NEW ISSUE - BOOK-ENTRY ONLY LIMITED OFFERING

NOT RATED

In the opinion of GrayRobinson, P.A., Bond Counsel, under existing law and assuming compliance with the tax covenants described herein, and the accuracy of certain representations and certifications made by the District described herein, interest on the Series 2023 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). Bond Counsel, is also of the opinion that such interest is not treated as a preference item in calculating the alternative minimum tax imposed under the Code. However, for taxable years beginning after December 31, 2022, interest on the Series 2023 Bonds will be taken into account in computing the alternative minimum tax imposed on certain corporations under the Code to the extent that such interest is included in the "adjusted financial statement income" of such corporations. In the opinion of Bond Counsel, interest on the Series 2023 Bonds will not be subject to taxation under the laws of the State of Florida, except estate taxes and taxes under Chapter 220, Florida Statutes, as amended, on interest, income or profits on debt obligations owned by corporations as defined therein. See "TAX MATTERS" herein regarding certain other tax considerations.

LIMITED OFFERING MEMORANDUM

\$9,120,000* SHERWOOD MANOR COMMUNITY DEVELOPMENT DISTRICT (HILLSBOROUGH COUNTY, FLORIDA) SPECIAL ASSESSMENT REVENUE BONDS, SERIES 2023 (ASSESSMENT AREA TWO)

INTRODUCTION

The purpose of this Limited Offering Memorandum, including the cover page and appendices attached hereto, is to set forth certain information in connection with the offering for sale by the Sherwood Manor Community Development District (the "District") of its \$9,120,000* Special Assessment Revenue Bonds, Series 2023 (Assessment Area Two) (the "Series 2023 Bonds").

THE SERIES 2023 BONDS ARE NOT A SUITABLE INVESTMENT FOR ALL INVESTORS. PURSUANT TO APPLICABLE STATE LAW, THE UNDERWRITER IS LIMITING THIS INITIAL OFFERING OF THE SERIES 2023 BONDS TO ONLY ACCREDITED INVESTORS WITHIN THE MEANING OF THE RULES OF THE FLORIDA DEPARTMENT OF FINANCIAL SERVICES. THE LIMITATION OF THE INITIAL OFFERING TO ACCREDITED INVESTORS DOES NOT DENOTE RESTRICTIONS ON TRANSFER IN ANY SECONDARY MARKET FOR THE SERIES 2023 BONDS. POTENTIAL INVESTORS ARE SOLELY RESPONSIBLE FOR EVALUATING THE MERITS AND RISKS OF AN INVESTMENT IN THE SERIES 2023 BONDS. SEE "BONDOWNERS' RISKS" AND "SUITABILITY FOR INVESTMENT" HEREIN.

The District, which is the issuer of the Series 2023 Bonds, is a local unit of special purpose government of the State of Florida, created pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and by Ordinance No. 18-7 of the Board of County Commissioners of Hillsborough County, Florida, adopted on February 13, 2018 and effective as of February 14, 2018, as amended (the "Ordinance"). The District was created for the purpose of delivering certain community development services and facilities for the benefit of District Lands (as hereinafter defined) and has previously determined to undertake, in one or more stages, the acquisition and/or construction of public improvements and community facilities as set forth in the Act for the special benefit of the District Lands. The Act authorizes the District to issue bonds for the purposes of, among others, financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, or equipping water management, water supply, sewer and wastewater management, bridges or culverts, public roads, street lights and other basic infrastructure projects within or without the boundaries of the District as provided in the Act. The District has previously determined to design, acquire and construct certain public infrastructure improvements associated with the development of the District Lands including, but not limited to, water and sewer facilities, stormwater management, roadways, landscaping, and other related improvements.

The boundaries of the District currently include approximately 221 acres of land (the "District Lands") located entirely within an unincorporated area of Hillsborough County, Florida (the "County"). The District Lands are being developed to contain a single-family residential community known as Brookside (the "Development"). At buildout, the Development is currently planned to contain approximately 768 single-family residential lots and associated infrastructure and amenities. The Development is being developed in phases. See "THE DEVELOPMENT" herein for more information.

-

^{*} Preliminary, subject to change.

The District has created multiple assessment areas to facilitate the District's financing plans. "Assessment Area One" corresponds to Phases 1, 2 and 3A of the Development and is planned to contain 425 lots at buildout. The District previously issued its Series 2018 Bonds (as defined herein) to finance a portion of the public infrastructure improvements associated with Assessment Area One (the "Assessment Area One Project"). The Assessment Area One Project is complete, and all 425 lots planned for Assessment Area One have been developed and platted. See "THE DISTRICT – Outstanding Indebtedness" and "THE DEVELOPMENT – Update on Assessment Area One" herein for more information on the Series 2018 Bonds and the status of development within Assessment Area One.

The District is issuing the Series 2023 Bonds to fund certain remaining master infrastructure improvements as well as a portion of the parcel infrastructure improvements associated with the development of Assessment Area Two (the "Assessment Area Two Project"). "Assessment Area Two" corresponds to Phases 3C, 4 and 5 of the Development, which are collectively planned to contain 343 residential lots at buildout. See "THE CIP AND THE ASSESSMENT AREA TWO PROJECT," "THE DEVELOPMENT" and "APPENDIX C: ENGINEER'S REPORT" herein for more information for more information regarding Assessment Area Two and the Assessment Area Two Project.

The Series 2023 Bonds will be secured primarily by the revenues received by the District from the Series 2023 Assessments (as defined herein). The Series 2023 Assessments will initially be levied on an equal-acre basis across the approximately 106.9 gross acres in Assessment Area Two and, upon platting, will be allocated to individual lots in accordance with the Assessment Methodology. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY" hereto for more information.

SM-Ruskin Development, LLC, a Florida limited liability company ("SM-Ruskin"), EPG Ruskin, LLC, a Florida limited liability company ("EPG Ruskin"), and Spencer Farms, Inc., a Florida corporation ("Spencer Farms") (collectively, the "Landowners"), own all of the assessable land in Assessment Area Two. SM-Ruskin is installing the master infrastructure for the Development and installing the parcel infrastructure for Phases 3C and 5 within the Development. See "THE LANDOWNERS" herein. The Landowners have entered into the Builder Contracts (as defined herein) with D.R. Horton ("D.R. Horton" or the "Builder") to purchase all of the lots planned for Assessment Area Two as follows: (i) 21 finished lots in Phase 3C and 140 finished lots in Phase 5, to be closed in bulk upon development completion, and (ii) 182 undeveloped lots in Phases 4 to be closed upon receipt of permits and approvals. The Builder will subsequently install parcel infrastructure improvements for Phase 4 not funded with net proceeds of the Series 2023 Bonds. See "THE DEVELOPMENT – Builder Contracts" herein for more information.

The Series 2023 Bonds are being issued pursuant to the Act, Resolution Nos. 2018-22 and 2022-11, adopted by the Board of Supervisors of the District (the "Board") on February 23, 2018 and September 22, 2022, respectively (collectively, the "Resolutions"), and a Master Trust Indenture, dated as of September 1, 2018 (the "Master Indenture"), by and between the District and U.S. Bank Trust Company, National Association, as successor in interest to U.S. Bank National Association (the "Trustee"), as supplemented by a Second Supplemental Trust Indenture dated as of March 1, 2023 (the "Second Supplemental Indenture" and, together with the Master Indenture, the "Indenture"), by and between the District and the Trustee. All capitalized terms used in this Limited Offering Memorandum that are defined in the Indenture and not defined herein shall have the respective meanings set forth in the Indenture. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" hereto.

The Series 2023 Bonds are equally and ratably secured by the Series 2023 Trust Estate, without preference or priority of one Series 2023 Bond over another. The Series 2023 Trust Estate consists of all right, title and interest of the District in, to and under, subject to the terms of the Indenture, the revenues

derived by the District from the Series 2023 Assessments levied and imposed pursuant to the hereinafter-defined Assessment Proceedings (the "Series 2023 Pledged Revenues") and the Funds and Accounts (except for the Series 2023 Rebate Account and the Series 2023 Costs of Issuance Account) established under the Indenture (the "Series 2023 Pledged Funds"). The "Series 2023 Assessments" are the Special Assessments levied against properties within the District specially benefitted by the Assessment Area Two Project as described in the Assessment Proceedings. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS" herein.

Proceeds of the Series 2023 Bonds will be applied to: (i) finance the Cost of acquisition, construction and equipping of a portion of the Assessment Area Two Project; (ii) pay certain costs associated with the issuance of the Series 2023 Bonds; (iii) pay a portion of the interest coming due on the Series 2023 Bonds; and (iv) fund the Series 2023 Reserve Account as herein provided. See "ESTIMATED SOURCES AND USES OF SERIES 2023 BOND PROCEEDS" herein.

There follows in this Limited Offering Memorandum a brief description of the District, the Development, the Assessment Area Two Project, Assessment Area Two, the Landowners and summaries of the terms of the Series 2023 Bonds, the Indenture and certain provisions of the Act. All references herein to the Indenture and the Act are qualified in their entirety by reference to such documents and statute, and all references to the Series 2023 Bonds are qualified by reference to the form thereof and the information with respect thereto contained in the Indenture. The Second Supplemental Indenture provides that, with respect to Series 2023 Bonds registered in the registration books kept by the Bond Registrar in the name of Cede & Co., as nominee of DTC, the District, the Trustee, the Bond Registrar and the Paying Agent shall have no responsibility or obligation to any such Bond Participant (as hereinafter defined) or to any Beneficial Owner (as hereinafter defined). Without limiting the immediately preceding sentence, the District, the Trustee, the Bond Registrar and the Paying Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co., or any Bond Participant with respect to any ownership interest in the Series 2023 Bonds, (ii) the delivery to any Bond Participant or any other person other than an Owner, as shown in the registration books kept by the Bond Registrar, of any notice with respect to the Series 2023 Bonds, including any notice of redemption, or (iii) the payment to any Bond Participant or any other person, other than an Owner, as shown in the registration books kept by the Bond Registrar, of any amount with respect to principal of, premium, if any, or interest on the Series 2023 Bonds. The District, the Trustee, the Bond Registrar and the Paying Agent shall treat and consider the person in whose name each Series 2023 Bond is registered in the registration books kept by the Bond Registrar as the absolute owner of such Series 2023 Bond for the purpose of payment of principal, and interest with respect to such Series 2023 Bond, for the purpose of giving notices of redemption and other matters with respect to such Series 2023 Bond, for the purpose of registering transfers with respect to such Series 2023 Bond, and for all other purposes whatsoever. The Paying Agent shall pay all principal of, premium, if any, and interest on the Series 2023 Bonds only to or upon the order of the respective Owners, as shown in the registration books kept by the Bond Registrar, or their respective attorneys duly authorized in writing, as provided in the Indenture and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of principal of, premium, if any, and interest on the Series 2023 Bonds to the extent of the sum or sums so paid. No person other than an Owner, as shown in the registration books kept by the Bond Registrar, shall receive a certificated Series 2023 Bond evidencing the obligation of the District to make payments of principal, premium, if any, and interest pursuant to the provisions thereof. Upon receipt by the Trustee or the District of written notice from DTC: (i) confirming that DTC has received written notice from the District to the effect that a continuation of the requirement that all of the Outstanding Series 2023 Bonds be registered in the registration books kept by the Bond Registrar in the name of Cede & Co., as Nominee of DTC, is not in the best interest of the beneficial owners of the Series 2023 Bonds, or (ii) to the effect that DTC is unable or unwilling to discharge its responsibilities and no substitute Bond Depository willing to undertake the functions of DTC hereunder can be found which is willing and able to undertake such functions upon reasonable and customary terms, the Series 2023 Bonds shall no longer be restricted to being registered in the registration books kept by the Bond Registrar in the name of Cede & Co., as Nominee of DTC, but may be registered in whatever name or names Owners transferring or exchanging the Series 2023 Bonds shall designate, in accordance with the provisions of the Indenture. See " - Book-Entry System" herein.

U.S. Bank Trust Company, National Association is the Trustee, Bond Registrar and Paying Agent for the Series 2023 Bonds.

Any Series 2023 Bonds that are purchased by the District with amounts held to pay an Amortization Installment will be cancelled and the principal amount so purchased will be applied as a credit against the applicable Amortization Installment of Series 2023 Bonds.

Upon redemption or purchase of a portion of the Series 2023 Bonds (other than redemption in accordance with scheduled Amortization Installments), the District shall cause to be recalculated and delivered to the Trustee revised Amortization Installments recalculated so that debt service on the Series 2023 Bonds is amortized in substantially equal annual installments of principal and interest (subject to rounding to Authorized Denominations of principal) over the remaining term of the Series 2023 Bonds.

Extraordinary Mandatory Redemption

The Series 2023 Bonds are subject to extraordinary mandatory redemption prior to maturity by the District in whole or in part, on any date (other than in the case of clause (iii) below, which extraordinary

mandatory redemption in part must occur on a Quarterly Redemption Date), at a Redemption Price equal to 100% of the principal amount of the Series 2023 Bonds to be redeemed, plus interest accrued to the redemption date, as follows:

- (i) Upon the Completion Date of the Assessment Area Two Project, from any funds remaining on deposit in the Series 2023 Acquisition and Construction Account not otherwise reserved to complete the Assessment Area Two Project and transferred to the Series 2023 Prepayment Account pursuant to the Indenture. If such redemption shall be in part, the District shall select such principal amount of Assessment Area Two Bonds to be redeemed from each maturity so that debt service on the remaining Outstanding Assessment Area Two Bonds is substantially level; or
- (ii) From moneys, if any, on deposit in the Series 2023 Funds, Accounts and Subaccounts (other than the Series 2023 Rebate Fund and the Series 2023 Acquisition and Construction Account) sufficient to pay and redeem all Outstanding Series 2023 Bonds and accrued interest thereon to the redemption date or dates in addition to all amounts owed to Persons under the Master Indenture; or
- (iii) From Prepayment Principal deposited into the Series 2023 Prepayment Account of the Bond Redemption Fund following the payment in whole or in part of Series 2023 Assessments on any assessable property within the District in accordance with the provisions of the Second Supplemental Indenture, together with any excess moneys transferred by the Trustee from the Series 2023 Reserve Account to the Series 2023 Prepayment Account as a result of such Prepayment and pursuant to Second Supplemental Indenture. If such redemption shall be in part, the District shall select such principal amount of Series 2023 Bonds to be redeemed from each maturity so that debt service on the remaining Outstanding Series 2023 Bonds is substantially level.

Except as otherwise provided herein or in the Indenture, if less than all of the Series 2023 Bonds of a maturity subject to redemption shall be called for redemption, the particular such Series 2023 Bonds or portions of such Series 2023 Bonds to be redeemed shall be selected by lot by the Registrar as provided in the Indenture.

As used herein, "Quarterly Redemption Date" shall mean each February 1, May 1, August 1 and November 1. Except as otherwise provided in the Indenture, if less than all of the Series 2023 Bonds of a maturity subject to redemption shall be called for redemption, the particular such Series 2023 Bonds or portions of such Series 2023 Bonds to be redeemed shall be selected by lot by the Registrar as provided in the Indenture. Reference is hereby specifically made to "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" for additional details concerning the redemption of Series 2023 Bonds.

Notice of Redemption

Notice of each redemption of Series 2023 Bonds is required to be mailed by the Bond Registrar, postage prepaid, not less than thirty (30) nor more than sixty (60) days prior to the redemption date to each Bondholder of Series 2023 Bonds to be redeemed at the address of such Bondholder recorded on the bond register maintained by the Bond Registrar. The District may provide that any optional redemption of Series 2023 Bonds issued under the Indenture may be subject to certain conditions; provided that the notice of such conditional optional redemption must expressly state that such optional redemption is conditional and describe the conditions for such redemption. On the date designated for redemption, notice having been given and money for the payment of the Redemption Price being held by the Paying Agent, all as provided in the Indenture, the Series 2023 Bonds or such portions thereof so called for redemption shall become and be due and payable at the Redemption Price provided for the redemption of such Series 2023 Bonds or such portions thereof on such date, interest on such Series 2023 Bonds or such portions thereof so called for

redemption shall cease to accrue, such Series 2023 Bonds or such portions thereof so called for redemption shall cease to be entitled to any benefit or security under the Indenture and the Owners thereof shall have no rights in respect of such Series 2023 Bonds or such portions thereof so called for redemption except to receive payments of the Redemption Price thereof so held by the Paying Agent. Further notice of redemption shall be given by the Bond Registrar to certain registered securities depositories and information services as set forth in the Indenture, but no defect in said further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed.

If at the time of mailing the notice of any redemption, the District shall not have deposited with the Trustee or Paying Agent moneys sufficient to redeem all the Series 2023 Bonds called for redemption, such notice shall state that it is subject to the deposit of the redemption moneys with the Trustee or Paying Agent, as the case may be, not later than the redemption date, and such notice shall be of no effect unless such moneys are so deposited.

Purchase of Series 2023 Bonds

At the written direction of the District, the Trustee shall apply moneys from time to time available in the Series 2023 Sinking Fund Account to the purchase of Series 2023 Bonds which mature in the aforesaid years, at prices not higher than the principal amount thereof, in lieu of redemption as aforesaid, provided that firm purchase commitments can be made before the notice of redemption would otherwise be required to be given.

Book-Entry System

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC, and the District does not make any representation or warranty or take any responsibility for the accuracy or completeness of such information.

DTC will act as securities depository for the Series 2023 Bonds. The Series 2023 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Series 2023 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing

corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Series 2023 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2023 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2023 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2023 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2023 Bonds, except in the event that use of the bookentry system for the Series 2023 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2023 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2023 Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2023 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2023 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2023 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2023 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of Series 2023 Bonds may wish to ascertain that the nominee holding the Series 2023 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2023 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such series or maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2023 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2023 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and interest payments on the Series 2023 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail

information from the District or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2023 Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, the Series 2023 Bonds are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, the Series 2023 Bonds will be printed and delivered to DTC.

SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS

General

NEITHER THE SERIES 2023 BONDS NOR THE INTEREST AND PREMIUM, IF ANY, PAYABLE THEREON SHALL CONSTITUTE A GENERAL OBLIGATION OR GENERAL INDEBTEDNESS OF THE DISTRICT WITHIN THE MEANING OF THE CONSTITUTION AND LAWS OF FLORIDA. THE SERIES 2023 BONDS AND THE INTEREST AND PREMIUM, IF ANY, PAYABLE THEREON DO NOT CONSTITUTE EITHER A PLEDGE OF THE FULL FAITH AND CREDIT OF THE DISTRICT OR A LIEN UPON ANY PROPERTY OF THE DISTRICT OTHER THAN AS PROVIDED IN THE INDENTURE. NO OWNER OR ANY OTHER PERSON SHALL EVER HAVE THE RIGHT TO COMPEL THE EXERCISE OF ANY AD VALOREM TAXING POWER OF THE DISTRICT OR ANY OTHER PUBLIC AUTHORITY OR GOVERNMENTAL BODY TO PAY DEBT SERVICE OR TO PAY ANY OTHER AMOUNTS REQUIRED TO BE PAID PURSUANT TO THE INDENTURE OR THE SERIES 2023 BONDS. RATHER, DEBT SERVICE AND ANY OTHER AMOUNTS REQUIRED TO BE PAID PURSUANT TO THE INDENTURE OR THE SERIES 2023 BONDS SHALL BE PAYABLE SOLELY FROM, AND SHALL BE SECURED SOLELY BY, THE SERIES 2023 PLEDGED REVENUES AND THE SERIES 2023 PLEDGED FUNDS PLEDGED TO THE SERIES 2023 BONDS, ALL AS PROVIDED IN THE SERIES 2023 BONDS AND IN THE INDENTURE.

The Series 2023 Bonds are equally and ratably secured by the Series 2023 Trust Estate, without preference or priority of one Series 2023 Bond over another. The Series 2023 Trust Estate consists of all right, title and interest of the District in, to and under, subject to the terms of the Indenture, the revenues derived by the District from the Series 2023 Assessments levied and imposed pursuant to the hereinafter-defined Assessment Proceedings (the "Series 2023 Pledged Revenues") and the Funds and Accounts (except for the Series 2023 Rebate Account and the Series 2023 Costs of Issuance Account) established under the Indenture (the "Series 2023 Pledged Funds").

"Special Assessments" mean (a) the net proceeds derived from the levy and collection of "special assessments," as provided for in Sections 190.011(14) and 190.022 of the Act against District Lands that

are subject to assessment as a result of a particular Project or any portion thereof, and (b) the net proceeds derived from the levy and collection of "benefit special assessments," as provided for in Section 190.021(2) of the Act, against the lands within the District that are subject to assessment as a result of a particular Project or any portion thereof, and in the case of both "special assessments" and "benefit special assessments," including the interest and penalties on such assessments, pursuant to all applicable provisions of the Act and Chapter 170, Florida Statutes, and Chapter 197, Florida Statutes (and any successor statutes thereto), including, without limitation, any amount received from any foreclosure proceeding for the enforcement of collection of such assessments or from the issuance and sale of tax certificates with respect to such assessments, less (to the extent applicable) the fees and costs of collection thereof payable to the Tax Collector and less certain administrative costs payable to the Property Appraiser pursuant to the Property Appraiser and Tax Collector Agreement. "Special Assessments" shall not include "special assessments" levied and collected by the District under Section 190.022 of the Act for maintenance purposes or "maintenance special assessments" levied and collected by the District under Section 190.021(3) of the Act.

The "Series 2023 Assessments" are the Special Assessments levied against properties within Assessment Area Two of the District specially benefitted by the Assessment Area Two Project as described in the Assessment Proceedings. The Series 2023 Assessments are imposed and levied pursuant to the Act, resolutions of the District adopted prior to delivery of the Series 2023 Bonds as amended and supplemented from time to time (collectively, the "Assessment Resolutions") and assessment proceedings conducted by the District including the Assessment Methodology (as hereinafter defined and, together with the Assessment Resolutions, the "Assessment Proceedings"). See "APPENDIX D: ASSESSMENT METHODOLOGY" attached hereto for additional information. Non-ad valorem assessments, including the Series 2023 Assessments, are not based on millage and are not taxes, but can become a lien against the homestead as permitted in Section 4, Article X of the Florida State Constitution. The Series 2023 Assessments will constitute a lien against the land as to which the Series 2023 Assessments are imposed. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein.

Covenant to Levy the Series 2023 Assessments

The District will covenant in the Indenture to comply with the terms of the proceedings adopted with respect to the Series 2023 Assessments, including the Assessment Methodology, and to levy Series 2023 Assessments and any required true-up payments as set forth in the Assessment Methodology, in such manner as will generate funds sufficient to pay the principal of and interest on the Series 2023 Bonds when due. The District will further agree that it shall not amend the Assessment Methodology in any material manner without the written consent of the Majority Owners.

The District has also covenanted in the Master Indenture that, if any Special Assessment shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or the District shall be satisfied that any such Special Assessment is so irregular or defective that the same cannot be enforced or collected, or if the District shall have omitted to make such Special Assessment when it might have done so, the District has additionally covenanted to either (i) take all necessary steps to cause a new Special Assessment to be made for the whole or any part of such improvement or against any property benefited by such improvement, or (ii) in its sole discretion, make up the amount of such Special Assessment from legally available moneys, which moneys shall be deposited into the applicable Series Revenue Account. In case any such subsequent Special Assessment shall also be annulled, the District shall obtain and make other Special Assessments until a valid Special Assessment shall be made.

Prepayment of Series 2023 Assessments

Pursuant to the Assessment Proceedings, any owner of land against which a Series 2023 Assessment has been levied may pay the principal balance of such Series 2023 Assessment, in whole or in part at any time, if there is also paid an amount equal to the interest that would otherwise be due on such balance to the earlier of the next succeeding November 1 or May 1 which is at least 45 days after the date of payment.

Pursuant to the Act and the Assessment Proceedings, an owner of property subject to the levy of Series 2023 Assessments may pay the entire balance of the Series 2023 Assessments remaining due, without interest, within thirty (30) days after the Assessment Area Two Project has been completed or acquired by the District, and the Board has adopted a resolution accepting the Assessment Area Two Project pursuant to Chapter 170.09, Florida Statutes. The Landowners, as the owner of all of the property within Assessment Area Two, will covenant to waive this right on behalf of themselves and their respective successors and assigns in connection with the issuance of the Series 2023 Bonds. See "BONDOWNERS' RISKS – Prepayment and Redemption Risk" herein.

Any Prepayment of Series 2023 Assessments will result in the extraordinary mandatory redemption of a portion of the Series 2023 Bonds as indicated under "DESCRIPTION OF THE SERIES 2023 BONDS – Redemption Provisions – Extraordinary Mandatory Redemption." The prepayment of Series 2023 Assessments does not entitle the owner of the property to a discount for early payment.

Limitation on Issuance of Additional Bonds

Other than Bonds issued to refund all or a portion of Outstanding Series 2023 Bonds, the issuance of which as determined by the District results in present value debt service savings, the District shall not, while any Series 2023 Bonds are outstanding, issue or incur any debt payable in whole or in part from the Series 2023 Trust Estate. In addition, the District will covenant in the Indenture not to issue any other Bonds or other debt obligations secured by Special Assessments on assessable lands that are also encumbered by the Series 2023 Assessments for any capital project unless the Series 2023 Assessments have been Substantially Absorbed. "Substantially Absorbed" means the date at least 90% of the principal portion of the Series 2023 Assessments have been assigned to residential units that have received certificates of occupancy and all lots subject to the Series 2023 Assessments have been platted and developed. The District may issue Bonds or other debt obligations secured by Special Assessments on assessable lands not encumbered by the Series 2023 Assessments without limitation except as limited by the documents pursuant to which such Bonds or debt are issued. The Trustee and the District may rely on a certificate from the District Manager regarding such status of the residential units and the Series 2023 Assessments and in the absence of receipt of such certificate, may assume Substantial Absorption has not occurred.

Notwithstanding the above paragraph to the contrary, certain operation and maintenance assessments have and will continue to be levied upon the same lands subject to the Series 2023 Assessments; however, such assessments will not be available to pay debt service on the Series 2023 Bonds. The Series 2023 Assessments and the operation and maintenance assessments will have coequal lien status on the District Lands. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" and "THE DEVELOPMENT – Taxes, Fees and Assessments" herein.

Covenant Against Sale or Encumbrances

In the Master Indenture, the District has covenanted that, (a) except for those improvements comprising any Project that are to be conveyed by the District to the County, the State Department of Transportation or another governmental entity and (b) except as permitted in the Master Indenture, it will

not sell, lease or otherwise dispose of or encumber any Project, including the Assessment Area Two Project, or any part thereof. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" attached hereto for more information.

Acquisition and Construction Account

Pursuant to the Second Supplemental Indenture, there is established within the Acquisition and Construction Fund held by the Trustee the Series 2023 Acquisition and Construction Account, and therein a General Subaccount and a Phase 4 Project Subaccount. Amounts on deposit in the Series 2023 Acquisition and Construction Account and the Subaccounts therein, including moneys transferred to the General Subaccount from the Series 2023 Reserve Account after satisfaction of Condition #1 for Reduction of Reserve Requirement and Condition #2 for Reduction of Reserve Requirement (each as defined herein), shall be applied to pay the Costs of the Assessment Area Two Project upon compliance with the requirements of the requisition provisions set forth in the Indenture. Funds on deposit in the General Subaccount within the Series 2023 Acquisition and Construction Account shall only be requested by the District to be applied to the Costs of the Assessment Area Two Project. Funds on deposit in the Phase 4 Project Subaccount within the Series 2023 Acquisition and Construction Account shall only be requested by the District to be applied to the Costs of the Phase 4 Project. Upon satisfaction of each of Condition #1 for Reduction of Reserve Requirement or Condition #2 for Reduction of Reserve Requirement, as applicable, the amount on deposit in the Series 2023 Reserve Account in excess of the Series 2023 Reserve Requirement following the satisfaction of such condition shall then be transferred to the General Subaccount within the Series 2023 Acquisition and Construction Account and applied as provided in the Second Supplemental Indenture. See "-Reserve Account" herein for more information regarding the Conditions for Reduction of Reserve Requirement.

After the Completion Date for the Phase 4 Project, and after retaining costs to complete the Phase 4 Project, any moneys remaining in the Phase 4 Project Subaccount shall be transferred to the General Subaccount within the Series 2023 Acquisition and Construction Account, as directed in writing by the District, or the District Manager on behalf of the District, to the Trustee, and applied to fund other Costs of the Assessment Area Two Project. Any balance remaining in the General Subaccount within the Series 2023 Acquisition and Construction Account after the Completion Date of the Assessment Area Two Project, and after retaining the amount, if any, of all remaining unpaid Costs of the Assessment Area Two Project set forth in the Engineers' Certificate establishing such Completion Date, shall be transferred to and deposited in the Series 2023 Prepayment Account in the Bond Redemption Fund and applied to the extraordinary mandatory redemption of the Series 2023 Bonds in the manner prescribed in the Series 2023 Bonds; provided, however, that if on the date of such proposed transfer the Trustee has knowledge that an Event of Default exists, such amounts shall remain on deposit in the Series 2023 Acquisition and Construction Account until such Event of Default no longer exists or is waived or the Trustee is directed by the Majority Owners to otherwise apply such moneys. Notwithstanding the foregoing, the Series 2023 Acquisition and Construction Account and the General Subaccount therein shall not be closed until after (i) the Completion Date for the Phase 4 Project shall have occurred and (ii) each of the Conditions for Reduction of Reserve Requirement shall have occurred and the excess funds from the Series 2023 Reserve Account shall have been transferred to the General Subaccount within the Series 2023 Acquisition and Construction Account and applied in accordance with the Second Supplemental Indenture. The Trustee shall not be responsible for determining the amounts in the Series 2023 Acquisition and Construction Account or the subaccounts therein allocable to the respective components of the Assessment Area Two Project.

The "Phase 4 Project" shall mean the portion of the Assessment Area Two Project consisting of public infrastructure improvements associated with the development of Phases 4A, 4B and 4C of the

Development, as further described in the Engineer's Report. See "THE CIP AND THE ASSESSMENT AREA TWO PROJECT" herein.

Reserve Account

Pursuant to the Second Supplemental Indenture, there is established within the Debt Service Reserve Fund a Series 2023 Reserve Account, which account shall be funded in the amount of the Series 2023 Reserve Requirement upon issuance of the Series 2023 Bonds. See "ESTIMATED SOURCES AND USES OF PROCEEDS" herein.

"Series 2023 Reserve Requirement" or "Reserve Requirement" shall (i) initially be an amount equal to the maximum annual debt service on the Series 2023 Bonds as calculated from time to time; (ii) upon the occurrence of Condition #1 for Reduction of Reserve Requirement, fifty percent (50%) of the maximum annual debt service on the Series 2023 Bonds as calculated from time to time; and (iii) upon the occurrence of Condition #2 for Reduction of Reserve Requirement, ten percent (10%) of the maximum annual debt service for the Series 2023 Bonds as calculated from time to time. Upon satisfaction of each of the Conditions for Reduction of Reserve Requirement, such excess amount shall be released from the Series 2023 Reserve Account and transferred to the General Subaccount within the Series 2023 Acquisition and Construction Account in accordance with the provisions of the Second Supplemental Indenture. For the purpose of calculating the Series 2023 Reserve Requirement, maximum annual debt service, fifty percent (50%) of maximum annual debt service or ten percent (10%) of maximum annual debt service, as the case may be, shall be initially calculated as of the date of the original issuance and delivery and recalculated in connection with each extraordinary mandatory redemption of the Series 2023 Bonds from Prepayment Principal (but not upon the optional or mandatory sinking fund redemption thereof) as set forth in the Second Supplemental Indenture, and such excess amount shall be released from the Series 2023 Reserve Account and, other than as provided in the immediately preceding sentence, transferred to the Series 2023 Prepayment Account in accordance with the provisions of the Second Supplemental Indenture. Amounts on deposit in the Series 2023 Reserve Account may, upon final maturity or redemption of all Outstanding Series 2023 Bonds, be used to pay principal of and interest on the Series 2023 Bonds at that time. Initially, the Series 2023 Reserve Requirement shall be equal to \$

"Condition #1 for Reduction of Reserve Requirement" with respect to the Series 2023 Bonds shall mean collectively (i) all lots in Assessment Area Two have been sold and closed to homebuilders, and (ii) there shall be no Events of Default under the Indenture with respect to the Series 2023 Bonds, each as certified by the District Manager. The District shall present the Trustee with the certifications of the District Manager regarding the satisfaction of Condition #1 for Reduction of Reserve Requirement, and the Trustee may rely conclusively upon such certifications and shall have no duty to verify the same.

"Condition #2 for Reduction of Reserve Requirement" with respect to the Series 2023 Bonds shall mean collectively (i) all of the Series 2023 Assessments have been assigned to homes within Assessment Area Two that have been constructed and have received certificates of occupancy, and (ii) there shall be no Events of Default under the Indenture with respect to the Series 2023 Bonds, as certified by the District Manager. The District shall present the Trustee with the certifications of the District Manager regarding the satisfaction of Condition #2 for Reduction of Reserve Requirement, and the Trustee may rely conclusively upon such certifications and shall have no duty to verify the same.

Amounts on deposit in the Series 2023 Reserve Account shall, except as provided in the Indenture, be used only for the purpose of making payments into the Series 2023 Interest Account and the Series 2023 Sinking Fund Account to pay principal and interest due on the Series 2023 Bonds, without distinction as to Series 2023 Bonds and without privilege or priority of one Series 2023 Bond over another, when due when the moneys on deposit in such Accounts and available therefor are insufficient.

The Trustee, on or before the forty-fifth day (or if such day is not a Business Day, on the Business Day next preceding such day) next preceding each Quarterly Redemption Date, after taking into account all payments and transfers made as of such date, shall compute the value of the Series 2023 Reserve Account and shall promptly notify the District of the amount of any deficiency or surplus as of such date in such account. The District shall immediately pay the amount of any deficiency to the Trustee, for deposit in the Series 2023 Reserve Account, from the first legally available sources of the District. Any surplus in the Series 2023 Reserve Account (other than any surplus resulting from investment earnings) shall be deposited into the Series 2023 Prepayment Account. Upon satisfaction of Condition #1 for Reduction of Reserve Requirement or Condition #2 for Reduction of Reserve Requirement, as applicable, the amount on deposit in the Series 2023 Reserve Account in excess of the Series 2023 Reserve Requirement shall then be transferred to the General Subaccount within the Series 2023 Acquisition and Construction Account and applied as provided in the Indenture.

In the event of a prepayment of Series 2023 Assessments in accordance with the Indenture, forty-five (45) days before the next Quarterly Redemption Date, the District shall, as described in the Indenture, recalculate the Series 2023 Reserve Requirement taking into account the amount of Series 2023 Bonds that will be outstanding as a result of such prepayment of Series 2023 Assessments, and direct the Trustee to transfer the amount on deposit in the Series 2023 Reserve Account in excess of the Series 2023 Reserve Requirement, resulting from such Prepayment Principal, to the Series 2023 Prepayment Account to be applied toward the extraordinary redemption of Series 2023 Bonds in accordance with the extraordinary mandatory redemption provisions set forth in the Indenture, as a credit against the Prepayment Principal otherwise required to be made by the owner of such property subject to Series 2023 Assessments.

All earnings on investments in the Series 2023 Reserve Account shall be deposited to the Series 2023 Revenue Account, provided no deficiency exists in the Series 2023 Reserve Account, and if a deficiency does exist, earnings shall remain on deposit in the Series 2023 Reserve Account until the deficiency is cured. Such Account shall consist only of cash and Series 2023 Investment Obligations. Notwithstanding anything in the Master Indenture to the contrary, the District covenants not to substitute the cash and Series 2023 Investment Obligations by obtaining bond insurance or a surety bond issued by a municipal bond insurer.

Notwithstanding the foregoing, on the earliest date on which there are on deposit in the Series 2023 Reserve Account sufficient monies, taking into account other monies available therefor, to pay and redeem all of the Outstanding Series 2023 Bonds, together with accrued interest on such Series 2023 Bonds to the earliest date of redemption, then the Trustee shall transfer to the Series 2023 Prepayment Account the amount on deposit in the Series 2023 Reserve Account to pay and redeem all of the Outstanding Series 2023 Bonds on the earliest such date.

It shall be an Event of Default under the Indenture if at any time the amount in the Series 2023 Reserve Account is less than the Series 2023 Reserve Requirement as a result of the Trustee withdrawing an amount therefrom to satisfy the Debt Service Reserve Requirements on the Series 2023 Bonds and such amount has not been restored within one hundred ninety (90) days of such withdrawal. See also "—Certain Remedies Upon an Event of Default" herein for more information regarding Events of Default relating to the Series 2023 Reserve Account under the Indenture.

Deposit and Application of the Series 2023 Pledged Revenues

Pursuant to the Second Supplemental Indenture, there is established within the Revenue Fund a Series 2023 Revenue Account into which the revenues from the Series 2023 Assessments shall be deposited. Upon deposit of the revenues from the Series 2023 Assessments including the interest thereon with the Trustee, the District shall provide the Trustee a written accounting setting forth the amounts of

such Series 2023 Assessments in the following categories which shall be deposited by the Trustee into the Funds and Accounts established under the Indenture as follows:

- (i) Assessment Interest, which shall be deposited into the Series 2023 Interest Account;
- (ii) Assessment Principal, which shall be deposited into the Series 2023 Sinking Fund Account;
- (iii) Prepayment Principal, which shall be deposited into the Series 2023 Prepayment Account;
- (iv) Delinquent Assessment Principal shall first be applied to restore the amount of any withdrawal, from the Series 2023 Reserve Account to pay the principal of Series 2023 Bonds to the extent that less than the Series 2023 Reserve Account Requirement is on deposit in the Series 2023 Reserve Account, and, the balance, if any, shall be deposited into the Series 2023 Sinking Fund Account;
- (v) Delinquent Assessment Interest shall first be applied to restore the amount of any withdrawal, from the Series 2023 Reserve Account to pay the interest of Series 2023 Bonds to the extent that less than the Series 2023 Reserve Account Requirement is on deposit in a Series 2023 Reserve Account, and, the balance, if any, shall be deposited into the Series 2023 Interest Account;
 - (vi) The balance shall be deposited in the Series 2023 Revenue Account.

On each March 15, June 15, September 15 and December 15 (or if such day is not a Business Day, on the Business Day next preceding such day), next preceding each Quarterly Redemption Date, the Trustee shall determine the amount on deposit in the Series 2023 Prepayment Account and, if the balance therein is greater than zero, shall transfer, but only after transferring sufficient amounts as directed by the District to pay amounts on the next Interest Payment Date from the Series 2023 Revenue Account for deposit into such Prepayment Account, an amount sufficient to increase the amount on deposit therein to the next integral multiple of \$5,000, and, shall thereupon give notice and cause the extraordinary mandatory redemption of Series 2023 Bonds on the next succeeding Quarterly Redemption Date in the maximum aggregate principal amount for which moneys are then on deposit in such Prepayment Account in accordance with the provisions for extraordinary redemption of Series 2023 Bonds as set forth in the Indenture. All interest due in regard to such prepayments shall be paid from the Series 2023 Interest Account or, if insufficient amounts are on deposit in the Series 2023 Interest Account to pay such interest then from the Series 2023 Revenue Account.

Anything in the Indenture to the contrary, on each May 1 and November 1 (or if such May 1 or November 1 is not a Business Day, on the Business Day preceding such May 1 or November 1), the Trustee shall transfer from amounts on deposit in the Series 2023 Revenue Account to the Funds and Accounts designated below, the following amounts in the following order of priority:

FIRST, to the Series 2023 Interest Account of the Debt Service Fund, an amount equal to the amount of interest payable on all Series 2023 Bonds then Outstanding on such May 1 or November 1, less any other amount already on deposit in the Series 2023 Interest Account not previously credited;

SECOND, beginning on November 1, 2023, and no later than the Business Day next preceding each November 1 thereafter while Series 2023 Bonds remain Outstanding, to the Series 2023 Sinking Fund Account, an amount equal to the Amortization Installment on the Series 2023 Bonds due on such November 1 or the principal maturing on such November 1, less any amount on deposit in the Series 2023 Sinking Fund Account not previously credited;

THIRD, to the Series 2023 Reserve Account, the amount, if any, which is necessary to make the amount on deposit therein equal to the Series 2023 Reserve Requirement with respect to the Series 2023 Bonds; and

FOURTH, the balance shall be retained in the Series 2023 Revenue Account.

Anything in the Indenture to the contrary notwithstanding, it shall not constitute an Event of Default thereunder if the full amount of the foregoing deposits are not made due to an insufficiency of funds therefor; provided, however, that nothing in this paragraph is meant to change what are otherwise Events of Default as provided for in the Indenture.

On any date required by the Arbitrage Certificate, the District shall give the Trustee written direction, and the Trustee shall, transfer from the Series 2023 Revenue Account to the Series 2023 Rebate Account established for the Series 2023 Bonds in the Rebate Fund, and the Arbitrage Certificate the amount due and owing to the United States, which amount shall be paid, to the United States, when due, in accordance with such Arbitrage Certificate. To the extent insufficient moneys are on deposit in the Series 2023 Revenue Account to make the transfer provided for in the immediately preceding sentence the District shall deposit with the Trustee from available moneys of the District the amount of any such insufficiency.

Anything in the Indenture to the contrary notwithstanding, amounts on deposit in all of the Funds and Accounts and any subaccounts hereto therein held as security for the Series 2023 Bonds shall be invested only in Series 2023 Investment Obligations, and further, earnings on investments in the Series 2023 Acquisition and Construction Account and all subaccounts therein and the Series 2023 Costs of Issuance Account shall be retained as realized, in such Accounts and subaccounts and used for the purpose of such Accounts and subaccounts. Earnings on investments in the Series 2023 Revenue Account, Series 2023 Sinking Fund Account, the Series 2023 Interest Account and the Series 2023 Prepayment Account in the Bond Redemption Fund shall be deposited, as realized, to the credit of the Series 2023 Revenue Account and used for the purpose of such Account.

Indenture Provisions Relating to Bankruptcy or Insolvency of Landowner

The Indenture will contain the following provisions which, pursuant to the Indenture, shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to at least three percent (3%) of the Series 2023 Assessments pledged to the Series 2023 Bonds Outstanding (an "Insolvent Taxpayer") under any existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (a "Proceeding"). The District will acknowledge and agree that, although the Series 2023 Bonds were issued by the District, the Owners of the Series 2023 Bonds are categorically the party with the ultimate financial stake in the transaction and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving an Insolvent Taxpayer: (i) the District will agree that it shall seek to secure the written consent of the Trustee, acting at the direction of the Majority Owners of the Series 2023 Bonds Outstanding, prior to making any election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceedings or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding, the Outstanding Series 2023 Bonds or any rights of the Trustee under the Indenture (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2023 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for consent); (ii) the District will agree that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding, the Series 2023 Bonds Outstanding or any rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee; (iii) the District will agree that it shall seek the written consent of the Trustee prior to filing and voting in any such Proceeding (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2023 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for consent); (iv) the Trustee shall have the right, by interpleader or otherwise, to seek or oppose any relief in any such Proceeding that the District, as claimant with respect to the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding would have the right to pursue, and, if the Trustee chooses to exercise any such rights, the District shall not oppose the Trustee in seeking to exercise any and all rights and taking any and all actions available to the District in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute and/or defend any claims and proofs of claims, to vote to accept or reject a plan, to seek dismissal of the Proceeding, to seek stay relief to commence or continue foreclosure or pursue any other available remedies as to the Series 2023 Assessments relating the Series 2023 Bonds Outstanding, to seek substantive consolidation, to seek to shorten the Insolvent Taxpayer's exclusivity periods or to oppose any motion to extend such exclusivity periods, to oppose any motion for use of cash collateral or for authority to obtain financing, to oppose any sale procedures motion or any sale motion, to propose a competing plan of reorganization or liquidation, or to make any election under Section 1111(b) of the Bankruptcy Code; and (v) the District shall not challenge the validity or amount of any claim submitted in good faith in such Proceeding by the Trustee or any valuations of the lands owned by any Insolvent Taxpayer submitted in good faith by the Trustee in such Proceedings or take any other action in such Proceedings, which is adverse to Trustee's enforcement or the District's claim and rights with respect to the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding or receipt of adequate protection (as that term is defined in the Bankruptcy Code). Without limiting the generality of the foregoing, the District will agree that the Trustee shall have the right (i) to file a proof of claim with respect to the Series 2023 Assessments pledged to the Series 2023 Bonds Outstanding, (ii) to deliver to the District a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim.

Notwithstanding the provisions of the immediately preceding paragraphs, nothing in the foregoing provisions of the Indenture shall preclude the District from becoming a party to a Proceeding in order to enforce a claim for operation and maintenance assessments, and the District shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the District in pursuance of its claim for operation and maintenance assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding whether such claim is pursued by the District or the Trustee; provided, however, that the District shall not oppose any relief sought by the Trustee under the authority granted to the Trustee in clause (iv) or (v) above. See "BONDOWNERS' RISKS – Bankruptcy Risks" for more information regarding Indenture provisions relating to bankruptcy or insolvency of the Landowners.

Certain Remedies upon an Event of Default

The Indenture provides that each of the following shall be an "Event of Default" under the Indenture, with respect to the Series 2023 Bonds:

(a) if payment of any installment of interest on any Series 2023 Bonds is not made when it becomes due and payable;

- (b) if payment of the principal or Redemption Price of any Series 2023 Bonds is not made when it becomes due and payable at maturity or upon call or presentation for redemption;
- (c) if the District, for any reason, fails in, or is rendered incapable of, fulfilling its obligations under the Indenture or under the Act, which may be determined as to the Series 2023 Bonds solely by the Majority Owners of the Series 2023 Bonds;
- (d) if the District proposes or makes an assignment for the benefit of creditors or enters into a composition agreement with all or a material part of its creditors, or a trustee, receiver, executor, conservator, liquidator, sequestrator or other judicial representative, similar or dissimilar, is appointed for the Issuer or any of its assets or revenues, or there is commenced any proceeding in liquidation, bankruptcy, reorganization, arrangement of debts, debtor rehabilitation, creditor adjustment or insolvency, local, state or federal, by or against the Issuer and if such is not vacated, dismissed or stayed on appeal within ninety (90) days;
- (e) if the District defaults in the due and punctual performance of any other covenant in the Indenture or in any Series 2023 Bonds issued pursuant to the Indenture and such default continues for sixty (60) days after written notice requiring the same to be remedied shall have been given to the District by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Majority Owners; provided, however, that if such performance requires work to be done, actions to be taken, or conditions to be remedied, which by their nature cannot reasonably be done, taken or remedied, as the case may be, within such sixty (60) day period, no Event of Default shall be deemed to have occurred or exist if, and so long as the District shall commence such performance within such sixty (60) day period and shall diligently and continuously prosecute the same to completion;
- (f) if at any time the amount in the Series 2023 Reserve Account is less than the Series 2023 Reserve Requirement as a result of the Trustee withdrawing an amount therefrom to satisfy the Debt Service Requirements on the Series 2023 Bonds (or would be less than the Series 2023 Reserve Requirement but for the direction of the Majority Owners not to make such withdrawal) and such amount has not been restored within ninety (90) days of such withdrawal (or direction of the Majority Owners not to withdraw); or
- (g) if, at any time following issuance of the Series 2023 Bonds, more than twenty percent (20%) of the "maintenance special assessments" levied by the District on the District Lands upon which the Series 2023 Assessments are levied to secure the Series 2023 Bonds pursuant to Section 190.021(3), Florida Statutes, as amended, and collected directly by the District have become due and payable and have not been paid, when due.

If any Event of Default with respect to the Series 2023 Bonds has occurred and is continuing, the Trustee, in its discretion may, and upon the written request of the Holders of not less than a majority of the aggregate principal amount of the Outstanding Series 2023 Bonds and receipt of indemnity to its satisfaction shall, in its own name:

- (a) by mandamus, or other suit, action or proceeding at law or in equity, enforce all rights of the Holders of the Series 2023 Bonds, including, without limitation, the right to require the District to carry out any agreements with, or for the benefit of, the Bondholders of the Series 2023 Bonds and to perform its or their duties under the Act;
 - (b) bring suit upon the Series 2023 Bonds;

- (c) by action or suit in equity require the District to account as if it were the trustee of an express trust for the Holders of the Series 2023 Bonds;
- (d) by action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of the Series 2023 Bonds; and
- (e) by other proceeding in law or equity, exercise all rights and remedies provided for by any other document or instrument securing such Series 2023 Bonds.

No Series of Bonds issued under the Master Indenture shall be subject to acceleration unless the Special Assessments securing such series of Bonds are also accelerated. Upon an Event of Default, no optional redemption or extraordinary mandatory redemption of the Series 2023 Bonds shall occur unless all of the Series 2023 Bonds where an Event of Default has occurred will be redeemed or if 100% of the Holders of such Series 2023 Bonds agree to such redemption.

The Holders of a majority in aggregate principal amount of the Outstanding Series 2023 Bonds then subject to remedial proceedings under the Master Indenture shall have the right to direct the method and place of conducting all remedial proceedings by the Trustee under the Indenture, provided that such directions shall not be otherwise than in accordance with law or the provisions of the Indenture. The Trustee shall have no liability as a result of any actions taken upon any such direction of the Holders.

The District will covenant and agree that it will take such actions to enforce (i) the remedial provisions of the Indenture upon an Event of Default with respect to the Series 2023 Bonds, (ii) the provisions for the collection of delinquent Special Assessments that are directly billed and collected by the District, as well as delinquent direct billed operation and maintenance assessments, and (iii) the provisions for the foreclosure of liens of delinquent Special Assessments that are directly billed and collected by the District, as well as delinquent direct billed operation and maintenance assessments, all in a manner consistent with the Indenture. All Series 2023 Assessments that are billed and collected directly by the District shall be due and payable by the applicable developer no later than thirty (30) days prior to each Interest Payment Date and shall become delinquent thereafter.

Notwithstanding anything to the contrary in the Indenture, the District will further acknowledge and agree that (i) upon failure of any property owner to pay when due any installment of Series 2023 Assessments that are billed directly by the District, the entire Series 2023 Assessments levied on the property for which such installment of Series 2023 Assessments is due and unpaid, with interest and penalties thereon, shall immediately become due and payable as provided by applicable law and, with the written consent of the Trustee acting at the direction of the Majority Owners of the Series 2023 Bonds Outstanding, the District shall promptly, but in any event within one hundred twenty (120) days of the receipt of such consent, cause to be brought the necessary legal proceedings for the foreclosure of liens of the delinquent Series 2023 Assessments, including interest and penalties and (ii) the foreclosure proceedings shall be prosecuted to a sale and conveyance of the property involved in said proceedings as now provided by law in suits to foreclose mortgages.

Foreclosure of Series 2023 Assessment Lien

Notwithstanding any other provisions of the Indenture to the contrary, the Second Supplemental Indenture provides that the following shall apply with respect to the Series 2023 Assessments and Series 2023 Bonds: If the Series 2023 Assessments levied and collected under the Uniform Method (as defined herein) are delinquent, then the applicable procedures for issuance and sale of tax certificates and tax deeds for nonpayment shall be followed in accordance with Chapter 197, Florida Statutes, and related statutes. Alternatively, if the Uniform Method is not utilized, and if any property shall be offered for sale for the

nonpayment of any Series 2023 Assessment, and no person or persons shall purchase the same for an amount at least equal to the full amount due on the Series 2023 Assessment (principal, interest, penalties and costs, plus attorneys' fees, if any), the property may then be purchased by the District, to the extent the District has available funds, for an amount equal to the balance due on the Series 2023 Assessment (principal, interest, penalties and costs, plus attorneys' fees, if any), and the District shall thereupon receive, in its corporate name or in the name of a special-purpose entity nominee of the District, the title to the property for the benefit of the Bondholders, provided that the Trustee shall have the right acting at the direction of the Majority Owners, but shall not be obligated, to direct the District with respect to any action taken pursuant to this Section. The District, either through its own actions or actions caused to be done through the Trustee, shall have the power and shall use its best efforts to lease or sell such property and deposit all of the net proceeds of any such lease or sale into the Series 2023 Revenue Account. Not less than ten (10) days prior to the filing of any foreclosure action or any sale of tax deed as herein provided, the District shall cause written notice thereof to be mailed to the Bondholders of the Series 2023 Bonds secured by such delinquent Series 2023 Assessments. Not less than thirty (30) days prior to the proposed sale of any lot or tract of land acquired by foreclosure by the District, it shall give written notice thereof to such Bondholders. The District, either through its own actions or actions caused to be done through the Trustee, agrees that it shall be required to take the measure provided by law for sale of property acquired by it as trustee for the Bondholders within thirty (30) days after the receipt of the request therefor signed by the Majority Owners of the Outstanding Series 2023 Bonds payable from the Series 2023 Assessments assessed on such property. The District and the Trustee, if directed by the Majority Owners shall, or if the Trustee or the District shall so elect may, place title of property received upon foreclosure or deed in lieu of foreclosure into a special-purpose entity controlled by the Trustee or such other entity acceptable to the Majority Owners so affected by such foreclosure, for the benefit of the Bondholders. If the District determines, after consultation with District Counsel, that there is an Obligated Person, as defined under the Rule, then in addition to the District, the decision to file a foreclosure action shall be made by the Majority Owners of the Series 2023 Bonds so secured by the delinquent Series 2023 Assessments and such decision shall be communicated to the District and Trustee in writing. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein for more information regarding enforcement of delinquent Series 2023 Assessments.

ENFORCEMENT OF ASSESSMENT COLLECTIONS

General

The primary source of payment for the Series 2023 Bonds is revenues received by the District from the Series 2023 Assessments imposed on certain lands in the District specially benefited by the Assessment Area Two Project pursuant to the Assessment Proceedings. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY."

The determination, order, levy, and collection of Series 2023 Assessments must be done in compliance with procedural requirements and guidelines provided by State law. Failure by the District, the Hillsborough County Tax Collector (the "Tax Collector") or the Hillsborough County Property Appraiser (the "Property Appraiser") to comply with such requirements could result in a delay in the collection of, or the complete inability to collect, the Series 2023 Assessments during any year. Such delays in the collection of Series 2023 Assessments, or complete inability to collect Series 2023 Assessments, would have a material adverse effect on the ability of the District to make full or punctual payment of the debt service requirements on the Series 2023 Bonds. To the extent that landowners fail to pay the Series 2023 Assessments, delay payments, or are unable to pay the same, the successful pursuance of collection procedures available to the District is essential to continued payment of principal of and interest on the Series 2023 Bonds. See "BONDOWNERS' RISKS."

The Act provides for various methods of collection of delinquent Series 2023 Assessments by reference to other provisions of the Florida Statutes. The following is a description of certain statutory provisions of assessment payment and collection procedures appearing in the Florida Statutes but is qualified in its entirety by reference to such statutes.

Alternative Uniform Tax Collection Procedure for Series 2023 Assessments

Initially, the Landowners will directly pay the Series 2023 Assessments to the District. After District Lands are platted and assigned their respective tax folio numbers, the Series 2023 Assessments will be collected pursuant to the Uniform Method of collection (the "Uniform Method"). At such times as the Series 2023 Assessments are collected pursuant to the Uniform Method, the provisions of this section shall be come applicable. The Florida Statutes provide that, subject to certain conditions, non-ad valorem special assessments may be collected by using the Uniform Method. The Uniform Method is available only in the event the District complies with statutory and regulatory requirements and enters into agreements with the Tax Collector and Property Appraiser providing for the Series 2023 Assessments to be levied and then collected in this manner. The District's election to use a certain collection method with respect to the Series 2023 Assessments does not preclude it from electing to use another collection method in the future, subject to the provisions of the Indenture. See "-Foreclosure" below with respect to collection of delinquent assessments not collected pursuant to the Uniform Method.

If the Uniform Method of collection is utilized, the Series 2023 Assessments will be collected together with County, special district, and other ad valorem taxes and non-ad valorem assessments, all of which will appear on the tax bill (also referred to as a "tax notice") issued to each landowner in Assessment Area Two. The statutes relating to enforcement of ad valorem taxes and non-ad valorem assessments provide that such taxes and assessments become due and payable on November 1 of the year when assessed, or as soon thereafter as the certified tax roll is received by the Tax Collector, and constitute a lien upon the land from January 1 of such year until paid or barred by operation of law. Such taxes and assessments (including the Series 2023 Assessments being collected by the Uniform Method) are to be billed, and landowners in the District are required to pay, all such taxes and assessments, without preference in payment of any particular increment of the tax bill, such as the increment owing for the Series 2023 Assessments. Upon any receipt of moneys by the Tax Collector from the Series 2023 Assessments, such moneys will be delivered to the District, which will remit such Series 2023 Assessments to the Trustee for deposit to the Series 2023 Revenue Account within the Revenue Fund, except that any Prepayments of Series 2023 Assessments shall be deposited to the Series 2023 Prepayment Account of the Bond Redemption Fund created under the Indenture and applied in accordance therewith.

All County, school and special district, including the District, ad valorem taxes, non-ad valorem special assessments, including the Series 2023 Assessments, and voter-approved ad valorem taxes levied to pay principal of and interest on bonds are payable at one time, except for partial payment schedules as may be provided by Sections 197.374 and 197.222, Florida Statutes. Partial payments made pursuant to Sections 197.374 and 197.222, Florida Statutes, are distributed in equal proportion to all taxing districts and levying authorities applicable to that account. If a taxpayer does not make complete payment of the total amount, he or she cannot designate specific line items on his or her tax bill as deemed paid in full. In such cases, the Tax Collector does not accept such partial payment and the partial payment is returned to the taxpayer. Therefore, in the event the Series 2023 Assessments are to be collected pursuant to the Uniform Method, any failure to pay any one line item would cause the Series 2023 Assessments to not be collected to that extent, which could have a significant adverse effect on the ability of the District to make full or punctual payment of the debt service requirements on the Series 2023 Bonds.

Under the Uniform Method, if the Series 2023 Assessments are paid during November when due or during the following three months, the taxpayer is granted a variable discount equal to 4% in November

and decreasing one percentage point per month to 1% in February. All unpaid taxes and assessments become delinquent on April 1 of the year following assessment. The Tax Collector is required to collect the ad valorem taxes and non-ad valorem special assessments on the tax bill prior to April 1 and, after that date, to institute statutory procedures upon delinquency to collect such taxes and assessments through the sale of "tax certificates," as discussed below. Delay in the mailing of tax notices to taxpayers may result in a delay throughout this process.

Neither the District nor the Underwriter can give any assurance to the holders of the Series 2023 Bonds (1) that the past experience of the Tax Collector with regard to tax and special assessment delinquencies is applicable in any way to the Series 2023 Assessments, (2) that future landowners and taxpayers in the District will pay such Series 2023 Assessments, (3) that a market may exist in the future for tax certificates in the event of sale of such certificates for taxable units within the District, or (4) that the eventual sale of tax certificates for real property within the District, if any, will be for an amount sufficient to pay amounts due under the Assessment Proceedings to discharge the lien of the Series 2023 Assessments and all other liens that are coequal therewith.

Collection of delinquent Series 2023 Assessments under the Uniform Method is, in essence, based upon the sale by the Tax Collector of "tax certificates" and remittance of the proceeds of such sale to the District for payment of the Series 2023 Assessments due. In the event of a delinquency in the payment of taxes and assessments on real property, the landowners may, prior to the sale of tax certificates, pay the total amount of delinquent ad valorem taxes and non-ad valorem assessments plus the cost of advertising and the applicable interest charge on the amount of such delinquent taxes and assessments. If the landowners does not act, the Tax Collector is required to attempt to sell tax certificates on such property to the person who pays the delinquent taxes and assessments owing, penalties and interest thereon and certain costs, and who accepts the lowest interest rate per annum to be borne by the certificates (but not more than 18%). Tax certificates are sold by public bid. If there are no bidders, the tax certificate is issued to the County. The County is to hold, but not pay for, the tax certificate with respect to the property, bearing interest at the maximum legal rate of interest (currently 18%). The Tax Collector does not collect any money if tax certificates are "struck off" (issued) to the County. The County may sell such certificates to the public at any time at the principal amount thereof plus interest at the rate of not more than 18% per annum and a fee. Proceeds from the sale of tax certificates are required to be used to pay taxes and assessments (including the Series 2023 Assessments), interest, costs and charges on the real property described in the certificate. The demand for such certificates is dependent upon various factors, which include the rate of interest that can be earned by ownership of such certificates and the underlying value of the land that is the subject of such certificates and which may be subject to sale at the demand of the certificate holder. Therefore, the underlying market value of the property within the District may affect the demand for certificates and the successful collection of the Series 2023 Assessments, which are the primary source of payment of the Series 2023 Bonds. Legal proceedings under Federal bankruptcy law brought by or against a landowner who has not yet paid his or her property taxes or assessments would likely result in a delay in the sale of tax certificates.

Unless full payment for a tax deed is made to the clerk of court, including documentary stamps and recording fees, any tax certificate in the hands of a person other than the County may be redeemed and canceled, in whole or in part (under certain circumstances), at any time before a tax deed is issued, and at a price equal to the face amount of the certificate or portion thereof together with all interest, costs, and charges due. Regardless of the interest rate actually borne by the certificates, persons redeeming tax certificates must pay a minimum interest rate of 5%, unless the rate borne by the certificates is zero percent. The proceeds of such a redemption are paid to the Tax Collector who transmits to the holder of the tax certificate such proceeds less service charges, and the certificate is canceled. Redemption of tax certificates held by the County is effected by purchase of such certificates from the County, as described in the preceding paragraph.

Any holder, other than the County, of a tax certificate that has not been redeemed has seven years from the date of issuance of the tax certificate during which to act against the land that is the subject of the tax certificate. After an initial period ending two years from April 1 of the year of issuance of a certificate, during which period actions against the land are held in abeyance to allow for sales and redemptions of tax certificates, and before the expiration of seven years from the date of issuance, the holder of a certificate may apply for a tax deed to the subject land. The applicant is required to pay to the Tax Collector at the time of application all amounts required to redeem or purchase all outstanding tax certificates covering the land, plus interest, any omitted taxes or delinquent taxes and interest, and current taxes, if due. If the County holds a tax certificate on property valued at \$5,000 or more and has not succeeded in selling it, the County must apply for a tax deed two years after April 1 of the year of issuance of the certificate. The County pays costs and fees to the Tax Collector but not any amount to redeem any other outstanding certificates covering the land. Thereafter, the property is advertised for public sale.

In any such public sale conducted by the Clerk of the Circuit Court, the private holder of the tax certificate who is seeking a tax deed for non-homestead property is deemed to submit a minimum bid equal to the amount required to redeem the tax certificate, charges for the cost of sale, including costs incurred for the service of notice required by statute, redemption of other tax certificates on the land, and the amount paid by such holder in applying for the tax deed, plus interest thereon. In the case of homestead property, the minimum bid is also deemed to include, in addition to the amount of money required for the minimum bid on non-homestead property, an amount equal to one-half of the latest assessed value of the homestead. If there are no higher bids, the holder receives title to the land, and the amounts paid for the certificate and in applying for a tax deed are credited toward the purchase price. If there are other bids, the holder may enter the bidding. The highest bidder is awarded title to the land. The portion of proceeds of such sale needed to redeem the tax certificate, and all other amounts paid by such person in applying for a tax deed, are forwarded to the holder thereof or credited to such holder if such holder is the successful bidder. Excess proceeds are distributed first to satisfy governmental liens against the land and then to the former title holder of the property (less service charges), lienholder of record, mortgagees of record, vendees of recorded contracts for deeds, and other lienholders and any other person to whom the land was last assessed on the tax roll for the year in which the land was assessed, all as their interest may appear.

Except for certain governmental liens and certain restrictive covenants and restrictions, no right, interest, restriction or other covenant survives the issuance of a tax deed. Thus, for example, outstanding mortgages on property subject to a tax deed would be extinguished.

If there are no bidders at the public sale, the County may, at any time within ninety (90) days from the date of offering for public sale, purchase the land without further notice or advertising for a statutorily prescribed opening bid. After ninety (90) days have passed, any person or governmental unit may purchase the land by paying the amount of the opening bid. Ad valorem taxes and non-ad valorem assessments accruing after the date of public sale do not require repetition of the bidding process but are added to the minimum bid. Three years from the date of delinquency, unsold lands escheat to the County in which they are located and all tax certificates and liens against the property are canceled and a deed is executed vesting title in the governing board of such County.

Foreclosure

The following discussion regarding foreclosure is not applicable if the Series 2023 Assessments are being collected pursuant to the Uniform Method. In the event that the District itself directly levies and enforces, pursuant to Chapters 170 and 190, Florida Statutes, the collection of the Series 2023 Assessments levied on the land within the District, Section 170.10, Florida Statutes provides that upon the failure of any property owner to pay all or any part of the principal of a special assessment, including a Series 2023 Assessment, or the interest thereon, when due, the governing body of the entity levying the assessment is

authorized to commence legal proceedings for the enforcement of the payment thereof, including commencement of an action in chancery, commencement of a foreclosure proceeding in the same manner as the foreclosure of a real estate mortgage, or commencement of an action under Chapter 173, Florida Statutes relating to foreclosure of municipal tax and special assessment liens. Such a proceeding is <u>in rem</u>, meaning that it is brought against the land not against the owner. In light of the one-year tolling period required before the District may commence a foreclosure action under Chapter 173, Florida Statutes, it is likely that the District would commence an action to foreclose in the same manner as the foreclosure of a real estate mortgage, rather than proceeding under Chapter 173, Florida Statutes.

Enforcement of the obligation to pay Series 2023 Assessments and the ability to foreclose the lien of such Series 2023 Assessments upon the failure to pay such Series 2023 Assessments may not be readily available or may be limited as such enforcement is dependent upon judicial action which is often subject to discretion and delay.

BONDOWNERS' RISKS

There are certain risks inherent in an investment in bonds issued by a public authority or governmental body in the State and secured by special assessments. Certain of these risks are described in other sections of this Limited Offering Memorandum. Certain additional risks are associated with the Series 2023 Bonds offered hereby and are set forth below. Prospective investors in the Series 2023 Bonds should have such knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of an investment in the Series 2023 Bonds and have the ability to bear the economic risks of such prospective investment, including a complete loss of such investment. This section does not purport to summarize all risks that may be associated with purchasing or owning the Series 2023 Bonds, and prospective purchasers are advised to read this Limited Offering Memorandum in its entirety for a more complete description of investment considerations relating to the Series 2023 Bonds.

Concentration of Land Ownership

As of the date hereof, the Landowners own all of the assessable lands within Assessment Area Two, which are the lands that will be subject to the Series 2023 Assessments securing the Series 2023 Bonds. Payment of the Series 2023 Assessments is primarily dependent upon their timely payment by the Landowners and the other future landowners in Assessment Area Two. Non-payment of the Series 2023 Assessments by any of the landowners could have a substantial adverse impact upon the District's ability to pay debt service on the Series 2023 Bonds. See "THE LANDOWNERS" and "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS" herein.

Bankruptcy and Related Risks

In the event of the institution of bankruptcy or similar proceedings with respect to the Landowners or any other owner of benefited property, delays could occur in the payment of debt service on the Series 2023 Bonds, as such bankruptcy could negatively impact the ability of: (i) the Landowners and any other landowner to pay the Series 2023 Assessments; (ii) the Tax Collector to sell tax certificates in relation to such property with respect to the Series 2023 Assessments being collected pursuant to the Uniform Method; and (iii) the District to foreclose the lien of the Series 2023 Assessments not being collected pursuant to the Uniform Method. In addition, the remedies available to the Owners of the Series 2023 Bonds under the Indenture are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, the remedies specified by federal, state and local law and in the Indenture and the Series 2023 Bonds, including, without limitation, enforcement of the obligation to pay Series 2023 Assessments and the ability of the District to foreclose the lien of the Series 2023 Assessments if not being collected pursuant to the Uniform Method, may not be

readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2023 Bonds (including Bond Counsel's approving opinion) will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery. The inability, either partially or fully, to enforce remedies available with respect to the Series 2023 Bonds could have a material adverse impact on the interest of the Owners thereof.

A 2011 bankruptcy court decision in Florida held that the governing body of a community development district, and not the bondholders or indenture trustee, was the creditor of the landowners/debtors in bankruptcy with respect to claims for special assessments, and thus only the district could vote to approve or disapprove a reorganization plan submitted by the debtors in the case. The district voted in favor of the plan. The governing body of the district was at that time elected by the landowners rather than qualified electors. Under the reorganization plan that was approved, a two-year moratorium was placed on the debtor landowners' payment of special assessments. As a result of this non-payment of assessments, debt service payments on the district's bonds were delayed for two years or longer. The Indenture provides for the delegation of certain rights from the District to the Trustee in the event of a bankruptcy or similar proceeding with respect to an "Insolvent Taxpayer" (as previously defined). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS – Indenture Provisions Relating to Bankruptcy or Insolvency of a Landowner" herein. The District cannot express any view whether such delegation would be enforceable.

Series 2023 Assessments Are Non-Recourse

The principal security for the payment of the principal and interest on the Series 2023 Bonds is the timely collection of the Series 2023 Assessments. The Series 2023 Assessments do not constitute a personal indebtedness of the landowners of the land subject thereto, but are secured by a lien on such land. There is no assurance that the Landowners or subsequent landowners will be able to pay the Series 2023 Assessments or that they will pay such Series 2023 Assessments even though financially able to do so. Neither the Landowners nor any other subsequent landowners have any personal obligation to pay the Series 2023 Assessments. Neither the Landowners nor any subsequent landowners are guarantors of payment of any Series 2023 Assessments, and the recourse for the failure of the Landowners or any subsequent landowner to pay the Series 2023 Assessments is limited to the collection proceedings against the land subject to such unpaid Series 2023 Assessments, as described herein. Therefore the likelihood of collection of the Series 2023 Assessments may ultimately depend on the market value of the land subject to the Series 2023 Assessments. While the ability of the Landowners or subsequent landowners to pay the Series 2023 Assessments is a relevant factor, the willingness of the Landowners or subsequent landowners to pay the Series 2023 Assessments, which may also be affected by the value of the land subject to the Series 2023 Assessments, is also an important factor in the collection of Series 2023 Assessments. The failure of the Landowners or subsequent landowners to pay the Series 2023 Assessments could render the District unable to collect delinquent Series 2023 Assessments and provided such delinquencies are significant, could negatively impact the ability of the District to make the full or punctual payment of debt service on the Series 2023 Bonds.

Regulatory and Environmental Risks

The development of the District Lands is subject to comprehensive federal, state and local regulations and future changes to such regulations. Approval is required from various public agencies in connection with, among other things, the design, nature and extent of planned improvements, both public and private, and construction of the infrastructure in accordance with applicable zoning, land use and environmental regulations. Although all such approvals required to date have been received and any further approvals are anticipated to be received as needed, failure to obtain any such approvals in a timely manner

could delay or adversely affect the completion of the development of the District Lands. See "THE DEVELOPMENT – Development Approvals" herein for more information.

The value of the land within the District, the success of the Development, the development of Assessment Area Two and the likelihood of timely payment of principal and interest on the Series 2023 Bonds could be affected by environmental factors with respect to the land in the District. Should the land be contaminated by hazardous materials, this could materially and adversely affect the value of the land in the District, which could materially and adversely affect the success of the development of the lands within the District and the likelihood of the timely payment of the Series 2023 Bonds. The District has not performed, nor has the District requested that there be performed on its behalf, any independent assessment of the environmental conditions within the District. See "THE DEVELOPMENT – Environmental" for information on environmental site assessments obtained or received. Nevertheless, it is possible that hazardous environmental conditions could exist within the District or in the vicinity of the District and that such conditions could have a material and adverse impact upon the value of the benefited lands within the District. No assurance can be given that unknown hazardous materials, protected animals or vegetative species, etc., do not currently exist or may not develop in the future, whether originating within the District or from surrounding property, and what effect such may have on the development or sale of the lands in Assessment Area Two.

The value of the lands subject to the Series 2023 Assessments could also be adversely impacted by flooding or wind damage caused by hurricanes, tropical storms, or other catastrophic events. In addition to potential damage or destruction to any existing development or construction in or near the District, such catastrophic events could potentially render the District Lands unable to support future development. The occurrence of any such events could materially adversely impact the District's ability to pay principal and interest on the Series 2023 Bonds. The Series 2023 Bonds are not insured, and the District's casualty insurance policies do not insure against losses incurred on private lands within its boundaries.

Economic Conditions and Changes in Development Plans

The successful development of Assessment Area Two and the sale of residential units therein, once such homes are built, may be affected by unforeseen changes in general economic conditions, fluctuations in the real estate market and other factors beyond the control of the Landowners. Moreover, the Landowners have the right to modify or change plans for development of the Development from time to time, including, without limitation, land use changes, changes in the overall land and phasing plans, and changes to the type, mix, size and number of units to be developed, and may seek in the future, in accordance with and subject to the provisions of the Act, to contract or expand the boundaries of the District.

Other Taxes and Assessments

The willingness and/or ability of an owner of benefited land to pay the Series 2023 Assessments could be affected by the existence of other taxes and assessments imposed upon such property by the District, the County or any other local special purpose or general purpose governmental entities. County, school, special district taxes and special assessments, and voter-approved ad valorem taxes levied to pay principal of and interest on debt, including the Series 2023 Assessments, collected pursuant to the Uniform Method are payable at one time. Public entities whose boundaries overlap those of the District could, without the consent of the owners of the land within the District, impose additional taxes on the property within the District. The District anticipates imposing operation and maintenance assessments encumbering the same property encumbered by the Series 2023 Assessments. In addition, lands within the District may also be subject to assessments by property owners' and homeowners' associations. See "THE DEVELOPMENT – Taxes, Fees and Assessments" herein for additional information.

Under Florida law, a landowner may contest the assessed valuation determined for its property that forms the basis of ad-valorem taxes such landowner must pay. During this contest period, the sale of a tax certificate under the Uniform Method will be suspended. If the Series 2023 Assessments are being collected along with ad valorem taxes pursuant to the Uniform Method, tax certificates will not be sold with respect to such Series 2023 Assessment, even though the landowner is not contesting the amount of the Series 2023 Assessment. However, Section 194.014, Florida Statutes, requires taxpayers challenging the assessed value of their property to pay all non-ad valorem assessments and at least 75% of their ad valorem taxes before they become delinquent. Likewise, taxpayers who challenge the denial of an exemption or classification or a determination that their improvements were substantially complete must pay all non-ad valorem assessments and the amount of ad valorem taxes that they admit in good faith to be owing. If a taxpayer fails to pay property taxes as set forth above, the Value Adjustment Board considering the taxpayer's challenge is required to deny such petition by written decision by April 20 of such year.

Limited Secondary Market for Series 2023 Bonds

The Series 2023 Bonds may not constitute a liquid investment, and there is no assurance that a liquid secondary market will exist for the Series 2023 Bonds in the event an Owner thereof determines to solicit purchasers for the Series 2023 Bonds. Even if a liquid secondary market exists, there can be no assurance as to the price for which the Series 2023 Bonds may be sold. Such price may be lower than that paid by the current Owners of the Series 2023 Bonds, depending on the progress of development of the lands within Assessment Area Two, existing real estate and financial market conditions and other factors.

Inadequacy of Reserve Account

Some of the risk factors discussed herein, which, if materialized, would result in a delay in the collection of the Series 2023 Assessments, may not adversely affect the timely payment of debt service on the Series 2023 Bonds because of the Series 2023 Reserve Account. The ability of the Series 2023 Reserve Account to fund deficiencies caused by delinquencies in the Series 2023 Assessments is dependent on the amount, duration and frequency of such deficiencies. Moneys on deposit in the Series 2023 Reserve Account may be invested in certain obligations permitted under the Indenture. Fluctuations in interest rates and other market factors could affect the amount of moneys in the Series 2023 Reserve Account to make up deficiencies. If the District has difficulty in collecting the Series 2023 Assessments, the Series 2023 Reserve Account would be rapidly depleted and the ability of the District to pay debt service on the Series 2023 Bonds could be materially adversely affected. In addition, during an Event of Default under the Indenture, the Trustee may withdraw moneys from the Series 2023 Reserve Account and such other Funds, Accounts and subaccounts created under the Indenture to pay its extraordinary fees and expenses incurred in connection with such Event of Default. If in fact the Series 2023 Reserve Account is accessed for any purpose, the District does not have a designated revenue source for replenishing such account. Moreover, the District may not be permitted to re-assess real property then burdened by the Series 2023 Assessments in order to provide for the replenishment of the Series 2023 Reserve Account. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS - Reserve Account" herein for more information about the Series 2023 Reserve Account.

Legal Delays

If the District should commence a foreclosure action against a landowner for nonpayment of Series 2023 Assessments that are not being collected pursuant to the Uniform Method, such landowner and/or its mortgagee(s) may raise affirmative defenses to such foreclosure action. Although the District expects that such affirmative defenses would likely be proven to be without merit, they could result in delays in completing the foreclosure action. In addition, the District is required under the Indenture to fund the costs of such foreclosure. It is possible that the District will not have sufficient funds and will be compelled to

request the Holders of the Series 2023 Bonds to allow funds on deposit under the Indenture to be used to pay the costs of the foreclosure action. Under the Internal Revenue Code of 1986, as amended (the "Code"), there are limitations on the amounts of proceeds from the Series 2023 Bonds that can be used for such purpose.

IRS Examination and Audit Risk

The Internal Revenue Service (the "IRS") routinely examines bonds issued by state and local governments, including bonds issued by community development districts. In 2016, the IRS concluded its lengthy examination of certain issues of bonds (for purposes of this subsection, the "Audited Bonds") issued by Village Center Community Development District (the "Village Center CDD"). During the course of the audit of the Audited Bonds, Village Center CDD received a ruling dated May 30, 2013, in the form of a non-precedential technical advice memorandum ("TAM") concluding that Village Center CDD is not a political subdivision for purposes of Section 103(a) of the Code because Village Center CDD was organized and operated to perpetuate private control and avoid indefinitely responsibility to an electorate, either directly or through another elected state or local government body. Such a conclusion could lead to the further conclusion that the interest on the Audited Bonds was not excludable from gross income of the owners of such bonds for federal income tax purposes. Village Center CDD received a second TAM dated June 17, 2015, which granted relief to Village Center CDD from retroactive application of the IRS's conclusion regarding its failure to qualify as a political subdivision. Prior to the conclusion of the audits, the Audited Bonds were all refunded with taxable bonds. The audit of the Audited Bonds that were issued for utility improvements were closed without change to the tax exempt status of those Audited Bonds on April 25, 2016, and the audit of the remainder of the Audited Bonds (which funded recreational amenity acquisitions from entities related to the principal landowner in the Village Center CDD) was closed on July 14, 2016, without the IRS making a final determination that the interest on the Audited Bonds in question was required to be included in gross income. However, the IRS letter to the Village Center CDD with respect to this second set of Audited Bonds noted that the IRS found that the Village Center CDD was not a "proper issuer of tax-exempt bonds" and that those Audited Bonds were private-activity bonds that did not fall in any of the categories that qualify for tax-exemption. Although the TAMs and the letters to the Village Center CDD from the IRS referred to above are addressed to, and binding only on, the IRS and Village Center CDD in connection with the Audited Bonds, they reflect the audit position of the IRS, and there can be no assurance that the IRS would not commence additional audits of bonds issued by other community development districts raising issues similar to the issues raised in the case of the Audited Bonds based on the analysis set forth in the first TAM or on the related concerns addressed in the July 14, 2016 letter to the Village Center CDD.

On February 23, 2016, the IRS published proposed regulations designed to provide prospective guidance with respect to potential private business control of issuers by providing a new definition of political subdivision for purposes of determining whether an entity is an appropriate issuer of bonds the interest on which is excluded from gross income for federal tax purposes. The proposed regulations required that a political subdivision (i) have the power to exercise at least one sovereign power, (ii) be formed and operated for a governmental purpose, and (iii) have a governing body controlled by or have significant uses of its funds or assets otherwise controlled by a government unit with all three sovereign powers or by an electorate that is not controlled by an unreasonably small number of unrelated electors. On October 4, 2017, the Treasury Department ("Treasury") announced that it would withdraw the proposed regulations, stating that, "while Treasury and the IRS continue to study the legal issues relating to political subdivisions, Treasury and the IRS currently believe that these proposed regulations should be withdrawn in their entirety, and plan to publish a withdrawal of the proposed regulations shortly in the Federal Register. Treasury and the IRS may propose more targeted guidance in the future after further study of the relevant legal issues." Notice of withdrawal of the proposed regulations was published in the Federal Register on October 20, 2017.

It has been reported that the IRS has closed audits of other community development districts in the State with no change to such districts' bonds' tax-exempt status, but has advised such districts that such districts must have public electors within the timeframe established by the applicable state law or their bonds may be determined to be taxable retroactive to the date of issuance. Pursuant to the Act, general elections are not held until the later of six years from the date of establishment of the community development district or the time at which there are at least 250 qualified electors in the district. The District, unlike Village Center CDD, was formed with the intent that it will contain a sufficient number of residents to allow for a transition to control by a general electorate. Currently, all of the members of the Board of the District were elected by the landowners and none were elected by qualified electors. The Landowners will certify as to their expectations as to the timing of the transition of control of the Board of the District to qualified electors pursuant to the Act. Such certification by the Landowners does not ensure that such certification shall be determinative of, or may influence the outcome of any audit by the IRS, or any appeal from such audit, that may result in an adverse ruling that the District is not a political subdivision for purposes of Section 103(a) of the Code. Further, there can be no assurance that an audit by the IRS of the Series 2023 Bonds will not be commenced. The District has no reason to believe that any such audit will be commenced, or that any such audit, if commenced, would result in a conclusion of noncompliance with any applicable State or federal law.

Owners of the Series 2023 Bonds are advised that, if the IRS does audit the Series 2023 Bonds, under its current procedures, at least during the early stages of an audit, the IRS will treat the District as the taxpayer, and the Owners of the Series 2023 Bonds may have limited rights to participate in those proceedings. The commencement of such an audit could adversely affect the market value and liquidity of the Series 2023 Bonds until the audit is concluded, regardless of the ultimate outcome. In addition, in the event of an adverse determination by the IRS with respect to the tax-exempt status of interest on the Series 2023 Bonds, it is unlikely the District will have available revenues to enable it to contest such determination or enter into a voluntary financial settlement with the IRS. Further, an adverse determination by the IRS with respect to the tax-exempt status of interest on the Series 2023 Bonds would adversely affect the availability of any secondary market for the Series 2023 Bonds. Should interest on the Series 2023 Bonds become includable in gross income for federal income tax purposes, not only will Owners of Series 2023 Bonds be required to pay income taxes on the interest received on such Series 2023 Bonds and related penalties, but because the interest rate on such Series 2023 Bonds will not be adequate to compensate Owners of the Series 2023 Bonds for the income taxes due on such interest, the value of the Series 2023 Bonds may decline.

THE INDENTURE DOES NOT PROVIDE FOR ANY ADJUSTMENT IN THE INTEREST RATES ON THE SERIES 2023 BONDS IN THE EVENT OF AN ADVERSE DETERMINATION BY THE IRS WITH RESPECT TO THE TAX-EXEMPT STATUS OF INTEREST ON THE SERIES 2023 BONDS. PROSPECTIVE PURCHASERS OF THE SERIES 2023 BONDS SHOULD EVALUATE WHETHER THEY CAN OWN THE SERIES 2023 BONDS IN THE EVENT THAT THE INTEREST ON THE SERIES 2023 BONDS BECOMES TAXABLE AND/OR THE DISTRICT IS EVER DETERMINED TO NOT BE A POLITICAL SUBDIVISION FOR PURPOSES OF THE CODE AND/OR SECURITIES ACT (AS HEREINAFTER DEFINED).

Loss of Exemption from Securities Registration

The Series 2023 Bonds have not been and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws, because of the exemption for securities issued by political subdivisions. It is possible that federal or state regulatory authorities could in the future determine that the District is not a political subdivision for purposes of federal and state securities laws, including without limitation as the result of a determination by the IRS, judicial or otherwise, of the District's status for purposes of the Code. In such event, the District and purchasers of Series 2023 Bonds

may not be able to rely on the exemption from registration under the Securities Act relating to securities issued by political subdivisions. In that event, the Owners of the Series 2023 Bonds would need to ensure that subsequent transfers of the Series 2023 Bonds are made pursuant to a transaction that is not subject to the registration requirements of the Securities Act and applicable state securities laws.

Federal Tax Reform

Various legislative proposals are mentioned from time to time by members of Congress of the United States of America and others concerning reform of the internal revenue (tax) laws of the United States. In addition, the IRS may, in the future, issue rulings that have the effect of challenging the interpretation of existing tax laws. Certain of these proposals and interpretations, if implemented or upheld, could have the effect of diminishing the value of obligations of states and their political subdivisions, such as the Series 2023 Bonds, by eliminating or changing the tax-exempt status of interest on such bonds. Whether any such proposals will ultimately become or be upheld as law, and if so, the effect such proposals could have upon the value of bonds such as the Series 2023 Bonds cannot be predicted. However, it is possible that any such law or interpretation could have a material and adverse effect upon the availability of a liquid secondary market and/or the value of the Series 2023 Bonds. Prospective purchasers of the Series 2023 Bonds should consult their tax advisors as to the impact of any proposed or pending legislation. See also "TAX MATTERS" herein.

State Tax Reform

It is impossible to predict what new proposals may be presented regarding tax reform and/or community development districts during upcoming legislative sessions, whether such new proposals or any previous proposals regarding the same will be adopted by the Florida Senate and House of Representatives and signed by the Governor, and, if adopted, the form thereof. On October 31, 2014, the Auditor General of the State released a 31-page report which requests legislative action to establish parameters on the amount of bonds a community development district may issue and provide additional oversight for community development district bonds. This report renewed requests made by the Auditor General in 2011 that led to the Governor of the State issuing an Executive Order on January 11, 2012 (the "Executive Order") directing the Office of Policy and Budget in the Executive Office of the Governor ("OPB") to examine the role of special districts in the State. As of the date hereof, the OPB has not made any recommendations pursuant to the Executive Order nor has the Florida legislature passed any related legislation. It is impossible to predict with certainty the impact that any existing or future legislation will or may have on the security for the Series 2023 Bonds. It should be noted that Section 190.16(14) of the Act provides in pertinent part that "The state pledges to the holders of any bonds issued under the Act that it will not limit or alter the rights of the district to levy and collect the ... assessments... and to fulfill the terms of any agreement made with the holders of such bonds ... and that it will not impair the rights or remedies of such holders."

Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two

The cost to finish the Assessment Area Two Project will exceed the net proceeds from the Series 2023 Bonds. There can be no assurance, in the event the District does not have sufficient moneys on hand to complete the Assessment Area Two Project, that the District will be able to raise, through the issuance of additional bonds or otherwise, the moneys necessary to complete the Assessment Area Two Project. Further, the Indenture sets forth certain limitations on the issuance of additional bonds. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS – Limitation on Issuance of Additional Bonds" for more information.

SM-Ruskin, as the developer entity, will agree to fund or cause to be funded the completion of the Assessment Area Two Project regardless of the insufficiency of proceeds from the Series 2023 Bonds and will enter into a completion agreement with the District as evidence thereof. There can be no assurance, however, that SM-Ruskin will have sufficient resources to do so. Such obligation of SM-Ruskin is an unsecured obligation, and SM-Ruskin is a special-purpose entity whose assets consist primarily of its interests in the Development. See "THE LANDOWNERS" herein for more information.

In addition, there is a possibility that the Builder will fail to complete the portions of the Assessment Area Two Project located within Phase 4, which is being purchased undeveloped. Further, there is a possibility that, even if Assessment Area Two is developed, the Builder may not close on all or any of the developed lots therein, and such failure to close could negatively impact the construction of homes in Assessment Area Two. The Builder Contracts may also be terminated by the Builder upon the occurrence or failure to occur of certain conditions set forth therein. See "THE DEVELOPMENT – Builder Contracts" herein for more information about the Builder and the Builder Contracts.

COVID-19 and Related Matters

In addition to the general economic conditions discussed above, the timely and successful completion of the Development, the purchase of undeveloped land or lots therein by the Builder and the construction and sale of homes thereon to end users of residential units may be adversely impacted by the continued spread of the novel strain of coronavirus called COVID-19 or by other highly contagious or epidemic or pandemic diseases. The United States, the State and the County have all previously imposed certain health and public safety restrictions in response to COVID-19 in the past. The District cannot predict whether new actions may be taken by government authorities in the future to contain or otherwise address the impact of the COVID-19 or similar outbreak.

To date, the outbreak has resulted in severe impacts on global financial markets, unemployment levels and commerce generally. The District and the Landowners cannot predict the duration of the current COVID-19 outbreak, and the ultimate impact the COVID-19 outbreak may have on the Development is unknown. It is possible that delays in land or lot purchases by the Builders, construction delays, delays in the receipt of permits or other government approvals, supply chain delays, increased costs, delays in sales to end users or other delays could occur, or continue to occur, as applicable, as a result of the COVID-19 outbreak or other highly contagious or epidemic or pandemic diseases that adversely impact the Development. See also "BONDOWNERS' RISKS – Economic Conditions and Changes in Development Plans" and "–Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two herein.

Cybersecurity

The District relies on a technological environment to conduct its operations. The District, its agents and other third parties the District does business with or otherwise relies upon are subject to cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to such parties' digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. No assurances can be given that any such attack(s) will not materially impact the operations or finances of the District, which could impact the timely payment of debt service on the Series 2023 Bonds.

Prepayment and Redemption Risk

In addition to being subject to optional and mandatory sinking fund redemptions, the Series 2023 Bonds are subject to extraordinary mandatory redemption as a result of prepayments of the Series 2023 Assessments by the Landowners or subsequent owners of the property within Assessment Area Two. Any such redemptions of the Series 2023 Bonds would be at the principal amount of such Series 2023 Bonds being redeemed plus accrued interest to the date of redemption. In such event, owners of the Series 2023 Bonds may not realize their anticipated rate of return on the Series 2023 Bonds and owners of any Premium Bonds (as defined herein) may receive less than the price they paid for the Series 2023 Bonds. See "DESCRIPTION OF THE SERIES 2023 BONDS – Redemption Provisions," "– Purchase of Series 2023 Bonds" and "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2023 BONDS – Prepayment of Series 2023 Assessments" herein for more information.

Payment of Series 2023 Assessments after Bank Foreclosure

In the event a bank forecloses on property because of a default on a mortgage in favor of such bank on any of the assessable lands within the District, and then the bank itself fails, the Federal Deposit Insurance Corporation (the "FDIC"), as receiver, will then become the fee owner of such property. In such event, the FDIC will not, pursuant to its own rules and regulations, likely be liable to pay the Series 2023 Assessments levied on such property. In addition, the District would require the consent of the FDIC prior to commencing a foreclosure action.

THE DISTRICT

General Information

The District, which is the issuer of the Series 2023 Bonds, is a local unit of special purpose government of the State of Florida, created pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and by Ordinance No. 18-7 of the Board of County Commissioners of Hillsborough County, Florida, adopted on February 13, 2018 and effective as of February 14, 2018, as amended. The District encompasses approximately 221 acres of land and is located in an unincorporated area of the County. The District lands lie west of Interstate 75 between 6th Street SE and 15th Street SE and north of 21st Avenue SE.

Legal Powers and Authority

The District is an independent unit of local government created pursuant to and established in accordance with the Act. The Act was enacted in 1980 to provide a uniform method for the establishment of independent districts to manage and finance basic community development services, including capital infrastructure required for community developments throughout the State of Florida. The Act provides legal authority for community development districts (such as the District) to finance the acquisition, construction, operation and maintenance of the major infrastructure for community development pursuant to its general law charter. The District is classified as an independent district under Chapter 189, Florida Statutes.

Among other provisions, the Act gives the District's Board of Supervisors the authority to, among other things: (a) plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for, among other things, (i) water management and control for lands within the District and to connect any of such facilities with roads and bridges, (ii) water supply, sewer and wastewater management, reclamation and reuse systems or any combination thereof and to construct and operate connecting intercept or outlet sewers and sewer mains and pipes and water mains, conduits, or pipelines in, along, and under any street, alley, highway, or other public place or ways, and to dispose of any effluent, residue, or other byproducts of such system or sewer system, (iii) District roads equal to or exceeding the specifications of the county in which such district roads are located and street lights, landscaping, hardscaping and undergrounding of electric utility lines, and (iv) with the consent of the local general-purpose government within the jurisdiction of which the power is to be exercised, parks and facilities for indoor and outdoor recreational uses and security; (b) borrow money and issue bonds of the District; (c) impose and foreclose special assessments liens as provided in the Act; and (d) exercise all other powers necessary, convenient, incidental or proper in connection with any of the powers or duties of the District stated in the Act.

The Act does not empower the District to adopt and enforce any land use plans or zoning ordinances and the Act does not empower the District to grant building permits; these functions are to be performed by general purpose local governments having jurisdiction over the lands within the District.

The Act exempts all property owned by the District from levy and sale by virtue of an execution and from judgment liens, but does not limit the right of any bondholders to pursue any remedy for enforcement of any lien or pledge of the District in connection with its bonds, including the Series 2023 Bonds.

Board of Supervisors

The governing body of the District is its Board of Supervisors (the "Board"), which is composed of five Supervisors (the "Supervisors"). The Act provides that, at the initial meeting of the landowners, Supervisors must be elected by the landowners, with the two Supervisors receiving the highest number of

votes to serve for four years and the remaining Supervisors to serve for a two-year term. Three of the five Supervisors are elected to the Board every two years in November. At such election the two Supervisors receiving the highest number of votes are elected to four-year terms and the remaining Supervisor is elected to a two-year term. Until the later of six (6) years after the initial appointment of Supervisors or the year in which there are at least 250 qualified electors in the District, or such earlier time as the Board may decide to exercise its ad valorem taxing power, the Supervisors are elected by vote of the landowners of the District. Ownership of the land within the District entitles the owner to one vote per acre (with fractions thereof rounded upward to the nearest whole number and, for purposes of determining voting interests, platted lots shall be counted individually and rounded up to the nearest whole acre and shall not be aggregated for determining the number of voting units held). Upon the later of six (6) years after the initial appointment of Supervisors or the year in which there are at least 250 qualified electors in the District, the Supervisors whose terms are expiring will be elected (as their terms expire) by qualified electors of the District, except as described below. A qualified elector is a registered voter who is at least eighteen years of age, a resident of the District and the State of Florida and a citizen of the United States. At the election where Supervisors are first elected by qualified electors, two Supervisors must be qualified electors and be elected by qualified electors, both to four-year terms. Thereafter, as terms expire, all Supervisors must be qualified electors and are elected to serve four-year terms. If there is a vacancy on the Board, whether as a result of the resignation or removal of a Supervisor or because no elector qualifies for a seat to be filled in an election, the remaining Board members are to fill such vacancy for the unexpired term.

Notwithstanding the foregoing, if at any time the Board proposes to exercise its ad valorem taxing power, prior to the exercise of such power, it shall call an election at which all Supervisors shall be qualified electors and shall be elected by qualified electors in the District. Elections subsequent to such decision shall be held in a manner such that the Supervisors will serve four-year terms with staggered expiration dates in the manner set forth in the Act.

The Act provides that it shall not be an impermissible conflict of interest under Florida law governing public officials for a Supervisor to be a stockholder, officer or employee of a landowner or of any entity affiliated with a landowner.

The current members of the Board and the expiration of the term of each member are set forth below.

<u>Title</u>	Term Expires
Chairperson	November 2024
Vice-Chairperson	November 2026
Assistant Secretary	November 2026
Assistant Secretary	November 2024
Assistant Secretary	November 2024
	Chairperson Vice-Chairperson Assistant Secretary Assistant Secretary

^{*} Employee of, or affiliated with, one or more of the Landowners.

A majority of the members of the Board constitutes a quorum for the purposes of conducting its business and exercising its powers and for all other purposes. Action taken by the District shall be upon a vote of a majority of the members present unless general law or a rule of the District requires a greater number. All meetings of the Board are open to the public under Florida's open meeting or "Sunshine" law.

The District Manager and Other Consultants

The chief administrative official of the District is the District Manager (as hereinafter defined). The Act provides that a district manager has charge and supervision of the works of the District and is

responsible for preserving and maintaining any improvement or facility constructed or erected pursuant to the provisions of the Act, for maintaining and operating the equipment owned by the District, and for performing such other duties as may be prescribed by the Board.

The District has retained Inframark, LLC, to serve as its district manager ("District Manager"). The District Manager's office is located at 2005 Pan Am Circle, Suite #300, Tampa, Florida 33607, telephone number (813) 397-5121.

The Act further authorizes the Board to hire such employees and agents as it deems necessary. Thus, the District has employed the services of GrayRobinson, P.A., Tampa, Florida, as Bond and Disclosure Counsel; Stantec Consulting Services, Inc., Tampa, Florida, as Consulting Engineer; and Straley Robin Vericker P.A., Tampa, Florida, as District Counsel. The Board has also retained the District Manager to serve as Methodology Consultant and Dissemination Agent for the Series 2023 Bonds.

Outstanding Bond Indebtedness

On September 20, 2018, the District issued its Special Assessment Revenue Bonds, Series 2018 (Assessment Area One) (the "Series 2018 Bonds") in the original aggregate principal amount of \$9,555,000, \$9,085,000 of which was outstanding as of February 16, 2023. The Series 2018 Bonds are secured by the Series 2018 Assessments levied on lands within Assessment Area One of the District, which lands are separate and distinct from the land within Assessment Area Two, which is subject to the Series 2023 Assessments securing the Assessment Area Two Bonds.

THE CIP AND THE ASSESSMENT AREA TWO PROJECT

In the "Report of the District Engineer" dated March 28, 2018 (the "Master Engineer's Report"), as supplemented by the "Report of the District Engineer – Special Assessment Revenue Bonds, Series 2023" dated February 22, 2023 (the "Supplemental Engineer's Report" and, together with the Master Engineer's Report, the "Engineer's Report"), each prepared by Stantec Consulting Services, Inc. (the "District Engineer"), the District Engineer sets forth certain public infrastructure improvements necessary for the Development of the approximately 768 units planned for the District Lands (collectively the "Capital Improvement Plan" or the "CIP").

The District is being developed in phases. Two Assessment Areas have been created to facilitate the District's financing plans. Assessment Area One corresponds to Phases 1, 2 and 3A of the Development and is planned to contain approximately 425 homes at buildout. Assessment Area Two corresponds to Phases 3C, 4 and 5, which are collectively planned to contain 343 residential lots at buildout.

The District previously issued its Series 2018 Bonds to finance a portion of the public infrastructure improvements associated with Assessment Area One (the "Assessment Area One Project"). The Assessment Area One Project is complete. All 425 lots planned for Assessment Area One have been developed and platted. See "THE DEVELOPMENT – Update on Assessment Area One" herein for more information on Assessment Area One.

The Series 2023 Bonds are being issued to finance a portion of the master infrastructure improvements not funded from proceeds of the Series 2018 Bonds and parcel infrastructure improvements associated with the development of Assessment Area Two (the "Assessment Area Two Project"). The District Engineer, in the Engineer's Report, estimates the total cost of the Assessment Area Two Project to be approximately \$16,910,213, as more particularly described below.

The net proceeds of the Series 2023 Bonds available to pay costs of the Assessment Area Two Project will be approximately \$8.0 million,* of which \$3.675 million will be deposited to the Phase 4 Project Subaccount within the Series 2023 Acquisition and Construction Account and applied to fund costs of the Phase 4 Project and \$4.33 million* will be deposited to the General Subaccount within the Series

As of February 21, 2023, the Landowners have spent approximately \$470,000 in engineering, permitting and soft costs associated with development of Assessment Area Two, as well as approximately \$3.7 million in master infrastructure improvements and approximately \$2 million toward construction of the amenity. See "THE DEVELOPMENT – Finance Plan" herein for more information. SM-Ruskin will enter into a completion agreement that will obligate SM-Ruskin to complete those portions of the Assessment Area Two Project not funded with net proceeds of the Series 2023 Bonds. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two" herein for more information.

The master infrastructure for the Development is substantially complete. The land within Assessment Area Two is being developed in phases. For more information regarding the development plan and status for each phase, see "THE DEVELOPMENT – Development Plan and Status" herein..

The District Engineer has indicated that all permits necessary to develop the Assessment Area Two Project have been obtained or are expected to be obtained in the ordinary course. See "APPENDIX C: ENGINEER'S REPORT" for more information regarding the Assessment Area Two Project. In addition to the Engineer's Report, see "THE DEVELOPMENT — Development Approvals" for a more detailed description of the entitlement and permitting status of the Development and Assessment Area Two.

ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS

Inframark, LLC (formerly known as District Management Services, LLC, d/b/a Meritus Districts) (the "Methodology Consultant"), has prepared the Master Assessment Methodology Report dated March 28, 2018, as supplemented by the First Supplemental Assessment Methodology Report dated September 12, 2018, the Master Expansion Area Master Assessment Report dated March 26, 2020 and the Second Expansion Area Master Assessment Report dated August 4, 2022, all as supplemented by the Second Supplemental Assessment Methodology Report – Assessment Area Two dated March 7, 2023 (collectively, the "Assessment Methodology"), included herein as APPENDIX D. The Assessment Methodology sets forth an overall method for allocating the Series 2023 Assessments to be levied against the lands within the District benefited by the Assessment Area Two Project and collected by the District as a result thereof. Once the final terms of the Series 2023 Bonds are determined, the Assessment Methodology will be revised to reflect such final terms. Once levied and imposed, the Series 2023 Assessments are a first lien on the land against which assessed until paid or barred by operation of law, co-equal with other taxes and assessments levied by the District, including the operation and maintenance assessments, and other units of government. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein.

The Series 2023 Bonds are payable from and secured solely by the Series 2023 Trust Estate, which consists primarily of the revenues received by the District from the Series 2023 Assessments. The Series 2023 Assessments will initially be levied on an equal-acre basis across the approximately 106.9 gross acreage in Assessment Area Two and will be allocated to individual lots upon platting on an equivalent assessment unit ("EAU") basis, in accordance with the Assessment Methodology. See "APPENDIX D: ASSESSMENT METHODOLOGY." Assessment Area Two corresponds to Phases 3C, 4 and 5 of the Development and is planned for 343 single-family residential units.

Upon platting of the land within Assessment Area Two, the estimated Series 2023 Assessments levied to pay debt service on the Series 2023 Bonds, along with the total estimated Series 2023 Bonds par amount allocated per unit, are expected to be as follows:

Product	Planned Units	Annual Series 2023 Assessment*	Series 2023 Bonds Total Par Per Unit*
Single-Family 55'	148	\$1,824	\$25,282
Single Family 60'	195	\$1,990	\$27,581

^{*} Preliminary, subject to change. The annual Series 2023 Assessment levels shown assume collection via the Uniform Method and include a gross up to account for fees of the Property Appraiser and Tax Collector and the statutory early payment discount.

Each homeowner in the District will pay annual taxes, assessment and fees on an ongoing basis as a result of its ownership of property within the District, including local ad valorem property taxes, the maintenance and operating assessments to be levied by the District, and the homeowner association assessments to be levied by the homeowners' association. The District anticipates levying operations and maintenance assessments in Fiscal Year ending 2023 in the annual amount of approximately \$908 per 50' unit and \$1,090 per 60' unit, which amounts are subject to change. The land within the District has been and is expected to continue to be subject to taxes and assessments imposed by taxing authorities other than the District. The total ad valorem millage rate in the County in 2022 was approximately 17.5059 mills, which amount is subject to change. These taxes would be payable in addition to the Series 2023 Assessments and any other assessments levied by the District and other taxing authorities. In addition, exclusive of voter approved millages levied for general obligation bonds, as to which no limit applies, the County and the School District of Hillsborough County, Florida may each levy ad valorem taxes upon the land in the District. The District has no control over the level of ad valorem taxes and/or special assessments

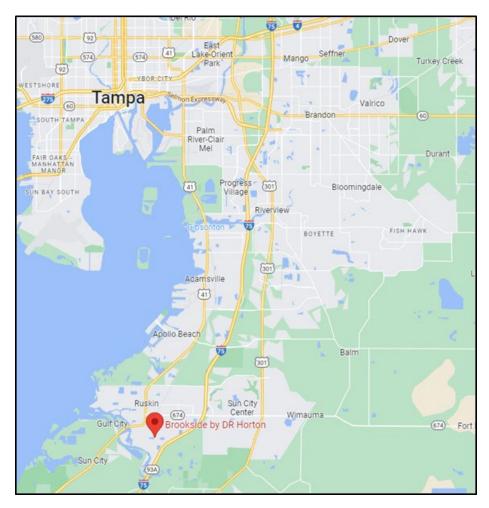

levied by other taxing authorities. It is possible that in future years taxes levied by these other entities could be substantially higher than in the current year. See "BONDOWNERS' RISKS" and "THE DEVELOPMENT – Taxes, Fees and Assessments" for more information, including proposed associations' assessments.

The information appearing below under the captions "THE DEVELOPMENT" and "THE LANDOWNERS" has been furnished by the Landowners for inclusion in this Limited Offering Memorandum and, although believed to be reliable, such information has not been independently verified by Bond Counsel, Disclosure Counsel, the District or its counsel, or the Underwriter or its counsel, and no persons other than the Landowners make any representation or warranty as to the accuracy or completeness of such information supplied by them. The following information is provided by the Landowners as a means for the prospective bondholders to understand the anticipated development plan and risks associated with the Development. The Landowners are not guaranteeing payment of the Series 2023 Bonds or the Series 2023 Assessments.

THE DEVELOPMENT

General

The boundaries of the District include a total of approximately 221.484 acres of land (the "District Lands"), which contain the development known as Brookside (the "Development"). The Development is in the unincorporated portion of Hillsborough County known as Ruskin, approximately three and one-half miles west of Interstate 75 and approximately one mile east of U.S. Highway 41. The Development lies south of E. College Avenue (C.R. 674), between 6th Street SE and 15th Street SE, and north of 21st Avenue SE. The A map showing the location of the Development appears below.

At buildout, the Development is currently planned to contain 768 single-family residential units and associated infrastructure and amenities. The District is being developed in phases. Two Assessment Areas have been created to facilitate the District's financing plans. Assessment Area One corresponds to Phases 1, 2, and 3A of the Development, which collectively are planned for 425 units. Assessment Area Two corresponds to Phases 3C, 4 and 5, which are collectively planned to contain 343 residential lots at buildout.

The District previously issued its Series 2018 Bonds to finance a portion of the public infrastructure improvements associated with Assessment Area One (the "Assessment Area One Project"). The Assessment Area One Project is complete. All 425 lots planned for Assessment Area One have been developed and platted. See "—Update on Assessment Area One" herein for more information.

The Series 2023 Bonds are being issued to finance a portion of the master infrastructure improvements not funded from proceeds of the Series 2018 Bonds and parcel infrastructure improvements associated with the development of Assessment Area Two (the "Assessment Area Two Project"). See "THE CIP AND THE ASSESSMENT AREA TWO PROJECT" herein. The Series 2023 Bonds will be secured by the Series 2023 Special Assessments, which will initially be levied on the approximately 106.9 acres within Assessment Area Two. As lots are platted, the Series 2023 Assessments will be assigned to the 343 lots planned for Assessment Area Two on a first-platted, first-assigned basis as set forth in the Assessment Methodology. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein.

SM-Ruskin Development, LLC, a Florida limited liability company ("SM-Ruskin"), EPG Ruskin, LLC, a Florida limited liability company ("EPG Ruskin"), and Spencer Farms, Inc., a Florida corporation ("Spencer Farms") (collectively, the "Landowners"), own all of the assessable land in Assessment Area Two. See "THE LANDOWNERS" herein. The Landowners have entered into contracts with D.R. Horton (the "Builder") to purchase all of the lots planned for Assessment Area Two as follows: (i) 21 finished lots in Phase 3C and 140 finished lots in Phase 5, to be closed in bulk upon development completion, and (ii) 182 undeveloped lots in Phases 4 to be closed upon receipt of permits and approvals (collectively, the "Builder Contracts"). The closings on the land in Phase 4 are expected to occur in March 2023, following issuance of the Series 2023 Bonds. The Builder will subsequently install parcel specific infrastructure improvements for Phase 4 not otherwise funded with net proceeds of the Series 2023 Bonds deposited to the Phase 4 Project Subaccount within the Series 2023 Acquisition and Construction Account. See "-Builder Contracts" herein for more information.

The land within Assessment Area Two is planned to contain (i) 148 single-family homes on 55' wide lots and (ii) 195 single-family homes on 60' wide lots. Home prices are expected to range in size from 1,800 square feet to 3,500 square feet, with prices ranging from approximately \$325,000 to approximately \$540,000. See "–Residential Product Offerings" herein for more information.

Set forth below are aerial photographs showing the status of the Development as of February 2023.

Update on Assessment Area One

The District previously issued its Series 2018 Bonds to finance a portion of the public infrastructure improvements associated with Assessment Area One, which is planned to contain 425 homes (the "Assessment Area One Project"). The Assessment Area One Project is substantially complete. All but 39 lots have been developed, which lots are expected to be completed in 2024. As of March 3, 2023, 298 lots have closed with builders, and an additional 42 lots are expected to close with D.R. Horton in May 2023. In addition, 256 homes have sold and closed with homebuyers. Homebuilders within Assessment Area One include D.R. Horton and Pulte.

Land Acquisition

SM-Ruskin and EPG Ruskin acquired their respective interests in the land within Assessment Area Two in a series of transactions from February 2019 to November 2021 for a combined purchase price of approximately \$4,695,000. Spencer Farms acquired its interests prior to 1980. The lands within Assessment Area Two are not subject to a mortgage other than the mortgages securing the release of deposits under the Builder Contracts. See "–Builder Contracts" herein.

Finance Plan

The Landowners estimate the total cost to complete the development of Assessment Area Two to be approximately \$19.2 million, which includes the Assessment Area Two Project and other private development costs. The finance plan for the respective phases is as follows:

Phases 3C and 5 – The total development costs associated with Phases 3C and 5, which are being completed by SM-Ruskin and EPG Ruskin, are estimated at approximately \$6.5 million. Approximately

\$4.33 million* will be funded with the net proceeds of the Series 2023 Bonds, with the remaining costs funded by SM-Ruskin and EPG Ruskin.

Phase 4 – The total development costs associated with Phase 4 (consisting of Phases 4A-4B and 4C), are estimated at approximately \$11.6 million. Approximately \$3.675 million will be funded with the net proceeds of the Series 2023 Bonds deposited to the Phase 4 Project Subaccount within the Series 2023 Acquisition and Construction Account, and the remaining costs are expected to be funded by the Builder. See "—The Builder Contracts" herein

SM-Ruskin will enter into a completion agreement that will obligate SM-Ruskin to complete the Assessment Area Two Project. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two" herein for more information.

- Phase 4C is planned for 33 lots. Spencer Farms is selling undeveloped land in Phase 4C to the Builder in one bulk takedown, with closing expected to occur in March 2023, following issuance of the Series 2023 Bonds. ^{*} Preliminary, subject to change.

• Phase 5A-5C is planned for 140 lots. EPG Ruskin is selling finished lots in Phase 5A-5C to the Builder in one bulk takedown, with closing expected to occur upon development completion in the second quarter of 2024. Land development is expected to commence in the second quarter of 2023, with completion expected in the second quarter of 2024.

The Landowners expect that vertical construction and home sales will begin in the second quarter of 2024, with home closings expected to commence in the fourth quarter of 2024. The Landowners anticipate that the Builder will deliver approximately 96 homes per annum, until buildout. This anticipated absorption rate is based upon estimates and assumptions made by the Landowners that are inherently uncertain, though considered reasonable by the Landowners, and are subject to significant business, economic, and competitive uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the control of the Landowners. As a result, there can be no assurance such absorption rate will occur or be realized in the timeframe anticipated.

Builder Contracts

The respective Landowners have entered into the Builder Contracts with D.R. Horton, Inc., a Delaware corporation ("D.R. Horton" or the "Builder") to purchase all of the 343 lots planned for Assessment Area Two, as follows: (i) 21 finished lots in Phase 3C and 140 finished lots in Phase 5 in bulk upon development completion and (ii) 182 undeveloped lots within Phase 4 in bulk upon receipt of permits. The Builder will subsequently install parcel specific infrastructure improvements for Phase 4. The total expected consideration from the sale of the 343 lots planned for Assessment Area Two is approximately \$27,886,659. Set forth below is a chart which summarizes the Builder Contracts. SM-Ruskin has entered into a Lot Purchase Agreement (the "Phase 3C Contract"), with the Builder. The Phase 3C Contract provides for the purchase of twenty-one (21) finished single-family lots in Phase 3C, consisting of fourteen (14) 55' lots and seven (7) 60' lots, in a single closing. The Phase 3C Contract provides for a base purchase price of \$110,000 per 55' lot and \$120,000 per 60' lot, for a total base purchase price of \$2,380,000. In addition, the Phase 3C Contract provides for the payment of additional consideration to the Landowners upon the closing of homes with purchasers, subject to a formula set forth in the Phase 3C Contract, which the Landowners expect will not exceed \$10,000 per lot.

Pursuant to the Phase 3C Contract, closing shall occur in one takedown fifteen (15) business days after substantial completion of Phase 3C, but in no event later than February 16, 2025. The Landowners

anticipate that closing will occur in the fourth quarter of 2023. Notwithstanding the foregoing, closing under the Phase 3C Contract is contingent on the Builder closing under the Phase 4A-4B Contract and the Phase 4C Contract (as described below).

Pursuant to the Phase 3C Contract, the Builder has made nonrefundable deposits of (i) \$266,625, which has been released to the Landowners and is secured by a mortgage in favor of the Builder, and (ii) \$90,375, which may be released to the Landowners upon the satisfaction of certain conditions, including the recording of an additional mortgage in favor of the Builder. There is a risk that the Builder may not close on the lands subject to the Phase 3C Contract or may not construct homes thereon. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two" herein.

Pursuant to the Phase 4A-4B Contract, closing shall occur no more than fifteen (15) days after receipt of the permits and approvals set forth in the Phase 4A-4B Contract. The Landowners anticipate that closing will occur in March 2023, following issuance of the Series 2023 Bonds.

Pursuant to the Phase 4A-4B Contract, the Builder has made a nonrefundable deposit of \$1,937,250, which has been released to the Landowners and is secured by a mortgage in favor of the Builder. There is a risk that the Builder may not close on the lands subject to the Phase 4A-4B Contract or may fail to complete development thereof or construct homes thereon. Closing by the Builder under the Phase 3C Contract and the Phase 5A-5C Contract (as described herein) is contingent on closing under the Phase 4A-4B Contract and the Phase 4C Contract. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two" herein.

In addition, the Phase 4C Contract provides for the payment of additional consideration to the Landowners upon the closing of homes with purchasers, subject to a formula set forth in the Phase 4C Contract, which the Landowners expect will not exceed \$10,000 per lot.

Pursuant to the Phase 4C Contract, closing shall occur no more than fifteen (15) days after receipt of the permits and approvals set forth in the Phase 4C Contract. The Landowners anticipate that closing will occur in March 2023, following issuance of the Series 2023 Bonds.

Pursuant to the Phase 4C Contract, the Builder has made a nonrefundable deposit of \$421,875, which has been released to the Landowners and is secured by a mortgage in favor of the Builder. There is a risk that the Builder may not close on the lands subject to the Phase 4C Contract or may fail to complete development thereof or construct homes thereon. Closing by the Builder under the Phase 3C Contract and the Phase 5A-5C Contract (as described herein) is contingent on closing under the Phase 4A-4B Contract and the Phase 4C Contract. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two" herein.

Phase 5A-5C Contract

EPG Ruskin has also entered into a Lot Purchase Agreement (the "Phase 5A-5C Contract"), with the Builder. The Phase 5A-5C Contract provides for the purchase of one hundred forty (140) finished single-family lots in Phase 5A-5C, consisting of forty-seven (47) 55' lots and ninety-three (93) 60' lots, in a single closing. The Phase 5A-5C Contract provides for a base purchase price of \$110,000 per 55' lot and \$120,000 per 60' lot, for a total base purchase price of \$16,330,000. In addition, the Phase 5A-5C Contract provides for the payment of additional consideration to the Landowners upon the closing of homes with purchasers, subject to a formula set forth in the Phase 5A-5C Contract, which the Landowners expect will not exceed \$10,000 per lot.

Pursuant to the Phase 5A-5C Contract, closing shall occur in one takedown fifteen (15) business days after substantial completion of Phase 5A-5C, but in no event later than December 1, 2025. The Landowners anticipate that closing will occur in the second quarter of 2024. Notwithstanding the foregoing, closing under the Phase 5A-5C Contract is contingent on the Builder closing under the Phase 4A-4B Contract and the Phase 4C Contract (as described below).

There is a risk that the Builder may not close on the lands subject to the Phase 5A-5C Contract or may not construct homes thereon. Residential Product Offerings

The following table reflects the Landowners' current expectations for the neighborhoods to be constructed in Assessment Area Two, along with the bedrooms, bathrooms, square footages and estimated home prices, all of which are subject to change.

			Estimated
Product	Square Feet	Beds / Baths	Home Prices
Single Family 55'	1,800-3,000	3-6 / 2-3.5	\$325,000 - \$490,000

Development Approvals

The land within Assessment Area Two has received zoning approval to allow for its development as described herein.

In addition, the respective Landowners have entered into Proportionate Share Development Mitigation Agreements with the County and the School Board of Hillsborough County, Florida to satisfy public school concurrency requirements associated with the development of Assessment Area Two (collectively, the "Proportionate Share Agreements"). Pursuant to the Proportionate Share Agreements, there shall be paid (i) with respect to Phase 3C, a total amount of \$174,900, (ii) with respect to Phases 4A and 4B, a total amount of \$1,262,186, and (iii) with respect to Phases 4C and 5A-C, a total amount of \$1,399,200, which in each case shall be paid no later than the earlier of final plat approval for each Phase or three years from the effective date of the Proportionate Share Agreements (i.e., no later than September 8, 2025). The Landowners expect that the respective amounts for each Phase will be paid by the Builder upon final plat approval for such Phase.

Construction plan approval for Phase 4 has been received. Preliminary plat plan approval has been received for Phases 3C and 5. The District Engineer has further indicated that all permits necessary to construct the Assessment Area Two Project have been or will be received in the ordinary course and will certify to the same upon closing of the issuance of the Series 2023 Bonds. See "BONDOWNERS' RISKS – Regulatory and Environmental Risks" for more information about risks relating to development and regulatory requirements.

Environmental

Previous environmental site assessments ("Prior ESAs") of the lands within Assessment Area One of the Development identified areas of impact associated with historical activities including fish ponds, suspected agricultural activities, on-site septic systems and the potential storage of petroleum products and other chemicals. The results of these Prior ESAs revealed elevated concentrations of arsenic and Total Recoverable Petroleum Hydrocarbons (TRPH) in soil and groundwater, and soil samples containing an exceedance of the Soil Clean-Up Target Level (SCTL) for Benzo(a)pyrene Equivalents, arsenic, and lead. The Prior ESAs were subsequently submitted to the Florida Department of Environmental Protection ("FDEP"), which assigned the site a Waste Cleanup Priority Score of 11 and, in 2014, assigned the site a "no further assessment" designation, with the caveat that land use changes would reopen the project to site rehabilitation.

In February 2018, ECS Florida LLC ("ECS") submitted a Site Assessment Report ("SAR"), which included soil and groundwater data for portions of such lands collected from previous ESAs and more recent data gathered during assessment activities within Assessment Area One conducted by ECS in 2017 and 2018. In April 2018, the FDEP issued comments in response to the SAR, which included requests for

certain additional data gathering in portions of Assessment Area One and for delineation of the vertical and lateral extent of soil impacts. In July 2018, ECS prepared a Site Assessment Report Addendum ("SARA") and Interim Source Removal Plan ("ISRP"). The SARA revealed elevated concentrations of arsenic in excess of the direct exposure SCTL in various locations throughout Assessment Area One. As a result, ECS recommended clean-up interim source removal (ISR), using excavation and off-site disposal of impacted soil within the identified arsenic-contaminated areas, followed by post-ISR groundwater monitoring and, where needed, resampling to determine whether elevated arsenic concentrations persist. The goal of ECS's planned ISR activities is to attain site closure through a No Further Action / Site Rehabilitation Completion Order, Risk Management Option I, No Further Action without controls. If arsenic-impacted groundwater is identified on-site and persists, implementation of institutional controls, including deed restrictions prohibiting the installation of water wells, may be used to manage contaminated groundwater at locations where it is found.

In addition, environmental site assessments of the lands within Phases 3C, 4C and 5A-5C within Assessment Area Two were performed from May 2018 through February 2021 ("Assessment Area Two ESAs"). One Assessment Area Two ESA recommended additional testing to determine the extent of any impacts from the adjacent fish pond site, previously identified in the Prior ESAs. Further testing was conducted in December 2018, which determined that the impacts were limited to the adjacent parcel and that the groundwater samples collected on the subject property did not contain arsenic concentrations above state levels. The remaining Assessment Area Two ESAs did not identify any RECs or recommend further testing of the subject lands. With respect to Phases 4A-4B, Spencer Farms has owned the lands therein for over forty years, and the Landowners have not obtained an environmental site assessment for such lands. The Builder completed an environmental assessment for Phases 4A-4B in the course of its inspection period pursuant to the Phase 4A-4B Contract and has released its deposit thereunder. See "-Builder Contracts" herein for more information.

See "BONDOWNERS' RISKS – Regulatory and Environmental Risks" herein for more information regarding potential environmental risks.

Taxes, Fees and Assessments

The Series 2023 Bonds are payable from and secured solely by the Series 2023 Trust Estate, which consists primarily of the revenues received by the District from the Series 2023 Assessments. The Series 2023 Assessments will initially be levied on an equal-acre basis across the approximately 106.9 gross acreage in Assessment Area Two and will be allocated to individual lots upon platting on an equivalent assessment unit ("EAU") basis, in accordance with the Assessment Methodology. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein. Assessment Area Two corresponds to Phases 3C, 4 and 5 of the Development and is planned for 343 single-family residential units.

Upon platting of the land within Assessment Area Two, the estimated Series 2023 Assessments levied to pay debt service on the Series 2023 Bonds, along with the total estimated Series 2023 Bonds par amount allocated per unit, are expected to be as follows:

	Planned	Annual Series 2023	Series 2023 Bonds
Product	Units	Assessment*	Total Par Per Unit*
Single-Family 55'	148	\$1,824	\$25,282
Single Family 60'	195	\$1,990	\$27,581

^{*} Preliminary, subject to change. The annual Series 2023 Assessment levels shown assume collection via the Uniform Method and include a gross up to account for fees of the Property Appraiser and Tax Collector and the statutory early payment discount.

The District anticipates levying operations and maintenance assessments in Fiscal Year ending 2023 in the annual amounts of approximately \$908 per 50' unit and \$1,090 per 60' unit, which amounts are subject to change. In addition to the above estimated Series 2023 Assessments and maintenance and operation assessments to be levied by the District, each homeowner in Assessment Area Two will also pay annual taxes, including local ad valorem property taxes, and homeowners' association assessments to be levied by the homeowners' association, which are estimated to be approximately \$84 per unit per year.

The millage rate for ad valorem taxes levied by the governments other than the District upon the real property located within the County was approximately 17.5059 mills for tax year 2022, which amount is subject to change in future tax years. These taxes would be payable in addition to the assessments levied by the District. In addition, exclusive of voter approved millages levied for general obligation bonds, as to which no limit applies, the County and the School District of Hillsborough County, Florida may each levy ad valorem taxes upon the land in the District. The District has no control over the level of ad valorem taxes and/or special assessments levied by other taxing authorities. It is possible that in future years taxes and assessments levied by these other entities could be substantially higher than in the current year. See "BONDOWNERS' RISKS – Other Taxes and Assessments" herein.

Amenities

The Development contains an approximately 1.22-acre recreation area containing a pool, cabana, restrooms, basketball court and a playground (collectively, the "Amenities"). Construction of the Amenities is complete at a cost of approximately \$2 million.

Education

The public schools for children residing in the Development are expected to be Ruskin Elementary School, Shields Middle School and Lennard High School, which are located approximately 1.6 miles, 5.5 miles and 2.6 miles from the Development, respectively, and which were rated D, C and D, respectively, by the Florida Department of Education in 2022. The Hillsborough County School Board may change school boundaries from time to time and there is no requirement that students residing in the Development be permitted to attend the schools which are closest to the Development.

Utilities

Electric utilities will be provided to the Development by Tampa Electric Company. Potable water and sanitary sewer service to the Development will be provided by the County.

Competition

The homes in Assessment Area Two are expected to compete with projects in the southern Hillsborough County market generally, which include Mangrove Manor, Southshore Bay, Hawkstone, Spencer Creek and Berry Bay. The foregoing does not purport to summarize all of the existing or planned communities in the area of the Development.

Landowners' Agreements

SM-Ruskin will enter into a completion agreement that will obligate SM-Ruskin to complete any portions of the Assessment Area Two Project not funded with proceeds of the Series 2023 Bonds. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete the Assessment Area Two Project or the Construction of Homes within Assessment Area Two" herein.

In addition, the Landowners will execute and deliver to the District a Collateral Assignment and Assumption of Development Rights, pursuant to which the Landowners will collaterally assign to the District, to the extent assignable and to the extent that they are solely owned or controlled by the Landowners, certain development rights relating the Assessment Area Two Project. Notwithstanding such Agreement, in the event the District forecloses on the lands subject to the Series 2023 Assessments as a result of a Landowners' or subsequent landowners' failure to pay such assessments, there is a risk that the District will not have all permits and entitlements necessary to complete the Assessment Area Two Project and the development of Assessment Area Two.

The Landowners will also enter into a True-Up Agreement in connection with their obligations to pay true-up payments in the event that debt levels remaining on unplatted or re-platted lands in Assessment Area Two increase above the maximum debt levels set forth in the Assessment Methodology. See "APPENDIX D: ASSESSMENT METHODOLOGY" hereto for additional information regarding the "true-up mechanism."

Such obligations of the Landowners are unsecured obligation. SM-Ruskin and EPG Ruskin are special-purpose entities whose assets consist primarily of their respective interests in the Development. See "THE LANDOWNERS" herein for more information regarding the Landowners.

Neither the Landowners nor any of the other entities listed above are guaranteeing payment of the Series 2023 Bonds or the Series 2023 Assessments. None of the entities listed herein, other than the Landowners, have entered into any agreements in connection with the issuance of the Series 2023 Bonds.

TAX MATTERS

Federal Income Taxes

The delivery of the Series 2023 Bonds is subject to the opinion of GrayRobinson, P.A., Bond Counsel, to the effect that the interest on the Series 2023 Bonds is excluded from gross income of the owners thereof for federal income tax purposes. The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements that must be met subsequent to the issuance and delivery of the Series 2023 Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause the interest on the Series 2023 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issue of the Series 2023 Bonds. Pursuant to the Indenture and the Tax Certificate, the District has covenanted to comply with the applicable requirements of the Code in order to maintain the exclusion of the interest on the Series 2023 Bonds from gross income for federal income tax purposes pursuant to Section 103 of the Code. The opinion of Bond Counsel on federal tax matters with respect to the Series 2023 Bonds will be based on and will assume the accuracy of certain representations and certifications of the District and the Landowners, and compliance with certain covenants of the District to be contained in the transcript of proceedings. Bond Counsel will not independently verify the accuracy of those certifications and representations.

In the opinion of Bond Counsel, under existing law and assuming compliance with the aforementioned covenant, and the accuracy of certain representations and certifications made by the District described above, interest on the Series 2023 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel, is also of the opinion that such interest is not treated as a preference item in calculating the alternative minimum tax imposed under the Code. However, for taxable years beginning after December 31, 2022, interest on the Series 2023 Bonds will be taken into account in computing the alternative minimum tax imposed on certain corporations under the Code to the extent that such interest is included in the "adjusted financial statement income" of such corporations.

State Taxes

Bond Counsel is of the opinion that the Series 2023 Bonds and the interest thereon will not be subject to taxation under the laws of the State, except estate taxes and taxes under Chapter 220, Florida Statutes, as amended, on interest, income or profits on debt obligations owned by corporations as defined therein. Bond Counsel expresses no opinion as to other State or local tax consequences arising with respect to the Series 2023 Bonds or as to the taxability of the Series 2023 Bonds or the income therefrom under the laws of any state other than the State.

[Original Issue Discount and Premium Bonds]

[Certain of the Series 2023 Bonds ("Discount Bonds") may be offered and sold to the public at an original issue discount ("OID"). OID is the excess of the stated redemption price at maturity (the principal amount) over the "issue price" of a Discount Bond determined under Code Section 1273 or 1274 (i.e., for obligations issued for money in a public offering, the initial offering price to the public (other than to bond houses and brokers) at which a substantial amount of the obligation of the same maturity is sold pursuant to that offering). For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period

of ownership of a Discount Bond (i) is interest excludable from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Series 2023 Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond.

Certain of the Series 2023 Bonds ("Premium Bonds") may be offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity (or earlier for certain Premium Bonds callable prior to maturity). That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually (or over a shorter permitted compounding interval selected by the owner). No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner's tax basis in the Premium Bond is reduced by the amount of bond premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond.

Owners of Discount and Premium Bonds should consult their own tax advisers as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable in any period with respect to the Discount or Premium Bonds and as to other federal tax consequences, and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.]

Ancillary Tax Matters

Ownership of the Series 2023 Bonds may result in other federal tax consequences to certain taxpayers, including, without limitation, certain S corporations, foreign corporations with branches in the United States, property and casualty insurance companies, individuals receiving Social Security or Railroad Retirement benefits, individuals seeking to claim the earned income credit, and taxpayers (including banks, thrift institutions and other financial institutions) who may be deemed to have incurred or continued indebtedness to purchase or to carry the Series 2023 Bonds. Prospective investors are advised to consult their own tax advisors regarding these rules.

Interest paid on tax-exempt obligations such as the Series 2023 Bonds is subject to information reporting to the IRS in a manner similar to interest paid on taxable obligations. In addition, interest on the Series 2023 Bonds may be subject to backup withholding if such interest is paid to a registered owner that (a) fails to provide certain identifying information (such as the registered owner's taxpayer identification number) in the manner required by the IRS, or (b) has been identified by the IRS as being subject to backup withholding.

Bond Counsel is not rendering any opinion as to any federal tax matters other than those described in the opinion attached as APPENDIX B. Prospective investors, particularly those who may be subject to special rules described above, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Series 2023 Bonds, as well as any tax consequences arising under the laws of any state or other taxing jurisdiction.

Changes in Law and Post Issuance Events

Legislative or administrative actions and court decisions, at either the federal or state level, could have an adverse impact on the potential benefits of the exclusion from gross income of the interest on the

Series 2023 Bonds for federal or state income tax purposes, and thus on the value or marketability of the Series 2023 Bonds. This could result from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), repeal of the exclusion of the interest on the Series 2023 Bonds from gross income for federal or state income tax purposes, or otherwise. It is not possible to predict whether any legislative or administrative actions or court decisions having an adverse impact on the federal or state income tax treatment of holders of the Series 2023 Bonds may occur. Prospective purchasers of the Series 2023 Bonds should consult their own tax advisors regarding the impact of any change in law on the Series 2023 Bonds.

Bond Counsel's opinions will be based on existing law, which is subject to change. Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance and delivery of the Series 2023 Bonds may affect the tax status of interest on the Series 2023 Bonds. Bond Counsel expresses no opinion as to any federal, state or local tax law consequences with respect to the Series 2023 Bonds, or the interest thereon, if any action is taken with respect to the Series 2023 Bonds or the proceeds thereof upon the advice or approval of other counsel. Moreover, the opinions of Bond Counsel are not a guarantee of a particular result and are not binding on the IRS or the courts; rather, such opinions represent Bond Counsel's professional judgment based on its review of existing law, and in reliance on the representations and covenants that it deems relevant to such opinions.

AGREEMENT BY THE STATE

Under the Act, the State of Florida pledges to the holders of any bonds issued thereunder, including the Series 2023 Bonds, that it will not limit or alter the rights of the District to own, acquire, construct, reconstruct, improve, maintain, operate or furnish the projects subject to the Act or to levy and collect taxes, assessments, rentals, rates, fees, and other charges provided for in the Act and to fulfill the terms of any agreement made with the holders of such bonds and that it will not in any way impair the rights or remedies of such holders.

LEGALITY FOR INVESTMENT

The Act provides that the Series 2023 Bonds are legal investments for savings banks, banks, trust companies, insurance companies, executors, administrators, trustees, guardians, and other fiduciaries, and for any board, body, agency, instrumentality, county, municipality or other political subdivision of the State of Florida, and constitute securities which may be deposited by banks or trust companies as security for deposits of state, county, municipal or other public funds, or by insurance companies as required or voluntary statutory deposits.

SUITABILITY FOR INVESTMENT

In accordance with applicable provisions of Florida law, the Series 2023 Bonds may initially be sold by the District only to "accredited investors" within the meaning of Chapter 517, Florida Statutes and the rules promulgated thereunder. The limitation of the initial offering to "accredited investors" does not denote restrictions on transfer in any secondary market for the Series 2023 Bonds. Investment in the Series 2023 Bonds poses certain economic risks. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or make any representations, other than those contained in this Limited Offering Memorandum.

ENFORCEABILITY OF REMEDIES

The remedies available to the Owners of the Series 2023 Bonds upon an event of default under the Indenture are in many respects dependent upon judicial actions which are often subject to discretion and

delay. Under existing constitutional and statutory law and judicial decisions, including the federal bankruptcy code, the remedies specified by the Indenture and the Series 2023 Bonds may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2023 Bonds will be qualified as to the enforceability of the remedies provided in the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery.

LITIGATION

The District

There is no litigation of any nature now pending or, to the knowledge of the District threatened, seeking to restrain or enjoin the issuance, sale, execution or delivery of the Series 2023 Bonds, or in any way contesting or affecting (i) the validity of the Series 2023 Bonds or any proceedings of the District taken with respect to the issuance or sale thereof, (ii) the pledge or application of any moneys or security provided for the payment of the Series 2023 Bonds, (iii) the existence or powers of the District or (iv) the validity of the Assessment Proceedings.

The Landowners

The Landowners have represented that there is no litigation of any nature now pending or, to the knowledge of the Landowners, threatened, which could reasonably be expected to have a material and adverse effect upon the ability of the Landowners to complete the development of Assessment Area Two or to complete the Assessment Area Two Project as described herein, or materially and adversely affect the ability of the Landowners to pay the Series 2023 Assessments imposed against the land within the District owned by the Landowners, or to otherwise perform its various obligations described in this Limited Offering Memorandum.

CONTINGENT FEES

The District has retained Bond Counsel, Disclosure Counsel, District Counsel, the Consulting Engineer, the District Manager/Methodology Consultant, the Underwriter (who has retained Underwriter's Counsel) and the Trustee (which has retained Trustee's counsel), with respect to the authorization, sale, execution and delivery of the Series 2023 Bonds. Except for the payment of certain fees to District Counsel, the Consulting Engineer and the District Manager, the payment of fees of the other professionals is each contingent upon the issuance of the Series 2023 Bonds.

NO RATING

No application for a rating for the Series 2023 Bonds has been made to any rating agency, nor is there any reason to believe that an investment grade rating for the Series 2023 Bonds would have been obtained if application had been made.

EXPERTS

The Engineer's Report included in APPENDIX C to this Limited Offering Memorandum has been prepared by Stantec, Inc., Tampa, Florida, the Consulting Engineer. APPENDIX C should be read in its entirety for complete information with respect to the subjects discussed therein. Inframark, LLC, as Methodology Consultant, has prepared the Assessment Methodology set forth as APPENDIX D hereto. APPENDIX D should be read in its entirety for complete information with respect to the subjects discussed therein. As a condition to closing on the Series 2023 Bonds, both the Consulting Engineer and the

Methodology Consultant will consent to the inclusion of their reports in this Limited Offering Memorandum.

FINANCIAL INFORMATION

This District will covenant in a Continuing Disclosure Agreement, the proposed form of which is set forth in APPENDIX F hereto, to provide its annual audited financial statements to certain information repositories as described in APPENDIX F, commencing with the audit for the District fiscal year ended September 30, 2022. Attached hereto as APPENDIX E is a copy of the District's audited financial statements for the District's fiscal year ended September 30, 2021, as well as the District's unaudited monthly financial statements for the period ended December 31, 2022. Such financial statements, including the auditor's report included within the audited financial statements, have been included in this Limited Offering Memorandum as public documents and consent from the auditor was not requested. Further, the auditors have not performed any services related to, and therefore are not associated with, the preparation of this Limited Offering Memorandum. The Series 2023 Bonds are not general obligation bonds of the District and are payable solely from the Series 2023 Trust Estate.

Beginning October 1, 2015, or by the end of the first full fiscal year after its creation, each community development district in Florida must have a separate website with certain information as set forth in Section 189.069, F.S., including, without limitation, the district's proposed and final budgets and audit. Additional information regarding the District's website is available from the District Manager at the address set forth under "THE DISTRICT – The District Manager and Other Consultants."

DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS

Section 517.051, Florida Statutes, and the regulations promulgated thereunder requires that the District make a full and fair disclosure of any bonds or other debt obligations that it has issued or guaranteed and that are or have been in default as to principal or interest at any time after December 31, 1975 (including bonds or other debt obligations for which it has served only as a conduit issuer such as industrial development or private activity bonds issued on behalf of private business). The District is not and has never been in default as to principal and interest on its bonds or other debt obligations.

CONTINUING DISCLOSURE

The District and the Landowners will enter into a Continuing Disclosure Agreement (the "Disclosure Agreement") in the proposed form of APPENDIX F, for the benefit of the Series 2023 Bondholders (including owners of beneficial interests in such Series 2023 Bonds), to provide certain financial information and operating data relating to the District and Assessment Area Two by certain dates prescribed in the Disclosure Agreement (the "Reports") with the MSRB through the MSRB's EMMA system. The specific nature of the information to be contained in the Reports is set forth in "APPENDIX F: PROPOSED FORM OF CONTINUING DISCLOSURE AGREEMENT." Under certain circumstances, the failure of the District or the Landowners to comply with their respective obligations under the Disclosure Agreement constitutes an event of default under the Disclosure Agreement would allow the Series 2023 Bondholders (including owners of beneficial interests in such Series 2023 Bonds), as applicable, to bring an action for specific performance.

The District has previously entered into a continuing disclosure undertaking pursuant to Rule 15c2-12, promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"), with respect to its Series 2018 Bonds. A review of filings made pursuant to such prior undertaking indicates that certain filings required to be made by the District were not timely filed and that notice of such late filings was not provided.

The District will appoint Inframark, LLC as the dissemination agent in the Disclosure Agreement and anticipates satisfying all future disclosure obligations required pursuant to its continuing disclosure undertakings and the Rule.

SM-Ruskin has previously entered into a continuing disclosure undertaking pursuant to the Rule, with respect to the District's Series 2018 Bonds. A review of filings made pursuant to such prior undertaking indicates that certain filings required to be made by SM-Ruskin were not timely filed and that notice of such late filings was not provided. In addition, certain filings were not in the format required by the undertaking. EPG-Ruskin and Spencer Farms have not previously entered into any continuing disclosure undertakings. The Landowners anticipate satisfying all future disclosure obligations required pursuant to their continuing disclosure undertakings, including the Disclosure Agreement, and the Rule.

UNDERWRITING

The Underwriter intends to offer the Series 2023 Bonds to accredited investors at the offering prices set forth on the cover page of this Limited Offering Memorandum, which may subsequently change without prior notice. The Series 2023 Bonds may be offered and sold to certain dealers, banks and others at prices lower than the initial offering prices, and such initial offering prices may be changed from time to time by the Underwriter.

VALIDATION

Twenty-six million three hundred thirty-five thousand dollars (\$26,335,000) of special assessment revenue bonds of the District to be issued from time to time were validated by the Circuit Court of the Thirteenth Judicial Circuit of Florida on June 27, 2018. The period for appeal of the judgment of validation of such special assessment revenue bonds has expired with no appeal having been filed.

ARTICLE I DEFINITIONS

In this Master Indenture and any indenture supplemental hereto (except as otherwise expressly provided or unless the context otherwise requires) terms defined in the recitals hereto shall have the same meaning throughout this Master Indenture and all Supplemental Indentures, and in addition, the following terms shall have the meanings specified below:

"Account" shall mean any account established pursuant to this Master Indenture and all Supplemental Indentures.

"Act" shall mean the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended from time to time, and any successor statute thereto.

"Annual Budget" shall mean the Issuer's budget of current operating and maintenance expenses for the Project for a Fiscal Year, as the same may be amended from time to time, adopted in accordance with the provisions here

"Arbitrage Certificate" shall mean the certificate of the Issuer delivered at the time of issuance of a Series of Bonds setting forth the expectations of the Issuer with respect to the use of the proceeds of such Series and also containing certain covenants of the Issuer in order to achieve compliance with the Code relating to the tax-status of the Bonds.

"Authorized Denomination" shall mean, unless provided otherwise in a Supplemental Indenture with respect to a Series of Bonds, a denomination of \$5,000 and integral multiples of \$5,000 in excess thereof.

"Beneficial Owner" shall mean the Person treated as the owner of Bonds for federal income tax purposes while the Bonds are registered in the name of Cede & Co., as the nominee of DTC. The Trustee is authorized to recognize the Beneficial Owners of a Series of Bonds for purposes of approvals, consents or other actions taken hereunder or under a Supplemental Indenture if beneficial ownership is proven to the satisfaction of the Trustee.

"Bonds" shall mean the Sherwood Manor Community Development District Special Assessment Revenue Bonds, issued in one or more Series pursuant to the provisions of this Master Indenture and Bonds subsequently issued to refund all or a portion of such aforementioned Bonds. If the Issuer determines to issue bond anticipation notes to be secured in whole or in part by a lien on the net proceeds of Bonds to be issued under this Master Indenture, the term "Bonds" shall apply to such short-term notes but only to the extent the Supplemental Indenture relating to such bond anticipation notes so provides.

THIS MASTER TRUST INDENTURE, dated as of September 1, 2018 (the "Master Indenture"), by and between SHERWOOD MANOR COMMUNITY DEVELOPMENT DISTRICT (together with its permitted successors and assigns, the "Issuer"), a local unit of special-purpose government organized and existing under the laws of the State of Florida, and U.S. Bank National Association, a national banking association authorized to accept and execute the trusts herein set forth (said banking corporation and any bank or trust company becoming successor trustee under this Master Indenture and all Supplemental Indentures (as hereinafter defined) being hereinafter referred to as the "Trustee");

WITNESSETH:

WHEREAS, the Issuer is a local unit of special purpose government duly organized and existing under the provisions of the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and established by Ordinance No. 18-7 of Hillsborough County, Florida effective on February 14, 2018, for the purpose, among other things, of financing and managing the acquisition and construction, maintenance, and operation of public infrastructure and other public facilities within and without the boundaries of the premises to be governed by the Issuer; and

Unless otherwise provided in the applicable Supplemental Indenture, the Trustee shall within ten (10) Business Days after the last Interest Payment Date in any calendar year, at the direction of the Issuer, withdraw any moneys held for the credit of the Revenue Fund which are not otherwise required to be deposited pursuant to this Section and deposit such moneys as directed to the credit of the applicable Series Account of the Bond Redemption Fund in accordance with the provisions hereof. Notwithstanding the foregoing, if pursuant to any Arbitrage Certificate it is necessary to make a deposit in the Rebate Fund, the Issuer shall direct the Trustee to make such deposit thereto. Prepayments pledged to a particular Series of Bonds shall be deposited directly into the applicable Series Account of the Bond Redemption Fund as provided herein.

Section 6.04 <u>Debt Service Fund.</u> The Trustee is hereby authorized and directed to establish a Debt Service Fund which shall consist of amounts deposited therein by the Trustee

and any other amounts the Issuer may pay to the Trustee for deposit therein with respect to the related Series of Bonds. The Debt Service Fund shall be held by the Trustee separate and apart from all other Funds and Accounts held under the Indenture and from all other moneys of the Trustee. The Trustee shall establish within the Debt Service Fund pursuant to a Supplemental Indenture, a Series Principal Account, a Series Interest Account and, if applicable, a Series Sinking Fund Account for each Series of Bonds and a Series Capitalized Interest Account, which accounts shall be separate and apart from all other Funds and Accounts established under the Indenture and from all other moneys of the Trustee.

The Trustee at all times shall make available to any Paying Agent the funds in the Series Principal Account and the Series Interest Account of the Debt Service Fund to pay the principal of the applicable Series of Bonds as they mature upon surrender thereof and the interest on the applicable Series of Bonds as it becomes payable, respectively. When a Series of Bonds is redeemed, the amount, if any, in the Debt Service Fund representing interest thereon shall be applied to the payment of accrued interest in connection with such redemption.

The Trustee shall apply moneys in the Series Sinking Fund Account in the Debt Service Fund for purchase or redemption of the applicable Series of Bonds in amounts and maturities set forth in the Supplemental Indenture. Whenever Bonds of a Series are to be purchased out of such Series Sinking Fund Account, if the Issuer shall notify the Trustee that the Issuer wishes to arrange for such purchase, the Trustee shall comply with the Issuer's arrangements provided they conform to the Indenture.

Except to the extent otherwise provided in a Supplemental Indenture with respect to a Series of Bonds, purchases and redemptions out of the Series Sinking Fund Account shall be made as follows:

At the written direction of the Issuer, the Trustee shall apply moneys from time to time available in the Series Sinking Fund Account to the purchase of Bonds of the applicable Series which mature in the aforesaid years, at prices not higher than the principal amount thereof, in lieu of redemption as aforesaid, provided that firm purchase commitments can be made before the notice of redemption would otherwise be required to be given. In the event of purchases at less than the principal amount thereof, the difference between the amount in the Series Sinking Fund Account representing the principal amount of the Bonds so purchased and the purchase price thereof (exclusive of accrued interest) shall be transferred to the related Series Interest Account of the Debt Service Fund.

(b) Accrued interest on purchased or redeemed Bonds of a Series shall be paid from the related Series Interest Account of the Debt Service Fund.

Whenever for any reason on an Interest Payment Date, principal payment date or mandatory redemption date with respect to a related Series of Bonds secured by a Series Account of the Debt Service Reserve Fund the amount in the related Series Interest Account, the related Series Principal Account or the related Series Sinking Fund Account, as the case may be, is insufficient to pay all amounts payable on such Series of Bonds therefrom on such payment dates, the Trustee shall, without further instructions but subject to contrary direction by the Majority Owners of the Bonds to which such Series Account of the Debt Service Reserve Fund relates, transfer the amount of any such deficiency from the related Series Account of the Debt Service Reserve Fund into the related Series Account, the related Series Principal Account and the related Series Sinking Fund Account, as the case may be, with priority to the related Series Interest Account and then, proportionately according to the respective deficiencies therein, to the related Series Principal Account and the related Series Sinking Fund Account, to be applied to pay the Series of Bonds secured by the Series Account of the Debt Service Reserve Fund.

Notwithstanding the foregoing, in lieu of the required deposits into the related Series Account of the Debt Service Reserve Fund, the Issuer may cause to be deposited into the Series Account of the Debt Service Reserve Fund a Debt Service Reserve Insurance Policy or Debt Service Reserve Letter of Credit, either in lieu of any cash amount required to be deposited therein in connection with the issuance of any Series of Bonds or in substitution for the full amounts then on deposit therein or in an amount equal to the difference between the amount required to be deposited and the sum, if any, then on deposit in the Series Account of the Debt Service Reserve Fund, which Debt Service Reserve Insurance Policy or Debt Service Reserve Letter of Credit shall be payable (upon the giving of notice as required thereunder) on any Interest Payment Date or principal payment date on which a deficiency exists which cannot be remedied by moneys in any other Fund or Account held pursuant to the Indenture and available for such purpose. Unless otherwise provided in the Supplemental Indenture with respect to a Series of Bonds, if any such Debt Service Reserve Insurance Policy or Debt Service Reserve Letter of Credit is substituted for moneys on deposit in the Series Account of the Debt Service Reserve Fund, or if at any time there are excess moneys in the Series Account of the Debt Service Reserve Fund shall be transferred to and deposited in the related Series Account or Subaccount of the Revenue Fund. Any Bond so purchased shall be presented to the Trustee for cancellation. In such event, the Debt Service Requirements with respect to the Bonds of a Series for the period in which the purchased Bonds are presented to the Trustee shall, for all purposes hereunder, be reduced by an amount equal to the aggregate principal amount of any such Bonds so presented.

Otherwise, earnings on investments in each Series Account of the Debt Service Reserve Fund shall be retained therein until applied as set forth herein. If made applicable in a Supplemental Indenture, in the event that the amount in a Series Account of the Debt Service Reserve Fund exceeds the Debt Service Reserve Requirement with respect to such Series of Bonds due to a decrease in the then applicable Debt Service Reserve Requirement as a result of an optional prepayment by the owner of a lot or parcel of land of Special Assessments against such lot or parcel or a mandatory true-up payment, which Special Assessments are pledged for the payment and security of such Series of Bonds, the excess amount shall, as directed by the terms of the applicable Supplemental Indenture, be transferred from the Series Account or Subaccount of the Debt Service Reserve Fund to the applicable Series Account of the Bond Redemption Fund established for such Series of Bonds and shall constitute a credit against such

Section 601. <u>Confirmation of Master Indenture</u>. As supplemented by this Second Supplemental Indenture, the Master Indenture is in all respect ratified and confirmed, and this Second Supplemental Indenture shall be read, taken and construed as a part of the Master Indenture so that all of the rights, remedies, terms, conditions, covenants and agreements of the Master Indenture, except insofar as modified herein, shall apply and remain in full force and effect with respect to this Second Supplemental Indenture and to the Series 2023 Bonds issued hereunder. To

the extent of any conflicts between the terms and provisions of the Master Indenture and this Second Supplemental Indenture the terms and provisions hereof shall control.

Section 602. Additional Covenants Regarding 2023 Assessments

- (a) In addition, and not in limitation of, the covenants contained elsewhere in this Second Supplemental Indenture and in the Master Indenture, the District covenants to comply with the terms of the proceedings heretofore adopted with respect to the 2023 Assessments, including the assessment methodology, prepared by Inframark, LLC (the "Report"), and to levy the 2023 Assessments and any required true up payments as set forth in the Report, in such manner as will generate funds sufficient to pay the principal of an interest on the Series 2023 Bonds, when due. The District also agrees that it shall not amend the Report in any material manner without the written consent of the Majority Owners.
- (b) Pursuant to the terms and provisions of the Master Indenture, and except as provided in the next succeeding sentence, the District shall collect the Series 2023 Assessments relating to the acquisition and construction of the Assessment Area Two Project through the Uniform Method of Collection (the "Uniform Method") afforded by Chapter 197, Florida Statutes. All Series 2023 Assessments that are collected directly by the District shall be due and payable by the Landowner not later than thirty (30) days prior to each Interest Payment Date.
- Section 603. Limitation on Additional Debt. In addition, the District covenants not to issue any other Bonds or other debt obligations secured by Special Assessments on assessable lands that are also encumbered by the Series 2023 Assessments for any capital project unless the Series 2023 Assessments have been Substantially Absorbed. The District may issue Bonds or other debt obligations secured by Special Assessments on assessable lands not encumbered by the Series 2023 Assessments without limitation except as limited by the documents pursuant to which such Bonds or debt are issued. The Trustee and the District may rely on a certificate from the District Manager regarding such status of the residential units and the Series 2023 Assessments and in the absence of receipt of such certificate, may assume Substantial Absorption has not occurred.
- Section 604. Additional Matters Relating to Delinquent Assessments. Notwithstanding anything herein or in the Master Indenture to the contrary, the following provisions shall apply with respect to the Series 2023 Assessments and Series 2023 Bonds: If the Series 2023 Assessments levied and collected under the Uniform Method are delinquent, then the applicable procedures for issuance and sale of tax certificates and tax deeds for nonpayment shall be followed in accordance with Chapter 197, Florida Statutes, and related statutes. Section 607. Provisions relating to Bankruptcy or Insolvency of Landowner.

- (a) The provisions of this Section 607 shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to at least three percent (3%) of the Series 2023 Assessments pledged to the Series 2023 Bonds Outstanding (an "Insolvent Taxpayer") under any existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (a "Proceeding").
- (b) The District acknowledges and agrees that, although the Series 2023 Bonds were issued by the District, the Owners of the Series 2023 Bonds are categorically the party with the ultimate financial stake in the transaction and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving an Insolvent Taxpayer:
 - (i) the District hereby agrees that it shall seek to secure the written consent of the Trustee, acting at the direction of the Majority Owners of the Series 2023 Bonds Outstanding, prior to making any election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceedings or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding, the Outstanding Series 2023 Bonds or any rights of the Trustee under the Indenture (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2023 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for consent);
 - (ii) the District hereby agrees that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding, the Series 2023 Bonds Outstanding or any rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee;

Method is not utilized, and if any property shall be offered for sale for the nonpayment of any Series 2023 Assessment, and no person or persons shall purchase the same for an amount at least equal to the full amount due on the Series 2023 Assessment (principal, interest, penalties and costs, plus attorneys' fees, if any), the property may then be purchased by the District, to the extent the District has available funds, for an amount equal to the balance due on the Series 2023 Assessment (principal, interest, penalties and costs, plus attorneys' fees, if any), and the District shall thereupon receive, in its corporate name or in the name of a special-purpose entity nominee of the District, the title to the property for the benefit of the Bondholders, provided that the Trustee shall have the right acting at the direction of the Majority Owners, but shall not be obligated, to direct the District with respect to any action taken pursuant to this Section. The District, either through its own actions or actions caused to be done through the Trustee, shall have the power and shall use its best efforts to lease or sell such property and deposit all of the net proceeds of any such lease or sale into the Series 2023 Revenue Account, Not less than ten (10) days prior to the filing of any foreclosure action or any sale of tax deed as herein provided, the District shall cause written notice thereof to be mailed to the Bondholders of the Series 2023 Bonds secured by such delinquent Series 2023 Assessments. Not less than thirty (30) days prior to the proposed sale of any lot or tract of land acquired by foreclosure by the District, it shall give written notice thereof to such Bondholders. The District, either through its own actions or actions caused to be done through the Trustee, agrees that it shall be required to take the measure provided by law for sale of property acquired by it as trustee for the Bondholders within thirty (30) days after the receipt of the request therefor signed by the Majority Owners of the Outstanding Series 2023 Bonds payable from the Series 2023 Assessments assessed on such property. The District and the Trustee, if directed by the Majority Owners shall, or if the Trustee or the District shall so elect may, place title of property received upon foreclosure or deed in lieu of foreclosure into a special-purpose entity controlled by the Trustee or such other entity acceptable to the Majority Owners so affected by such foreclosure, for the benefit of the Bondholders. If the District determines, after consultation with District Counsel, that there is an Obligated Person, as defined under the Rule, then in addition to the District, the decision to file a foreclosure action shall be made by the Majority Owners of the Series 2023 Bonds so secured by the delinquent Series 2023 Assessments and such decision shall be communicated to the District and Trustee in writing.

Section 605. Additional Matters Relating to Series 2023 Assessments and Assessment Proceedings. The District covenants and agrees that it will take such actions to (i) enforce the remedial provisions of the Indenture upon an Event of Default with respect to the Series 2023 Bonds; (ii) the provisions for the collection of delinquent Series 2023 Assessments that are directly billed and collected by the District, as well as delinquent direct billed operation and maintenance assessments, and (iii) the provisions for the foreclosure of liens of delinquent Series 2023 Assessments that are directly billed and collected by the District, as well as delinquent direct billed operation and maintenance assessments, all in a manner consistent with the Master Indenture and this Second Supplemental Indenture.

Section 606. Additional Matters Relating to Events of Default.

In addition to the events set forth in Section 10.02 of the Master Indenture, each of the following events shall be an Event of Default with respect to the Series 2023 Bonds, notwithstanding anything to the contrary in the Master Indenture:

- (iii) the District hereby agrees that it shall seek the written consent of the Trustee prior to filing and voting in any such Proceeding (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2023 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for consent).
- (iv) the Trustee shall have the right, by interpleader or otherwise, to seek or oppose any relief in any such Proceeding that the District, as claimant with respect to the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding would have the right to pursue, and, if the Trustee chooses to exercise any such rights, the District shall not oppose the Trustee in seeking to exercise any and all rights and taking any and all actions available to the District in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute and/or defend any claims and proofs of claims, to vote to accept or reject a plan, to seek dismissal of the Proceeding, to seek stay relief to commence or continue foreclosure or pursue any other available remedies as to the Series 2023 Assessments relating the Series 2023 Bonds Outstanding, to seek substantive consolidation, to seek to shorten the Insolvent Taxpayer's exclusivity periods, to oppose any motion to extend such exclusivity periods, to oppose any motion for use of cash collateral or for authority to obtain financing, to oppose any motion or any sale procedures motion or any sale motion, to propose a competing plan of reorganization or liquidation, or to make any election under Section 1111(b) of the Bankruptcy Code; and
- (v) the District shall not challenge the validity or amount of any claim submitted in good faith in such Proceeding by the Trustee or any valuations of the lands owned by any Insolvent Taxpayer submitted in good faith by the Trustee in such Proceedings or take any other action in such Proceedings, which is adverse to Trustee's enforcement or the District's claim and rights with respect to the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding or receipt of adequate protection (as that term is defined in the Bankruptcy Code). Without limiting the generality of the foregoing, the District agrees that the Trustee shall have the right (i) to file a proof of claim with respect to the Series 2023 Assessments pledged to the Series 2023 Bonds Outstanding, (ii) to deliver to the District a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim.
- (c) Notwithstanding the provisions of the immediately preceding paragraphs, nothing in this Section shall preclude the District from becoming a party to a Proceeding in order to enforce a claim for operation and maintenance assessments, and the District shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the District in pursuance of its claim for operation and maintenance assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the Series 2023 Assessments relating to the Series 2023 Bonds Outstanding whether such claim is pursued by the District or the Trustee; provided, however, that the District shall not oppose any relief sought by the Trustee under the authority granted to the Trustee in clause (b)(iv) or (b)(v) above.

Section 608. Acknowledgement Regarding Series 2023 Acquisition and Construction Account Moneys Following an Event of Default. - (ii) From moneys, if any, on deposit in the Series 2023 Funds, Accounts and Subaccounts (other than the Series 2023 Rebate Fund and the Series 2023 Acquisition and Construction Account) sufficient to pay and redeem all Outstanding Series 2023 Bonds and accrued interest thereon to the redemption date or dates in addition to all amounts owed to Persons under the Master Indenture; or

APPENDIX B PROPOSED FORM OF OPINION OF BOND COUNSEL

[Date of Delivery]

Board of Supervisors of Sherwood Manor Community Development District Hillsborough County, Florida

Re: \$_____ Sherwood Manor Community Development District (Hillsborough County, Florida) Special Assessment Revenue Bonds, Series 2023 (Assessment Area Two)

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by Sherwood Manor Community Development District (the "District") of its \$ original principal amount of Special Assessment Revenue Bonds, Series 2023 (Assessment Area Two) (the "Series 2023 Bonds"), issued and delivered on this date pursuant to the constitution and laws of the State of Florida, particularly, the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended, and other applicable provisions of law (collectively, the "Act") and by Ordinance No. 18-7, duly enacted by the Board of County Commissioners of Hillsborough County, Florida, on February 14, 2018, as amended. The Series 2023 Bonds are being issued pursuant to the Act, Resolution Nos. 2018-22 and 2022-11 adopted by the Board of Supervisors (the "Board") of the District on February 23, 2018 and September 22, 2022, respectively (collectively, the "Resolution"). The Series 2023 Bonds are being issued and secured under that certain Master Trust Indenture dated as of September 1, 2018 (the "Master Indenture"), as supplemented by that certain Second Supplemental Trust Indenture dated as of March 1, 2023 (the "Supplemental Indenture" and, together with Master Indenture, the "Indenture"), each by and between the District and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"). Capitalized terms used herein without definitions have the meanings ascribed thereto in the Indenture.

The Series 2023 Bonds are being issued for the primary purpose of financing the Assessment Area Two Project. To secure the payment of the Series 2023 Bonds, and subject to the terms of the Indenture, the District has pledged to the holders of the Series 2023 Bonds, and granted a lien to the holders of the Series 2023 Bonds on, the Series 2023 Pledged Revenues and the Series 2023 Pledged Funds.

Board of Supervisors of Sherwood Manor Community Development District Hillsborough County, Florida [Date of Delivery] Page 2 of 3

In connection with this opinion, we have examined the Act, certified copies of the Resolution, the Indenture, the Arbitrage Certificate, a transcript of the proceedings related to the issuance of the Series 2023 Bonds and such other documents and opinions as we have deemed necessary to render this opinion, and are relying on certain findings, covenants and agreements of the District set forth therein and such certified copies of the proceedings of the District and such other documents and opinions as we have deemed necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon representations of the District furnished to us, without undertaking to verify such representations by independent investigation. We have also relied upon certain certifications and representations provided by SM-Ruskin Development, LLC, EPG Ruskin, LLC, and Spencer Farms, Inc., as the landowners of the real property within Assessment Area Two subject to the Series 2023 Assessments constituting the Series 2023 Trust Estate, without undertaking to verify such representations by independent investigation.

Based on the foregoing, and subject to the qualifications and limitations stated in this letter, we are of the opinion that:

- 1. The District has the power to authorize, execute and deliver the Indenture, to perform its obligations thereunder and to issue the Series 2023 Bonds.
- 2. The Indenture has been duly authorized, executed and delivered by the District. The Indenture creates a valid pledge of the Series 2023 Trust Estate with respect to the Series 2023 Bonds and constitutes a valid and binding obligation of the District enforceable against the District in accordance with its terms.
- 3. The issuance and sale of the Series 2023 Bonds have been duly authorized by the District and, assuming the due authentication thereof, the Series 2023 Bonds constitute valid and binding limited obligations of the District, payable in accordance with, and as limited by, the terms of the Indenture.
- 4. The Internal Revenue Code of 1986, as amended (herein, the "Code"), includes requirements that the District must continue to meet after the issuance of the Series 2023 Bonds in order that interest on the Series 2023 Bonds not be included in gross income for federal income tax purposes. The failure of the District to meet these requirements may cause interest on the Series 2023 Bonds to be included in gross income for federal income tax purposes retroactive to their date of issuance. The District has covenanted in the Indenture to take the actions required by the Code to maintain the exclusion from gross income for federal income tax purposes of interest on the Series 2023 Bonds. In rendering the opinion expressed below, we have assumed continuing compliance with the covenants that must be met after the issuance of the Series 2023 Bonds in order that interest on the Series 2023 Bonds not be included in gross income for federal income tax purposes.

Based on the foregoing, under existing statutes, regulations, rulings and court decisions, subject to the assumptions stated in the preceding paragraph, interest on the Series 2023 Bonds is

Board of Supervisors of Sherwood Manor Community Development District Hillsborough County, Florida [Date of Delivery] Page 3 of 3

excludable under Section 103 of the Code from the gross income of the owners thereof for federal income tax purposes. Furthermore, we are of the opinion that interest on the Series 2023 Bonds is not treated as a preference item in calculating the federal alternative minimum tax. However, for taxable years beginning after December 31, 2022, interest on the Series 2023 Bonds will be taken into account in computing the alternative minimum tax imposed on certain corporations under the Code to the extent that such interest is included in the "adjusted financial statement income" of such corporations.

5. The Series 2023 Bonds and interest thereon are not subject to taxation under the laws of the State of Florida except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in Chapter 220.

We express no opinion regarding other federal or any state tax consequences resulting from the ownership, receipt or accrual of interest on, or disposition of the Series 2023 Bonds.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not verified the accuracy or truthfulness thereof. We have also assumed the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

The opinions set forth herein are subject to state and federal laws relating to bankruptcy, insolvency, reorganization, moratorium and similar laws, and to equitable principles, affecting the enforcement of creditors' rights generally, and to the exercise of judicial discretion in appropriate cases.

We wish to call to your attention that the Series 2023 Bonds are limited obligations of the District payable solely from the Series 2023 Trust Estate, and neither the full faith and credit nor the taxing power of the District, Hillsborough County, Florida, the State of Florida or any other political subdivision thereof is pledged as security for the payment of the Series 2023 Bonds. The Series 2023 Bonds do not constitute an indebtedness of the District within the meaning of any constitutional or statutory provision or limitation.

Our opinions expressed herein are predicated upon present laws, facts and circumstances, and we assume no affirmative obligation to update the opinions expressed herein if such laws, facts or circumstances change after the date hereof.

Respectfully submitted,

Report of the District Engineer

Prepared for: Board of Supervisors Sherwood Manor Community Development District

Prepared by: Stantec Consulting Services Inc. 777 S. Harbour Island Boulevard Suite 600 Tampa, FL 33602 (813) 223-9500

1.0 INTRODUCTION

The Sherwood Manor Community Development District ("the District") encompasses approximately 165.61 acres in Hillsborough County, Florida. The District is located within Sections 8,9,16 and 17, Township 32 South, Range 19 East and is generally located between 6th Street SE and 15th Street SE and north of 21st Avenue SE, in Hillsborough County, Florida.

See Appendix A for a Vicinity Map and Legal Description of the District.

2.0 PURPOSE

The District was established by Hillsborough County Ordinance 18-7 effective on February 13, 2018 for the purpose of constructing and/or acquiring, maintaining, and operating all or a portion of the public improvements and community facilities within the District. The purpose of this Report of the District Engineer is to provide a description and estimated costs of the public improvements and community facilities being planned within the District.

3.0 THE DEVELOPER AND DEVELOPMENT

The property owners Sherwood - Ruskin LLC and Spencer Farms Inc. currently plans to build 649 residential units. The Hillsborough County Board of County Commissioners has approved up to 864 units within the District boundary through Zoning Verification ZV 13-0294, and zoning modifications PRS 17-1387 and PRS 17-1388.

The possible major public improvements and community facilities include, but are not limited to, water management and control, water supply, sewer and wastewater management, roads, parks and recreation, and landscaping/hardscaping/irrigation.

4.0 PUBLIC IMPROVEMENTS AND COMMUNITY FACILITIES

Detailed descriptions of the proposed public improvements and community facilities are provided in the following sections.

4.1 WATER MANAGEMENT AND CONTROL

The design criteria for the District's water management and control is regulated by Hillsborough County and the Southwest Florida Water Management District (SWFWMD). The water management and control plan for the District focuses on utilizing newly constructed ponds within upland areas and on-site wetlands for stormwater treatment and storage.

Any excavated soil from the ponds is anticipated to remain within the development for use in building public infrastructure including roadways, landscape berming, drainage pond bank fill requirements, utility trench backfill, and filling and grading of public property.

The primary objectives of the water management and control for the District are:

- To provide stormwater quality treatment.
- 2. To protect the development within the District from regulatory-defined rainfall events.
- To maintain natural hydroperiods in the wetlands and connecting flow ways.
- To insure that adverse stormwater impacts do not occur upstream or downstream as a result of constructing the District improvements during regulatory-defined rainfall events.
- To satisfactorily accommodate stormwater runoff from adjacent off-site areas which may naturally drain through the District.
- To preserve the function of the flood plain storage during the 100 year storm event.

Water management and control systems will be designed in accordance with Hillsborough County technical standards. The District is anticipated to own and maintain these facilities.

4.2 WATER SUPPLY

The District is located within the Hillsborough County utilities service area which will provide water supply for potable water service and fire protection to the property. The water supply improvements are anticipated to include 8" looped water mains which will supply potable water and service and fire protection to the District. Off-site improvements may be required to provide service to the District.

The water supply systems will be designed in accordance with Hillsborough County technical standards. It is anticipated that Hillsborough County will own and maintain these facilities.

4.3 SEWER AND WASTEWATER MANAGEMENT

The District is located within the Hillsborough County utilities service area which will provide sewer and wastewater management service to the District. The sewer and wastewater management improvements are anticipated to include an 8" gravity sanitary sewer system within the road rights of way and pumping stations that will connect to an existing force main located north of the District. Off-site improvements may be required to provide service to the District.

All sanitary sewer and wastewater management facilities will be designed in accordance with Hillsborough County technical standards. It is anticipated that Hillsborough County will own and maintain these facilities.

4.4 DISTRICT ROADS

District Roads include the roadway asphalt, base, and subgrade, roadway curb and gutter, and sidewalks within rights of way abutting common areas.

All roads will be designed in accordance with the Hillsborough County technical standards and are anticipated to be owned and maintained by the Hillsborough County.

4.5 PARKS AND RECREATIONAL FACILITIES

Parks and recreation facilities are planned throughout the community and will be owned and maintained by the District.

4.6 LANDSCAPING/ HARDSCAPE/IRRIGATION

Community entry monumentation and landscape buffering and screening will be provided at several access points into the District. Irrigation will also be provided in the landscaped common areas.

It is anticipated that these improvements will be owned and maintained by the District.

4.7 PROFESSIONAL SERVICES AND PERMITTING FEES

Hillsborough County and SWFWMD impose fees for construction permits and plan reviews. These fees vary with the magnitude and size of the development. Additionally, engineering, surveying, and architecture services are needed for the subdivision, landscape, hardscape, and community amenity's design, permitting, and construction. As well, development/construction management services are required for the design, permitting, construction, and maintenance acceptance of the public improvements and community facilities.

Fees associated with performance and warranty financial securities covering Hillsborough County infrastructure may also be required. These fees associated with public improvements may be funded by the District.

5.0 PUBLIC IMPROVEMENTS AND COMMUNITY FACILITIES COSTS

See Appendix B for the Construction Cost Estimate of the Public Improvements and Community Facilities.

6.0 SUMMARY AND CONCLUSION

The District, as outlined above, is responsible for the functional development of the lands within the District and, except as noted above in this report, such public improvements and facilities are located within the boundary of the District.

The planning and design of the District will be in accordance with current governmental regulatory requirements.

Items of construction cost in this report are based on our review and analysis of the conceptual site plans for the development and recent costs expended in similar projects of nature and size. It is our professional opinion that the estimated infrastructure costs provided herein for the development are conservative to complete the construction of the Public Improvements and Community Facilities described herein. All such infrastructure costs are public improvements or community facilities as set forth in Section 190.012(1) and (2) of the Florida Statutes.

The estimate of the construction costs is only an estimate and not a guaranteed maximum cost. The estimated cost is based on historical unit prices or current prices being experienced for ongoing and similar items of work in Hillsborough County. The labor market, future costs of equipment and materials, and the actual construction process are all beyond our control. Due to this inherent possibility for fluctuation in costs, the total final cost may be more or less that this estimate.

The professional service for establishing the Construction Cost Estimate are consistent with the degree of care and skill exercised by members of the same profession under similar circumstances.

Report of the District Engineer Special Assessment Revenue Bonds -Series 2023

Prepared for:
Board of Supervisors
Sherwood Manor Community
Development District

Prepared by: Stantec Consulting Services Inc. 777 S. Harbour Island Boulevard Suite 600 Tampa, FL 33602 (813) 223-9500

1.0 INTRODUCTION

The Sherwood Manor Community Development District ("the District") originally encompassed approximately 160.959 acres, the first expansion area encompassed approximately 14.11 acres, and the current expansion area encompasses approximately 46.415 acres, totaling 221.484 acres within Hillsborough County, Florida. The District is located within Sections 8,9,16 and 17, Township 32 South, Range 19 East and is generally located between 6th Street SE and 15th Street SE and north of 21st Avenue SE, in Hillsborough County, Florida.

See Appendix A for the Vicinity Map and Legal Description of the District.

2.0 PURPOSE

The District was originally established by Hillsborough County Ordinance 18-7, effective on February 14, 2018, which was amended to expand the boundary per Hillsborough County Ordinance 20-6, effective on March 11, 2020, then was amended to expand the boundary again per Hillsborough County Ordinance 22-22, effective on July 27, 2022 for the purpose of constructing and/or acquiring, maintaining, and operating all or a portion of the public improvements and community facilities within the District. The purpose of this Report of the District Engineer is to provide a description and estimated costs of the public improvements and community facilities being planned within the Boundary Expansion the District.

See Appendix B for the Site Plan.

3.0 THE DEVELOPER AND DEVELOPMENT

The property owners, SM Ruskin Development LLC, EPG Ruskin LLC, and Spencer Farms Inc. are in the process of completing public improvements and community facilities for 343 residential units, Phases 3C, 4A, 4B,4C, 5A, 5B, and 5C.

The possible major public improvements and community facilities include, but are not limited to, completed 2018 amenity improvements, water management and control, water supply, sewer and wastewater management, and roads.

4.0 PUBLIC IMPROVEMENTS AND COMMUNITY FACILITIES

Detailed descriptions of the proposed public improvements and community facilities are provided in the following sections.

4.1 PUBLIC IMPROVEMENTS AND COMMUNITY FACILITIES

4.1.1 2018 Amenity Improvements

The 2018 amenity improvements were partially funded with the Series 2018 Bonds and developer funding. The 2023 Bonds are planned to pay for this completed work.

4.1.2 Water Management and Control

The design criteria for the District's water management and control is regulated by Hillsborough County and the Southwest Florida Water Management District (SWFWMD). The water management and control plan for the District focuses on utilizing newly constructed stormwater ponds within upland areas for stormwater treatment and storage.

Any excavated soil from the ponds is anticipated to remain within the development for use in building public infrastructure including roadways, landscape berming, stormwater pond bank fill requirements, utility trench backfill, and filling and grading of public property.

The primary objectives of the water management and control for the District are:

- 1. To provide stormwater quality treatment
- 2. To protect the development within the District from regulatory-defined rainfall events.
- 3. To maintain natural hydroperiods in the wetlands.
- 4. To satisfactorily accommodate stormwater runoff from adjacent off-site areas which may naturally drain through the District.
- 5. To preserve the function of the flood plain storage during the 100-year storm event.

Water management and control systems are designed in accordance with Hillsborough County and SWFWMD technical standards. The District is anticipated to own and maintain the stormwater ponds. Storm sewer systems that collect and convey drainage from the District roads will be designed in accordance with the Hillsborough County technical standards, and Hillsborough County is anticipated to own and maintain these storm sewer systems.

4.1.3 District Roads

District Roads include the subdivision street rights of way improvements, including the asphalt, base and subgrade, roadway curb and gutter, and sidewalks within rights of way abutting common areas.

All subdivision streets will be designed in accordance with the Hillsborough County technical standards and subdivision roads are anticipated to be owned and maintained by the Hillsborough County.

4.1.4 Sewer and Wastewater Management

The Sewer and Wastewater Management Improvements includes a collection system within road rights of way and/or easements that will connect to an existing Hillsborough County Utilities' system.

Sherwood Manor CDD

Report of the District Engineer - Special Assessment Revenue Bonds - Series 2023 February 22, 2023

All Sanitary Sewer and Wastewater Management systems will be designed in accordance with the Hillsborough County Utilities' technical standards. Hillsborough County will own and maintain these facilities.

4.1.5 Water Supply

The District is located within the Hillsborough County Utilities' service area which will provide water supply for potable water service and fire protection to the property.

The Water Supply improvements includes looped water mains within the roadway rights of way and/or easements which will supply potable water service and fire protection to the District.

The Subdivision Water Supply systems will be designed in accordance with Hillsborough County Utilities' technical standards. Hillsborough County Utilities will own and maintain these facilities.

4.1.6 Professional Services and Permitting Fees

Hillsborough County and SWFWMD impose fees for construction permits and plan reviews. Additionally, engineering, surveying, and landscape and architecture services are needed for the subdivision, landscape, hardscape, and community amenity's design, permitting, and construction. As well, development/construction management services are required for the design, permitting, construction, and maintenance acceptance of the public improvements and community facilities. The design, permitting, and construction administration fees for subdivision improvements are considered Subdivision Professional Services and Permitting Fees.

Fees associated with performance and warranty financial securities may also be required.

5.0 PUBLIC IMPROVEMENTS AND COMMUNITY FACILITIES COSTS

See Appendix C for the Construction Cost Estimate of the Public Improvements and Community Facilities.

6.0 SUMMARY AND CONCLUSION

The District, as outlined above, is responsible for the functional development of the lands within the District and, except as noted above in this report, such public improvements and facilities are located within the boundary of the District. The Public Improvements and Community Facilities Construction Cost Estimate is based on bid information supplied by the developer.

The estimate of the construction costs is only an estimate and not a guaranteed maximum cost. The estimated cost is based on historical unit prices or current prices being experienced for ongoing and similar items of work in Hillsborough County. The labor market, future costs of equipment and materials, and the actual construction process are all beyond our control. Due to this inherent possibility for fluctuation in costs, the total final cost may be more or less than this estimate.

I. INTRODUCTION

This Master Assessment Methodology Report (the "Master Report") details the basis of the benefit allocation and assessment methodology to support the financing plan to complete the public infrastructure required within the Sherwood Manor Community Development District (the "District"). The private assessable lands ("Assessable Property") benefitting from the public infrastructure is generally described within Exhibit A of this Master Report and further described within the Engineer's Report, dated March 28th, 2018 (the "Engineer's Report").

The objective of this Master Report is to:

- 1. Identify the District's capital improvement program ("CIP") for the project to be financed, constructed and/or acquired by the District; and
- 2. Determine a fair and equitable method of spreading the associated costs to the benefiting Assessable Properties within the District pre- and post-development completion; and
- 3. Provide a basis for the placement of a lien on the Assessable Properties within the District benefiting from the CIP, as outlined by the Engineer's Report.

The basis of benefit received by Assessable Properties relates directly to the proposed CIP. It is the District's CIP that will create the public infrastructure that enables Assessable Properties within the District to be developed and improved under current allowable densities. The CIP includes off-site improvements, storm water, utilities (water and sewer), roadways, landscape and hardscape. The Engineers Report identified estimated costs to complete the CIP, inclusive of associated "soft cost" such as legal/engineering services with contingencies to account for commodity and service market fluctuations. This report will further address additional financing cost associated with funding the CIP. Without the required improvements in the CIP, the development of the Assessable Properties could not be undertaken within the current development standards. The main objective of this Master Report is to establish a basis on which to quantify and allocate the special benefit provided by the CIP proportionally to the private property within the District. A detailed allocation methodology and finance plan will be utilized to equitably distribute CIP costs upon the Assessable Properties within the District based upon the level of proportional benefit received.

This Master Report outlines the assignment of benefit, assessment methodology and financing structure for bonds to be issued by the District. As a result of the methodology application, the maximum long-term assessment associated with the current CIP is identified. The District will issue Special Assessment Bonds (the "Bonds"), in one or more series consisting of various amounts of principal debt and maturities to finance the construction and/or acquisition of all or a portion of the CIP.

It is anticipated that the methodology consultant will prepare individual supplemental reports applying the allocation methodology contained herein for the imposition and collection of long-term special assessments on a first platted, first assigned basis for repayment of a specific series of Bonds. The methodology consultant may distribute supplemental reports in connection with updates and/or revisions to the finance plan. Such supplemental reports will be

created to stipulate amended terms, interest rates, developer contributions if any, issuance costs and will detail the resulting changes in the level of funding allocated to the various trust accounts and subaccounts.

The Bonds will be repaid from and secured by non-ad valorem assessments levied on those Assessable Properties benefiting from the public improvements within the District. Non-ad valorem assessments will be levied each year to provide the funding necessary to pay debt service on the Bonds and to fund operations and maintenance costs related to the capital improvements maintained by the District.

In summary, this Master Report will determine the benefit, apportionment and financing structure for the Bonds to be issued by the District in accordance with Chapters 170, 190 and 197, Florida Statutes, as amended, to establish a basis for the levying and collecting of special assessments based on the benefits received and is consistent with our understanding and experience with case law on this subject.

III. DISTRICT OVERVIEW

The District area encompasses 165.61 +/- acres and is located in Hillsborough County, Florida, within Sections 8, 9, 16 and 17, Township 32, and Range 19. The primary developer of the Assessable Properties is Sherwood-Ruskin, LLC (the "Developer"), who has created the overall development plan as outlined and supported by the Engineer's Report. The development plan for the District contemplates five phases consisting of 613 single family lots. The public improvements as described in the Engineer's Report include off-site improvements, storm water, utilities (water and sewer), roadways and landscape/hardscape.

IV. PROPOSED IMPROVEMENTS

The District and Developer are undertaking the responsibility of providing the public infrastructure necessary to develop the District's CIP. As designed, the CIP is an integrated system of facilities. Each infrastructure facility works as a system to provide special benefit to District lands, i.e.: all benefiting landowners of Assessable Properties within the District benefit the same from the first few feet of infrastructure as they do from the last few feet. The CIP costs within Table 1 of this Master Report reflect cost as further detailed within the Engineer's Report, these costs are exclusive of any financing related costs.

V. DETERMINATION OF SPECIAL ASSESSMENT

There are three main requirements for valid special assessments. The first requirement demands that the improvements to benefited properties, for which special assessments are levied, be implemented for an approved and assessable purpose (F.S. 170.01). As a second requirement, special assessments can only be levied on those properties specially benefiting from the improvements (F.S. 170.01). Thirdly, the special assessments allocated to each benefited property cannot exceed the proportional benefit to each parcel (F.S. 170.02).

The District's CIP contains a "system of improvements" including the funding, construction and/or acquisition of off-site improvements, storm water, utilities (water and sewer), roadways, and landscape/hardscape; all of which are considered to be for an approved and assessable purpose (F.S. 170.01) which satisfies the first requirement for a valid special assessment, as described above. Additionally, the improvements will result in all Assessable Property within the

District receiving a direct and specific benefit, thereby making those properties legally subject to assessments (F.S. 170.01), which satisfies the second requirement, above. Finally, the specific benefit to the Assessable Property is equal to or exceeds the cost of the assessments levied on the Assessable Property (F.S. 170.02), which satisfies the third requirement, above.

The first requirement for determining the validity of a special assessment is plainly demonstrable; eligible improvements are found within the list provided in F.S. 170.01. However, the second and third requirements for a valid special assessment require a more analytical examination. As required by F.S. 170.02, and described in the preceding section entitled "Allocation Methodology," this approach involves identifying and assigning value to specific benefits being conferred upon the various Assessable Property, while confirming the value of these benefits exceed the cost of providing the improvements. These special benefits include, but are not limited to, the added use of the property, added enjoyment of the property, probability of decreased insurance premiums and the probability of increased marketability and value of the property.

The determination has been made that the duty to pay the non-ad valorem special assessments is valid based on the special benefits imparted upon the various Assessable Property. These benefits are derived from the acquisition and/or construction of the District's CIP. The allocation of responsibility for payment of the on the Bonds has been apportioned according to reasonable estimates of the special benefits provided consistent with each land use category. Accordingly, no acre or parcel of property within the boundary of the properties will be assessed for the payment of any non-ad valorem special assessment greater than the determined special benefit particular to that parcel of the District.

Property within the District that currently is not, or upon future development, will not be subject to the special assessments include publicly owned (State/County/City/CDD) tax-exempt parcels such as: lift stations, road rights-of-way, waterway management systems, common areas, and certain lands/amenities owned by HOA(s). To the extent it is later determined that a property no longer qualifies for an exemption, assessments will be apportioned and levied based on an EAU factor proportionate to acreage density as demonstrated in other use EAU assignment.

VI. ALLOCATION METHODOLOGY

The CIP benefits all assessable properties within the District proportionally. The level of relative benefit can be compared through the use of defining "equivalent" units of measurement by product type to compare dissimilar development product types. This is accomplished through determining an estimate of the relationship between the product types, based on a relative benefit received by each product type from the CIP. The use of Equivalent Assessment Unit (EAU) methodologies is well established as a fair and reasonable proxy for estimating the benefit received by private benefiting properties. One (1) EAU has been assigned to the 50' residential use product type as a baseline, with a proportional increase or decrease relative to other planned residential product types and sizes. Table 2 outlines EAUs assigned for residential product types under the current Development Plan. If future assessable property is added or product types are contemplated, this Report will be amended to reflect such change.

The method of benefit allocation is based on the special benefit received from infrastructure improvements relative to the benefiting Assessable Property by use and size in comparison to other Assessable Property within the District. According to F.S. 170.02, the methodology by which special assessments are allocated to specifically benefited property must be determined and adopted by the governing body of the District. This alone gives the District latitude in determining how special assessments will be allocated to specific Assessable Property. The CIP benefit and special assessment allocation rationale is detailed herein and provides a mechanism by which these costs, based on a determination of the estimated level of benefit conferred by the CIP, are apportioned to the Assessable Property within the District for levy and collection. The allocation of benefits and Maximum Assessments associated with the CIP are demonstrated on Table 3 through Table 6. The Developer may choose to pay down or contribute infrastructure on a portion or all of the long-term assessments as evaluated on a per parcel basis, thereby reducing the annual debt service assessment associated with any series of Bonds.

VII. ASSIGNMENT OF MAXIMUM ASSESSMENTS

This section sets out the manner in which special assessments will be assigned and establish a lien on land within the District. With regard to the Assessable Property liens will be assessed on a gross acreage basis until such time as the developable acreage is platted. The platted parcels will then be reviewed as to use and product types. Pursuant to Section 193.0235, Florida Statutes, certain privately or publicly owned "common elements" such as clubhouses, amenities, lakes and common areas for community use and benefit are exempt from non-ad valorem assessments and liens regardless of the private ownership.

It is useful to consider three distinct states or conditions of development within a community. The initial condition is the "undeveloped state". At this point the infrastructure may or may not be installed but none of the units in the Development Plan have been platted. This condition exists when the infrastructure program is financed prior to any development. In the undeveloped state all of the lands within the District receive benefit from the CIP and all of the assessable land within the District would be assessed to repay any bonds. While the land is in an "undeveloped state," special assessments will be assigned on an equal acre basis across all of the gross acreage within the District. Debt will not be solely assigned to parcels which have development rights, but will and may be assigned to undevelopable parcels to ensure integrity of development plans, rights and entitlements.

The second condition is "on-going development". At this point, if not already in place, the installation of infrastructure has begun. Additionally, the Development Plan has started to take shape. As lands subject to special assessments are platted and fully-developed, they are assigned specific assessments in relation to the estimated benefit that each platted unit receives from the CIP, with the balance of the debt assigned on a per acre basis as described in the preceding paragraph. Therefore, each fully-developed, platted unit would be assigned a Maximum Assessment pursuant to its Product Type classification as set forth in Table 6. It is not contemplated that any unassigned debt would remain once all of the lots associated with the improvements are platted and fully-developed; if such a condition was to occur; the true-up provisions within this Report would be applicable.

The third condition is the "completed development state." In this condition the entire Development Plan for the District has been platted and the total par value of the Bonds has been assigned as specific assessments to each of the platted lots within the District.

VIII. FINANCING

The District intends to finance only a portion of the CIP through the issuance of the Bonds; however this report assumes the financing of 100% of the improvements to identify the full benefit and potential. As the Bonds will be issued in one or more series, the Bonds will be sized at an amount rounded to the nearest \$5,000 and will include items such as debt service reserves, underwriter's discount, issuance costs and rounding.

For purposes of the Master Report, conservative allowances have been made for a debt service reserve, underwriter's discount, issuance costs, rounding and collection cost as shown on Table 3. The methodology consultant will issue supplemental report(s) which outline the provisions specific to each bond issue with the application of the assessment methodology contained herein. The supplemental report(s) will detail the negotiated terms, interest rates and costs associated with each series of Bonds representing the market rate at that point in time. The supplemental reports will outline any Developer contributions towards the completion of the CIP applied to prepay any assessments on any one or collective Assessable Properties within the District. The supplemental report(s) will also detail the level of funding allocated to the construction/acquisition account, the debt service reserve account, underwriter's discount, issuance and collection costs. Additionally, the supplemental report(s) will apply the principles set forth in the Master Report to determine the specific assessments required to repay the Bonds.

IX. TRUE-UP MODIFICATION

During the construction period of development, it is possible that the number of residential units built may change, thereby necessitating a modification to the per unit allocation of special assessment principal. In order to ensure the District's debt does not build up on the unplatted developable land, the District shall apply the following test as outlined within this "true-up methodology."

The debt per acre remaining on the unplatted land within the District may not increase above its ceiling debt per acre. The ceiling level of debt per acre is calculated as the total amount of debt for each Bond issue divided by the number of gross acres for such phase. Thus, every time the test is applied, the debt encumbering the remaining undivided land must remain equal to or lower than the ceiling level of debt per gross acre. If the debt per gross acre is found to be above the established maximum, the District would require a density reduction payment in an amount sufficient to reduce the remaining debt per acre to the ceiling amount based on the schedule found in Exhibit A, the Preliminary Assessment Roll, which amount will include accrued interest to the first interest payment date on the Bonds which occurs at least 45 days following such debt reduction payment.

True-up tests shall be performed upon the recording of each plat submitted to subdivide developed lands within the District. If upon the completion of any true-up analyses it is found the debt per acre exceeds the established

maximum ceiling debt per gross acre, or there is not sufficient development potential in the remaining acreage of the District to produce the EAU densities required to adequately service Bond debt, the District shall require the immediate remittance of a density reduction payment, plus accrued interest as applicable, in an amount sufficient to reduce the remaining debt per assessable acre to the ceiling amount per acre and to allow the remaining acreage to adequately service Bond debt upon development. The final test shall be applied at the platting of 100% of the development units within the District.

True-up payment requirements may be suspended if the landowner can demonstrate, to the reasonable satisfaction of the District, that there is sufficient development potential in the remaining acreage within the District to produce the densities required to adequately service Bond debt. The Developer and District will enter into a true-up agreement to evidence the obligations described in this section.

All assessments levied run with the land and it is the responsibility of the District to enforce the true-up provisions and collect any required true-up payments due. The District will not release any liens on property for which true-up payments are due, until provision for such payment has been satisfactorily made.

I. INTRODUCTION

This First Supplemental Assessment Methodology Report (the "First Supplemental Report") serves to apply the basis of benefit allocation and assessment methodology in accordance with the Master Assessment Methodology Report (the "Master Report") dated March 28, 2018 specifically to support the issuance of the Series 2018 Bonds which will fund a portion of Assessment Area One of the District's Capital Infrastructure Program.

II. DEFINED TERMS

- "Assessable Property" all property within the District that receives a special benefit from the CIP.
- "Capital Improvement Program" (CIP) The public infrastructure development program as outlined by the Engineer's Report.
- "Developer" SM Ruskin Development, LLC.
- "Development" The end-use configuration of Platted Units and Product Types for Unplatted Parcels within the District.
- "District" Sherwood Manor Community Development District, 165.61 gross acres with the Development plan for 613 Units.
- "Engineer's Report" Engineer's Report for Sherwood Manor Community Development District, dated September 5, 2018.
- "Equivalent Assessment Unit" (EAU) A weighted value assigned to dissimilar residential lot product types to differentiate assignment of benefit and lien values.
- "Platted Units" private property subdivided as a portion of gross acreage by virtue of the platting process.
- "Product Type" Classification assigned by the Developer to dissimilar Lot products and size for the development of the vertical construction.
- "Assessment Area One" The portion of the CIP identified within the Engineer's Report that relates to the public infrastructure necessary for Assessment Area One of the Development.
- "Unplatted Parcels" gross acreage intended for subdivision and platting pursuant to the Development plan.
- "Unit(s)" A planned or developed residential lot assigned a Product Type classification by the District Engineer.
- "Master Report" or "Report" The Master Assessment Methodology Report, dated March 28, 2018 as provided to support benefit and maximum assessments on private developable property within the District.

III. OBJECTIVE

The objective of this First Supplemental Assessment Methodology Report is to:

A. Allocate a portion of the costs of the CIP to Assessment Area One;

- B. Refine the benefits, as initially defined in the Master Report, to the assessable properties that will be assessed as a result of the issuance of the Bonds (as herein defined);
- C. Determine a fair and equitable method of spreading the associated costs to the benefiting properties within the District and ultimately to the individual units therein; and
- D. Provide a basis for the placement of a lien on the assessable lands within the District that benefit from Assessment Area One, as outlined by the Engineer's Report.

The basis of benefit received by properties within the District relates directly to portion of Assessment Area One allocable to Assessable Property within the District. It is the District's 2018 Project that will create the public infrastructure which enables the assessable properties in Assessment Area One of the Development within the District to be developed and improved. Without these public improvements, which include off-site improvements storm water, utilities (water and sewer), roadways, landscape and hardscape - the development of lands within the District could not be under taken within the current legal development standards. This First Supplemental Report applies the methodology within the Master Report to assign assessments to assessable properties with the District as a result of the benefit received from the 2018 Project and assessments required to satisfy the repayment of the Bonds by benefiting assessable properties.

The District will issue its Special Assessment Revenue Bonds, Series 2018 (the "Bonds") to finance the construction and/or acquisition of a portion of Assessment Area One which will provide special benefit to certain assessable parcels within the District after platting. The Bonds will be repaid from and secured by non-ad valorem assessments levied on those properties benefiting from the improvements within the District. Non-ad valorem assessments will be collected each year to provide the funding necessary to remit Bond debt service payments and to fund operations and maintenance costs related to the capital improvements maintained by the District.

In summary, this First Supplemental Report will determine the benefit, apportionment and financing structure for the Bonds to be issued by the District in accordance with Chapters 170, 190, and 197, Florida Statutes, as amended, to establish a basis for the levying and collecting of special assessments based on the benefits received and is consistent with our understanding and experience with case law on this subject.

IV. DISTRICT OVERVIEW

The District encompasses 165.61 acres and is located in Hillsborough County, Florida within Sections 8, 9, 16 and 17, Township 32 and Range 19. The Developer of the property has created an overall phased Development plan as outlined within the Engineer's Report. Further details of the phased CIP and Development are described within the Engineer's Report.

V. CAPITAL IMPROVEMENT PROGRAM (CIP)

The District and Developer are undertaking the responsibility of providing public infrastructure necessary to develop Assessment Area One of the Development. As designed, the CIP is an integrated system of facilities. Each infrastructure facility works as a system to provide special benefit to assessable lands within the District. The drainage and surface water management system are an example of a system that provides benefit to all planned residential lots

within the District. As a system of improvements, all private benefiting landowners within the District benefit the same from the first few feet of pipe as they do from the last few feet. The storm water management system; as an interrelated facility which, by its design and interconnected control structures, provides a consistent level of protection to the entire development program, and thus all landowners within District.

The District Engineer has identified the infrastructure, and respective costs, to be acquired and/or constructed as Assessment Area One. The CIP includes off-site improvements. storm water, utilities (water and sewer), roadways, landscape and hardscape. The cost of the 2018 Project is estimated to be \$14,053,387, \$8,114,804 of which will be funded by issuance of Series 2018 bonds (\$7,114,804 is allocated for construction and \$1,000,000 is allocated for the amenity center) as generally described within Tables 2 and 3 of this First Supplemental Report with further detail provided in the Engineer's Report.

VI. DETERMINATION OF SPECIAL ASSESSMENT

There are three main requirements for valid special assessments. The first requirement demands that the improvements to benefited properties, for which special assessments are levied, be implemented for an approved and assessable purpose (F.S. 170.01). As a second requirement, special assessments can only be levied on those properties specially benefiting from the improvements (F.S. 170.01). Thirdly, the special assessments allocated to each benefited property cannot exceed the proportional benefit to each parcel (F.S. 170.02).

The 2018 Project contains a "system of improvements" for Assessment Area One of the Development except for common improvements which benefit the entire District; all of which are considered to be for an approved and assessable purpose (F.S. 170.01) which satisfies the first requirement for a valid special assessment, as described above. Additionally, the improvements will result in all private developable properties receiving a direct and specific benefit, thereby making those properties legally subject to assessments (F.S. 170.01), which satisfies the second requirement, above. Finally, the specific benefit to the properties is equal to or exceeds the cost of the assessments to be levied on the benefited properties (F.S. 170.02), which satisfies the third requirement, above.

The first requirement for determining the validity of a special assessment is plainly demonstrable. Eligible improvements are found within the list provided in F.S. 170.01. However, certifying compliance with the second and third requirements necessary to establish valid special assessment requires a more analytical examination. As required by F.S. 170.02, and described in the next section entitled "Allocation Methodology," this approach involves identifying and assigning value to specific benefits being conferred upon the various benefitting properties, while confirming the value of these benefits exceed the cost of providing the improvements. These special benefits include, but are not limited to, the added use of the property, added enjoyment of the property, probability of decreased insurance premiums and the probability of increased marketability and value of the property. The Development plan contains a mix of single family home sites. The method of apportioning benefit to the planned product mix can be related to development density and

intensity where it "equates" the estimated benefit conferred to a specific single-family unit type. This is done to implement a fair and equitable method of apportioning benefit.

The second and third requirements are the key elements in defining a valid special assessment. A reasonable estimate of the proportionate special benefits received from the CIP is demonstrated in the calculation of an equivalent assessment unit (EAU), further described in the next section.

The determination has been made that the duty to pay the non-ad valorem special assessments is valid based on the special benefits imparted upon the property. These benefits are derived from the acquisition and/or construction of the District's CIP. The allocation of responsibility for the payment of special assessments, being associated with the special assessment liens encumbering Assessment Area One of the Development as a result of the 2018 Project, has been apportioned according to a reasonable estimate of the special benefits provided, consistent with each land use category. Accordingly, no acre or parcel of property within the boundary of the District will be assessed for the payment of any non-ad valorem special assessment greater than the determined special benefit particular to that property.

Property within the District that currently is not, or upon future development, will not be subject to the special assessments include publicly owned (State/County/City/CDD) tax-exempt parcels such as: lift stations, road rights-of-way, waterway management systems, common areas, and certain lands/amenities owned by the Developer and other community property. To the extent it is later determined that a property no longer qualifies for an exemption, assessments will be apportioned and levied based on an EAU factor proportionate to lot product average front footage.

VII. ALLOCATION METHODOLOGY

Table 1 outlines EAUs assigned for residential product types under the current Development plan for Assessment Area One. If future assessable property is added or product types are contemplated, this Report will be amended to reflect such change.

The method of benefit allocation is based on the special benefit received from infrastructure improvements relative to the benefiting Assessable Property by use and size in comparison to other Assessable Property within the District. According to F.S. 170.02, the methodology by which special assessments are allocated to specifically benefited property must be determined and adopted by the governing body of the District. This alone gives the District latitude in determining how special assessments will be allocated to specific assessable property. The CIP benefit and special assessment allocation rationale is detailed herein and provides a mechanism by which these costs, based on a determination of the estimated level of benefit conferred by the CIP, are apportioned to the Assessable Property within the District for levy and collection. The allocation of benefits and maximum assessments associated with the 2018 Project are demonstrated on Table 3 through Table 4. The Developer may choose to pay down or contribute infrastructure on a portion or all of the long-term assessments as evaluated on a per parcel basis, thereby reducing the annual debt service assessment associated with any series of bonds.

VIII. ASSIGNMENT OF ASSESSMENTS

This section sets out the manner in which special assessments will be assigned and establish a lien on land within Assessment Area One. With regard to the Assessable Property, the special assessments are assigned to all property in Assessment Area One on a gross acreage basis until such time as the developable acreage is platted. The platted parcels will then be reviewed as to use and product types. Pursuant to Section 193.0235, Florida Statutes, certain privately or publicly owned "common elements" such as clubhouses, amenities, lakes and common areas for community use and benefit are exempt from non-ad valorem assessments and liens regardless of the private ownership.

It is useful to consider three distinct states or conditions of development within a community. The initial condition is the "undeveloped state". At this point the infrastructure may or may not be installed but none of the units in the Development plan have been platted. This condition exists when the infrastructure program is financed prior to any development. In the undeveloped state all of the lands within the District receive benefit from the 2018 Project and all of the assessable land within the District would be assessed to repay the Bonds. While the land is in an "undeveloped state," special assessments will be assigned on an equal acre basis across all of the gross acreage within the District. Debt will not be solely assigned to parcels which have development rights, but will and may be assigned to undevelopable parcels to ensure integrity of development plans, rights and entitlements.

The second condition is "on-going development". At this point, if not already in place, the installation of infrastructure has begun. Additionally, the Development plan has started to take shape. As lands subject to special assessments are platted and fully-developed, they are assigned specific assessments in relation to the estimated benefit that each platted unit receives from the CIP, with the balance of the debt assigned on a per acre basis as described in the preceding paragraph. Therefore, each fully-developed, platted unit would be assigned an assessment pursuant to its Product Type classification as set forth in Table 4. It is not contemplated that any unassigned debt would remain once all of the 363 lots associated with the 2018 Project are platted and fully-developed; if such a condition was to occur; the true-up provisions within this Report would be applicable.

The third condition is the "completed development state." In this condition the entire Assessment Area One of the Development plan has been platted and the total par value of the Bonds has been assigned as specific assessments to each of the platted lots within the portion of the District representing 430.00 EAUs.

IX. FINANCING INFORMATION

The District will finance a portion of the 2018 Project through the issuance of Bonds secured ultimately by benefiting properties within Assessment Area One of the Development plan within the District. A number of items will comprise the bond sizing such as capitalized interest, a debt service reserve, issuance costs and rounding as shown on Table 3. The Underwriter has provided factors utilized in this assumption and are conservative in an effort to identify the maximum assessment and capacity for special assessment liens anticipated with future bond issuances.

X. TRUE-UP MODIFICATION

During the construction period of the Development, it is possible that the number of residential units built may change, thereby necessitating a modification to the per unit allocation of special assessment principal. In order to ensure the District's debt does not build up on the unplatted developable land, the District shall apply the following test as outlined within this "true-up methodology."

The debt per acre remaining on the unplatted land within the District may not increase above its ceiling debt per acre. The ceiling level of debt per acre is calculated as the total amount of debt for the Bonds divided by the number of gross acres within the District. Thus, every time the test is applied, the debt encumbering the remaining unplatted land must remain equal to or lower than the ceiling level of debt per gross acre. If the debt per gross acre is found to be above the established maximum, the District would require a density reduction payment in an amount sufficient to reduce the remaining debt per acre to the ceiling amount based on the schedule found in Exhibit A, Preliminary Assessment Roll, which amount will include accrued interest to the first interest payment date on the Bonds which occurs at least 45 days following such debt reduction payment.

True-up tests shall be performed upon the recording of each plat submitted to subdivide developed lands within the District. If upon the completion of any true-up analyses it is found the debt per acre exceeds the established maximum ceiling debt per gross acre, or there is not sufficient development potential in the remaining acreage of the District to produce the EAU densities required to adequately service the Bond debt, the District shall require the remittance of a density reduction payment, plus accrued interest as applicable, in an amount sufficient to reduce the remaining debt per assessable acre to the ceiling amount per acre and to allow the remaining acreage to adequately service Bond debt upon development. The final test shall be applied at the platting of 100% of the development units within the District.

True-up payment requirements may be suspended if the landowner can demonstrate, to the reasonable satisfaction of the District, that there is sufficient development potential in the remaining acreage within the District to produce the densities required to adequately service Bond debt. The Developer and District will enter into a true-up agreement to evidence the obligations described in this section.

All assessments levied run with the land and it is the responsibility of the District to enforce the true-up provisions and collect any required true-up payments due. The District will not release any liens on property for which true-up payments are due, until provision for such payment has been satisfactorily made.

I. INTRODUCTION

This Expansion Area Master Assessment Methodology Report (the "Expansion Report") details the basis of the benefit allocation and assessment methodology to support the financing plan relating to the expansion of the Sherwood Manor Community Development District (the "District"). The private assessable lands ("Assessable Property") benefitting from the public infrastructure is generally described within Exhibit A of this Expansion Report and further described within the Engineer's Report, dated March 26th, 2020 (the "Engineer's Report").

The objective of this Expansion Report is to:

- 1. Identify the District's capital improvement program ("CIP") for the project to be financed, related to the expansion are, constructed and/or acquired by the District; and
- 2. Determine a fair and equitable method of spreading the associated costs to the benefiting Assessable Properties within the District pre- and post-development completion; and
- 3. Provide a basis for the placement of a lien on the Assessable Properties within the District benefiting from the CIP, as outlined by the Engineer's Report.

The basis of benefit received by Assessable Properties relates directly to the proposed CIP. It is the District's CIP that will create the public infrastructure that enables Assessable Properties within the District to be developed and improved under current allowable densities. The CIP includes off-site improvements, storm water, utilities (water and sewer), roadways, landscape and hardscape. The Engineers Report identified estimated costs to complete the CIP, inclusive of associated "soft cost" such as legal/engineering services with contingencies to account for commodity and service market fluctuations. This report will further address additional financing cost associated with funding the CIP. Without the required improvements in the CIP, the development of the Assessable Properties could not be undertaken within the current development standards. The main objective of this Expansion Report is to establish a basis on which to quantify and allocate the special benefit provided by the CIP proportionally to the private property within the District. A detailed allocation methodology and finance plan will be utilized to equitably distribute CIP costs upon the Assessable Properties within the District based upon the level of proportional benefit received.

This Expansion Report outlines the assignment of benefit, assessment methodology and financing structure for bonds to be issued by the District. As a result of the methodology application, the maximum long-term assessment associated with the current CIP is identified. The District will issue Special Assessment Bonds (the "Bonds"), in one or more series consisting of various amounts of principal debt and maturities to finance the construction and/or acquisition of all or a portion of the CIP.

It is anticipated that the methodology consultant will prepare individual supplemental reports applying the allocation methodology contained herein for the imposition and collection of long-term special assessments on a first platted, first assigned basis for repayment of a specific series of Bonds. The methodology consultant may distribute supplemental reports in connection with updates and/or revisions to the finance plan. Such supplemental reports will be created to stipulate amended terms, interest rates, developer contributions if any, issuance costs and will detail the

resulting changes in the level of funding allocated to the various trust accounts and subaccounts.

The Bonds will be repaid from and secured by non-ad valorem assessments levied on those Assessable Properties benefiting from the public improvements within the District. Non-ad valorem assessments will be levied each year to provide the funding necessary to pay debt service on the Bonds and to fund operations and maintenance costs related to the capital improvements maintained by the District.

In summary, this Expansion Report will determine the benefit, apportionment and financing structure for the Bonds to be issued by the District in accordance with Chapters 170, 190 and 197, Florida Statutes, as amended, to establish a basis for the levying and collecting of special assessments based on the benefits received and is consistent with our understanding and experience with case law on this subject.

III. DISTRICT OVERVIEW

The District expansion area encompasses 14 +/- acres and is located in Hillsborough County, Florida, within Section 9, 16 and 17, Township 32 South, and Range 19 East. The primary developer of the Assessable Properties is SM-Ruskin Development, LLC (the "Developer"), who has created the overall development plan as outlined and supported by the Engineer's Report. The development plan for the District contemplates 57 single family lots. The public improvements as described in the Engineer's Report include off-site improvements, storm water, utilities (water and sewer), roadways and landscape/hardscape.

IV. PROPOSED IMPROVEMENTS

The District and Developer are undertaking the responsibility of providing the public infrastructure necessary to develop the District's CIP within the expansion area. As designed, the CIP is an integrated system of facilities. Each infrastructure facility works as a system to provide special benefit to District lands, i.e.: all benefiting landowners of Assessable Properties within the District benefit the same from the first few feet of infrastructure as they do from the last few feet. The CIP costs within Table 1 of this Expansion Report reflect cost as further detailed within the Engineer's Report, these costs are exclusive of any financing related costs.

V. DETERMINATION OF SPECIAL ASSESSMENT

There are three main requirements for valid special assessments. The first requirement demands that the improvements to benefited properties, for which special assessments are levied, be implemented for an approved and assessable purpose (F.S. 170.01). As a second requirement, special assessments can only be levied on those properties specially benefiting from the improvements (F.S. 170.01). Thirdly, the special assessments allocated to each benefited property cannot exceed the proportional benefit to each parcel (F.S. 170.02).

The District's CIP contains a "system of improvements" including the funding, construction and/or acquisition of off-site improvements, storm water, utilities (water and sewer), roadways, and landscape/hardscape; all of which are considered to be for an approved and assessable purpose (F.S. 170.01) which satisfies the first requirement for a valid special assessment, as described above. Additionally, the improvements will result in all Assessable Property within the District receiving a direct and specific benefit, thereby making those properties legally subject to assessments (F.S. 170.01), which satisfies the second requirement, above. Finally, the specific benefit to the Assessable Property is equal to or exceeds the cost of the assessments levied on the Assessable Property (F.S. 170.02), which satisfies the third

requirement, above.

The first requirement for determining the validity of a special assessment is plainly demonstrable; eligible improvements are found within the list provided in F.S. 170.01. However, the second and third requirements for a valid special assessment require a more analytical examination. As required by F.S. 170.02, and described in the preceding section entitled "Allocation Methodology," this approach involves identifying and assigning value to specific benefits being conferred upon the various Assessable Property, while confirming the value of these benefits exceed the cost of providing the improvements. These special benefits include, but are not limited to, the added use of the property, added enjoyment of the property, probability of decreased insurance premiums and the probability of increased marketability and value of the property.

The determination has been made that the duty to pay the non-ad valorem special assessments is valid based on the special benefits imparted upon the various Assessable Property. These benefits are derived from the acquisition and/or construction of the District's CIP. The allocation of responsibility for payment of the on the Bonds has been apportioned according to reasonable estimates of the special benefits provided consistent with each land use category. Accordingly, no acre or parcel of property within the boundary of the properties will be assessed for the payment of any non-ad valorem special assessment greater than the determined special benefit particular to that parcel of the District.

Property within the District that currently is not, or upon future development, will not be subject to the special assessments include publicly owned (State/County/City/CDD) tax-exempt parcels such as: lift stations, road rights-of-way, waterway management systems, common areas, and certain lands/amenities owned by HOA(s). To the extent it is later determined that a property no longer qualifies for an exemption, assessments will be apportioned and levied based on an EAU factor proportionate to acreage density as demonstrated in other use EAU assignment.

VI. ALLOCATION METHODOLOGY

The CIP benefits all assessable properties within the expansion area of the District proportionally. The level of relative benefit can be compared through the use of defining "equivalent" units of measurement by product type to compare dissimilar development product types. This is accomplished through determining an estimate of the relationship between the product types, based on a relative benefit received by each product type from the CIP. The use of Equivalent Assessment Unit (EAU) methodologies is well established as a fair and reasonable proxy for estimating the benefit received by private benefiting properties. One (1) EAU has been assigned to the 50' residential use product type as a baseline, with a proportional increase relative to other planned residential product types and sizes. Table 2 outlines EAUs assigned for residential product types under the current Development Plan. If future assessable property is added or product types are contemplated, this Report will be amended to reflect such change.

The method of benefit allocation is based on the special benefit received from infrastructure improvements relative to the benefiting Assessable Property by use and size in comparison to other Assessable Property within the District. According to F.S. 170.02, the methodology by which special assessments are allocated to specifically benefited

property must be determined and adopted by the governing body of the District. This alone gives the District latitude in determining how special assessments will be allocated to specific Assessable Property. The CIP benefit and special assessment allocation rationale is detailed herein and provides a mechanism by which these costs, based on a determination of the estimated level of benefit conferred by the CIP, are apportioned to the Assessable Property within the District for levy and collection. The allocation of benefits and Maximum Assessments associated with the CIP are demonstrated on Table 3 through Table 6. The Developer may choose to pay down or contribute infrastructure on a portion or all of the long-term assessments as evaluated on a per parcel basis, thereby reducing the annual debt service assessment associated with any series of Bonds.

VII. ASSIGNMENT OF MAXIMUM ASSESSMENTS

This section sets out the manner in which special assessments will be assigned and establish a lien on land within the District. With regard to the Assessable Property liens will be assessed on a gross acreage basis until such time as the developable acreage is platted. The platted parcels will then be reviewed as to use and product types. Pursuant to Section 193.0235, Florida Statutes, certain privately or publicly owned "common elements" such as clubhouses, amenities, lakes and common areas for community use and benefit are exempt from non-ad valorem assessments and liens regardless of the private ownership.

It is useful to consider three distinct states or conditions of development within a community. The initial condition is the "undeveloped state". At this point the infrastructure may or may not be installed but none of the units in the Development Plan have been platted. This condition exists when the infrastructure program is financed prior to any development. In the undeveloped state all of the lands within the District receive benefit from the CIP and all of the assessable land within the District would be assessed to repay any bonds. While the land is in an "undeveloped state," special assessments will be assigned on an equal acre basis across all of the gross acreage within the District. Debt will not be solely assigned to parcels which have development rights, but will and may be assigned to undevelopable parcels to ensure integrity of development plans, rights and entitlements.

The second condition is "on-going development". At this point, if not already in place, the installation of infrastructure has begun. Additionally, the Development Plan has started to take shape. As lands subject to special assessments are platted and fully-developed, they are assigned specific assessments in relation to the estimated benefit that each platted unit receives from the CIP, with the balance of the debt assigned on a per acre basis as described in the preceding paragraph. Therefore, each fully-developed, platted unit would be assigned a Maximum Assessment pursuant to its Product Type classification as set forth in Table 6. It is not contemplated that any unassigned debt would remain once all of the lots associated with the improvements are platted and fully-developed; if such a condition was to occur; the true-up provisions within this Report would be applicable.

The third condition is the "completed development state." In this condition the entire Development Plan for the District has been platted and the total par value of the Bonds has been assigned as specific assessments to each of the

platted lots within the District.

VIII. FINANCING

The District intends to finance only a portion of the CIP through the issuance of the Bonds; however this report assumes the financing of 100% of the improvements to identify the full benefit and potential. As the Bonds will be issued in one or more series, the Bonds will be sized at an amount rounded to the nearest \$5,000 and will include items such as debt service reserves, underwriter's discount, issuance costs and rounding.

For purposes of the Expansion Report, conservative allowances have been made for a debt service reserve, underwriter's discount, issuance costs, rounding and collection cost as shown on Table 3. The methodology consultant will issue supplemental report(s) which outline the provisions specific to each bond issue with the application of the assessment methodology contained herein. The supplemental report(s) will detail the negotiated terms, interest rates and costs associated with each series of Bonds representing the market rate at that point in time. The supplemental reports will outline any Developer contributions towards the completion of the CIP applied to prepay any assessments on any one or collective Assessable Properties within the District. The supplemental report(s) will also detail the level of funding allocated to the construction/acquisition account, the debt service reserve account, underwriter's discount, issuance and collection costs. Additionally, the supplemental report(s) will apply the principles set forth in the Master Report to determine the specific assessments required to repay the Bonds.

IX. TRUE-UP MODIFICATION

During the construction period of development, it is possible that the number of residential units built may change, thereby necessitating a modification to the per unit allocation of special assessment principal. In order to ensure the District's debt does not build up on the unplatted developable land, the District shall apply the following test as outlined within this "true-up methodology."

The debt per acre remaining on the unplatted land within the District may not increase above its ceiling debt per acre. The ceiling level of debt per acre is calculated as the total amount of debt for each Bond issue divided by the number of gross acres for such phase. Thus, every time the test is applied, the debt encumbering the remaining undivided land must remain equal to or lower than the ceiling level of debt per gross acre. If the debt per gross acre is found to be above the established maximum, the District would require a density reduction payment in an amount sufficient to reduce the remaining debt per acre to the ceiling amount based on the schedule found in Exhibit A, the Preliminary Assessment Roll, which amount will include accrued interest to the first interest payment date on the Bonds which occurs at least 45 days following such debt reduction payment.

True-up tests shall be performed upon the recording of each plat submitted to subdivide developed lands within the District. If upon the completion of any true-up analyses it is found the debt per acre exceeds the established maximum ceiling debt per gross acre, or there is not sufficient development potential in the remaining acreage of the

District to produce the EAU densities required to adequately service Bond debt, the District shall require the immediate remittance of a density reduction payment, plus accrued interest as applicable, in an amount sufficient to reduce the remaining debt per assessable acre to the ceiling amount per acre and to allow the remaining acreage to adequately service Bond debt upon development. The final test shall be applied at the platting of 100% of the development units within the District.

True-up payment requirements may be suspended if the landowner can demonstrate, to the reasonable satisfaction of the District, that there is sufficient development potential in the remaining acreage within the District to produce the densities required to adequately service Bond debt. The Developer and District will enter into a true-up agreement to evidence the obligations described in this section.

All assessments levied run with the land and it is the responsibility of the District to enforce the true-up provisions and collect any required true-up payments due. The District will not release any liens on property for which true-up payments are due, until provision for such payment has been satisfactorily made.

I. INTRODUCTION

This Second Expansion Area Master Assessment Methodology Report (the "Expansion Report") details the basis of the benefit allocation and assessment methodology to support the financing plan relating to the expansion of the Sherwood Manor Community Development District (the "District"). The private assessable lands ("Assessable Property") benefitting from the public infrastructure is generally described within Exhibit A of this Expansion Report and further described within the Engineer's Report, dated August 4th, 2022 (the "Engineer's Report").

The objective of this Expansion Report is to:

- 1. Identify the District's capital improvement program ("CIP") for the project to be financed, related to the expansion are, constructed and/or acquired by the District; and
- 2. Determine a fair and equitable method of spreading the associated costs to the benefiting Assessable Properties within the District pre- and post-development completion; and
- 3. Provide a basis for the placement of a lien on the Assessable Properties within the District benefiting from the CIP, as outlined by the Engineer's Report.

The basis of benefit received by Assessable Properties relates directly to the proposed CIP. It is the District's CIP that will create the public infrastructure that enables Assessable Properties within the District to be developed and improved under current allowable densities. The CIP includes off-site improvements, storm water, utilities (water and sewer), roadways, landscape and hardscape. The Engineers Report identified estimated costs to complete the CIP, inclusive of associated "soft cost" such as legal/engineering services with contingencies to account for commodity and service market fluctuations. This report will further address additional financing cost associated with funding the CIP. Without the required improvements in the CIP, the development of the Assessable Properties could not be undertaken within the current development standards. The main objective of this Expansion Report is to establish a basis on which to quantify and allocate the special benefit provided by the CIP proportionally to the private property within the District. A detailed allocation methodology and finance plan will be utilized to equitably distribute CIP costs upon the Assessable Properties within the District based upon the level of proportional benefit received.

This Expansion Report outlines the assignment of benefit, assessment methodology and financing structure for bonds to be issued by the District. As a result of the methodology application, the maximum long-term assessment associated with the current CIP is identified. The District will issue Special Assessment Bonds (the "Bonds"), in one or more series consisting of various amounts of principal debt and maturities to finance the construction and/or acquisition of all or a portion of the CIP.

It is anticipated that the methodology consultant will prepare individual supplemental reports applying the allocation methodology contained herein for the imposition and collection of long-term special assessments on a first platted, first assigned basis for repayment of a specific series of Bonds. The methodology consultant may distribute supplemental reports in connection with updates and/or revisions to the finance plan. Such supplemental reports will be created to stipulate

amended terms, interest rates, developer contributions if any, issuance costs and will detail the resulting changes in the level of funding allocated to the various trust accounts and subaccounts.

The Bonds will be repaid from and secured by non-ad valorem assessments levied on those Assessable Properties benefiting from the public improvements within the District. Non-ad valorem assessments will be levied each year to provide the funding necessary to pay debt service on the Bonds and to fund operations and maintenance costs related to the capital improvements maintained by the District.

In summary, this Expansion Report will determine the benefit, apportionment and financing structure for the Bonds to be issued by the District in accordance with Chapters 170, 190 and 197, Florida Statutes, as amended, to establish a basis for the levying and collecting of special assessments based on the benefits received and is consistent with our understanding and experience with case law on this subject.

III. DISTRICT OVERVIEW

The District expansion area encompasses 46 +/- acres and is located in Hillsborough County, Florida, within Section 9, 16 and 17, Township 32 South, and Range 19 East. The primary developer of the Assessable Properties is SM-Ruskin Development, LLC (the "Developer"), who has created the overall development plan as outlined and supported by the Engineer's Report. The development plan for the District contemplates 188 single family lots. The public improvements as described in the Engineer's Report include off-site improvements, storm water, utilities (water and sewer), roadways and landscape/hardscape.

IV. PROPOSED IMPROVEMENTS

The District and Developer are undertaking the responsibility of providing the public infrastructure necessary to develop the District's CIP within the expansion area. As designed, the CIP is an integrated system of facilities. Each infrastructure facility works as a system to provide special benefit to District lands, i.e.: all benefiting landowners of Assessable Properties within the District benefit the same from the first few feet of infrastructure as they do from the last few feet. The CIP costs within Table 1 of this Expansion Report reflect cost as further detailed within the Engineer's Report, these costs are exclusive of any financing related costs.

V. DETERMINATION OF SPECIAL ASSESSMENT

There are three main requirements for valid special assessments. The first requirement demands that the improvements to benefited properties, for which special assessments are levied, be implemented for an approved and assessable purpose (F.S. 170.01). As a second requirement, special assessments can only be levied on those properties specially benefiting from the improvements (F.S. 170.01). Thirdly, the special assessments allocated to each benefited property cannot exceed the proportional benefit to each parcel (F.S. 170.02).

The District's CIP contains a "system of improvements" including the funding, construction and/or acquisition of off-site improvements, storm water, utilities (water and sewer), roadways, and landscape/hardscape; all of which are considered to be for an approved and assessable purpose (F.S. 170.01) which satisfies the first requirement for a valid special assessment, as described above. Additionally, the improvements will result in all Assessable Property within the District receiving a direct and specific benefit, thereby making those properties legally subject to assessments (F.S. 170.01), which satisfies the second requirement, above. Finally, the specific benefit to the Assessable Property is equal to or exceeds the cost of the assessments levied on the Assessable Property (F.S. 170.02), which satisfies the third requirement, above.

The first requirement for determining the validity of a special assessment is plainly demonstrable; eligible improvements are found within the list provided in F.S. 170.01. However, the second and third requirements for a valid special assessment require a more analytical examination. As required by F.S. 170.02, and described in the preceding section entitled "Allocation Methodology," this approach involves identifying and assigning value to specific benefits being conferred upon the various Assessable Property, while confirming the value of these benefits exceed the cost of providing the improvements. These special benefits include, but are not limited to, the added use of the property, added enjoyment of the property, probability of decreased insurance premiums and the probability of increased marketability and value of the property.

The determination has been made that the duty to pay the non-ad valorem special assessments is valid based on the special benefits imparted upon the various Assessable Property. These benefits are derived from the acquisition and/or construction of the District's CIP. The allocation of responsibility for payment of the on the Bonds has been apportioned according to reasonable estimates of the special benefits provided consistent with each land use category. Accordingly, no acre or parcel of property within the boundary of the properties will be assessed for the payment of any non-ad valorem special assessment greater than the determined special benefit particular to that parcel of the District.

Property within the District that currently is not, or upon future development, will not be subject to the special assessments include publicly owned (State/County/City/CDD) tax-exempt parcels such as: lift stations, road rights-of-way, waterway management systems, common areas, and certain lands/amenities owned by HOA(s). To the extent it is later determined that a property no longer qualifies for an exemption, assessments will be apportioned and levied based on an EAU factor proportionate to acreage density as demonstrated in other use EAU assignment.

VI. ALLOCATION METHODOLOGY

The CIP benefits all assessable properties within the expansion area of the District proportionally. The level of relative benefit can be compared through the use of defining "equivalent" units of measurement by product type to compare dissimilar development product types. This is accomplished through determining an estimate of the relationship between the product types, based on a relative benefit received by each product type from the CIP. The use of Equivalent Assessment Unit (EAU) methodologies is well established as a fair and reasonable proxy for estimating the benefit received by private benefiting properties. One (1) EAU has been assigned to the 50' residential use product type as a baseline, with a proportional increase relative to other planned residential product types and sizes. Table 2 outlines EAUs assigned for residential product types under the current Development Plan. If future assessable property is added or product types are contemplated, this Report will be amended to reflect such change.

The method of benefit allocation is based on the special benefit received from infrastructure improvements relative to the benefiting Assessable Property by use and size in comparison to other Assessable Property within the District. According to F.S. 170.02, the methodology by which special assessments are allocated to specifically benefited property must be determined and adopted by the governing body of the District. This alone gives the District latitude in determining

how special assessments will be allocated to specific Assessable Property. The CIP benefit and special assessment allocation rationale is detailed herein and provides a mechanism by which these costs, based on a determination of the estimated level of benefit conferred by the CIP, are apportioned to the Assessable Property within the District for levy and collection. The allocation of benefits and Maximum Assessments associated with the CIP are demonstrated on Table 3 through Table 6. The Developer may choose to pay down or contribute infrastructure on a portion or all of the long-term assessments as evaluated on a per parcel basis, thereby reducing the annual debt service assessment associated with any series of Bonds.

VII. ASSIGNMENT OF MAXIMUM ASSESSMENTS

This section sets out the manner in which special assessments will be assigned and establish a lien on land within the District. With regard to the Assessable Property liens will be assessed on a gross acreage basis until such time as the developable acreage is platted. The platted parcels will then be reviewed as to use and product types. Pursuant to Section 193.0235, Florida Statutes, certain privately or publicly owned "common elements" such as clubhouses, amenities, lakes and common areas for community use and benefit are exempt from non-ad valorem assessments and liens regardless of the private ownership.

It is useful to consider three distinct states or conditions of development within a community. The initial condition is the "undeveloped state". At this point the infrastructure may or may not be installed but none of the units in the Development Plan have been platted. This condition exists when the infrastructure program is financed prior to any development. In the undeveloped state all of the lands within the District receive benefit from the CIP and all of the assessable land within the District would be assessed to repay any bonds. While the land is in an "undeveloped state," special assessments will be assigned on an equal acre basis across all of the gross acreage within the District. Debt will not be solely assigned to parcels which have development rights, but will and may be assigned to undevelopable parcels to ensure integrity of development plans, rights and entitlements.

The second condition is "on-going development". At this point, if not already in place, the installation of infrastructure has begun. Additionally, the Development Plan has started to take shape. As lands subject to special assessments are platted and fully-developed, they are assigned specific assessments in relation to the estimated benefit that each platted unit receives from the CIP, with the balance of the debt assigned on a per acre basis as described in the preceding paragraph. Therefore, each fully-developed, platted unit would be assigned a Maximum Assessment pursuant to its Product Type classification as set forth in Table 6. It is not contemplated that any unassigned debt would remain once all of the lots associated with the improvements are platted and fully-developed; if such a condition was to occur; the true-up provisions within this Report would be applicable.

The third condition is the "completed development state." In this condition the entire Development Plan for the District has been platted and the total par value of the Bonds has been assigned as specific assessments to each of the platted lots within the District.

VIII. FINANCING

The District intends to finance only a portion of the CIP through the issuance of the Bonds; however this report assumes the financing of 100% of the improvements to identify the full benefit and potential. As the Bonds will be issued in one or more series, the Bonds will be sized at an amount rounded to the nearest \$5,000 and will include items such as debt service reserves, underwriter's discount, issuance costs and rounding.

For purposes of the Expansion Report, conservative allowances have been made for a debt service reserve, underwriter's discount, issuance costs, rounding and collection cost as shown on Table 3. The methodology consultant will issue supplemental report(s) which outline the provisions specific to each bond issue with the application of the assessment methodology contained herein. The supplemental report(s) will detail the negotiated terms, interest rates and costs associated with each series of Bonds representing the market rate at that point in time. The supplemental reports will outline any Developer contributions towards the completion of the CIP applied to prepay any assessments on any one or collective Assessable Properties within the District. The supplemental report(s) will also detail the level of funding allocated to the construction/acquisition account, the debt service reserve account, underwriter's discount, issuance and collection costs. Additionally, the supplemental report(s) will apply the principles set forth in the Master Report to determine the specific assessments required to repay the Bonds.

IX. TRUE-UP MODIFICATION

During the construction period of development, it is possible that the number of residential units built may change, thereby necessitating a modification to the per unit allocation of special assessment principal. In order to ensure the District's debt does not build up on the unplatted developable land, the District shall apply the following test as outlined within this "true-up methodology."

The debt per acre remaining on the unplatted land within the District may not increase above its ceiling debt per acre. The ceiling level of debt per acre is calculated as the total amount of debt for each Bond issue divided by the number of gross acres for such phase. Thus, every time the test is applied, the debt encumbering the remaining undivided land must remain equal to or lower than the ceiling level of debt per gross acre. If the debt per gross acre is found to be above the established maximum, the District would require a density reduction payment in an amount sufficient to reduce the remaining debt per acre to the ceiling amount based on the schedule found in Exhibit A, the Preliminary Assessment Roll, which amount will include accrued interest to the first interest payment date on the Bonds which occurs at least 45 days following such debt reduction payment.

True-up tests shall be performed upon the recording of each plat submitted to subdivide developed lands within the District. If upon the completion of any true-up analyses it is found the debt per acre exceeds the established maximum ceiling debt per gross acre, or there is not sufficient development potential in the remaining acreage of the District to produce the EAU densities required to adequately service Bond debt, the District shall require the immediate remittance of a density reduction payment, plus accrued interest as applicable, in an amount sufficient to reduce the remaining debt

per assessable acre to the ceiling amount per acre and to allow the remaining acreage to adequately service Bond debt upon development. The final test shall be applied at the platting of 100% of the development units within the District.

True-up payment requirements may be suspended if the landowner can demonstrate, to the reasonable satisfaction of the District, that there is sufficient development potential in the remaining acreage within the District to produce the densities required to adequately service Bond debt. The Developer and District will enter into a true-up agreement to evidence the obligations described in this section.

All assessments levied run with the land and it is the responsibility of the District to enforce the true-up provisions and collect any required true-up payments due. The District will not release any liens on property for which true-up payments are due, until provision for such payment has been satisfactorily made.

I. INTRODUCTION

This Second Supplemental Assessment Methodology Report (the "Second Supplemental Report") serves to apply the basis of benefit allocation and assessment methodology in accordance with the Master Assessment Methodology Report dated March 28, 2018, supplemented by the 1st Supplemental Assessment Methodology Report, dated September 12, 2018, the Master Expansion Area Master Assessment Report, dated March 26th 2020 and the Second Expansion Area Master Assessment Report, dated August 4th 2022, collectively (the "Master Reports/Reports"). The Second Supplemental Report specifically supports the issuance of the Bonds (as defined below) which will fund a portion of the Assessment Area Two Project of the District's Capital Infrastructure Program.

II. DEFINED TERMS

- "Unplatted Parcels" gross acreage intended for subdivision and platting pursuant to the Development plan.

III. OBJECTIVE

The objective of this Second Supplemental Assessment Methodology Report is to:

- A. Allocate a portion of the costs of the CIP to Assessment Area Two;
- B. Refine the benefits, as initially defined in the Master Report, to the assessable properties that will be assessed as a result of the issuance of the Bonds (as herein defined);
- C. Determine a fair and equitable method of spreading the associated costs to the benefiting properties within the District and ultimately to the individual units therein; and
- D. Provide a basis for the placement of a lien on the assessable lands within the District that benefit from Assessment Area Two, as outlined by the Engineer's Report.

The basis of benefit received by properties within the District's Assessment Two Area relates directly to the Assessment Area Two Project and is allocable to all Assessable Property within this Assessment Area. The Assessment Area Two Project will create the public infrastructure required to develop and improve the Assessable Property within Assessment Area Two. Without these public improvements, which include master infrastructure improvements, storm water, utilities (water and sewer), roadways, amenities, and off-site management, the development of lands within Assessment Area Two could not be undertaken within the current legal development standards. This Second Supplemental Report applies the methodology described in the Master Report to assign assessments to all assessable properties within Assessment Area Two receiving benefit from the Assessment Area Two Project, which are required to satisfy the repayment of the Bonds.

The District will issue its Special Assessment Revenue Bonds, Series 2023 (Assessment Area Two) (the "Bonds") to finance the construction and/or acquisition of a portion of the Assessment Area Two Project, which will provide special benefit to the assessable parcels within Assessment Area Two after platting. The Bonds will be repaid from and secured by non-ad valorem assessments levied on those properties benefiting from the improvements within Assessment Area Two. Non-ad valorem assessments will be collected each year to provide the funding necessary to remit Bond debt service payments and to fund operations and maintenance costs related to the capital improvements maintained by the District.

In summary, this Second Supplemental Report will determine the benefit, apportionment and financing structure for the Bonds to be issued by the District in accordance with Chapters 170, 190, and 197, Florida Statutes, as amended, to establish a basis for the levying and collecting of special assessments based on the benefits received and is consistent with our understanding and experience with case law on this subject.

IV. DISTRICT OVERVIEW

The District compasses 221.484 +/- acres located within southern Hillsborough County, Florida. The District was created on February 12th 2018, expanded by including 14.11 +/- acres on March 11, 2020 and further expanded by including another 46.415 +/- acres on July 27, 2022 by Hillsborough County. The District has issued Series 2018 Revenue Bonds secured by assessments on Assessment Area One of the District, consisting of 114.66 +/- acres. This area has been platted with 425 units and assigned assessments in accordance with the First Supplemental Assessment Methodology dated September 12th, 2018. Assessment Area Two will encompassed the remaining lands of the District, 106.919 +/- acres and is planned for an additional 343 units/single family homes. Once development is complete within the District, it is planned for a total of 768 units/single family homes within Assessment Area One and Assessment Area Two.

V. CAPITAL IMPROVEMENT PROGRAM

The District and Developer are undertaking the responsibility of providing public infrastructure necessary to develop the District. As designed, the Assessment Area Two Project represents a portion of the total CIP and is an integrated system of facilities. Each infrastructure facility works as a system to provide special benefit to assessable lands within Assessment Area Two. The drainage and surface water management system are an example of a system that provides benefit to all planned residential lots within Assessment Area Two. As a system of improvements, all private benefiting landowners within Assessment Area Two benefit the same from the first few feet of pipe as they do from the last few feet. The storm water management system is an interrelated facility which, by its design and interconnected control structures, provides a consistent level of protection to the entire development program, and thus all landowners within Assessment Area Two will benefit from such improvement.

The District Engineer has identified the infrastructure, and respective costs, to be acquired and/or constructed within the Assessment Area Two Project. The Assessment Area Two Project includes off-site improvements. storm water, utilities (water and sewer), roadways, landscape and hardscape. Approximately \$8,005,400 of the costs associated with the Assessment Area Two Project will be funded by the issuance of the Bonds as generally described within Tables 2 and 3 of this Second Supplemental Report with further detail provided in the Engineer's Report.

VI. DETERMINATION OF SPECIAL ASSESSMENT

There are three main requirements for valid special assessments. The first requirement demands that the improvements to benefited properties, for which special assessments are levied, be implemented for an approved and assessable purpose (F.S. 170.01). As a second requirement, special assessments can only be levied on those properties specially benefiting from the improvements (F.S. 170.01). Thirdly, the special assessments allocated to each benefited property cannot exceed the proportional benefit to each parcel (F.S. 170.02).

The Assessment Area Two Project contains a "system of improvements" for the Development that benefits the entire District; all of which are considered to be for an approved and assessable purpose (F.S. 170.01). This satisfies the

first requirement for a valid special assessment, as described above. Additionally, the improvements will result in all private developable properties receiving a direct and specific benefit, thereby making those properties legally subject to assessments (F.S. 170.01), which satisfies the second requirement above. Finally, the specific benefit to the properties is equal to or exceeds the cost of the assessments to be levied on the benefited properties (F.S. 170.02), which satisfies the third requirement, above.

The first requirement for determining the validity of a special assessment is plainly demonstrable. Eligible improvements are found within the list provided in F.S. 170.01. However, certifying compliance with the second and third requirements necessary to establish valid special assessment requires a more analytical examination. As required by F.S. 170.02, and described in the next section entitled "Allocation Methodology," this approach involves identifying and assigning value to specific benefits being conferred upon the various benefitting properties, while confirming the value of these benefits exceed the cost of providing the improvements. These special benefits include, but are not limited to, the added use of the property, added enjoyment of the property, probability of decreased insurance premiums and the probability of increased marketability and value of the property. The Development plan contains a mix of single-family home sites. The method of apportioning benefit to the planned product mix can be related to development density and intensity where it "equates" the estimated benefit conferred to a specific single-family unit type. This is done to implement a fair and equitable method of apportioning benefit.

The second and third requirements are the key elements in defining a valid special assessment. A reasonable estimate of the proportionate special benefits received from the Assessment Area Two Project of the CIP is demonstrated in the calculation of an equivalent assessment unit (EAU), further described in the next section.

The determination has been made that the duty to pay the non-ad valorem special assessments is valid based on the special benefits imparted upon the benefitting property. These benefits are derived from the acquisition and/or construction of the District's CIP. The allocation of responsibility for the payment of special assessments, being associated with the special assessment liens encumbering the District as a result of the Assessment Area Two Project, has been apportioned according to a reasonable estimate of the special benefits provided, consistent with each land use category. Accordingly, no acre or parcel of property within the boundary of the District will be assessed for the payment of any non-ad valorem special assessment greater than the determined special benefit particular to that property.

Property within Assessment Area Two that currently is not, or upon future development, will not be subject to the special assessments include publicly owned (State/County/City/CDD) tax-exempt parcels such as: lift stations, road rights-of-way, waterway management systems, common areas, and certain lands/amenities owned by the Developer and other community property. To the extent it is later determined that a property no longer qualifies for an exemption, assessments will be apportioned and levied based on an EAU factor proportionate to lot product average front footage.

VII. ALLOCATION METHODOLOGY

Table 1 outlines EAUs assigned for residential product types under the current Development plan for Assessment Area Two. If future assessable property is added or product types are contemplated, this Report will be amended to reflect such change.

The method of benefit allocation is based on the special benefit received from infrastructure improvements relative to the benefiting Assessable Property by use and size in comparison to other Assessable Property within the District. According to F.S. 170.02, the methodology by which special assessments are allocated specifically to benefited property must be determined and adopted by the governing body of the District. This alone gives the District latitude in determining how special assessments will be allocated to specific assessable property. The CIP benefit with respect to the Assessment Area Two Project and special assessment allocation rationale is detailed herein and provides a mechanism by which these costs, based on a determination of the estimated level of benefit conferred by the CIP, are apportioned to the Assessable Property within the District for levy and collection. The allocation of benefits and maximum assessments associated with the Assessment Area Two Project are demonstrated on Table 3 through Table 4. The Developer may choose to pay down or contribute infrastructure on a portion or all of the long-term assessments as evaluated on a per parcel basis, thereby reducing the annual debt service assessment associated with any series of bonds.

VIII. ASSIGNMENT OF ASSESSMENTS

This section sets out the manner in which special assessments will be assigned and establish a lien on land within Assessment Area Two. With regard to the Assessable Property, the special assessments are assigned to all property in Assessment Area Two on a gross acreage basis until such time as the developable acreage is platted. The platted parcels will then be reviewed as to use and product types. Pursuant to Section 193.0235, Florida Statutes, certain privately or publicly owned "common elements" such as clubhouses, amenities, lakes and common areas for community use and benefit are exempt from non-ad valorem assessments and liens regardless of the private ownership.

It is useful to consider three distinct states or conditions of development within a community. The initial condition is the "undeveloped state". At this point the infrastructure may or may not be installed but none of the units in the Development plan have been platted. This condition exists when the infrastructure program is financed prior to any development. In the undeveloped state all of the lands within the District receive benefit from the Assessment Area Two Project and all of the assessable land within the District would be assessed to repay the Bonds. While the land is in an "undeveloped state," special assessments will be assigned on an equal acre basis across all of the gross acreage within the District. Debt will not be solely assigned to parcels which have development rights, but will and may be assigned to undevelopable parcels to ensure integrity of development plans, rights and entitlements.

The second condition is "on-going development". At this point, if not already in place, the installation of infrastructure has begun. Additionally, the Development plan has started to take shape. As lands subject to special assessments are platted and fully-developed, they are assigned specific assessments in relation to the estimated benefit

that each platted unit receives from the CIP, with the balance of the debt assigned on a per acre basis as described in the preceding paragraph. Therefore, each fully-developed, platted unit would be assigned an assessment pursuant to its Product Type classification as set forth in Table 4. It is not contemplated that any unassigned debt would remain once all of the 343 lots associated with the Assessment Area 2 Project are platted and fully-developed; if such a condition was to occur; the true-up provisions within this Report would be applicable.

The third condition is the "completed development state." In this condition all of the Assessable Property within the Development plan has been platted and the total par value of the Bonds has been assigned as specific assessments to each of the platted lots within the portion of the District representing 396.80 EAUs.

IX. FINANCING INFORMATION

The District will finance a portion of the Assessment Area Two Project through the issuance of the Bonds secured ultimately by benefiting properties within Assessment Area Two of the District. A number of items will comprise the bond sizing such as a debt service reserve, capitalized interest, issuance costs and rounding as shown on Table 3.

X. TRUE-UP MODIFICATION

During the construction period of the Development, it is possible that the number of residential units built may change, thereby necessitating a modification to the per unit allocation of special assessment principal. In order to ensure the District's debt does not build up on the unplatted land, the District shall apply the following test as outlined within this "true-up methodology."

The debt per acre remaining on the unplatted land within the Assessment Area Two may not increase above its ceiling debt per acre. The ceiling level of debt per acre is calculated as the total amount of debt for the Bonds divided by the number of developable acres within the Assessment Area Two. Thus, every time the test is applied, the debt encumbering the remaining unplatted developable land must remain equal to or lower than the ceiling level of debt per acre. If the debt per gross acre is found to be above the established maximum, the District would require a density reduction payment in an amount sufficient to reduce the remaining debt per acre to the ceiling amount based on the schedule found in Exhibit A, Preliminary Assessment Roll, which amount will include accrued interest to the first interest payment date on the Bonds which occurs at least 45 days following such debt reduction payment.

True-up tests shall be performed upon the recording of each plat submitted to subdivide developed lands within the Assessment Area Two (including any replats). If upon the completion of any true-up analyses it is found the debt per acre exceeds the established maximum ceiling debt per acre, or there is not sufficient development potential in the remaining acreage within the Assessment Area Two to produce the EAU densities required to adequately service the Bond debt, the District shall require the remittance of a density reduction payment, plus accrued interest as applicable, in an amount sufficient to reduce the remaining debt per assessable acre to the ceiling amount per acre and to allow the

remaining acreage to adequately service Bond debt upon development. The final test shall be applied at the platting of 100% of the development units within the District.

True-up payment requirements may be suspended if the landowner can demonstrate, to the reasonable satisfaction of the District, that there is sufficient development potential in the remaining acreage within the Assessment Area Two to produce the densities required to adequately service Bond debt. The Developer and District will enter into a true-up agreement to evidence the obligations described in this section.

All assessments levied run with the land and it is the responsibility of the District to enforce the true-up provisions and collect any required true-up payments due. The District will not release any liens on property for which true-up payments are due, until provision for such payment has been satisfactorily made.

XI. ADDITIONAL STIPULATIONS

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors Sherwood Manor Community Development District Hillsborough County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Sherwood Manor Community Development District, Hillsborough County, Florida ("District") as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of September 30, 2021, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The information for compliance with FL Statute 218.39 (3) (c) is not a required part of the basic financial statements. The information for compliance with FL Statute 218.39 (3) (c) has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 2, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Sherwood Manor Community Development District, Hillsborough County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2021. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of \$299,338.
- The change in the District's total net position for the fiscal year ended September 30, 2021 was \$1,035,259, an increase. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2021, the District's governmental funds reported combined ending fund balances of \$634,256, an increase of \$150,343 in comparison with the prior fiscal year. A portion of the fund balance is non-spendable for deposits, restricted for debt service and capital projects, and the remainder is deficit unassigned fund balance in the general fund.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by assessments and Developer contributions. The District does not have any business-type activities. The governmental activities of the District include general government (management) and maintenance functions.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category, governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION SEPTEMBER 30.

	2021	2020
Assets, excluding capital assets	\$ 703,819	\$ 863,449
Capital assets, net of depreciation	9,224,257	8,438,624
Total assets	9,928,076	9,302,073
Current liabilities	266,214	526,872
Long-term liabilities	9,362,524	9,511,122
Total liabilities	9,628,738	10,037,994
Net Position		
Net investment in capital assets	(138,267)	(1,072,498)
Restricted	437,510	336,577
Unrestricted	95	=
Total net position	\$ 299,338	\$ (735,921)

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

The District's net position increased during the fiscal year. The majority of the increase is the result of Developer contributions of capital assets to the District and an increase in assessments.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2021			2020
Revenues:				
Program revenues				
Charges for services	\$	535,835	\$	407,675

General revenues		20		
Total revenues		1,760,575		720,534

Change in net position		1,035,259		116,650
Net position - beginning		(735,921)		(852,571)
Net position - ending	\$	299,338	\$	(735,921)

As noted above and in the statement of activities, the cost of all governmental activities for the fiscal year ended September 30, 2021 was \$725,316. The costs of the District's activities were funded by program revenues. Program revenues which were comprised primarily of assessments and Developer contributions in both the current and prior fiscal years. The District also received funds from investment earnings which are included in general revenues. Program revenues increased in the current fiscal year primarily due to increases in assessments for operations and debt service and Developer contributions to fund debt service and capital outlay, in addition to Developer contribution of capital assets. The increase in expenses is primarily the result of an increase in professional services including landscape maintenance and repairs as well as increase utility charges.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures for the fiscal year ended September 30, 2021 exceeded appropriations by \$18,451. The over expenditures were funded by Developer contributions.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2021, the District had \$9,229,411 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of \$5,154 has been taken, which resulted in a net book value of \$9,224,257.

Capital Debt

At September 30, 2021, the District had \$9,405,000 in Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

It is anticipated that the general operations of the District will increase as the District is being built out.

The District has initiated procedures to issue additional debt to finance additional portions of the infrastructure project for the District.

Subsequent to the end of the fiscal year, the District's boundaries was expanded by Hillsborough County Ordinance 20-6 to add approximately 46 acres.

SHERWOOD MANOR COMMUNITY DEVELOPMENT DISTRICT HILLSBOROUGH COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Sherwood Manor Community Development District ("District") was established on February 13, 2018, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, by Hillsborough County Ordinance 18-7. The District boundaries were expanded by Hillsborough County Ordinance 20-6 on March 11, 2020 to add approximately 14 acres. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. At September 30, 2021, all of the Board members are affiliated with SM-Ruskin Development, LLC, the Developer.

The Board has the final responsibility for:

- 1. Assessing and levying assessments.
- 2. Approving budgets.
- 3. Exercising control over facilities and properties.
- 4. Controlling the use of funds generated by the District.
- 5. Approving the hiring and firing of key personnel.
- 6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on all platted lots within the District. Assessments are levied each November 1 on property as of the previous January 1 to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. For debt service assessments, amounts collected as advance payments are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

Capital Projects Fund

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Inventories and Prepaid Items

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Improvements - amenity	30
Equipment - security	5

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

<u>Committed fund balance</u> – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

<u>Assigned fund balance</u> – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Fund Equity/Net Position (Continued)

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District's investments were held as follows at September 30, 2021:

	Amo	rtized cost	Credit Risk	Maturities
US Bank Mmkt 5 - Ct	\$	634,161	N/A	Not available
Total Investments	\$	634,161		

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs other than quoted market prices are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 5 — CAPITAL ASSETS (Continued)

The infrastructure intended to serve the District has been estimated at a total cost of approximately \$19,470,000. The project costs for Assessment Area One, which includes Phase 1, Phase 2, Phase 3, and a portion of the amenities of the Development, is estimated at \$14,053,387. The infrastructure will include roadways, potable water and wastewater systems, storm water systems, amenity center and land improvements. Phase 4 and 5 are planned for future development. The Series 2018 Bonds will pay for a portion of the Assessment Area One project. The remainder is expected to be funded by the Developer.

The Developer is managing the construction project including funding the costs of the project subject to repayment by the District. In fiscal year 2018 the District reimbursed the Developer \$1,543,789 for costs of the partially completed project. In the 2019 fiscal year, the District reimbursed the Developer \$4,483,611 for costs of the partially completed project. In 2020, the District reimbursed the Developer \$537,484 for costs of the partially completed project.

At September 30, 2020, the balance in the general construction trust account was substantially depleted. As a result, the Developer funded capital costs of \$297,956 in 2020, of which \$51,815 was reported as unavailable revenues in 2020 and recognized in revenues in the capital projects fund in the current fiscal year. In addition, the Developer contributed \$758,719 in amenity capital assets to the District in the current fiscal year.

NOTE 6 – LONG-TERM LIABILITIES

Series 2018

On September 12, 2018, the District issued \$9,555,000 of Special Assessment Revenue Bonds, Series 2018, consisting of multiple term bonds with due dates ranging from November 1, 2023 – November 1, 2049 and interest rates ranging from 4.0% - 5.25%. The Bonds were issued to finance the costs of acquisition, construction and equipping of a portion of the Assessment Area One Project including the Amenity Project. Interest is to be paid semiannually on each May 1 and November 1, commencing November 1, 2018. Principal on the Bonds is to be paid serially commencing November 1, 2020 through November 1, 2049.

The Series 2018 Bonds may be called for redemption prior to maturity as a whole or in part, at any time, on or after November 1, 2032. The Bonds are also subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occur as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2021.

NOTE 7 – DEVELOPER TRANSACTIONS

The Developer owns a portion of land within the District; therefore, assessment revenues in the general and debt service funds include the assessments levied on those lots owned by the Developer.

The Developer has agreed to fund the general operations of the District. In connection with that agreement, Developer contributions to the general fund were \$137,773, of which \$68,819 was a receivable at September 30, 2021.

The Developer has also agreed to fund the debt service on the Bonds which is not paid through special or prepaid assessments. During the current fiscal year, the Developer provided \$328,193 to the debt service fund.

NOTE 8 - CONCENTRATION

The District's activity is dependent upon the continued involvement of the Developer, the loss of which would have a material adverse effect on the District's operations.

NOTE 9 - MANAGEMENT COMPANY

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Sherwood Manor Community Development District Hillsborough County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Sherwood Manor Community Development District, Hillsborough County, Florida ("District") as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated September 2, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a matter that we reported to management of the District in a separate letter dated September 2, 2022.

The District's response to the finding identified in our audit is described in the accompanying Management Letter. We did not audit the District's response and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. The District may terminate the agreement hereunder with the Dissemination Agent at any time upon delivery of sixty (60) days prior written notice to the Dissemination Agent and each Obligated Person.
- 9. <u>Amendment; Waiver</u>. Notwithstanding any other provision of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure Agreement, and any provision of this Disclosure Agreement may be waived, if such amendment or waiver is supported by an opinion of counsel expert in federal securities laws, acceptable to the Issuer, to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment and/or waiver in the next Annual Report and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change in accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements: (i) notice of such change shall be given in the same manner as for a Listed Event under Section 6(b); and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Notwithstanding the above provisions of this Section 9, no amendment to the provisions of Section 5(b) hereof may be made without the consent of each Obligated Person, if any.

10. <u>Additional Information</u>. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.
