LIMITED OFFERING

In the opinion of Bond Counsel, assuming compliance with existing statutes, regulations, published rulings and court decisions, and assuming continuing compliance by the District with the tax covenants set forth in the Indenture, and the accuracy of certain representations included in the closing transcript for the 2023A Bonds, interest on the 2023A Bonds is, under Section 103 of the Code, excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax; however, each interest payment is taken into account in determining the adjusted financial statement income of applicable corporations for the purpose of computing the alternative minimum tax imposed on such corporations for tax years beginning after December 31, 2022. See “TAX MATTERS” herein for a description of certain other federal tax consequences of ownership of the 2023A Bonds. Bond Counsel is further of the opinion that, pursuant to the Act, the 2023A Bonds and the interest thereon are exempt from taxation under the laws of the State of Florida, except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in Chapter 220.

RIVER HALL COMMUNITY DEVELOPMENT DISTRICT
(LEE COUNTY, FLORIDA)

$8,100,000*
CAPITAL IMPROVEMENT REVENUE BONDS,
SERIES 2023A (ASSESSMENT AREA 4)

INTRODUCTION

The purpose of this Limited Offering Memorandum is to set forth certain information in connection with the offering for sale by the River Hall Community Development District (the "District" or "Issuer") of its $8,100,000* Capital Improvement Revenue Bonds, Series 2023A (Assessment Area 4) (the "2023A Bonds").

The District was established pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and pursuant to Chapter 42YY-1, Florida Administrative Code, implemented by the Florida Land and Water Adjudicatory Commission, effective on April 21, 2005, as amended by Rule 42YY-1.002, effective July 20, 2006. The District was established for the purpose of delivering certain community development services and facilities for the benefit of the District Lands (as hereinafter defined) and has previously determined to undertake, in one or more stages, the acquisition and/or construction of public improvements and community facilities as set forth in the Act for the special benefit of the District Lands. The Act authorizes the District to issue bonds for the purposes of, among others, financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, or equipping water management, water supply, sewer and wastewater management, bridges or culverts, public roads, street lights and other basic infrastructure projects within or without the boundaries of the District as provided in the Act.

The boundaries of the District include approximately 1,958 gross acres of land (the "District Lands") located approximately one-half mile south of Palm Beach Boulevard (State Road 80) and six miles east of Buckingham Road and Interstate 75, in an unincorporated portion of Lee County, Florida (the "County"). The District Lands are being developed as part of an approximately 1,978-acre residential development known as "River Hall" (the "Development"). At buildout, the Development is planned to include approximately 2,695 residential units. See "THE DEVELOPMENT" herein.

The District previously issued its 2005 Bonds (as defined herein) to fund a portion of the cost of its original capital improvement plan (the "Original CIP"). The Original CIP in Phases I and II is complete.

* Preliminary, subject to change.
and portions of the Original CIP for Phases III and IV have been installed, with construction ongoing. See "THE CAPITAL IMPROVEMENT PLAN AND 2023A PROJECT" herein. The 2005 Bonds were restructured into the 2011A-1 Bonds and the 2011A-2 Bonds, which were subsequently refunded by the District's 2021A-1 Bonds and 2021A-2 Bonds (each as defined herein). In addition, the District previously issued its 2020 Bonds (as defined herein) to finance additional public infrastructure improvements associated with the development of "Assessment Area 3" within the District. See "THE DISTRICT – Outstanding Indebtedness and Prior Bond Defaults" herein.

The 2023A Bonds are funding the costs associated with "Assessment Area 4," which is planned for 311 residential lots within: (i) Hampton Lakes Phase 4, which is planned to contain 195 single-family lots, and (ii) River Hall Country Club Parcels C, H, Z, and K2, which are collectively planned to contain a total of 116 single-family lots. Net proceeds of the 2023A Bonds will finance a portion of certain public infrastructure improvements, including without limitation, onsite and offsite improvements, surface water management system, sanitary sewer system, water distribution system, and related professional fees relating to the development of Assessment Area 4 (the "2023A Project"). See "THE CAPITAL IMPROVEMENT PLAN AND THE 2023A PROJECT" herein for more information.

Proceeds of the 2023A Bonds will be used for the purposes of providing funds to: (i) finance a portion of the Cost of acquisition, construction, installation and equipping of a portion of the 2023A Project; (ii) pay a portion of the interest coming due on the 2023A Bonds; (iii) pay certain costs associated with the issuance of the 2023A Bonds; and (iv) fund the 2023A Reserve Account as provided in the Indenture (as defined herein). See "ESTIMATED SOURCES AND USES OF FUNDS" herein.

The 2023A Bonds are payable from and secured solely by the 2023A Pledged Revenues, which consist primarily of revenues received by the District from the 2023A Assessments (as defined herein). The 2023A Assessments will initially be levied over all of Assessment Area 4, which consists of approximately 129 gross acres planned for 311 residential lots. As the land within Assessment Area 4 is platted, the 2023A Assessments will be assigned to the platted lots therein in accordance with the Assessment Methodology. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS" and "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY" hereto.

All of the lands within Assessment Area 4 are owned by RH Venture II, LLC, a Florida limited liability company, and RH Venture III, LLC, a Florida limited liability company (the "Landowners"). See "THE LANDOWNERS" herein for more information regarding the Landowners. The Landowners have entered into contracts with (i) Lennar Homes (as defined herein) for the purchase of 173 developed lots in Assessment Area 4 in a series of takedowns and (ii) Pulte (as defined herein) for the purchase of the remaining 138 lots within Assessment Area 4 in a series of takedowns. See "THE DEVELOPMENT – Builder Contracts" herein for more information.

The 2023A Bonds are being issued by the District pursuant to the Act, Resolution No. 2005-18 adopted by the Board of Supervisors of the District (the "Board") on June 17, 2005, as supplemented by Resolution 2023-06 adopted by the Board on April 6, 2023 (collectively, the "Bond Resolution"), and a Master Trust Indenture dated as of October 1, 2005 (the "Master Indenture"), by and between the District and U.S. Bank Trust Company, National Association (the "Trustee"), as successor in interest to Wachovia Bank, N.A., as amended and supplemented with respect to the 2023A Bonds by a Fifth Supplemental Trust Indenture dated as of November 1, 2023 (the "Fifth Supplemental Indenture" and, together with the Master Indenture, the "Indenture"), by and between the District and the Trustee. Capitalized terms not defined herein shall have the meanings assigned to them in the Indenture. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SUPPLEMENTAL INDENTURE" attached hereto.
The 2023A Bonds will be secured by a pledge of the 2023A Pledged Revenues. "2023A Pledged Revenues" shall mean all revenues received by the District from the 2023A Assessments, including, without limitation, amounts received from any foreclosure proceeding for the enforcement of collection of such 2023A Assessments or from the issuance and sale of tax certificates with respect to such 2023A Assessments; provided, however, that 2023A Pledged Revenues shall not include (A) any moneys transferred to the 2023A Rebate Fund, or investment earnings thereon and (B) "special assessments" levied and collected by the District under Section 190.022 of the Act for maintenance purposes or "maintenance special assessments" levied and collected by the District under Section 190.021(3) of the Act (it being expressly understood that the lien and pledge of the Indenture shall not apply to any of the moneys described in the foregoing clauses (A) and (B) of this proviso). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS" herein.

There follows in this Limited Offering Memorandum a brief description of the District, the Landowners, the Development, the 2023A Project, Assessment Area 4 and summaries of the terms of the 2023A Bonds, the Indenture and certain provisions of the Act. All references herein to the Indenture and the Act are qualified in their entirety by reference to such documents and statute, and all references to the 2023A Bonds are qualified by reference to the definitive form thereof and the information with respect thereto contained in the Indenture. A copy of the Master Indenture and the proposed form of the Fifth Supplemental Indenture appear in APPENDIX A attached hereto.

This Limited Offering Memorandum speaks only as of its date and the information contained herein is subject to change.

DESCRIPTION OF THE 2023A BONDS

General Description

The 2023A Bonds are issuable only as fully registered bonds, without coupons, in the denominations of $5,000 and any integral multiple thereof except as otherwise provided in the Indenture. The 2023A Bonds will mature, subject to the redemption provisions set forth herein, on the dates and in the amounts set forth on the cover page hereof.

The 2023A Bonds shall be dated the date of delivery. Interest on the 2023A Bonds shall be payable on each Interest Payment Date to maturity or prior redemption. "Interest Payment Date" means May 1 and November 1 of each year commencing May 1, 2024. Each 2023A Bond shall bear interest from the Interest Payment Date to which interest has been paid next preceding the date of its authentication, unless the date of its authentication: (i) is an Interest Payment Date to which interest on such 2023A Bond has been paid, in which event such 2023A Bond shall bear interest from its date of authentication; or (ii) is prior to the first Interest Payment Date for the 2023A Bonds, in which event, such 2023A Bond shall bear interest from its date. Interest on the 2023A Bonds will be computed in all cases on the basis of a 360 day year consisting of twelve 30-day months.

Upon initial issuance, the ownership of the 2023A Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC") of New York, New York, and purchases of beneficial interests in the 2023A Bonds will be made in book-entry only form. As long as the 2023A Bonds are held in book-entry-only form, Cede & Co. shall be considered the registered owner for all purposes under the Indenture. DTC shall be responsible for maintaining a book-entry-only system for recording the ownership interest of its participants ("Direct Participants") and other institutions that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Direct Participants and Indirect Participants will be responsible for maintaining records with respect to the beneficial ownership interests of individual purchasers of the 2023A Bonds ("Beneficial
Owners”). Principal and interest on the 2023A Bonds registered in the name of Cede & Co. prior to and at maturity shall be payable directly to Cede & Co. in care of DTC. Disbursal of such amounts to Direct Participants shall be the responsibility of DTC. Payments by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners shall be the responsibility of Direct Participants and Indirect Participants and not of DTC, the Trustee or the District. Individuals may purchase beneficial interests in Authorized Denominations in book-entry-only form, without certificated 2023A Bonds, through Direct Participants and Indirect Participants. During the period for which Cede & Co. is registered owner of the 2023A Bonds, any notices to be provided to any Beneficial Owner will be provided to Cede & Co. DTC shall be responsible for notices to Direct Participants and Direct Participants shall be responsible for notices to Indirect Participants, and Direct Participants and Indirect Participants shall be responsible for notices to Beneficial Owners. In the event DTC, any successor of DTC or the District, but only in accordance with the procedures of DTC, elects to discontinue the book-entry only system, the Trustee shall deliver bond certificates in accordance with the instructions from DTC or its successor and after such time 2023A Bonds may be exchanged for an equal aggregate principal amount of 2023A Bonds in other Authorized Denominations upon surrender thereof at the designated corporate trust office of the Trustee. See "– Book-Entry Only System" below.

The 2023A Bonds will initially be sold only to "accredited investors" within the meaning under Chapter 517, Florida Statutes, as amended, and the rules of the Florida Department of Financial Services promulgated thereunder, although there is no limitation on resales of the 2023A Bonds. Upon any redemption of 2023A Bonds (other than 2023A Bonds redeemed in accordance with scheduled Amortization Installments) and upon any cancellation of 2023A Bonds upon surrender to the Trustee (including any surrender pursuant to the Fifth Supplemental Indenture), the District shall cause to be recalculated and delivered to the Trustee revised Amortization Installments recalculated so as to amortize the Outstanding 2023A Bonds in substantially equal annual installments of principal and interest (subject to rounding to Authorized Denominations of principal) over the remaining term of the 2023A Bonds.

**Extraordinary Mandatory Redemption**

The 2023A Bonds are subject to extraordinary mandatory redemption prior to maturity, in whole on any date or in part on any February 1, May 1, August 1 or November 1, in the manner determined by the Bond Registrar, at the Redemption Price of 100% of the principal amount thereof, without premium, together with accrued interest to the date of redemption, if and to the extent that any one or more of the following shall have occurred:
(a) from 2023A Prepayment Principal (as defined in the Indenture) deposited into the 2023A Prepayment Subaccount of the 2023A Redemption Account;

(b) on or after the Completion Date of the 2023A Project, by application of moneys remaining in the 2023A Acquisition and Construction Account of the Acquisition and Construction Fund not reserved by the District for the payment of any remaining part of the Cost of the 2023A Project, all of which shall be transferred to the 2023A Redemption Account of the Debt Service Fund and credited toward extinguishment of the 2023A Assessments and applied toward the redemption of the 2023A Bonds, in accordance with the manner it has credited such excess moneys toward extinguishment of 2023A Assessments, which the District shall describe to the Trustee in writing; or

(c) from amounts transferred to the 2023A Prepayment Subaccount of the 2023A Redemption Account resulting from a reduction in the 2023A Reserve Account Requirement as provided for in the Indenture, and, on the date on which the amount on deposit in the 2023A Reserve Account, together with other moneys available therefor, are sufficient to pay and redeem all of the 2023A Bonds then Outstanding, including accrued interest thereon.

If less than all of the 2023A Bonds shall be called for redemption, the particular 2023A Bonds or portion of 2023A Bonds to be redeemed shall be selected by lost by the Registrar as provided in the Indenture.

Notice of Redemption and of Purchase

When required to redeem or purchase 2023A Bonds under any provision of the Indenture or directed to do so by the District, the Trustee shall cause notice of the redemption to be given by the Bond Registrar not less than thirty (30) nor more than forty-five (45) days prior to the date fixed for redemption by first-class mail, postage prepaid, to any Paying Agent for the 2023A Bonds to be redeemed and to the registered Owner of each 2023A Bond to be redeemed, at the address of such registered Owner, but failure to mail any such notice or defect in the notice or in the mailing thereof shall not affect the validity of the redemption or purchase of the 2023A Bonds for which notice was duly mailed in accordance with the Indenture.

Purchase of 2023A Bonds

The District may purchase a 2023A Bond in the open market at a price no higher than the highest redemption price (including premium, if any) for the 2023A Bond to be so purchased with any funds legally available therefor and any such 2023A Bonds so purchased shall be credited to the amounts otherwise required to be deposited for the payment of 2023A Bonds as provided in the Indenture.

Book-Entry Only System

The information in this caption concerning DTC and DTC's book-entry system has been obtained from DTC and neither the District nor the Underwriter make any representation or warranty or take any responsibility for the accuracy or completeness of such information.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the 2023A Bonds. The 2023A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2023A Bond certificate will be issued for each maturity of the 2023A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.
DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2023A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2023A Bonds on DTC's records. The ownership interest of each actual purchaser of each 2023A Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2023A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2023A Bonds, except in the event that use of the book-entry system for the 2023A Bonds is discontinued.

To facilitate subsequent transfers, all 2023A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the 2023A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2023A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2023A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2023A Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2023A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2023A Bond documents. For example, Beneficial Owners of 2023A Bonds may wish to ascertain that the nominee holding the 2023A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial
Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2023A Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such 2023A Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2023A Bonds unless authorized by a Direct Participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2023A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and interest payments on the 2023A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Trustee, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District and/or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2023A Bonds at any time by giving reasonable notice to the District or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, 2023A Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, 2023A Bond certificates will be printed and delivered to DTC.

SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS

General

BONDS. RATHER, DEBT SERVICE AND ANY OTHER AMOUNTS REQUIRED TO BE PAID PURSUANT TO THE INDENTURE OR THE 2023A BONDS, SHALL BE PAYABLE SOLELY FROM, AND SHALL BE SECURED SOLELY BY, THE 2023A PLEDGED REVENUES AND THE 2023A PLEDGED FUNDS AND ACCOUNTS PLEDGED TO THE 2023A BONDS, ALL AS PROVIDED IN THE INDENTURE.

The 2023A Bonds will be secured by a pledge of the 2023A Pledged Revenues. "2023A Pledged Revenues" shall mean all revenues received by the District from the 2023A Assessments, including, without limitation, amounts received from any foreclosure proceeding for the enforcement of collection of such 2023A Assessments or from the issuance and sale of tax certificates with respect to such 2023A Assessments; provided, however, that 2023A Pledged Revenues shall not include (A) any moneys transferred to the 2023A Rebate Fund, or investment earnings thereon and (B) "special assessments" levied and collected by the District under Section 190.022 of the Act for maintenance purposes or "maintenance special assessments" levied and collected by the District under Section 190.021(3) of the Act (it being expressly understood that the lien and pledge of the Indenture shall not apply to any of the moneys described in the foregoing clauses (A) and (B) of this proviso).

The "2023A Assessments" consist of the non-ad valorem special assessments levied in an amount corresponding to the debt service on the 2023A Bonds against the lands within Assessment Area 4 specially benefited by the 2023A Project or any portion thereof, pursuant to Section 190.022 of the Act, and the Assessment Resolutions (as defined in the Indenture) and assessment proceedings conducted by the District (together with the Assessment Resolutions, the "Assessment Proceedings"), all as more specifically provided herein. Non-ad valorem assessments are not based on millage and are not taxes, but are a lien against the homestead as permitted in Section 4, Article X of the Florida State Constitution. The 2023A Assessments will constitute a lien against the lands as to which the 2023A Assessments are imposed. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein.

The Assessment Methodology (as hereinafter defined), which describes the methodology for allocating the 2023A Assessments to the assessable lands within Assessment Area 4, is included as APPENDIX D attached hereto.

In the Master Indenture, the District has covenanted that, if any Assessment (including the 2023A Assessments) shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the District shall be satisfied that any such Assessment is so irregular or defective that the same cannot be enforced or collected, or if the District shall have omitted to make such Assessment when it might have done so, the District shall either (i) take all necessary steps to cause a new Assessment to be made for the whole or any part of said improvement or against any property benefited by said improvement, or (ii) in its sole discretion, make up the amount of such Assessment from any legally available moneys, which moneys shall be deposited into the Series Account in the Revenue Fund. In case such second Assessment shall be annulled, the District shall obtain and make other Assessments until a valid Assessment shall be made.

Prepayment of 2023A Assessments

Pursuant to the Assessment Proceedings, an owner of property subject to the 2023A Assessments may prepay the 2023A Assessments, in part or in full, including interest amounts to the next succeeding Quarterly Redemption Date or to the second succeeding Quarterly Redemption Date if such a prepayment is made within forty-five (45) calendar days before a Quarterly Redemption Date. Prepayment of the 2023A Assessments does not entitle the property owner to any discounts for early payment.

Pursuant to the Act, an owner of property subject to the levy of 2023A Assessments may pay the entire balance of the 2023A Assessments remaining due, without interest, within thirty (30) days after the
2023A Project has been completed or acquired by the District, and the Board has adopted a resolution accepting the 2023A Project pursuant to Chapter 170.09, Florida Statutes. The Landowners, as the sole owners of the property within Assessment Area 4, will waive this right on behalf of themselves and their successors and assigns in connection with the issuance of the 2023A Bonds. See "BONDOwners' RISks – Prepayment and Redemption Risk" herein.

The 2023A Bonds are subject to extraordinary mandatory redemption as indicated under "DESCRIPTION OF THE 2023A BONDS – Redemption Provisions – Extraordinary Mandatory Redemption" from optional prepayments of 2023A Assessments by property owners.

**Covenant Against Sale or Encumbrance**

In the Master Indenture, the District has covenanted that (a) except for those improvements comprising the 2023A Project that are to be conveyed by the District to the County, the State Department of Transportation or another governmental entity, as to which no assessments of the District will be imposed and (b) except as otherwise permitted in the Indenture, it will not sell, lease or otherwise dispose of or encumber the 2023A Project or any part thereof. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SUPPLEMENTAL INDENTURE" attached hereto for more information.

**Additional Obligations**

Other than Bonds issued to refund a portion of Outstanding 2023A Bonds, the issuance of which as determined by the District results in present value debt service savings, the District shall not issue or incur any debt payable in whole or in part from the 2023A Pledged Revenues other than the 2023A Bonds. So long as there are any 2023A Bonds Outstanding, the District shall not issue any Bonds or other debt obligations (the "Additional Bonds"), secured by Assessments on any parcels within Assessment Area 4 until at least seventy-five percent (75%) of the principal amount of the 2023A Assessments have been allocated to tax parcels with respect to which a certificate of occupancy has been issued for a structure thereon. The provisions of the immediately preceding sentence shall not apply to any Bonds or other debt obligations secured by Assessments on properties other than Assessment Area 4. Further, notwithstanding such restriction, the District may issue Bonds secured by Assessments on lands in Assessment Area 4 for the health, safety, welfare or repairs. Prior to the delivery of any such Additional Bonds or other debt obligations, the District will deliver a written certificate from the District Manager to the Trustee on which it may conclusively rely that all of the applicable conditions set forth above have been met.

The District (subject to the limitations described in the preceding paragraph) and/or other public entities may impose taxes or other special assessments on the same properties encumbered by the 2023A Assessments without the consent of the Owners of the 2023A Bonds. The District imposes certain non-ad valorem special assessments called maintenance assessments, which are of equal dignity with the 2023A Assessments, on the same lands upon which the 2023A Assessments are imposed to fund maintenance and operation costs of the District. See also "THE DEVELOPMENT – Taxes, Fees and Assessments" for more information.

**Acquisition and Construction Account**

The Fifth Supplemental Indenture establishes a separate account within the Acquisition and Construction Fund designated as the "2023A Acquisition and Construction Account." Amounts deposited to the 2023A Acquisition and Construction Account shall be applied to Costs of the 2023A Project in accordance with the Master Indenture and the Fifth Supplemental Indenture.
The District shall not declare that the Date of Completion of the 2023A Project has occurred until after the Release Conditions (as defined herein) have been satisfied, and all moneys transferred from the 2023A Reserve Account to the 2023A Acquisition and Construction Account have been expended or the Consulting Engineer has certified in writing to the District and the Trustee that such amount is in excess of what is needed to complete the 2023A Project. The Trustee shall have no obligation to inquire if Release Conditions have occurred and, in the absence of notice from the District, the Trustee may assume that the Release Conditions have not occurred. See "Reserve Account" herein for more information regarding the Release Conditions.

Reserve Account

The Fifth Supplemental Indenture establishes a 2023A Reserve Account within the Debt Service Reserve Fund for the 2023A Bonds. The 2023A Reserve Account will, at the time of delivery of the 2023A Bonds, be funded from a portion of the net proceeds of the 2023A Bonds in the amount of the 2023A Reserve Account Requirement for the 2023A Bonds.

The "2023A Reserve Account Requirement" shall mean (i) initially an amount equal to the maximum annual debt service on the 2023A Bonds as calculated from time to time; (ii) upon the occurrence of the Condition #1 for Reduction of Reserve Requirement, fifty percent (50%) of the maximum annual debt service on the 2023A Bonds as calculated from time to time; and (iii) upon the occurrence of the Condition #2 for Reduction of Reserve Requirement, ten percent (10%) of the maximum annual debt service on the 2023A Bonds as calculated from time to time. Upon satisfaction of Condition #1 for Reduction of Reserve Requirement or Condition #2 for Reduction of Reserve Requirement, as applicable, such excess amount shall be released from the 2023A Reserve Account and transferred to the General Subaccount within the 2023A Acquisition and Construction Account in accordance with the provisions of the Indenture. For the purpose of calculating the 2023A Reserve Requirement, maximum annual debt service, fifty percent (50%) of maximum annual debt service or ten percent (10%) of maximum annual debt service as the case may be, shall be calculated as of the date of the original issuance and delivery and recalculated in connection with each extraordinary mandatory redemption of the 2023A Bonds from 2023A Prepayment Principal as set forth in the Indenture (but not upon the optional or mandatory sinking fund redemption thereof) and such excess amount shall be released from the 2023A Reserve Account and transferred to the 2023A Prepayment Subaccount in accordance with the provisions of the Indenture. Amounts on deposit in the 2023A Reserve Account may, upon final maturity or redemption of all Outstanding 2023A Bonds, be used to pay principal of and interest on the 2023A Bonds at that time. The 2023A Reserve Account Requirement is initially $_________.

"Condition #1 for Reduction of Reserve Requirement" with respect to the 2023A Bonds shall mean collectively (i) all lots subject to the 2023A Assessments have been developed, platted and conveyed to homebuilders, as certified by the District Manager, and (ii) there shall be no Events of Default under the Indenture with respect to the 2023A Bonds, as certified by the District Manager. The District shall present the Trustee with the certifications of the District Manager regarding the satisfaction of the Condition #1 for Reduction of Reserve Requirement, and the Trustee may rely conclusively upon such certifications and shall have no duty to verify the same.

"Condition #2 for Reduction of Reserve Requirement" with respect to the 2023A Bonds shall mean collectively (i) all of the principal portion of the 2023A Assessments has been assigned to residential units that have been constructed and each have received certificates of occupancy, and (ii) there shall be no Events of Default under the Indenture with respect to the 2023A Bonds, each as certified by the District Manager. The District shall present the Trustee with the certifications of the District Manager regarding the satisfaction of the Condition #2 for Reduction of Reserve Requirement, and the Trustee may rely conclusively upon such certifications and shall have no duty to verify the same.
Except as otherwise provided in the Indenture, amounts on deposit in the 2023A Reserve Account shall be used only for the purpose of making payments into the 2023A Interest Account, the 2023A Principal Account and the 2023A Sinking Fund Account to pay Debt Service on the 2023A Bonds, when due, without privilege or priority of one 2023A Bond over another, to the extent the moneys on deposit in such Accounts and available therefor are insufficient and for no other purpose. Such Account shall consist only of cash and 2023A Investment Obligations. The 2023A Reserve Account is held solely for the benefit of, and as security for, the 2023A Bonds and amounts therein shall not be available or be used for the purpose of making any payments with respect to any other Bonds.

On each December 15, March 15, June 15 and September 15 (or, if such date is not a Business Day, on the Business Day preceding such day), the Trustee shall determine the amount on deposit in the 2023A Reserve Account and transfer any excess therein above the 2023A Reserve Account Requirement (other than as a result of optional prepayment of a 2023A Assessment which shall be applied as provided in the Fifth Supplemental Indenture or as a result of investment earnings which shall be deposited into the 2023A Revenue Account as required by the Master Indenture), to the 2023A Prepayment Subaccount of the 2023A Redemption Account for the extraordinary mandatory redemption of 2023A Bonds.

On each December 15, March 15, June 15 and September 15 (or, if such date is not a Business Day, on the Business Day preceding such day), in the event that the amount of proceeds of the 2023A Bonds on deposit in the 2023A Reserve Account exceeds the 2023A Reserve Account Requirement due to a decrease in the amount of 2023A Bonds that will be outstanding as a result of an optional prepayment by the owner of a lot or parcel of land of a 2023A Assessment against such lot or parcel, such excess shall be transferred to the 2023A Prepayment Subaccount of the 2023A Redemption Account (and the District shall include such excess as a credit against the 2023A Prepayment Principal otherwise required to be made by the owner of such lot or parcel) to be used for the extraordinary mandatory redemption of 2023A Bonds.

On the date of prepayment of a 2023A Assessment by cancellation of 2023A Bonds pursuant to the Fifth Supplemental Indenture, in the event that the amount on deposit in the 2023A Reserve Account exceeds the 2023A Reserve Account Requirement due to a decrease in the amount of 2023A Bonds that will be outstanding as a result of such prepayment by such 2023A Assessment, such excess shall be transferred to the 2023A Prepayment Account of the 2023A Redemption Account (and the District shall include such excess as a credit against the 2023A Prepayment Principal otherwise required to be made by the owner of such lot or parcel) to be used for the extraordinary mandatory redemption of 2023A Bonds.

Any excess in the 2023A Reserve Account as a result of satisfaction of the Release Conditions shall be deposited into the 2023A Acquisition and Construction Account. The District or the District Manager, on behalf of the District, shall provide written notice to the Trustee when the Release Conditions have been satisfied, upon which notice the Trustee may conclusively rely. The Trustee shall have no obligation to inquire if Release Conditions have occurred and, in the absence of notice from the District, the Trustee may assume that the Release Conditions have not occurred.

Anything in the Indenture to the contrary notwithstanding, on the earliest date on which there is on deposit in the 2023A Reserve Account sufficient monies, taking into account other monies available therefor, to pay and redeem all of the Outstanding 2023A Bonds, together with accrued interest and redemption premium, if any, on such 2023A Bonds to the earliest date of redemption permitted therein and herein, then the Trustee shall transfer the amount on deposit in the 2023A Reserve Account into the 2023A Prepayment Subaccount in the 2023A Redemption Account to pay and redeem all of the Outstanding 2023A Bonds on the earliest date permitted for redemption therein.
Application of the 2023A Pledged Revenues

The Fifth Supplemental Indenture establishes a Series 2023A Revenue Account within the Revenue Fund. The 2023A Revenue Account shall be held by the Trustee separate and apart from all other Funds and Accounts held under the Indenture and from all other moneys of the Trustee and for the sole benefit of the 2023A Bonds.

The District shall deposit all revenues received by the District from the 2023A Assessments with the Trustee immediately upon receipt together with a written accounting setting forth the amounts of such 2023A Assessments which are in the following categories which shall be deposited by the Trustee into the Funds and Accounts established hereunder as follows:

(i) 2023A Prepayment Principal, which shall be deposited into the 2023A Prepayment Subaccount in the Redemption Account; and

(ii) all other revenues from the 2023A Assessments, which shall be deposited into the 2023A Revenue Account.

Moneys other than 2023A Assessments received by the Trustee in respect of the 2023A Assessments or 2023A Bonds shall, at the written direction of the District, be deposited into the 2023A Optional Redemption Subaccount of the 2023A Redemption Account and used to pay the principal of and premium, if any, on 2023A Bonds called or to be called for optional redemption at the written direction of the District in accordance with the provisions for optional redemption of 2023A Bonds as set forth in the form of 2023A Bonds attached hereto.

On the forty-fifth (45th) day preceding each Quarterly Redemption Date (or if such date is not a Business Day, on the Business Day next preceding such date), the Trustee shall determine the amount on deposit in the 2023A Prepayment Subaccount of the 2023A Redemption Account, and, if the balance therein is greater than zero, shall transfer from the 2023A Revenue Account for deposit into the 2023A Prepayment Subaccount, an amount sufficient to increase the amount on deposit therein to an integral multiple of $5,000, and, shall thereupon give notice and cause the extraordinary mandatory redemption of the 2023A Bonds on the next succeeding Quarterly Redemption Date in the maximum aggregate principal amount for which moneys are then on deposit in the 2023A Prepayment Subaccount in accordance with the provisions for extraordinary redemption of the 2023A Bonds set forth in the Indenture. The Trustee authorized and directed to withdraw from the corresponding Interest Account, the amount of interest accrued or to accrue on 2023A Bonds to be redeemed to the Quarterly Redemption Date therefor.

On each May 1 or November 1 (or if such May 1 or November 1 is not a Business Day, on, the Business Day preceding such May 1 or November 1), commencing May 1, 2023 the Trustee shall then transfer amounts on deposit in the 2023A Revenue Account to the Funds and Accounts designated below in the following amounts and in the following order of priority:

FIRST, to the 2023A Interest Account of the Debt Service Fund, an amount equal to the amount of interest payable on all 2023A Bonds then Outstanding on such May 1 or November 1, less any other amount already on deposit in the 2023A Interest Account not previously credited (including amounts transferred from the 2023A Capitalized Interest Account pursuant to the Indenture);

SECOND, to the 2023A Principal Account, the amount, if any, equal to the difference between the principal all 2023A Bonds due on such May 1 (or, with respect to each November 1, the next ensuing May 1), and the amount already on deposit in the 2023A Principal Account not previously credited;
THIRD, to the 2023A Sinking Fund Account, the amount, if any, equal to the difference between
the Amortization Installments of all 2023A Bonds subject to mandatory sinking fund redemption on such
May 1 (or, with respect to each November 1, the next ensuing May 1), and the amount already on deposit
in the 2023A Sinking Fund Account not previously credited; and

FOURTH, to the 2023A Reserve Account, the maximum amount which will not cause the balance
therein to exceed the 2023A Reserve Account Requirement.

Anything in the Indenture to the contrary notwithstanding, it shall not, a fortiori, constitute an Event
of Default hereunder if the full amount of the foregoing deposits are not made due to an insufficiency of
funds therefor.

Investments

Anything in the Indenture to the contrary notwithstanding, amounts in all of the Funds and
Accounts held as security for the 2023A Bonds shall be invested only in 2023A Investment Obligations,
and all earnings thereon shall be deposited, as realized, to the 2023A Revenue Account and applied for the
purposes of such Account. Investment Obligations purchased as an investment of moneys in any Fund or
Account shall be deemed at all times to be part of such Fund or Account, and the interest accruing thereon
and profit realized from such investment shall be credited as provided in the Master Indenture. Any loss
resulting from such investment shall be charged to such Fund or Account. The Trustee may, upon the
direction of an Authorized Officer, transfer investments within such Funds or Accounts without being
required to sell such investments. The Trustee shall sell at the best price obtainable or present for redemption
any obligation so purchased whenever it shall be necessary so to do in order to provide moneys to meet any
payment or transfer from any such Fund or Account. The Trustee shall not be liable or responsible for any
loss resulting from any such investment or for failure to make an investment (except failure to make an
investment in accordance with the written direction of an Authorized Officer) or for failure to achieve
maximum possible earnings on investment. See "APPENDIX A: COPY OF MASTER INDENTURE AND
PROPOSED FORM OF SUPPLEMENTAL INDENTURE" attached hereto.

Indenture Provisions Relating to Bankruptcy or Insolvency of a Landowner

The Indenture contains the following provisions which, pursuant to the Indenture, shall be
applicable both before and after the commencement, whether voluntary or involuntary, of any case,
proceeding or other action by or against any owner of any tax parcel subject to at least eight percent (8%)
of the 2023A Assessments pledged to the 2023A Bonds Outstanding (an "Insolvent Taxpayer") under any
existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for
the benefit of creditors, or relief of debtors (a "Proceeding").

The District will acknowledge and agree in the Indenture that, although the 2023A Bonds were
issued by the District, the Owners of the 2023A Bonds are categorically the party with the ultimate financial
stake in the transaction and, consequently, the party with a vested and pecuniary interest in a Proceeding.
In the event of any Proceeding involving an Insolvent Taxpayer: (i) the District will agree that it shall seek
to secure the written consent of the Trustee, acting at the direction of the Majority Owners of the 2023A
Bonds Outstanding, prior to making any election, giving any consent, commencing any action or filing any
motion, claim, obligation, notice or application or in taking any other action or position in any Proceedings
or in any action related to a Proceeding that affects, either directly or indirectly, the 2023A Assessments
relating to the 2023A Bonds Outstanding, the Outstanding 2023A Bonds or any rights of the Trustee under
the Indenture (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority
Owners of the 2023A Bonds Outstanding, to the proposed action if the District does not receive a written
response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for
consent); (ii) the District will agree that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the 2023A Assessments relating to the 2023A Bonds Outstanding, the 2023A Bonds Outstanding or any rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee; (iii) the District will agree that it shall seek the written consent of the Trustee prior to filing and voting in any such Proceeding (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority Owners of the 2023A Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for consent); (iv) the Trustee shall have the right, by interpleader or otherwise, to seek or oppose any relief in any such Proceeding that the District, as claimant with respect to the 2023A Assessments relating to the 2023A Bonds Outstanding would have the right to pursue, and, if the Trustee chooses to exercise any such rights, the District shall not oppose the Trustee in seeking to exercise any and all rights and taking any and all actions available to the District in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute and/or defend any claims and proofs of claims, to vote to accept or reject a plan, to seek dismissal of the Proceeding, to seek stay relief to commence or continue foreclosure or pursue any other available remedies as to the 2023A Assessments relating the 2023A Bonds Outstanding, to seek substantive consolidation, to seek to shorten the Insolvent Taxpayer's exclusivity periods or to oppose any motion to extend such exclusivity periods, to oppose any motion for use of cash collateral or for authority to obtain financing, to oppose any sale procedures motion or any sale motion, to propose a competing plan of reorganization or liquidation, or to make any election under Section 1111(b) of the Bankruptcy Code; and (v) the District shall not challenge the validity or amount of any claim submitted in good faith in such Proceeding by the Trustee or any valuations of the lands owned by any Insolvent Taxpayer submitted in good faith by the Trustee in such Proceedings or take any other action in such Proceedings, which is adverse to Trustee's enforcement or the District's claim and rights with respect to the 2023A Assessments relating to the 2023A Bonds Outstanding or receipt of adequate protection (as that term is defined in the Bankruptcy Code). Without limiting the generality of the foregoing, the District will agree that the Trustee shall have the right (i) to file a proof of claim with respect to the 2023A Assessments pledged to the 2023A Bonds Outstanding, (ii) to deliver to the District a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim.

Notwithstanding the provisions of the immediately preceding paragraph, nothing in the Indenture shall preclude the District from becoming a party to a Proceeding in order to enforce a claim for operation and maintenance Assessments, and the District shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the District in pursuance of its claim for operation and maintenance Assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the 2023A Assessments relating to the 2023A Bonds Outstanding whether such claim is pursued by the District or the Trustee; provided, however, that the District shall not oppose any relief sought by the Trustee under the authority granted to the Trustee in clause (iv) above. See "BONOWNERS' RISKS – Bankruptcy Risks" herein for more information.

Events of Default and Remedies

Each of the following shall be an "Event of Default" under the Indenture, with respect to the 2023A Bonds:

(a) Any payment of Debt Service on such 2023A Bonds is not made when due;
(b) The District shall for any reason be rendered incapable of fulfilling its obligations under the Indenture;

(c) The District admits in writing its inability to pay its debts general as they become due, or files a petition in bankruptcy or makes an assignment for the benefit of its creditors or consents to the appointment of a receiver or trustee for itself or for the whole or any part of a related 2023A Project;

(d) The District is adjudged insolvent by a court of competent jurisdiction, or is adjudged a bankrupt on a petition in bankruptcy filed against the District, or an order, judgment or decree be entered by any court of competent jurisdiction appointing, without the consent of the District, a receiver or trustee of the District or of the whole or any part of its property and if the aforesaid adjudications, orders, judgments or decrees shall not be vacated or set aside or stayed within ninety (90) days from the date of entry thereof;

(e) The District shall file a petition or answer seeking reorganization or any arrangement under the Federal bankruptcy laws or any other applicable law or statute of the United States of America or any state thereof;

(f) Under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the District's assets or any part thereof, and such custody or control shall not be terminated within ninety (90) days from the date of assumption of such custody or control;

(g) The District shall default in the due and punctual performance of any of the material covenants, conditions, agreements and provisions contained in the 2023A Bonds or in the Indenture relating to such 2023A Bonds on the part of the District to be performed (other than a default in the payment of Debt Service on the 2023A Bonds when due, which is an Event of Default under the Master Indenture) and such default shall continue for thirty (30) days after written notice specifying such default and requiring same to be remedied shall have been given to the District by the Trustee or, if the Trustee is unwilling or unable to act, by Owner of not less than ten percent (10%) in aggregate principal amount of the 2023A Bonds then Outstanding and affected by such amendment;

(i) Any portion of the 2023A Assessments pledged to the 2023A Bonds shall have become delinquent and, as the result thereof, the Indenture authorizes the Trustee to withdraw funds in an amount greater than twenty-five percent (25%) of the amount on deposit in 2023A Reserve Account to pay the Debt Service Requirements on the 2023A Bonds (regardless of whether the Trustee does or does not actually withdraw such funds from the 2023A Reserve Account to pay the Debt Service Requirements on the 2023A Bonds) (the foregoing being referred to as a "Reserve Account Event") unless within sixty (60) days from the Reserve Account Event the District has either (i) replenished the amounts, if any, withdrawn from the 2023A Reserve Account or (ii) the portion of the delinquent 2023A Assessments giving rise to the Reserve Account Event are paid and are no longer delinquent 2023A Assessments; or

(j) More than fifteen percent (15%) of the operation and maintenance assessments that are directly billed by the District and levied by the District on tax parcels subject to the 2023A Assessments are not paid by the date such are due and payable and such default continues for sixty (60) days after the date when due. The District shall give written notice to the Trustee of the occurrence of the events set forth in this paragraph (b) not later than 10 days after the end of the sixty day period referred to in the preceding sentence. The Trustee shall not be deemed to have knowledge of the occurrence of such an Event of Default absent notice thereof from the District.

The 2023A Bonds are not subject to acceleration under the Indenture.
Upon the happening and continuance of any Event of Default specified in the Indenture with respect to the 2023A Bonds, the Trustee or, if the Trustee is unwilling or unable to act, the Majority Owners of the 2023A Bonds then Outstanding may protect and enforce the rights of the Owners of the 2023A Bonds under Florida law, and under the Indenture and the 2023A Bonds, by such proceedings in equity or at law, either for the specific performance of any covenant or agreement contained herein or in aid or execution of any power in the Indenture granted or for the enforcement of any proper legal or equitable remedy, as the Trustee or the Owners of such 2023A Bonds, as the case may be, shall deem most effectual to protect and enforce such rights.

If any proceeding taken by the Trustee or any Owner on account of any default shall have been discontinued or abandoned for any reason, then the District and the Owner shall be restored to their former positions and rights under the Indenture, respectively, and all rights and remedies of the Owners shall continue as though no such proceeding had been taken.

Except as provided in the Indenture, no Owner of any of the 2023A Bonds shall have any right in any manner whatever to affect, disturb or prejudice the security of the Indenture, or to enforce any right thereunder except in the manner as provided in the Indenture, and all proceedings at law or in equity shall be instituted and maintained for the benefit of all Owners of the 2023A Bonds.

Nothing in the Indenture shall affect or impair the right of any Owner to enforce the payment of Debt Service on the 2023A Bond of which such person is the registered Owner, or the obligation of the District to pay Debt Service to the Owner at the time and place specified in such 2023A Bond.

**ENFORCEMENT OF ASSESSMENT COLLECTIONS**

**General**

The primary source of payment for the 2023A Bonds are the collection of 2023A Assessments imposed on certain lands in the District specially benefited by the 2023A Project pursuant to the Assessment Proceedings. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY."

The imposition, levy, and collection of 2023A Assessments must be done in compliance with the provisions of Florida law. Failure by the District, the Lee County Tax Collector ("Tax Collector") or the Lee County Property Appraiser ("Property Appraiser") to comply with such requirements could result in delay in the collection of, or the complete inability to collect, 2023A Assessments during any year. Such delays in the collection of 2023A Assessments, or complete inability to collect the 2023A Assessments, would have a material adverse effect on the ability of the District to make full or punctual payment of the debt service requirements on the 2023A Bonds. See "BONDOWNERS' RISKS." To the extent that landowners fail to pay the 2023A Assessments, delay payments, or are unable to pay the same, the successful pursuance of collection procedures available to the District is essential to continued payment of principal of and interest on the 2023A Bonds.

For the 2023A Assessments to be valid, the 2023A Assessments must meet two requirements: (1) the benefit from the District's CIP, including the 2023A Project, to the lands subject to the 2023A Assessments must exceed or equal the amount of the 2023A Assessments, and (2) the 2023A Assessments must be fairly and reasonably allocated across all such benefitted properties. The Methodology Consultant will certify at closing that these requirements have been met with respect to the 2023A Assessments.

Pursuant to the Act and the Assessment Proceedings, the District may collect the 2023A Assessments through a variety of methods. See "BONDOWNERS' RISKS." Pursuant to the Indenture, the
District has agreed that, subject to the District entering into agreements with the Property Appraiser and Tax Collector, 2023A Assessments levied on platted lots and pledged under the Indenture to secure the 2023A Bonds will be collected pursuant to the Uniform Method for the levy, collection and enforcement of special assessments. To the extent the District is not able to collect 2023A Assessments through the Uniform Method, the District may elect to collect and enforce the 2023A Assessments pursuant to any other available method. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY." As lands are platted and sold, the 2023A Assessments will be added to the County tax roll and collected pursuant to the Uniform Method unless the timing for using the Uniform Method will not yet allow for using such method. The following is a description of certain statutory provisions relating to each of these collection methods. Such description is not intended to be exhaustive and is qualified in its entirety by reference to such statutes.

**Direct Billing & Foreclosure Procedure**

As noted above, and pursuant to Chapters 170 and 190 of the Florida Statutes, the District may directly levy, collect and enforce the 2023A Assessments. In this context, Section 170.10 of the Florida Statutes provides that upon the failure of any property owner to timely pay all or any part of the annual installment of principal and/or interest of a special assessment due, including the 2023A Assessments, the whole assessment, with the interest and penalties thereon, shall immediately become due and payable and subject to foreclosure. Generally stated, the governing body of the entity levying the special assessment, in this case the District, may foreclose by commencing a foreclosure proceeding in the same manner as the foreclosure of a real estate mortgage, or, alternatively, by commencing an action under Chapter 173, Florida Statutes, which relates to foreclosure of municipal tax and special assessment liens. Such proceedings are in rem, meaning that the action would be brought against the land, and not against the landowner. In light of the one year tolling period required before the District may commence a foreclosure action under Chapter 173, Florida Statutes, it is likely the District would commence an action to foreclose in the same manner as the foreclosure of a real estate mortgage rather than proceeding under Chapter 173, Florida Statutes.

Enforcement of the obligation to pay 2023A Assessments and the ability to foreclose the lien of such 2023A Assessments upon the failure to pay such 2023A Assessments may not be readily available or may be limited because enforcement is dependent upon judicial action which is often subject to discretion and delay. Additionally, there is no guarantee that there will be demand for any foreclosed lands sufficient to repay the 2023A Assessments. See "BONDOWNERS' RISKS."

**Uniform Method Procedure**

Subject to certain conditions, and for developed lands (as described above), the District may alternatively elect to collect the 2023A Assessments using the Uniform Method. The Uniform Method of collection is available only in the event the District complies with statutory and regulatory requirements and enters into agreements with the Tax Collector and Property Appraiser providing for the 2023A Assessments to be levied and then collected in this manner.

If the Uniform Method of collection is used, the 2023A Assessments will be collected together with County, school, special district, and other ad valorem taxes and non-ad valorem assessments (together, "Taxes and Assessments"), all of which will appear on the tax bill (also referred to as a "tax notice") issued to each landowner in the District. The statutes relating to enforcement of Taxes and Assessments provide that such Taxes and Assessments become due and payable on November 1 of the year when assessed, or as soon thereafter as the certified tax roll is received by the Tax Collector, and constitute a lien upon the land from January 1 of such year until paid or barred by operation of law. Such taxes and assessments – including the 2023A Assessments – are to be billed, and landowners in the District are required to pay, all Taxes and
Assessments without preference in payment of any particular increment of the tax bill, such as the increment owing for the 2023A Assessments.

All Taxes and Assessments are payable at one time, except for partial payment schedules as may be provided by Florida law such as Sections 197.374 and 197.222, Florida Statutes. Partial payments made pursuant to Sections 197.374 and 197.222, Florida Statutes, are distributed in equal proportion to all taxing districts and levying authorities applicable to that account. If a taxpayer does not make complete payment of the total amount, he or she cannot designate specific line items on his or her tax bill as deemed paid in full. Therefore, in the event the 2023A Assessments are to be collected pursuant to the Uniform Method, any failure to pay any one line item, would cause the 2023A Assessments to not be collected to that extent, which could have a significant adverse effect on the ability of the District to make full or punctual payment of the debt service requirements on the 2023A Bonds.

Under the Uniform Method, if the 2023A Assessments are paid during November when due or during the following three months, the taxpayer is granted a variable discount equal to 4% in November and decreasing one percentage point per month to 1% in February. All unpaid Taxes and Assessments become delinquent on April 1 of the year following assessment.

The Tax Collector is required to collect the Taxes and Assessments on the tax bill prior to April 1 and, after that date, to institute statutory procedures upon delinquency to collect such Taxes and Assessments through the sale of "tax certificates," as discussed below. Delay in the mailing of tax notices to taxpayers may result in a delay throughout this process. Neither the District nor the Underwriter can give any assurance to the holders of the 2023A Bonds (1) that the past experience of the Tax Collector with regard to tax and special assessment delinquencies is applicable in any way to the 2023A Assessments, (2) that future landowners and taxpayers in the District will pay such 2023A Assessments, (3) that a market may exist in the future for tax certificates in the event of sale of such certificates for taxable units within the District, and (4) that the eventual sale of tax certificates for real property within the District, if any, will be for an amount sufficient to pay amounts due under the Assessment Proceedings to discharge the lien of the 2023A Assessments and all other liens that are coequal therewith.

Collection of delinquent 2023A Assessments under the Uniform Method is, in essence, based upon the sale by the Tax Collector of "tax certificates" and remittance of the proceeds of such sale to the District for payment of the 2023A Assessments due. Prior to the sale of tax certificates, the landowner may bring current the delinquent Taxes and Assessments and cancel the tax certificate process by paying the total amount of delinquent Taxes and Assessments plus the cost of advertising and the applicable interest charge on the amount of such delinquent Taxes and Assessments. If the landowner does not act, the Tax Collector is required to attempt to sell tax certificates by public bid to the person who pays the delinquent Taxes and Assessments owing, penalties and interest thereon and certain costs, and who accepts the lowest interest rate per annum to be borne by the certificates (but not more than 18%).

If there are no bidders, the tax certificate is issued to the County. The County is to hold, but not pay for, the tax certificate with respect to the property, bearing interest at the maximum legal rate of interest, which is currently 18%. The Tax Collector does not collect any money if tax certificates are issued, or "struck off,” to the County. The County may sell such certificates to the public at any time after issuance, but before a tax deed application is made, at the face amount thereof plus interest at the rate of not more than 18% per annum, costs and a fee. Proceeds from the sale of tax certificates are required to be used to pay Taxes and Assessments (including the 2023A Assessments), interest, costs and charges on the real property described in the certificate.

Unless full payment for a tax deed is made to the clerk of court, including documentary stamps and recording fees, any tax certificate in the hands of a person other than the County may be redeemed and
canceled, in whole or in part (under certain circumstances), at any time before a tax deed is issued, and at a price equal to the face amount of the certificate or portion thereof together with all interest, costs, and charges due. Regardless of the interest rate actually borne by the certificates, persons redeeming tax certificates must pay a minimum interest rate of 5%, unless the rate borne by the certificates is zero percent. The proceeds of such a redemption are paid to the Tax Collector who transmits to the holder of the tax certificate such proceeds less service charges, and the certificate is canceled. Redemption of tax certificates held by the County is effected by purchase of such certificates from the County, as described above.

Any holder, other than the County, of a tax certificate that has not been redeemed has seven years from the date of issuance of the tax certificate during which to act against the land that is the subject of the tax certificate. After an initial period ending two years from April 1 of the year of issuance of a certificate, during which period actions against the land are held in abeyance to allow for sales and redemptions of tax certificates, and before the expiration of seven years from the date of issuance, the holder of a certificate may apply for a tax deed to the subject land. The applicant is required to pay to the Tax Collector at the time of application all amounts required to redeem or purchase all other outstanding tax certificates covering the land, plus interest, any omitted taxes or delinquent taxes and interest, and current taxes, if due (as well as any costs of resale, if applicable). If the County holds a tax certificate on property valued at $5,000 or more and has not succeeded in selling it, the County must apply for a tax deed two years after April 1 of the year of issuance of the certificate or as soon thereafter as is reasonable. The County pays costs and fees to the Tax Collector but not any amount to redeem any other outstanding certificates covering the land. Thereafter, the property is advertised for public sale.

In any such public sale conducted by the Clerk of the Circuit Court, the private holder of the tax certificate who is seeking a tax deed for non-homestead property is deemed to submit a minimum bid equal to the amount required to redeem the tax certificate, charges for the cost of sale, including costs incurred for the service of notice required by statute, redemption of other tax certificates on the land, and the amount paid by such holder in applying for the tax deed, plus interest thereon. In the case of homestead property, the minimum bid is also deemed to include, in addition to the amount of money required for the minimum bid on non-homestead property, an amount equal to one-half of the latest assessed value of the homestead. If there are no higher bids, the holder receives title to the land, and the amounts paid for the certificate and in applying for a tax deed are credited toward the purchase price. If there are other bids, the holder may enter the bidding. The highest bidder is awarded title to the land. The portion of proceeds of such sale needed to redeem the tax certificate, and all other amounts paid by such person in applying for a tax deed, are forwarded to the holder thereof or credited to such holder if such holder is the successful bidder. Excess proceeds are distributed first to satisfy governmental liens against the land and then to the former title holder of the property (less service charges), lienholder of record, mortgagees of record, vendees of recorded contracts for deeds, and other lienholders and any other person to whom the land was last assessed on the tax roll for the year in which the land was assessed, all as their interest may appear.

Except for certain governmental liens and certain restrictive covenants and restrictions, no right, interest, restriction or other covenant survives the issuance of a tax deed. Thus, for example, outstanding mortgages on property subject to a tax deed would be extinguished.

If there are no bidders at the public sale, the County may, at any time within ninety (90) days from the date of offering for public sale, purchase the land without further notice or advertising for a statutorily prescribed opening bid. After ninety (90) days have passed, any person or governmental unit may purchase the land by paying the amount of the opening bid. Ad valorem taxes and non-ad valorem assessments accruing after the date of public sale do not require repetition of the bidding process but are added to the minimum bid. Three years from the date the property is available for public sale, unsold lands escheat to the County in which they are located and all tax certificates and liens against the property are canceled and a deed is executed vesting title in the governing board of such County.
There can be no guarantee that the Uniform Method will result in the payment of 2023A Assessments. For example, the demand for tax certificates is dependent upon various factors, which include the rate of interest that can be earned by ownership of such certificates and the underlying value of the land that is the subject of such certificates and which may be subject to sale at the demand of the certificate holder. Therefore, the underlying market value of the property within the District may affect the demand for certificates and the successful collection of the 2023A Assessments, which are the primary source of payment of the 2023A Bonds. Additionally, legal proceedings under Federal bankruptcy law brought by or against a landowner who has not yet paid his or her property taxes or assessments would likely result in a delay in the sale of tax certificates. See "BONDOWNERS' RISKS."

**BONDOWNERS' RISKS**

There are certain risks inherent in an investment in bonds issued by a public authority or governmental body in the State and secured by special assessments. Certain of these risks are described in other sections of this Limited Offering Memorandum. Certain additional risks are associated with the 2023A Bonds offered hereby and are set forth below. Prospective investors in the 2023A Bonds should have such knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of an investment in the 2023A Bonds and have the ability to bear the economic risks of such prospective investment, including a complete loss of such investment. This section does not purport to summarize all risks that may be associated with purchasing or owning the 2023A Bonds, and prospective purchasers are advised to read this Limited Offering Memorandum in its entirety for a more complete description of investment considerations relating to the 2023A Bonds.

**Concentration of Land Ownership**

As of the date hereof, the Landowners own all of the assessable lands within Assessment Area 4, which are the lands that will be subject to the 2023A Assessments securing the 2023A Bonds. Payment of the 2023A Assessments is primarily dependent upon their timely payment by the Landowners and the other future landowners in Assessment Area 4. Non-payment of the 2023A Assessments by any of the landowners could have a substantial adverse impact upon the District's ability to pay debt service on the 2023A Bonds. See "THE LANDOWNERS" and "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS" herein.

**Bankruptcy and Related Risks**

In the event of the institution of bankruptcy or similar proceedings with respect to the Landowners or any other owner of benefited property, delays could occur in the payment of debt service on the 2023A Bonds, as such bankruptcy could negatively impact the ability of: (i) the Landowners and any other landowner to pay the 2023A Assessments; (ii) the Tax Collector to sell tax certificates in relation to such property with respect to the 2023A Assessments being collected pursuant to the Uniform Method; and (iii) the District to foreclose the lien of the 2023A Assessments not being collected pursuant to the Uniform Method. In addition, the remedies available to the Owners of the 2023A Bonds under the Indenture are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, the remedies specified by federal, state and local law and in the Indenture and the 2023A Bonds, including, without limitation, enforcement of the obligation to pay 2023A Assessments and the ability of the District to foreclose the lien of the 2023A Assessments if not being collected pursuant to the Uniform Method, may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the 2023A Bonds (including Bond Counsel's approving opinion) will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery. The inability, either partially or fully,
to enforce remedies available with respect to the 2023A Bonds could have a material adverse impact on the interest of the Owners thereof.

A 2011 bankruptcy court decision in Florida held that the governing body of a community development district, and not the bondholders or indenture trustee, was the creditor of the landowners/debtors in bankruptcy with respect to claims for special assessments, and thus only the district could vote to approve or disapprove a reorganization plan submitted by the debtors in the case. The district voted in favor of the plan. The governing body of the district was at that time elected by the landowners rather than qualified electors. Under the reorganization plan that was approved, a two-year moratorium was placed on the debtor landowners' payment of special assessments. As a result of this non-payment of assessments, debt service payments on the district's bonds were delayed for two years or longer. The Indenture provides for the delegation of certain rights from the District to the Trustee in the event of a bankruptcy or similar proceeding with respect to an "Insolvent Taxpayer" (as previously defined). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS – Indenture Provisions Relating to Bankruptcy or Insolvency of a Landowner" herein. The District cannot express any view whether such delegation would be enforceable.

2023A Assessments Are Non-Recourse

The principal security for the payment of the principal and interest on the 2023A Bonds is the timely collection of the 2023A Assessments. The 2023A Assessments do not constitute a personal indebtedness of the landowners of the land subject thereto, but are secured by a lien on such land. There is no assurance that the Landowners or subsequent landowners will be able to pay the 2023A Assessments or that they will pay such 2023A Assessments even though financially able to do so. Neither the Landowners nor any other subsequent landowners have any personal obligation to pay the 2023A Assessments. Neither the Landowners nor any subsequent landowners are guarantors of payment of any 2023A Assessments, and the recourse for the failure of the Landowners or any subsequent landowner to pay the 2023A Assessments is limited to the collection proceedings against the land subject to such unpaid 2023A Assessments, as described herein. Therefore the likelihood of collection of the 2023A Assessments may ultimately depend on the market value of the land subject to the 2023A Assessments. While the ability of the Landowners or subsequent landowners to pay the 2023A Assessments is a relevant factor, the willingness of the Landowners or subsequent landowners to pay the 2023A Assessments, which may also be affected by the value of the land subject to the 2023A Assessments, is also an important factor in the collection of 2023A Assessments. The failure of the Landowners or subsequent landowners to pay the 2023A Assessments could render the District unable to collect delinquent 2023A Assessments and provided such delinquencies are significant, could negatively impact the ability of the District to make the full or punctual payment of debt service on the 2023A Bonds.

Regulatory and Environmental Risks

The development of the District Lands, including Assessment Area 4, is subject to comprehensive federal, state and local regulations and future changes to such regulations. Approval is required from various public agencies in connection with, among other things, the design, nature and extent of planned improvements, both public and private, and construction of the infrastructure in accordance with applicable zoning, land use and environmental regulations. Although all such approvals required to date have been received and any further approvals are anticipated to be received as needed, failure to obtain any such approvals in a timely manner could delay or adversely affect the completion of the development of the District Lands. See "THE DEVELOPMENT – Development Approvals" herein for more information.

The value of the land within the District, the success of the Development, the development of Assessment Area 4 and the likelihood of timely payment of principal and interest on the 2023A Bonds
could be affected by environmental factors with respect to the land in the District. Should the land be contaminated by hazardous materials, this could materially and adversely affect the value of the land in the District, which could materially and adversely affect the success of the development of the lands within Assessment Area 4 and the likelihood of the timely payment of the 2023A Bonds. The District has not performed, nor has the District requested that there be performed on its behalf, any independent assessment of the environmental conditions within Assessment Area 4. See "THE DEVELOPMENT – Environmental" for information on environmental site assessments obtained or received by the Landowners. Nevertheless, it is possible that hazardous environmental conditions could exist within the District or in the vicinity of the District and that such conditions could have a material and adverse impact upon the value of the benefited lands within Assessment Area 4. No assurance can be given that unknown hazardous materials, protected animals or vegetative species, etc., do not currently exist or may not develop in the future, whether originating within the District or from surrounding property, and what effect such may have on the development or sale of the lands in Assessment Area 4.

The value of the lands subject to the 2023A Assessments could also be adversely impacted by flooding or wind damage caused by hurricanes, tropical storms, or other catastrophic events. In addition to potential damage or destruction to any existing development or construction in or near the District, such catastrophic events could potentially render the District Lands within Assessment Area 4 unable to support future development. The occurrence of any such events could materially adversely impact the District's ability to pay principal and interest on the 2023A Bonds. The 2023A Bonds are not insured, and the District's casualty insurance policies do not insure against losses incurred on private lands within its boundaries.

**Economic Conditions and Changes in Development Plans**

The successful development of Assessment Area 4 and the sale of residential units therein, once such homes are built, may be affected by unforeseen changes in general economic conditions, fluctuations in the real estate market and other factors beyond the control of the Landowners. Moreover, the Landowners have the right to modify or change plans for development of the Development from time to time, including, without limitation, land use changes, changes in the overall land and phasing plans, and changes to the type, mix, size and number of units to be developed, and may seek in the future, in accordance with and subject to the provisions of the Act, to contract or expand the boundaries of the District.

**Other Taxes and Assessments**

The willingness and/or ability of an owner of benefited land to pay the 2023A Assessments could be affected by the existence of other taxes and assessments imposed upon such property by the District, the County or any other local special purpose or general purpose governmental entities. County, school, special district taxes and special assessments, and voter-approved ad valorem taxes levied to pay principal of and interest on debt, including the 2023A Assessments, collected pursuant to the Uniform Method are payable at one time. Public entities whose boundaries overlap those of the District could, without the consent of the owners of the land within the District, impose additional taxes on the property within the District. The District anticipates imposing operation and maintenance assessments encumbering the same property encumbered by the 2023A Assessments. In addition, lands within the District may also be subject to assessments by property owners' and homeowners' associations. See "THE DEVELOPMENT – Taxes, Fees and Assessments" herein for additional information.

Under Florida law, a landowner may contest the assessed valuation determined for its property that forms the basis of ad-valorem taxes such landowner must pay. During this contest period, the sale of a tax certificate under the Uniform Method will be suspended. If the 2023A Assessments are being collected along with ad valorem taxes pursuant to the Uniform Method, tax certificates will not be sold with respect
to such 2023A Assessment, even though the landowner is not contesting the amount of the 2023A Assessment. However, Section 194.014, Florida Statutes, requires taxpayers challenging the assessed value of their property to pay all non-ad valorem assessments and at least 75% of their ad valorem taxes before they become delinquent. Likewise, taxpayers who challenge the denial of an exemption or classification or a determination that their improvements were substantially complete must pay all non-ad valorem assessments and the amount of ad valorem taxes that they admit in good faith to be owing. If a taxpayer fails to pay property taxes as set forth above, the Value Adjustment Board considering the taxpayer's challenge is required to deny such petition by written decision by April 20 of such year.

**Limited Secondary Market for 2023A Bonds**

The 2023A Bonds may not constitute a liquid investment, and there is no assurance that a liquid secondary market will exist for the 2023A Bonds in the event an Owner thereof determines to solicit purchasers for the 2023A Bonds. Even if a liquid secondary market exists, there can be no assurance as to the price for which the 2023A Bonds may be sold. Such price may be lower than that paid by the current Owners of the 2023A Bonds, depending on the progress of development of the Development and the lands within Assessment Area 4, as applicable, existing real estate and financial market conditions and other factors.

**Inadequacy of Reserve Account**

Some of the risk factors discussed herein, which, if materialized, would result in a delay in the collection of the 2023A Assessments, may not adversely affect the timely payment of debt service on the 2023A Bonds because of the 2023A Reserve Account. The ability of the 2023A Reserve Account to fund deficiencies caused by delinquencies in the 2023A Assessments is dependent on the amount, duration and frequency of such deficiencies. Moneys on deposit in the 2023A Reserve Account may be invested in certain obligations permitted under the Indenture. Fluctuations in interest rates and other market factors could affect the amount of moneys in the 2023A Reserve Account to make up deficiencies. If the District has difficulty in collecting the 2023A Assessments, the 2023A Reserve Account would be rapidly depleted and the ability of the District to pay debt service on the 2023A Bonds could be materially adversely affected. In addition, during an Event of Default under the Indenture, the Trustee may withdraw moneys from the 2023A Reserve Account and such other Funds, Accounts and subaccounts created under the Indenture to pay its extraordinary fees and expenses incurred in connection with such Event of Default. If in fact the 2023A Reserve Account is accessed for any purpose, the District does not have a designated revenue source for replenishing such account. Moreover, the District may not be permitted to re-assess real property then burdened by the 2023A Assessments in order to provide for the replenishment of the 2023A Reserve Account. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS – Reserve Account" herein for more information about the 2023A Reserve Account.

**Legal Delays**

If the District should commence a foreclosure action against a landowner for nonpayment of 2023A Assessments that are not being collected pursuant to the Uniform Method, such landowner and/or its mortgagee(s) may raise affirmative defenses to such foreclosure action. Although the District expects that such affirmative defenses would likely be proven to be without merit, they could result in delays in completing the foreclosure action. In addition, the District is required under the Indenture to fund the costs of such foreclosure. It is possible that the District will not have sufficient funds and will be compelled to request the Holders of the 2023A Bonds to allow funds on deposit under the Indenture to be used to pay the costs of the foreclosure action. Under the Code (as defined herein), there are limitations on the amounts of proceeds from the 2023A Bonds that can be used for such purpose.
IRS Examination and Audit Risk

The Internal Revenue Service (the "IRS") routinely examines bonds issued by state and local governments, including bonds issued by community development districts. In 2016, the IRS concluded its lengthy examination of certain issues of bonds (for purposes of this subsection, the "Audited Bonds") issued by Village Center Community Development District (the "Village Center CDD"). During the course of the audit of the Audited Bonds, Village Center CDD received a ruling dated May 30, 2013, in the form of a non-precedential technical advice memorandum ("TAM") concluding that Village Center CDD is not a political subdivision for purposes of Section 103(a) of the Code because Village Center CDD was organized and operated to perpetuate private control and avoid indefinitely responsibility to an electorate, either directly or through another elected state or local government body. Such a conclusion could lead to the further conclusion that the interest on the Audited Bonds was not excludable from gross income of the owners of such bonds for federal income tax purposes. Village Center CDD received a second TAM dated June 17, 2015, which granted relief to Village Center CDD from retroactive application of the IRS's conclusion regarding its failure to qualify as a political subdivision. Prior to the conclusion of the audits, the Audited Bonds were all refunded with taxable bonds. The audit of the Audited Bonds that were issued for utility improvements were closed without change to the tax exempt status of those Audited Bonds on April 25, 2016, and the audit of the remainder of the Audited Bonds (which funded recreational amenity acquisitions from entities related to the principal landowner in the Village Center CDD) was closed on July 14, 2016, without the IRS making a final determination that the interest on the Audited Bonds in question was required to be included in gross income. However, the IRS letter to the Village Center CDD with respect to this second set of Audited Bonds noted that the IRS found that the Village Center CDD was not a "proper issuer of tax-exempt bonds" and that those Audited Bonds were private-activity bonds that did not fall in any of the categories that qualify for tax-exemption. Although the TAMs and the letters to the Village Center CDD from the IRS referred to above are addressed to, and binding only on, the IRS and Village Center CDD in connection with the Audited Bonds, they reflect the audit position of the IRS, and there can be no assurance that the IRS would not commence additional audits of bonds issued by other community development districts raising issues similar to the issues raised in the case of the Audited Bonds based on the analysis set forth in the first TAM or on the related concerns addressed in the July 14, 2016 letter to the Village Center CDD.

On February 23, 2016, the IRS published proposed regulations designed to provide prospective guidance with respect to potential private business control of issuers by providing a new definition of political subdivision for purposes of determining whether an entity is an appropriate issuer of bonds the interest on which is excluded from gross income for federal tax purposes. The proposed regulations required that a political subdivision (i) have the power to exercise at least one sovereign power, (ii) be formed and operated for a governmental purpose, and (iii) have a governing body controlled by or have significant uses of its funds or assets otherwise controlled by a government unit with all three sovereign powers or by an electorate that is not controlled by an unreasonably small number of unrelated electors. On October 4, 2017, the Treasury Department ("Treasury") announced that it would withdraw the proposed regulations, stating that, "while Treasury and the IRS continue to study the legal issues relating to political subdivisions, Treasury and the IRS currently believe that these proposed regulations should be withdrawn in their entirety, and plan to publish a withdrawal of the proposed regulations shortly in the Federal Register. Treasury and the IRS may propose more targeted guidance in the future after further study of the relevant legal issues." Notice of withdrawal of the proposed regulations was published in the Federal Register on October 20, 2017.

It has been reported that the IRS has closed audits of other community development districts in the State with no change to such districts' bonds' tax-exempt status, but has advised such districts that such districts must have public electors within the timeframe established by the applicable state law or their bonds may be determined to be taxable retroactive to the date of issuance. Pursuant to the Act, general
elections are not held until the later of six years from the date of establishment of the community development district or the time at which there are at least 250 qualified electors in the district. The District, unlike Village Center CDD, was formed with the intent that it will contain a sufficient number of residents to allow for a transition to control by a general electorate. Currently, all of the members of the Board of the District were elected by qualified electors. There can be no assurance that an audit by the IRS of the 2023A Bonds will not be commenced. The District has no reason to believe that any such audit will be commenced, or that any such audit, if commenced, would result in a conclusion of noncompliance with any applicable State or federal law.

Owners of the 2023A Bonds are advised that, if the IRS does audit the 2023A Bonds, under its current procedures, at least during the early stages of an audit, the IRS will treat the District as the taxpayer, and the Owners of the 2023A Bonds may have limited rights to participate in those proceedings. The commencement of such an audit could adversely affect the market value and liquidity of the 2023A Bonds until the audit is concluded, regardless of the ultimate outcome. In addition, in the event of an adverse determination by the IRS with respect to the tax-exempt status of interest on the 2023A Bonds, it is unlikely the District will have available revenues to enable it to contest such determination or enter into a voluntary financial settlement with the IRS. Further, an adverse determination by the IRS with respect to the tax-exempt status of interest on the 2023A Bonds would adversely affect the availability of any secondary market for the 2023A Bonds. Should interest on the 2023A Bonds become includable in gross income for federal income tax purposes, not only will Owners of 2023A Bonds be required to pay income taxes on the interest received on such 2023A Bonds and related penalties, but because the interest rate on such 2023A Bonds will not be adequate to compensate Owners of the 2023A Bonds for the income taxes due on such interest, the value of the 2023A Bonds may decline.

Loss of Exemption from Securities Registration

The 2023A Bonds have not been and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws, because of the exemption for securities issued by political subdivisions. It is possible that federal or state regulatory authorities could in the future determine that the District is not a political subdivision for purposes of federal and state securities laws, including without limitation as the result of a determination by the IRS, judicial or otherwise, of the District's status for purposes of the Code. In such event, the District and purchasers of 2023A Bonds may not be able to rely on the exemption from registration under the Securities Act relating to securities issued by political subdivisions. In that event, the Owners of the 2023A Bonds would need to ensure that subsequent transfers of the 2023A Bonds are made pursuant to a transaction that is not subject to the registration requirements of the Securities Act and applicable state securities laws.

Federal Tax Reform

Various legislative proposals are mentioned from time to time by members of Congress of the United States of America and others concerning reform of the internal revenue (tax) laws of the United States. In addition, the IRS may, in the future, issue rulings that have the effect of challenging the
interpretation of existing tax laws. Certain of these proposals and interpretations, if implemented or upheld, could have the effect of diminishing the value of obligations of states and their political subdivisions, such as the 2023A Bonds, by eliminating or changing the tax-exempt status of interest on such bonds. Whether any such proposals will ultimately become or be upheld as law, and if so, the effect such proposals could have upon the value of bonds such as the 2023A Bonds cannot be predicted. However, it is possible that any such law or interpretation could have a material and adverse effect upon the availability of a liquid secondary market and/or the value of the 2023A Bonds. Prospective purchasers of the 2023A Bonds should consult their tax advisors as to the impact of any proposed or pending legislation. See also "TAX MATTERS" herein.

State Tax Reform

It is impossible to predict what new proposals may be presented regarding tax reform and/or community development districts during upcoming legislative sessions, whether such new proposals or any previous proposals regarding the same will be adopted by the Florida Senate and House of Representatives and signed by the Governor, and, if adopted, the form thereof. On October 31, 2014, the Auditor General of the State released a 31-page report which requests legislative action to establish parameters on the amount of bonds a community development district may issue and provide additional oversight for community development district bonds. This report renewed requests made by the Auditor General in 2011 that led to the Governor of the State issuing an Executive Order on January 11, 2012 (the "Executive Order") directing the Office of Policy and Budget in the Executive Office of the Governor ("OPB") to examine the role of special districts in the State. As of the date hereof, the OPB has not made any recommendations pursuant to the Executive Order nor has the Florida legislature passed any related legislation. It is impossible to predict with certainty the impact that any existing or future legislation will or may have on the security for the 2023A Bonds. It should be noted that Section 190.16(14) of the Act provides in pertinent part that "The state pledges to the holders of any bonds issued under the Act that it will not limit or alter the rights of the district to levy and collect the … assessments… and to fulfill the terms of any agreement made with the holders of such bonds … and that it will not impair the rights or remedies of such holders."

Insufficient Resources or Other Factors Causing Failure to Complete Development

The cost to finish the 2023A Project will exceed the net proceeds from the 2023A Bonds. There can be no assurance, in the event the District does not have sufficient moneys on hand to complete the 2023A Project, that the District will be able to raise, through the issuance of additional bonds or otherwise, the moneys necessary to complete the 2023A Project. Further, the Indenture sets forth certain limitations on the issuance of additional bonds. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS – Additional Obligations" for more information.

Although the Landowners will agree to fund or cause to be funded the completion of the 2023A Project regardless of the insufficiency of proceeds from the 2023A Bonds and will enter into a completion agreement with the District as evidence thereof, there can be no assurance that the Landowners will have sufficient resources to do so. Such obligation of the Landowners is an unsecured obligation, and the Landowners are special-purpose entities whose assets consist primarily of their respective interest in the Development. See "THE LANDOWNERS" herein for more information.

Further, there is a possibility that, even if Assessment Area 4 is developed, the Builders may not close on all or any of the lots therein, and such failure to close could negatively impact the construction of homes in Assessment Area 4. The Builder Contracts may also be terminated by the Builders upon the occurrence or failure to occur of certain conditions set forth therein. See "THE DEVELOPMENT – Builder Contracts" herein for more information about the Builders and the Builder Contracts.
COVID-19 and Related Matters

In addition to the general economic conditions discussed above, the timely and successful completion of the development of Assessment Area 4, the purchase of lots therein by the Builders and the construction and sale to purchasers of residential units may be adversely impacted by the continued spread of the novel strain of coronavirus called COVID-19 or by other highly contagious or epidemic or pandemic diseases. The United States, the State and the County have all previously imposed certain health and public safety restrictions in response to COVID-19 in the past. The District cannot predict whether new actions may be taken by government authorities in the future to contain or otherwise address the impact of the COVID-19 or similar outbreak.

To date, the outbreak has resulted in severe impacts on global financial markets, unemployment levels and commerce generally. The District and the Landowners cannot predict the duration of the current COVID-19 outbreak, and the ultimate impact the COVID-19 outbreak may have on the Development is unknown. It is possible that delays in lot purchases by the Builders, construction delays, delays in the receipt of permits or other government approvals, supply chain delays, increased costs, delays in sales to end users or other delays could occur, or continue to occur, as applicable, as a result of the COVID-19 outbreak or other highly contagious or epidemic or pandemic diseases that adversely impact the Development. See also "BONDOWNERS' RISKS – Economic Conditions and Changes in Development Plans" and "Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

Cybersecurity

The District relies on a technological environment to conduct its operations. The District, its agents and other third parties the District does business with or otherwise relies upon are subject to cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to such parties' digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. No assurances can be given that any such attack(s) will not materially impact the operations or finances of the District, which could impact the timely payment of debt service on the 2023A Bonds.

Prepayment and Redemption Risk

In addition to being subject to optional and mandatory sinking fund redemptions, the 2023A Bonds are subject to extraordinary mandatory redemption, including, without limitation, as a result of prepayments of the 2023A Assessments by the Landowners or subsequent owners of the property within Assessment Area 4. Any such redemptions of the 2023A Bonds would be at the principal amount of such 2023A Bonds being redeemed plus accrued interest to the date of redemption. In such event, owners of the 2023A Bonds may not realize their anticipated rate of return on the 2023A Bonds and owners of any Premium Bonds (as defined herein) may receive less than the price they paid for the 2023A Bonds. See "DESCRIPTION OF THE 2023A BONDS – Redemption Provisions," "Purchase of 2023A Bonds" and "SECURITY FOR AND SOURCE OF PAYMENT OF THE 2023A BONDS – Prepayment of 2023A Assessments" herein for more information.

Payment of 2023A Assessments after Bank Foreclosure

In the event a bank forecloses on property because of a default on a mortgage in favor of such bank on any of the assessable lands within the District, and then the bank itself fails, the Federal Deposit Insurance Corporation (the "FDIC"), as receiver, will then become the fee owner of such property. In such event, the FDIC will not, pursuant to its own rules and regulations, likely be liable to pay the 2023A Assessments levied on such property. In addition, the District would require the consent of the FDIC prior to commencing a foreclosure action.

THE DISTRICT

General Information

The District was established pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and pursuant to Chapter 42YY-1, Florida Administrative Code, implemented by the Florida Land and Water Adjudicatory Commission, effective on April 21, 2005, as amended by Rule 42YY-1.002, effective July 20, 2006. The boundaries of the District include approximately 1,958 gross acres of land (the "District Lands"), located approximately one-half mile south of Palm Beach Boulevard (State Road 80) and six miles east of Buckingham Road and Interstate 75, in an unincorporated portion of Lee County, Florida. The District Lands are being developed as a residential development known as "River Hall" (the "Development"). See "THE DEVELOPMENT" herein for more information.

Legal Powers and Authority

The District is an independent unit of local government created pursuant to, and established in accordance with, the Act. The Act was enacted in 1980 to provide a uniform method for the establishment of independent districts to manage and finance basic community development services, including capital infrastructure required for community developments throughout the State of Florida. The Act provides legal authority for community development districts (such as the District) to finance the acquisition, construction, operation and maintenance of the major infrastructure for community development pursuant to its general law charter. The District is classified as an independent district under Chapter 189, Florida Statutes.

Among other provisions, the Act gives the District's Board of Supervisors the authority to, among other things, (a) plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for, among other things: (i) water management and control for lands within the District and to connect any of such facilities with roads and bridges; (ii) water supply, sewer and wastewater management, reclamation and reuse systems or any combination thereof and to construct and operate connecting intercept or outlet sewers and sewer mains and pipes and water mains, conduits, or pipelines in, along, and under any street, alley, highway, or other public place or ways, and to dispose of any effluent, residue, or other byproducts of such system or sewer system; (iii) District roads equal to or exceeding the specifications of the county in which such District roads are located and street lights, landscaping, hardscaping and undergrounding of electric utility lines; and (iv) with the consent of the local general-purpose government within the jurisdiction of which the power is to be exercised, parks and facilities for indoor and outdoor recreational uses and security; (b) borrow money and issue bonds of the District; (c) impose and foreclose special assessments liens as provided in the Act; and (d) exercise all other powers, necessary, convenient, incidental or proper in connection with any of the powers or duties of the District stated in the Act.

The Act does not empower the District to adopt and enforce any land use plans or zoning ordinances and the Act does not empower the District to grant building permits; these functions are to be performed by general purpose local governments having jurisdiction over the lands within the District.

The Act exempts all property owned by the District from levy and sale by virtue of an execution and from judgment liens, but does not limit the right of any bondholders to pursue any remedy for enforcement of any lien or pledge of the District in connection with its bonds, including the 2023A Bonds.

Board of Supervisors

The governing body of the District is its Board of Supervisors (the "Board"), which is composed of five Supervisors (the "Supervisors"). Landowner elections are held every two years in November.
Generally stated, at each landowner election, each landowner is entitled to cast one vote for each acre of land owned with fractions thereof rounded upward to the nearest whole number, or one vote per platted lot. All of the current Supervisors were elected by qualified electors of the District. A "qualified elector" in this instance is any person at least eighteen (18) years of age who is a citizen of the United States, a legal resident of Florida and of the District, and who is also registered to vote with the Supervisor of Elections for the County. Any candidate elected through a "qualified elector" election receives a four year term.

The current members of the Board and the expiration of the term of each member are set forth below:

A majority of the members of the Board constitutes a quorum for the purposes of conducting its business and exercising its powers and for all other purposes. Action taken by the District shall be upon a vote of a majority of the members present unless general law or a rule of the District requires a greater number. All meetings of the Board are open to the public under Florida's open meeting or "Sunshine" law.

The District Manager and Other Consultants

The chief administrative official of the District is the District Manager (as hereinafter defined). The Act provides that a district manager has charge and supervision of the works of the District and is responsible for preserving and maintaining any improvement or facility constructed or erected pursuant to the provisions of the Act, for maintaining and operating the equipment owned by the District, and for performing such other duties as may be prescribed by the Board.

The District has retained Wrathell, Hunt & Associates, LLC, Boca Raton, Florida, to serve as its district manager ("District Manager"). The District Manager's office is located at 2300 Glades Rd., Ste. #410W, Boca Raton, Florida 33431.

The Act further authorizes the Board to hire such employees and agents as it deems necessary. Thus, the District has employed the services of Akerman LLP, Jacksonville, Florida, as Bond Counsel; and Coleman, Yovanovich & Koester, P.A., Naples, Florida, as District Counsel. The Board has also retained the District Manager to serve as Methodology Consultant and prepare the Assessment Methodology and to serve as Dissemination Agent for the 2023A Bonds. Barraco and Associates, Inc., Fort Myers, Florida, is serving as Project Engineer with respect to the 2023A Project.

Outstanding Bond Indebtedness and Prior Bond Defaults

The District previously issued its River Hall Community Development District Capital Improvement Revenue Bonds, Series 2005 (the "2005 Bonds") in the aggregate principal amount of $26,485,000. The 2005 Bonds were secured by the 2005 Assessments, which were levied on the District Lands benefitted by the Original Project (as defined herein), a portion of which 2005 Assessments became delinquent (the "Delinquent Lands") due the failure of prior landowner(s) to timely pay such 2005 Assessments. As a result of these delinquencies, the District defaulted on the 2005 Bonds. The Delinquent Lands were subsequently acquired by an affiliate of the Landowners, RH Venture I (as defined herein), and the District entered into a restructuring agreement with RH Venture I.
Pursuant to the restructuring, the District issued its Capital Improvement Revenue Bonds, Series 2011A-1, in the original principal amount of $12,505,000 (the "2011A-1 Bonds") and its Capital Improvement Revenue Bonds, Series 2011A-2, in the original principal amount of $13,860,000 (the "2011A-2 Bonds and, together with the 2011A-1 Bonds, the "2011 Bonds") in exchange for the then Outstanding 2005 Bonds. Following the exchange, the 2011A-1 Bonds were secured by the 2011A-1 Assessments levied on the District Lands that were not Delinquent Lands, and the 2011A-2 Bonds were secured by the 2011A-2 Assessments levied on the Delinquent Lands. In 2014, the District was late in making a payment of principal and interest with respect to the 2011A-2 Bonds. The payment was subsequently made, and the 2011A-2 Bonds were brought current.

On September 16, 2021, the District issued its $9,065,000 Capital Improvement Refunding Revenue Bonds, Series 2021A-1 (the "2021A-1 Bonds") to refund the 2011A-1 Bonds and its $9,930,000 Capital Improvement Refunding Revenue Bonds, Series 2021A-2 (the "2021A-2 Bonds" and, together with the 2021A-1 Bonds, the "2021A Bonds") to refund the 2011A-2 Bonds. As of October 29, 2023, the 2021A Bonds were outstanding in the principal amount of $16,925,000.

Following the refunding, the 2021A-1 Bonds are secured by the 2021A-1 Assessments (formerly the 2011A-1 Assessments) levied on the District Lands that are not Delinquent Lands. The District Lands subject to the 2021A-1 Assessments are separate and distinct from the District Lands that will be subject to the 2023A Assessments securing the 2023A Bonds. The 2021A-2 Bonds are secured by the 2012A-2 Assessments (formerly the 2011A-2 Assessments) levied on the Delinquent Lands. Prior to issuance of the 2023A Bonds, the Landowners will prepay all of the 2021A-2 Assessments levied on that portion of the Delinquent Lands that has been designated as Assessment Area 4, which are the lands that will be subject to the 2023A Assessments securing the 2023A Bonds, in the principal amount of $1,622,236.48, together with interest accrued thereon through the redemption date. Thereafter, the lands in Assessment Area 4 will no longer be subject to assessments securing the 2021A-2 Bonds. The portion of the 2021A-2 Bonds secured by 2021A-2 Assessments levied on lands outside of Assessment Area 4, which are separate and distinct from the District Lands that will be subject to the 2023A Assessments securing the 2023A Bonds, will remain outstanding.

The District also previously issued its Capital Improvement Revenue Bonds, Series 2020A (Assessment Area 3) (the "2020A Bonds") in the aggregate principal amount of $7,410,000, of which $7,115,000 was outstanding as of October 29, 2023. The District Lands subject to the 2020A Assessments are separate and distinct from the District Lands that will be subject to the 2023A Assessments securing the 2023A Bonds.
THE CAPITAL IMPROVEMENT PLAN AND THE 2023A PROJECT

General

The District previously issued its 2005 Bonds to finance a portion of the public infrastructure improvements associated with prior phases of development of the District Lands (the "Original CIP"). The Original CIP was anticipated to be constructed in five phases. The Original CIP in Phases I and II is complete, and portions of the Original CIP for Phases III and IV have been installed, with construction ongoing.

Assessment Area 4 corresponds to (i) Hampton Lakes Phase 4, which is planned to contain 195 single-family lots, and (ii) additional improvements to four existing parcels within River Hall Country Club consisting of Parcels C, H, Z, and K2. See "APPENDIX C: ENGINEER’S REPORT" for more information.

2023A Project

Barraco and Associates, Inc. (the "Project Engineer") prepared a report entitled "Supplement #2 to the River Hall Community Development District Engineer's Report Dated October 25, 2005 and Supplement #1 Dated November 15, 2019 Revised July 2, 2020," dated July 25, 2023, as may be further amended and supplemented from time to time (the "Engineer's Report"). The Engineer's Report contains updates on the status of the Original CIP and describes the improvements to be constructed in Assessment Area 4.

The Engineer's Report sets forth certain public infrastructure improvements, including without limitation, onsite and offsite improvements, surface water management system, sanitary sewer system, water distribution system, and related professional fees relating to the development of the lands designated as Assessment Area 4 and is planned to contain 311 residential lots (the "2023A Project"). The Project Engineer estimates the cost of the 2023A Project to be approximately $11,293,200, as follows:

Land development of Assessment Area 4 has commenced and is being constructed in phases. See "THE DEVELOPMENT – Development Plan / Status." The net proceeds of the 2023A Bonds available to fund the 2023A Project will be approximately $6.6 million* and such proceeds will be used by the District towards the funding and/or acquisition of the 2023A Project. The Landowners will enter into a completion agreement that will obligate the Landowners to pay for and/or complete any portions of the 2023A Project not funded with proceeds of the 2023A Bonds. See "BONDOWNERS’ RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" herein for more information.

The District anticipates issuing additional bonds to finance public infrastructure associated with the remaining lands within the District at a later time. Such bonds will be secured by lands that are separate and distinct from the lands within Assessment Area 4 securing the 2023A Bonds. See "SECURITY FOR

AND SOURCE OF PAYMENT OF THE 2023A BONDS – Additional Obligations" herein for more information.

The Project Engineer has indicated that all engineering permits necessary to construct the 2023A Project that are set forth in the Engineer's Report have been obtained or will be obtained in the ordinary course of business. In addition to the Engineer's Report, please refer to "THE DEVELOPMENT – Development Approvals" for a more detailed description of the entitlement and permitting status of the Development. See "APPENDIX C: ENGINEER'S REPORT" for more information regarding the above improvements.

ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS

The Assessment Area 4 Supplemental Special Assessment Methodology Report dated September 26, 2023 (the "Assessment Methodology"), which describes the methodology for allocation of the 2023A Assessments to lands within Assessment Area 4 of the District, has been prepared by Wrathell, Hunt & Associates, LLC, Boca Raton, Florida (the "Methodology Consultant"). See "EXPERTS" herein for more information. The Assessment Methodology is included herein as APPENDIX D. Once the final terms of the 2023A Bonds are determined, the Assessment Methodology will be amended to reflect such final terms. Once levied and imposed, the 2023A Assessments are a first lien on the land against which assessed until paid or barred by operation of law, co-equal with other non-federal taxes and assessments levied by the District and other units of government. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein.

The land within Assessment Area 4 is currently subject to the 2021A-2 Assessments. Prior to the issuance of the 2023A Bonds, the Landowners will prepay the portion of the 2021A-2 Assessments levied on the lands in Assessment Area 4 in the amount of approximately $1,706,628.

As set forth in the Assessment Methodology, the 2023A Assessments are initially levied on approximately 129 gross acres within Assessment Area 4 until such time as lots are platted. Once platted, the assessments will be assigned to the platted lots in Assessment Area 4 in accordance with the Assessment Methodology. Assuming that all of the planned 311 residential units are developed and platted, then the estimated annual 2023A Assessment levels and the estimated par per unit is expected to be as follows. **This amount includes a gross up to account for early payment discounts and County collection fees.

The Assessment Methodology sets forth a "true-up mechanism," which provides that the debt per lot/unit remaining on the unplatted land is never allowed to increase above its maximum debt per lot/unit level. If the debt per lot/unit remaining on unplatted land increases above the maximum debt per lot/unit level, a debt reduction payment would be made by the Landowners so that the maximum debt per lot/unit level is not breached. This debt reduction payment would result in the extraordinary mandatory redemption of a portion of the 2023A Bonds. The Landowners will enter into a True-up Agreement in connection with their obligations to pay true-up payments in the event that the debt per lot/unit remaining on unplatted land increases above the maximum debt per unit level. See "THE DEVELOPMENT – Landowners' Agreements" herein and "APPENDIX D: ASSESSMENT METHODOLOGY" hereto for additional information.

The information appearing below under the captions "THE DEVELOPMENT" and "THE LANDOWNERS" has been furnished by the Landowners for inclusion in this Limited Offering Memorandum and, although believed to be reliable, such information has not been independently verified by Bond Counsel, the District or its counsel, or the Underwriter or its counsel, and no persons other than the Landowners make any representation or warranty as to the accuracy or completeness of such information supplied by them. The following information is provided by the Landowners as a means for the prospective bondholders to understand the anticipated development plan and risks associated with the Development. The Landowners are not guaranteeing payment of the 2023A Bonds or the 2023A Assessments.

THE DEVELOPMENT

General

The District Lands are being developed as River Hall (the "Development"), an approximately 1,958-acre Residential and Commercial Planned Development (RPD/CPD) located within unincorporated Lee County, Florida. The Development is located approximately one-half mile south of Palm Beach Boulevard (State Road 80) and six miles east of Interstate 75. At buildout, the Development is expected to contain approximately 2,695 residential units.* As of September 30, 2023, approximately 1,595 homes have been constructed and sold to homebuyers.

The Development contains three separate and distinct residential communities:

- Cascades – Cascades is an age-restricted community being developed by Pinnacle. D.R. Horton is the builder. There are approximately 570 planned homes within Cascades, and approximately 568 have been built and sold to homebuyers as of September 30, 2023.

- River Hall Country Club – River Hall Country Club is a golf course development being developed by the Landowners. Pulte, Pinnacle and Lennar Homes are builders within River Hall Country Club. Approximately 1,000 units are planned for development within River Hall Country Club, with approximately 395 units built and sold to homebuyers as of September 30, 2023. Year to date 2023 home sales have averaged approximately 10 sales per month, and home prices for units sold in 2023 have ranged from approximately $375,000 to $815,000. River Hall Country Club contains Parcels C, H, Z and K2, which constitute a portion of Assessment Area 4. Lennar Homes is under contract to buy 43 of the 116 planned lots within such parcels, and Pulte is under contract to buy the remaining 73 planned lots.

- Hampton Lakes – Hampton Lakes is a single-family residential community within the Development that is being marketed to both retirees and second-home buyers. Hampton Lakes is planned to contain approximately 1,000 units, with approximately 632 homes built and sold as of September 30, 2023. In calendar year 2022 and through September 30, 2023, approximately 125 homes and 89 homes, respectively, were sold. Home sales in 2023 have averaged approximately 9 sales per month, and home prices for units has ranged from approximately $355,000 to $610,000. See "Residential Product Offerings" herein for

* Includes development approvals for lots that are not currently reflected in the unit totals for the three communities being developed within the District Lands as described herein, which will be determined at a future time. The Landowners have applied for an amendment to the comprehensive plan to increase the total approved density for the Development to 3,242 units; however, such amendment does not impact the development of the lands within Assessment Area 4.
more information. Pulte and Lennar Homes are the builders at Hampton Lakes, and their current lot supply is approaching completion. Lennar Homes is under contract to buy 130 of the 195 planned lots in Hampton Lakes Phase 4, which is a portion of the land area constituting Assessment Area 4, and Pulte is under contract to purchase the remaining 65 planned lots therein. See "–Builder Contracts" herein for more information.

Separate assessment areas have been created to facilitate the District's financing program for the remaining undeveloped land in the Development. Assessment Area 4 contains approximately 129 gross acres and corresponds to (i) the project area known Hampton Lakes Phase 4, which is planned to contain 195 residential lots and (ii) four existing parcels within River Hall Country Club consisting of Parcels C, H, Z, and K2. Net proceeds of the 2023A Bonds will provide funds to install a portion of the infrastructure associated with Assessment Area 4.

Set forth below is an aerial photograph showing the three residential communities within the Development, including the parcels comprised within Assessment Area 4.
RH Venture II, LLC, a Florida limited liability company ("RH Venture II") and RH Venture III, LLC, a Florida limited liability company ("RH Venture III" and, together with RH Venture II, the "Landowners"), own the land within Assessment Area 4. The District will install the infrastructure associated with Assessment Area 4, and the Landowners will sell developed lots to homebuilders who will construct and market homes for sale to homebuyers. See "THE LANDOWNERS" herein for more information. The Landowners have entered into contracts with Lennar Homes for the sale of 173 developed lots within Assessment Area 4 in a series of takedowns and with Pulte for the sale of 138 developed lots within Assessment Area 4 in a series of takedowns. See "–Builder Contracts" herein.

The target market for homebuyers within the Development is primarily retirees and second-home buyers. Starting home prices are expected to range from approximately $360,000 to approximately $430,000. See "–Residential Product Offerings" herein.

Land Acquisition and Finance Plan

The Landowners' affiliate, RH Venture I, LLC, a Florida limited liability company ("RH Venture I"), acquired a portion of the lands within the District in a distressed acquisition on October 19, 2010 for approximately $550,000, subject to past due taxes and District bond debt assessments. In May 2011, RH Venture I restructured its ownership interest and conveyed the lands within Assessment Area 4 to the Landowners. There are currently no mortgages on the lands within the District.

The Landowners estimate that the costs to complete Assessment Area 4 will be approximately $11.3 million. As of October 2023, approximately $3.0 million has been spent on development of Assessment Area 4. The net proceeds of the 2023A Bonds available to fund the 2023A Project will be approximately $6.6 million.* Costs not funded by the 2023A Bonds will be funded by the Landowners with land sale proceeds and equity. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

Development Plan / Status

Assessment Area 4 consists of five separate parcels of land, the development of which will be phased as follows.

Hampton Lakes Phase 4. Hampton Lakes Phase 4 is planned for 195 single-family homes on 50' lots. Land development for Hampton Lakes Phase 4 commenced in October 2023 and will be sub-phased. Development of Phase I, planned for 13 lots, is expected to be complete in the first quarter of 2024. Development of Phase II, planned for 114 lots, is expected to be complete in the third quarter of 2024. Development of Phase III, planned for 68 lots, is expected to be complete in the first quarter of 2025. A plat for the 195 lots planned for Hampton Lakes Phase 4 is expected to be recorded by February 2024. RH Venture II has entered into contracts with Lennar Homes and Pulte for all 195 lots planned within Hampton Lakes Phase 4. Builder closings are expected to occur in a series of takedowns beginning upon development completion.

Parcel C. River Hall Country Club Parcel C is planned for 22 single-family homes on 55' lots. Land development for Parcel C commenced in May 2023 and is expected to be completed by February 2024. A plat for the 22 lots planned for Parcel C is expected to be recorded by January 2024. The Landowners have entered into a contract with Pulte for the purchase of all 22 lots planned for Parcel C in a single closing upon development completion.

* Preliminary, subject to change.
Parcel Z. River Hall Country Club Parcel Z is planned for 18 single-family homes on 55' lots. Land development for Parcel Z commenced in May 2023 and is expected to be completed by March 2024. A plat for the 18 lots planned for Parcel Z is expected to be recorded by January 2024. The Landowners have entered into a contract with Pulte for the purchase of all 18 lots planned for Parcel Z in a single closing upon development completion.

Parcel H. River Hall Country Club Parcel H is planned to contain 33 single-family homes on 70' lots. Land development for Parcel H commenced in May 2023 and is expected to be completed by February 2024. A replat for the 33 lots currently planned for Parcel H is expected to be recorded by February 2024. The Landowners have entered into a contract with Pulte for the purchase of all 33 lots planned for Parcel H in a single closing upon development completion.

Parcel K2. River Hall Country Club Parcel K2 is platted to contain 43 single-family homes 70' lots. Land development for the 43 lots in Parcel K2 commenced in March 2023 and is expected to be completed by November 2023. RH Venture III has entered into a contract with Lennar Homes for all 43 lots planned within Parcel K2, with lot closings expected to occur in a series of takedowns beginning upon development completion.

The Landowners will deliver lots within Assessment Area 4 to the Builders as development within the respective parcels is completed, at which point sales and vertical construction will commence, with the first lot deliveries expected to begin in December 2023. Closings with homebuyers within Assessment Area 4 are expected to commence by the second quarter of 2024.

The Landowners anticipate that homes in Assessment Area 4 will be sold to end users at the pace of approximately 140 units per annum until expected buildout. This anticipated absorption is based upon estimates and assumptions made by the Landowners that are inherently uncertain, though considered reasonable by the Landowners, and are subject to significant business, economic, and competitive uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the control of the Landowners. As a result, there can be no assurance such absorption rate will occur or be realized in the time frame anticipated.

**Builder Contracts**

The Landowners have entered into contracts (the "Builder Contracts") with (i) Lennar Homes, LLC, a Florida limited liability company ("Lennar Homes"), for the purchase of 173 lots within Assessment Area 4, and (ii) Pulte Home Company, LLC, a Michigan limited liability company ("Pulte"), for the purchase of the remaining 138 lots planned within Assessment Area 4. Both Lennar Homes and Pulte are currently builders in Hampton Lakes and River Hall Country Club and are nearing completion of the lot supply they currently own and/or are under contract to purchase within prior phases of Hampton Lakes. Development Approvals

The lands within the Development, including the lands within Assessment Area 4, are zoned to allow for the contemplated residential uses described herein. The Landowners have received environmental resource permits from the South Florida Water Management District ("SFWMD") for all of the land within Assessment Area 4; provided however that the Landowner has applied for a major modification to its permit relating to Hampton Lakes Phase 4, which application has been deemed complete by the SFWMD. Construction has commenced under the existing permits. In addition, the Landowner is awaiting utility permits for Hampton Lakes Phase 4, which are expected to be received in the ordinary course. The District Engineer has certified that all permits for the 2023A Project have been received by jurisdictional agencies to allow for the development contemplated herein or are reasonably expected to be received in the ordinary course. See "BONDOWNERS' RISKS – Regulatory and Environmental Risks" herein and "APPENDIX C: ENGINEER'S REPORT" hereto for more information.

Environmental

An environmental site assessment dated July 18, 2023 was received with respect to an approximately 230-acre parcel, which includes the land within Hampton Lakes Phase 4 (the "Hampton Lakes East ESA"). The Hampton Lakes East ESA did not reveal the presence of any recognized environmental conditions ("RECs") in connection with the subject property. In addition, an environmental site assessment dated July 2023 was received with respect to Parcels C, H, K2 and Z (the "Country Club Parcels ESA"). The Country Club Parcels ESA likewise did not reveal the presence of any RECS in connection with the subject property. See "BONDOWNERS' RISK – Regulatory and Environmental Risks" herein for more information regarding potential environmental risks.
Amenities

The Development contains an approximately 11-acre community amenity site known as the "Town Hall," with an approximately 14,000-square foot clubhouse, a resort-style swimming pool, fitness center, various recreation fields and courts (collectively, the "Amenity"), and an 18-hole golf course with club and cart barn facilities (the "Golf Course"). All residents of Hampton Lakes and River Hall Country Club are members of the Town Hall Amenities Center Association, Inc., a Florida non-profit corporation ("Town Hall Association"), that operates the Amenity. Currently, the Amenity is owned by an affiliate of Landowners, RH Venture THC, LLC, a Florida limited liability company. In the future, the Amenity will be conveyed to the Town Hall Association. The Golf Course is currently owned by an affiliate of Landowners, RH Golf, LLC, a Florida limited liability company. In the future, the Golf Course will be conveyed to the River Hall Country Club Homeowners' Association, Inc., a Florida not-for-profit corporation ("River Hall Country Club"), the homeowners' association as to the lots within the River Hall Country Club portion of the Development.

Utilities

Potable water, wastewater treatment and reclaimed wastewater (reuse services) for the Development are expected to be provided by Lee County Utilities, Florida. Electric power is expected to be provided by Florida Power & Light Company. All utility services are available to the property.

Taxes, Fees and Assessments

As set forth in the Assessment Methodology, the 2023A Assessments are initially levied on approximately 129 gross acres within Assessment Area 4 until such time as lots are platted. Once platted, the assessments will be assigned to the platted lots in Assessment Area 4 in accordance with the Assessment Methodology. Assuming that all of the planned 311 residential units are developed and platted, then the estimated annual 2023A Assessment levels and the estimated par per unit is expected to be as follows. *Preliminary, subject to change.
**This amount includes a gross up to account for early payment discounts and County collection fees.

The District levies assessments to cover its operation and maintenance costs, which vary by lot size and are subject to change annually. The 2023 operation and maintenance assessments are: $238.94 per 50' lot annually, $262.57 per 55' lot annually and $333.48 per 70' unit annually. In addition, residents will be required to pay homeowners' association fees, which vary by lot size and are subject to change. Homeowners within the Hampton Lakes portion of the Development are members of the Hampton Lakes at River Hall Homeowners' Association (the "Hampton Lakes Association") and the Town Hall Association and pay fees to each association which vary in amount based on lot size and are subject to change. Homeowners within River Hall Country Club/Country Club East are members of River Hall Country Club at River Hall Homeowners' Association, and pay fees which vary in amount based on lot size and are subject to change. Currently, for homeowners with 50' lots, the Hampton Lakes Association annual fee is $1,740.20,
and the Town Hall Association annual fee is $900.00. Homeowners with 55' lots in River Hall Country Club have an annual Association fee of $8,825.56, and the Town Hall Association annual fee is $900.00.

The land within the District has been and is expected to continue to be subject to taxes and assessments imposed by taxing authorities other than the District. The total millage rate imposed on taxable properties in the District for the 2022 tax year was approximately 13.4718 mills. These taxes would be payable in addition to the 2023A Assessments and any other assessments levied by the District, which amount is subject to change. In addition, exclusive of voter approved millages levied for general obligation bonds, as to which no limit applies, the County and the School District of Lee County, Florida may each levy ad valorem taxes upon the land in the District. The District has no control over the level of ad valorem taxes and/or special assessments levied by other taxing authorities. It is possible that in future years taxes levied by these other entities could be substantially higher than in the current year.

Education

The public schools for children residing in the Development are expected to be River Hall Elementary School, Alva Middle School and Riverdale High School, which are located adjacent to the Development and approximately 8 miles and 1.6 miles away from the Development, respectively, and which were rated C, B and C, respectively, by the Florida Department of Education in 2022. The Lee County School Board may change school boundaries from time to time and there is no requirement that students residing in the Development be permitted to attend the schools which are closest to the Development.

Competition

The following communities have been identified by the Landowners as being competitive with the Development, because of their proximity to the Development, price ranges and product types: Portico and Babcock Ranch.

The information under this heading does not purport to summarize all of the existing or planned communities in the area of the Development, but rather provide a description of those that the Developer feels pose primary competition to the Development.

Landowners' Agreements

As previously noted, the Landowners will enter into a completion agreement that will obligate the Landowners to complete any portions of the 2023A Project not funded with proceeds of the 2023A Bonds.

In addition, the Landowners will execute and deliver to the District a Collateral Assignment and Assumption of Development Rights (the "Collateral Assignment"), pursuant to which the Landowners will collaterally assign to the District, to the extent assignable and to the extent that they are solely owned or controlled by the Landowners, development rights relating the 2023A Project. Notwithstanding such Collateral Assignment, in the event the District forecloses on the lands subject to the 2023A Assessments as a result of the Landowners' or subsequent landowners' failure to pay such assessments, there is a risk that the District will not have all permits and entitlements necessary to complete the 2023A Project.

The Landowners will also enter into a True-Up Agreement in connection with their obligations to pay true-up payments in the event that debt levels remaining on unplatted lands in Assessment Area 4 increase above the maximum debt levels set forth in the Assessment Methodology. See "APPENDIX D: ASSESSMENT METHODOLOGY" herein for additional information regarding the "true-up mechanism."
Such obligations of the Landowners are unsecured obligations. The Landowners are special-purpose entities whose assets consist primarily of their respective interests in the Development. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" and "THE LANDOWNERS" herein for more information regarding the Landowners.

THE LANDOWNERS

All of the land subject to the 2023A Assessments is owned by RH Venture II, LLC, and RH Venture III, both Florida limited liability companies (the "Landowners"). Each of the Landowners is wholly-owned by River Hall Investment Group, LLC, a Delaware limited liability company ("RHIG"). The members of RHIG are River Hall Recovery Acquisition, LLC, a Delaware limited liability company, and RH Venture I, LLC, a Florida limited liability company ("RH Venture I"), which is also the manager of the Landowners.

RH Venture I is wholly owned by GreenPointe Ventures, LLC, a Delaware limited liability company ("GreenPointe Ventures"). GreenPointe Holdings LLC, a Florida limited liability company ("GreenPointe"), is the majority owner of GreenPointe Ventures.

GreenPointe Holdings was founded by Edward E. Burr in 2008 with a charge to create livable communities of lasting value that fit the needs of today's homebuyers. Prior to leading GreenPointe Holdings, Burr founded the LandMar Group, LLC in 1987 and led the company's creation of master-planned, award-winning communities in Florida and coastal Georgia. Under his leadership, LandMar acquired, designed, entitled and developed more than 30 master-planned communities and developments. GreenPointe and each of its divisions are led by veterans of land and community development, homebuilding, lifestyle and amenities management, equity and debt financing, and infrastructure development. The GreenPointe team's collective experience includes raising and investing more than $800 million to develop 100,000 acres of land, build 80,000 home sites and construct 30,000 homes. GreenPointe and its partners own fifteen (15) Florida communities and developments totaling approximately 20,000 lots and several hundred acres of land entitled for multi-family residential, retail and office use.

None of the entities listed above are guaranteeing the payment of the 2023A Bonds or 2023A Assessments. None of the entities listed herein, other than the Landowners, has entered into any agreements in connection with the issuance of the 2023A Bonds.

TAX MATTERS

General

The Internal Revenue Code of 1986, as amended (the "Code") establishes certain requirements which must be met subsequent to the issuance and delivery of the 2023A Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause the interest on the 2023A Bonds to be included in gross income for federal income tax purposes retroactive to the date of issue of the 2023A Bonds. The District has covenanted in the Indenture to comply with each such requirement.

In the opinion of Akerman LLP, Bond Counsel, the proposed form of which is included as APPENDIX B hereto, assuming continuing compliance with certain covenants by the District and the accuracy of certain representations of the District, under existing statutes, regulations, published rulings, and judicial decisions, interest on the 2023A Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax; however, such interest is taken into account in determining the "adjusted financial statement income" (as defined in Section 56A of the Code) of "applicable corporations" (as defined in Section 59 of the Code) for the
purposes of computing the alternative minimum tax imposed on such corporations for tax years beginning after December 31, 2022.

The opinion on federal tax matters will be based on and will assume the accuracy of certain representations and certifications and compliance with certain covenants of the District to be contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the 2023A Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of these certifications and representations.

Bond Counsel's opinions are based on existing law, which is subject to change. Moreover, Bond Counsel's opinions are not a guarantee of a particular result, and are not binding on the Internal Revenue Service ("IRS") or the courts; rather, such opinions represent Bond Counsel's professional judgment based on its review of existing law, and in reliance on the representations and covenants that it deems relevant to such opinions.

The IRS has established an on-going program to audit tax-exempt obligations to determine whether interest on such obligations is includible in gross income for federal income tax purposes. Bond Counsel cannot predict whether the IRS will commence an audit of the 2023A Bonds. Owners of the 2023A Bonds are advised that, if the IRS does audit the 2023A Bonds, under current IRS procedures, at least during the early stages of an audit, the IRS will treat the District as the taxpayer, and the owners of the 2023A Bonds may have limited rights to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the 2023A Bonds until the audit is concluded, regardless of the ultimate outcome.

Collateral Tax Consequences

Prospective purchasers of the 2023A Bonds should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the 2023A Bonds, may have additional federal income tax consequences for certain taxpayers, including, without limitation, recipients of certain Social Security and certain Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, and certain S corporations.

Bond Counsel expresses no opinion regarding any federal tax consequences other than its opinion with regard to the exclusion of interest on the 2023A Bonds from gross income pursuant to Section 103 of the Code and the treatment of interest for purposes of the federal alternative minimum tax. Prospective purchasers of the 2023A Bonds should consult their tax advisors with respect to all other tax consequences (including, but not limited to, those listed above) of holding the 2023A Bonds. Prospective purchasers of the 2023A Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

Other Tax Matters

In the opinion of Bond Counsel, interest on the 2023A Bonds is exempt from taxation under the existing laws of the State of Florida, except as to estate taxes and taxes imposed under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined in said Chapter 220, Florida Statutes.

Interest on the 2023A Bonds may be subject to state or local income taxation under applicable state or local laws in other jurisdictions. Purchasers of the 2023A Bonds should consult their tax advisors as to the income tax status of interest on the 2023A Bonds, in their particular state or local jurisdictions.
During recent years, legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the 2023A Bonds. In some cases these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar in nature to the 2023A Bonds. From time to time, legislative proposals may be introduced which could have an effect on both the federal tax consequences resulting from the ownership of the 2023A Bonds and their market value. No assurance can be given that any such legislative proposals, if enacted, would not apply to, or would not have an adverse effect upon, the 2023A Bonds. Prospective purchasers of the 2023A Bonds should consult their tax advisors as to the impact of any pending or proposed legislation. Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance of the 2023A Bonds may affect the tax status of interest on the 2023A Bonds.

Original Issue Discount

Under the Code, the difference between the maturity amount of the 2023A Bonds maturing on ________ (the "Discount Bonds"), and the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of the Discount Bonds of the same maturity and if applicable, interest rate, was sold is "original issue discount." For federal income tax purposes, original issue discount will accrue over the term of the Discount Bonds at a constant interest rate compounded on each interest payment date (or over a shorter permitted compounding interval selected by the Owner). A purchaser who acquires the Discount Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he or she holds the Discount Bonds subject to the same considerations discussed above and will increase his or her adjusted basis in the Discount Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or disposition of the Discount Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of the Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Bondholders of the Discount Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, redemption or other disposition of the Discount Bonds and with respect to the state and local tax consequences of owning and disposing of the Discount Bonds.

Information Reporting and Backup Withholding

Interest paid on tax-exempt bonds such as the 2023A Bonds is subject to information reporting to the Internal Revenue Service Interest paid on tax-exempt bonds such as the 2023A Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the 2023A Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of 2023A Bonds, under certain circumstances, to "backup withholding" at the rate specified in the Code with respect to payments on the 2023A Bonds and proceeds from the sale of 2023A Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of 2023A Bonds. This withholding generally applies if the owner of 2023A Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the 2023A Bonds may also wish to consult with their tax
advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

AGREEMENT BY THE STATE

Under the Act, the State of Florida pledges to the holders of any bonds issued thereunder, including the 2023A Bonds, that it will not limit or alter the rights of the District to own, acquire, construct, reconstruct, improve, maintain, operate or furnish the projects subject to the Act or to levy and collect taxes, assessments, rentals, rates, fees, and other charges provided for in the Act and to fulfill the terms of any agreement made with the holders of such bonds and that it will not in any way impair the rights or remedies of such holders.

LEGALITY FOR INVESTMENT

The Act provides that the 2023A Bonds issued by community development districts are legal investments for savings banks, banks, trust companies, insurance companies, executors, administrators, trustees, guardians, and other fiduciaries, and for any board, body, agency, instrumentality, county, municipality or other political subdivision of the State, and constitute securities that may be deposited by banks or trust companies as security for deposits of state, county, municipal or other public funds, or by insurance companies as required or voluntary statutory deposits.

SUITABILITY FOR INVESTMENT

In accordance with applicable provisions of Florida law, the 2023A Bonds may initially be sold by the District only to "accredited investors" within the meaning of Chapter 517, Florida Statutes and the rules promulgated thereunder. The limitation of the initial offering to accredited investors does not denote restrictions on transfers in any secondary market for the 2023A Bonds. Investment in the 2023A Bonds poses certain economic risks. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or make any representations, other than those contained in this Limited Offering Memorandum, and, if given or made, such other information or representations must not be relied upon as having been authorized by either of the foregoing.

ENFORCEABILITY OF REMEDIES

The remedies available to the Owners of the 2023A Bonds upon an event of default under the Indenture are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including the federal bankruptcy code, the remedies specified by the Indenture and the 2023A Bonds may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the 2023A Bonds will be qualified as to the enforceability of the remedies provided in the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery.

LITIGATION

The District

There is no litigation of any nature now pending or, to the knowledge of the District threatened, seeking to restrain or enjoin the issuance, sale, execution or delivery of the 2023A Bonds, or in any way contesting or affecting (i) the validity of the 2023A Bonds or any proceedings of the District taken with respect to the issuance or sale thereof, (ii) the pledge or application of any moneys or security provided for
the payment of the 2023A Bonds, (iii) the existence or powers of the District or (iv) the validity of the Assessment Proceedings.

The Landowners

The Landowners have represented that there is no litigation of any nature now pending or, to the knowledge of the Landowners, threatened, which could reasonably be expected to have a material and adverse effect upon the completion of the 2023A Project or the development of the lands in Assessment Area 4 of the District as described herein, materially and adversely affect the ability of the Landowners to pay the 2023A Assessments imposed against the land within Assessment Area 4 of the District owned by the respective Landowners or materially and adversely affect the ability of the Landowners to perform their various obligations described in this Limited Offering Memorandum.

CONTINGENT FEES

The District has retained Bond Counsel, District Counsel, the Project Engineer, the District Manager/Methodology Consultant, the Underwriter (who has retained Underwriter's Counsel) and the Trustee (which has retained Trustee's counsel), with respect to the authorization, sale, execution and delivery of the 2023A Bonds. Except for the payment of certain fees to District Counsel, the Project Engineer and the District Manager, the payment of fees of the other professionals is each contingent upon the issuance of the 2023A Bonds.

NO RATING

No application for a rating for the 2023A Bonds has been made to any rating agency, nor is there any reason to believe that an investment grade rating for the 2023A Bonds would have been obtained if application had been made.

EXPERTS

The Engineer's Report attached as APPENDIX C to this Limited Offering Memorandum has been prepared by Barraco and Associates, Inc., Fort Myers, Florida, the Project Engineer. APPENDIX C should be read in its entirety for complete information with respect to the subjects discussed therein. Wrathell, Hunt & Associates, LLC, Boca Raton, Florida, as Methodology Consultant, has prepared the Assessment Methodology set forth as APPENDIX D attached hereto. APPENDIX D should be read in its entirety for complete information with respect to the subjects discussed therein. As a condition to closing on the 2023A Bonds, both the Project Engineer and the Methodology Consultant will consent to the inclusion of their reports in this Limited Offering Memorandum.

FINANCIAL INFORMATION

This District will covenant in the Continuing Disclosure Agreement, the proposed form of which is set forth in APPENDIX F attached hereto, to provide its annual audited financial statements to certain information repositories as described in APPENDIX F, commencing with the audit for the District fiscal year ending September 30, 2023. Attached hereto as APPENDIX E are copies of the District's audited financial statements for the District's fiscal years ended September 30, 2022, and September 30, 2021, as well as a copy of the District's unaudited monthly financial statements for the period ended September 30, 2023. Two years of audited financial statements have been included as required by Florida Administrative Rule 69W-400.003(h) due to the District's previous default on the payment of principal and interest on its Prior Bonds. See "THE DISTRICT – Outstanding Indebtedness and Prior Bonds Defaults" herein. The audited financial statements, including the auditor's report including therein, have been included in this
Limited Offering Memorandum as publicly available documents and consent from the auditor was not requested. Further, the auditors have not performed any services related to, and therefore are not associated with, the preparation of this Limited Offering Memorandum. The 2023A Bonds are not general obligation bonds of the District and are payable solely from the 2023A Pledged Revenues.

Beginning October 1, 2015, or by the end of the first full fiscal year after its creation, each community development district in Florida must have a separate website with certain information as set forth in Section 189.069, F.S., including, without limitation, the district's proposed and final budgets and audit. Additional information regarding the District's website is available from the District Manager at the address set forth under "THE DISTRICT – The District Manager and Other Consultants."

**DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS**

Section 517.051, Florida Statutes, and the regulations promulgated thereunder requires that the District make a full and fair disclosure of any bonds or other debt obligations that it has issued or guaranteed and that are or have been in default as to principal or interest at any time after December 31, 1975 (including bonds or other debt obligations for which it has served only as a conduit issuer such as industrial development or private activity bonds issued on behalf of private business). The District previously defaulted or was late on certain payments of principal and interest with respect to the 2005 Bonds and the 2011A-2 Bonds. See "THE DISTRICT – Outstanding Indebtedness and Prior Bond Defaults" herein for more information.

**CONTINUING DISCLOSURE**

The District and the Landowners will enter into the Continuing Disclosure Agreement (the "Disclosure Agreement"), the proposed form of which is set forth in the attached APPENDIX F, for the benefit of the 2023A Bondholders (including owners of beneficial interests in such Bonds) to provide certain financial information and operating data relating to the District and Assessment Area Three and Assessment Area 4 by certain dates prescribed in the Disclosure Agreement (the "Reports") with the Municipal Securities Rulemaking Board ("MSRB") through the MSRB's Electronic Municipal Market Access system ("EMMA"). The specific nature of the information to be contained in the Reports is set forth in "APPENDIX F: PROPOSED FORM OF CONTINUING DISCLOSURE AGREEMENT." Under certain circumstances, the failure of the District or the Landowners or any other future obligated party to comply with their obligations under the Disclosure Agreement constitutes an event of default thereunder. Such a default will not constitute an event of default under the Indenture, but such event of default under the Disclosure Agreement would allow the 2023A Bondholders (including owners of beneficial interests in such Bonds) to bring an action for specific performance.

The District has previously entered into a continuing disclosure undertaking pursuant to Rule 15c2-12, promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"), with respect to its 2005 Bonds, 2011 Bonds, 2020A Bonds and 2021A Bonds. A review of filings made pursuant to such prior undertakings indicates that certain filings were not timely made and that notice of such late filings was not timely provided.

RH Venture II has previously entered into a continuing disclosure undertaking pursuant to the Rule, with respect to the District's 2020A Bonds. A review of filings made pursuant to such prior undertaking indicates that certain filings required to be made by RH Venture II were not correctly filed and that corrective filings were not always timely filed. RH Venture III has not previously entered into any continuing disclosure undertakings pursuant to the Rule.
The District and the Landowners fully anticipate satisfying all future disclosure obligations required pursuant to the Disclosure Agreement and the Rule. The District will appoint Wrathell, Hunt & Associates, LLC (the "Dissemination Agent"), as dissemination agent under the Disclosure Agreement for the 2023A Bonds.

UNDERWRITING

FMSbonds, Inc. (the "Underwriter") has agreed, pursuant to a contract with the District, subject to certain conditions, to purchase the 2023A Bonds from the District at a purchase price of $________ (par amount of the 2023A Bonds, less [an original issue discount of $________ and an] Underwriter's discount of $_______). The Underwriter's obligations are subject to certain conditions precedent and the Underwriter will be obligated to purchase all of the 2023A Bonds if any 2023A Bonds are purchased.

The Underwriter intends to offer the 2023A Bonds to accredited investors at the offering prices set forth on the cover page of this Limited Offering Memorandum, which may subsequently change without prior notice. The 2023A Bonds may be offered and sold to certain dealers, banks and others at prices lower than the initial offering prices, and such initial offering prices may be changed from time to time by the Underwriter.

VALIDATION

Bonds issued pursuant to the terms of the Master Indenture have been validated by a judgment of the Circuit Court of the Twentieth Judicial Circuit Court of Florida in and for the County, rendered on August 29, 2005. The period of time during which an appeal can be taken from such judgment has expired without an appeal having been taken.

ARTICLE III
REDEMPTION OF BONDS

Section 301. Redemption Generally. The Bonds of any Series shall be subject to redemption, either in whole or in part on any Interest Payment Date, and at such times, in the manner and at such prices, as may be provided by the Supplemental Indenture authorizing the issuance of such Series of Bonds. The District shall provide written notice to the Trustee of any optional redemption on or before the forty-fifth (45th) day next preceding the date to be fixed for such optional redemption.

Unless otherwise provided in the Supplemental Indenture relating to a Series of Bonds, if less than all of the Bonds of any one maturity of a Series shall be called for redemption, the particular Bonds of a Series to be redeemed shall be selected by lot in such reasonable manner as the Bond Registrar in its discretion may determine. The portion of any Series of Bonds to be called shall be in an Authorized Denomination and, in selecting the Bonds of such Series to be redeemed, the Bond Registrar shall treat each such Bond as representing that number of Bonds of such Series which is obtained by dividing the principal amount of such Bond by an Authorized Denomination. The Bonds of a Series to be redeemed shall be selected by lot in such reasonable manner as the Bond Registrar in its discretion may determine.

If it is determined that one or more, but not all, of the units of principal amount represented by any such Bond is to be called for redemption, then upon notice of intention to redeem such unit or units of principal amount as provided below, the registered Owner of such Bond, upon surrender of such Bond to the Paying Agent for payment to such registered Owner of the redemption price of the unit or units of principal amount called for redemption, shall be entitled to receive a new Bond or Bonds of such Series in the aggregate principal amount of the unredeemed balance of the principal amount of such Bond. The Bonds of such Series representing the unredeemed balance of the principal amount shall be issued to the Owner thereof without any change thereafter. If the Owner of any Bond of a denomination less than the unit of principal amount to be redeemed shall fail to present such Bond to the Paying Agent for payment in exchange as aforesaid, such Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the units or units of principal amount called for redemption.

Subject to the provisions of Section 506(b) hereof, the District may purchase a Bond or Bonds of a Series in the open market at a price no higher than the highest redemption price (excluding premium) for the Bond to be so purchased with any funds legally available therefor and any such Bonds so purchased shall be credited to the amounts otherwise required to be deposited for the payment of Bonds of such Series as provided in Section 506(b) hereof or as otherwise provided in the Supplemental Indenture relating to such Series.

Section 302. Notice of Redemption: Procedure for Selection. The District shall establish each redemption date, other than in the case of a mandatory redemption, in which case the Trustee shall establish the redemption date, and the District and the Trustee, as the case may be, shall notify the Bond Registrar in writing of such redemption date on or before the forty-fifth (45th) day next preceding the date fixed for redemption, which notice shall set forth the terms of the redemption and the aggregate principal amount of Bonds so to be redeemed. Except as provided below, notice of redemption shall be given by the Bond Registrar not less than thirty (30) nor more than forty-five (45) days prior to the date fixed for redemption by first-class mail, postage prepaid, to any Paying Agent for the Bonds to be redeemed and to the registered Owner of each Bond to be redeemed, at the address of such registered Owner on the registration books maintained by the Bond Registrar and, for any Owner of $1,000,000 or more in the aggregate principal amount of Bonds, to one additional address if requested by such registered Owner.

Any required notice or redemption also shall be sent by registered or certified mail at such address to any Owner who has not submitted his Bond to the Paying Agent for payment on or before the date sixty (60) days following the date fixed for redemption of such Bond, in each case stating: (i) the numbers of the Bonds to be redeemed, by giving the individual certificate number of each Bond to be redeemed (or stating that all Bonds between two stated certificate numbers, both inclusive, are to be redeemed or that all of the Bonds of one or more maturities have been called for redemption); (ii) the CUSIP numbers of all Bonds being redeemed; (iii) the date of issue of each Bond as originally issued and the complete official name of the Bonds including the series designation; (iv) the rate or rates of interest borne by each Bond being redeemed; (v) the maturity date of each Bond being redeemed; (vi) the place or places where amounts due upon such redemption will be payable; and (vii) the notice date, redemption date, and redemption price. The notice shall require that such Bonds be surrendered at the designated corporate trust office of the Paying Agent for redemption at the redemption price and shall state that further interest on such Bonds will accrue from and after the redemption date. CUSIP number identification with appropriate dollar amounts for each CUSIP number also shall accompany all redemption payments.

Any required notice or redemption also shall be sent by registered mail, overnight delivery service, telecopy or other secure means, postage prepaid, to any Owner of $1,000,000 or more in aggregate principal amount of Bonds to be redeemed, to certain municipal registered securities depositories in accordance with the then-current guidelines of the Securities and Exchange Commission which are known to the Bond Registrar to be holding Bonds thirty-two (32) days prior to the redemption date and to at least two of the national Information Services that disseminate securities redemption notices in accordance with the then-current guidelines of the Securities and Exchange Commission, when possible, at least thirty (30) days prior to the redemption date; provided that neither failure to send or receive any such notice nor any defect in any notice so mailed shall affect the sufficiency of the proceedings for the redemption of such Bonds.

Failure to give notice by mailing to the Owner of any Bond designated for redemption or to any depository or information service shall not affect the validity of the proceedings for the redemption of any other Bond.

Section 303. Effect of Calling for Redemption. On the date designated for redemption of any Bonds, notice having been filed and mailed in the manner provided above, the Bonds called for redemption shall be due and payable at the redemption price provided for the redemption of such Bonds on such date and, moneys for payment of the redemption price being held in a separate account by the Paying Agent in trust for the Owners of the Bonds to be redeemed, interest on the Bonds called for redemption shall cease to be entitled to any benefit under this Master Indenture, and the Owners of such Bonds shall have no rights in respect thereof, except to receive payment of the redemption price thereof, and interest, if any, accrued thereto to the redemption date, and such Bonds shall no longer be deemed to be Outstanding.

Section 304. Cancellation. Bonds called for redemption shall be canceled upon the surrender thereof.

Section 509. Deficiencies and Surpluses in Funds. For purposes of this Section, (a) a "deficiency" shall mean, in the case of a Series Reserve Account, that the amount so deposited therein is less than the Series Reserve Account Requirement but only after the Bond Year in which the amount on deposit therein is less than the Series Reserve Account Requirement (but only after the Bond Year in which the amount on deposit therein first is less than the Series Reserve Account Requirement), and (b) a "surplus" shall mean in the case of a Series Reserve Account, that the amount on deposit therein is in excess of the Series Reserve Account Requirement.

At the time of any withdrawal from a Series Reserve Account that results in a deficiency therein, the Trustee shall promptly notify the District of the amount of any such deficiency and the Trustee shall withdraw the amount of such deficiency from the related Series Revenue Account, and, if amounts insufficient therefor, the District shall pay the amount of such deficiency to the Trustee, for deposit in such Series Reserve Account, from the first legally available sources of the District.

The Trustee, as of the close of business on the last Business Day in each Bond Year, after taking into account all payments and transfers made as of such date, shall compute, in the manner set forth in Section 506(d), the value of the Series Reserve Account and shall promptly notify the District of the amount of any deficiency or surplus as of such date in such Series Reserve Account. The District shall immediately pay the amount of any deficiency to the Trustee, for deposit in the Series Reserve Account, from any legally available sources of the District. The Trustee, as soon as practicable after such computation, shall deposit any surplus, at the direction of an Authorized Officer, to the credit of the Series Redemption Account or the Series Principal Account.

Any loss resulting from such investment shall be charged to such Fund or Account. The foregoing notwithstanding, for purposes of investment and to the extent permitted by law, amounts on deposit in any Fund or Account may be commingled for purposes of investment, provided such amounts are utilized in a manner calculated to ensure the maximum possible earnings on investments.

(d) Valuation. In computing the value of the assets of any Fund or Account, investments and earnings thereof shall be deemed a part thereof. For the purpose of determining the amount on deposit to the credit of any Fund or Account established hereunder, with the exception of a Series Revenue Account, obligations in which money in such Fund or Account shall have been invested shall be valued at the market value or the amortized cost thereof, whichever is lower, or at the redemption price thereof, to the extent that any such obligation is then redeemable at the option of the holder. For the purpose of determining the amount on deposit to the credit of a Series Reserve Account, obligations in which money in such Account shall have been invested shall be valued at par, if purchased at par, or at amortized cost, if purchased at other than par, plus, in each case, accrued interest. (b) if as of the last date on which amounts on deposit in the Series Reserve Account were valued by the Trustee there was a deficiency (as defined in Section 509 above) in the Series Reserve Account, or if after such date withdrawals have been made from the Series Reserve Account and have created such a deficiency, then earnings on investments in the Series Reserve Account shall be deposited to the credit of the Series Reserve Account until the amount on deposit therein equals the Series Reserve Account Requirement and thereafter shall be deposited to the Series Reserve Account.

Section 511. Cancellation of the Bonds. All Bonds paid, redeemed or purchased, either at or before maturity, shall be canceled upon the payment, redemption or purchase of such Bonds. ARTICLE VI
CONCERNING THE TRUSTEE

Section 601. Acceptance of Trust. The Trustee accepts and agrees to execute the trusts hereby created, but only upon the additional terms set forth in this Article, to all of which the parties hereto and the Owners agree. The Trustee shall have only those duties expressly set forth herein, and no duties shall be implied against the Trustee.

Section 602. No Responsibility for Recitals. The recitals, statements and representations in this Trust Indenture, in any Supplemental Indenture or in the Bonds, even if the Trustee’s authentication certificate, if any, upon the Bonds, have been made by the District and not by the Trustee; and the Trustee shall be under no responsibility for the correctness thereof.

Section 603. Trustee May Act Through Agents; Answerable Only for Willful Misdemeanor or Gross Negligence. The Trustee may execute any powers hereunder and perform any duties required of it through attorneys, agents, officers or employees, and shall be entitled to advice of counsel concerning all questions hereunder, and the Trustee shall not be answerable for the default or misconduct of any attorney, agent or employee selected by it with reasonable care. In performance of its duties hereunder, the Trustee may rely on the advice of counsel and shall not be held liable for actions taken in reliance on the advice of counsel. The Trustee shall not be answerable for the exercise of any discretion or power under this Master Indenture or any Supplemental Indenture nor for anything whatever in connection with the trust hereunder, except only its own gross negligence or willful misconduct.

Section 604. Compensation and Indemnity. The Trustee shall pay the Trustee reasonable compensation for its services hereunder, and all its reasonable expenses and disbursements, including the reasonable fees and expenses of Trustee’s counsel, and to the extent permitted under Florida law shall indemnify the Trustee and hold the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder except with respect to its own negligence or misconduct. The Trustee shall have no duty in connection with its responsibilities hereunder to advance its own funds nor shall the Trustee have any duty to take any action hereunder without first having received indemnification satisfactory to it. If the District defaults in respect of the foregoing obligations, the Trustee may deduct the amount owing to it from any moneys received by the Trustee under this Master Indenture or any Supplemental Indenture and payable to the District other than moneys from a Credit Facility or a Liquidity Facility. This provision shall survive termination of this Master Indenture and any Supplemental Indenture, and as to any Trustee, its resignation or removal thereof. As security for the foregoing, the District hereby grants to the Trustee a security interest in and to the amounts of deposit in all Series Funds and Accounts (other than the Rebate Fund) thereby, in effect, granting the Trustee a first charge against these moneys following an Event of Default for its fees and expenses (including legal counsel and default administration costs and expenses), subordinate and inferior to the security interest granted to the Owners of the Bonds from time to time secured thereby, but nevertheless payable in the order of priority as set forth in Section 905(a) upon the occurrence of an Event of Default.

Section 605. No Duty to Renew Insurance. The Trustee shall be under no duty to effect or to renew any insurance policy nor shall it incur any liability for the failure of the Trustee to require or effect or renew insurance or to report or file claims of loss thereunder.

Section 606. Notice of Default; Right to Investigate. The Trustee shall give written notice, as soon as practicable, by first-class mail to registered Owners of Bonds of all defaults of which the Trustee has actual knowledge, unless such defaults have been remedied (the term “defaults” for purposes of this Section and Section 607 being defined to include the events specified as “Events of Default” in Section 902 hereof, but not including any notice or periods of grace provided for therein) or the Trustee based upon the advice of counsel upon which the Trustee is entitled to rely, determines that the giving of such notice is not in the best interests of the Owners of the Bonds. The Trustee will not be deemed to have actual knowledge of any payment default under this Master Indenture or under any Supplemental Indenture and, after receipt of written notice thereof by a Credit Facility issuer or a Liquidity Facility issuer of a default under its respective reimbursement agreement, but shall not be deemed to have actual knowledge of any other default unless notified in writing of such default by the Owners of at least 25% in aggregate principal amount of the Outstanding Bonds. The Trustee may, however, at any time require the Trustee to provide such information and advice as the Trustee may need as to the performance of any covenant hereunder, and if it is not forthwith, the Trustee may make or cause to be made, at the expense of the District, an investigation into the affairs of the District.

Section 607. Obligation to Act on Default. Before taking any action under this Master Indenture or any Supplemental Indenture in respect of an Event of Default, the Trustee may require that a satisfactory indemnity bond be furnished for the reimbursement of all expenses to which it may be put and to protect it against all liability, except liability resulting from its own gross negligence or willful misconduct in connection with any such action.

Section 608. Reliance by Trustee. The Trustee may act in any requisition, resolution, notice, telegram, request, consent, waiver, certificate, statement, affidavit, voucher, bond, or other paper or document or telephone message which it in good faith believes to be genuine and to have been passed, signed or given by the proper persons or to have been prepared and furnished pursuant to any of the provisions of this Master Indenture or any Supplemental Indenture; and the Trustee shall be under no duty to make any investigation as to any statement contained in any such instrument, but may accept the same as conclusive evidence of the accuracy of such statement.

Section 609. Trustee May Deal in Bonds. The Trustee may in good faith buy, sell, own, hold and deal in any of the Bonds and may in any action which any Owners may be entitled to take with like effect as if the Trustee were not a party to this Master Indenture or any Supplemental Indenture. The Trustee may also engage in or be interested in any financial or other transactions with the District.

Section 610. Construction of Ambiguous Provision. The Trustee may construe any provision of this Master Indenture or any Supplemental Indenture and any construction by the Trustee shall be binding upon the Owners. The Trustee shall give prompt written notice to the District of any intention to construe such provision.

Section 611. Resignation of Trustee. The Trustee may resign and may be discharged of the trusts created by this Master Indenture by written resignation filed with the Secretary of the District not less than sixty (60) days before the date when such resignation is to take effect; provided that notice of such resignation shall be sent by first-class mail to each Owner as its name and address appears on the Bond Register, and to the office of the Trustee, and the District shall appoint a successor and trustee in due course. If the Trustee shall resign, the District shall appoint a successor and trustee in due course. Any resignation shall take effect immediately upon the appointment of such successor Trustee, provided, however, that the Trustee may, by notice to the District, extend the period of sixty (60) days provided for in this Section for the appointment of a successor Trustee for up to sixty (60) days after the date of such resignation.

Section 612. Removal of Trustee. Any Trustee hereunder may be removed at any time by an instrument appointing a successor to the Trustee so removed, executed by the Owners of a majority in aggregate principal amount of all Bonds then Outstanding and filed with the Trustee and the District.

The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or failing to act or proceed in accordance with, the provisions of this Master Indenture or any Supplemental Indenture with respect to the duties and obligations of the Trustee, by any court of competent jurisdiction upon the application of the District or the Owners of not less than 20% in aggregate principal amount of the Bonds then Outstanding.

Section 613. Appointment of Successor Trustee. If the Trustee or any successor Trustee resigns or is removed or dies, or if its property or business is taken under the control of any state or federal court or administrative body, a vacancy shall forthwith exist in the office of the Trustee, and the District shall appoint a successor and shall mail notice of such appointment by first-class mail to each Owner as its name and address appears on the Bond Register, and to the Paying Agent, Bond Registrar, any Credit Facility issuer and any Liquidity Facility issuer; provided, however, that no successor Trustee shall be appointed under the District shall have received the prior written consent, which consent shall not be unreasonably withheld, of
Section 614. Qualification of Successor Trustee. A successor Trustee shall be a bank with trust powers or a bank or trust company with trust powers, having a combined net capital and surplus of at least $50,000,000, and in no event shall the successor Trustee ever be the Credit Facility issuer or Liquidity Facility issuer.

Section 615. Instruments of Succession. Any successor Trustee shall execute, acknowledge and deliver to the District an instrument accepting such appointment hereunder; and thereupon such successor Trustee, without any further act, deed, or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessor in trust hereunder, with like effect as if originally named Trustee herein. After withholding from the funds on hand any amounts owed to itself hereunder, the Trustee ceasing to act hereunder shall pay over to the successor Trustee all moneys held by it hereunder, and the Trustee ceasing to act and the District shall execute and deliver an instrument or instruments transferring to the successor Trustee all the estates, properties, rights, powers and trusts hereunder of the Trustee ceasing to act except for the rights granted under Section 614 hereof.

Any corporation into which any Paying Agent or Bond Registrar hereunder may be merged or with which it may be consolidated, or any corporation resulting from any merger or consolidation to which any Paying Agent or Bond Registrar hereunder may be merged, shall be the successor Paying Agent or Bond Registrar appointed hereunder.

Section 617. Resignation of Paying Agent or Bond Registrar. The Paying Agent or Bond Registrar may resign and be discharged of the duties created by this Master Indenture by executing an instrument in writing resigning such duties and specifying the date when such resignation shall take effect, and filing the same with the District and the Trustee not less than sixty (60) days before the date specified in such instrument, unless a successor Paying Agent or Bond Registrar is previously appointed in which event such resignation shall take effect immediately upon the appointment of such successor Paying Agent or Bond Registrar. If the successor Paying Agent or Bond Registrar shall not have been appointed within a period of sixty (60) days following the giving of notice, then the Trustee may appoint a successor Paying Agent or Bond Registrar as provided in Section 615 hereof.

Section 618. Removal of Paying Agent or Bond Registrar. The Paying Agent or Bond Registrar may be removed at any time prior to any Event of Default by the District by filing with the Paying Agent or Bond Registrar a notice of removal, and with the Trustee, an instrument or instruments in writing executed by an Authorized Officer appointing a successor. Removal shall be effective thirty (30) days (or such longer period as may be set forth in such instrument) after delivery of the instrument; provided, however, that no such removal shall be effective until the successor Paying Agent or Bond Registrar appointed hereunder shall execute, acknowledge and deliver to the District an instrument accepting such appointment hereunder.

Section 901. Extension of Interest Payment. If the time for payment of interest of a Bond of any Series shall be extended, whether or not such extension be by or with the consent of the District, such interest so extended shall not be entitled in case of default hereunder to the benefit or security of this Master Indenture unless the aggregate principal amount of all Bonds of such Bonds then Outstanding and of all accrued interest the time for payment of which shall not have been extended shall have previously been paid in full.

Section 902. Events of Default. Each of the following events is hereby declared an Event of Default with respect to a Series of Bonds:...

(e) The District shall file a petition or answer seeking reorganization or any arrangement under the Federal bankruptcy laws or any other applicable law or statute of the United States of America or any state thereof;

(f) Under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the District’s assets or any part thereof, and such custody or control shall not be terminated within ninety (90) days from the date of assumption of such custody or control;

(g) The District shall default in the due and punctual performance of any of the material covenants, conditions, agreements and provisions contained in the Bonds of such Series or in this Master Indenture or in the Supplemental Indenture relating to such Series of Bonds on the part of the District to be performed either in default in the payment of Debt Service on the related Series of Bonds or in the payment of principal and interest due, which is an Event of Default under subsection (b) above, and such default shall continue for thirty (30) days after written notice specifying such default and requiring same to be remedied shall have been given to the District by the Trustee or, if the Trustee is unwilling or unable to act, by Owners of not less than fifty-one percent (51%) in aggregate principal amount of the Bonds of such Series then Outstanding not then due except by virtue of a declaration under this Section, may, by written notice to the District, rescind and annul such declaration and its consequences, but no such rescission or amendment shall affect any subsequent default or impair any right consequent thereon.

Section 904. Enforcement of Remedies. Upon the happening and continuance of any Event of Default specified in Section 902 above with respect to a Series of Bonds, the Trustee or, if the Trustee is unwilling or unable to act, the Owners of not less than fifty-one percent (51%) in aggregate principal amount of the Bonds of such Series then Outstanding, may protect and enforce the rights of the Owners of the Bonds of such Series under Florida law, and under this Master Indenture, the related Supplemental Indenture and the Bonds of such Series, by such proceedings in equity or at law, either for the specific performance of any covenant or agreement contained herein or in aid or execution of any power herein or in the related Supplemental Indenture granted or for the enforcement of any proper legal or equitable remedy, as the Trustee or the Owners of such Series of Bonds, as the case may be, shall deem most effectual to protect and enforce such rights.

Section 905. Pro Rata Application of Funds Among Owners of a Series of Bonds. Anything in this Master Indenture to the contrary notwithstanding, if at any time the monies in the Series Funds and Accounts shall not be sufficient to pay Debt Service on the related Series of Bonds when due, such monies together with any monies then available or thereafter becoming available for such purpose, whether through the exercise of the remedies provided for in this Article or otherwise, shall be applied as follows:

(a) Unless the aggregate principal amount of all the Bonds of such Series shall have become due and payable or shall have been declared due and payable pursuant to the provisions of Section 903 of this Article, all such monies shall be applied:

First: to the payment of any then-due fees and expenses of the Trustee, including reasonable counsel fees and expenses, to the extent not otherwise paid;

Second: to payment to the persons entitled thereto of all installments of interest then due and payable on the Bonds of such Series, in the order in which such installments become due and payable and, if the amount available shall not be sufficient to pay in full the principal of any of the Bonds of such Series which shall have become due (other than Bonds of such Series called for redemption for the purpose of which sufficient monies are not held pursuant to this Master Indenture), in the order of their due dates, with interest, upon the Bonds of such Series at the rates specified therein from the dates upon which they become due to their payment date, and, if the amount available shall not be sufficient to pay in full the principal of Bonds of such Series due on any particular date, together with such interest, then to the payment first of such interest, ratably according to the amount of such interest due on such date, and then to the payment of such principal, ratably according to the amount of such principal due on such date, to the Owners of the Bonds of such Series entitled thereto without any discrimination or preference except as to any difference in the foregoing rates of interest.

(b) If the aggregate principal amount of all the Bonds of a Series shall have become due and payable in accordance with their terms or shall have been declared due and payable pursuant to the provisions of Section 903 of this Article, all such monies shall be applied first to the payment of any fees and expenses of the Trustee, including reasonable counsel fees and expenses, to the extent otherwise paid, and then the payment of principal and interest then due and unpaid upon the Bonds of such Series, without preference or priority of principal or of interest or of any installment of interest over any other or of any Bond over any other Bond of such Series, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds of such Series.

(c) If the principal of all the Bonds of a Series shall have been declared due and payable pursuant to the provisions of Section 903 of
this Article, and if such declaration shall thereafter have been
rescinded and annulled pursuant to the provisions of Section 903 of this
Article, then, if the aggregate principal amount of all of the Bonds of
such Series shall later become due or be declared due and payable
pursuant to the provisions of Section 903 of this Article, the moneys
remaining in and therefrom accruing to the related Series Revenue
Fund shall be applied in accordance with subsection (b) above.

The provisions of this Section are in all respects subject to the
provisions of Section 903 of this Article.

Whenever moneys are to be applied pursuant to this Section,
such moneys shall be applied by the Trustee at such times as the
Trustee in its sole discretion shall determine, having due regard to
the amount of such moneys available for application and the likelihood of
additional moneys becoming available for such application. The deposit
of such moneys with the Paying Agent shall constitute proper
application by the Trustee, and the Trustee shall incur no liability
whatsoever to any Owner or to any other person for any delay in
applying any such funds, as long as the Trustee acts with reasonable
diligence, having due regard to the circumstances, and ultimately
applies such moneys in accordance with such provisions of this Master
Indenture as may be applicable at the time of application. Whenever
the Trustee shall exercise such discretion in applying such funds, it
shall fix the date upon which such application is to be made and upon
such date interest on the amounts of principal to be paid on such date
shall cease to accrue. The Trustee shall give such notice as it may deem
appropriate of the fixing of any such date, and shall not be required to
make payment to any Owner until such Bond shall be surrendered to
him for appropriate endorsement.

Section 906. Effect of Discontinuance of Proceedings. If
any proceeding taken by the Trustee or any Owner on account of any
default shall have been discontinued or abandoned for any reason, then
the District and the Owner shall be restored to their former positions
and rights hereunder, respectively, and all rights and remedies of the
Owners shall continue as though no such proceeding had been taken.

Section 907. Restriction on Individual Owner Actions. Except as provided in Section 910 below, no Owner of any of the Bonds
shall have any right in any manner whatever to affect, disturb or
prejudice the security of this Master Indenture or any Supplemental
Indenture, or to enforce any right hereunder or thereunder except in
the manner herein or therein provided, and all proceedings at law or in
equity shall be instituted and maintained for the benefit of all Owners
of the Bonds of such Series.

Section 908. No Remedy Exclusive. No remedy conferred
upon the Trustee or the Owners is intended to be exclusive of any other
remedy herein or in any Supplemental Indenture provided, and each
such remedy shall be cumulative and shall be in addition to every other
remedy given hereunder or thereunder.

Section 909. Delay Not a Waiver. No delay or omission of
the Trustee or any Owner to exercise any right or power accruing upon
any default shall impair any such right or power or shall be construed
to be a waiver of any such default or an acquiescence therein; and every
power and remedy given to the Trustee and the Owners may be
exercised from time to time and as often as may be deemed expedient.

Section 910. Right to Enforce Payment of Bonds. Nothing in this Article shall affect or impair the right of any Owner to
enforce the payments of Debt Service on the Bond of which such person
is the registered Owner, or the obligation of the District to pay Debt
Service to the Owner at the time and place specified in such Bond.

Section 911. No Cross Default Among Series. The occurrence of an Event of Default hereunder or under any Supplemental
Indenture with respect to any other Series of Bonds shall not constitute an Event of Default with respect to any other Series of
Bonds, unless the event giving rise to the Event of Default also
constitutes an Event of Default hereunder or under the Supplemental
Indenture with respect to each other Series of Bonds.

Section 912. Indemnification. Other than to make proper
draws under a Credit Facility, the Trustee shall be under no obligation
to institute any suit or to take any remedial proceeding under this
Master Indenture or any Supplemental Indenture or to enter any
appearance or in any way defend in any suit in which it may be made
defendant, or to advance its own money, or to take any steps in the
execution of the trusts hereby created or in the enforcement of any
right and powers hereunder, until it shall be indemnified to its
satisfaction against any and all costs and expenses, outlays and counsel
fees and other reasonable disbursements, and against liability.

ARTICLE X
EXECUTION OF INSTRUMENTS BY OWNERS AND PROOF OF OWNERSHIP OF BONDS

Section 1001. Execution of Instruments by Owners and
Proof of Ownership of Bonds. Any request, direction, consent or
other instrument in writing required or permitted by this Master
Indenture or any Supplemental Indenture to be signed or executed by
Owners may be in any number of concurrent instruments of similar
tenor and may be signed or executed by Owners or their attorneys or
legal representatives. Proof of the execution of any such instrument
shall be sufficient for any purpose of this Master Indenture and shall be
conclusive in favor of the District with regard to any action taken by it
under such instrument if verified by any officer in any jurisdiction who,
by the laws thereof, has power to take affidavits within such
jurisdiction, to the effect that such instrument was subscribed and
sworn to before him, or by an affidavit of a witness to such execution.
Where such execution is on behalf of a person other than an individual
such verification or affidavit shall also constitute sufficient proof of the
authority of the signer thereof.

Nothing contained in this Article shall be construed as limiting the
Trustee to such proof, it being intended that the Trustee may
accept any other evidence of the matters herein stated which it may
decem sufficient. Any request or consent of the Owner of any Bond shall
bind every future owner of the same Bond in respect of anything done
by the Trustee or the District in pursuance of such request or consent.

Section 1002. Deposit of Bonds. Notwithstanding the
foregoing, neither the District nor the Trustee shall be required to
recognize any person as an Owner of any Bond or to take any action at
his request unless such Bond shall be deposited with the Trustee.

ARTICLE XI
SUPPLEMENTAL INDENTURES

Section 1101. Supplemental Indentures Without
Owners' Consent. The Governing Body, from time to time may authorize
such indentures supplemental hereto or amendatory hereto as shall not be
inconsistent with the terms and provisions hereof (which

supplemental indenture shall thereafter form a part hereof), without
the consent of the Owners, for the following purposes:

(a) to provide for the initial issuance of a Series of Bonds or
refunding bonds of a Series; or

(b) to make any change whatsoever to the terms and provisions of this Master Indenture, but only as such change relates to a Series of Bonds upon the original issuance thereof or upon the original issuance of refunding bonds of a Series which defease and discharge the Supplemental Indenture of the Series of Bonds to be refunded under and pursuant to the terms of the Supplemental Indenture effecting such change; or

(c) to cure any ambiguity or formal defect or omission; or
correct any inconsistent provisions in this Master Indenture; or

(d) to grant to the Owners or to the Trustee on behalf of the Owners any additional rights or security that may lawfully be granted;

(e) to add to the covenants and agreements of the District in this Master Indenture other covenants and agreements thereafter to be
observed by the District to the benefit of the Owners of the Outstanding
Bonds; or

(f) to make such changes as may be necessary in order to reflect amendments to Chapters 170, 196, 197 and 298, or other Florida
Statutes, so long as, in the opinion of counsel to the District, such changes either: (a) do not have a material adverse effect on the Owners of each Series of Bonds to which such changes relate; or (b) if such changes do have a material adverse effect, that they nevertheless are required to be made as a result of such amendments; or

(g) to modify the provisions of this Master Indenture or any Supplemental Indenture provided that such modification does not, in the written opinion of Bond Counsel, materially adversely affect the interests of the Owners of the Bonds Outstanding.

Section 1102. Supplemental Indentures With Owner
Consent. Subject to the provisions contained in this Section, and not
otherwise, the Owners of not less than fifty percent (51%) in aggregate principal amount of the Bonds then Outstanding shall have
the right, from time to time, anything contained in this Master Indenture to the contrary notwithstanding, to consent to and approve the adoption of such indentures supplemental hereto or amending or modifying, altering, amending, adding to or rescinding, in any particular, any of the provisions of this Master Indenture; provided, however, that nothing herein contained shall permit, or be construed as permitting, without the consent of all Owners of Bonds then Outstanding and affected thereby, any such amendment, (a) an extension of the maturity of, or an extension of the Interest Payment Date on, any Bond; (b) a reduction in the principal, premium, or interest on any Bond; (c) a preference or priority of any Bond over any other Bond; or (d) a reduction in the aggregate principal amount of the Bonds required for consent to such Supplemental Indenture.

In addition to the foregoing, the Owners of not less than fifty-one percent (51%) in aggregate principal amount of the Bonds of any Series then Outstanding shall have the right, from time to time, anything contained in this Master Indenture or in the Supplemental Indenture relating to such Series of Bonds to the contrary notwithstanding, to consent to and approve the adoption of such indentures supplemental to the Supplemental Indenture relating to such Series of Bonds or amendatory thereof, not hereafter, as shall be deemed desirable by the District for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the provisions of such Supplemental Indenture or of any indenture supplemental thereto; provided, however, that nothing herein contained shall permit, or be construed as permitting, without the consent of all Owners of Bonds of such Series then Outstanding and affected thereby, any such amendment, (a) an extension of the maturity of, or an extension of the Interest Payment Date on, any Bond of such Series; (b) a reduction in the principal, premium, or interest on any Bond of such Series; or (c) a preference or priority of any Bond of any other Bond of such Series; or (d) a reduction in the aggregate principal amount of the Bonds of such Series required for consent to such Supplemental Indenture.
District to the Owners of such Bonds shall thereupon cease, terminate and become void and be discharged and satisfied. Anything to the contrary in this Section 1201 notwithstanding, this Master Indenture shall not be discharged nor shall any Bonds with respect to which moneys or Federal Securities have been deposited in accordance with the provisions of this Section 1201 cease to be entitled to the lien, benefit or security under this Master Indenture, except to the extent that the lien, benefit and security of this Master Indenture and the obligations of the District hereby to and shall be impaired.

The Bonds shall be secured solely and by being paid solely from the moneys of or any Letter of Credit Agreement or Liquidity Agreement.

(b) Bonds or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Trustee (through deposit pursuant to this Master Indenture of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed in this Section. All Outstanding Bonds of any particular maturity or Series shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in subsection (a) of this Section 1201 if (i) in case any of such Bonds are to be redeemed on any date prior to their maturity, the District shall have given to the Trustee or the Bond Registrar irrevocable instructions accepted in writing by the Trustee or the Bond Registrar to mail as provided in Article III notice of redemption of such Bonds on such date; (ii) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Federal Securities, the principal of and interest on which when due shall, as demonstrated in an Accountant’s Certificate, provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient, to pay when due the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on or prior to the redemption date or maturity date thereof, as the case may be; (iii) the District shall have given the Trustee or the Bond Registrar in form satisfactory to it irrevocable instructions to mail, postage prepaid, to each registered Owner of Bonds then Outstanding at the address, if any, appearing upon the registry books of the District a notice to the registered Owners of such Bonds and to the Registrar that the deposit required by (b) above has been made with the Trustee and that such Bonds are deemed to have been paid in accordance with this Section 1201 and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal or redemption price, if applicable, on such Bonds; and (iv) an opinion of Bond Counsel to the effect that such defeasance is permitted under this Master Indenture and the Supplemental Indenture relating to the Series of Bonds so defeased and that, in the case of Tax-Exempt Bonds, such defeasance will not adversely affect the tax exempt status of such Series of Bonds. Neither Federal Securities nor moneys deposited with the Trustee pursuant to this Section 1201 nor principal or interest on such Bonds shall be discharged nor be deemed to have been paid within the meaning of this Section 1201 if any Federal Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or redemption price, if applicable, and interest on such Bonds; provided that any cash received from such principal or interest payments on such Federal Securities deposited with the Trustee: (a) to the extent such cash shall not be required at any time for such purpose as evidenced by an Accountant’s Certificate, or (b) to the extent all obligations under any Letter of Credit Agreement or any Liquidity Agreement are satisfied, as determined by an Insurer or an issuer of any Credit Facility and any Liquidity Facility securing the Bonds with respect to which such Federal Securities have been so deposited, shall be paid over upon the direction of the District as received by the Trustee, free and clear of any lien, pledge or assignment securing such Bonds or otherwise existing under this Master Indenture; and (b) to the extent such cash shall be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Federal Securities maturing at times and in amounts sufficient to pay when due the principal or redemption price, if applicable, and interest to become due on such Bonds, or obligations under any Letter of Credit Agreement or any Liquidity Agreement, on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over as received by the Trustee to the District, free and clear of any lien, pledge or security interest securing such Bonds or otherwise existing under this Master Indenture. For the purposes of this provision, Federal Securities means and includes only such securities which shall not be subject to deduction prior to their maturity other than at the option of the holder thereof.

(c) As to any Variable Rate Bonds, whether discharged and satisfied under the provisions of subsection (b) or (ii) above, the amount required for the interest thereon shall be calculated at the maximum rate permitted by the terms of the provisions which authorized the issuance of such Variable Rate Bonds; provided, however, that if on any date, as a result of such Variable Rate Bonds, the interest on the Bonds thereon would be less than such maximum rate for any period, the total amount of moneys and Investment Obligations on deposit for the payment of interest on such Variable Rate Bonds is in excess of the total amount which would have been required to be deposited on such date in respect of such Variable Rate Bonds in order to fully discharge and satisfy such Bonds and obligations under Letter of Credit Agreement and any Liquidity Agreement pursuant to the provisions of this Section, the District may use the amount of such excess free and clear of any lien, mortgage, pledge or assignment securing such Variable Rate Bonds, if any, and in the case of Supplemental Indenture or under any Letter of Credit Agreement or any Liquidity Agreement.

(d) Notwithstanding any of the provisions of this Master Indenture to the contrary, Option Bonds may only be fully discharged and satisfied either pursuant to subsection (a) above or by depositing in the Series Interest Account, the Series Principal Account, and the Series Redemption Account, or in such other accounts which are irrevocably pledged to the payment of the Option Bonds, as the District may create and establish by Supplemental Indenture, moneys which together with other moneys lawfully available therefor shall be sufficient at the time of such deposit to pay when due the maximum amount of principal and of redemption price, if any, and interest on such Option Bonds which could become payable to the Owners of such Bonds upon the exercise of any options provided to the Owners of such Bonds; provided, however, that if, at the time a deposit is made pursuant to this subsection (d), the options originally exercisable by the Owner of an Option Bond are no longer exercisable, such Bond shall not be considered an Option Bond for purposes of this subsection (d).

(e) Anything in this Master Indenture to the contrary notwithstanding, any moneys held by the Trustee or any Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for two (2) years after the date when such Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Trustee or any Paying Agent on any date prior to such redemption date or maturity date thereof, shall, to the extent practicable, be reinvested in Federal Securities maturing at times and in amounts sufficient to pay when due the principal or redemption price, if applicable, and interest to become due on such Bonds, or obligations under any Letter of Credit Agreement or any Liquidity Agreement, on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over as received by the Trustee to the District, free and clear of any lien, pledge or security interest securing such Bonds or otherwise existing under this Master Indenture. For the purposes of this provision, Federal Securities means and includes only such securities which shall not be subject to deduction prior to their maturity other than at the option of the holder thereof.

(f) Anything in this Master Indenture to the contrary notwithstanding, any moneys held by the Trustee or any Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for two (2) years after the date when such Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Trustee or any Paying Agent on any date prior to such redemption date or maturity date thereof, shall, to the extent practicable, be reinvested in Federal Securities maturing at times and in amounts sufficient to pay when due the principal or redemption price, if applicable, and interest to become due on such Bonds, or obligations under any Letter of Credit Agreement or any Liquidity Agreement, on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over as received by the Trustee to the District, free and clear of any lien, pledge or security interest securing such Bonds or otherwise existing under this Master Indenture. For the purposes of this provision, Federal Securities means and includes only such securities which shall not be subject to deduction prior to their maturity other than at the option of the holder thereof.

(g) Anything in this Master Indenture to the contrary notwithstanding, the provisions of the foregoing subsections (b) through (f) shall apply to the discharge of Bonds of a Series and to the discharge of the lien of any Supplemental Indenture securing such Series of Bonds as though each reference to the "Master Indenture" were a reference to such "Supplemental Indenture" and as though each reference to "Bonds Outstanding" were a reference to the "Bonds of such Series Outstanding."
this Section shall be held in trust and the principal and interest of said obligations when received, and said moneys, shall be applied to the payment, when due, of the principal, interest and premium, if any, of the Bonds to be paid or to be called for redemption.

SECTION 5.05 Provisions relating to Bankruptcy or Insolvency of Taxpayer.

(a) The provisions of this Section 5.05 shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to or against any owner of any tax parcel subject to at least eight percent (8%) of the 2023A Assessments pledged to the 2023A Bonds Outstanding (an “Insolvent Taxpayer”) under any existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (“a Proceeding”).

(b) The District acknowledges and agrees that, although the 2023A Bonds were issued by the District, the Owners of the 2023A Bonds are categorically the party with the ultimate financial stake in the transaction and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving an Insolvent Taxpayer:

(i) the District hereby agrees that it shall seek to secure the written consent of the Trustee, acting at the direction of the Majority Owners of the 2023A Bonds Outstanding, prior to making any election, giving any consent, commencing any action or initiating any motion, claim, obligation, notice or application or in taking any action or position in any Proceedings or in any action related to a Proceeding that affects, either directly or indirectly, the 2023A Assessments relating to the 2023A Bonds Outstanding, the 2023A Bonds Outstanding or any rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee;

(ii) the District hereby agrees that it shall not make any election, give any consent, commence any action or initiate any motion, claim, obligation, notice or application or take any other action or position in any Proceeding in any action related to a Proceeding that affects, either directly or indirectly, the 2023A Assessments relating to the 2023A Bonds Outstanding or any rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee;

(iii) the District hereby agrees that it shall seek the written consent of the Trustee prior to filing or voting in any such Proceeding (provided, however, Trustee shall be deemed to have consented, on behalf of the Majority Owners of the 2023A Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within sixty (60) days following receipt by the Trustee of the written request for consent);

(iv) the Trustee shall have the right, by interpleader or otherwise, to seek or oppose any relief in any such Proceeding that the District, as claimant with respect to the 2023A Assessments relating to the 2023A Bonds Outstanding would have the right to pursue, and, if the Trustee chooses to exercise any such rights, the District shall not oppose the Trustee in seeking to exercise any and all rights and taking any knowledge of any Proceeding. In addition to giving notice of the Proceeding in reasonable detail, the Bankruptcy Notice shall also specifically reference this Section 5.05(b).

In the event that the Trustee receives any monies as the result of a Proceeding, the Trustee shall first reimburse any of its outstanding fees and/or the fees, costs and expenses incurred in connection with the Proceedings (including attorney’s fees, costs and expenses) prior to otherwise distributing such monies, from the Majority Owners and has been indemnified to its satisfaction.
ARTICLE VI
LIMITATION ON ADDITIONAL BONDS

SECTION 6.01  Limitation on Additional Bonds. (a) Other than Bonds issued to refund a portion of Outstanding 2023A Bonds, the issuance of which is determined by the District results in present value debt service savings, the District shall not issue or incur any debt payable in whole or in part from the 2023A Pledged Revenues other than the 2023A Bonds.

(b) So long as there are any 2023A Bonds Outstanding, the District shall not issue any Bonds or other debt obligations (the “Additional Bonds”), secured by Assessments on any parcels within Assessment Area 4 unless the amount of the Additional Bonds does not exceed thirty percent (30%) of the amount on deposit in 2023A Reserve Accounts as of the due date of the redemption of any such 2023A Bonds as determined by the District. The District shall give written notice to the Trustee that are directly billed by the District and levied by the District on tax parcels subject to the lien of the Additional Bonds, and the District shall commence foreclosure proceedings against the property subject to the lien of such delinquent 2023A Assessment or other debt obligations securing Assessments on properties other than Assessment Area 4.

(c) The provisions of the preceding Subsection (b) shall not apply to any Bonds or other debt obligations secured by Assessments on properties other than Assessment Area 4. Further, notwithstanding such restriction, the District may issue Bonds secured by Assessments on Assessment Area 4 for the health, safety, welfare or repairs.

(d) Prior to the delivery of any such Additional Bonds or other debt obligations, the District will deliver a written certificate from the District Manager to the Trustee on which it may conclusively rely that all of the applicable conditions set forth above have been met.

Further notice of redemption shall be given by the Bond Registrar to certain registered securities depositories and information services as set forth in the Indenture, but no further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed.

This Bond shall be issued initially pursuant to a book-entry-only system administered by The Depository Trust Company, New York, New York (“DTC”), which shall act as securities depository for the 2023A Bonds, with no physical distribution of 2023A Bonds to be made. 4) The repurchase agreement shall be a “repurchase agreement” as defined in the United States Bankruptcy Code and, if the provider is a domestic bank, a “qualified financial contract” as defined in the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (“FIRREA”) and such bank is subject to FIRREA;

5) The repurchase transaction shall be in the form of a written agreement, and such agreement shall require the provider to give written notice to the Trustee of any change in its long-term debt rating;

6) The District or its designee shall represent that it has no knowledge of any fraud involved in the repurchase transaction;

7) The District and the Trustee shall receive the opinion of Counsel (which opinion shall be addressed to the District and the Trustee and shall be in form and substance satisfactory to the District) that such repurchase agreement complies with the terms of this section and is legal, valid, binding and enforceable upon the provider in accordance with its terms;

8) The term of the repurchase agreement shall be no longer than ten years;

9) The interest with respect to the repurchase transaction shall be payable at the times and in the amounts necessary in order to make funds available when required under this Fifth Supplemental Indenture;

10) The repurchase agreement shall provide that the Trustee may withdraw funds without penalty at any time, or from time to time, for any purpose permitted or required under this Fifth Supplemental Indenture;

PROPOSED FORM OF OPINION OF BOND COUNSEL
Upon delivery of the Series 2023A Bonds in definitive form, Akerman LLP, Bond Counsel, proposes to render its opinion with respect to the 2023A Bonds in substantially the following form:

November __, 2023

Board of Supervisors
River Hall Community Development District

RE: River Hall Community Development District (Lee County, Florida) Capital Improvement Refunding Revenue Bonds, Series 2023A (Assessment Area 4) (the “Series 2023A Bonds”)

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by River Hall Community Development District (the “District”) of the Series 2023A Bonds pursuant to the Constitution and laws of the State of Florida, including particularly the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the “Act”), Resolution 2005-18 adopted by the Board of Supervisors of the District (the “Board”) on June 17, 2005, as supplemented (collectively, the “Resolution”) and a Master Trust Indenture dated as of October 1, 2005 (the “Master Indenture”), as supplemented with respect to the Series 2023A Bonds by a Fifth Supplemental Trust Indenture dated as of November 1, 2023 (such supplemental indenture together with the Master Indenture, the “Indenture”), between the District and U.S. Bank National Association, as trustee (the “Trustee”). Any capitalized undefined term used herein shall have the same meaning as such term has under the Indenture.

As to questions of fact material to our opinion, we have relied upon representations of the District contained in the Indenture and in the certified proceedings and other certifications of officials furnished to us, without undertaking to verify the same by independent investigation.

Reference is made to the opinion of even date herewith of Coleman, Yovanovich & Koester, P.A., Counsel to the District, on which we have solely relied, as to the due creation and valid existence of the District, the due authorization, execution and delivery of the Indenture by the District and the due adoption of the Resolution and other resolutions of the District. Reference is also made to the opinion of even date herewith of counsel to the Trustee, on which we have relied, as to the due authorization and execution of the Indenture by the Trustee and of the enforceability of the Indenture against the Trustee.

In addition to the foregoing, we have examined and relied upon such other agreements, certificates, documents and opinions submitted to us, including certifications and representations.
of public officials and other officers and representatives of the various parties participating in this transaction, as we have deemed relevant and necessary in connection with the opinions expressed below. We have not undertaken an independent audit, examination, investigation or inspection of the matters described or contained in such agreements, certificates, documents, representations and opinions submitted to us and have relied solely on the facts, estimates and circumstances described and set forth therein.

In our examination of the foregoing, we have assumed the genuineness of the signatures on all documents and instruments, the authenticity of documents submitted as originals, the conformity to originals of documents submitted as copies and the legal capacity of all natural persons.

The scope of our engagement in relation to the issuance of the Series 2023A Bonds has been limited solely to the examination of facts and law incident to rendering the opinions expressed herein.

This opinion should not be construed as offering material or an offering circular, prospectus or official statement and is not intended in any way to be a disclosure statement used in connection with the sale or delivery of the Series 2023A Bonds. Furthermore, we are not passing on the accuracy or sufficiency of any CUSIP numbers appearing on the Series 2023A Bonds. In addition, we have not been engaged to and, therefore, do not express any opinion as to compliance by the District with any federal or state statute, regulation or ruling with respect to the sale and distribution of the Series 2023A Bonds.

Neither the Series 2023A Bonds nor the interest and premium, if any, payable thereon shall constitute a general obligation or general indebtedness of the District within the meaning of the Constitution and laws of Florida. The Series 2023A Bonds and the interest and premium, if any, payable thereon do not constitute either a pledge of the full faith and credit of the District or a lien upon any property of the District other than as provided in the Indenture. No owner of the Series 2023A Bonds or any other person shall ever have the right, directly or indirectly, to require or compel the exercise of any ad valorem taxing power of the District or any other public authority or governmental body to pay the principal or interest and premium, if any, on the Series 2023A Bonds or to pay any other amounts required to be paid pursuant to the Indenture or the Series 2023A Bonds.

The opinions set forth below are expressly limited to, and we opine only with respect to, the laws of the State of Florida and the federal income tax laws of the United States of America.

Based upon the foregoing, we are of the opinion that:
1. The District has been duly created and validly exists as a community development
district under the Act.

2. The Indenture has been duly authorized and executed by the District and constitutes
a valid and binding obligation of the District. The Indenture creates the valid pledge which it
purports to create of the 2023A Trust Estate for the Series 2023A Bonds in the manner and to the
extent provided therein.

3. The Series 2023A Bonds have been duly authorized, executed and delivered by the
District and are valid, binding, and enforceable special obligations of the District, payable solely
from the sources provided therefore in the Indenture.

4. The interest on the Series 2023A Bonds is excludable from gross income for federal
income tax purposes and is not treated as an item of tax preference for purposes of the federal
alternative minimum tax imposed on individuals; however, such interest is taken into account in
determining the adjusted financial statement income of applicable corporations for the purpose of
computing the alternative minimum tax imposed on such corporations for tax years beginning after
December 31, 2022. The opinions set forth in the immediately preceding sentence are subject to
the condition that the District comply with all requirements of the Internal Revenue Code of 1986,
as amended, and the regulations thereunder (the “Code”), that must be met or satisfied subsequent
to the date hereof in order that interest thereon be, or continue to be, excludable from gross income
for federal income tax purposes. The District has covenanted to comply with each such
requirement. Failure of the District to comply with such requirements may cause the inclusion of
interest thereon in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2023A Bonds. Other provisions of the Code may give rise to
adverse federal income tax consequences to particular holders of the Series 2023A Bonds. The
scope of this opinion is limited to the matters addressed above and we express no opinion regarding
other federal tax consequences arising with respect to the Series 2023A Bonds. In rendering the
opinion expressed above, we have assumed continuing compliance with the tax covenants referred
to above that must be met after the issuance of the Series 2023A Bonds in order that interest on
the Series 2023A Bonds not be included in gross income for federal income tax purposes.

In rendering the opinion expressed above, we have assumed continuing compliance with
the tax covenants referred to above that must be met after the issuance of the Series 2023A Bonds
in order that interest on the Series 2023A Bonds not be included in gross income for federal income
tax purposes.

5. Pursuant to the Act, the Series 2023A Bonds and the interest paid thereon are
exempt from all taxes imposed by the State of Florida except as to estate taxes and taxes imposed
by Chapter 220, Florida Statutes.
It is to be understood that the rights of the owners of the Series 2023A Bonds and the enforceability of the Series 2023A Bonds and the Indenture may be subject to (a) bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, or other similar statutes, rules, regulations, or other laws affecting the enforcement of creditor's rights and remedies generally and (b) the unavailability of, or limitation on the availability of, a particular right or remedy (whether in a proceeding in equity or at law).

Our opinions expressed herein are predicated upon present law, (and interpretations thereof) facts and circumstances, and we assume no affirmative obligation to update the opinions expressed herein if such laws (and interpretations thereof), facts or circumstances change after the date hereof.

Very truly yours,

AKERMAN LLP

I. Introduction

1.1 Purpose and Scope

The River Hall Community Development District Engineer’s Report (the “Original Report”) dated October 25, 2005 and adopted by the River Hall Community Development District (the “District”) Board of Supervisors on January 6, 2006 was prepared to assist with the financing, construction and acquisition of public infrastructure improvements to be undertaken to support the development of River Hall (the “Development”). The original Report was subsequently updated with Supplement #1 dated November 15, 2019, Revised July 2, 2020 and approved by the District Board of Supervisors on September 10, 2020 (Supplement #1). The purpose of this report (the “Supplement 2 Report”) is to describe the status of improvements outlined in Supplement #1, identify modifications to the development plan based on the Developer’s successful product offerings and current market conditions, and update the Original Report and Supplement #1 to reflect these changes. Items to be considered include:

- Review of the Development and the District;
- Updated River Hall site and phasing plans;
- Description of completed improvements (the “Completed Improvements”);
- Identification of improvements to be undertaken for existing parcels within developed River Hall including Parcel C 22 single family units, Parcel H 23 single family units, increased to 33 single family units, Parcel Z 36 multifamily units decreased to 18 single family units and Parcel K2 43 single family units and 195 units in a portion of future development area identified in Supplement #1 Exhibit 3 “Current Phasing Plan” which five parcels planned for 311 lots are now known collectively as “Assessment Area 4”, or AA4 2023 Project, as identified;
- Provide cost estimates for installation and/or acquisition of public infrastructure improvements to serve the 311 lots planned within Assessment Area 4 (the “2023 Project”); and,
- Update of the status of primary required permits.

1.2 Review of River Hall

The River Hall Development is a ±1,978 acre Residential and Commercial Planned Development (RPD/CPD) located within unincorporated Lee County, Florida. A site location map depicting the current development boundary and general location is provided as Location Map Exhibit 1. The Development received entitlements on October 18, 1999 by Lee County Zoning Resolution Z-99-056, rezoning the original ±1,797 acre parcel from Agricultural (AG-2) to Residential Planned Development (RPD) and allowing for a maximum of 1,598 dwelling units. Lee County Zoning Resolution Z-05-051, adopted on September 19, 2005, amended the Development by increasing the area to ±1,978 acres, rezoning the parcel from RPD/AG-2 to RPD/Commercial Planned Development (CPD), increasing the allowed residential density to 1,999 dwelling units, and adding an elementary school site.

The River Hall Community Development District was established by Rule 42YY-1.001 of the FAC and became effective on April 21, 2005. The District is currently
comprised of ±1,958 acres and located wholly within the Development. A 20-acre parcel dedicated to the elementary school within the Development is not included in the District boundary and accounts for the difference between the Development and District areas. The Original Report contemplated future Comprehensive Plan Amendments and rezoning requests to increase allowable density within the District, which has since partially come to fruition with the adoption of Z-15-003, described in Section 2.1 below. Exhibit 2 depicts the phasing plan as identified in Supplement #1 for comparison with Exhibit 3, which illustrates the current phasing, including Assessment Area 4 which is the basis of this Supplement.

The four existing parcels within developed River Hall consisting of Parcels C, H, Z and K2 are currently undeveloped, although Parcel H is currently platted as 23 100’ single family lots and K2 is currently platted as 43 70’ single family lots. Pursuant to a change in the development plan as further discussed herein, Parcel H is expected to be replatted to contain 33 70’ single family lots. Parcel C is currently unplatted but is planned for 22 single family lots and Parcel Z is also currently unplatted and planned for 18 55’ single family lots. All of these undeveloped 124 units currently have debt associated with the District’s Series 2021 Bonds. All existing debt associated with these 123 units is to be prepaid prior to assignment of any additional debt associated with this Supplement #2. It should be noted that Parcel H is currently platted as 23 100’ wide single family lots and will be replatted into 33 70’ wide single family lots. In addition, Parcel Z, while not platted into single family lots, was previously planned for 36 multifamily units which will be redesigned and platted into 18 55’ single family lots.

II. Updates

2.1 Updated Site and Phasing Plan

Three additional phases have been added as Assessment Area 4 (AA4) to the phasing plan, as depicted in Exhibit 3, with construction now anticipated to occur in three (3) phases. The revised development plan accounts for the 124 previously planned units in parcels C, H, Z and K2 by adding an additional 10 units in Parcel H, a reduction of 18 units from the original multifamily plan to the current single family plan for parcel Z and an additional 195 residential units within AA4, as described in the preceding sections. The phasing plan and unit allocation outlined in the Original Report, Supplement #1 and the current phasing plan and unit allocation are summarized in Tables 1 and 2, respectively.

III. Summary of 2023 Project

3.1 Proposed 2023 Project

The District’s project for public infrastructure improvements (construction and/or acquisition) comprising the 2023 Project includes, but is not limited to, the following:

- Drainage and Surface Water Management System
- Utilities
- Perimeter Boundary Improvements
- Perimeter Landscaping
- Professional and Miscellaneous Fees

The improvements described in this Supplemental Report represent the present intentions of the current landowner, RH Venture II & III, LLC, and the District, subject to applicable local general purpose government land use planning, zoning and other entitlements. The implementation of any improvements discussed in this plan requires the final approval by many regulatory and permitting agencies including local, state and federal agencies. Subsequently, the actual improvements may vary from the capital improvements in this Supplemental Report. The cost estimate contained in this Supplemental Report has been prepared based upon the best available information, and is based on preliminary designs and current economic conditions. The actual cost may vary depending on the final engineering design, permitting, construction and approvals, as well as economic conditions at the time of construction.

3.2 Drainage and Surface Water Management

The water management system to support the 2023 Project will consist of excavated stormwater lakes, culverts, inlets, structures, and storm sewer pipe. South Florida Water Management District (SFWMD) Environment Resource Permit (ERP) No. 36-04006-P serving River Hall encompasses the AA4 and the Future Development Area and remains active; however, a modification to the existing permit will be required to incorporate final construction plans. The additional District water management facilities will consist of approximately 32.5 acres of lakes with an interconnected pipe system. Stormwater runoff from the areas within Assessment Area 4 will be routed to the stormwater management lakes for water quality treatment and attenuation, prior to discharge into the existing District drainage and conveyance facilities, which is consistent with the current ERP.

3.3 Utilities

District-funded utilities will consist of potable water and wastewater systems. These systems will be designed and constructed in accordance with Lee County Utilities (LCU), Florida Department of Environmental Protection (FDEP), and Lee County Department of Health (LCDOH) standards, as applicable.

The dedication of completed water and sanitary sewer utilities by the District to LCU for ownership, operation and maintenance will take place upon completion of construction of these facilities. LCU will also act as the supplier of water to the water distribution systems, as well as the collector of the wastewater from the
wastewater collection system. LCU requires water and sewer connection/capacity fees for all new utility line extensions. Half of these fees must be paid prior to construction, and the balance is due when the system is cleared for use and placed in service. These connection fees are included in the funding estimates and may be financed in whole or in part by the District. If the Developer pays the connections fees on the behalf of the District, these fees may be considered a reimbursable item.

Potable water facilities will include transmission and distribution lines, along with the necessary valves, fire hydrants and water services to individual buildings and parcels. Assessment Area 4 is currently estimated to include ±7,100 linear feet of 8” watermain.

Wastewater facilities will include gravity collection mains with individual lot sewer services, force mains and pump stations. Assessment Area 4 is currently anticipated to require ±6,900 linear feet of 8” gravity sewer and ±2,900 linear feet of 6” force main, as well as one (1) pump station.

### 3.4 Perimeter Boundary Improvements
Perimeter Boundary Improvements will consist of earthen berms, fences, gates and other hardscape features along the south perimeter of Assessment Area 4.

### 3.5 Perimeter Landscaping
Perimeter Landscaping will consist of trees, shrubs, flowering plants, sod and irrigation along the south perimeter of Assessment Area 4.

### 3.6 Professional and Miscellaneous Fees
Professional fees include the estimated cost for design, assistance during construction, and other professional services of all components of the District infrastructure and also includes other expenses, such as permit application fees.
IV. Opinion of Probable Construction Costs

4.1 Summary of Costs

The estimates shown in Table 3 do not include the legal, administrative, financing, operation, maintenance services or bond issuance costs necessary to finance, construct, operate and maintain the District infrastructure. All estimates are given in 2022 dollars and no inflation factor has been provided for the time value of money.

4.2 Opinion of Probable Costs for 2023 Project

At the time of this Supplemental Report, one special assessment bond (the “Additional Bond”) is intended to be issued for the financing of only the 2023 Project for Assessment Area 4, as described in this Supplemental Report. Proceeds from the Additional Bond will be dedicated specifically to the 2023 Project associated with Assessment Area 4 only.

4.3 Distribution of Costs

Section IV of this Supplemental Report describes the proposed public infrastructure comprising the 2023 Project, of which a portion will be funded by the Additional Bond. The following cost estimate is based on the five categories detailed in Section IV:

V. Permitting

5.1 Permitting and Entitlements

Federal, state, and local permits and approvals are required prior to the
construction of site infrastructure. Permits and permit modifications are
considered part of the normal design and permitting process, and may be applied
for at the time the improvement is undertaken.

All permits known to be required for construction of the 2023 Project’s main
infrastructure are either in effect or considered obtainable within the normal
course of construction plan development and permit application/processing.
Modification to existing permits may be required as detailed construction plans
are developed.

1.0 Introduction

1.1 Purpose

This Assessment Area 4 Supplemental Special Assessment Methodology Report (the "Assessment Area 4 Report") was developed to provide a supplemental financing plan and a supplemental special assessment methodology consistent with the Final Special Assessment Allocation Report dated October 28, 2005 (the "Original Report"), Supplemental Special Assessment Allocation Report dated May 24, 2011 (the “Supplemental Report”) for the future development area referred to in the Original Report as Phases IV and V and the Fourth Supplemental Special Assessment Methodology Report for Assessment Area 4 dated April 6, 2023 (the “Fourth Supplemental Report”). The portion of the future development area currently proposed to be be developed with a total of 195 residential dwelling units for which this Report has been prepared is referred to as “Hampton Lakes East”.

Specifically, this Assessment Area 4 Report allocates the costs of public infrastructure improvements (collectively, the “2023 Project”) in Supplement #2 to the River Hall Community Development District Engineer’s Report, dated July 25, 2023 (“Supplemental #2”) prepared by Barraco and Associates, Inc. (the “Project Engineer”) to the units anticipated to be developed within Parcels C, H, Z and K2 of the existing development area as well as Hampton Lakes East, collectively referred to as Assessment Area 4.

1.2 Scope of the Assessment Area 4 Report

This Assessment Area 4 Report presents the projections for financing a portion of the 2023 Project, the method for the allocation of special benefits, and the apportionment of special assessment debt resulting from the provision and partial funding of the 2023 Project.

1.3 Special Benefits and General Benefits

Improvements undertaken and funded in part by the District as part of the 2023 Project create special and peculiar benefits, different in kind and degree than general benefits, for properties within Assessment Area 4, as well as general benefits to the properties outside of Assessment Area 4 and the public at large. However, as discussed within this Assessment Area 4 Report, these general benefits are incidental in nature and are readily distinguishable from the special
and peculiar benefits which accrue to property within Assessment Area 4. The District's 2023 Project enables properties within the boundaries of Assessment Area 4 to be developed.

There is no doubt that the general public and property owners of property outside Assessment Area 4 will benefit from the provision of the 2023 Project. However, these benefits are only incidental given that the 2023 Project is designed to provide special benefits peculiar to Assessment Area 4. Properties outside of Assessment Area 4 are not directly served by the 2023 Project and do not depend upon the 2023 Project to obtain or to maintain their development entitlements. This fact alone clearly distinguishes the special benefits which properties within Assessment Area 4 receive compared to properties lying outside of Assessment Area 4.

The 2023 Project will provide public infrastructure improvements which are all necessary in order to make the lands within the Assessment Area 4 developable and saleable. The installation of such improvements will cause the value of the developable and saleable lands within Assessment Area 4 to increase by more than the sum of the financed cost of the individual components of the 2023 Project. Even though the exact value of the benefits provided by the 2023 Project is difficult to estimate at this point, it is nevertheless greater than the costs associated with providing the same.

1.4 Organization of the Assessment Area 4 Report

Section Two describes the current development program as proposed by the Developer, as defined below.

Section Three provides a summary of the 2023 Project as determined by the Project Engineer.

Section Four discusses the proposed financing program for Assessment Area 4.

Section Five discusses the special assessment methodology for Assessment Area 4.
2.0 Current Development Program

2.1 Overview

The District serves the River Hall development (the "Development" or "River Hall"), a master-planned, residential development located in unincorporated Lee County, Florida. The land within the District consists of approximately 1,958 +/- acres and is generally located in northeastern Lee County, south of Palm Beach Boulevard and east of Buckingham Road.

2.2 The Current Development Program

The development of land within the District commenced in 2005. The original development program envisioned that a total of 1,999 residential units and 45,000 square feet of commercial space would be constructed in five (5) development phases over an eight (8)-year development time period. Between 2005 and 2019, the permissible development density for the land within the District was increased to a total of 2,695 residential units.

As illustrated in Table 1 in the Appendix, Assessment Area 4 were anticipated to be platted and developed into a total of 318 residential dwelling units, however, the current development plan provides for the development of a total of 311 residential dwelling units and replacement of 23 100' single-family ("SF") lots in Parcel H with a total of 33 70' SF lots (which change will require a replat, as the 23 100' SF lots have already been platted), and replacement of 36 planned MF Coach units in Parcel Z with a total of 18 55' SF lots. Parcel C is projected to be developed with a total of 22 55’ SF lots, Parcel K2 (which is platted) is projected to continue to be comprised of 43 70’ SF lots, and Hampton Lakes East is expected to be developed with a total of 195 50’ SF lots. The development of the land within Assessment Area 4 is expected to be conducted by RH Venture II, LLC or its affiliate(s) (the "Developer").

Please refer to Tables 1 and 2 in Supplemental #2 for more details on phasing and the projected number of units within the District. However, please note that this Assessment Area 4 Report is written specifically to provide the method for the allocation of special benefits and the apportionment of special assessment debt to the 311 residential dwelling units planned to be developed within Assessment Area 4.
3.0 The 2023 Project

The public infrastructure costs to be funded by the District as the 2023 Project are described in Supplemental #2. Only public infrastructure that may qualify for bond financing by the District under Chapter 190, Florida Statutes and under the Internal Revenue Code of 1986, as amended, was included in these estimates.

Supplemental #2 identifies the specific costs associated with the 2023 Project. The total costs of the 2023 Project are estimated by the Project Engineer to total $11,293,200. The improvements to be funded as part of the 2023 Project are planned to consist of surface water management, utilities, perimeter boundary improvements and perimeter landscaping, as more specifically described in Supplemental #2.

Even though the installation of the public infrastructure improvements constituting the 2023 Project is projected to occur within separate multiple portions of the District, that is Assessment Area 4, the infrastructure improvements that comprise the 2023 Project, along with other existing public infrastructure improvements which were funded in the past in part by the District, will serve and provide benefit to all land uses in Assessment Area 4 and will comprise an interrelated system of improvements, which means all of the improvements will serve all of Assessment Area 4 and the improvements will be interrelated such that they will reinforce one another. Table 2 in the Appendix illustrates the specific components of the 2023 Project.

4.0 Financing Program

4.1 Overview

As noted above, the District is proceeding with a program of capital improvements which will facilitate the development of lands within Assessment Area 4, with all or a portion of the public infrastructure improvements to be funded by the District.

The District intends to issue its Capital Improvement Revenue Bonds, Series 2023A (Assessment Area 4) in the estimated principal amount of $8,100,000* (the "Series 2023A Bonds") to fund an estimated

* Estimated, subject to change
$6,627,300* in 2023 Project costs, with the balance of the 2023 Project costs anticipated to be contributed by the Developer.

4.2 Types of Bonds

The financing plan for the District provides for the issuance of the Series 2023A Bonds in the estimated principal amount of $8,100,000* to finance a portion of the costs of the 2023 Project in the estimated amount of $6,627,300*. The Series 2023A Bonds are estimated to be amortized in 30 annual installments following an approximately 12-month capitalized interest period. Interest payments on the Series 2023A Bonds are projected to be made every May 1 and November 1, and principal payments on the Series 2023A Bonds are projected to be made on every May 1.

In order to finance a portion of the costs of the 2023 Project in the estimated amount of $6,627,300*, the District will need to borrow more funds and incur indebtedness in the total estimated amount of $8,100,000*. The difference is comprised of debt service reserve, capitalized interest, funds necessary for the partial prepayment of the District’s existing Capital Improvement Refunding Revenue Bonds, Series 2021A-2 (the “2021A-2 Bonds”) which all of the undeveloped land in Assessment Area 4 is subject to, as well the underwriter’s discount and costs of issuance.

Estimated sources and uses of funding for the Series 2023A Bonds are presented in Table 3 in the Appendix.

5.0 Assessment Methodology

5.1 Overview

The issuance of the Series 2023A Bonds provides the District with a portion of the funds necessary to construct the infrastructure improvements which constitute the 2023 Project outlined in Section 3.0 and described in more detail in Supplemental #2. These improvements lead to special and general benefits, with special benefits accruing to the assessable properties within Assessment Area 4 and general but only incidental benefits accruing to areas outside Assessment Area 4. The debt incurred in financing a portion of the 2023 Project will be satisfied by payment of special

* Estimated, subject to change
assessments by the lands in Assessment Area 4, that derive special and peculiar benefits from the 2023 Project. All of the assessable lands in Assessment Area 4 will be assessed for their fair share of the debt issued to finance the 2023 Project.

5.2 Benefit Allocation

The development program for Assessment Area 4 envisions the development of a total of 311 residential dwelling units, although unit numbers and land use types may change throughout the development period. The public infrastructure improvements that comprise the CIP will serve and provide benefit to all land uses in Assessment Area 4 and will comprise an interrelated system of improvements, which means all of the improvements will serve the Assessment Area 4 and improvements will be interrelated such that they will reinforce one another.

As stated previously, the public infrastructure improvements included in the 2023 Project have a logical connection to the special and peculiar benefits received by the land within Assessment Area 4, as without such improvements, the development of the properties within Assessment Area 4 would not be possible. Based upon the connection between the improvements and the special and peculiar benefits to the land within Assessment Area 4, it is permissible and supportable for the District to assign or allocate the District’s debt, through the imposition of non-ad valorem assessments, to the land within Assessment Area 4. Even though these special and peculiar benefits are real and ascertainable, the precise amount of the benefit cannot yet be calculated with mathematical certainty. However, such benefit is more valuable than the pro-rata cost of the improvements necessary for that parcel, or the actual non-ad valorem assessment amount levied on that parcel.

In following the Original Report, this Assessment Area 4 Report proposes to allocate the benefit associated with the 2023 Project to the different unit types proposed to be developed within Assessment Area 4 in proportion to their density of development and intensity of use of infrastructure as measured by a standard unit called an Equivalent Residential Unit ("ERU"). Table 4 in the Appendix illustrates the ERU weights that are proposed to be assigned to the unit types contemplated to be developed within Assessment Area 4 based on the relative density of development and the intensity of use of the infrastructure, the total ERU counts for each unit type, and the share of the benefit received by each unit type.
The rationale behind different ERU weights is supported by the fact that generally and on average smaller units or units with a lower intensity of use will use and benefit from the public infrastructure improvements which are part of the 2023 Project less than larger units or units with a higher intensity of use. For instance, generally and on average smaller units or units with lower intensity of use produce less storm water runoff, may produce fewer vehicular trips, and may need less water/sewer capacity than larger units. Additionally, the value of the larger units or units with a higher intensity of use is likely to appreciate by more in terms of dollars than that of the smaller units or units with a lower intensity of use as a result of the implementation of the 2023 Project. As the exact amount of the benefit and appreciation is not possible to be calculated at this time, the use of ERU measures serves as a reasonable approximation of the relative amount of benefit received by the different unit types from the District's improvements.

Based on the ERU benefit allocation illustrated in Table 4, Table 5 in the Appendix presents the allocation of the amount of 2023 Project costs allocated to the various unit types based on the ERU benefit allocation factors present in Table 4. Further, Table 5 illustrates the approximate costs that are projected to be financed with the Series 2023A Bonds, and the approximate costs of the portion of the 2023 Project costs to be contributed by the Developer, as the case may be. With the Series 2023 Bonds funding an estimated $6,627,300* in costs of the 2023 Project, the Developer is anticipated to fund improvements valued an estimated $4,665,900* which will not be funded with proceeds of the Series 2023A Bonds.

Finally, Table 6 in the Appendix presents the apportionment of the assessment associated with funding of the 2023 Project (the “Series 2023A Bond Assessments”) in accordance with the benefit allocation method presented in Table 4. Table 6 also presents the annual levels of the projected annual debt service assessments per unit.

### 5.3 Assigning Debt

Because the land in Hampton Lakes East, Parcel C and Parcel Z is currently unplatted and the precise location of the future residential dwelling units by lot or parcel is unknown, the Bond Assessments will initially be levied on the unplatted land within Hampton Lakes East, Parcel C and Parcel Z on an equal pro-rata gross acre basis within

* Estimated, subject to change
each of Assessment Area, 4 Parcel C and Parcel Z as set forth herein, and thus the Series 2023A Bond Assessments in the estimated amount of $4,572,958.89* will be initially levied on approximately 94.95 +/- gross acres within Hampton Lakes East at a rate of $48,161.76* per acre, Series 2023A Bond Assessments in the estimated amount of $567,515.92* will be initially levied on approximately 5.54 +/- gross acres within Parcel C at a rate of $102,439.70* per acre, and Series 2023A Bond Assessments in the estimated amount of $464,331.21* will be initially levied on approximately 4.91 +/- gross acres within Parcel Z at a rate of $94,568.47* per acre.

As the land is platted, the Series 2023A Bond Assessments will be allocated to each platted parcel on a first platted-first assigned basis based on the planned use for that platted parcel as reflected in Table 6 in the Appendix. Such allocation of Series 2023A Bond Assessments to platted parcels will reduce the amount of Series 2023A Bond Assessments levied on unplatted gross acres within Hampton Lakes East, Parcel C and Parcel Z and result in the final allocation of the Series 2023A Bond Assessment on units within Hampton Lakes East, Parcel C and Parcel Z.

Further, to the extent that any land which has not been platted is sold to another developer or builder, the Series 2023A Bond Assessments will be assigned to such parcel at the time of the sale based upon the development rights associated with such parcel that are transferred from seller to buyer. The District shall provide an estoppel or similar document to the buyer evidencing the amount of Series 2023A Bond Assessments assigned to the land being transferred.

As the land in Parcel H is currently platted into 23 100' SF lots and is expected to be replatted in the near future into 33 70' SF lots, the Series 2023A Bond Assessments will be allocated to each platted 100' SF lot at 33/23 of the amount of the Series 2023A Bond Assessments that are proposed to be allocated to each 70' SF lot as illustrated in Table 6 in the Appendix or an estimated $47,106.06* per each 100’ SF lot. Lastly, as the land in Parcel K2 is currently platted into 43 70' SF lots, the Series 2023A Bond Assessments will be allocated to each platted 70' SF lot in accordance with the amounts illustrated in Table 5 in the Appendix or $32,831.50* per each 70' SF lot.

* Estimated, subject to change
Please note that all of the undeveloped land in Assessment Area 4 is subject to the District’s existing 2021A-2 Bonds outstanding as of the date of this Assessment Area 4 Report in the total amount of $1,622,236.48. It is planned that the outstanding 2021A-2 Bonds applicable to Assessment Area 4 will be prepaid by the Developer prior to issuance of the Series 2023A Bonds.

5.4 Lienability Test: Special and Peculiar Benefit to the Property

As first discussed in Section 1.3, Special Benefits and General Benefits, improvements undertaken by the District as part of the 2023 Project create special and peculiar benefits to certain properties within Assessment Area 4. The District’s improvements benefit assessable properties within Assessment Area 4 and accrue to all such assessable properties accrue to all such assessable properties on an ERU basis as illustrated in Table 4 in the Appendix.

Public infrastructure improvements undertaken by the District can be shown to be creating special and peculiar benefits to the property within Assessment Area 4. The special and peculiar benefits resulting from each improvement include, but are not limited to:

a. added use of the property;
b. added enjoyment of the property;
c. decreased insurance premiums;
d. increased marketability and value of the property.

The public infrastructure improvements which are part of the 2023 Project make Assessment Area 4 developable and saleable and when implemented jointly as parts of the 2023 Project, provide special and peculiar benefits which are greater than the benefits of any single category of improvements. These special and peculiar benefits are real and ascertainable, but not yet capable of being calculated and assessed in terms of numerical value; however, such benefits are more valuable than either the cost of, or the actual assessment levied for, the improvement or debt allocated to the parcel of land.

5.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay

A reasonable estimate of the proportion of special and peculiar benefits received from the public infrastructure improvements is delineated in Table 4 (expressed as ERU factors) in the Appendix.
The apportionment of the assessments is fair and reasonable because it was conducted on the basis of consistent application of the methodology described in Section 5.2 across all assessable property within Assessment Area 4 according to reasonable estimates of the special and peculiar benefits derived from the 2023 Project by the proposed land use.

Accordingly, no acre or parcel of property within Assessment Area 4 will be liened for the payment of any non-ad valorem special assessment more than the determined special benefit peculiar to that property.

5.6 True-Up Mechanism

The assessment methodology described herein is based on conceptual information obtained from the Developer prior to construction. As development occurs it is possible that the number of type of units may change. The mechanism for maintaining the methodology over the changes is referred to as true-up.

This mechanism is utilized to ensure that the Series 2023A Bond Assessments on a per unit basis never exceed the maximum allocated assessment as contemplated in the adopted assessment methodology. The maximum Series 2023A Bond Assessments per unit preliminarily equals to the amounts listed in Table 6 in the Appendix. If changes occur, the methodology is applied to the land based on the number of and type of units of particular units within each and every parcel.

As the land is platted or replatted, the Series 2023A Bond Assessments are assigned to platted parcels based on the figures in Table 6 in the Appendix. If as a result of platting and apportionment of the Series 2023A Bond Assessments to the platted parcel of land, the Series 2023A Bond Assessments per unit for land that remains unplatted within Assessment Area 4 remain equal to the levels in Table 6, then no true-up adjustment will be necessary.

If as a result of platting or replatting and apportionment of the Series 2023A Bond Assessments to the platted or replatted land, the amount of Series 2023A Bond Assessments per unit for land that remains unplatted within Hampton Lakes East or Parcels C, H, Z and K2 equals less than the levels in Table 6 (either as a result of a larger number of units, different units or both), then the per unit Series 2023A Bond Assessments for all parcels within either Hampton Lakes
East or Parcels C, H, Z and K2 (whichever portion experienced the change) will be lowered at the conclusion of platting and development of that portion.

If, in contrast, as a result of platting or replatting and apportionment of the Bond Assessments to the platted or replatted land, the Series 2023A Bond Assessments per unit for land that remains unplatted within Hampton Lakes East or Parcels C, H, Z and K2 equals more than the levels in Table 6 (either as a result of a smaller number of units, different units or both), then the difference in Series 2023A Bond Assessments plus accrued interest will be collected from the owner of the property being platted or replatted which caused the increase of Series 2023A Bond Assessments to occur, in accordance with a true-up agreement to be entered into between the District and the Developer. Such true-up agreement will be recorded in the public records and be binding on successors and assigns of unplatted lands within Hampton Lakes East or Parcels C, H, Z and K2. The owner(s) of the property will be required to immediately remit to the Trustee for redemption a true-up payment equal to the difference between the actual Series 2023A Bond Assessments per unit and the amounts illustrated in Table 6 multiplied by the actual number of units plus accrued interest to the next succeeding interest payment date on the Series 2023A Bonds, unless such interest payment date occurs within 45 days of such true-up payment, in which case the accrued interest shall be paid to the following interest payment date.

5.7 Assessment Roll

The Series 2023A Bond Assessments in the estimated amount of $8,100,000* are proposed to be levied in the manner illustrated in Exhibit “A”. Excluding any capitalized interest period, debt service assessments shall be paid in thirty (30) annual principal installments.

REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of River Hall Community Development District (the "District"), as of and for the year ended September 30, 2022, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of River Hall Community Development District as of September 30, 2022, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
To the Board of Supervisors
River Hall Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

Auditor’s Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.
To the Board of Supervisors
River Hall Community Development District

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that Management’s Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued a report dated May 23, 2023 on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering River Hall Community Development District’s internal control over financial reporting and compliance.

May 23, 2023
Management's discussion and analysis of River Hall Community Development District (the "District") financial performance provides an objective analysis of the District’s financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to financial statements. The Government-wide financial statements present an overall picture of the District’s financial position and results of operations. The Fund financial statements present financial information for the District's major funds. The Notes to financial statements provide additional information concerning the District's finances.

The Government-wide financial statements are the statement of net position and the statement of activities. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The statement of net position presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position are reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The statement of activities presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District’s operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and interest on long term debt.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.
OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all governmental funds. A statement of revenues, expenditures, and changes in fund balances – budget and actual is provided for the District’s General Fund. Fund financial statements provide more detailed information about the District’s activities. Individual funds are established by the District to track revenues and expenditures that are restricted for certain purposes or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District’s financial standing. These statements are comparable to private-sector companies and give a good understanding of the District’s overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the statement of net position. All liabilities, including principal outstanding on bonds are included. The statement of activities includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid “doubling up” the revenues and expenses. The fund financial statements provide a picture of the major funds of the District. In the case of governmental funds, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, a reconciliation is provided from the fund financial statements to the government-wide financial statements.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the notes to financial statements.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2022.

- The District’s total assets and deferred outflows of resources exceeded total liabilities by $7,034,463 (net position). Unrestricted net position for Governmental Activities was $854,839. Net position restricted was $320,582. Net investment in capital assets was $5,859,042.

- Governmental activities revenues totaled $2,758,969 while governmental activities expenses totaled $1,984,320.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES
For the Year Ended September 30, 2022

Net Changes in Fund Balances - Total Governmental Funds $ (1,927,426)

Amounts reported for governmental activities in the Statement of Activities are different because:

Government funds reported capital outlays as expenditures; however, in the Statement of Activities, the cost of those assets is eliminated and capitalized in the Statement of Net Position. This is the amount that capital outlay, $2,234,715, exceeded depreciation, $(507,319). 1,727,396

Repayment of long-term liabilities are reported as expenditures in the governmental funds statement but such repayments reduce liabilities in the Statement of Net Position. 1,165,000

The deferred amount on refunding of debt is recognized as an other financing source at the fund level, but at the government-wide level it increases liabilities. This is the amount of the current year interest. (26,836)

Bond discount and premium are recognized as an other financing use in the year the debt was issued at the fund level, however, at the government-wide level they are recognized as a contra liability and amortized over the life of the bond as interest. This is the amount of current year interest. 24,240

Unavailable revenues are recognized as deferred inflows of resources at the fund level; however, revenue is recognized when earned at the government-wide level. This is the current year change. 11,558

In the Statement of Activities, interest is accrued on outstanding bonds; whereas in governmental funds, interest expenditures are reported when due. This is the change in accrued interest from the prior year. (199,283)

Change in Net Position of Governmental Activities $ 774,649

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on April 21, 2005, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, equipping, operating and maintaining water management, district roads, landscaping, street lights and other basic infrastructure projects within or outside the boundaries of the River Hall Community Development District. The District is governed by a five-member Board of Supervisors who are elected on an at-large basis by qualified electors living within the boundaries of the District. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the River Hall Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

   a. Government-wide Financial Statements

      The government-wide financial statements are reported using the economic resources
      measurement focus and the accrual basis of accounting. Government-wide financial
      statements report all non-fiduciary information about the reporting government as a
      whole. These statements include all the governmental activities of the primary
      government. The effect of interfund activity has been removed from these statements.

      Governmental activities are supported by special assessments. Program revenues
      include charges for services and payments made by parties outside of the reporting
      government’s citizenry if that money is restricted to a particular program. Program
      revenues are netted with program expenses in the Statement of Activities to present the
      net cost of each program.

      Amounts paid to acquire capital assets are capitalized as assets, rather than reported as
      an expenditure. Proceeds of long-term debt are recorded as liabilities in the
      government-wide financial statements, rather than as an other financing source.

      Amounts paid to reduce long-term indebtedness of the reporting government are
      reported as a reduction of the related liability, rather than as an expenditure.

   b. Fund Financial Statements

      The underlying accounting system of the District is organized and operated on the basis
      of separate funds, each of which is considered to be a separate accounting entity. The
      operations of each fund are accounted for with a separate set of self-balancing accounts
      that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses,
      as appropriate. Governmental resources are allocated to and accounted for in individual
      funds based upon the purposes for which they are to be spent and the means by which
      spending activities are controlled.

      Fund financial statements for the primary government’s governmental funds are
      presented after the government-wide financial statements. These statements display
      information about major funds individually.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

**Governmental Funds**

The District implemented the Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

**Nonspendable Fund Balance** – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

**Restricted Fund Balance** – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

**Assigned Fund Balance** – This classification consists of the Board of Supervisors’ intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District’s management company.

**Unassigned Fund Balance** – This classification is the residual classification for the government’s general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**Fund Balance Spending Hierarchy** – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

   b. Fund Financial Statements (Continued)

      Governmental Funds (Continued)

      Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

      Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest revenue associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

      Under the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

      Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

      Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as another financing source rather than as a fund liability.

      Debt service expenditures are recorded only when payment is due.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund is composed of General Fund and Reserve Fund balances.

Debt Service Fund – Accounts for debt service requirements to retire the capital improvement bonds which were used to finance the construction of District infrastructure improvements.

Capital Projects Fund – Accounts for the construction of improvements within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as general obligation bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as “Qualified Public Depositories,” a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash and cash equivalents includes time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity (Continued)

b. Restricted Assets

Certain assets of the District and a corresponding liability or portion of net position is classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land improvements, infrastructure, improvements other than buildings and construction in progress, are reported in governmental activities.

The District defines capital assets as assets with an initial, individual cost of $5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method over the assets’ estimated useful lives. Useful life for assets is estimated at 15 years for infrastructure and 15 – 30 years for improvements other than buildings.

d. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. Formal budgets are adopted for the general fund. The legal level of budgetary control is at the fund level. As a result, deficits in the budget columns of the accompanying financial statements may occur. All budgeted appropriations lapse at year end.

e. Deferred Outflows of Resources

Deferred outflow of resources is the consumption of net position by the government that is applicable to a future reporting period. Deferred amount on refunding is amortized and recognized as a component of interest expense over the life of the bond.

f. Unamortized Bond Discounts/Premiums

Bond discounts/premiums are presented on the government-wide financial statements. The costs are amortized over the life of the bonds using the straight-line method. For financial reporting, the unamortized bond discounts/premiums are netted against the applicable long-term debt.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity (Continued)

g. Net Position

Net position represents the difference between assets and liabilities and is reported in three categories. Net position invested in capital assets, net of related debt, represents capital assets, net of accumulated depreciation and any outstanding debt related to those assets. Net position is reported as restricted when there are legal limitations imposed on their use by legislation, or external restrictions imposed by other governments, creditors, or grantors. Unrestricted net position is assets that do not meet definitions of the classifications previously described.

NOTE B – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2022, the District's bank balance was $928,608 and the carrying value was $925,065. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2022, the District had the following investments and maturities:

NOTE B – CASH AND INVESTMENTS (CONTINUED)

The District categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most realizable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtained quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments in the First American Government Obligation Fund are Level 1 assets.

Investments

The District’s investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. The investment in Florida PRIME is measured at amortized cost. Florida PRIME has established policies and guidelines regarding participant transactions and the authority to limit or restrict withdrawals or impose a penalty for an early withdrawal. As of September 30, 2022, there were no redemption fees, maximum transaction amounts, or any other requirements that would limit daily access to 100 percent of the account value.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, however, the bond indenture limits the type of investments held using unspent proceeds.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices.
NOTE B – CASH AND INVESTMENTS (CONTINUED)

Credit Risk (Continued)

As a pool participant, the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments. Fair market value is determined and reported as disclosed by the State Board of Administration and the calculation of the net change in the fair value of investments is independent of the calculation of realized gains and losses.

As of September 30, 2022, the District's investments in the First American Government Obligation Fund and Florida PRIME were rated AAAm by Standard & Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in the First American Government Obligation Fund represents 99% of the District's total investments. The investment in Florida PRIME represents less than 1% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2022 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE C – SPECIAL ASSESSMENT REVENUES

Special assessment revenues recognized for the 2021-2022 fiscal year were levied in October 2021. All assessments are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes, discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Assessments paid in March are without discount.

All unpaid assessments become delinquent as of April 1. Virtually all unpaid assessments are collected via the sale of tax certificates on or prior to, June 1; therefore, there were no material taxes receivable at fiscal year end.

INDEPENDENT AUDITORS’ REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of River Hall Community Development District, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated May 23, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered River Hall Community Development District’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of River Hall Community Development District’s internal control. Accordingly, we do not express an opinion on the effectiveness of River Hall Community Development District’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.
To the Board of Supervisors
River Hall Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether River Hall Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of River Hall Community Development District as of and for the year ended September 30, 2021, and the related notes to financial statements, which collectively comprise the District’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
To the Board of Supervisors  
River Hall Community Development District  

Opinion  

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of River Hall Community Development District as of September 30, 2021, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.  

Other Matters  

Required Supplementary Information  

Governmental accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures in accordance with governmental auditing standards generally accepted in the United States of America, which consisted principally of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.  

Other Reporting Required by Government Auditing Standards  

In accordance with Government Auditing Standards, we have also issued a report dated March 22, 2022 on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.  

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering River Hall Community Development District’s internal control over financial reporting and compliance.

March 22, 2022
Management’s discussion and analysis of River Hall Community Development District (the “District”) financial performance provides an objective analysis of the District’s financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District’s financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District’s basic financial statements comprise three components; 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to financial statements. The Government-wide financial statements present an overall picture of the District’s financial position and results of operations. The Fund financial statements present financial information for the District’s major funds. The Notes to financial statements provide additional information concerning the District’s finances.

The Government-wide financial statements are the statement of net position and the statement of activities. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The statement of net position presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position are reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The statement of activities presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District’s operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and interest on long term debt.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.
OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all governmental funds. A statement of revenues, expenditures, and changes in fund balances – budget and actual is provided for the District’s General Fund. Fund financial statements provide more detailed information about the District’s activities. Individual funds are established by the District to track revenues and expenditures that are restricted for certain purposes or to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District’s financial standing. These statements are comparable to private-sector companies and give a good understanding of the District’s overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the statement of net position. All liabilities, including principal outstanding on bonds are included. The statement of activities includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid “doubling up” the revenues and expenses. The fund financial statements provide a picture of the major funds of the District. In the case of governmental funds, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, a reconciliation is provided from the fund financial statements to the government-wide financial statements.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the notes to financial statements.

Net Changes in Fund Balances - Total Governmental Funds $ (6,912,163)

Amounts reported for governmental activities in the Statement of Activities are different because:

Government funds reported capital outlays as expenditures; however, in the Statement of Activities, the cost of those assets is eliminated and capitalized in the Statement of Net Position. This is the amount that capital outlay, $5,250,979, exceeded depreciation, $(507,319). 4,743,660

The issuance of long-term debt, $(18,995,000), net of bond premium, $(361,864), is recorded as an other financing source at the fund level, however at the government-wide level it increases non-current liabilities. (19,356,864)

Repayment of long-term liabilities are reported as expenditures in the governmental funds statement but such repayments reduce liabilities in the Statement of Net Position. 20,970,000

The deferred amount on refunding of debt is recognized as an other financing source at the fund level, but at the government-wide level it increases liabilities. This is the amount of the current year deferred amount on refunding. 389,130

Bond discount is recognized as an other financing use in the year the debt was issued at the fund level, however at the government-wide level it is recognized as a contra liability and amortized over the life of the bond as interest. This is the amount of current year interest

(716)

In the Statement of Activities, interest is accrued on outstanding bonds; whereas in governmental funds, interest expenditures are reported when due. This is the change in accrued interest from the prior year. 340,539

Change in Net Position of Governmental Activities $ 173,586

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on April 21, 2005, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, equipping, operating and maintaining water management, district roads, landscaping, street lights and other basic infrastructure projects within or outside the boundaries of the River Hall Community Development District. The District is governed by a five-member Board of Supervisors who are elected on an at-large basis by qualified electors living within the boundaries of the District. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the River Hall Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments. Program revenues include charges for services and payments made by parties outside of the reporting government’s citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government’s governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds

The District implemented the Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors’ intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District’s management company.

Unassigned Fund Balance – This classification is the residual classification for the government’s general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

   b. Fund Financial Statements (Continued)

      Governmental Funds (Continued)

      Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

      Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest revenue associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

      Under the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

      Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

      Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as another financing source rather than as a fund liability.

      Debt service expenditures are recorded only when payment is due.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund is composed of General Fund and Reserve Fund balances.

Debt Service Fund – Accounts for debt service requirements to retire the capital improvement bonds which were used to finance the construction of District infrastructure improvements.

Capital Projects Fund – Accounts for the construction of improvements within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as land and buildings, and non-current governmental liabilities, such as general obligation bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash and cash equivalents includes time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity (Continued)

b. Restricted Assets

Certain assets of the District and a corresponding liability or portion of net position is classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land improvements, infrastructure, improvements other than buildings and construction in progress are reported in governmental activities.

The District defines capital assets as assets with an initial, individual cost of $5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method over the assets’ estimated useful lives. Useful life for assets is estimated at 15 years.

d. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. Formal budgets are adopted for the general fund. The legal level of budgetary control is at the fund level. As a result, deficits in the budget columns of the accompanying financial statements may occur. All budgeted appropriations lapse at year end.

e. Deferred Outflows of Resources

Deferred outflow of resources is the consumption of net position by the government that is applicable to a future reporting period. Deferred amount on refunding is amortized and recognized as a component of interest expense over the life of the bond.

f. Unamortized Bond Discounts/Premiums

Bond discounts/premiums are presented on the government-wide financial statements. The costs are amortized over the life of the bonds using the straight-line method. For financial reporting, the unamortized bond discounts/premiums are netted against the applicable long-term debt.
NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity (Continued)

   g. Net Position

   Net position represents the difference between assets and liabilities and is reported in three categories. Net position invested in capital assets, net of related debt, represents capital assets, net of accumulated depreciation and any outstanding debt related to those assets. Net position is reported as restricted when there are legal limitations imposed on their use by legislation, or external restrictions imposed by other governments, creditors, or grantors. Unrestricted net position is assets that do not meet definitions of the classifications previously described.

NOTE B – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2021, the District's bank balance was $752,391 and the carrying value was $692,340. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2021, the District had the following investments and maturities:

NOTE B – CASH AND INVESTMENTS (CONTINUED)

The District categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most realizable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtained quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments in First American Treasury Obligation Fund and the first American Govt Obligation Fund are Level 1 assets.

Investments

The District’s investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. The investment in Florida PRIME is measured at amortized cost. Florida PRIME has established policies and guidelines regarding participant transactions and the authority to limit or restrict withdrawals or impose a penalty for an early withdrawal. As of September 30, 2021, there were no redemption fees, maximum transaction amounts, or any other requirements that would limit daily access to 100 percent of the account value.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, however; the bond indenture limits the type of investments held using unspent proceeds.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices.
NOTE B – CASH AND INVESTMENTS (CONTINUED)

Credit Risk (Continued)

As a pool participant, the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments. Fair market value is determined and reported as disclosed by the State Board of Administration and the calculation of the net change in the fair value of investments is independent of the calculation of realized gains and losses.

As of September 30, 2021, the District’s investments in the First American Treasury Obligation Fund, First American Govt Obligation Fund and Florida PRIME were rated AAAm by Standard & Poor’s.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in First American Treasury Obligation Fund represent less than 1% and the investments in First American Govt Obligation Fund represent 99% of the District’s total investments. The investment in Florida Prime represents less than 1% of the District’s total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2021 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE C – SPECIAL ASSESSMENT REVENUES

Special assessment revenues recognized for the 2020-2021 fiscal year were levied in October 2020. All assessments are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes, discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Assessments paid in March are without discount.

All unpaid assessments become delinquent as of April 1. Virtually all unpaid assessments are collected via the sale of tax certificates on or prior to, June 1; therefore, there were no material taxes receivable at fiscal year end.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
River Hall Community Development District
Lee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of River Hall Community Development District, as of and for the year ended September 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated March 22, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered River Hall Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of River Hall Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of River Hall Community Development District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
To the Board of Supervisors  
River Hall Community Development District  
Lee County, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether River Hall Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The provisions of this Disclosure Agreement are supplemental and in addition to the provisions of the Indenture with respect to reports, filings and notifications provided for therein, and do not in any way relieve the Issuer, the Trustee or any other person of any covenant, agreement or obligation under the Indenture (or remove any of the benefits thereof) nor shall anything herein prohibit the Issuer, the Trustee or any other person from making any reports, filings or notifications required by the Indenture or any applicable law.
