homebuilders (M/I Homes and D.R. Horton Homes). The lot contracts are summarized as follows:

<u>Homebuilder</u>	<u>Total Lots</u>	<u>Price Per Lot*</u>	<u>Takedown dates and Lots per Takedown</u>
D.R. - The overall total lot supply in the combined “Celina ISD and Prosper ISD” submarkets is estimated to be 1.5± to 1.7± years (18± months – 21± months) which is below equilibrium lot supply levels of 2.0 – 2.5 years.

Absorption Projection – 50’ Frontage Lots

Thus, the preceding data supports a projected absorption on a quarterly basis for the subject’s lots with 50’ frontages at 10.0 units per month (30.0 units per quarterly period) which is slightly below the overall average of the competitive supply (11.0 upm) and has considered the subject’s lot contracts with two volume homebuilders. As such, our absorption projection is considered reasonable based upon the lot supply and demand levels within the subject’s submarket area for 50’ frontage lots.

The competitive supply presented above recognizes residential developments which are located in the subject’s immediate and surrounding vicinity. The lot sizes, home prices, and amenities in the subdivisions shown are generally similar relative to the subject’s 60’ frontage lots. Thus, the competing residential developments are considered to be the immediate competition for the subject’s proposed lots and are believed to accurately reflect the potential absorption levels for the subject’s lots at this time.

Having addressed the immediate competition, we will estimate the approximate absorption time frame for the subject by analyzing absorption trends of the previously shown developments.

Absorption Analysis – 60' Frontage Lots

The following table outlines the monthly absorption of the residential developments listed in the competitive supply. It should be noted that all data is as of Second Quarter 2021.

Monthly Absorption Performance 60' Frontage Lots

Subject: Dynavest

Source: Metrostudy as of Second Quarter 2021

Based upon the number of available lots and average absorption per month, the 476 lots remaining within these residential developments indicates only a 9.0±-month supply (0.8± years). This appears to be representative of a significant under-supply of lots within the subject's projected price/lot size range.

Overall, the competing residential developments indicate an absorption range of 4.3 units to 13.6 units per month, with an overall average of 7.5 units per month. To summarize, it is important to note the following facts:

- All seven of the residential developments presented are projected to be sold out within 14.1± months. Thus, it is reasonable that the subject, upon completion, may capture a portion of the demand that these projects currently enjoy.
- The subject's competitive supply is significantly under-supplied with only a 9.0± month-supply of developed lots.
- At the effective date of this appraisal, all of the subject's 60' lots are under contract to two volume homebuilders (M/I Homes and D.R. Horton Homes). The lot contracts are summarized as follows:

<u>Homebuilder</u>	<u>Total Lots</u>	<u>Price Per Lot*</u>	<u>Takedown dates and Lots per Takedown</u>
D.R. Horton	Approximately half of the lots in Phases #1A, #2, and #3	<u>Phase #1A</u> 40' – \$54,000 50' – \$67,500 60' – \$81,000 <u>Phase #2</u> 40' – \$58,000 50' – \$72,500 60' – \$87,000 <u>Phase #3</u> 40' – \$62,000 50' – \$77,500 60' – \$93,000	Minimum 25 Lots at initial closing Minimum 25 Lots at or before 120 days after Initial Closing Minimum 25 Lots per quarter
M/I Homes	Approximately half of the lots in Phases #1A, #2, and #3	<u>Phase #1A</u> 40' – \$54,000 50' – \$67,500 60' – \$81,000 <u>Phase #2</u> 40' – \$58,000 50' – \$72,500 60' – \$87,000 <u>Phase #3</u> 40' – \$62,000 50' – \$77,500 60' – \$93,000	Minimum 25 Lots at initial closing Minimum 25 Lots at or before 120 days after Initial Closing Minimum 25 Lots per quarter
Dream Finders Homes**	<u>Phase #1B</u> 192 40' lots	<u>Phase #1B</u> 40' – \$54,000	15 Lots within 15 days of initial closing Additional 12 Lots at or before 120 days after Initial Closing 12 Lots per quarter

- The overall total lot supply in the combined “Celina ISD and Prosper ISD” submarkets is estimated to be 1.5± to 1.7± years (18± months – 21± months) which is below equilibrium lot supply levels of 2.0 – 2.5 years.

Absorption Projection – 60’ Frontage Lots

Thus, the preceding data supports a projected absorption on a quarterly basis for the subject’s lots with 60’ frontages at 7.0 units per month (21.0 units per quarterly period) which is supported by the overall average of the competitive supply (7.5 upm) and has considered the subject’s lot contracts with two volume homebuilders. As such, our absorption projection is considered reasonable based upon the lot supply and demand levels within the subject’s submarket area for 60’ frontage lots.

Overall Absorption Summary Projection

Our quarterly absorption projections are summarized as follows for the subject:

Phase 1A

Projected Quarterly Absorption Summary - Phase 1A									Total Aborp. Period	
Lot Type	Jul-23	Oct-23	Jan-24	Apr-24	Jul-24	Oct-24	Jan-25	Apr-25	Lots	(Months±)

Totals	72	72	72	72	61	39	30	3	421	

As shown, the overall absorption for the subject's 421 lots in Phase 1A is estimated to be 16.3± months (40' lots), 21.3 months (50' lots), and 13.4± months (60' lots).

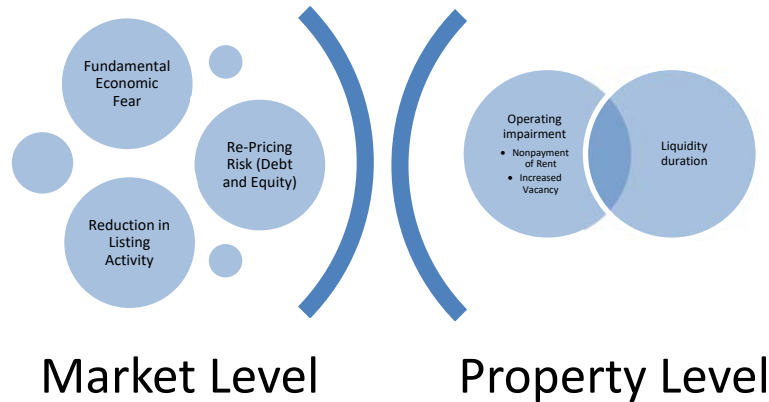

Phase 1B

Projected Quarterly Absorption Summary - Phase 1B										Total Aborp. Period

As shown, the overall absorption for the subject's 192 lots in Phase 1B is estimated to be 27.4± months (40' lots).

COVID-19 Impact on Current Valuations

Transaction indicators are the best measure of any impact on values due to COVID-19. At the beginning of the pandemic, many transactions were tabled, and market data was scarce. After an initial lull in activity, price discovery has occurred in many markets across different property types and transactions are getting done. Market instability remains a factor on various levels:

Based on discussions and interviews with a wide range of market participants including brokers, lenders, asset managers, owners, property managers and others, a variety of concerns, and opportunities, are apparent.

The Virus

The second wave began in 4Q20 across virtually the entire country. Infection rates are exploding with many states and local governments restricting movement and social gatherings. The stock market rose to new highs in 4Q20 on the news of multiple promising vaccine options expected to first become widely available to health care workers and then the general public by mid-2021. In the interim, volatility will remain with starts and stops in economic activity. A widely distributed vaccine is critical for employers to be able to safely bring workers back to the office, public schools to remain open with consistency and perceived safe use of public transportation in getting people to work.

Macro-Economic Impacts

Not surprisingly, 3Q20 GDP was up significantly but varies considerably by segment (Consumption, Investment, Government) as illustrated in the graph below. Consumption of goods are up while consumption of services remains off notably due in large part to households remaining in various levels of lockdown in many parts of the country. Warehouses and manufacturing are winners – hotels, retail, and restaurants remain weak.

GDP Recovers, but Plenty of Movement Under Surface

The prospect for a significant stimulus package remains uncertain. State and local finances are troubling not to mention the outlook for employers and workers, particularly in the service sector, who remain on the downside of a K shaped recovery.

After initially ramping up cash reserves to cover bad loans, many larger lending institutions have begun reducing those set asides as the expectation of losses is on the decline. Many smaller to mid-size banks, which have typically been the primary capital source to local, service-oriented businesses, may not be so fortunate.

Impact by Property Type, Class & Location

Below is a graph prepared by Greenstreet Advisors plotting the sensitivity (and risk) associated with various property types with the negative impact on value being greater for those assets with greater sensitivity. Those assets relating to essential business operations (grocery, medical, distribution) have been less affected than for example lodging and malls where social distancing is more difficult.

Rates of Return and Valuation Methodology

Offsetting the increased risk due to uncertainty in the property markets is the Fed’s monetary policy of holding rates down to enhance liquidity in the debt markets. While many financial institutions have lowered their loan to value ratios as a risk management tool, the cost of borrowing is at historic lows for assets with sustainable cash flow and solid sponsors. The result is downward pressure on rates of return where leverage is attainable but offset to some extent by a rise in equity return requirements. As transactions continue to occur, the overall impact on rates of return, and how they are responding differently by property type and location, is becoming apparent.

Some market participants believe the answer to market value lies in capitalization rates while others believe rates are not moving. Instead, the value impact is limited to cash flow loss plus profit until re-stabilization occurs. Once again, the answers vary by property type and location.

The following valuation tempers the various inputs given the wide range of data in the market. Care must be taken not to “double hit” the analysis by modeling lower net income via lower performance projections and at the same time raising the return requirements, particularly in light of a low interest rate environment.

Market Sentiment/Participant Interviews

In addition to transaction data, which is slowly materializing, we have interviewed market participants (developers, investors, lenders, brokers) as a leading indicator of where the market is currently, and where they believe the market is heading. These survey results have been analyzed and incorporated into our analysis and conclusions.

Conclusion

This heightened uncertainty forms the basis of defined risk. Considering the subject’s relative sensitivity to the COVID-19 risks as of the effective date of the valuation, Integra rates the relative risks of the subject property as of the effective date as follows:

Risk Analysis	
Property Type Sensitivity to Risk	Single-family development is low risk
Property Location Sensitivity to Risk	Single-family development is low risk
Cost of Capital Impact/Risk	Single-family development cost of capital impact risk is low
Property Operations Risk	Single-family development operations risk is low

Property Analysis

Location

The property is located on the north side of FM-455, east of CR-10 in Celina, Texas. It is noted that the Dallas North Tollway is currently under construction and is replacing CR-10 and is scheduled to be complete in the next 12 months. In addition, major infrastructure and public utilities will be constructed with the master planned community of which the subject is a part within 24 months.

Real Estate Taxes

Real estate tax assessments are administered by the Collin County Central Appraisal District and are estimated by jurisdiction on a county basis for the subject. Real estate taxes in this state and this jurisdiction represent ad valorem taxes, meaning a tax applied in proportion to value. The real estate taxes for an individual property may be determined by dividing the assessed value (certified in July) for a property by \$100, then multiplying the estimate by the composite rate. The composite rate is based on a consistent state tax rate throughout the state, in addition to one or more local taxing district rates. Real estate taxes and assessments for the current tax year are shown in the following table.

Taxes and Assessments - 2021

Tax ID	Assessed Value			Taxes and Assessments			
	Land	Improvements	Total	Tax Rate	Ad Valorem Taxes	Ag Assessments	Total
984956	\$1,665,391	\$0	\$1,665,391	2.381953%	\$39,669	\$9,693	\$231

989372	\$117,000	\$0	\$117,000	2.381953%	\$2,787	\$700	\$17
984938	\$909,043	\$0	\$909,043	2.381953%	\$21,653	\$5,239	\$125
995089	\$683,532	\$0	\$683,532	2.381953%	\$16,281	\$4,091	\$97
	\$8,950,106	\$0	\$8,950,106		\$213,187	\$53,155	\$1,266

The subject is currently assessed under five tax accounts totaling 497.2284 acres. The total assessed value equates to approximately \$18,000 per gross acre. Based on the concluded market value of the subject, the assessed value appears low. This is typical of competing properties.

It is noted that this account is taxed under an agricultural exemption which serves to limit the taxable value of the site. In total, the tax account is currently taxed on an assessment of only \$53,155 which equates to a total tax of \$1,266. This is considered typical of properties located in rural areas such as the subject. The impact of roll-back taxes due to the termination of the agricultural exemption is not reflected herein.

Texas is a non-disclosure State with a mandate to assess property at 100% of market value. Some Texas County Assessors are more successful at achieving the mandate than others. In Texas Counties with little or no transaction activity, values can lag the market. However, there is no limit on increases in the event of a re-assessment.

Property owners in Texas may protest ad valorem assessments using the one of two tests, 1) Market Value or 2) "Equal Appraisal". Market Value is self-explanatory. "Equal Appraisal" means there is a burden on the District's Assessor to ensure mass appraisal methods produce consistent results from property to property. To measure equality, the Appraisal Review Board will consider the assessed values of competing properties in the District. The process involves generation of "ratio study" in which, after appropriate adjustments, the "median value" is the conclusion of "Equal Appraisal".

Highest and Best Use

Process

Before a property can be valued, an opinion of highest and best use must be developed for the subject site, both as vacant, and as improved. By definition, the highest and best use must be:

- Physically possible
- Legally permissible under the zoning regulations and other restrictions that apply to the site
- Financially feasible
- Maximally productive, i.e., capable of producing the highest value from among the permissible, possible, and financially feasible uses

Highest and Best Use As Vacant

Physically Possible

The physical characteristics of the site do not appear to impose any unusual restrictions on development. Overall, the physical characteristics of the site and the availability of utilities result in functional utility suitable for a variety of uses.

Legally Permissible

The site is not zoned and will be governed by a “development agreement” with the city of Celina, Texas allowing for detached, single-family residential use. To our knowledge, there are no legal restrictions such as easements or deed restrictions that would effectively limit the use of the property. Given prevailing land use patterns in the area, only single-family use is given further consideration in determining the highest and best use of the site as vacant.

Financially Feasible

Based on our analysis of the market, there is currently adequate demand for single-family use in the subject’s area. It appears that a newly developed single-family use on the site would have a value commensurate with its cost. Therefore, single-family use is considered to be financially feasible.

Maximally Productive

There does not appear to be any reasonably probable use of the site that would generate a higher residual land value than single-family use. Accordingly, it is our opinion that single-family use, developed to the normal market density level permitted by zoning, is the maximally productive use of the property.

Conclusion

Development of the site for single-family use is the only use that meets the four tests of highest and best use. Therefore, it is concluded to be the highest and best use of the property as vacant.

As Improved

Development of the site, as proposed, with single-family uses is the only use that meets the four tests of highest and best use. Therefore, it is concluded to be the highest and best use of the property, as proposed.

Most Probable Buyer

Taking into account the functional utility of the site and area development trends, the probable buyer is a developer.

Valuation

Valuation Methodology

Appraisers usually consider three approaches to estimating the market value of real property. These are the cost approach, sales comparison approach and the income capitalization approach.

The **cost approach** assumes that the informed purchaser would pay no more than the cost of producing a substitute property with the same utility. This approach is particularly applicable when the improvements being appraised are relatively new and represent the highest and best use of the land or when the property has unique or specialized improvements for which there is little or no sales data from comparable properties.

The **sales comparison approach** assumes that an informed purchaser would pay no more for a property than the cost of acquiring another existing property with the same utility. This approach is especially appropriate when an active market provides sufficient reliable data. The sales comparison approach is less reliable in an inactive market or when estimating the value of properties for which no directly comparable sales data is available. The sales comparison approach is often relied upon for owner-user properties.

The **income capitalization approach** reflects the market's perception of a relationship between a property's potential income and its market value. This approach converts the anticipated net income from ownership of a property into a value indication through capitalization. The primary methods are direct capitalization and discounted cash flow analysis, with one or both methods applied, as appropriate. This approach is widely used in appraising income-producing properties.

Reconciliation of the various indications into a conclusion of value is based on an evaluation of the quantity and quality of available data in each approach and the applicability of each approach to the property type.

The methodology employed in this assignment is summarized as follows:

Approaches to Value		
Approach	Applicability to Subject	Use in Assignment
Cost Approach	Applicable	Not Utilized
Sales Comparison Approach	Applicable	Utilized
Income Capitalization Approach	Not Applicable	Not Utilized
Subdivision Development Approach	Applicable	Utilized

Sales Comparison Approach

To develop an opinion of the subject's lot values within Parcel 13 and 14, as if vacant and available to be developed to its highest and best use, we utilize the sales comparison approach. This approach develops an indication of value by researching, verifying, and analyzing sales of similar properties.

As discussed previously, Phase 1A and 1B are divided for valuation purposes relative to the three lot types being 40-feet, 50-feet, and 60-feet in lot width.

The Sales Comparison Approach will be utilized to determine the vacant land/paper lot values for the land within Parcel 13 (future Phases 2 and 3) and the lot values for the individual lot types within Phases 1A and 1B (Parcel 13 and 14).

Parcel 13, Phase 2 (Paper Lots)

To apply the sales comparison approach to Parcel 13, Phase 2 (Paper Lots), we searched for sale transactions within the following parameters:

- Location: General Market Area
- Size: 100 Acres and Greater
- Use: Residential Development
- Transaction Date: January 2020 to Present

For this analysis, we use price per paper lot as the appropriate unit of comparison. The most relevant sales are summarized in the following table.

60 Foot Lots (60' x 125'; 7,500 SF)

To apply the sales comparison approach to the 60 Foot Lots, the research focused on transactions within the following parameters:

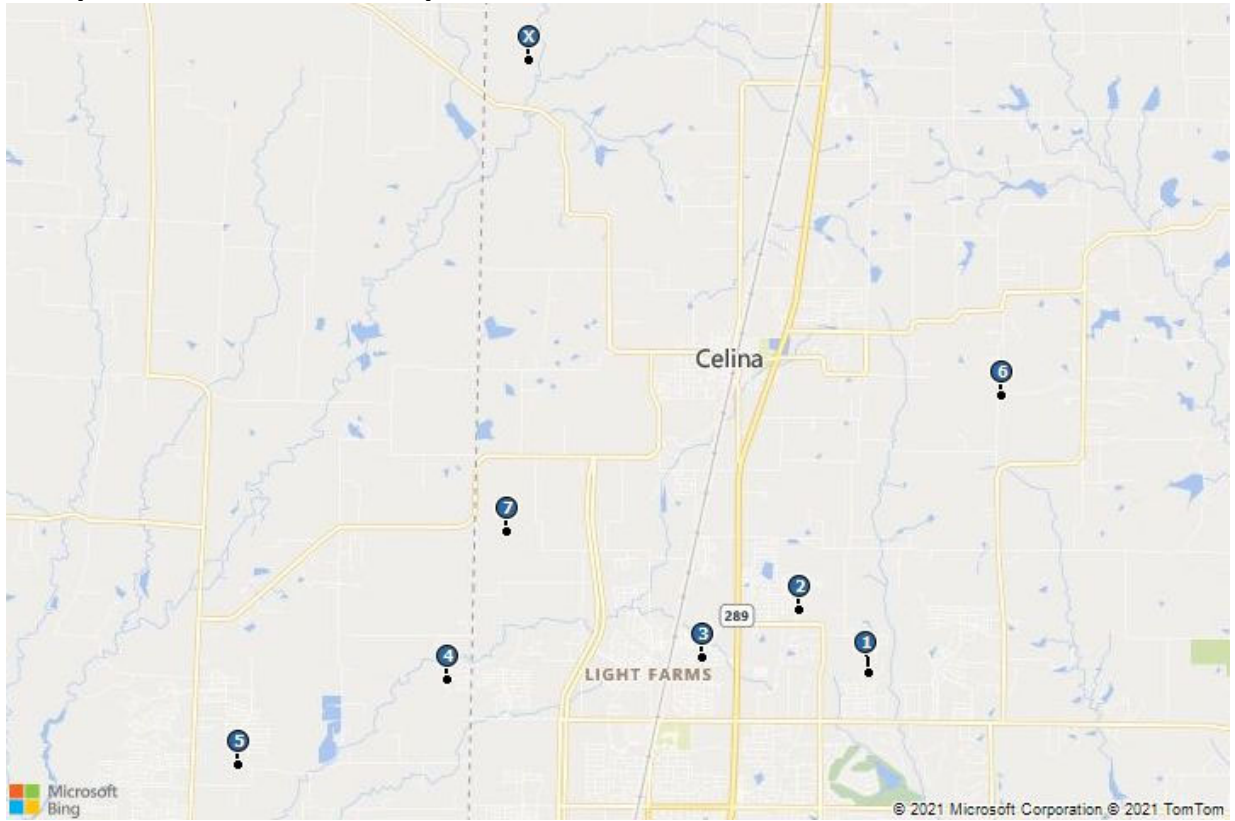

- Location: Surrounding submarket areas
- Size: 60' frontage lots
- Use: Single-family residential
- Transaction Date: June 2020 to present

For this analysis, price per front footage is used as the appropriate unit of comparison. The most relevant sales are summarized in the following table.

Cumulative Retail Lot Values

Following is the calculation for the total cumulative retail lot value for the subject's 421 proposed lots within Legacy Hills, Parcel 13, Phase 1A and the 192 proposed lots within Legacy Hills, Parcel 14, Phase 1B. **It is noted that these values represent a summation of the individual retail lot value opinions and should not be construed as the value as if sold in a single transaction.**

Phase 1A

As shown in the following exhibit, the total cumulative retail lot value equates to \$32,317,500 or an overall average of \$76,764/lot for lots in Phase 1A.

Cumulative Retail Lot Value Calculation - Phase 1A

Cumulative Retail Lot Value Calculation - Phase 1B

Total Lots	Typical Lot Dimension	Average Price/Lot	Price/FF	Total Cumulative Retail Value
192	40' x 115'	\$62,000	\$1,550	\$11,904,000

Summary of Net/Gross Value Conclusion

The preceding value was based on a retail sale of small batches of lots (less than 20 lots at a time). However, frequently entire subdivisions are sold to builders, or other investors, at a discount. These builders will then warehouse the land themselves, or the investors will resell the lots to builders over a longer-term takedown schedule. Thus, to determine the appropriate discount for the subject, we have assembled a number of bulk sales of other developed subdivision lots located throughout North Texas. The comparables presented represent the bulk sale of developed lots to homebuilders and/or investors. As shown below, the discount for the sales presented ranged from 3.9% to 18.6% of the retail value from 2019 - 2021. Thus, the discounts for bulk lot sales appear to be decreasing in many submarket areas. As such, comparable bulk sales are limited in all submarkets in the Dallas /Fort Worth area indicating a strengthening economy and builders willing to pay retail lot prices.

Our bulk sale comparables from 2019 - 2021 are listed in the following summary table.

Bulk Lot Sale Summary

Subdivision Development Approach (As Complete)

Having completed the retail valuation section of the assignment, we will now provide an opinion of the market value of the property to a single purchaser, as of this date. Obviously, this value will include a provision for compensating the developer/sponsor, i.e., profit for risk and expenditure of time. This value contemplates that the developer/sponsor of the subject would sell the subject property to another developer who would in turn sell the developed lots on a retail basis. This value represents the concept of market value to a single purchaser as of this date, wherein a portion of the overall real property rights or physical asset would typically be sold to its ultimate users over some future time period. Valuations involving such properties must fully reflect all appropriate deductions and discounts as well as the anticipated cash flows to be derived from the disposition of the asset over time. Appropriate deductions and discounts are considered to be those which reflect all expenses associated with the disposition of the realty, as of the date of completion, as well as the cost of capital and entrepreneurial profit. Entrepreneurial profit is accounted for herein as part of the discount rate. Based on our experience, profit is not expensed as a line item as it is not realized until the project's expenses (including debt) are paid. The various assumptions necessary to complete our Discounted Cash Flow Analysis for the subdivision as complete by July 1, 2023 are discussed in detail in the following paragraphs.

The various assumptions necessary to complete our Discounted Cash Flow Analysis for the developed subject subdivision are discussed in detail in the following paragraphs.

Absorption

As discussed in detail in the "Single-Family Analysis" section of our analysis, we have projected the quarterly absorption for the subject's Phases 1A and 1B as follows:

Phase 1A

Projected Quarterly Absorption Summary - Phase 1A									Total Aborp. Period	
Lot Type	Jul-23	Oct-23	Jan-24	Apr-24	Jul-24	Oct-24	Jan-25	Apr-25	Lots	(Months±)
40' Lots	21	21	21	21	21	9	0	0	114	16.3

Totals	72	72	72	72	61	39	30	3	421	

As shown, the overall absorption for the subject's 421 lots in Phase 1A is estimated to be 16.3± months (40' lots), 21.3 months (50' lots), and 13.4± months (60' lots).

Phase 1B

Projected Quarterly Absorption Summary - Phase 1B										Total Aborp. Period		
Lot Type	Jul-23	Oct-23	Jan-24	Apr-24	Jul-24	Oct-24	Jan-25	Apr-25	Oct-25	Jan-26	Lots	(Months±)
40' Lots	21	21	21	21	21	21	21	21	21	3	192	27.4

As shown, the overall absorption for the subject's 192 lots in Phase 1B is estimated to be 27.4± months (40' lots).

Price/Value Increases Over the Sellout Period

An ongoing spike in home sales has reduced home inventories in North Texas to record lows. At the same time, the strong residential price gains that metro Dallas witnessed during the latter half of 2020 has persisted into the 2021. The pandemic is encouraging potential buyers to move from urban apartments to suburban homes with demand driven by strong job creation over the past decade, demographic trends, and significant in-migration from out-of-state buyers. Inflation is expected to make a brief run at the Fed's 2% target in early 2021. A resurgent economy that will benefit industries hurt by the Covid pandemic will help fuel the run. The move may not be sustained; however, due to labor market slack and some prices that will retreat.

Trends in National Inflation and Interest Rates

Year	U.S. Prime Increase in		
	Rate	U.S. CPI	Real Rate of Return
2010	3.25%	1.50%	1.75%
2011	3.25%	3.00%	0.25%
2012	3.25%	1.70%	1.55%
2013	3.25%	1.50%	1.75%
2014	3.25%	1.30%	1.95%
2015	3.50%	0.70%	2.80%
2016	3.75%	1.40%	2.35%
2017	4.25%	2.11%	2.14%
2018	5.50%	1.95%	3.55%
2019	4.75%	2.29%	2.46%
2020	3.25%	0.13%	3.12%
06/21	3.25%	3.60%	-0.35%

Source: Federal Reserve Bank of St. Louis, U.S. Financial Data

All increases are compared to previous December figures

As shown in the preceding table, CPI increases ranged from 0.13% to 3.60% from 2010 through June 2021 with 3.25% to 5.50% prime rates resulting in real annual rates of returns ranging from a negative 0.35% to 3.55% (with the most current real rate of return at a negative 0.35%). Thus, the real rates of return are substantially affected with fluctuations in the prime rates and the increases/decreases in the consumer price index. (The increase is calculated relative to the previous year-to-year December index rates).

Historically, in the sales contracts of the volume lot sales in the marketplace, the lot prices are typically adjusted upward at rates ranging from the prime rate (3.25%) to the prime rate plus one percent (annually) up to 8.0%. Thus, for valuation purposes herein, we have estimated an annual appreciation on the sale of the subject units at 6% per year for the subject lots. This is considered reasonable given the supply of available housing product in the area and the historical collection of interest carry/appreciation by developers within the Dallas/Fort Worth and surrounding market areas.

Expenses

Cost of Sales has been estimated at 2.5% of gross sales proceeds for various closing costs and title policies.

Taxes are paid by the developer annually. The estimation of taxes paid per period is based upon the premise that taxes are prorated at closing and are paid in arrears. Therefore, we have deducted taxes based upon the estimated retail market value of the unsold lots. The taxes are prorated in each calendar year based upon the projected sales in each period. Based upon our experience and information gathered from numerous reputable builders/developers and taxing authorities, this methodology and percentage estimate (2.0%) is well founded. Rollback taxes are not deducted herein.

Marketing expense is not included in this analysis as the subject lots are contracted to volume homebuilders who traditionally provide for marketing.

HOA dues are not included as these fees belong to the Homeowner's Association and not to the developer.

Management Expense/Entrepreneurial Coordination/Remuneration: The last major deduction is that for Entrepreneurial (i.e., the developer/sponsor)/coordination talent expenditure. The Dictionary of Real Estate Appraisal defines entrepreneurial profit as a market-derived figure that represents the amount an entrepreneur receives for his or her contribution to a project and risk; the difference between the total cost of a property (cost of development) and its market value (property value after completion), which represents the entrepreneur's compensation for the risk and expertise associated with development. Inasmuch as the discount rate will include a provision for return on the equity investment, this deduction will be for actual time and expenses only.

Typically, the developer will allow a budgeted line item equal to 0.5% to 2.0%, of sales and/or costs, depending on the size of the project, expertise required, and management developmental time involved. Because the site requires planning and development, an expense of 1.0% is deemed appropriate and will be a direct line-item deduction from the gross sales proceeds.

Discount Rate

According to the Dictionary of Real Estate Appraisal, Sixth Addition, Discount Rate is defined as “an interest rate used to convert future payments or receipts into present value. The discount rate may or may not be the same as the internal rate of return (IRR), or yield rate, depending on how it is extracted from the market and/or used in the analysis.” Furthermore, Internal Rate of Return (IRR) is defined as “the annualized yield rate or rate of return on capital that is generated or capable of being generated within an investment or portfolio over a period of ownership. The IRR is the rate of discount that makes the net present value of the investment equal to zero. The IRR discounts all returns from the investment, including returns from its reversion, to equal the original capital outlay. This rate is similar to the equity yield rate. As a measure of investment performance, the IRR is the rate of discount that produces a profitability index of one and a net present value of zero. It may be used to measure profitability after income taxes, i.e., the after-tax equity yield rate.” In other words, it is a rate of profit (or loss) or a measure of performance. It is literally, an interest rate. The effective interest rate on a real estate investment is the equity investor's IRR. The yield to maturity on a bond is the bond holder's IRR, when the bond is held for its full term. The IRR is the rate of return on capital expressed as a ratio per unit of time; for example, 10% per annum. The discount rate utilized herein is essentially an anticipated IRR for the subject property, as estimated from investment performance realized by market participants. Although the investment vehicle being analyzed herein is real property, competition for investment dollars in other investment media is intense, and the prudent investment manager must carefully consider all options. Because of the element of risk involved in real estate investment versus alternative investment vehicles, the prudent investment manager must compare rates of return. The performance of real estate is dependent upon and could fluctuate with the degree of quality of management, unexpected competition, disasters, or economic cycles, particularly in the subject's market area. Therefore, it entails a greater degree of risk than instruments such as government-backed bonds or fixed-rate mortgages.

One of the more comprehensive surveys of IRR's for real estate investments is performed within the PwC Real Estate Investor Survey, as published by PricewaterhouseCoopers. In its most recent Second Quarter 2021 National Land Yield Study, pretax IRRs for these higher risk properties currently range from 10% to 25%, with an average of 16.7% for mixed-use respondents regarding vacant land, which has a slightly inferior diminishing return asset as the subject - developed residential lots. This average is 110 basis points higher than six months ago (15.6%).

a. Rate on unleveraged, all-cash transactions; including developer's profit

The subject's discount rate should be less than a typical land project, as the value to be determined is for a fully developed project that is available for immediate resale and which will ultimately possess less risk than that of the total development process. Therefore, a "risk-adjusted discount rate" is deemed appropriate herein.

RealtyRates.com in their most recent Second Quarter 2021 "Developer Survey" with First Quarter 2021 data summarizes discount rates for conventionally financed (interest-only interim or construction financing) subdivisions and Planned Development Districts (PUDs) in the State of Texas. Actual Rates are historical rates achieved by survey respondents, while Pro-Forma Rates reflect forward-looking revenue and development costs. Subdivision rates do include provisions for developer's profit, i.e., profit is not treated as a line-item expense.

*1st Quarter 2021 Data

Copyright 2021 RealtyRates.com™

As shown above, the minimum actual rates in Texas range from 13.69% for less than 100 units; 14.03% for 100 to 500+ units; and 14.37% for 500+ units with minimum pro-forma rates ranging from 13.14% to 13.80%.

The Sixth Edition of the Dictionary of Real Estate Appraisal defines this term as “a discount rate that is adjusted to offset one or more risk factors, i.e., when a future downswing in the business cycle is likely, the risk associated with a project may increase near the end of its term, necessitating a special adjustment to the discount rate. Such discount rates include all of the elements of risk associated with an income stream for a specified period adjusted to offset additional term risk”.¹ Thus, it is our opinion that a potential purchaser would expect to receive a much lower return on his investment for a completed project similar to the subject, which has a purchaser of the end product relative to that of a vacant tract of land awaiting eventual development (higher risk of escalating costs to site development and of the eventual timing of completion).

Legacy Hills Public Improvement District (Tract 13 and Tract 14)

Based upon the preceding, an IRR that is below the lower end of the range as indicated in the National Land Yield Study as of Second Quarter 2021 (10% - 25%; 16.7% average) and slightly below the minimum rates provided by the RealtyRates "Developer Survey" for Texas of 13.69% for less than 100 units; 14.03% for 100 to 500+ units; and 14.37% for 500+ units with minimum pro-forma rates ranging from 13.14% to 13.80% is considered reasonable for the subject. Hence, taking into consideration the supply and demand levels within the subject's submarket area, we have selected a discount rate of 12% for the subject which takes into consideration the degree of risk, developer profit, and the liquidity inherent in a project such as the subject, as well as the current market conditions. It should be noted that our cash flow also deducts a straight 1.0% entrepreneurial coordination/remuneration (management cost) from all sales proceeds, which effectively increases the discount rate to approximately 13.0% for the subject. To be consistent with the timing of the cash flows, the annual income stream is discounted quarterly. With each of the required elements now identified, we are able to analyze the subject in the DCF analyses as shown on the following pages.

Subdivision Development Approach Conclusion

Phase 1A

Based upon the preceding, and the cash flow presented on the following page, our opinion of prospective value as complete for the subject's Phase 1A is \$28,650,000, or an overall average of \$68,052/lot.

Phase 1B

Based upon the preceding, and the cash flow presented on the following page, our opinion of prospective value as complete for the subject's Phase 1B is \$10,230,000, or an overall average of \$53,281/lot.

Reconciliation and Conclusion of Values

Prospective Reconciliation

In the previous sections, we have provided an opinion of the market value of the fee simple interest in the subject property using the following approaches to value. Following is a summary of the values indicated by these approaches.

The first approach used was the Sales Comparison Approach to value the subject property by developed lot as well as by paper lot. This approach is based on the theory of substitution and implies that a purchaser would pay no more for an individual property/lot than it would cost to buy, or build, a substitute property. This approach is the most common technique for valuing individual lots, and it is the preferred method when comparable sales are available and is considered to provide a very good indication of value.

The second approach used for the subject's Phases 1A and 1B lots was the Net/Gross Ratio Approach to value. This is also sometimes known as a Sales Ratio study. This is a ratio study that uses sales prices as proxies for market values. In this instance we utilized market data to estimate value as a percentage of gross (or retail) sales price.

The final approach used for the subject's Phases 1A and 1B lots was the Subdivision Development Approach (Discounted Cash Flow method) utilizing a projection of the future individual lot sales, historical absorption data upon the development, and deducting taxes on the developed lots, costs of sales, marketing, and management expenses. In conclusion, the Subdivision Development Approach is considered to provide a generally good indication of value for the subject.

*It should be clearly understood that the summation of values do not represent our opinion of value, as if sold in a single transaction.

The value conclusion(s) in this report consider the impact of COVID-19 on the subject property.

The opinions of value expressed in this report are based on estimates and forecasts that are prospective in nature and subject to considerable risk and uncertainty. Events may occur that could cause the performance of the property to differ materially from our estimates, such as changes in the economy, interest rates, capitalization rates, and behavior of investors, lenders, and consumers. Additionally, our opinions and forecasts are based partly on data obtained from interviews and third-party sources, which are not always completely reliable. Although we are of the opinion that our findings are reasonable based on available evidence, we are not responsible for the effects of future occurrences that cannot reasonably be foreseen at this time.

Exposure Time

Exposure time is the length of time the subject property would have been exposed for sale in the market had it sold on the effective valuation date at the concluded market value. Exposure time is always presumed to precede the effective date of the appraisal. Based on our review of recent sales transactions for similar properties and our analysis of supply and demand in the local market, it is our opinion that the probable exposure time for the subject at the concluded market values stated previously is 6-9 months.

Marketing Time

Marketing time is an estimate of the amount of time it might take to sell a property at the concluded market value immediately following the effective date of value. As we foresee no significant changes in market conditions in the near term, it is our opinion that a reasonable marketing period for the subject is likely to be the same as the exposure time. Accordingly, we estimate the subject’s marketing period at 6-9 months.

3. No changes in any federal, state or local laws, regulations or codes (including, without limitation, the Internal Revenue Code) are anticipated.
4. No environmental impact studies were either requested or made in conjunction with this appraisal, and we reserve the right to revise or rescind any of the value opinions based upon any subsequent environmental impact studies. If any environmental impact statement is required by law, the appraisal assumes that such statement will be favorable and will be approved by the appropriate regulatory bodies.
5. Unless otherwise agreed to in writing, we are not required to give testimony, respond to any subpoena or attend any court, governmental or other hearing with reference to the property without compensation relative to such additional employment.

6. We have made no survey of the property and assume no responsibility in connection with such matters. Any sketch or survey of the property included in this report is for illustrative purposes only and should not be considered to be scaled accurately for size. The appraisal covers the property as described in this report, and the areas and dimensions set forth are assumed to be correct.
7. No opinion is expressed as to the value of subsurface oil, gas or mineral rights, if any, and we have assumed that the property is not subject to surface entry for the exploration or removal of such materials, unless otherwise noted in our appraisal.
8. We accept no responsibility for considerations requiring expertise in other fields. Such considerations include, but are not limited to, legal descriptions and other legal matters such as legal title, geologic considerations such as soils and seismic stability; and civil, mechanical, electrical, structural and other engineering and environmental matters. Such considerations may also include determinations of compliance with zoning and other federal, state, and local laws, regulations and codes.
9. The distribution of the total valuation in the report between land and improvements applies only under the reported highest and best use of the property. The allocations of value for land and improvements must not be used in conjunction with any other appraisal and are invalid if so used. The appraisal report shall be considered only in its entirety. No part of the appraisal report shall be utilized separately or out of context.
10. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraisers, or any reference to the Appraisal Institute) shall be disseminated through advertising media, public relations media, news media or any other means of communication (including without limitation prospectuses, private offering memoranda and other offering material provided to prospective investors) without the prior written consent of the persons signing the report.
11. Information, estimates and opinions contained in the report and obtained from third-party sources are assumed to be reliable and have not been independently verified.
12. Any income and expense estimates contained in the appraisal report are used only for the purpose of estimating value and do not constitute predictions of future operating results.
13. If the property is subject to one or more leases, any estimate of residual value contained in the appraisal may be particularly affected by significant changes in the condition of the economy, of the real estate industry, or of the appraised property at the time these leases expire or otherwise terminate.
14. Unless otherwise stated in the report, no consideration has been given to personal property located on the premises or to the cost of moving or relocating such personal property; only the real property has been considered.
15. The current purchasing power of the dollar is the basis for the values stated in the appraisal; we have assumed that no extreme fluctuations in economic cycles will occur.
16. The values found herein are subject to these and to any other assumptions or conditions set forth in the body of this report, but which may have been omitted from this list of Assumptions and Limiting Conditions.

17. The analyses contained in the report necessarily incorporate numerous estimates and assumptions regarding property performance, general and local business and economic conditions, the absence of material changes in the competitive environment and other matters. Some estimates or assumptions, however, inevitably will not materialize, and unanticipated events and circumstances may occur; therefore, actual results achieved during the period covered by our analysis will vary from our estimates, and the variations may be material.
18. The Americans with Disabilities Act (ADA) became effective January 26, 1992. We have not made a specific survey or analysis of the property to determine whether the physical aspects of the improvements meet the ADA accessibility guidelines. We claim no expertise in ADA issues, and render no opinion regarding compliance of the subject with ADA regulations. Inasmuch as compliance matches each owner's financial ability with the cost to cure the non-conforming physical characteristics of a property, a specific study of both the owner's financial ability and the cost to cure any deficiencies would be needed for the Department of Justice to determine compliance.
19. The appraisal report is prepared for the exclusive benefit of you, your subsidiaries and/or affiliates. It may not be used or relied upon by any other party. All parties who use or rely upon any information in the report without our written consent do so at their own risk.
20. No studies have been provided to us indicating the presence or absence of hazardous materials on the subject property or in the improvements, and our valuation is predicated upon the assumption that the subject property is free and clear of any environment hazards including, without limitation, hazardous wastes, toxic substances and mold. No representations or warranties are made regarding the environmental condition of the subject property. Integra Realty Resources – Dallas, Integra Realty Resources, Inc., Integra Strategic Ventures, Inc. and/or any of their respective officers, owners, managers, directors, agents, subcontractors or employees (the "Integra Parties"), shall not be responsible for any such environmental conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because we are not experts in the field of environmental conditions, the appraisal report cannot be considered as an environmental assessment of the subject property.
21. The persons signing the report may have reviewed available flood maps and may have noted in the appraisal report whether the subject property is located in an identified Special Flood Hazard Area. We are not qualified to detect such areas and therefore do not guarantee such determinations. The presence of flood plain areas and/or wetlands may affect the value of the property, and the value conclusion is predicated on the assumption that wetlands are non-existent or minimal.
22. We are not a building or environmental inspector. The Integra Parties do not guarantee that the subject property is free of defects or environmental problems. Mold may be present in the subject property and a professional inspection is recommended.
23. The appraisal report and value conclusions for an appraisal assume the satisfactory completion of construction, repairs or alterations in a workmanlike manner.

24. It is expressly acknowledged that in any action which may be brought against any of the Integra Parties, arising out of, relating to, or in any way pertaining to this engagement, the appraisal reports, and/or any other related work product, the Integra Parties shall not be responsible or liable for any incidental or consequential damages or losses, unless the appraisal was fraudulent or prepared with intentional misconduct. It is further acknowledged that the collective liability of the Integra Parties in any such action shall not exceed the fees paid for the preparation of the appraisal report unless the appraisal was fraudulent or prepared with intentional misconduct. Finally, it is acknowledged that the fees charged herein are in reliance upon the foregoing limitations of liability.
25. Integra Realty Resources – Dallas, an independently owned and operated company, has prepared the appraisal for the specific intended use stated elsewhere in the report. The use of the appraisal report by anyone other than the Client is prohibited except as otherwise provided. Accordingly, the appraisal report is addressed to and shall be solely for the Client's use and benefit unless we provide our prior written consent. We expressly reserve the unrestricted right to withhold our consent to your disclosure of the appraisal report or any other work product related to the engagement (or any part thereof including, without limitation, conclusions of value and our identity), to any third parties. Stated again for clarification, unless our prior written consent is obtained, no third party may rely on the appraisal report (even if their reliance was foreseeable).
26. The conclusions of this report are estimates based on known current trends and reasonably foreseeable future occurrences. These estimates are based partly on property information, data obtained in public records, interviews, existing trends, buyer-seller decision criteria in the current market, and research conducted by third parties, and such data are not always completely reliable. The Integra Parties are not responsible for these and other future occurrences that could not have reasonably been foreseen on the effective date of this assignment. Furthermore, it is inevitable that some assumptions will not materialize and that unanticipated events may occur that will likely affect actual performance. While we are of the opinion that our findings are reasonable based on current market conditions, we do not represent that these estimates will actually be achieved, as they are subject to considerable risk and uncertainty. Moreover, we assume competent and effective management and marketing for the duration of the projected holding period of this property.
27. All prospective value opinions presented in this report are estimates and forecasts which are prospective in nature and are subject to considerable risk and uncertainty. In addition to the contingencies noted in the preceding paragraph, several events may occur that could substantially alter the outcome of our estimates such as, but not limited to changes in the economy, interest rates, and capitalization rates, behavior of consumers, investors and lenders, fire and other physical destruction, changes in title or conveyances of easements and deed restrictions, etc. It is assumed that conditions reasonably foreseeable at the present time are consistent or similar with the future.

28. The appraisal is also subject to the following:

Extraordinary Assumptions and Hypothetical Conditions

The value conclusions are subject to the following extraordinary assumptions that may affect the assignment results. An extraordinary assumption is uncertain information accepted as fact. If the assumption is found to be false as of the effective date of the appraisal, we reserve the right to modify our value conclusions.

1. As the subject represents a proposed construction project, this report contains prospective opinions of value. As such, we have assumed that the market conditions as discussed and considered within this report will be similar on the prospective valuation date. Further, we cannot be held responsible for unforeseeable events that alter market conditions prior to this prospective effective date. The prospective market value date is July 1, 2023.
2. All information relative to the subject property including land areas, lot totals, lot sizes, and other pertinent data that was provided by Centurion American Group (borrower/developer), the City of Celina, and the Collin Central Appraisal District is assumed to be correct.

The value conclusions are based on the following hypothetical conditions that may affect the assignment results. A hypothetical condition is a condition contrary to known fact on the effective date of the appraisal but is supposed for the purpose of analysis.

1. None

The use of any extraordinary assumption or hypothetical condition may have affected the assignment results.

Definitions

Definitions

The source of the following definitions is the Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 6th ed. (Chicago: Appraisal Institute, 2015), unless otherwise noted.

As Is Market Value

The estimate of the market value of real property in its current physical condition, use, and zoning as of the appraisal date.

Disposition Value

The most probable price that a specified interest in property should bring under the following conditions:

1. Consummation of a sale within a specified time, which is shorter than the typical exposure time for such a property in that market.
2. The property is subjected to market conditions prevailing as of the date of valuation.
3. Both the buyer and seller are acting prudently and knowledgeably.
4. The seller is under compulsion to sell.
5. The buyer is typically motivated.
6. Both parties are acting in what they consider to be their best interests.
7. An adequate marketing effort will be made during the exposure time.
8. Payment will be made in cash in U.S. dollars (or the local currency) or in terms of financial arrangements comparable thereto.
9. The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

This definition can also be modified to provide for valuation with specified financing terms.

Effective Date

1. The date on which the appraisal or review opinion applies.
2. In a lease document, the date upon which the lease goes into effect.

Entitlement

In the context of ownership, use, or development of real estate, governmental approval for annexation, zoning, utility extensions, number of lots, total floor area, construction permits, and occupancy or use permits.

Entrepreneurial Incentive

The amount an entrepreneur expects to receive for his or her contribution to a project. Entrepreneurial incentive may be distinguished from entrepreneurial profit (often called *developer's profit*) in that it is the expectation of future profit as opposed to the profit actually earned on a development or improvement. The amount of entrepreneurial incentive required for a project represents the economic reward sufficient to motivate an entrepreneur to accept the risk of the project and to invest the time and money necessary in seeing the project through to completion.

Entrepreneurial Profit

1. A market-derived figure that represents the amount an entrepreneur receives for his or her contribution to a project and risk; the difference between the total cost of a property (cost of development) and its market value (property value after completion), which represents the entrepreneur's compensation for the risk and expertise associated with development. An entrepreneur is motivated by the prospect of future value enhancement (i.e., the entrepreneurial incentive). An entrepreneur who successfully creates value through new development, expansion, renovation, or an innovative change of use is rewarded by entrepreneurial profit. Entrepreneurs may also fail and suffer losses.
2. In economics, the actual return on successful management practices, often identified with coordination, the fourth factor of production following land, labor, and capital; also called entrepreneurial return or entrepreneurial reward.

Exposure Time

1. The time a property remains on the market.
2. The estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective opinion based on an analysis of past events assuming a competitive and open market.

Fee Simple Estate

Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.

Floor Area Ratio (FAR)

The relationship between the above-ground floor area of a building, as described by the zoning or building code, and the area of the plot on which it stands; in planning and zoning, often expressed as a decimal, e.g., a ratio of 2.0 indicates that the permissible floor area of a building is twice the total land area.

Highest and Best Use

1. The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.
2. The use of an asset that maximizes its potential and that is possible, legally permissible, and financially feasible. The highest and best use may be for continuation of an asset's existing use or for some alternative use. This is determined by the use that a market participant would have in mind for the asset when formulating the price that it would be willing to bid. (ISV)
3. The highest and most profitable use for which the property is adaptable and needed or likely to be needed in the reasonably near future. (Uniform Appraisal Standards for Federal Land Acquisitions)

Investment Value

1. The value of a property to a particular investor or class of investors based on the investor's specific requirements. Investment value may be different from market value because it depends on a set of investment criteria that are not necessarily typical of the market.
2. The value of an asset to the owner or a prospective owner for individual investment or operational objectives.

Lease

A contract in which rights to use and occupy land, space, or structures are transferred by the owner to another for a specified period of time in return for a specified rent.

Leased Fee Interest

The ownership interest held by the lessor, which includes the right to receive the contract rent specified in the lease plus the reversionary right when the lease expires.

Leasehold Interest

The right held by the lessee to use and occupy real estate for a stated term and under the conditions specified in the lease.

Liquidation Value

The most probable price that a specified interest in real property should bring under the following conditions:

1. Consummation of a sale within a short time period.
2. The property is subjected to market conditions prevailing as of the date of valuation.
3. Both the buyer and seller are acting prudently and knowledgeably.
4. The seller is under extreme compulsion to sell.
5. The buyer is typically motivated.
6. Both parties are acting in what they consider to be their best interests.
7. A normal marketing effort is not possible due to the brief exposure time.

8. Payment will be made in cash in U.S. dollars (or the local currency) or in terms of financial arrangements comparable thereto.
9. The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

This definition can also be modified to provide for valuation with specified financing terms.

Marketing Time

An opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal.

Market Value

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- buyer and seller are typically motivated;
- both parties are well informed or well advised, and acting in what they consider their own best interests;
- a reasonable time is allowed for exposure in the open market;
- payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Prospective Opinion of Value

A value opinion effective as of a specified future date. The term does not define a type of value. Instead, it identifies a value opinion as being effective at some specific future date. An opinion of value as of a prospective date is frequently sought in connection with projects that are proposed, under construction, or under conversion to a new use, or those that have not yet achieved sellout or a stabilized level of long-term occupancy.

Definition of Aggregate of Retail Values

The sum of the separate and distinct market value opinions for each of the units in a condominium, subdivision development, or portfolio of properties, as of the date of valuation. The aggregate of retail values does not represent the value of all the units as though sold together in a single transaction; it is simply the total of the individual market value conclusions.

Bulk Sale

The sale of multiple parcels of real estate to one buyer in one transaction. A bulk sale may include dissimilar properties in different locations or a group of lots or units in the same project. Typically, the bulk sale price is less than the sum of the values of the individual parcels.

Bulk Value

The value of multiple units, subdivided plots, or properties in a portfolio as though sold together in a single transaction.

Development Procedure

In land valuation, a technique for valuing undeveloped acreage that involves discounting the cost of development and the probable proceeds from the sale of developed sites.

(Source: The Dictionary of Real Estate Appraisal, Sixth Edition, Appraisal Institute, Chicago, Illinois, 2015)

Subdivision Development Method

A method of estimating land value when subdivision and developing a parcel of land is the highest and best use of that land. When all direct and indirect costs and entrepreneurial incentive are deducted from an estimate of the anticipated gross sales price of the finished lots (or the completed improvements on those lots), the resultant net sales proceeds are then discounted to present value at a market-derived rate over the development and absorption period to indicate the value of the land.

(Source: The Dictionary of Real Estate Appraisal, Sixth Edition, Appraisal Institute, Chicago, Illinois, 2015)

Allocation Method

1) The process of separating the contributory value of a component or part of an asset from the total value of the asset. 2) A method of estimating land value in which sales of improved properties are analyzed to establish a typical ratio of land value to total property value and this ratio is applied to the property being appraised or the comparable sale being analyzed.”

(Source: The Dictionary of Real Estate Appraisal, Sixth Edition, Appraisal Institute, Chicago, Illinois, 2015)

Extraction

1) A method of estimating land value in which the depreciated cost of the improvements on an improved property is calculated and deducted from the total sale price to arrive at an estimated sale price for the land. 2) A method of deriving capitalization rates from property sales when sale price and net operating income are known.

(Source: The Dictionary of Real Estate Appraisal, Sixth Edition, Appraisal Institute, Chicago, Illinois, 2015)

Residual

The quantity left over; in appraising, a term used to describe the results of an appraisal procedure in which known components of value are accounted for, thus solving for the quantity that is left over, such as land residual or building residual.

- (d) The proceeds from the issuance and sale of the Contract Revenue Bonds shall be deposited in accordance with the Indenture.

Section 2.02. Agreements. In consideration of the mutual promises and covenants set forth herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City, the MMD, and the Developer agree that the foregoing recitals, as applicable to each, are true and correct and further make the agreements set forth herein.

ARTICLE III FUNDING

Section 3.01. Reimbursements.

- (a) The MMD shall reimburse the Developer for the Budgeted Cost(s) of the Phase #1A Improvements, from the proceeds of the Contract Revenue Bonds, which Contract Revenue Bonds are secured by payments to be made by the City to the MMD pursuant to the Interlocal Agreement. Payments by the City under the Interlocal Agreement shall be made from amounts on deposit within the Phase #1A Assessment Fund for the payment of cost(s) of the Phase #1A Improvements as provided in the Interlocal Agreement. The Developer agrees and acknowledges that it is responsible for all Actual Costs, Cost Overruns, except to the extent as provided for in Section 4.04 below, and all expenses related to the Phase #1A Improvements.

- (b) The obligation of owners of Phase #1A Assessed Property within the District, including the Developer to the extent it owns any Phase #1A Assessed Property in the District, to pay Assessments is not in any way dependent on the availability of amounts in the Phase #1A Improvements Account of the Project Fund or the Phase #1A Assessment Fund to make payments under the Interlocal Agreement, or otherwise available from other sources, including the net proceeds of the Contract Revenue Bonds, to pay for all or any portion of the Actual Cost(s) of the Phase #1A Improvement hereunder.

- (e) The Developer acknowledges that some funds may not be immediately available for reimbursement for Actual Costs of the Phase #1A Improvements submitted and approved with an approved Certification for Payment. The Parties hereto acknowledge that these remaining amounts will be disbursed, to the extent of available monies in the Project Fund under the terms of the Indenture, as money is deposited into the Project Fund for the payment of such Costs. Both Parties acknowledge that the availability of funds in the Project Fund does not relieve the Developer from its responsibility to construct or ensure the construction of the Phase #1A Improvements
- (f) The MMD shall not be required to make any payment to the Developer under this Agreement unless all of the following conditions are met: (1) the Developer is current on all Phase #1A Assessments and the payment of all taxes, assessments, fees and other obligations to the MMD; (2) the Developer is not in default under this Agreement, the Development Agreement or a Developer Continuing Disclosure Agreement; and (3) the City has inspected and approved any portion of Phase #1A Improvements for which the Developer seeks reimbursement.

Section 4.05. Contracts and Change Orders. The Developer shall be responsible for entering into all contracts and any supplemental agreements (herein referred to as “change orders”) required for the construction of the Phase #1A Improvements. The Developer may approve and implement any change orders, even if such change order would increase the Cost of a Phase #1A Improvement, but the Developer shall be solely responsible for payment of any Cost Overruns resulting from such change orders, except for amounts available and approved pursuant to Section 4.04.

Section 5.02. Payment Requests for the Phase #1A Improvements.

- (a) No payment hereunder shall be made from the Project Fund for a Phase #1A Improvement (or its completed segment or phase thereof), until a Certification for Payment is received from the Developer for work with respect to a Phase #1A Improvement (or its completed segment or phase thereof) and approved for payment by the City and the MMD. Upon receipt of a Certification for Payment, substantially in the form of **Exhibit C** hereto (along with all accompanying documentation required by the City and the MMD from the Developer, the City Inspector (for a Phase #1A Improvement to be conveyed to the City by the MMD after conveyance thereto) shall conduct a review in order to confirm that such request is complete, to confirm that the work with respect to such Phase #1A Improvement identified therein for which payment is requested was performed in accordance with all applicable governmental laws, rules and regulations and applicable Plans therefor and with the terms of this Agreement and the Development Agreement, and to verify and approve the Actual Cost of such work specified in such Certification for Payment (collectively, the “Developer Compliance Requirements”), and shall, upon the conclusion of the review,

forward the request to the City Representative. The City Inspector and/or City Representative shall also conduct such review as is required in his discretion to confirm the matters certified in the Certification for Payment. The Developer agrees to cooperate with the City Inspector and/or City Representative in conducting each such review and to provide the City Inspector and/or City Representative with such additional information and documentation as is reasonably necessary for the City Inspector and/or City Representative to conclude each such review.

- (b) Within fifteen (15) business days of receipt of any Certification for Payment, the City Representative shall either (i) approve and execute the Certification for Payment and forward the Certification for Payment to the MMD Representative who shall forward it to the Trustee for payment in accordance with the provisions of Section 5.03 hereof, or (ii) in the event the City Representative disapproves the Certification for Payment, give written notification to the Developer of the City Representative's disapproval, in whole or in part, of such Certification for Payment, specifying the reasons for such disapproval and the additional requirements to be satisfied for approval of such Certification for Payment. If a Certification for Payment seeking reimbursement is approved only in part, the City Representative shall specify the extent to which the Certification for Payment is approved and shall deliver such partially approved Certification for Payment to the MMD Representative who shall forward it to the Trustee for payment in accordance with the provisions of Section 5.03 hereof, and any such partial work shall be processed for payment under Section 5.03, notwithstanding such partial denial.
- (c) If the City Representative denies or partially denies the Certification for Payment, the denial must be in writing delivered to the Developer, stating the reason(s) for denial. The denial may be appealed to the City Council by the Developer in writing within 30 days of being denied by the City Representative. Denial of the Certification for Payment by the City Council shall be attempted to be resolved by half-day mediation between the parties in the event an agreement is not otherwise reached by the parties, with the mediator's fee being paid by Developer. The Certification for Payment shall not be forwarded by the City Representative to the MMD Representative or the Trustee, as applicable, for payment until the dispute is resolved by the City and the Developer. Upon approval of a previously denied or partially denied Certificate for Payment, the approved portions of such Certificate for Payment shall be forwarded to the MMD Representative for approval and subsequent submission to the Trustee for payment in accordance with the provisions of Section 5.02(b) hereof.

Section 5.03. Payment for Phase #1A Improvement.

- (a) The City shall forward each reviewed and approved Certification for Payment, as evidence by the signature of the City Representative to the MMD Representative who shall approve

such Certification for Payment, and forward it to the Trustee with instructions to make payment: (i) first, from the Phase #1A Improvements Account until the funds on deposit therein have been expended, and (ii) thereafter, from funds on deposit in the Phase #1A Developer Improvement Account, for such approved Certification for Payment pursuant to the terms of the Certification for Payment, in an amount not to exceed the Budgeted Cost(s), except as provided for in Section 4.04. In the event of any conflict between this provision and Section 6.5 of the Indenture, Section 6.5 of the Indenture shall control.

- (b) Notwithstanding any other provisions of this Agreement, the Trustee, shall make payment directly to the person or entity specified by the Developer in an approved Certification for Payment, including: (1) a general contractor or supplier of materials or services or jointly to Developer (or any permitted assignee of such Developer) and the general contractor or supplier of materials or services, as indicated in an approved Certification for Payment; (2) to the Developer or any assignee of the Developer if an unconditional lien release is attached to such Certification for Payment; and, (3) to the Developer, or to the third party contractor directly, at Developer's request as specified in the Certification for Payment, in the event the Developer provides a general contractor's or suppliers of materials unconditional lien release for a portion of the work covered by the Developer or any assignee of the Developer to the extent of such lien release. Neither the MMD, the MMD Representative, nor the City, City Council, City Manager, or City Representative shall have any liability for relying on the accuracy of the payee information in any Certification for Payment as presented by the Developer or its assignees.

- (c) Withholding Payments.

Nothing in this Agreement shall be deemed to prohibit the Developer or the City from contesting in good faith the validity or amount of any mechanic's or materialman's lien and/or judgment nor limit the remedies available to the Developer or the City with respect thereto, including the withholding of any payment that may be associated with the exercise of any such remedy, so long as such delay in performance shall not subject the Phase #1A Improvements to foreclosure, forfeiture, or sale. In the event that any such mechanics or materialman's lien and/or judgment with respect to any Phase #1A Improvement is contested, the Developer shall post or cause delivery of a surety bond in the amount determined by the City or City may decline to accept the Phase #1A Improvement until such mechanics or materialman's lien and/or judgment is satisfied.

The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's clean title or use and enjoyment of any part of the property or easement covered by the preliminary title report. In the event the City does not approve the preliminary title report, the City shall not be obligated to accept title to the Phase #1A Improvement until the Developer has cured such objections to title to the satisfaction of the City.

Section 6.02. Phase #1A Improvement Constructed on City Land or Developer Land. If the Phase #1A Improvement is on land owned by the City, the City hereby grants to the Developer a license to enter upon such land for purposes related to construction (and maintenance pending acquisition and acceptance) of the Phase #1A Improvement. If the Phase #1A Improvement is on land owned by the Developer, the Developer hereby grants to the City an easement to enter upon such land for purposes related to inspection and maintenance (pending acquisition and acceptance) of the Phase #1A Improvement. The grant of the permanent easement shall not relieve the Developer of any obligation to grant the City title to property and/or easements related to the Phase #1A Improvement as required by the Development Agreement or as should in the City's reasonable judgment be granted to provide for convenient access to and routine and emergency maintenance of such Phase #1A Improvement. The provisions for inspection and acceptance of such Phase #1A Improvement otherwise provided herein shall apply.

Section 7.04. Indemnification and Hold Harmless. THE DEVELOPER SHALL INDEMNIFY AND HOLD HARMLESS THE INSPECTORS;, THE CITY, ITS OFFICIALS,

EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS; AND THE MMD, ITS OFFICIALS, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN “INDEMNIFIED PARTY”), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE DEVELOPER; (II) THE NEGLIGENT DESIGN, ENGINEERING, AND/OR CONSTRUCTION BY THE DEVELOPER OR ANY ARCHITECT, ENGINEER OR CONTRACTOR HIRED BY THE DEVELOPER OF ANY OF THE PHASE #1A IMPROVEMENTS ACQUIRED FROM THE DEVELOPER HEREUNDER; (III) THE DEVELOPER’S NONPAYMENT UNDER CONTRACTS BETWEEN THE DEVELOPER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS IN THE PROVISION OF THE PHASE #1A IMPROVEMENTS; (IV) ANY CLAIMS OF PERSONS EMPLOYED BY THE DEVELOPER OR ITS AGENTS TO CONSTRUCT THE PHASE #1A IMPROVEMENTS; OR (V) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING BUT NOT LIMITED TO DEVELOPER’S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEEES AND/OR TRUSTEES, REGARDING OR RELATED TO THE PHASE #1A IMPROVEMENTS OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE PHASE #1A IMPROVEMENTS, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE SOLE OR PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE “CLAIMS”). The MMD agrees not to take any action or direct the Trustee to take any action to expend, disburse or encumber the money held in the Project Fund and any money to be transferred thereto for any purpose other than the purposes permitted by the Indenture. Prior to the acceptance of all the Phases #1A Improvements, the MMD agrees not to modify or supplement the Indenture without the approval of the Developer if as a result or as a consequence of such modification or supplement: (a) the amount of money that would otherwise have been available under the Indenture for disbursement for the Costs of the Phase #1A Improvements is reduced, delayed or deferred, (b) the obligations or liabilities of the Developer are or may be substantially increased or otherwise adversely affected in any manner, or (c) the rights of the Developer are or may be modified, limited, restricted or otherwise substantially adversely affected in any manner.

Section 7.06. No Reduction of Assessments. The City and the Developer agree not to take any action or actions to reduce the total amount of such Assessments to be levied as of the effective date of this Agreement.

ARTICLE VIII TERMINATION

Section 8.01. Mutual Consent. This Agreement may be terminated by the mutual, written consent of the City, the MMD, and the Developer, in which event the MMD and the City may either execute contracts for or perform any remaining work related to the Phase #1A Improvements not accepted by the MMD or the City or other appropriate entity and use all or any portion of funds on deposit in the Project Fund or other amounts transferred to the Project Fund under the terms of the Indenture to pay for same, and the Developer shall have no claim or right to any further payments for the Cost(s) of a Phase #1A Improvement hereunder, except as otherwise may be provided in such written consent.

Section 8.02. City's Election for Cause.

(a) The City, upon notice to Developer and the MMD and the passage of the cure period identified in subsection (b) below, may terminate this Agreement, without the consent of the Developer and the MMD if the Developer or the MMD shall breach any material covenant or default in the performance of any material obligation hereunder.

(b) If any such event described in Section 8.02(a) occurs, the City shall give written notice of its knowledge of such event to the Developer and the MMD, and the Developer agrees to promptly meet and confer with the City Inspector and other appropriate City staff and consultants as to options available to assure timely completion, subject to the terms of this Agreement, of the Phase #1A Improvements. Such options may include, but not be limited to, the termination of this Agreement by the City. If the City elects to terminate this Agreement, the City shall first notify the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice) and the MMD of the grounds for such termination and allow the Developer and the MMD a minimum of 45 days to eliminate or to mitigate to the satisfaction of the City the grounds for such termination. Such period may be extended, at the sole discretion of the City, if the Developer and the MMD, to the reasonable satisfaction of the City, is proceeding with diligence to eliminate or mitigate such grounds for termination. If at the end of such period (and any extension thereof), as determined reasonably by the City, the Developer and the MMD have not eliminated or completely mitigated such grounds to the satisfaction of the City, the City may then terminate this Agreement. In the event of the termination of this Agreement, the Developer is entitled to payment for work accepted by the City related to a Phase #1A Improvement only as provided for under the terms of an indenture and this Agreement prior to the termination date of this Agreement. Notwithstanding the foregoing, so long as the Developer has breached any material covenant or defaulted in the performance of any material obligation hereunder, notice of which has been given by the City to the Developer and the MMD, and such event has not been cured or otherwise eliminated by the Developer, the City may in its discretion cause the trustee to cease making payments for the Actual Costs of Phase #1A Improvements, provided that the Developer shall receive payment of the Actual Costs of any Phase #1A Improvements that were accepted by the City at the time of the occurrence of such breach or default by the Developer upon submission of the documents and compliance with the other applicable requirements of this Agreement, the Indenture, and the Development Agreement.

(c) If this Agreement is terminated by the MMD and the City for cause, the MMD and the City may either execute contracts for or perform any remaining work related to the Phase #1A Improvements not accepted by the MMD or the City and the MMD may use all or any portion of the funds on deposit in the Project Fund or other amounts transferred to the Project Fund and the Developer shall have no claim or right to any further payments for the Phase #1A Improvements hereunder, except as otherwise may be provided upon the mutual written consent of the City, the MMD, and the Developer or as provided for in the Phase #1A Reimbursement Agreement. The MMD and the City shall have no obligation to perform any work related to a Phase #1A

Improvement or to incur any expense or cost in excess of the remaining balance of the Project Fund.

Section 8.03. Termination Upon Redemption or Defeasance of Bonds. This Agreement will terminate automatically and with no further action by the MMD, the City or the Developer upon the redemption or defeasance of all outstanding Contract Revenue Bonds issued under the Indenture.

Section 8.04. Construction of the Phase #1A Improvements Upon Termination of this Agreement. Notwithstanding anything to the contrary contained herein, upon the termination of this Agreement pursuant to this Article VIII, the Developer shall perform its obligations with respect to the Phase #1A Improvements in accordance with this Agreement and the Development Agreement.

Section 8.05. Force Majeure. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to Force Majeure, to perform its obligations under this Agreement, then the obligations affected by the Force Majeure shall be temporarily suspended. Within fifteen (15) business days after the occurrence of a Force Majeure, the Party claiming the right to temporarily suspend its performance, shall give notice to all the Parties, including a detailed explanation of the Force Majeure and a description of the action that will be taken to remedy the Force Majeure and resume full performance at the earliest possible time.

ARTICLE IX MISCELLANEOUS

Section 9.01. Limited Liability of City and MMD. The Developer agrees that any and all obligations of each of the City and the MMD arising out of or related to this Agreement are special obligations of the City and the MMD, and the MMD's obligations to make any payments hereunder are restricted entirely to the monies, in the Project Fund and, subject in all respects to Article III hereof, from no other source. Neither the MMD, the MMD Representative, nor any other MMD officer, official, or agent or City, the City Inspector, the City Representative, nor any other City employee, officer, official, or agent shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of their actions hereunder or execution hereof.

The obligations, requirements, or covenants of this Agreement shall be able to be assigned to an affiliate or related entity of the Developer, or any lien holder on the Property, without prior written consent of the City or the MMD. The obligations, requirements, or covenants of this Agreement shall not be assigned by the Developer to a non-affiliate or non-related entity of the Developer without prior written consent of the City Manager and the MMD, except pursuant to a collateral assignment to any person or entity providing financing to the Developer for the Developer for a Phase #1A Improvement, provided such person or entity expressly agrees to assume all obligations of the Developer hereunder if there is a default under such financing and such Person elects to complete the Phase #1A Improvement. In connection with any consent of the City or the MMD, the City and the MMD may condition their respective consent upon the acceptability of the financial condition of the proposed assignee, upon the assignee's express assumption of all obligations of the Developer hereunder and/or upon any other reasonable factor which the City or the MMD deems relevant in the circumstances. In any event, any such assignment shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned.

Section 9.06. Other Agreements. The obligations of the Developer hereunder shall be those of a Party hereto and not as an owner of property in the District. Nothing herein shall be construed as affecting the MMD's, the City's or the Developer's rights or duties to perform their respective obligations under other agreements, use regulations, ordinances or subdivision requirements relating to the development of the lands in the District, including the applicable Construction Contracts and the Development Agreement. To the extent there is a conflict between this Agreement and the Development Agreement, the Development Agreement shall control. To the extent there is a conflict between this Agreement, and the Indenture, the Indenture shall control.

Section 9.07. Waiver. Failure by a Party to insist upon the strict performance of any of the provisions of this Agreement by any other Party, or the failure by a Party to exercise its rights upon the default of any other Party, shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the terms of this Agreement thereafter.

Section 9.08. Merger. No other agreement, statement or promise made by any Party or any employee, officer or agent of any Party with respect to any matters covered hereby that is not in writing and signed by all the Parties to this Agreement shall be binding.

ARTICLE III FUNDING

Section 3.01. Reimbursements.

- (a) The MMD shall reimburse the Developer for the Budgeted Cost(s) of the Phase #1B Improvements, from the proceeds of the Contract Revenue Bonds, which Contract Revenue Bonds are secured by payments to be made by the City to the MMD pursuant to the Interlocal Agreement. - (e) The Developer acknowledges that some funds may not be immediately available for reimbursement for Actual Costs of the Phase #1B Improvements submitted and approved with an approved Certification for Payment. The Parties hereto acknowledge that these remaining amounts will be disbursed, to the extent of available monies in the Project Fund under the terms of the Indenture, as money is deposited into the Project Fund for the payment of such Costs. - (f) The MMD shall not be required to make any payment to the Developer under this Agreement unless all of the following conditions are met: (1) the Developer is current on all Phase #1B Assessments and the payment of all taxes, assessments, fees and other obligations to the MMD; (2) the Developer is not in default under this Agreement, the Development Agreement or a Developer Continuing Disclosure Agreement; and (3) the City has inspected and approved any portion of Phase #1B Improvements for which the Developer seeks reimbursement.

- (a) The City shall forward each reviewed and approved Certification for Payment, as evidence by the signature of the City Representative to the MMD Representative who shall approve

such Certification for Payment, and forward it to the Trustee with instructions to make payment: (i) first, from the Phase #1B Improvements Account until the funds on deposit therein have been expended, and (ii) thereafter, from funds on deposit in the Phase #1B Developer Improvement Account, for such approved Certification for Payment pursuant to the terms of the Certification for Payment, in an amount not to exceed the Budgeted Cost(s), except as provided for in Section 4.04. In the event of any conflict between this provision and Section 6.5 of the Indenture, Section 6.5 of the Indenture shall control.

- (b) Notwithstanding any other provisions of this Agreement, the Trustee, shall make payment directly to the person or entity specified by the Developer in an approved Certification for Payment, including: (1) a general contractor or supplier of materials or services or jointly to Developer (or any permitted assignee of such Developer) and the general contractor or supplier of materials or services, as indicated in an approved Certification for Payment; (2) to the Developer or any assignee of the Developer if an unconditional lien release is attached to such Certification for Payment; and, (3) to the Developer, or to the third party contractor directly, at Developer's request as specified in the Certification for Payment, in the event the Developer provides a general contractor's or suppliers of materials unconditional lien release for a portion of the work covered by the Developer or any assignee of the Developer to the extent of such lien release. Neither the MMD, the MMD Representative, nor the City, City Council, City Manager, or City Representative shall have any liability for relying on the accuracy of the payee information in any Certification for Payment as presented by the Developer or its assignees.
- (c) Withholding Payments.

Nothing in this Agreement shall be deemed to prohibit the Developer or the City from contesting in good faith the validity or amount of any mechanic's or materialman's lien and/or judgment nor limit the remedies available to the Developer or the City with respect thereto, including the withholding of any payment that may be associated with the exercise of any such remedy, so long as such delay in performance shall not subject the Phase #1B Improvements to foreclosure, forfeiture, or sale. In the event that any such mechanics or materialman's lien and/or judgment with respect to any Phase #1B Improvement is contested, the Developer shall post or cause delivery of a surety bond in the amount determined by the City or City may decline to accept the Phase #1B Improvement until such mechanics or materialman's lien and/or judgment is satisfied.

ARTICLE VI OWNERSHIP AND TRANSFER OF PHASE #1B IMPROVEMENT

Section 6.01. Phase #1B Improvement to be Owned by the City – Title Evidence. The Developer shall furnish to the City a preliminary title report for land with respect to the Phase #1B Improvements, including any related rights-of-way, easements, and open spaces if any, to be

acquired and accepted by the City from the MMD after conveyance of such Phase #1B Improvements to the MMD by the Developer and not previously dedicated or otherwise conveyed to the City by the MMD after conveyance to the MMD by the Developer, for review and approval at least 30 calendar days prior to the transfer of title of a Phase #1B Improvement to the City. The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's clean title or use and enjoyment of any part of the property or easement covered by the preliminary title report. In the event the City does not approve the preliminary title report, the City shall not be obligated to accept title to the Phase #1B Improvement until the Developer has cured such objections to title to the satisfaction of the City.

Section 6.02. Phase #1B Improvement Constructed on City Land or Developer Land. If the Phase #1B Improvement is on land owned by the City, the City hereby grants to the Developer a license to enter upon such land for purposes related to construction (and maintenance pending acquisition and acceptance) of the Phase #1B Improvement. If the Phase #1B Improvement is on land owned by the Developer, the Developer hereby grants to the City an easement to enter upon such land for purposes related to inspection and maintenance (pending acquisition and acceptance) of the Phase #1B Improvement. The grant of the permanent easement shall not relieve the Developer of any obligation to grant the City title to property and/or easements related to the Phase #1B Improvement as required by the Development Agreement or as should in the City's reasonable judgment be granted to provide for convenient access to and routine and emergency maintenance of such Phase #1B Improvement. The provisions for inspection and acceptance of such Phase #1B Improvement otherwise provided herein shall apply.

Section 7.04. Indemnification and Hold Harmless. THE DEVELOPER SHALL INDEMNIFY AND HOLD HARMLESS THE INSPECTORS;, THE CITY, ITS OFFICIALS,

EMPLOYEES, OFFICERS, REPRESENTATIVES AND AGENTS; AND THE MMD, ITS OFFICIALS, OFFICERS, REPRESENTATIVES AND AGENTS (EACH AN “INDEMNIFIED PARTY”), FROM AND AGAINST ALL ACTIONS, DAMAGES, CLAIMS, LOSSES OR EXPENSE OF EVERY TYPE AND DESCRIPTION TO WHICH THEY MAY BE SUBJECTED OR PUT: (I) BY REASON OF, OR RESULTING FROM THE BREACH OF ANY PROVISION OF THIS AGREEMENT BY THE DEVELOPER; (II) THE NEGLIGENT DESIGN, ENGINEERING, AND/OR CONSTRUCTION BY THE DEVELOPER OR ANY ARCHITECT, ENGINEER OR CONTRACTOR HIRED BY THE DEVELOPER OF ANY OF THE PHASE #1B IMPROVEMENTS ACQUIRED FROM THE DEVELOPER HEREUNDER; (III) THE DEVELOPER’S NONPAYMENT UNDER CONTRACTS BETWEEN THE DEVELOPER AND ITS CONSULTANTS, ENGINEERS, ADVISORS, CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS IN THE PROVISION OF THE PHASE #1B IMPROVEMENTS; (IV) ANY CLAIMS OF PERSONS EMPLOYED BY THE DEVELOPER OR ITS AGENTS TO CONSTRUCT THE PHASE #1B IMPROVEMENTS; OR (V) ANY CLAIMS AND SUITS OF THIRD PARTIES, INCLUDING BUT NOT LIMITED TO DEVELOPER’S RESPECTIVE PARTNERS, OFFICERS, DIRECTORS, EMPLOYEES, REPRESENTATIVES, AGENTS, SUCCESSORS, ASSIGNEES, VENDORS, GRANTEEES AND/OR TRUSTEES, REGARDING OR RELATED TO THE PHASE #1B IMPROVEMENTS OR ANY AGREEMENT OR RESPONSIBILITY REGARDING THE PHASE #1B IMPROVEMENTS, INCLUDING CLAIMS AND CAUSES OF ACTION WHICH MAY ARISE OUT OF THE SOLE OR PARTIAL NEGLIGENCE OF AN INDEMNIFIED PARTY (THE “CLAIMS”). NOTWITHSTANDING THE FOREGOING, NO INDEMNIFICATION IS GIVEN HEREUNDER FOR ANY ACTION, DAMAGE, CLAIM, LOSS OR EXPENSE DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE DIRECTLY ATTRIBUTABLE TO THE WILLFUL MISCONDUCT OF ANY INDEMNIFIED PARTY, DEVELOPER IS EXPRESSLY REQUIRED TO DEFEND CITY AND MMD AGAINST ALL SUCH CLAIMS, AND CITY AND MMD ARE REQUIRED TO REASONABLY COOPERATE AND ASSIST DEVELOPER IN PROVIDING SUCH DEFENSE.

IN ITS REASONABLE DISCRETION, EACH OF THE CITY AND MMD SHALL HAVE THE RIGHT TO APPROVE OR SELECT DEFENSE COUNSEL TO BE RETAINED BY DEVELOPER IN FULFILLING ITS OBLIGATIONS HEREUNDER TO DEFEND AND INDEMNIFY THE INDEMNIFIED PARTIES, UNLESS SUCH RIGHT IS EXPRESSLY WAIVED BY CITY OR MMD IN WRITING. THE INDEMNIFIED PARTIES RESERVE THE RIGHT TO PROVIDE A PORTION OR ALL OF THEIR/ITS OWN DEFENSE, AT THEIR/ITS SOLE COST; HOWEVER, INDEMNIFIED PARTIES ARE UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY AN INDEMNIFIED PARTY IS NOT TO BE CONSTRUED AS A WAIVER OF DEVELOPER’S OBLIGATION TO DEFEND INDEMNIFIED PARTIES OR AS A WAIVER OF DEVELOPER’S OBLIGATION TO INDEMNIFY INDEMNIFIED PARTIES, PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN CITY-APPROVED OR MMD-APPROVED DEFENSE COUNSEL WITHIN SEVEN (7) BUSINESS

DAYS OF WRITTEN NOTICE FROM AN INDEMNIFIED PARTY THAT IT IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN SUCH TIME PERIOD, INDEMNIFIED PARTIES SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON ITS OWN BEHALF, AND DEVELOPER SHALL BE JOINTLY AND SEVERALLY LIABLE FOR ALL REASONABLE COSTS INCURRED BY INDEMNIFIED PARTIES.

THIS SECTION 7.04 SHALL SURVIVE THE TERMINATION OF THIS AGREEMENT.

THE PARTIES AGREE AND STIPULATE THAT THIS INDEMNIFICATION COMPLIES WITH THE CONSPICUOUSNESS REQUIREMENT AND THE EXPRESS NEGLIGENCE TEST, AND IS VALID AND ENFORCEABLE AGAINST THE DEVELOPER.

Section 7.05. Use of Monies by MMD. . The MMD agrees not to take any action or direct the Trustee to take any action to expend, disburse or encumber the money held in the Project Fund and any money to be transferred thereto for any purpose other than the purposes permitted by the Indenture. Prior to the acceptance of all the Phases #1B Improvements, the MMD agrees not to modify or supplement the Indenture without the approval of the Developer if as a result or as a consequence of such modification or supplement: (a) the amount of money that would otherwise have been available under the Indenture for disbursement for the Costs of the Phase #1B Improvements is reduced, delayed or deferred, (b) the obligations or liabilities of the Developer are or may be substantially increased or otherwise adversely affected in any manner, or (c) the rights of the Developer are or may be modified, limited, restricted or otherwise substantially adversely affected in any manner.

Section 7.06. No Reduction of Assessments. The City and the Developer agree not to take any action or actions to reduce the total amount of such Assessments to be levied as of the effective date of this Agreement.

ARTICLE VIII TERMINATION

Section 8.01. Mutual Consent. This Agreement may be terminated by the mutual, written consent of the City, the MMD, and the Developer, in which event the MMD and the City may either execute contracts for or perform any remaining work related to the Phase #1B Improvements not accepted by the MMD or the City or other appropriate entity and use all or any portion of funds on deposit in the Project Fund or other amounts transferred to the Project Fund under the terms of the Indenture to pay for same, and the Developer shall have no claim or right to any further payments for the Cost(s) of a Phase #1B Improvement hereunder, except as otherwise may be provided in such written consent.

Section 8.02. City's Election for Cause.

(a) The City, upon notice to Developer and the MMD and the passage of the cure period identified in subsection (b) below, may terminate this Agreement, without the consent of the Developer and the MMD if the Developer or the MMD shall breach any material covenant or default in the performance of any material obligation hereunder.

(b) If any such event described in Section 8.02(a) occurs, the City shall give written notice of its knowledge of such event to the Developer and the MMD, and the Developer agrees to promptly meet and confer with the City Inspector and other appropriate City staff and consultants as to options available to assure timely completion, subject to the terms of this Agreement, of the Phase #1B Improvements. Such options may include, but not be limited to, the termination of this Agreement by the City. If the City elects to terminate this Agreement, the City shall first notify the Developer (and any mortgagee or trust deed beneficiary specified in writing by the Developer to the City to receive such notice) and the MMD of the grounds for such termination and allow the Developer and the MMD a minimum of 45 days to eliminate or to mitigate to the satisfaction of the City the grounds for such termination. Such period may be extended, at the sole discretion of the City, if the Developer and the MMD, to the reasonable satisfaction of the City, is proceeding with diligence to eliminate or mitigate such grounds for termination. If at the end of such period (and any extension thereof), as determined reasonably by the City, the Developer and the MMD have not eliminated or completely mitigated such grounds to the satisfaction of the City, the City may then terminate this Agreement. In the event of the termination of this Agreement, the Developer is entitled to payment for work accepted by the City related to a Phase #1B Improvement only as provided for under the terms of an indenture and this Agreement prior to the termination date of this Agreement. Notwithstanding the foregoing, so long as the Developer has breached any material covenant or defaulted in the performance of any material obligation hereunder, notice of which has been given by the City to the Developer and the MMD, and such event has not been cured or otherwise eliminated by the Developer, the City may in its discretion cause the trustee to cease making payments for the Actual Costs of Phase #1B Improvements, provided that the Developer shall receive payment of the Actual Costs of any Phase #1B Improvements that were accepted by the City at the time of the occurrence of such breach or default by the Developer upon submission of the documents and compliance with the other applicable requirements of this Agreement, the Indenture, and the Development Agreement.

(c) If this Agreement is terminated by the MMD and the City for cause, the MMD and the City may either execute contracts for or perform any remaining work related to the Phase #1B Improvements not accepted by the MMD or the City and the MMD may use all or any portion of the funds on deposit in the Project Fund or other amounts transferred to the Project Fund and the Developer shall have no claim or right to any further payments for the Phase #1B Improvements hereunder, except as otherwise may be provided upon the mutual written consent of the City, the MMD, and the Developer or as provided for in the Phase #1B Reimbursement Agreement. The MMD and the City shall have no obligation to perform any work related to a Phase #1B

Improvement or to incur any expense or cost in excess of the remaining balance of the Project Fund.

Section 8.03. Termination Upon Redemption or Defeasance of Bonds. This Agreement will terminate automatically and with no further action by the MMD, the City or the Developer upon the redemption or defeasance of all outstanding Contract Revenue Bonds issued under the Indenture.

Section 8.04. Construction of the Phase #1B Improvements Upon Termination of this Agreement. Notwithstanding anything to the contrary contained herein, upon the termination of this Agreement pursuant to this Article VIII, the Developer shall perform its obligations with respect to the Phase #1B Improvements in accordance with this Agreement and the Development Agreement.

Section 8.05. Force Majeure. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to Force Majeure, to perform its obligations under this Agreement, then the obligations affected by the Force Majeure shall be temporarily suspended. Within fifteen (15) business days after the occurrence of a Force Majeure, the Party claiming the right to temporarily suspend its performance, shall give notice to all the Parties, including a detailed explanation of the Force Majeure and a description of the action that will be taken to remedy the Force Majeure and resume full performance at the earliest possible time.

ARTICLE IX MISCELLANEOUS

Section 9.01. Limited Liability of City and MMD. The Developer agrees that any and all obligations of each of the City and the MMD arising out of or related to this Agreement are special obligations of the City and the MMD, and the MMD's obligations to make any payments hereunder are restricted entirely to the monies, in the Project Fund and, subject in all respects to Article III hereof, from no other source. Neither the MMD, the MMD Representative, nor any other MMD officer, official, or agent or City, the City Inspector, the City Representative, nor any other City employee, officer, official, or agent shall incur any liability hereunder to the Developer or any other party in their individual capacities by reason of their actions hereunder or execution hereof.

Section 9.02. Audit. The MMD, the MMD Representative, the City Inspector or a finance officer of the City shall have the right, during normal business hours and upon the giving of three business days' prior written notice to a Developer, to review all books and records of the Developer pertaining to Costs and expenses incurred by the Developer only with respect to any of the Phase #1B Improvements and any bids taken or received for the construction thereof or materials therefor.

Section 9.04. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent possible.

Any receivables due under this Agreement may be assigned by the Developer without the consent of, but upon written notice to the City and the MMD pursuant to Section 9.03 of this Agreement. The obligations, requirements, or covenants of this Agreement shall be able to be assigned to an affiliate or related entity of the Developer, or any lien holder on the Property, without prior written consent of the City or the MMD. The obligations, requirements, or covenants of this Agreement shall not be assigned by the Developer to a non-affiliate or non-related entity of the Developer without prior written consent of the City Manager and the MMD, except pursuant to a collateral assignment to any person or entity providing financing to the Developer for the Developer for a Phase #1B Improvement, provided such person or entity expressly agrees to assume all obligations of the Developer hereunder if there is a default under such financing and such Person elects to complete the Phase #1B Improvement. In connection with any consent of the City or the MMD, the City and the MMD may condition their respective consent upon the acceptability of the financial condition of the proposed assignee, upon the assignee's express assumption of all obligations of the Developer hereunder and/or upon any other reasonable factor which the City or the MMD deems relevant in the circumstances. In any event, any such assignment shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned.

Section 9.06. Other Agreements. The obligations of the Developer hereunder shall be those of a Party hereto and not as an owner of property in the District. Nothing herein shall be construed as affecting the MMD's, the City's or the Developer's rights or duties to perform their respective obligations under other agreements, use regulations, ordinances or subdivision requirements relating to the development of the lands in the District, including the applicable Construction Contracts and the Development Agreement. To the extent there is a conflict between this Agreement and the Development Agreement, the Development Agreement shall control. To the extent there is a conflict between this Agreement and the Phase #1B Reimbursement Agreement, the Phase #1B Reimbursement Agreement shall control. To the extent there is a conflict between this Agreement, and the Indenture, the Indenture shall control.

Section 9.07. Waiver. Failure by a Party to insist upon the strict performance of any of the provisions of this Agreement by any other Party, or the failure by a Party to exercise its rights upon the default of any other Party, shall not constitute a waiver of such Party's right to insist and demand strict compliance by such other Party with the terms of this Agreement thereafter.

Section 9.08. Merger. No other agreement, statement or promise made by any Party or any employee, officer or agent of any Party with respect to any matters covered hereby that is not in writing and signed by all the Parties to this Agreement shall be binding.

Section 9.09. Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the Parties hereto any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof, and all covenants, conditions, promises and

agreements in this Agreement contained by or on behalf of the Parties shall be for the sole and exclusive benefit of the Parties.

Section 9.10. Amendment. This Agreement may be amended upon Agreement of the Parties, from time to time in a manner consistent with the PID Act and the MMD Act, in writing hereto and executed in counterparts, each of which shall be deemed an original.

Section 9.13. Term. The term of this Agreement, other than the provisions contained in Section 7.02, which shall survive the termination of this Agreement, shall be thirty (30) years or the later of the date on which all amounts under the Phase #1B Reimbursement Agreement have been paid upon the redemption or defeasance of all outstanding Contract Revenue Bonds issued under the Indenture.

Section 9.14. No Waiver of Powers or Immunity. Each of the City and the MMD does not waive or surrender any of its governmental powers, immunities, or rights except as necessary to allow Developer to enforce its remedies under this Agreement.

Section 9.15. No Boycott Israel. The Developer understands "affiliate" to mean an entity that controls, is controlled by, or is under common control with the Developer and exists to make a profit.

Commercial Site Plan

Project Overview

The Subject Property comprises a series of commercial parcels on the western portion of the Dynavest tract that will include retail, office, and other potential uses. These commercial parcels are shown in purple on the site plan and total 276 acres. These parcels represent a logical location for commercial development since they are situated along the future expansion of Dallas North Tollway, offering a high traffic and highly visible regional location in the future. The commercial parcels will also be supported by the significant for sale and apartment development planned for the Subject Property.

Site Photos

Project Overview

The Dynavest tract offers an attractive rolling topography and desirable natural setting. With significant frontage along the future extension of the Dallas North Tollway (frontage roads in place by August 2022), the Dynavest tract will offer excellent access and visibility. The site offers a rolling topography and natural setting that is preserved down the spine of the property (between development sections to the east and west). No negative site conditions were noted during our fieldwork.

Key Findings

Summary of Key Conclusions (For Sale Housing)

Key Findings

The following bullet points summarize the key findings from our research:

- **Our analysis indicates a strong opportunity exists for the development of the Subject Property.** This is based on several factors:
 - ✓ Strong demand for new homes in the CMA with nearly 4,000 annual starts (up 31% YOY) and 3,200 annual closings (up 29% YOY).
 - ✓ Established strong demand at large-scale MPCs in the CMA (Sutton Fields and Light Farms).
 - ✓ Unique ability to introduce 40' wide lot product that can mitigate the impact of rising home prices in the CMA and DFW.
 - ✓ Recommended price points that target the core of the new home market in the CMA (\$300,000 to \$500,000 – 53% of starts).
 - ✓ Ability to fill the expected demand void as communities in the CMA build-out (Sutton Field, Light Farms, etc.).
 - ✓ Vacant developed lot supply levels in the CMA (13.5 months) are significantly constrained (equilibrium is 20 to 24 months).
 - ✓ High-volume builder partners should result in top of market absorption for the Subject Property.
- **The Subject Property could face some potential headwinds as well.** Challenges that will need to be mitigated include:
 - ✓ Local services near the Subject Property remain limited. While this will evolve over time, residents in the area currently must drive 13 miles to larger format shopping options. Mitigating factor is a Brookshire's grocery store is less than five miles away.
 - ✓ While current supply levels in the CMA are constrained, an additional 44,400 future platted lots exist in the CMA (Celina and Prosper ISDs). While these lots are not under active development, supply conditions will need to be monitored.
 - ✓ Internal competition for sales will be strong at the Subject Property with between four and seven builders concurrently selling homes on each lot size. Adequate product and price segmentation will be needed to minimize internal cannibalization of sales.
- **Based on the proposed lot sizes, our concluded base prices for the Subject Property range from \$310,990 to \$485,490 (July 2021 dollars).** In addition to base prices, we estimated that buyers will spend 3.0% of base prices on options and upgrades and 1.0% of base prices on lot premiums to arrive at an average sale price of \$398,629 (\$164/SF). This creates an attractive market position when compared to large-scale communities such as Sutton Fields (\$307,999 to \$515,950), Light Farms (\$390,000 to \$717,000), Green Meadows (\$380,900 to \$649,990), and Cambridge Crossing (\$490,990 to \$654,990).
- **Based upon the proposed lot sizes and our recommended price points, we estimate that the Subject Property could achieve a peak annual absorption pace of 654 homes sold per year.** Our hypothetical build-out of the community occurs over the course of roughly 13 years with a strong mix of product offered throughout much of the lifecycle of the community. At 654 sales per year, the Subject Property would rank as the most active new home community in the Metroplex. As a comparison, the five most active new home communities in the Metroplex started between 507 and 605 homes between 3Q20 and 2Q21. While aggressive, we believe the combination of attractive pricing, high-volume builder partners, established demand in the CMA, and market-wide supply constraints will allow the Subject Property to achieve these absorption levels.

Summary of Key Conclusions (Apartments)

Key Findings

The following are the key findings from our research.

- **Historical conditions and market forecast indicate demand for multifamily units.** This is based on several factors, including:
 - ✓ Positive unit absorption resulting in high occupancies and positive rent growth;
 - ✓ Minimal current apartment stock in the CMA portion of the Frisco submarket;
 - ✓ Demand has typically been strongest for one-bedroom units; and
 - ✓ Continued job growth and development commencing along the Dallas North Tollway and in the Celina area.
- **Based on market conditions, two phases of development are recommended.** The following are the recommended phasing:
 - ✓ Phase I should be delivered in first quarter of 2024 at the earliest and the second phase two years later (any additional phases should be developed afterwards depending on the performance of the first two phases and future pipeline supply).
 - ✓ Building design is recommended as garden-style design with surface parking as well as carports and detached garages.
 - ✓ Phase I: 300 units with sizes ranging from 650 to 1,550 square feet and rent from \$1,412 to \$2,496 per month (\$1.86 per square foot on average).
 - ✓ Phase II: 300 units with sizes ranging from 625 to 1,575 square feet and rent from \$1,395 to \$2,520 per month (\$1.91 per square foot on average). Phase II has smaller units and three-bedroom townhomes.
 - ✓ Estimated average absorption is 30 units per month.
 - ✓ Future phases should come online based on the absorption, stabilization, and performance of the first two phases and market demand.

Summary of Key Conclusions (Retail)

Key Findings

The chart below considers the supportable square footage by retail type and translates that into a realistic buildout for the Celina Dynavest Commercial Core currently and using household growth and income projections through 2036. The recommended retail program equates to a demand for marginal retail demand currently but an additional 145,500 square feet by the end of 2026, an additional +/-259,000 square feet by the end of 2031, and an additional 268,500 square feet by the end of 2036 (total of 673,000 square feet of supportable retail space).

Potential annual lease rates for in-line retail space at Celina Dynavest Commercial Core are estimated to be approximately \$25.00 to \$30.00 per square foot per year on a NNN basis. Anchor tenant lease rates are typically negotiable and dependent on store size, lease duration, and tenant improvement allowances among other variables.

At a building coverage ratio of 30%, a retail development comprising 673,000 square feet would require approximately 51.5 acres of land.

Summary of Key Conclusions (Office)

Key Findings

Our demand model supports absorption of approximately 41,500 square feet of office space at the Subject Project annually over the next 15 years, for a total of 665,000 square feet of leasable office space. Our office demand analysis is based on job growth projections by industry for the Dallas-Ft Worth MSA’s office market which are then refined by applying low and high capture rate estimates for the local submarket and ultimately for the Subject Property. The tables below represent realistic demand (average of low and high capture percentages) for office space annually over the next 15 years. We project that demand for office space increases over time, as the area grows and evolves into an increasingly viable location for future office development.

Potential annual lease rates for office space at Celina Dynavest Commercial Core are estimated to be approximately \$26.00 to \$30.00 per square foot per year. For perspective, lease rates for newly completed office space range from \$24.50 per square foot per year in Prosper to \$27.00 per square foot per year in Celina to \$39.00 per square foot per year in Frisco.

At a building coverage ratio of 40%, an office development comprising 665,000 square feet would require approximately 38.2 acres of land.

Assumptions/ Rationale:

Market: The Plano/ Allen market comprises 5.2% of the total office inventory in the Dallas-Ft Worth MSAs, and current indicators are stronger than the overall capture in terms of office development: annual deliveries over the past five years represent 18.5% of the MSA, and absorption equates to 53% of overall absorption. Over the past two years, deliveries have comprised 11.4% of the MSA and absorption has represented 0.5% of the MSA. Currently the amount of space under construction represents 46.5% of the DFW market, and the submarket is projected to represent 20% of deliveries and 33% of absorption over the next five years. Accordingly, we suggest a strong capture of 20.0% to 30.0% of the overall market over the near term, followed by more moderate capture over time.

Subject: Capture as a percentage of the Plano/ Allen market is minimal in the near term (0.0% to 2.0%), based on the limited office development activity that has occurred to date in and around Celina as well as feedback from commercial brokers that are active in the local market. Capture can increase over time, as the local population grows and complimentary uses are introduced (retail, multifamily) in and around the masterplan.

Absorption Summary

Key Findings

Based upon our analysis, the Subject Property can likely build-out over the course of 15 years. While demand exists today for both the for sale and for rent residential components of the Subject Property, commercial components will need to come online as additional households/rooftops are added both within the Subject Property and in Celina and as infrastructure improvements are completed (i.e. extension of the Dallas North Tollway). Growth or infrastructure delays could negatively impact demand for the commercial components of the Subject Property, pushing out the potential market-entry dates or extending the absorption timelines shown in the table below (particularly as it relates to potential demand for office space). While we project the for rent residential component bringing 300 units to market in 2023 and 2025, this delivery schedule should increase as shown below as the local area continues to evolve and grow.

Footnotes:

- 1) For Sale Residential: Given our build-out methodology and calculations, some annual figures are adjusted by 0.5 to account for rounding needed to match overall unit counts.
- 2) For Rent Residential: Units in italics are approximate delivery dates for later phases not assessed in our market studies (assumption is these phases will be brought to market once earlier phases are stabilized)
- 3) Retail: Given that our demand model calculates demand in five year intervals, the table above spreads project level absorption across the intervening years using demand in place currently, demand in 2026, demand in 2031, and demand in 2036.

For Sale Product, Pricing & Absorption

Current & Recommended Pricing

For Sale Product, Pricing, and Absorption

Based on the proposed lot sizes, our concluded base prices for the Subject Property range from \$310,990 to \$485,490 (July 2021 dollars). In addition to base prices, we estimated that buyers will spend 3.0% of base prices on options and upgrades and 1.0% of base prices on lot premiums to arrive at an average sale price of \$398,629 (\$164/SF). This creates an attractive market position when compared to large-scale communities such as Sutton Fields (\$307,999 to \$515,950), Light Farms (\$390,000 to \$717,000), Green Meadows (\$380,900 to \$649,990), and Cambridge Crossing (\$490,990 to \$654,990). Given that each product series will include between four and seven builder programs, actual base prices will likely land slightly above or below our recommendations given product offering differences amongst builder partners. While the Subject Property could support higher home prices, our recommendations took into account the expected builder partners and were designed to optimize the overall sales/absorption potential of the community.

Price Appreciation

For Sale Product, Pricing, and Absorption

While our recommended prices are in July 2021 dollars, continued strong price appreciation is expected over the near-term in the Metroplex. The table below shows our current recommended prices (July 2021 dollars) being inflated by projected appreciation rates from a variety of sources (Zonda, Zillow, Moody’s, etc.):

Ref	Project/Subdivision	Type	Configuration	Builder		Average Total Price	2021	2022	2023	2024	2025

Note: 2021 appreciation in the table above is for the remaining five months of the year.

While strong demand and the high cost of building materials will likely continue to influence pricing in 2021, appreciation levels could taper off in 2022 if material pricing stabilizes, affordability levels continue to erode, or if interest rates increase. Early signs of this are emerging with price increases across the Metroplex slowing over the past couple of months (some builders have paused price increases).

CMA Starts, Closings, & Inventory

For Sale Product, Pricing, and Absorption

In aggregate, start and closing activity at communities surveyed in the CMA increased significantly over the past 12 months. Driven mainly by new communities brought to market, new home starts at surveyed communities in Celina increased 59% over the past year. Sutton Fields (#8) and Light Farms (#29) were among the 30 most active communities in the Dallas-Ft. Worth MSA.

Most active surveyed communities in Celina have less than four years of remaining lot supply. Seven communities that started 1,319 new homes between 3Q20 and 2Q21 have less than four years of remaining lot supply. Only larger-scale communities such as Green Meadows and Cambridge Crossing (both higher price points communities) will significantly overlap sales activity at the Subject Property. Given price points and builder mix, the Subject Property represents excellent replacement product for Sutton Fields (most active community in the CMA). Given that the CMA has 44,400 future platted lots (including the Subject Property and the communities listed above), supply conditions should be monitored on a go forward basis.

Marketing and Absorption Assumptions

For Sale Product, Pricing, and Absorption

Our hypothetical build-out of the Subject Property has several underlying marketing assumptions. In order to achieve an optimal build-out of the Subject Property, our absorption projections were based upon the following:

- Sales activity ramps up over the first 24 months (80% of peak in M1-12, 90% of peak in M13-24, and 100% of peak in M25+).
- Each product series / lot size will feature between four and seven concurrently selling builder programs.
- Inclusion of appropriately segmented and priced product series that limits internal cannibalization of sales.
- Access to the Subject Property via future Dallas North Tollway frontage roads.
- Inclusion of high-volume builder partners (D.R. Horton, Lennar, etc.).
- Lot development and delivery pace that keeps up with the projected build-out schedule.
- A regional marketing program with staffed models and regular business hours.

Our build-out also assumes an eventual leveling out of start and closing activity in the Dallas-Ft. Worth MSA (volume likely continuing to rise through 2021 and 2022). While our near-term projections do not call for a decline in activity, double-digit increases in annual start and closing activity will likely pull back in the coming years.

While at the top of the market, our absorption projections for the Subject Property appear achievable. Our peak projected annual absorption pace for the Subject Property is 654 home sales in year four of development activity (2026). While higher than current activity levels at other communities in the CMA and the broader market, we believe several factors support this conclusion:

- Subject Property is effectively replacement product for Sutton Fields (Centurion American community with 434 annual starts).
- Price position that is at the lower-end of the CMA (both the 40' and 50' product series focus on prices below \$400,000).
- Many communities surveyed in the competitive market will build-out prior to the Subject Property being brought to market.
- Inclusion of builder partners that typically achieve top of market absorption rates (D.R. Horton and Lennar).
- Both the CMA (13.7 months) and the Metroplex (13.5 months) have VDL levels significantly below equilibrium (20 to 24 months).

At 654 sales per year, the Subject Property would rank as the most active new home community in the Metroplex. As a comparison, the five most active new home communities in the Metroplex started between 507 and 605 homes between 3Q20 and 2Q21.

Estimated Annual Absorption

For Sale Product, Pricing, and Absorption

Based upon the proposed lot sizes and our recommended price points, we estimate that the Subject Property could achieve a peak annual absorption pace of 654 homes sold per year. Our hypothetical build-out of the community occurs over the course of roughly 13 years with a strong mix of product offered throughout much of the lifecycle of the community:

We identified nine communities with 27 builder programs in Celina that can be used to understand the pricing and absorption potential of the Subject Property. These communities offer similar lot sizes and varying price points in locations that feature comparable access and school quality. The performance of these communities is likely indicative of the potential of the Subject Property.

Base Price Positioning: Large-Scale MPCs

For Sale Competitive Supply Analysis

Our product and pricing recommendations position the Subject Property toward the lower-end of large-scale master planned communities in the CMA. Given similar projected builder partners, our recommendations position the Subject Property most similar to Centurion American’s Sutton Fields (most active community in the CMA). While the CMA can support significantly higher price points, our recommendations optimize the absorption potential of the Subject Property (significant focus on home prices below \$400,000). This absorption focused pricing strategy should expedite lot and land sales at the Subject Property as well.

²⁵ Source: Zonda; Individual Communities

Base Price Positioning: Smaller-Scale Communities

For Sale Competitive Supply Analysis

Our product and pricing recommendations position the Subject Property similar to nearby smaller-scale communities in the CMA. In terms of location, the Subject Property is closest to both Chalk Hill (Centurion American community) and Buffalo Ridge (D.R. Horton community). Given location similarities and similar builder partners, our pricing recommendations are in line with these communities. D.R. Horton's The Columns (16.5 sales per month) illustrates the absorption power of attractively priced 40' wide lot product in the CMA. This bodes well for the market acceptance of 40' wide lot product at the Subject Property.

Sale Price Positioning: 5-Mile Radius MLS Home Sales (Trailing Three Months)

For Sale Competitive Supply Analysis

Our recommended prices position the Subject Property similar to slightly below trend lines for local area new and existing homes sold via the MLS. With a price position near the lower-end of new home communities in the CMA, our recommended prices for the Subject Property are similar to slightly below the trendline for new home sold via the MLS. Existing homes sold within a five-mile radius typically offer larger lot sizes (average of 0.75-acres) and are priced at a premium to many of the new homes being sold on smaller lots (average of 6,400 square feet). Based upon local area MLS sales trends, our recommended home sizes and prices are market tested and accepted.

New Home Demand Model Overview

New Home Demand Model

Our proprietary new home demand model is based on expected household growth and existing household turnover in the Dallas-Ft. Worth MSA. Our demand model generates expected annual new home demand over the next five years by home price range, age and income levels, and life stage categories (families, singles, younger couples, empty nesters, and retirees). The model focuses both on demand generated by household growth and turnover in existing households.

Projected New Home Demand

New Home Demand Model

Our demand analysis indicates that significant demand exists for entry-level and move-up priced new homes across the Dallas-Ft. Worth MSA. Based upon our demand model, 27% of annual demand for new homes is centered around households that earn between \$100,000 and \$150,000 per year. Households in this income range can generally afford homes priced from \$300,000 to \$475,000 (overlapping recommended pricing at the Subject Property). Within these income ranges, roughly 42% of demand is coming from family households and 32% from empty nester or retiree households.

Zonda’s Recommended Rent Positioning Notes

Apartment Recommendations & Conclusions

Zonda Advisory’s recommended rental rates for the Subject are reconciled at a premium to the competitive set of rental projects analyzed. The Subject rental rates are influenced by the following factors:

- 1) **Competitive Amenity Package:** The Celina Dynavest Apartments will offer an amenity package that will be in line with the most recently constructed comparables (see page 51). The subject’s amenity package is targeted mostly toward couples and some single renters. Zonda Advisory estimates the average age of renters will be 35.7 years. Targeted renters must earn a minimum income of \$61,597.
- 2) **Age adjustment:** The Celina Dynavest Apartments Phase I will be delivered to the market in 2024, which will make the subject an average of eight years newer than the comparable set. According to Marshal & Swift, the age adjustment for an eight year old property is 5% which equates to \$41 per unit or \$0.04 per square foot (see page 50).
- 3) **Location Adjustment:** The subject is located in Celina west of FM 455, about 3 miles west of Preston Road (Route 289), and possibly less than a mile from the Dallas North Tollway extension. A location adjustment for Celina Dynavest Apartments is calculated based on the weighted average of the four closest comparables. The location adjustment of 0.9% results in a base increase of \$10 per month or \$0.01 per square foot (see page 54). The location premium assumes that the Dallas North Tollway’s extension (Phase 4A extends FM 428 north to the Grayson County line) is built by 2024.

Stripped Rent

Apartment Market Analysis - Rents

In order to arrive at base rents, Zonda Advisory utilized a stripped rent trend line methodology where $y = mx + b$ or Stripped Rent per Unit = slope x Unit Size + intercept. Using the equation, a Stripped Rent per Unit can be solved for any given unit size.

The Stripped Rent Analysis takes asking rents at each comparable development and then “strips” those rents of all upgrades, amenities, premiums and other factors to arrive at a true base rent for a given unit size. These deconstructed rents allow for an accurate “apples to apples” comparison (particularly for markets in which comparable product does not exist), that ultimately results in the ability to maximize revenue through highly granular research. The steps involved in this type of analysis include:

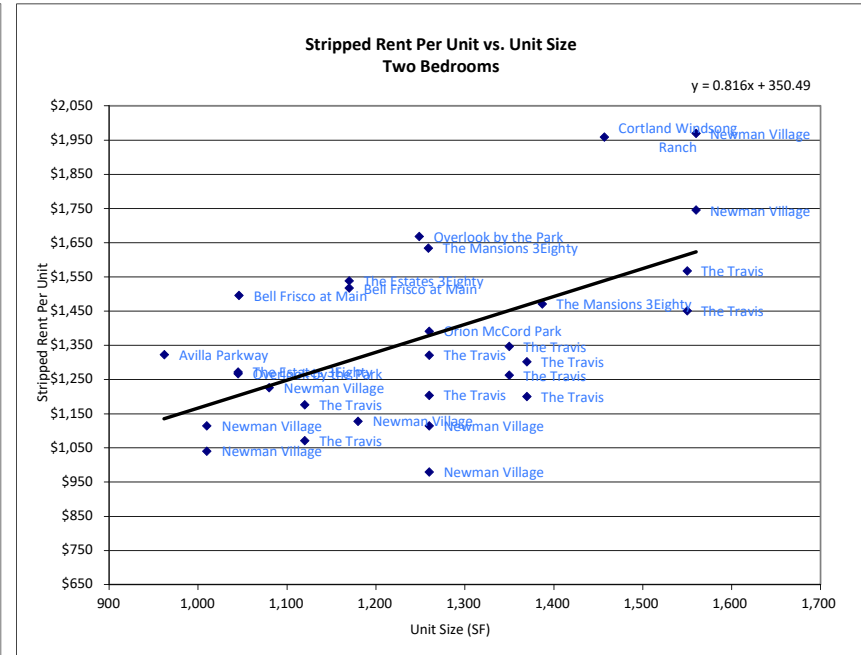

- Adjusting the base market rent for all unit and common amenities, based on national apartment resident surveys. These amenities include, but are not limited to, countertop material, flooring material, appliance packages, cabinetry finish, building design, fitness center components, pool design, pet amenities, and parking. The apartment is stripped of all unit and community amenities until it is a single dot on the stripped rent trend line with only four walls. This process is performed to determine an amenity package value at each community and arrive at a “stripped rent” for each utilized floor plan.
- Adjusting the Stripped Rent for age, so that it will reflect a rent level typical of a newly constructed property.
- Adjusting the Stripped Rent for premiums and discounts, which are established by using the comparable properties weighted average position to the trend line by floor plan type. This methodology implies that when stripped rents are compared, the differences in position relative to the trend line reflect location and other non-quantifiable factors such as property management and unit mix.

The concluded rents for the subject project reflect Zonda Advisory’s assumptions of features/amenities, detailed in this report; the site’s location premium or discount; and parking provision. These variables are applied to the subject project to arrive at an indicated mathematical market rent by floor plan.

Stripped Rent: One Bedroom and Two Bedroom Units

Apartment Market Analysis - Rents

One Bedrooms Trend Line:

Slope = 1.0009

Intercept = 41.83

Example: $(1.0009 \times 750 \text{ SF}) + 41.83 \times (1 + 0.0095 \text{ loc adj}) = \800

Two Bedroom Trend Line:

Slope = 0.8160

Intercept = 350.49

Example: $(0.8160 \times 1,150 \text{ SF}) + 350.49 \times (1 + 0.0095 \text{ loc adj}) = \$1,301$

Stripped Rent: Three Bedroom Units

Apartment Market Analysis - Rents

Three Bedroom Trend Line:

Slope = 0.1851

Intercept = 1,395.65

Example: $(0.1851 \times 1,550 \text{ SF}) + 1,395.65 \times (1 - 0.0095 \text{ loc adj}) = \$1,699$

Age Adjustments

Apartment Market Analysis - Rents

Each comparable receives an adjustment so that it will reflect a rent level typical of a newly constructed property. The methodology employed in this analysis is based on a study performed by Marshall & Swift Valuation Service. The premise of this methodology is that depreciation is not linear and that the aging process is minimal at first but accelerates as a property ages and has adjustments along the way as periodic maintenance improvements are made.

While the subject is not yet constructed, using a completion date of 2024 for Phase I is appropriate for this analysis. Rent estimates are presented in July 2021 dollars. After completion, the subject will have an age difference of three years between today and its actual development date. The age adjustments applied in this analysis are based on an economic life of 50 years. **When the community is completed, it will be an average of eight years newer than the comparables which equates to an age adjustment of 5% or \$41 per unit (\$0.04 per square foot).**

Location Adjustments

Apartment Market Analysis - Rents

Location premiums and discounts were established using the comparable properties weighted average position to the trendline by floor plan type. **This methodology implies that when stripped rents are compared, the differences in position relative to the trend line reflect location and other non-quantifiable factors such as property management, unit mix, floorplan offerings, and product type.**

A series of variables was analyzed to properly determine the magnitude, if any, of a location adjustment. Factors such as proximity, average household income, traffic count, amenity package, Walk Score, and difference in rent for each unit type in each project to the trendlines shown earlier in this section were all considered.

The comparables have premiums/discounts to the trend line ranging from -6.8% to 21.2%. All of the comparables have weak Walk Scores, which is typical for more rural or suburban areas. Average household incomes range from \$120,647 to \$191,616. Traffic counts at the comparables vary from 4,597 to 46,854 vehicles per day. **Zonda Advisory elected to give the subject a location adjustment based on the weighted average distance to trend of the closest four comparables. The location adjustment of 0.9% results in a base increase of \$10 per month or \$0.01 per square foot. The location premium assumes that the Dallas North Tollway’s extension (Phase 4A extends FM 428 north to the Grayson County line) is built by 2024.** The weighted average distance to trend of all of the comparables is 4.8%.

The peak in completions occurred in 2017 with 1,080 units. There were no completions in 2011, 2012, 2013, 2015, and 2019. The past five years have averaged 523 net completions per year (228 per year in the past three).

While there were minimal completions in the period from 2011 to 2015, completions ramped in 2016. Zonda Advisory forecasts an average annual supply of 887 units or 14.4% growth in rentable stock through 2025. **The methodology is above the historical average as well as the previous five years.**

To determine CMA demand growth going forward, the relationship between the change in the occupied stock (demand growth) in the CMA and several other factors were analyzed as follows:

- Annual employment growth rates were provided by the Bureau of Labor Statistics. Average annual occupancy was utilized in the calculations.
- Zonda Advisory determined that two variables had the best correlation with CMA demand growth: change in unemployment rate, and the CMA’s share of available units (existing + new) as a percentage of the CMA’s inventory.
- A multivariate regression model was used to devise the equation as follows:

$$\text{CMA Demand Growth} = [(\text{Change in Unemployment Rate} * -0.005847) + (\text{Available Unit \% to Stock} * -0.043295)] + 0.945365$$

- An estimate of annual CMA demand growth is obtained by multiplying the forecast unemployment rate by the calculated annual growth factors. The model’s projected demand growth averages 14.1% per year, which is higher than the historical average of 10.8%. The historic high for demand growth was set in 2016 at 38.7% followed by 2017 at 38.2%.
- Zonda Advisory’s projections are in line with the expected employment growth and supply of new deliveries over the next five years.

CMA Forecast

Apartment Market Analysis - Supply & Demand

The CMA rent growth is forecast to average 3.2% with occupancy averaging 94.2% between 2021 and 2025. Both job growth and rent growth are predicted to outpace that of the previous five years. After an uptick in 2016, vacancy has decreased in the recent four years; however due to projected pipeline, vacancy is expected to slightly increase from 2022 to 2025. The model depicts the CMA as impacted by job growth combined with new supply.

Rent Inflation

Apartment Market Analysis - Supply & Demand

The chart displays the historical and forecasted rent growth through 2025. Same-store rent growth has been variable throughout the period examined. Rent growth was negative in 2017 but has averaged 4.0% for the historical period dating back to 2011. The strongest rent growth was reported in 2015 and averaged 10.8%. Over the same year, job growth averaged 4.2%.

Rent growth is projected to average 3.2% per year throughout the forecast period as the CMA occupancy averages 94.2%. Rent growth is based on occupancy, and occupancy is reliant on employment growth as a driver, which is forecasted to average 2.8% over the next five years.

Historical Concession in the CMA

Apartment Market Analysis - Supply & Demand

Historical data from RealPage illustrates 10 years of average concessions and percentage of units offering a concession in the CMA. Concessions were highest at 4.5% in Q2 2018. The percent of units offering a concession peaked at 56.9% in Q4 2015. The average concession over the period examined was 2.0%. **In the last three year period, concessions averaged 2.7% with 42.9% of the units reporting a concession.**

Stabilized Concession in the CMA

Apartment Market Analysis - Supply & Demand

The product of Average Concession and Percentage of Units Offering a Concession results in an estimated stabilized concession as illustrated below. **The average stabilized concession for the 10-year period is 0.8%.** Zonda Advisory’s rent model methodology underwrites market rental rates of all comparables (including those in initial lease-up) in order to account for stabilized concessions in the submarket. A small concession is normal upon stabilization.

Absorption Forecast

Apartment Market Analysis - Supply & Demand

The table illustrates absorption data for several recently delivered properties located in the surrounding areas. The properties are sorted by the date leasing began.

Absorption Forecast							
Property Name	# Units	Date Leasing Began	Stabilized Date (or current)	Occupancy at Stabilization (or current)	Months to Stabilization (or current)	Absorption/Mo.	Est. Avg. Concessions During Lease-Up
Lease-Up							
Avilla Parkway	108	May-21	Jul-21	75%	2	41	8.3%
Stabilized							
The Travis	345	Nov-20	Jun-21	95%	7	47	3.9%
Newman Village	300	Mar-20	Dec-20	99%	9	33	3.7%
Total/Average	753			94%	7	40	4.5%
Lease-Up	108			75%	2	41	8.3%
Stabilized	645			97%	8	40	3.8%

Overall, the average absorption per month for the sample of stabilized properties is 40 units per month over an 8-month lease-up period. Avilla Parkway, the only property in lease-up, is reporting an absorption pace 41 units per month over 2 months.

During their lease-up, the currently stabilized properties averaged 3.8% in concessions. Avilla Parkway is offering 8.3% in concessions.

Considering all the factors and the competitive environment expected upon first delivery of units in 2024, Zonda Advisory concludes an absorption pace of 30 units per month to be achievable for Celina Dynavest Apartments I, which equates to a 10-month lease-up period.

Retail Demand Analysis

The **Primary Market Area (PMA)** and **Secondary Market Areas (SMA)** used for our **Retail Demand Analysis** are shown on the map below. The PMA is just over a three-mile radius surrounding the Commercial Core site (red line), while the SMA is a five-mile radius surrounding the Site (blue line). We use these boundaries to compare the existing supply of retailers versus the existing households within these boundaries, and estimate the additional opportunity for retail uses as household levels increase over time.

Subject Property

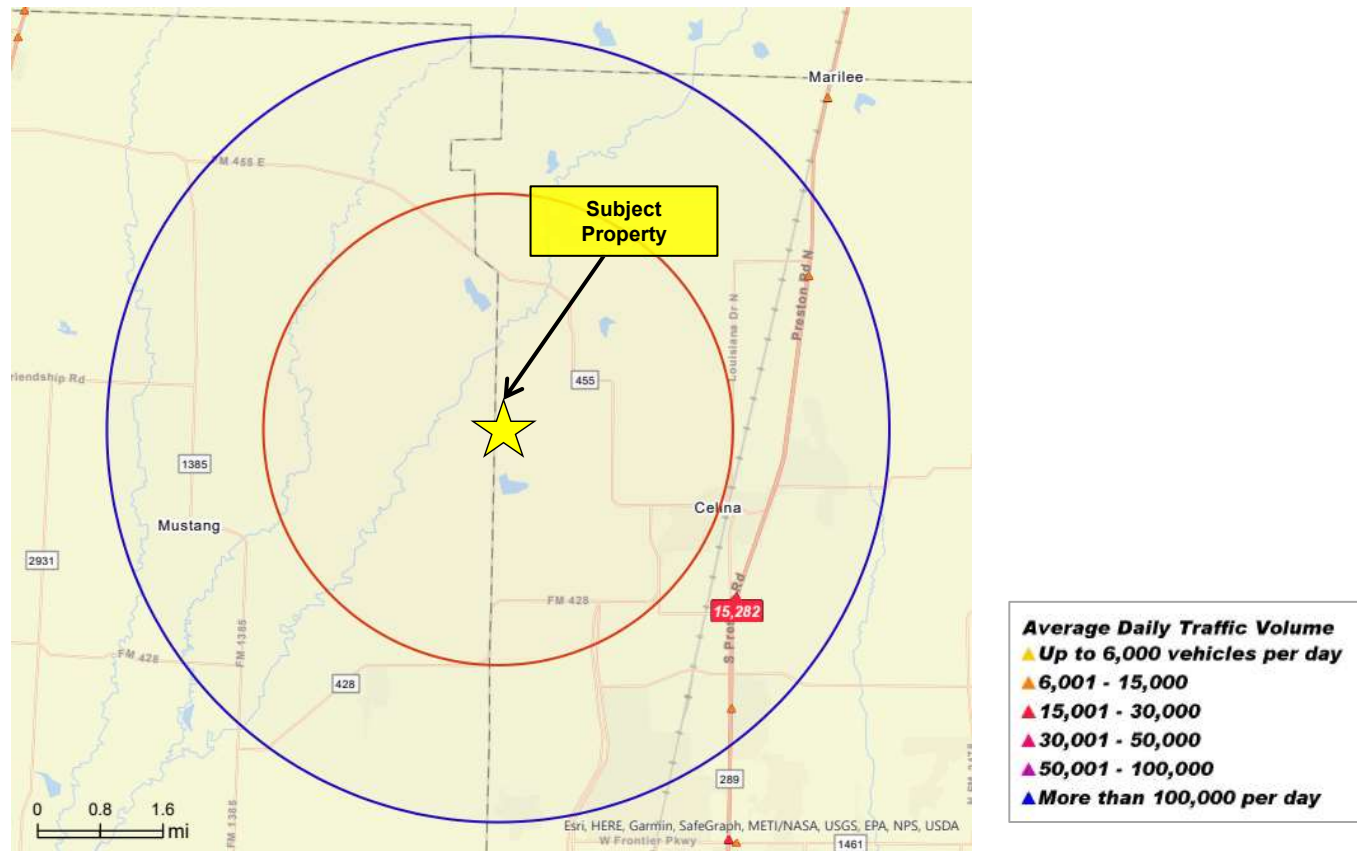

Average Daily Vehicle Traffic

Retail Demand Analysis

Current traffic levels are unknown at the Site, though vehicle traffic will increase over time with the expansion of the Dallas North Tollway as well as household growth from the Subject Property itself. Currently the highest recorded traffic levels in Celina are 15,282 ADTs along Preston Road, just south of the town center. Typically, retail centers require ADT's of at least 20,000 and prefer over 30,000 ADT's to locate at a site, indicating that it will require time for households to emerge in the community before retailers would consider locating here. Ultimately, the success of retail development at the Subject Property will depend upon demand from a combination of existing local households, future local residential growth, local workforce population and employment growth, and passerby traffic that does not live within the immediate area.

The Retail Landscape Surrounding The Site

Retail Demand Analysis

Existing retail centers are concentrated along U.S. 380 and Highway 289 in Prosper. These include several “big box” general merchandise, grocery, home improvements, and clothing stores. Nearly all of these retailers are over seven miles from the Subject Property, with concentrations along US 380 in Prosper, McKinney and Frisco. Currently, retail options in Celina are limited to a grocery store, drug store, and a few fast food restaurants. The lack of retail development near is due to the limited number of households in the area currently, but represents an opportunity to deliver new retail space as households continue to grow at the Subject Property and as the surrounding area evolves.

Retail Demand In Primary Market Area

Retail Demand Analysis

The chart below illustrates the Subject Property’s capture rate of total retail demand in the PMA from our retail demand analysis. We estimate that the Subject Property can capture a relatively large portion of demand (+/-90%) within PMA since it represents a high visibility commercial location along a major road. It offers a “captive audience” of households within the Subject Property as well as future household growth in the local area. At a 90% capture rate, this equates to 39,737 square feet of unmet demand currently but increasing to 250,459 square feet demanded by 2026, 548,619 square feet demanded by 2031 and 811,489 square feet demanded by 2036. While demand is evident in select subcategories, it is important to note that some of these retail use types have minimal supportable square footage (less than 1,000 SF) and/or do not typically locate in new retail developments (Used Merchandise). Thus, they are not recommended for the Subject Property.

Retail Demand In Secondary Market Area

Retail Demand Analysis

The chart below illustrates the Subject Property's capture rate of total retail demand in the SMA from our retail demand analysis. We estimate that the Subject Property can capture a smaller portion of demand (+/-50%) within SMA since it represents a viable commercial location. However, the SMA is a larger area (78 square miles) and there are other viable retail development sites within the SMA. At a 50% capture rate, this equates to approximately 78,987 square feet demanded currently, 237,999 square feet demanded by 2026, 444,906 square feet demanded by 2031, and 632,962 square feet demanded by 2036, though various categories are suggested to be introduced at different times and not all retail categories are recommended for the site.

Average Demand Of PMA And SMA – Less Online Shopping Estimate

Retail Demand Analysis

The table below estimates total demand for additional retail uses at the Subject Property minus estimated online shopping. According to an analysis of US Department of Commerce data by Digital Commerce 360, consumers spent \$861.12 billion online with U.S. merchants in 2020, up an incredible 44.0% year over year. This equates to 21.3% of spending in 2020, up from 15.8% in 2019 and 14.3% in 2018. While much of this spending was a function of stay-at-home practices due to COVID-19, it is likely that increased online spending is here to stay—thus we subtracted out 22% of demand from the previous page on this table below. After considering online spending, the average of the PMA and SMA equates to 49,425 square feet demanded currently, 204,849 square feet demanded by 2026, 417,164 square feet demanded by 2031 and 606,719 square feet demanded by 2036.

Given strong development activity, expected household growth in Celina and the surrounding area is more than double the expected growth level across Collin County. The average household size in Celina and the surrounding area indicates a strong presence of families. Based upon product and pricing, young, growing, and maturing families will be a key buyer demographic at the Subject Property.

Demographic Characteristics

Economic & Demographic Analysis

Celina and the surrounding area are more affluent than both broader Collin County and the Metroplex. With many new residents in the CMA relocating from closer-in, higher priced areas in the Metroplex (i.e. Frisco, Plano, etc.) or from out of state, the CMA generally has higher household income and net worth levels than either Collin County or the broader market. This bodes well for the demand potential of the Subject Property (price points will generally target households earning over \$100,000 per year).

New Housing Summary

Housing Market Analysis

There are nearly 4,500 vacant developed lots in the CMA. VDL levels within the CMA equate to 13.7 months of supply (below the equilibrium point of 20 to 24 months). An additional 2,484 lots currently under development in the CMA are expected to be delivered in coming quarters. While there are an additional 41,934 future/potential lots in the CMA, these are approved plats showing no development activity that are not expected to enter the market over the next 24 months. Nearly 64% of future platted lots are found in 12 communities in the CMA that feature between 1,069 and 7,000 lots (including the Subject Property). Given current start levels, VDL, and lots under development, it appears that lot supply levels will remain constrained over the next several quarters.

DEFINITIONS

Annual Starts: The number of homes started during the last four quarters. A "start" occurs when a slab or foundation is initiated.

Annual Closings: The # of homes closed during the last four quarters. A "closing" occurs when a home is moved into and occupied. Metrostudy tracks move-ins, as they are a better indicator of demand than deed deliveries.

Models: Must be fully finished, furnished and decorated.

Finished Vacant: Construction is complete, the site is clean, but there is no evidence of occupancy.

Vacant Developed Lots: Also referred to as "VDL" and "Finished Lots"; a lot on a recorded plat with streets and utilities in place, ready for construction of a new home.

Future Lots: Lots that are platted, but not yet developed.

Vacant Developed Lots

Housing Market Analysis

VDL months of supply has trended significantly lower over the past year. With starts increasing 31% and VDL declining 6% between 2Q20 and 2Q21, VDL months of supply fell from 19.0 months (slightly undersupplied) to 13.7 months (significantly undersupplied). With less than 2,500 lots currently under active development (7.5 month supply), the CMA will likely remain supply constrained.

New Home Starts & Closings by Base Price Range

Housing Market Analysis

In the CMA, nearly 53% of new home starts between 3Q20 and 2Q21 were priced between \$300,000 and \$500,000. With less than 7% of new home starts priced below \$300,000, the new home market in the CMA heavily targets move-up homebuyers. Our recommended base prices for the Subject Property (\$311,000 to \$485,000) target the core of new home market activity in the CMA. VDL levels are undersupplied (less than 20 months) for price points below \$750,000.

New Home Starts & Closings by Lot Width Range

Housing Market Analysis

In the CMA, nearly 60% of new home starts in 2020 were on 50' and 60' wide. With an additional 23% of starts on 70' wide or larger lots and only 10% of starts on under 50' wide lots, activity in the CMA skews to larger lot sizes when compared to trends across the Dallas-Ft. Worth MSA. With rising home and lot prices and the CMA continuing to evolve into a more suburban location, a pivot to higher concentrations of smaller lot sizes at future communities such as the Subject Property will likely occur. Given these factors, the proposed lot mix for the Subject Property (40', 50', and 60' wide lots) is appropriate. VDL levels are undersupplied (less than 20 months) for virtually all lot size segments in the CMA.

CMA Future Lot Supply

Housing Market Analysis

A total of 44,418 undeveloped lots received either preliminary or final approval in the CMA. Of this total, 2,484 lots (6% of total lots) are showing some physical signs of development activity (stakes, equipment, excavation, paving, streets, etc.) with 2,123 lots at excavation or later stages. It is worth noting that an approved plat does not mean that lots are under development. Many of these plats are only pre-approved and are not expected to enter the market within the next 24 months. Delivery of lots will depend on the type of lot, demand and supply conditions, and whether the lots are for brand new communities or add-ons to existing communities. Additional communities that are earlier in the planning stages may not yet included in the lot counts below.

Dallas MSA Retail Deliveries

Retail Market Trends

Retail deliveries in the Dallas MSA have been below the long-term average for over a decade. The market averaged 4.65 million square feet of retail deliveries annually since 2010 with higher deliveries in 2015 and 2017 (over six million square feet in each year). Given the growth in e-commerce over this period, coupled with select national chains contracting their number of storefronts, it is likely that we will see new retail deliveries continue below the long-term average for the foreseeable future.

Dallas MSA Retail Inventory

Dallas MSA Lease Rates And Inventory

Retail Market Trends

Average lease rates and vacancy rates appear to have peaked in 2019. The average retail lease rate in the market increased from \$1.36 per square foot per month in 2010 to \$1.58 per square foot per month currently. Vacancy rates declined from a peak of 14.8% in 2010 to 11.5% in 2017 to 13.0% in 2020, and it is projected that lease rates will soften and vacancy rates will increase given the impact of e-commerce and the effects of COVID-19 on the retail market in 2021 and beyond.

Dallas MSA Deliveries Versus Absorption

Retail Market Trends

Net absorption has been declining for three consecutive years and is projected to remain in negative territory through 2021. While total demand outpaced supply in the market from 2015 through 2018, there is projected to be nearly one million square feet of negative net absorption in the Dallas MSA in 2020 and 2021, largely due to the shift in online retailing that was accelerated due to COVID. REIS/Moody's expects absorption to recover in 2024 and 2025, with three times more positive net absorption than new deliveries during those years.

Dallas MSA Historical Office Deliveries

Office Market Trends

New office deliveries in the Dallas MSA averaged approximately 7.1 million square feet annually over the past four decades. Office deliveries follow cycles of development and Dallas had select years where deliveries were remarkably high (mid-1980's, late 1990's). Dallas has been below this long-term average for most of the past decade, a fallout of the Great Recession. Recent years deliveries (2017-2020) have been close to the long-term average.

Dallas MSA Average Office Lease Rates & Vacancy Rates

Office Market Trends

Despite COVID impacts in 2020, the Dallas office market experienced rising lease rates though vacancy rates increased. In 2020, the vacancy rate reached a high of 24.3% while lease rates reached a record high of \$2.19 per square foot per month. This year is expected to see a 2.7% decrease in lease rates and a 2.8% increase in vacancy rates, as the pandemic aftermath and work-from-home practices will cause some tenants to reconsider the amount of office space needed and/or renegotiate their lease rates. It is important to note that lease rates and vacancy rates vary greatly by submarket and can vary from building to building within each submarket.

Dallas MSA Office Absorption Versus Completed Space

Office Market Trends

Annual net absorption has generally kept pace with new deliveries since 2014, though net absorption turned negative in 2020 and conditions are expected to soften in the coming years. The office market started an increased development trend that peaked in 2016, with 4.5 million square feet of new deliveries and 5.0 million square feet of positive net absorption. Prior to 2020, the past five years had a combined 16.9 million square feet of new deliveries and 15.6 million square feet of positive net absorption, indicating a healthy and stable office market (prior to COVID). There is some concern that office development is going to far exceed demand in 2021, with 3.3 million square feet projected to be delivered, and only 155,000 square feet absorbed, though the market is expected to recover in 2022 and beyond with absorption outpacing new deliveries.

Dallas MSA Office Market Space Type Distribution

Office Market Trends

Buildings that are designated as Class A account for the majority (63%) of total office space in the market. Class A space achieves the highest lease rates and has a lower vacancy rate than other building classes. Dallas is a relatively active Class A office development market with 1.6 million square feet under construction and over 1.6 million square feet delivered over the past 12 months. It is somewhat encouraging to note that there were only 93,000 square feet of negative net absorption during the past year in Class A space. Note: REIS does not track many smaller Class B/C buildings, thus the market share of these buildings may be understated.

Plano/Allen Office Absorption Versus Completed Space

Office Market Trends

Net absorption fell into negative territory in 2020, though losses were minimal with 155,000 square feet of negative net absorption. This is an encouraging sign that demand for office space in the submarket has held up relatively well despite the challenges of COVID-19. Moody's/REIS projects soft conditions to continue through 2021, with absorption rebounding to exceed new completion in 2022 and beyond.
