

# PRELIMINARY LIMITED OFFERING MEMORANDUM DATED JUNE 16, 2025

## NEW ISSUE - BOOK-ENTRY ONLY LIMITED OFFERING

NOT RATED

In the opinion of Greenberg Traurig, P.A., Bond Counsel, assuming the accuracy of certain representations and certifications and the continuing compliance with certain tax covenants, under existing statutes, regulations, rulings and court decisions, interest on the Series 2025 Bonds (as hereinafter defined) is excludable from gross income for federal income tax purposes; and, further, interest on the Series 2025 Bonds will not be an item of tax preference for purposes of the alternative minimum tax imposed on individuals. In the case of the alternative minimum tax imposed by Section 55(b)(2) of the Internal Revenue Code of 1986, as amended (the "Code") on applicable corporations (as defined in Section 59(k) of the Code), interest on the Series 2025 Bonds is not excluded from the determination of adjusted financial statement income. See "TAX MATTERS" herein for a description of certain other federal tax consequences of ownership of the Series 2025 Bonds. Bond Counsel is further of the opinion that the Series 2025 Bonds and the interest thereon are not subject to taxation under the laws of the State of Florida, except as to estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in said Chapter 220. See "TAX MATTERS" herein.

THE LIMITATION OF THE INITIAL OFFERING TO ACCREDITED INVESTORS DOES NOT DENOTE RESTRICTIONS ON TRANSFERS IN ANY SECONDARY MARKET FOR THE SERIES 2025 BONDS. POTENTIAL INVESTORS ARE SOLELY RESPONSIBLE FOR EVALUATING THE MERITS AND RISKS OF AN INVESTMENT IN THE SERIES 2025 BONDS. SEE "BONDOWNERS' RISKS" AND "SUITABILITY FOR INVESTMENT" HEREIN.

The District was created pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), and Ordinance No. 22-030 enacted by the Board of County Commissioners of St. Lucie County, Florida (the "County") on November 1, 2022 and effective on November 16, 2022, as amended by Ordinance No. 24-015 enacted by the Board of County Commissioners of the County on May 7, 2024 and effective on May 13, 2024 (collectively, the "Ordinance"). The District was created for the purpose of delivering certain community development services and facilities for the benefit of District Lands (as hereinafter defined) and has previously determined to undertake, in one or more stages, the acquisition and/or construction of public improvements and community facilities as set forth in the Act for the special benefit of the District Lands. The Act authorizes the District to issue bonds for the purposes of, among others, financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, or equipping water management, water supply, sewer and wastewater management, bridges or culverts, public roads, street lights and other basic infrastructure projects within or without the boundaries of the District as provided in the Act.

The boundaries of the District include approximately 3,234 gross acres of land (the "District Lands") in unincorporated St. Lucie County, which are being developed as "Solaeris" (the "Development"). The Development is planned to contain approximately 7,000 units. The Development is located south of the C-24 Canal and northwest of Glades Cut Off Road, directly west of Verano, a master planned community being developed by the Kolter Group.

The Development is being broken into multiple pods, labeled as Pod 1, Pod 2, Pod 3, Pod 4A, Pod 4B, Pod 5, Pod 6, Pod 7, Pod 8, Pod 9, Pod 10, and Pod 11. All of the aforementioned pods are currently within the boundaries of the District. Multiple assessment areas have and will be created to facilitate the

District's development and financing plans. The first assessment area is comprised of Pods 1, 2, 7, and 8 ("Assessment Area One"), which in the aggregate consist of 656 acres of land which are planned to contain approximately 1,721 residential units. The second assessment area is comprised of Pods 3, 5 and 6 ("Assessment Area Two"), which contains approximately 1,348.74 acres of land that are planned for 3,082 residential units. See "THE DEVELOPMENT" herein.

Oak Ridge Ranches LLC, a Florida limited liability company (the "Developer"), is the master developer of the Development. An affiliate of the Developer, Oak Ridge Resi Investments LLC, a Florida limited liability company (the "Landowner"), owns the lands in Assessment Area Two. The Developer is installing the master infrastructure improvements necessary for the Development. The Landowner is under contract to sell all of the undeveloped parcels in Assessment Area Two to pod purchasers, which will in turn install parcel-specific infrastructure improvements. Taylor Morrison (as defined herein) is under contract to acquire Pod 3, which is planned for 1,221 lots. DFH Land (as defined herein) is under contract to acquire Pod 6, which is planned for 1,000 lots. NVR (as defined herein) is under contract to acquire 867 developed lots in Pod 5 from an affiliate of the Developer. Taylor Morrison, NVR and DFH Land are sometimes referred to herein as the "Builders". The total base purchase price for the builder contracts in Assessment Area Two is approximately \$116 million, which amount does not include additional deferred compensation tied to certain home sale metrics. See "THE DEVELOPMENT" herein for more information.

The Series 2025 Bonds are being issued to finance certain offsite and master infrastructure improvements to support the development of the District Lands within Assessment Area Two (the "2025 Project"). See "THE CAPITAL IMPROVEMENT PLAN AND THE 2025 PROJECT" herein for more information.

The Series 2025 Bonds will be secured by the Assessment Area Two Special Assessments which will initially be levied on the approximately 1,348.74 acres which comprise Assessment Area Two. As platting within each Pod occurs, the Assessment Area Two Special Assessments will be assigned to the lots planned for that Pod within Assessment Area Two on a first platted, first assigned basis, as set forth in the Assessment Methodology (as defined herein) attached hereto as APPENDIX D. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS" and "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein for more information.

The District anticipates issuing additional series of bonds in the future in order to finance additional portions of the Capital Improvement Plan, including additional bonds for both master and neighborhood infrastructure development. Additional master infrastructure bonds will be secured by special assessments levied on lands separate and distinct from the Assessment Area Two lands which are subject to the Assessment Area Two Special Assessments that secure the Series 2025 Bonds. Additional neighborhood infrastructure bonds are expected to be issued, some of which may be secured by special assessments levied on the same Assessment Area Two lands that are subject to the Assessment Area Two Special Assessments and some of which may be secured by special assessments on lands separate and distinct from the Assessment Area Two lands. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" herein for more information.

Proceeds of the Series 2025 Bonds will be used to provide funds for (i) the Costs of acquiring and/or constructing a portion of the 2025 Project, (ii) the funding of the Series 2025 Reserve Account in an amount equal to the initial Reserve Requirement, (iii) funding interest on the Series 2025 Bonds through at least May 1, 2026, and (iv) the payment of the costs of issuance of the Series 2025 Bonds. See "ESTIMATED SOURCES AND USES OF FUNDS" herein.

The Series 2025 Bonds are being issued by the District pursuant to the Act, Resolution No. 2023-26, as supplemented and restated by Resolution No. 2024-06, and Resolution No. 2025-11, adopted by the

Board of Supervisors of the District (the "Board") on December 21, 2022, March 16, 2024 and May 15, 2025 (collectively, the "Bond Resolution"), and a Master Trust Indenture dated as of April 1, 2024 (the "Master Indenture"), as supplemented by a Second Supplemental Trust Indenture dated as of June 1, 2025 (the "Second Supplemental Indenture" and, together with the Master Indenture, the "Indenture"), each by and between the District and Regions Bank, as trustee (the "Trustee"). Capitalized terms not defined herein shall have the meanings assigned to them in the Indenture. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" herein.

The Series 2025 Bonds will be secured by a pledge of the Series 2025 Pledged Revenues (as defined herein), which consist primarily of the revenues received by the District from the Assessment Area Two Special Assessments (as defined herein) levied and collected on the assessable lands within Assessment Area Two within the District. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS" herein.

DTC shall be responsible for maintaining a book-entry-only system for recording the ownership interest of its participants ("Direct Participants") and other institutions that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Direct Participants and Indirect Participants will be responsible for maintaining records with respect to the beneficial ownership interests of individual purchasers of the Series 2025 Bonds ("Beneficial Owners"). Principal of and interest on the Series 2025 Bonds registered in the name of Cede & Co. prior to and at maturity shall be payable directly to Cede & Co. in care of DTC. Disbursal of such amounts to Direct Participants shall be the responsibility of DTC. Payments by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners shall be the responsibility of Direct Participants and Indirect Participants and not of DTC, the Trustee or the District. Investors may purchase beneficial interests in Authorized Denominations in book-entry-only form, without certificated Series 2025 Bonds, through Direct Participants and Indirect Participants. During the period for which Cede & Co. is registered owner of the Series 2025 Bonds, any notices to be provided to any Beneficial Owner of such Series 2025 Bonds will be provided to Cede & Co. DTC shall be responsible for notices to Direct Participants, and Direct Participants shall be responsible for notices to Indirect Participants, and Direct Participants and Indirect Participants shall be responsible for notices to Beneficial Owners. In the event DTC, any successor of DTC or the District, but only in accordance with the procedures of DTC, elects to discontinue the book-entry only system, the Trustee shall deliver bond certificates in accordance with the instructions from DTC or its successor and after such time, Bonds of the Series 2025 Bonds may be exchanged for an equal aggregate principal amount of the Series 2025 Bonds in other Authorized Denominations upon surrender thereof at the designated corporate trust office of the Trustee. See "DESCRIPTION OF THE SERIES 2025 BONDS – Book-Entry Only System" below.

The Series 2025 Bonds will initially be sold only to "accredited investors" within the meaning under Chapter 517, Florida Statutes, as amended, and the rules of the Florida Department of Financial Services promulgated thereunder, although there is no limitation on resales of the Series 2025 Bonds. See "SUITABILITY FOR INVESTMENT" below.

Regions Bank is initially serving as the Trustee, Registrar and Paying Agent for the Series 2025 Bonds.

## **Redemption Provisions**

### **Optional Redemption**

The Series 2025 Bonds may, at the option of the District, provided written notice hereof has been sent to the Trustee at least forty-five (45) days prior to the redemption date (unless the Trustee will accept less than forty-five (45) days' notice), be called for redemption prior to maturity as a whole or in part, at any time, on or after November 1, 20[ ] (less than all Series 2025 Bonds of a maturity to be selected by lot), at a Redemption Price equal to the principal amount of Series 2025 Bonds to be redeemed, plus accrued interest from the most recent Interest Payment Date to the redemption date from moneys on deposit in the Series 2025 Optional Redemption Subaccount of the Series 2025 Bond Redemption Account. If such optional redemption shall be in part, the District shall select such principal amount of Series 2025 Bonds to be optionally redeemed from each maturity so that debt service on the remaining Outstanding Series 2025 Bonds is substantially level.

Upon any redemption of Series 2025 Bonds other than in accordance with scheduled mandatory sinking fund payments, the District shall cause to be recalculated and delivered to the Trustee a revised mandatory sinking fund schedule recalculated so as to amortize the Outstanding principal amount of Series 2025 Bonds in substantially equal annual installments of principal and interest (subject to rounding to Authorized Denominations of principal) over the remaining term of the Series 2025 Bonds. The mandatory

sinking fund payments as so recalculated shall not result in an increase in the aggregate of the mandatory sinking fund payments for all Series 2025 Bonds in any year. In the event of a redemption occurring less than forty-five (45) days prior to a date on which a mandatory sinking fund redemption payment is due, the foregoing recalculation shall not be made to the mandatory sinking fund payment due in the year in which such redemption occurs, but shall be made to mandatory sinking fund payments for the immediately succeeding and subsequent years.

### **Extraordinary Mandatory Redemption**

The Series 2025 Bonds are subject to extraordinary mandatory redemption prior to maturity by the District in whole or in part, on any date (other than in the case of clause (i) below which extraordinary mandatory redemption in part must occur on a Quarterly Redemption Date), at a Redemption Price equal to 100% of the principal amount of the Series 2025 Bonds to be redeemed, plus interest accrued to the redemption date, as follows:

(i) from Series 2025 Prepayment Principal deposited into the Series 2025 Prepayment Subaccount of the Series 2025 Bond Redemption Account (taking into account the credit from the Series 2025 Reserve Account pursuant to the Second Supplemental Indenture) following a Prepayment in whole or in part of the Assessment Area Two Special Assessments on any assessable property within Assessment Area Two within the District in accordance with the provisions of the Second Supplemental Indenture and/or following a deposit of Impact Fee Credit Revenues to the Series 2025 Prepayment Subaccount pursuant to the Second Supplemental Indenture.

(ii) from moneys, if any, on deposit in the Series 2025 Funds, Accounts and subaccounts in the Funds and Accounts (other than the Series 2025 Rebate Fund, the Series 2025 Costs of Issuance Account and the Series 2025 Acquisition and Construction Account) sufficient to pay and redeem all Outstanding Series 2025 Bonds and accrued interest thereon to the redemption date or dates in addition to all amounts owed to Persons under the Indenture.

(iii) from any funds remaining on deposit in the Series 2025 Acquisition and Construction Account and Series 2025 Impact Fee Credit Revenues Subaccount not otherwise reserved to complete the 2025 Project (including any amounts transferred from the Series 2025 Reserve Account) all of which have been transferred to the Series 2025 General Redemption Subaccount of the Series 2025 Bond Redemption Account.

### **Notice of Redemption and of Purchase**

When required to redeem or purchase Series 2025 Bonds under any provision of the Indenture or directed to do so by the District, the Trustee shall cause notice of the redemption, either in whole or in part, to be mailed by first-class mail, postage prepaid, at least thirty (30) but not more than sixty (60) days prior to the redemption or purchase date to all Owners of Series 2025 Bonds to be redeemed or purchased (as such Owners appear on the Bond Register on the fifth (5<sup>th</sup>) day prior to such mailing), at their registered addresses, but failure to mail any such notice or defect in the notice or in the mailing thereof shall not affect the validity of the redemption or purchase of the Series 2025 Bonds for which notice was duly mailed in accordance with the Master Indenture.

If at the time of mailing of notice of redemption or purchase, the District shall not have deposited with the Trustee or Paying Agent moneys sufficient to redeem or purchase all the Series 2025 Bonds called for redemption or purchase, such notice shall state that it is subject to the deposit of the redemption or purchase moneys with the Trustee or Paying Agent, as the case may be, not later than the opening of business on the redemption or purchase date, and such notice shall be of no effect unless such moneys are

so deposited. If the amount of funds deposited with the Trustee for such redemption, or otherwise available, is insufficient to pay the Redemption Price and accrued interest on the Series 2025 Bonds so called for redemption on the redemption date, the Trustee shall redeem and pay on such date an amount of the Series 2025 Bonds for which funds are sufficient, selecting the Series 2025 Bonds to be redeemed randomly from among all Series 2025 Bonds called for redemption on such date, and among different maturities of Series 2025 Bonds in the same manner as the initial selection of Series 2025 Bonds to be redeemed, and from and after such redemption date, interest on such Series 2025 Bonds or portions thereof so paid shall cease to accrue and become payable; but interest on any Series 2025 Bonds or portions thereof not so paid shall continue to accrue until paid at the same rate as it would have had such Series 2025 Bonds not been called for redemption. The Trustee is authorized under the Indenture to provide conditional notices of redemption.

### **Purchase of Series 2025 Bonds**

At the written direction of the District, the Trustee shall apply moneys from time to time available in the Series 2025 Sinking Fund Account to the purchase of the Series 2025 Bonds in accordance with the Indenture, at prices not higher than the principal amount thereof, in lieu of redemption, provided that firm purchase commitments can be made before the notice of redemption would otherwise be required to be given.

### **Book-Entry Only System**

*The information in this caption concerning DTC and DTC's book-entry system has been obtained from DTC and neither the District nor the Underwriter make any representation or warranty or take any responsibility for the accuracy or completeness of such information.*

The Depository Trust Company ("DTC") will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2025 Bond certificate will be issued for each maturity of the Series 2025 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Series 2025 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2025 Bonds on DTC's records. The ownership interest of each actual purchaser of the Series 2025 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2025 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2025 Bonds, except in the event that use of the book-entry system for the Series 2025 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2025 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2025 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2025 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2025 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2025 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2025 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2025 Bond documents. For example, Beneficial Owners of Series 2025 Bonds may wish to ascertain that the nominee holding the Series 2025 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2025 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series 2025 Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2025 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2025 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions\*, and interest payments on the Series 2025 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of

customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Trustee, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions\*, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District and/or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2025 Bonds at any time by giving reasonable notice to the District or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Series 2025 Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Series 2025 Bond certificates will be printed and delivered to DTC.

## **SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS**

### **General**

THE SERIES 2025 BONDS ARE LIMITED OBLIGATIONS OF THE DISTRICT PAYABLE SOLELY FROM THE SERIES 2025 PLEDGED REVENUES PLEDGED THEREFOR UNDER THE INDENTURE, AND NEITHER THE PROPERTY, THE FULL FAITH AND CREDIT, NOR THE TAXING POWER OF THE DISTRICT, THE COUNTY, THE STATE OF FLORIDA (THE "STATE"), OR ANY OTHER POLITICAL SUBDIVISION THEREOF, IS PLEDGED AS SECURITY FOR THE PAYMENT OF THE SERIES 2025 BONDS, EXCEPT THAT THE DISTRICT IS OBLIGATED UNDER THE INDENTURE TO LEVY AND TO EVIDENCE AND CERTIFY, OR CAUSE TO BE CERTIFIED, FOR COLLECTION, THE ASSESSMENT AREA TWO SPECIAL ASSESSMENTS TO SECURE AND PAY THE SERIES 2025 BONDS. THE SERIES 2025 BONDS DO NOT CONSTITUTE AN INDEBTEDNESS OF THE DISTRICT, THE COUNTY, THE STATE, OR ANY OTHER POLITICAL SUBDIVISION THEREOF WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION.

The Series 2025 Bonds will be secured by a pledge of the Series 2025 Pledged Revenues. "Series 2025 Pledged Revenues" shall mean (a) all revenues received by the District from the Assessment Area Two Special Assessments levied and collected on the assessable lands within Assessment Area Two within the District, including, without limitation, amounts received from any foreclosure proceeding for the enforcement of collection of such Assessment Area Two Special Assessments or from the issuance and sale of tax certificates with respect to such Assessment Area Two Special Assessments, and (b) all moneys on deposit in the Funds, Accounts and subaccounts established under the Second Supplemental Indenture created and established with respect to or for the benefit of the Series 2025 Bonds; provided, however, that Series 2025 Pledged Revenues shall not include (A) any moneys transferred to the Series 2025 Rebate Fund established under the Second Supplemental Indenture and investment earnings thereon, (B) moneys on deposit in the Series 2025 Costs of Issuance Account established under the Second Supplemental Indenture within the Acquisition and Construction Fund; and (C) "special assessments" levied and collected by the District under Section 190.022 of the Act for maintenance purposes or "maintenance assessments" levied and collected by the District under Section 190.021(3) of the Act (it being expressly understood that the lien and pledge of the Indenture shall not apply to any of the moneys described in the foregoing clauses

---

\* Not applicable to the Series 2025 Bonds.

(A), (B) and (C) of this proviso). Series 2025 Pledged Revenues shall also mean the Series 2025 Pledged Revenues shall also mean the Impact Fee Credit Revenues (as defined herein) until applied pursuant to the Second Supplemental Indenture and the Acquisition Agreement relating to the acquisition of the 2025 Project, by and between the Developer and the District (the "Acquisition Agreement").

"Assessment Area Two Special Assessments" shall mean the Special Assessments levied on the assessable lands within Assessment Area Two within the District as a result of the District's acquisition and/or construction of the 2025 Project, corresponding in amount to the debt service on the Series 2025 Bonds and designated as such in the Assessment Methodology (as defined below). See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein for more information regarding the allocation of the Assessment Area Two Special Assessments.

The Assessment Area Two Special Assessments are non-ad valorem special assessments imposed and levied by the District pursuant to Section 190.022 of the Act and the Assessment Resolutions (as defined in the Indenture) and assessment proceedings conducted by the District (together with the Assessment Resolutions, the "Assessment Proceedings"). Non-ad valorem assessments are not based on millage and are not taxes, but are a lien against the homestead as permitted in Section 4, Article X of the Florida State Constitution. The Assessment Area Two Special Assessments will constitute separate liens against the land as to which the Assessment Area Two Special Assessments are imposed. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein. The Assessment Methodology, which describes the methodology for allocating the Assessment Area Two Special Assessments to the District Lands, is included as APPENDIX D attached hereto.

In the Master Indenture, the District covenants that, if any Special Assessment shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the District shall be satisfied that any such Special Assessment is so irregular or defective that the same cannot be enforced or collected, or if the District shall have omitted to make such Special Assessment when it might have done so, the District shall either (i) take all necessary steps to cause a new Special Assessment to be made for the whole or any part of said improvement or against any property benefited by said improvement, or (ii) in its sole discretion, make up the amount of such Special Assessment from any legally available moneys, which moneys shall be deposited into the Series 2025 Revenue Account in the Revenue Fund. In case such second Special Assessment shall be annulled, the District shall obtain and make other Special Assessments until a valid Special Assessment shall be made.

### **Prepayment of Assessment Area Two Special Assessments**

Pursuant to the Assessment Proceedings, an owner of property subject to the Assessment Area Two Special Assessments may pay the entire principal balance of such Special Assessment on lands it owns within Assessment Area Two within the District, in whole at any time or in part up to two times, if there is also paid an amount equal to the interest that would otherwise be due on such prepaid amount on the next succeeding Quarterly Redemption Date for the Series 2025 Bonds which is at least 45 days after the date of the prepayment.

Pursuant to the Act, an owner of property subject to the levy of Assessment Area Two Special Assessments may pay the entire balance of the Assessment Area Two Special Assessments remaining due, without interest, within 30 days after the 2025 Project has been completed or acquired by the District, and the Board has adopted a resolution accepting the 2025 Project pursuant to Chapter 170.09, Florida Statutes. The Landowner will covenant to waive this right on behalf of itself and its successors and assigns for the land in Assessment Area Two of the District it owns in connection with the issuance of the Series 2025 Bonds. See "BONDOWNERS' RISKS – Prepayment and Redemption Risk" herein.

The Series 2025 Bonds are subject to extraordinary redemption as indicated under "DESCRIPTION OF THE SERIES 2025 BONDS – Redemption Provisions – Extraordinary Mandatory Redemption" from optional or required prepayments of the Assessment Area Two Special Assessments by property owners. Prepayment of the Assessment Area Two Special Assessments does not entitle a property owner to any discounts.

### **Covenant Against Sale or Encumbrance**

In the Master Indenture, the District will covenant that (a) except for those improvements comprising the 2025 Project that are to be conveyed by the District to the County, the State Department of Transportation or another governmental entity and (b) except as otherwise permitted in the Master Indenture, it will not sell, lease or otherwise dispose of or encumber the 2025 Project or any part thereof. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" attached hereto for more information.

### **Additional Obligations**

The District will covenant in the Second Supplemental Indenture not to issue any other Bonds or other debt obligations secured by the Assessment Area Two Special Assessments. Such covenant shall not prohibit the District from issuing refunding Bonds. The District is however permitted to issue other Bonds to finance additional public infrastructure within Assessment Area Two, secured by Special Assessments on the land within Assessment Area Two, provided that the total of Special Assessments including the Assessment Area Two Special Assessments levied on the land in Assessment Area Two shall not exceed \$2,500 per each planned residential unit (which amount excludes early discount and collection charges). The District's covenant described above shall not preclude the imposition of Special Assessments or other non-ad valorem assessments on such lands in connection with other capital projects that are necessary for health, safety or welfare reasons or to remediate a natural disaster. Notwithstanding any provision in the Indenture to the contrary, the District may issue other Bonds or debt obligations secured by Special Assessments levied on the lands within Assessment Area Two, other than the Assessment Area Two Special Assessments at any time upon the written consent of the Majority Holders.

The District and/or other public entities may impose taxes or other special assessments on the same properties encumbered by the Assessment Area Two Special Assessments without the consent of the Owners of the Series 2025 Bonds. The District will continue to impose certain non-ad valorem special assessments called maintenance assessments, which are of equal dignity with the Assessment Area Two Special Assessments, on the same lands upon which the Assessment Area Two Special Assessments are imposed, to fund the maintenance and operation of the District. See "THE DEVELOPMENT – Taxes, Fees and Assessments" and "BONDOWNERS' RISKS" herein for more information.

### **Acquisition and Construction Account**

The Second Supplemental Indenture establishes a separate account within the Acquisition and Construction Fund designated therein as the "Series 2025 Acquisition and Construction Account" and therein a "Series 2025 Impact Fee Credit Revenues Subaccount." Net proceeds of the Series 2025 Bonds shall be deposited into the Series 2025 Acquisition and Construction Account in the amount set forth in the Second Supplemental Indenture, together with any moneys transferred to the Series 2025 Acquisition and Construction Account in the manner provided in the Second Supplemental Indenture. Impact Fee Credit Revenues received by the Trustee from the Developer will be deposited into the Series 2025 Impact Fee Credit Revenues Subaccount. Such moneys in the Series 2025 Acquisition and Construction Account and the Series 2025 Impact Fee Credit Revenues Subaccount shall be disbursed by the Trustee as set forth in

the Indenture, and, upon disbursement, the District shall apply such moneys as provided for in the Indenture and the Acquisition Agreement.

Subject to the provisions of the Second Supplemental Indenture, any moneys remaining in the Series 2025 Acquisition and Construction Account after the Completion Date, and after the expenditure of all moneys remaining therein that have not been requisitioned within the later of satisfaction of the Release Conditions #1, Release Conditions #2 and Release Conditions #3 (each as defined under the heading "— Reserve Account" herein) and notice of the same has been given by the District Manager to the Trustee and the District, except for any moneys reserved therein for the payment of any costs of the 2025 Project owed but not yet requisitioned, as evidenced in a certificate from the District Manager to the Trustee, upon which the Trustee may conclusively rely, and the adoption of a resolution by the District accepting the 2025 Project, a copy of which shall be delivered to the Trustee, upon which the Trustee may conclusively rely, shall be transferred by the Trustee to the Series 2025 General Redemption Subaccount of the Series 2025 Bond Redemption Account. Subject to the provisions of the Second Supplemental Indenture, the Series 2025 Acquisition and Construction Account shall be closed upon the expenditure of all funds therein including moneys deposited therein as a result of satisfaction of Release Conditions #1, Release Conditions #2 and Release Conditions #3. In addition, and notwithstanding that the Completion Date has been declared as a result of the public infrastructure financed with the proceeds of the Series 2025 Bonds has been completed and conveyed to the District, the Impact Fee Credit Revenues on deposit in the Series 2025 Impact Credit Fee Revenues Subaccount shall continue to be requisitioned by the District until the non-creditable public infrastructure comprising a part of the 2025 Project has been completed. The Trustee shall continue to receive the Impact Credit Fee Revenues, unless the District has been notified in writing by the Developer that all of the non-creditable public infrastructure constituting a portion of the 2025 Project has been completed. The District, or the District Manager, on behalf of the District, shall provide written direction to the Trustee to not accept any further Impact Credit Fee Revenues which the Trustee may conclusively rely on. Notwithstanding the foregoing, upon such notice, all remaining Impact Fee Credit Revenues shall be deposited into the Series 2025 Prepayment Subaccount. Upon presentment by the District Manager or the District to the Trustee of a properly signed requisition in substantially the form attached to the Second Supplemental Indenture, the Trustee shall withdraw moneys from the Series 2025 Acquisition and Construction Account or the Series 2025 Impact Fee Revenues Subaccount, as applicable, and make payment to the Person or Persons so designated in such requisition.

"Impact Fee Credits" shall mean the credits awarded by the County to the District and then sold to a Builder or Builders which have been awarded based on the construction of certain of the master public infrastructure constituting a portion of the 2025 Project financed by the District with the proceeds of the Series 2025 Bonds. "Impact Fee Credit Revenues" mean the fees paid to the District (or the Developer as the administrator of the credits) by a Builder for the purchase of the Impact Fee Credits which the District (or the Developer on the District's behalf) shall transfer to the Trustee for deposit to the Series 2025 Impact Fee Credit Revenues Subaccount within the Series 2025 Acquisition and Construction Account.

In accordance with the provisions of the Indenture, the Series 2025 Bonds are payable solely from the Series 2025 Pledged Revenues. Except as provided below, anything in the Indenture to the contrary notwithstanding, the District will acknowledge that the Series 2025 Pledged Revenues include, without limitation, all amounts on deposit in the Series 2025 Acquisition and Construction Account of the Acquisition and Construction Fund then held by the Trustee, and upon the occurrence of an Event of Default with respect to the Series 2023 Bonds, (i) the Series 2025 Pledged Revenues may not be used by the District (whether to pay costs of the 2025 Project or otherwise) without the consent of the Majority Holders except to the extent that prior to the occurrence of the Event of default the district had incurred a binding obligation with third parties for work on the 2025 Project and payment is for such work, and (ii) the Series 2025 Pledged Revenues may be used by the Trustee, at the direction or with the approval of the Majority Holders, to pay the reasonable costs and expenses incurred in connection with the pursuit of remedies under the

Indenture. Prior to any action by the Trustee under the Indenture, the Majority Holders shall provide the District and the Trustee an indemnification regarding such actions so directed. The District also acknowledges and agrees that from and after an Event of Default, the Trustee is authorized to exercise the District's rights under the Collateral Assignment at the direction of the Majority Holders but without the consent or approval of the District, and the District will covenant not to enter into any contract regarding the 2025 Project from and after an Event of Default without the written direction of the Majority Holders. The Trustee is authorized to use any moneys on deposit in the Series 2025 Impact Fee Credit Revenues Subaccount during an Event of Default. Notwithstanding the foregoing, no action to foreclose the lien of the Assessment Area Two Special Assessments shall include the foreclosure of Impact Fee Credit Revenues since such moneys on deposit with the Trustee only result from a contractual relationship with the Developer. See "THE DEVELOPMENT – Developer Agreements" herein for more information regarding the Collateral Assignment and "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" attached hereto for more information regarding the District's covenants.

### **Reserve Account**

The Second Supplemental Indenture establishes a "Series 2025 Reserve Account" within the Debt Service Reserve Fund for the Series 2025 Bonds. The Series 2025 Reserve Account will, at the time of delivery of the Series 2025 Bonds, be funded from a portion of the net proceeds of the Series 2025 Bonds in the amount of the initial Series 2025 Reserve Requirement. The "Series 2025 Reserve Requirement" or "Reserve Requirement" shall mean an amount initially equal to the maximum annual debt service with respect to the initial principal amount of the Series 2025 Bonds determined on the date of issue. Upon satisfaction of the Release Conditions #1, the Series 2025 Reserve Requirement shall be reduced to an amount equal to fifty percent (50%) of the maximum annual debt service with respect to the then Outstanding principal amount of the Series 2025 Bonds. Upon satisfaction of the Release Conditions #2, the Series 2025 Reserve Requirement shall be reduced to an amount equal to ten percent (10%) of the maximum annual debt service with respect to the then Outstanding principal amount of the Series 2025 Bonds. Upon satisfaction of the Release Conditions #2, the Series 2025 Reserve Requirement shall be reduced to an amount equal to twenty-five percent (25%) of the maximum annual debt service with respect to the then Outstanding principal amount of the Series 2025 Bonds. If a portion of the Series 2025 Bonds are subject to extraordinary mandatory redemption as the result of a Prepayment of Assessment Area Two Special Assessments or from funds on deposit in the Series 2025 Acquisition and Construction Account after completion of the 2025 Project (as further described in the Second Supplemental Indenture), the Reserve Requirement shall be reduced in accordance with the terms of the Second Supplemental Indenture. Any amount in the Series 2025 Reserve Account may, upon final maturity or redemption of all Outstanding Series 2025 Bonds be used to pay principal of and interest on the Series 2025 Bonds at that time. The initial Series 2025 Reserve Requirement shall be equal to \$\_\_\_\_\_.

"Release Conditions #1" shall mean collectively (i) the outstanding principal portion of the Assessment Area Two Special Assessments have been assigned to the lots within Assessment Area Two within the District that have been developed and platted or such lands within Assessment Area Two have been conveyed to homebuilders, either as certified by the District Manager in writing and upon which the Trustee may conclusively rely, and (ii) there shall be no Events of Default under the Master Indenture, all as certified by the District Manager in writing and upon which the Trustee may conclusively rely.

"Release Conditions #2" shall mean collectively (i) all of the principal portion of the Assessment Area Two Special Assessments have been assigned to lots that have been developed, platted and conveyed to homebuilders, and (ii) there shall be no Events of Default under the Master Indenture, all as certified by the District Manager in writing and upon which the Trustee may conclusively rely.

"Release Conditions #3" shall mean collectively (i) all planned homes subject to the Assessment Area Two Special Assessments have each received a certificate of occupancy, (ii) all of the principal portion of the Assessment Area Two Special Assessments has been assigned to such homes, and (iii) there shall be no Events of Default under the Master Indenture, all as certified by the District Manager in writing and upon which the Trustee may conclusively rely.

On each March 15 and September 15 (or, if such date is not a Business Day, on the Business Day next preceding such day), the Trustee shall determine the amount on deposit in the Series 2025 Reserve Account and transfer, prior to the Completion Date, any excess therein above the Reserve Requirement for the Series 2025 Bonds caused by investment earnings to the Series 2025 Acquisition and Construction Account and after the Completion Date to the Series 2025 Revenue Account in accordance with the Second Supplemental Indenture.

Notwithstanding any of the foregoing, amounts on deposit in the Series 2025 Reserve Account shall be transferred by the Trustee, in the amounts directed in writing by the Majority Holders of the Series 2025 Bonds to the Series 2025 General Redemption Subaccount of the Series 2025 Bond Redemption Account if, as a result of the application of the provisions of the Master Indenture relating to remedies in Events of Default, the proceeds received from lands sold subject to the corresponding Assessment Area Two Special Assessments and applied to redeem a portion of the Series 2025 Bonds are less than the principal amount of the Series 2025 Bonds indebtedness attributable to such lands.

Subject to the provisions of the Second Supplemental Indenture, on any date the District or the District Manager, on behalf of the District, receives notice that a landowner wishes to prepay its Assessment Area Two Special Assessments relating to the benefited property of such landowner within Assessment Area Two within the District, or as a result of a mandatory true-up payment, the District shall, or cause the District Manager, on behalf of the District to, calculate the principal amount of such Prepayment taking into account a credit against the amount of the Series 2025 Prepayment Principal due by the amount of money in the Series 2025 Reserve Account that will be in excess of the applicable Reserve Requirement, taking into account the proposed Prepayment. Such excess in the Series 2025 Reserve Account shall be transferred by the Trustee to the Series 2025 Prepayment Subaccount of the Series 2025 Bond Redemption Account, as a result of such Prepayment. The District Manager, on behalf of the District, shall make such calculation within ten (10) Business Days after receiving notice of such Prepayment and shall instruct the Trustee in writing to transfer such amount of credit given to the landowner from the Series 2025 Reserve Account to the Series 2025 Prepayment Subaccount of the Series 2025 Bond Redemption Account to be used for the extraordinary mandatory redemption of the Series 2025 Bonds in accordance with the Second Supplemental Indenture. The Trustee is authorized to make such transfers and has no duty to verify such calculations. Notwithstanding the foregoing, and as further described in the next succeeding paragraph, upon satisfaction of the Release Conditions #1, Release Conditions #2 or Release Conditions #3, as the case may be, the Trustee shall deposit such excess on deposit in the Series 2025 Reserve Account to the Series 2025 Acquisition and Construction Account and pay such amount deposited in the Series 2025 Acquisition and Construction Account to the Person or Persons designated in a requisition attached as an exhibit to the Second Supplemental Indenture submitted to the District by the Developer which requisition shall be executed by the District and the Consulting Engineer. Such payment is authorized notwithstanding that the Completion Date might have been declared provided that there are Costs of the 2025 Project that were not paid from moneys initially deposited in the Series 2025 Acquisition and Construction Account and the Trustee has on file one or more properly executed unfunded requisitions. In the event there are multiple unfunded requisitions on file with the Trustee, the Trustee shall fund such requisitions in the order the Trustee has received them (from oldest to newest). In the event that there are no unfunded requisitions on file with the Trustee, such excess moneys transferred from the Series 2025 Reserve Account to the Series 2025 Acquisition and Construction Account shall be deposited into the Series 2025 General Redemption Subaccount of the Series 2025 Bond Redemption Account.

Upon satisfaction of the Release Conditions #1, Release Conditions #2 or Release Conditions #3, as evidenced by a written certificate of the District Manager delivered to the District and the Trustee stating that Release Conditions #1, Release Conditions #2 or Release Conditions #3 have been satisfied and setting forth the amount of the new Series 2025 Reserve Requirement, the Trustee shall without further direction reduce the Series 2025 Reserve Requirement to either fifty percent (50%) of the maximum annual debt service of the then Outstanding principal amount of the Series 2025 Bonds, as calculated by the District Manager upon satisfaction of Release Conditions #1, or to twenty-five percent (25%) of the maximum annual debt service of the then Outstanding principal amount of the Series 2025 Bonds, as calculated by the District Manager upon satisfaction of Release Conditions #2, or ten percent (10%) of the maximum annual debt service of the then Outstanding principal amount of the Series 2025 Bonds as calculated by the District Manager upon satisfaction of Release Conditions #3. The excess amount in the Series 2025 Reserve Account as a result of satisfaction of Release Conditions #1 or Release Conditions #2 or Release Conditions #3 shall be transferred to the Series 2025 Acquisition and Construction Account. The Trustee may conclusively rely on such written certificate of the District Manager.

In addition, in the event of an extraordinary mandatory redemption from funds transferred to the Series 2025 General Redemption Subaccount from the Series 2025 Acquisition and Construction Account upon completion of the 2025 Project, the District, or the District Manager on behalf of the District, shall calculate the Reserve Requirement and communicate the same to the Trustee and the Trustee shall apply any resulting excess in the Series 2025 Reserve Account, based on the Reserve Requirement calculated by the District Manager, toward such extraordinary mandatory redemption.

It shall be an Event of Default under the Master Indenture if at any time the amount in the Series 2025 Reserve Account established thereunder is less than the Series 2025 Reserve Requirement for such Series 2025 Reserve Account as a result of the Trustee withdrawing an amount therefrom to satisfy the Debt Service Requirements of the Series 2025 Bonds and such amount has not been restored within thirty (30) days of such withdrawal.

### **Application of the Series 2025 Pledged Revenues**

The Second Supplemental Indenture establishes a "Series 2025 Revenue Account" within the Revenue Fund for the Series 2025 Bonds. Assessment Area Two Special Assessments (except for Prepayments of Assessment Area Two Special Assessments, which shall be identified as such by the District to the Trustee and deposited in the Series 2025 Prepayment Subaccount), shall be deposited by the Trustee into the Series 2025 Revenue Account and applied as set forth in the Indenture. Pursuant to the Second Supplemental Indenture, the Trustee shall transfer from amounts on deposit in the Series 2025 Revenue Account to the Funds and Accounts designated below, the following amounts, at the following times and in the following order of priority:

FIRST, upon receipt but no later than the Business Day next preceding each November 1 commencing November 1, 2025, to the Series 2025 Interest Account of the Debt Service Fund, an amount equal to the interest on the Series 2025 Bonds becoming due on the next succeeding November 1, less any amounts on deposit in the Series 2025 Interest Account not previously credited;

SECOND, upon receipt but no later than the Business Day next preceding each May 1 commencing May 1, 2026, to the Series 2025 Interest Account of the Debt Service Fund, an amount equal to the interest on the Series 2025 Bonds becoming due on the next succeeding May 1, less any amounts on deposit in the Series 2025 Interest Account not previously credited;

THIRD, no later than the Business Day next preceding each May 1, commencing [May 1, 202\_], to the Series 2025 Sinking Fund Account of the Debt Service Fund, an amount equal to the principal amount of Series 2025 Bonds subject to sinking fund redemption on such May 1, less any amounts on deposit in the Series 2025 Sinking Fund Account not previously credited;

FOURTH, no later than the Business Day next preceding each May 1, which is a principal payment date for any Series 2025 Bonds, to the Series 2025 Principal Account of the Debt Service Fund, an amount equal to the principal amount of Series 2025 Bonds Outstanding maturing on such May 1, less any amounts on deposit in the Series 2025 Principal Account not previously credited;

FIFTH, notwithstanding the foregoing, at any time the Series 2025 Bonds are subject to redemption on a date which is not a May 1 or November 1 Interest Payment Date, the Trustee shall be authorized to transfer to the Series 2025 Interest Account, the amount necessary to pay interest on the Series 2025 Bonds subject to redemption on such date;

SIXTH, upon receipt but no later than the Business Day next preceding each Interest Payment Date while Series 2025 Bonds remain Outstanding, to the Series 2025 Reserve Account, an amount equal to the amount, if any, which is necessary to make the amount on deposit therein equal to the Reserve Requirement for the Series 2025 Bonds; and

SEVENTH, subject to the foregoing paragraphs, the balance of any moneys remaining after making the foregoing deposits shall be deposited into the Series 2025 Costs of Issuance Account to cover any deficiencies in the amount allocated to pay the cost of issuing the Series 2025 Bonds and next, any balance in the Series 2025 Revenue Account shall remain on deposit in such Series 2025 Revenue Account, unless pursuant to the Arbitrage Certificate, it is necessary to make a deposit into the Series 2025 Rebate Fund, in which case, the District shall direct the Trustee to make such deposit thereto.

## **Investments**

The Trustee shall, as directed by the District in writing, invest moneys held in any Series Accounts within the Debt Service Fund and any Series Accounts within the Bond Redemption Fund only in Government Obligations and certain types of securities described in the definition of Investment Securities (as defined in the Master Indenture). The Trustee shall, as directed by the District in writing, invest moneys held in any Series Accounts within the Debt Service Reserve Fund in Investment Securities. All deposits in time accounts shall be subject to withdrawal without penalty and all investments shall mature or be subject to redemption by the holder without penalty, not later than the date when the amounts will foreseeably be needed for purposes set forth in the Indenture. All securities securing investments under the Master Indenture shall be deposited with a Federal Reserve Bank, with the trust department of the Trustee, as authorized by law with respect to trust funds in the State, or with a bank or trust company having a combined net capital and surplus of not less than \$50,000,000. The interest and income received upon such investments and any interest paid by the Trustee or any other depository of any Fund or Account and any profit or loss resulting from the sale of securities shall be added or charged to the Fund or Account for which such investments are made; provided, however, that if the amount in any Fund or Account equals or exceeds the amount required to be on deposit therein, subject to the provisions of the Indenture, any interest and other income so received shall be deposited in the related Series Account of the Revenue Fund. Upon request of the District, or on its own initiative whenever payment is to be made out of any Fund or Account, the Trustee shall sell such securities as may be requested to make the payment and restore the proceeds to the Fund or Account in which the securities were held. The Trustee shall not be accountable for any depreciation in the value of any such security or for any loss resulting from the sale thereof, except as provided in the Indenture. If net proceeds from the sale of securities held in any Fund or Account shall be

less than the amount invested and, as a result, the amount on deposit in such Fund or Account is less than the amount required to be on deposit in such Fund or Account, the amount of such deficit shall be transferred to such Fund or Account from the related Series Account of the Revenue Fund.

Absent specific instructions as aforesaid or absent standing instructions from the District for investment of such moneys, then the Trustee shall not be responsible or liable for keeping the moneys invested. The Trustee shall not be liable or responsible for any loss or failure to achieve the highest return, or entitled to any gain, resulting from any investment or sale upon the investment instructions of the District or otherwise, including that set forth in the first sentence of this paragraph. The Trustee may make any investments permitted by the provisions of this section through its own bond department or investment department.

The Trustee shall value the assets in each of the Funds and Accounts established under the Indenture forty-five (45) days prior to each Interest Payment Date, and as soon as practicable after each such valuation date (but no later than ten (10) days after each such valuation date) shall provide the District a report of the status of each Fund and Account as of the valuation date. For the purpose of determining the amount on deposit to the credit of any Fund or Account established under the Indenture, obligations in which money in such Fund or Account shall have been invested shall be valued at the market value or the amortized cost thereof, whichever is lower, or at the redemption price thereof, to the extent that any such obligation is then redeemable at the option of the holder. See "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" attached hereto for more information.

#### **Master Indenture Provisions Relating to Bankruptcy of Developer or Other Obligated Person**

For purposes of the following provisions of the Master Indenture, the Series 2025 Bonds secured by and payable from Assessment Area Two Special Assessments levied against property owned by any Insolvent Taxpayer (as defined below) are collectively referred to herein as the "Affected Bonds" and the Assessment Area Two Special Assessments levied against any Insolvent Taxpayer's property and pledged under the Second Supplemental Indenture as security for the Affected Bonds are collectively referred to herein as the "Affected Special Assessments."

The Master Indenture contains the following provisions which shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to the Affected Special Assessments (an "Insolvent Taxpayer") under any existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (a "Proceeding"). For as long as any Affected Bonds remain Outstanding, in any Proceeding involving the District, any Insolvent Taxpayer, the Affected Bonds or the Affected Special Assessments, the District, to the extent permitted by applicable law, shall be obligated to act in accordance with any direction from the Trustee with regard to all matters directly or indirectly affecting at least three percent (3%) of the Outstanding aggregate principal amount of the Affected Bonds or for as long as any Affected Bonds remain Outstanding, in any proceeding involving the District, any Insolvent Taxpayer, the Affected Bonds or the Affected Special Assessments or the Trustee. The District agrees that it shall not be a defense to a breach of the foregoing covenant that it has acted upon advice of counsel in not complying with this covenant.

The District will acknowledge and agree that, although the Affected Bonds were issued by the District, the Owners of the Affected Bonds are categorically the party with the ultimate financial stake with respect to the Affected Bonds and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving any Insolvent Taxpayer: (a) the District, to the extent permitted by applicable law, will agree that it shall follow the direction of the Trustee in making any

election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Affected Special Assessments, the Affected Bonds or any rights of the Trustee under the Indenture; (b) to the extent permitted by applicable law, the District will agree that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Affected Special Assessments, the Affected Bonds or any rights of the Trustee under the Indenture that is inconsistent with any direction from the Trustee; (c) to the extent permitted by applicable law, the Trustee shall have the right, but is not obligated to, (i) vote in any such Proceeding any and all claims of the District, or (ii) file any motion, pleading, plan or objection in any such Proceeding on behalf of the District, including without limitation, motions seeking relief from the automatic stay, dismissal the Proceeding, valuation of the property belonging to the Insolvent Taxpayer, termination of exclusivity, and objections to disclosure statements, plans of liquidation or reorganization, and motions for use of cash collateral, seeking approval of sales or post-petition financing. If the Trustee chooses to exercise any such rights, the District shall be deemed to have appointed the Trustee as its agent and granted to the Trustee an irrevocable power of attorney coupled with an interest, and its proxy, for the purpose of exercising any and all rights and taking any and all actions available to the District in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute any claims, to propose and prosecute a bankruptcy plan, to vote to accept or reject a plan, and to make any election under Section 1111(b) of the Bankruptcy Code and (d) the District shall not challenge the validity or amount of any claim submitted in such Proceeding by the Trustee in good faith or any valuations of the lands owned by any Insolvent Taxpayer submitted by the Trustee in good faith in such Proceeding or take any other action in such Proceeding, which is adverse to Trustee's enforcement of the District claim and rights with respect to the Affected Special Assessments or receipt of adequate protection (as that term is defined in the Bankruptcy Code). Without limiting the generality of the foregoing, the District agrees that the Trustee shall have the right (i) to file a proof of claim with respect to the Affected Special Assessments, (ii) to deliver to the District a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim. See "BONDOWNERS' RISKS – Bankruptcy Risks" herein for more information.

Notwithstanding the provisions of the immediately preceding paragraphs, nothing under this heading shall preclude the District from becoming a party to a Proceeding in order to enforce a claim for operation and maintenance assessments, and the District shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the District in pursuance of its claim for operation and maintenance assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the Assessment Area Two Special Assessments relating to the Series 2025 Bonds Outstanding whether such claim is pursued by the District or the Trustee.

### **Events of Default and Remedies**

The Master Indenture will provide that each of the following shall be an "Event of Default" under the Master Indenture with respect to the Series 2025 Bonds:

- (a) if payment of any installment of interest on any Series 2025 Bond is not made when it becomes due and payable; or
- (b) if payment of the principal or Redemption Price of any Series 2025 Bond is not made when it becomes due and payable at maturity or upon call or presentation for redemption; or

(c) if the District, for any reason, fails in, or is rendered incapable of, fulfilling its obligations under the Indenture or under the Act, which failure or incapacity may be reasonably determined solely by the Majority Holders; or

(d) if the District proposes or makes an assignment for the benefit of creditors or enters into a composition agreement with all or a material part of its creditors, or a trustee, receiver, executor, conservator, liquidator, sequestrator or other judicial representative, similar or dissimilar, is appointed for the District or any of its assets or revenues, or there is commenced any proceeding in liquidation, bankruptcy, reorganization, arrangement of debts, debtor rehabilitation, creditor adjustment or insolvency, local, state or federal, by or against the District and if such is not vacated, dismissed or stayed on appeal within ninety (90) days; or

(e) if the District defaults in the due and punctual performance of any other covenant in the Indenture or in any Series 2025 Bond issued pursuant to the Indenture, and such default continues for sixty (60) days after written notice requiring the same to be remedied shall have been given to the District by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Majority Holders of the Outstanding Series 2025 Bonds; provided, however, that if such performance requires work to be done, actions to be taken, or conditions to be remedied, which by their nature cannot reasonably be done, taken or remedied, as the case may be, within such sixty (60) day period, no Event of Default shall be deemed to have occurred or exist if, and so long as, the District shall commence such performance within such sixty (60) day period and shall diligently and continuously prosecute the same to completion; or

(f) if at any time the amount in any Series 2025 Reserve Account is less than the Series 2025 Reserve Requirement as a result of the Trustee withdrawing an amount therefrom to satisfy the Debt Service Requirement on the Series 2025 Bonds and such amount has not been restored within thirty (30) days of such withdrawal; or

(g) more than twenty percent (20%) of the "maintenance special assessments" levied by the District on District Lands upon which the Assessment Area Two Special Assessments are levied to secure the Series 2025 Bonds pursuant to Section 190.021(3), Florida Statutes, as amended, and collected directly by the District have become due and payable and have not been paid, within ninety (90) days of when due.

The Trustee shall not be required to rely on any official action, admission or declaration by the District before recognizing that an Event of Default under (c) above has occurred.

No Series 2025 Bonds shall be subject to acceleration. Upon the occurrence and continuance of an Event of Default with respect to the Series 2025 Bonds, no optional redemption or extraordinary mandatory redemption of Series 2025 Bonds pursuant Article VIII of the Master Indenture shall occur unless all of the Series 2025 Bonds where an Event of Default has occurred will be redeemed or if 100% of the Holders of the Outstanding Series 2025 Bonds agree to such redemption.

If any Event of Default with respect to the Series 2025 Bonds has occurred and is continuing, the Trustee, in its discretion may, and upon the written request of the Majority Holders of the aggregate principle amount of the Outstanding Series 2025 Bonds and receipt of indemnity to its satisfaction shall, in its capacity as Trustee:

(a) by mandamus, or other suit, action or proceeding at law or in equity, enforce all rights of the Holders of the Series 2025 Bonds, including, without limitation, the right to require the District to carry out any agreements with, or for the benefit of, the Series 2025 Bondholders and to perform its or their duties under the Act;

- (b) bring suit upon the Series 2025 Bonds;
- (c) by action or suit in equity require the District to account as if it were the trustee of an express trust for the Holders of the Series 2025 Bonds;
- (d) by action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of the Series 2025 Bonds; and
- (e) by other proceeding in law or equity, exercise all rights and remedies provided for by any other document or instrument securing the Series 2025 Bonds.

If any proceeding taken by the Trustee on account of any Event of Default is discontinued or is determined adversely to the Trustee, then the District, the Trustee, the applicable Paying Agent and the Bondholders shall be restored to their former positions and rights under the Indenture as though no such proceeding had been taken.

The Majority Holders of the Outstanding Series 2025 Bonds then subject to remedial proceedings under the Master Indenture shall have the right to direct the method and place of conducting all remedial proceedings by the Trustee under the applicable Indenture, provided that such directions shall not be otherwise than in accordance with applicable law and the applicable provisions of the Indenture.

No Bondholder shall have any right to pursue any remedy under the Indenture unless (a) the Trustee shall have been given written notice of an Event of Default, (b) the Majority Holders of the Outstanding Series 2025 Bonds shall have requested the Trustee, in writing, to exercise the powers granted in such Indenture or to pursue such remedy in its or their name or names, (c) the Trustee shall have been offered indemnity satisfactory to it against costs, expenses and liabilities, and (d) the Trustee shall have failed to comply with such request within a reasonable time.

## **ENFORCEMENT OF ASSESSMENT COLLECTIONS**

### **General**

The primary source of payment for the Series 2025 Bonds is the collection of Assessment Area Two Special Assessments imposed on the District Lands in Assessment Area Two specially benefited by the 2025 Project pursuant to the Assessment Proceedings. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY" attached hereto.

The imposition, levy, and collection of Assessment Area Two Special Assessments must be done in compliance with the provisions of Florida law. Failure by the District, the St. Lucie County Tax Collector ("Tax Collector") or the St. Lucie County Property Appraiser (the "Property Appraiser") to comply with such requirements could result in delay in the collection of, or the complete inability to collect, Assessment Area Two Special Assessments during any year. Such delays in the collection of Assessment Area Two Special Assessments, or complete inability to collect the Assessment Area Two Special Assessments, would have a material adverse effect on the ability of the District to make full or punctual payment of the debt service requirements on the Series 2025 Bonds. See "BONDOWNERS' RISKS." To the extent that landowners fail to pay the Assessment Area Two Special Assessments, delay payments, or are unable to pay the same, the successful pursuance of collection procedures available to the District is essential to continued payment of principal of and interest on the Series 2025 Bonds.

For the Assessment Area Two Special Assessments to be valid, the Assessment Area Two Special Assessments must meet two requirements: (1) the benefit from the 2025 Project to the lands subject to the Assessment Area Two Special Assessments must exceed or equal the amount of the Assessment Area Two Special Assessments, and (2) the Assessment Area Two Special Assessments must be fairly and reasonably allocated across all such benefitted properties.

Pursuant to the Act and the Assessment Proceedings, the District may collect the Assessment Area Two Special Assessments through a variety of methods. See "BONDOWNERS' RISKS." Initially, with respect to any assessable lands which have not yet been platted, or platted lands still owned by the Landowner, unless the Trustee, at the direction of the Majority Holders, directs the District otherwise, or when the timing for using the Uniform Method of Collection afforded by Chapter 197.3632, Florida Statutes (the "Uniform Method"), will not yet allow for using such method, the District will directly issue annual bills to landowners requiring payment of the Assessment Area Two Special Assessments and will enforce that bill through foreclosure proceedings. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein and "APPENDIX D: ASSESSMENT METHODOLOGY" hereto. As lands are platted and sold, the Assessment Area Two Special Assessments will be added to the County tax roll and collected pursuant to the Uniform Method. The following is a description of certain statutory provisions relating to each of these collection methods. Such description is not intended to be exhaustive and is qualified in its entirety by reference to such statutes. See also "APPENDIX A: COPY OF MASTER INDENTURE AND PROPOSED FORM OF SECOND SUPPLEMENTAL INDENTURE" attached hereto for more information on the use of the Uniform Method.

#### **Direct Billing and Foreclosure Procedure**

As noted above, and pursuant to Chapters 170 and 190 of the Florida Statutes, the District may directly levy, collect and enforce the Assessment Area Two Special Assessments. In this context, Section 170.10 of the Florida Statutes provides that upon the failure of any property owner to timely pay all or any part of the annual installment of principal and/or interest of a special assessment due, including the Assessment Area Two Special Assessments, the whole assessment, with the interest and penalties thereon, shall immediately become due and payable and subject to foreclosure. Generally stated, the governing body of the entity levying the special assessment, in this case the District, may foreclose by commencing a foreclosure proceeding in the same manner as the foreclosure of a real estate mortgage, or, alternatively, by commencing an action under Chapter 173, Florida Statutes, which relates to foreclosure of municipal tax and special assessment liens. Such proceedings are in rem, meaning that the action would be brought against the land, and not against the landowner. In light of the one year tolling period required before the District may commence a foreclosure action under Chapter 173, Florida Statutes, it is likely the District would commence an action to foreclose in the same manner as the foreclosure of a real estate mortgage rather than proceeding under Chapter 173, Florida Statutes.

Enforcement of the obligation to pay Assessment Area Two Special Assessments and the ability to foreclose the lien of such Assessment Area Two Special Assessments upon the failure to pay such Assessment Area Two Special Assessments may not be readily available or may be limited because enforcement is dependent upon judicial action which is often subject to discretion and delay. Additionally, there is no guarantee that there will be demand for any foreclosed lands sufficient to repay the Assessment Area Two Special Assessments. See "BONDHOLDER'S RISKS."

#### **Uniform Method Procedure**

Subject to certain conditions, the District may alternatively elect to collect the Assessment Area Two Special Assessments using the Uniform Method. The Uniform Method of collection is available only in the event the District complies with statutory and regulatory requirements and enters into agreements

with the Tax Collector and Property Appraiser providing for the Assessment Area Two Special Assessments to be levied and then collected in this manner.

If the Uniform Method of collection is used, the Assessment Area Two Special Assessments will be collected together with County, school, special district, and other ad valorem taxes and non-ad valorem assessments (together, "Taxes and Assessments"), all of which will appear on the tax bill (also referred to as a "tax notice") issued to each landowner in the District. The statutes relating to enforcement of Taxes and Assessments provide that such Taxes and Assessments become due and payable on November 1 of the year when assessed, or as soon thereafter as the certified tax roll is received by the Tax Collector, and constitute a lien upon the land from January 1 of such year until paid or barred by operation of law. Such taxes and assessments – including the Assessment Area Two Special Assessments – are to be billed, and landowners in the District are required to pay, all Taxes and Assessments without preference in payment of any particular increment of the tax bill, such as the increment owing for the Assessment Area Two Special Assessments. In other words, any partial prepayment by a landowner must be distributed in equal proportion to all taxing districts and levying authorities.

All Taxes and Assessments are payable at one time, except for partial payment schedules as may be provided by Florida law such as Sections 197.374 and 197.222, Florida Statutes. Partial payments made pursuant to Sections 197.374 and 197.222, Florida Statutes, are distributed in equal proportion to all taxing districts and levying authorities applicable to that account. If a taxpayer does not make complete payment of the total amount, he or she cannot designate specific line items on his or her tax bill as deemed paid in full. Therefore, in the event the Assessment Area Two Special Assessments are to be collected pursuant to the Uniform Method, any failure to pay any one line item, would cause the Assessment Area Two Special Assessments to not be collected to that extent, which could have a significant adverse effect on the ability of the District to make full or punctual payment of the debt service requirements on the Series 2025 Bonds.

Under the Uniform Method, if the Assessment Area Two Special Assessments are paid during November when due or during the following three months, the taxpayer is granted a variable discount equal to 4% in November and decreasing one percentage point per month to 1% in February. All unpaid Taxes and Assessments become delinquent on April 1 of the year following assessment.

The Tax Collector is required to collect the Taxes and Assessments on the tax bill prior to April 1 and, after that date, to institute statutory procedures upon delinquency to collect such Taxes and Assessments through the sale of "tax certificates," as discussed below. Delay in the mailing of tax notices to taxpayers may result in a delay throughout this process. Neither the District nor the Underwriter can give any assurance to the holders of the Series 2025 Bonds (1) that the past experience of the Tax Collector with regard to tax and special assessment delinquencies is applicable in any way to the Assessment Area Two Special Assessments, (2) that future landowners and taxpayers in the District will pay such Assessment Area Two Special Assessments, (3) that a market may exist in the future for tax certificates in the event of sale of such certificates for taxable units within the District, and (4) that the eventual sale of tax certificates for real property within the District, if any, will be for an amount sufficient to pay amounts due under the Assessment Proceedings to discharge the lien of the Assessment Area Two Special Assessments and all other liens that are coequal therewith.

Collection of delinquent Assessment Area Two Special Assessments under the Uniform Method is, in essence, based upon the sale by the Tax Collector of "tax certificates" and remittance of the proceeds of such sale to the District for payment of the Assessment Area Two Special Assessments due. Prior to the sale of tax certificates, the landowner may bring current the delinquent Taxes and Assessments and cancel the tax certificate process by paying the total amount of delinquent Taxes and Assessments plus all applicable interest, costs and charges. If the landowner does not act, the Tax Collector is required to attempt to sell tax certificates by public bid to the person who pays the delinquent Taxes and Assessments owing,

and any applicable interest, costs and charges, and who accepts the lowest interest rate per annum to be borne by the certificates (but not more than 18%).

If there are no bidders, the tax certificate is issued to the County. The County is to hold, but not pay for, the tax certificate with respect to the property, bearing interest at the maximum legal rate of interest, which is currently 18%. The Tax Collector does not collect any money if tax certificates are issued, or struck off, to the County. The County may sell such certificates to the public at any time after issuance, but before a tax deed application is made, at the face amount thereof plus interest at the rate of not more than 18% per annum, costs and charges. Proceeds from the sale of tax certificates are required to be used to pay Taxes and Assessments (including the Assessment Area Two Special Assessments), interest, costs and charges on the real property described in the certificate.

Unless full payment for a tax deed is made to the Clerk of the Circuit Court, including documentary stamps and recording fees, any tax certificate in the hands of a person other than the County may be redeemed and canceled, in whole or in part (under certain circumstances), at any time before a tax deed is issued, and at a price equal to the face amount of the certificate or portion thereof together with all interest, costs, and charges due. Regardless of the interest rate actually borne by the certificates, persons redeeming tax certificates must pay a minimum interest rate of 5%, unless the rate borne by the certificates is zero percent. The proceeds of such a redemption are paid to the Tax Collector who transmits to the holder of the tax certificate such proceeds less service charges, and the certificate is canceled. Redemption of tax certificates held by the County is effected by purchase of such certificates from the County, as described above.

For any holder other than the County, a tax certificate expires seven (7) years after the date of issuance if a tax deed has not been applied for and no other administrative or legal proceeding, including a bankruptcy, has existed of record. After an initial period ending two years from April 1 of the year of issuance of a certificate, during which period actions against the land are held in abeyance to allow for sales and redemptions of tax certificates, and before the expiration of seven years from the date of issuance, the holder of a certificate may apply for a tax deed to the subject land. The applicant is required to pay to the Tax Collector at the time of application all amounts required to redeem or purchase all other outstanding tax certificates covering the land, plus interest, any omitted taxes or delinquent taxes and interest, and current taxes, if due (as well as any costs of resale, if applicable). If the County holds a tax certificate on property valued at \$5,000 or more and has not succeeded in selling it, the County must apply for a tax deed two years after April 1 of the year of issuance of the certificate or as soon thereafter as is reasonable. The County pays costs and fees to the Tax Collector but not any amount to redeem any other outstanding certificates covering the land. Thereafter, the property is advertised for public sale.

In any such public sale conducted by the Clerk of the Circuit Court, the private holder of the tax certificate who is seeking a tax deed for non-homestead property is deemed to submit a minimum bid equal to the amount required to redeem the tax certificate, charges for the cost of sale, including costs incurred for the service of notice required by statute, redemption of other tax certificates on the land, and all other costs to the applicant for the tax deed, plus interest thereon. In the case of homestead property, the minimum bid is also deemed to include, in addition to the amount of money required for the minimum bid on non-homestead property, an amount equal to one-half of the latest assessed value of the homestead. If there are no higher bids, the holder receives title to the land, and the amounts paid for the certificate and in applying for a tax deed are credited toward the purchase price. The holder is also responsible for payment of any amounts included in the bid not already paid, including but not limited to, documentary stamp tax, recording fees, and, if property is homestead property, the moneys to cover the one-half value of the homestead. If there are other bids, the holder may enter the bidding. The highest bidder is awarded title to the land. The portion of proceeds of such sale needed to redeem the tax certificate, together with all subsequent unpaid taxes plus the costs and expenses of the application for deed, with interest on the total of such sums, are

forwarded to the holder thereof or credited to such holder if such holder is the successful bidder. Excess proceeds are distributed first to satisfy governmental liens against the land and then to the former title holder of the property (less service charges), lienholder of record, mortgagees of record, vendees of recorded contracts for deeds, and other lienholders and any other person to whom the land was last assessed on the tax roll for the year in which the land was assessed, all as their interest may appear.

Except for certain governmental liens, certain easements, and certain restrictive covenants and restrictions, no right, interest, restriction or other covenant survives the issuance of a tax deed. Thus, for example, outstanding mortgages on property subject to a tax deed would be extinguished.

If there are no bidders at the public sale, the Clerk of the Circuit Court shall enter the land on a list entitled "lands available for taxes" and shall immediately notify the County Commission that the property is available. At any time within ninety (90) days from the date the property is placed on the list, the County may purchase the land for the opening bid, or may waive its rights to purchase the property. Thereafter, and without further notice or advertising, any person, the County or any other governmental unit may purchase the land by paying the amount of the opening bid. Ad valorem taxes and non-ad valorem assessments accruing after the date of public sale do not require repetition of the bidding process but are added to the minimum bid. Three years from the date the property was offered for sale, unsold lands escheat to the County in which they are located, free and clear, and all tax certificates, accrued taxes, and liens of any nature against the property are canceled and a deed is executed vesting title in the governing board of such County.

There can be no guarantee that the Uniform Method will result in the payment of Assessment Area Two Special Assessments. For example, the demand for tax certificates is dependent upon various factors, which include the rate of interest that can be earned by ownership of such certificates and the underlying value of the land that is the subject of such certificates and which may be subject to sale at the demand of the certificate holder. Therefore, the underlying market value of the property within the District may affect the demand for certificates and the successful collection of the Assessment Area Two Special Assessments, which are the primary source of payment of the Series 2025 Bonds. Additionally, legal proceedings under Federal bankruptcy law brought by or against a landowner who has not yet paid his or her property taxes or assessments would likely result in a delay in the sale of tax certificates. See "BONDHOLDERS' RISKS."

## **BONDOWNERS' RISKS**

There are certain risks inherent in an investment in bonds issued by a public authority or governmental body in the State and secured by special assessments. Certain of these risks are described in other headings of this Limited Offering Memorandum. Certain additional risks are associated with the Series 2025 Bonds offered hereby and are set forth below. Prospective investors in the Series 2025 Bonds should have such knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of an investment in the Series 2025 Bonds and have the ability to bear the economic risks of such prospective investment, including a complete loss of such investment. This heading does not purport to summarize all risks that may be associated with purchasing or owning the Series 2025 Bonds, and prospective purchasers are advised to read this Limited Offering Memorandum in its entirety for a more complete description of investment considerations relating to the Series 2025 Bonds.

### **Concentration of Land Ownership**

As of the date hereof, the Landowner owns all of the assessable lands within Assessment Area Two, which are the lands that will be subject to the Assessment Area Two Special Assessments securing the Series 2025 Bonds. Payment of the Assessment Area Two Special Assessments is primarily dependent upon their timely payment by the Landowner and the other future landowners in Assessment Area Two.

Non-payment of the Assessment Area Two Special Assessments by any of the landowners could have a substantial adverse impact upon the District's ability to pay debt service on the Series 2025 Bonds. See "THE LANDOWNER" and "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS" herein.

### **Bankruptcy and Related Risks**

In the event of the institution of bankruptcy or similar proceedings with respect to the Landowner or any other owner of benefited property, delays could occur in the payment of debt service on the Series 2025 Bonds, as such bankruptcy could negatively impact the ability of: (i) the Landowner and any other landowner to pay the Assessment Area Two Special Assessments; (ii) the Tax Collector to sell tax certificates in relation to such property with respect to the Assessment Area Two Special Assessments being collected pursuant to the Uniform Method; and (iii) the District to foreclose the lien of the Assessment Area Two Special Assessments not being collected pursuant to the Uniform Method. In addition, the remedies available to the Owners of the Series 2025 Bonds under the Indenture are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, the remedies specified by federal, state and local law and in the Indenture and the Series 2025 Bonds, including, without limitation, enforcement of the obligation to pay Assessment Area Two Special Assessments and the ability of the District to foreclose the lien of the Assessment Area Two Special Assessments if not being collected pursuant to the Uniform Method, may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2025 Bonds (including Bond Counsel's approving opinion) will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery. The inability, either partially or fully, to enforce remedies available with respect to the Series 2025 Bonds could have a material adverse impact on the interest of the Owners thereof.

A 2011 bankruptcy court decision in Florida held that the governing body of a community development district, and not the bondholders or indenture trustee, was the creditor of the landowners/debtors in bankruptcy with respect to claims for special assessments, and thus only the district could vote to approve or disapprove a reorganization plan submitted by the debtors in the case. The district voted in favor of the plan. The governing body of the district was at that time elected by the landowners rather than qualified electors. Under the reorganization plan that was approved, a two-year moratorium was placed on the debtor landowners' payment of special assessments. As a result of this non-payment of assessments, debt service payments on the district's bonds were delayed for two years or longer. The Master Indenture provides for the delegation of certain rights from the District to the Trustee in the event of a bankruptcy or similar proceeding with respect to an "Insolvent Taxpayer" (as previously defined). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Indenture Provisions Relating to Bankruptcy or Insolvency of a Landowner" herein. The District cannot express any view whether such delegation would be enforceable.

### **Assessment Area Two Special Assessments Are Non-Recourse**

The principal security for the payment of the principal and interest on the Series 2025 Bonds is the timely collection of the Assessment Area Two Special Assessments. The Assessment Area Two Special Assessments do not constitute a personal indebtedness of the landowners of the land subject thereto, but are secured by a lien on such land. There is no assurance that the Landowner or subsequent landowners will be able to pay the Assessment Area Two Special Assessments or that they will pay such Assessment Area Two Special Assessments even though financially able to do so. Neither the Landowner nor any other subsequent landowners have any personal obligation to pay the Assessment Area Two Special Assessments. Neither the Landowner nor any subsequent landowners are guarantors of payment of any Assessment Area

Two Special Assessments, and the recourse for the failure of the Landowner or any subsequent landowner to pay the Assessment Area Two Special Assessments is limited to the collection proceedings against the land subject to such unpaid Assessment Area Two Special Assessments, as described herein. Therefore the likelihood of collection of the Assessment Area Two Special Assessments may ultimately depend on the market value of the land subject to the Assessment Area Two Special Assessments. While the ability of the Landowner or subsequent landowners to pay the Assessment Area Two Special Assessments is a relevant factor, the willingness of the Landowner or subsequent landowners to pay the Assessment Area Two Special Assessments, which may also be affected by the value of the land subject to the Assessment Area Two Special Assessments, is also an important factor in the collection of Assessment Area Two Special Assessments. The failure of the Landowner or subsequent landowners to pay the Assessment Area Two Special Assessments could render the District unable to collect delinquent Assessment Area Two Special Assessments and provided such delinquencies are significant, could negatively impact the ability of the District to make the full or punctual payment of debt service on the Series 2025 Bonds.

### **Regulatory and Environmental Risks**

The development of the District Lands is subject to comprehensive federal, state and local regulations and future changes to such regulations. Approval is required from various public agencies in connection with, among other things, the design, nature and extent of planned improvements, both public and private, and construction of the infrastructure in accordance with applicable zoning, land use and environmental regulations. Although all such approvals required to date have been received and any further approvals are anticipated to be received as needed, failure to obtain any such approvals in a timely manner could delay or adversely affect the completion of the development of the District Lands. See "THE DEVELOPMENT – Development Approvals" herein for more information.

The value of the land within the District, the success of the Development, the development of Assessment Area Two and the likelihood of timely payment of principal and interest on the Series 2025 Bonds could be affected by environmental factors with respect to the land in the District. Should the land be contaminated by hazardous materials, this could materially and adversely affect the value of the land in the District, which could materially and adversely affect the success of the development of the lands within the District and the likelihood of the timely payment of the Series 2025 Bonds. The District has not performed, nor has the District requested that there be performed on its behalf, any independent assessment of the environmental conditions within the District. See "THE DEVELOPMENT – Environmental" for information on environmental site assessments obtained or received. Such information is being provided solely for informational purposes, and nothing herein or in such assessments grants any legal rights or remedies in favor of the Series 2025 Bondholders in the event any recognized environmental conditions are later found to be present on District Lands. Nevertheless, it is possible that hazardous environmental conditions could exist within the District or in the vicinity of the District and that such conditions could have a material and adverse impact upon the value of the benefited lands within the District. No assurance can be given that unknown hazardous materials, protected animals or vegetative species, etc., do not currently exist or may not develop in the future, whether originating within the District or from surrounding property, and what effect such may have on the development or sale of the lands in Assessment Area Two.

The value of the lands subject to the Assessment Area Two Special Assessments could also be adversely impacted by flooding or wind damage caused by hurricanes, tropical storms, or other catastrophic events. In addition to potential damage or destruction to any existing development or construction in or near the District, such catastrophic events could potentially render the District Lands unable to support future development. The occurrence of any such events could materially adversely impact the District's ability to pay principal and interest on the Series 2025 Bonds. The Series 2025 Bonds are not insured, and the District's casualty insurance policies do not insure against losses incurred on private lands within its boundaries.

## **Economic Conditions and Changes in Development Plans**

The successful development of Assessment Area Two and the sale of residential units therein, once such homes are built, may be affected by unforeseen changes in general economic conditions, changes in federal economic or trade policies, fluctuations in the real estate market and other factors beyond the control of the Landowner. Moreover, the Landowner has the right to modify or change plans for development of the Development from time to time, including, without limitation, land use changes, changes in the overall land and phasing plans, and changes to the type, mix, size and number of units to be developed, and may seek in the future, in accordance with and subject to the provisions of the Act, to contract or expand the boundaries of the District.

## **Other Taxes and Assessments**

The willingness and/or ability of an owner of benefited land to pay the Assessment Area Two Special Assessments could be affected by the existence of other taxes and assessments imposed upon such property by the District, the County or any other local special purpose or general purpose governmental entities. County, school, special district taxes and special assessments, and voter-approved ad valorem taxes levied to pay principal of and interest on debt, including the Assessment Area Two Special Assessments, collected pursuant to the Uniform Method are payable at one time. Public entities whose boundaries overlap those of the District could, without the consent of the owners of the land within the District, impose additional taxes on the property within the District. The District anticipates imposing operation and maintenance assessments encumbering the same property encumbered by the Assessment Area Two Special Assessments. In addition, lands within the District may also be subject to assessments by property owners' and homeowners' associations. See "THE DEVELOPMENT – Taxes, Fees and Assessments" herein for additional information.

Under Florida law, a landowner may contest the assessed valuation determined for its property that forms the basis of ad-valorem taxes such landowner must pay. During this contest period, the sale of a tax certificate under the Uniform Method will be suspended. If the Assessment Area Two Special Assessments are being collected along with ad valorem taxes pursuant to the Uniform Method, tax certificates will not be sold with respect to such Assessment Area Two Special Assessment, even though the landowner is not contesting the amount of the Assessment Area Two Special Assessment. However, Section 194.014, Florida Statutes, requires taxpayers challenging the assessed value of their property to pay all non-ad valorem assessments and at least 75% of their ad valorem taxes before they become delinquent. Likewise, taxpayers who challenge the denial of an exemption or classification or a determination that their improvements were substantially complete must pay all non-ad valorem assessments and the amount of ad valorem taxes that they admit in good faith to be owing. If a taxpayer fails to pay property taxes as set forth above, the Value Adjustment Board considering the taxpayer's challenge is required to deny such petition by written decision by April 20 of such year.

## **Limited Secondary Market for Series 2025 Bonds**

The Series 2025 Bonds may not constitute a liquid investment, and there is no assurance that a liquid secondary market will exist for the Series 2025 Bonds in the event an Owner thereof determines to solicit purchasers for the Series 2025 Bonds. Even if a liquid secondary market exists, there can be no assurance as to the price for which the Series 2025 Bonds may be sold. Such price may be lower than that paid by the current Owners of the Series 2025 Bonds, depending on the progress of development of the Development and the lands within Assessment Area Two, as applicable, existing real estate and financial market conditions and other factors.

## **Inadequacy of Reserve Account**

Some of the risk factors discussed herein, which, if materialized, would result in a delay in the collection of the Assessment Area Two Special Assessments, may not adversely affect the timely payment of debt service on the Series 2025 Bonds because of the moneys on deposit in the Series 2025 Reserve Account. The ability of the moneys on deposit in the Series 2025 Reserve Account to fund deficiencies caused by delinquencies in the payment of the Assessment Area Two Special Assessments is dependent on the amount, duration and frequency of such deficiencies. Moneys on deposit in the Series 2025 Reserve Account may be invested in certain obligations permitted under the Indenture. Fluctuations in interest rates and other market factors could affect the amount of moneys in the Series 2025 Reserve Account to make up deficiencies. If the District has difficulty in collecting the Assessment Area Two Special Assessments, the moneys on deposit in the Series 2025 Reserve Account would be rapidly depleted and the ability of the District to pay debt service on the Series 2025 Bonds could be materially adversely affected. In addition, during an Event of Default under the Master Indenture, the Trustee may withdraw moneys from the Series 2025 Reserve Account and such other Funds, Accounts and subaccounts created under the Indenture to pay its extraordinary fees and expenses incurred in connection with such Event of Default. If in fact the Series 2025 Reserve Account is accessed for any purpose, the District does not have a designated revenue source for replenishing such account. Moreover, the District may not be permitted to re-assess real property then burdened by the Assessment Area Two Special Assessments in order to provide for the replenishment of the Series 2025 Reserve Account. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Series 2025 Reserve Account" herein for more information about the Series 2025 Reserve Account.

## **Legal Delays**

If the District should commence a foreclosure action against a landowner for nonpayment of Assessment Area Two Special Assessments that are not being collected pursuant to the Uniform Method, such landowner and/or its mortgagee(s) may raise affirmative defenses to such foreclosure action. Although the District expects that such affirmative defenses would likely be proven to be without merit, they could result in delays in completing the foreclosure action. In addition, the District is required under the Indenture to fund the costs of such foreclosure. It is possible that the District will not have sufficient funds and will be compelled to request the Holders of the Series 2025 Bonds to allow funds on deposit under the Indenture to be used to pay the costs of the foreclosure action. Under the Code (as defined herein), there are limitations on the amounts of proceeds from the Series 2025 Bonds that can be used for such purpose.

## **IRS Examination and Audit Risk**

The Internal Revenue Service (the "IRS") routinely examines bonds issued by state and local governments, including bonds issued by community development districts. In 2016, the IRS concluded its lengthy examination of certain issues of bonds (for purposes of this subsection, the "Audited Bonds") issued by Village Center Community Development District (the "Village Center CDD"). During the course of the audit of the Audited Bonds, Village Center CDD received a ruling dated May 30, 2013, in the form of a non-precedential technical advice memorandum ("TAM") concluding that Village Center CDD is not a political subdivision for purposes of Section 103(a) of the Code because Village Center CDD was organized and operated to perpetuate private control and avoid indefinitely responsibility to an electorate, either directly or through another elected state or local government body. Such a conclusion could lead to the further conclusion that the interest on the Audited Bonds was not excludable from gross income of the owners of such bonds for federal income tax purposes. Village Center CDD received a second TAM dated June 17, 2015, which granted relief to Village Center CDD from retroactive application of the IRS's conclusion regarding its failure to qualify as a political subdivision. Prior to the conclusion of the audits, the Audited Bonds were all refunded with taxable bonds. The audit of the Audited Bonds that were issued

for utility improvements were closed without change to the tax exempt status of those Audited Bonds on April 25, 2016, and the audit of the remainder of the Audited Bonds (which funded recreational amenity acquisitions from entities related to the principal landowner in the Village Center CDD) was closed on July 14, 2016, without the IRS making a final determination that the interest on the Audited Bonds in question was required to be included in gross income. However, the IRS letter to the Village Center CDD with respect to this second set of Audited Bonds noted that the IRS found that the Village Center CDD was not a "proper issuer of tax-exempt bonds" and that those Audited Bonds were private-activity bonds that did not fall in any of the categories that qualify for tax-exemption. Although the TAMs and the letters to the Village Center CDD from the IRS referred to above are addressed to, and binding only on, the IRS and Village Center CDD in connection with the Audited Bonds, they reflect the audit position of the IRS, and there can be no assurance that the IRS would not commence additional audits of bonds issued by other community development districts raising issues similar to the issues raised in the case of the Audited Bonds based on the analysis set forth in the first TAM or on the related concerns addressed in the July 14, 2016 letter to the Village Center CDD.

On February 23, 2016, the IRS published proposed regulations designed to provide prospective guidance with respect to potential private business control of issuers by providing a new definition of political subdivision for purposes of determining whether an entity is an appropriate issuer of bonds the interest on which is excluded from gross income for federal tax purposes. The proposed regulations required that a political subdivision (i) have the power to exercise at least one sovereign power, (ii) be formed and operated for a governmental purpose, and (iii) have a governing body controlled by or have significant uses of its funds or assets otherwise controlled by a government unit with all three sovereign powers or by an electorate that is not controlled by an unreasonably small number of unrelated electors. On October 4, 2017, the Treasury Department ("Treasury") announced that it would withdraw the proposed regulations, stating that, "while Treasury and the IRS continue to study the legal issues relating to political subdivisions, Treasury and the IRS currently believe that these proposed regulations should be withdrawn in their entirety, and plan to publish a withdrawal of the proposed regulations shortly in the Federal Register. Treasury and the IRS may propose more targeted guidance in the future after further study of the relevant legal issues." Notice of withdrawal of the proposed regulations was published in the Federal Register on October 20, 2017.

It has been reported that the IRS has closed audits of other community development districts in the State with no change to such districts' bonds' tax-exempt status, but has advised such districts that such districts must have public electors within the timeframe established by the applicable state law or their bonds may be determined to be taxable retroactive to the date of issuance. Pursuant to the Act, general elections are not held until the later of six years from the date of establishment of the community development district or the time at which there are at least 250 qualified electors in the district. The District, unlike Village Center CDD, was formed with the intent that it will contain a sufficient number of residents to allow for a transition to control by a general electorate. Currently, all of the members of the Board of the District were elected by the landowners and none were elected by qualified electors. The Landowner will certify as to their expectations as to the timing of the transition of control of the Board of the District to qualified electors pursuant to the Act. Such certification by the Landowner does not ensure that such certification shall be determinative of, or may influence the outcome of any audit by the IRS, or any appeal from such audit, that may result in an adverse ruling that the District is not a political subdivision for purposes of Section 103(a) of the Code. Further, there can be no assurance that an audit by the IRS of the Series 2025 Bonds will not be commenced. The District has no reason to believe that any such audit will be commenced, or that any such audit, if commenced, would result in a conclusion of noncompliance with any applicable State or federal law.

Owners of the Series 2025 Bonds are advised that, if the IRS does audit the Series 2025 Bonds, under its current procedures, at least during the early stages of an audit, the IRS will treat the District as the

taxpayer, and the Owners of the Series 2025 Bonds may have limited rights to participate in those proceedings. The commencement of such an audit could adversely affect the market value and liquidity of the Series 2025 Bonds until the audit is concluded, regardless of the ultimate outcome. In addition, in the event of an adverse determination by the IRS with respect to the tax-exempt status of interest on the Series 2025 Bonds, it is unlikely the District will have available revenues to enable it to contest such determination or enter into a voluntary financial settlement with the IRS. Further, an adverse determination by the IRS with respect to the tax-exempt status of interest on the Series 2025 Bonds would adversely affect the availability of any secondary market for the Series 2025 Bonds. Should interest on the Series 2025 Bonds become includable in gross income for federal income tax purposes, not only will Owners of Series 2025 Bonds be required to pay income taxes on the interest received on such Series 2025 Bonds and related penalties, but because the interest rate on such Series 2025 Bonds will not be adequate to compensate Owners of the Series 2025 Bonds for the income taxes due on such interest, the value of the Series 2025 Bonds may decline.

THE INDENTURE DOES NOT PROVIDE FOR ANY ADJUSTMENT IN THE INTEREST RATES ON THE SERIES 2025 BONDS IN THE EVENT OF AN ADVERSE DETERMINATION BY THE IRS WITH RESPECT TO THE TAX-EXEMPT STATUS OF INTEREST ON THE SERIES 2025 BONDS. PROSPECTIVE PURCHASERS OF THE SERIES 2025 BONDS SHOULD EVALUATE WHETHER THEY CAN OWN THE SERIES 2025 BONDS IN THE EVENT THAT THE INTEREST ON THE SERIES 2025 BONDS BECOMES TAXABLE AND/OR THE DISTRICT IS EVER DETERMINED TO NOT BE A POLITICAL SUBDIVISION FOR PURPOSES OF THE CODE AND/OR SECURITIES ACT (AS HEREINAFTER DEFINED).

### **Loss of Exemption from Securities Registration**

The Series 2025 Bonds have not been and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws, because of the exemption for securities issued by political subdivisions. It is possible that federal or state regulatory authorities could in the future determine that the District is not a political subdivision for purposes of federal and state securities laws, including without limitation as the result of a determination by the IRS, judicial or otherwise, of the District's status for purposes of the Code. In such event, the District and purchasers of Series 2025 Bonds may not be able to rely on the exemption from registration under the Securities Act relating to securities issued by political subdivisions. In that event, the Owners of the Series 2025 Bonds would need to ensure that subsequent transfers of the Series 2025 Bonds are made pursuant to a transaction that is not subject to the registration requirements of the Securities Act and applicable state securities laws.

### **Federal Tax Reform**

Various legislative proposals are mentioned from time to time by members of Congress of the United States of America and others concerning reform of the internal revenue (tax) laws of the United States. In addition, the IRS may, in the future, issue rulings that have the effect of challenging the interpretation of existing tax laws. Certain of these proposals and interpretations, if implemented or upheld, could have the effect of diminishing the value of obligations of states and their political subdivisions, such as the Series 2025 Bonds, by eliminating or changing the tax-exempt status of interest on such bonds. Whether any such proposals will ultimately become or be upheld as law, and if so, the effect such proposals could have upon the value of bonds such as the Series 2025 Bonds cannot be predicted. However, it is possible that any such law or interpretation could have a material and adverse effect upon the availability of a liquid secondary market and/or the value of the Series 2025 Bonds. Prospective purchasers of the Series 2025 Bonds should consult their tax advisors as to the impact of any proposed or pending legislation. See also "TAX MATTERS" herein.

## **State Tax Reform**

It is impossible to predict what new proposals may be presented regarding tax reform and/or community development districts during upcoming legislative sessions, whether such new proposals or any previous proposals regarding the same will be adopted by the Florida Senate and House of Representatives and signed by the Governor, and, if adopted, the form thereof. It is impossible to predict with certainty the impact that any existing or future legislation will or may have on the security for the Series 2025 Bonds. It should be noted that Section 190.016(14) of the Act provides in pertinent part that "[t]he state pledges to the holders of any bonds issued under this act that it will not limit or alter the rights of the district to ... levy and collect the ... assessments ... and to fulfill the terms of any agreement made with the holders of such bonds ... and that it will not in any way impair the rights or remedies of such holders."

## **Insufficient Resources or Other Factors Causing Failure to Complete Development**

The cost to finish the 2025 Project will exceed the net proceeds from the Series 2025 Bonds. There can be no assurance, in the event the District does not have sufficient moneys on hand to complete the 2025 Project, that the District will be able to raise, through the issuance of additional bonds or otherwise, the moneys necessary to complete the 2025 Project. Further, the Indenture sets forth certain limitations on the issuance of additional bonds. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" for more information.

Although the Developer will agree to fund or cause to be funded the completion of the 2025 Project regardless of the insufficiency of available proceeds from the Series 2025 Bonds and will enter into a completion agreement with the District as evidence thereof, there can be no assurance that the Landowner will have sufficient resources to do so. Such obligation of the Developer is an unsecured obligation, and the Developer is a special-purpose entity whose assets consist primarily of its interest in the Development. See "THE DEVELOPER AND THE LANDOWNER" herein for more information.

There are no assurances that the 2025 Project and any other remaining development work associated with Assessment Area Two will be completed. Further, there is a possibility that, even if Assessment Area Two is developed, the Builders may not close on all or any of the land therein, and such failure to close could negatively impact the construction and sale of homes in Assessment Area Two. The Builder Contracts may also be terminated by the Builders upon the occurrence or failure to occur of certain conditions set forth therein. See "THE DEVELOPMENT – Builder Contracts and the Builders" herein for more information about the Builders and the Builder Contracts.

## **Pandemics and Other Public Health Emergencies**

The COVID-19 pandemic severely impacted global financial markets, unemployment levels and commerce generally. It is possible that, in the future, the spread of epidemic or pandemic diseases and/or government health and public safety restrictions imposed in response thereto could adversely impact the District, the Landowner, the timely and successful completion of the Development, the purchase of land therein by the Builders and the construction and sale to purchasers of residential units therein. Such impacts could include delays in obtaining development approvals, construction delays, supply chain delays, or increased costs. See also "Economic Conditions and Changes in Development Plans" and "Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

## **Cybersecurity**

The District relies on a technological environment to conduct its operations. The District, its agents and other third parties the District does business with or otherwise relies upon are subject to cyber threats

including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to such parties' digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. No assurances can be given that any such attack(s) will not materially impact the operations or finances of the District, which could impact the timely payment of debt service on the Series 2025 Bonds.

### **Prepayment and Redemption Risk**

In addition to being subject to optional and mandatory sinking fund redemptions, the Series 2025 Bonds are subject to extraordinary mandatory redemption, including, without limitation, as a result of prepayments of the Assessment Area Two Special Assessments by the Landowner or subsequent owners of the property within Assessment Area Two. Any such redemptions of the Series 2025 Bonds would be at the principal amount of such Series 2025 Bonds being redeemed plus accrued interest to the date of redemption. In such event, owners of the Series 2025 Bonds may not realize their anticipated rate of return on the Series 2025 Bonds and owners of any Premium Bonds (as defined herein) may receive less than the price they paid for the Series 2025 Bonds. See "DESCRIPTION OF THE SERIES 2025 BONDS – Redemption Provisions," "– Purchase of Series 2025 Bonds" and "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Prepayment of Assessment Area Two Special Assessments" herein for more information.

### **Payment of Assessment Area Two Special Assessments after Bank Foreclosure**

In the event a bank forecloses on property because of a default on a mortgage in favor of such bank on any of the assessable lands within Assessment Area Two of the District, and then the bank itself fails, the Federal Deposit Insurance Corporation (the "FDIC"), as receiver, will then become the fee owner of such property. In such event, the FDIC will not, pursuant to its own rules and regulations, likely be liable to pay the Assessment Area Two Special Assessments levied on such property. In addition, the District would require the consent of the FDIC prior to commencing a foreclosure action.

## **THE DISTRICT**

### **General Information**

The District was established by Ordinance No. 22-030 enacted by the Board of County Commissioners of St. Lucie County, Florida (the "County") on November 1, 2022 and effective on November 16, 2022, as amended by Ordinance No. 24-015 enacted by the Board of County Commissioners of the County on May 7, 2024 and effective on May 13, 2024 (collectively, the "Ordinance"), under the provisions of the Act. The boundaries of the District include approximately 3,234 gross acres of land (the "District Lands"). The District Lands lie just south of the C-24 Canal and northwest of Glades Cut Off Road. See "THE DEVELOPMENT" herein for more information.

### **Legal Powers and Authority**

The District is an independent unit of local government created pursuant to, and established in accordance with, the Act. The Act was enacted in 1980 to provide a uniform method for the establishment of independent districts to manage and finance basic community development services, including capital infrastructure required for community developments throughout the State of Florida. The Act provides legal authority for community development districts (such as the District) to finance the acquisition, construction, operation and maintenance of the major infrastructure for community development pursuant to its general law charter.

Among other provisions, the Act gives the District's Board of Supervisors (the "Board"), as its governing body, the authority to, among other things, (a) finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate and maintain systems, facilities, and basic infrastructure for, among other things: (i) water management and control for lands within the District and to connect any of such facilities with roads and bridges; (ii) water supply, sewer and waste-water management, reclamation and reuse systems or any combination thereof and to construct and operate connecting intercept or outlet sewers and sewer mains and pipes and water mains, conduits, or pipelines in, along, and under any street, alley, highway, or other public place or ways, and to dispose of any effluent, residue, or other byproducts of such system or sewer system; (iii) District roads equal to or exceeding the specifications of the county in which such District roads are located and street lights, landscaping, hardscaping and undergrounding of electric utility lines; (iv) conservation areas, mitigation areas, and wildlife habitat; (v) any other project, facility, or service required by a development approval, interlocal agreement, zoning condition, or permit issued by a governmental authority with jurisdiction in the District, and (vi) with the consent of the local general-purpose government within the jurisdiction of which the power is to be exercised, parks and facilities for indoor and outdoor recreational uses, and security; (b) borrow money and issue bonds of the District; (c) impose and foreclose special assessments liens as provided in the Act; and (d) exercise all other powers, necessary, convenient, incidental or proper in connection with any of the powers or duties of the District stated in the Act.

The Act does not empower the District to adopt and enforce any land use plans or zoning ordinances and the Act does not empower the District to grant building permits. These functions are to be performed by general purpose local governments having jurisdiction over the lands within the District.

The Act exempts all property owned by the District from levy and sale by virtue of an execution and from judgment liens, but does not limit the right of any bondholders to pursue any remedy for enforcement of any lien or pledge of the District in connection with its bonds, including the Series 2025 Bonds.

## Board of Supervisors

Members of the Board (the "Supervisors") must be residents of the State and citizens of the United States. Initially, the Supervisors were appointed in the Ordinance. Within 90 days after formation of the District, an election was held pursuant to which new Supervisors were elected on an at-large basis by the owners of the property within the District. Ownership of land within the District entitles the owner to one vote per acre (with fractions thereof rounded upward to the nearest whole number). A Supervisor serves until expiration of his or her term and until his or her successor is chosen and qualified. If, during a term of office, a vacancy occurs, the remaining Supervisors may fill the vacancy by an appointment of an interim Supervisor for the remainder of the unexpired term.

At the initial election held within ninety (90) days after formation of the District, the landowners in the District elected two Supervisors to four-year terms and three Supervisors to two-year terms. Thereafter, the elections take place every two years, with the first such election being held on the first Tuesday in November, and subsequent elections being held on a date in November established by the Board. Upon the later of six years after the initial appointment of Supervisors and the year when the District next attains at least 250 qualified electors, Supervisors whose terms are expiring will begin to be elected (as their terms expire) by qualified electors of the District. A qualified elector is a registered voter who is at least eighteen years of age, a resident of the District and the State and a citizen of the United States. At the election where Supervisors are first elected by qualified electors, two Supervisors must be qualified electors and be elected by qualified electors, each elected to four-year terms. The seat of the remaining Supervisor whose term is expiring at such election shall be filled by a Supervisor who is elected by the landowners for a four-year term and who is not required to be a qualified elector. Thereafter, as terms expire, all Supervisors must be qualified electors and must be elected by qualified electors to serve staggered four-year terms.

Notwithstanding the foregoing, if at any time the Board proposes to exercise its ad valorem taxing power, prior to the exercise of such power, it shall call an election at which all Supervisors shall be elected by qualified electors in the District. Elections subsequent to such decision shall be held in a manner such that the Supervisors will serve four-year terms with staggered expiration dates in the manner set forth in the Act.

The Act provides that it shall not be an impermissible conflict of interest under Florida law governing public officials for a Supervisor to be a stockholder, officer or employee of a landowner or of any entity affiliated with a landowner.

The current members of the Board and the expiration of the term of each member are set forth below:

<b>Name</b>	<b>Title</b>	<b>Term Expires</b>
William Fife*	Chairman	November 2026
Jon Seifel*	Vice Chairman	November 2026
Tim Smith*	Assistant Secretary	November 2028
Josh Long*	Assistant Secretary	November 2028
Luis Carcamo*	Assistant Secretary	November 2026

\* Employee of, or affiliated with, the Developer and the Landowner.

A majority of the members of the Board constitutes a quorum for the purposes of conducting its business and exercising its powers and for all other purposes. Action taken by the District shall be upon a vote of a majority of the members present unless general law or a rule of the District requires a greater number. All meetings of the Board are open to the public under Florida's open meeting or "Sunshine" law.

### **The District Manager and Other Consultants**

The chief administrative official of the District is the District Manager (as hereinafter defined). The Act provides that a district manager has charge and supervision of the works of the District and is responsible for preserving and maintaining any improvement or facility constructed or erected pursuant to the provisions of the Act, for maintaining and operating the equipment owned by the District, and for performing such other duties as may be prescribed by the Board.

The District has retained Wrathell, Hunt & Associates, LLC, Boca Raton, Florida, to serve as its district manager ("District Manager"). The District Manager's office is located at 2300 Glades Rd., Ste. #410W, Boca Raton, Florida 33431.

The Act further authorizes the Board to hire such employees and agents as it deems necessary. Thus, the District has employed the services of Greenberg Traurig, P.A., West Palm Beach, Florida, as Bond Counsel; Mills, Short & Associates, LLC, Jupiter, Florida, as Consulting Engineer; and Kutak Rock LLP, Tallahassee, Florida, as District Counsel. The Board has also retained the District Manager to serve as Methodology Consultant and to prepare the Assessment Methodology and to serve as Dissemination Agent for the Series 2025 Bonds.

### **Outstanding Bond Indebtedness**

The District previously issued its Special Assessment Bonds, Series 2024 (Assessment Area One – Master Offsite 2024 Project) (the "Series 2024 Bonds") on May 14, 2024, in the original aggregate principal amount of \$13,815,000, all of which was outstanding as of June 6, 2025. The Series 2024 Bonds are secured by the special assessments assigned to the lands within Assessment Area One of the District, which lands are separate and distinct from the lands within Assessment Area Two that are subject to the Assessment Area Two Special Assessments securing the Series 2025 Bonds.

## THE CAPITAL IMPROVEMENT PLAN AND THE 2025 PROJECT

A Master Engineer's Report dated March 14, 2024 (the "Master Engineer's Report"), was prepared by Thomas Engineering Group, LLC, which has been supplemented and in particular with respect to the Series 2025 Bonds by the Second Supplemental Engineer's Report (Assessment Area Two) (Second "Master" Project), dated June 14, 2025 (the "Second Supplemental Engineer's Report" and together with the Master Engineer's Report, the "Engineer's Report") prepared by Mills, Short & Associates, LLC (the "Consulting Engineer").

The Engineer's Report sets forth certain public infrastructure improvements necessary for the development of approximately 7,153 residential units ultimately planned for the Development (the "Capital Improvement Plan"). The Master Engineer's Report estimated the total approximate cost of the Capital Improvement Plan to be approximately \$124,842,240 for master infrastructure improvements and approximately \$351,500,000 for Neighborhood Infrastructure (as defined herein).

The Development is being broken into multiple pods, labeled as Pod 1, Pod 2, Pod 3, Pod 4A, Pod 4B, Pod 5, Pod 6, Pod 7, Pod 8, Pod 9, Pod 10, and Pod 11. All of the pods are currently within the boundaries of the District. Multiple assessment areas are being created to facilitate the District's development and financing plans. The first assessment area is comprised of Pods 1, 2, 7 and 8 ("Assessment Area One"), which contains approximately 656 acres of land that are planned for 1,721 residential units. The second assessment area is comprised of Pods 3, 5 and 6 ("Assessment Area Two"), which contains approximately 1,348.74 acres of land that are planned for 3,082 residential units.

The first phase of the master infrastructure portion of the Capital Improvement Plan is referred to herein as the "2024 Project." The District previously issued its Series 2024 Bonds to finance a portion of the 2024 Project. See "THE DEVELOPMENT – Update on 2024 Project" herein for more information.

The Second Supplemental Engineer's Report sets forth the master infrastructure portion of the Capital Improvement Plan necessary for the development of Assessment Area Two (the "2025 Project"). The Consulting Engineer, in the Second Supplemental Engineer's Report, estimated the total cost of the 2025 Project to be approximately \$83,728,272 as set forth below and in the Second Supplemental Engineer's Report attached hereto as Appendix C. These improvements will benefit the entire District.

<b>Improvements</b>	<b>Total Cost<sup>(1)(5)</sup></b>	<b>Ownership &amp; Maintenance<sup>(2)(3)</sup></b>
Rangeline Road Segments (2-lane expansion, north of Glades intersection) <sup>(4)</sup>	\$7,400,000	County
Internal Spine Road	\$32,587,281	District
Master Stormwater Management System	\$27,229,330	District
Master Water Sewer Mains Extensions <sup>(4)</sup>	8,000,000	County
Professional Fees and Costs	\$800,000	District
Contingency (10%)	\$7,611,661	
<b>Total Cost of 2025 Project</b>	<b>\$83,728,272</b>	

(1) The probable costs estimated herein do not include anticipated carrying cost, interest reserves or other anticipated CDD expenditures that may be incurred.

(2) The Developer reserves the right to finance any of the improvements outlined above, and have such improvements owned and maintained by a property owner's or homeowner's association, in which case such items would not be part of the CIP.

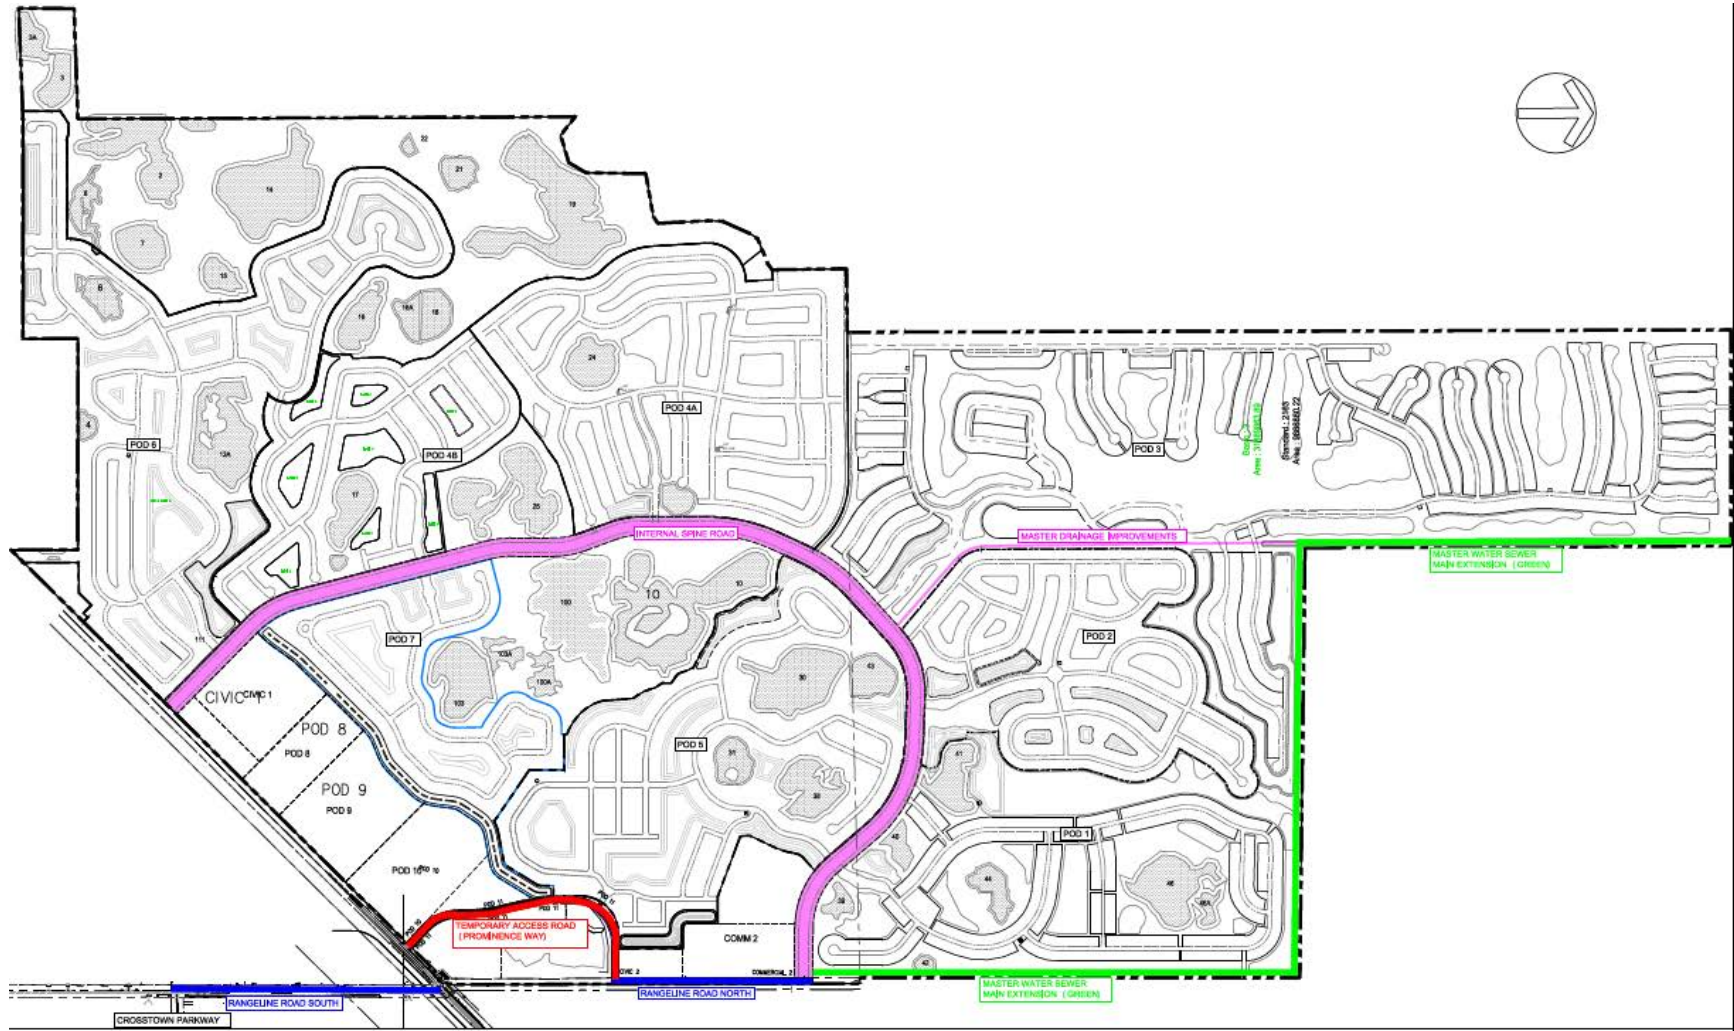

- (3) The District may enter into an agreement with a third-party, or an applicable property owner's or homeowner's association, to maintain any District-owned improvements, subject to the approval of the District's bond counsel.
- (4) Impact fee-creditable improvements. While the District may initially finance impact fee creditable offsite roadway and utilities improvements, the District will enter into an agreement with the Developer whereby the District will receive the proceeds from any impact fee credits and use the credits to buy non-impact fee creditable improvements. The Rangeline Road expansion is anticipated to be 100% impact fee credit eligible. It is anticipated that homebuilders will purchase the credits, and the CDD will use the proceeds of those sales to acquire non-impact fee creditable improvements.
- (5) The temporary access road is estimated to cost \$3,300,000. Costs are not included in the above estimate at the time of this report. Portions of the roadway could become permanent and owned by the District and/or another governmental entity and would be considered part of the 2025 Project and eligible for funding by the District.

The master infrastructure necessary to provide access to the Development and land development is being phased, starting with offsite roadways which provide access to the Development. The Developer will install certain offsite and master infrastructure improvements and pod purchasers will in turn be responsible for installing parcel-specific infrastructure improvements within the Development. The first portion of the Capital Improvement Plan to be constructed and financed was the Crosstown Parkway, which was financed in part from proceeds from the Series 2024 Bonds. Crosstown Parkway is a 2.5-mile road running east/west from I-95 which will provide roadway access to the Development via Rangeline Road. Construction of Crosstown Parkway is substantially complete, with final completion expected by July 2025.

Rangeline Road is an existing north/south roadway which will be widened to four lanes in part and extended from Glades one mile to the Development. The first phase of Rangeline Road construction to the north is expected to be permitted in July 2025 and construction is expected to commence in August 2025 with completion expected by December 2025. The first phase of Rangeline Road construction to the south is expected to be permitted in November 2025 and construction is expected to commence in January 2026 with completion expected by July 2026. The approximately 2.7-mile internal spine road that will run through the Development is fully permitted for the first two phases and construction commenced in April with completion expected by August 2026. The phases of the internal spine road and Rangeline Road improvements listed above are expected to be funded in part with proceeds from the Series 2025 Bonds. Remaining two phases of Rangeline Road and the remaining two phases of the internal spine road will be developed in the future and funded in part with proceeds from a future series of bonds.

[Remainder of page intentionally left blank.]

The following map shows some of the improvements necessary for delivery of pods.

Set forth below is a map that shows Assessment Area Two (Pods 3,5 and 6).

As of June 12, 2025, the Developer has spent approximately \$567,000 on hard and soft costs associated with the 2025 Project (primarily related to the engineering and permitting of the internal spine road). The available net proceeds from the Series 2025 Bonds are expected to be approximately \$20.9 million\* and such proceeds will be used by the District towards the construction and/or acquisition of a portion of the 2025 Project from the Developer. The Developer will enter into a Completion Agreement that will obligate the Developer to complete the 2025 Project. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

The District anticipates issuing approximately \$12,500,000 in additional bonds in the future to finance master infrastructure, which bonds will be secured by special assessments levied on lands separate and distinct from the Assessment Area Two lands which are subject to the Assessment Area Two Special Assessments that secure the Series 2025 Bonds.

The District also anticipates issuing multiple series of neighborhood infrastructure bonds in the future, some of which will be secured by special assessments levied on the same Assessment Area Two lands that are subject to the Assessment Area Two Special Assessments and some of which will be secured by special assessments on other District Lands.

Pursuant to the Second Supplemental Indenture, annual special assessments for bond debt (including both the Assessment Area Two Special Assessments and the Special Assessments securing any additional bonds) may not exceed \$2,500 per each planned residential unit (which amount excludes early discount and collection charges). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" herein for more information.

The Consulting Engineer has indicated that all necessary regulatory approvals to construct the 2025 Project that are set forth in the Engineer's Report have been obtained or are reasonably excepted to be obtained in due course. In addition to the Engineer's Report, please refer to "THE DEVELOPMENT – Development Approvals" for a more detailed description of the entitlement and permitting status of the Development. See "APPENDIX A – ENGINEER'S REPORT" for more information regarding the above improvements.

## ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS

The Amended and Restated Master Special Assessment Methodology Report dated January 16, 2025 (the "Master Assessment Methodology"), as supplemented by the Preliminary Second Supplemental Special Assessment Methodology Report dated June 13, 2025 (the "Supplemental Assessment Methodology" and together with the Master Assessment Methodology, the "Assessment Methodology"), which allocates the Assessment Area Two Special Assessments to certain lands within Assessment Area Two within the District, has been prepared by Wrathell, Hunt & Associates, LLC, Boca Raton, Florida (the "Methodology Consultant"). See "EXPERTS" herein for more information. The Assessment Methodology is included herein as APPENDIX D. Once the final terms of the Series 2025 Bonds are determined, the Supplemental Methodology will be revised to reflect such final terms. Once levied and imposed, the Assessment Area Two Special Assessments will be first liens on the assessable lands within Assessment Area Two within the District against which they are assessed until paid or barred by operation of law, co-equal with other taxes and assessments levied by the District and other units of government. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein.

As set forth in the Assessment Methodology, the Assessment Area Two Special Assessments are initially levied on the approximately 1,348.74 gross acres constituting Assessment Area Two, with Assessment Area Two Special Assessments being specifically assigned to each of the Pods at the time of issuance of the Series 2025 Bonds in the amounts of approximately \$9,876,551\* for Pod 3, \$6,964,546\* for Pod 5 and \$8,088,903\* for Pod 6. As platting within each Pod occurs, the Assessment Area Two Special Assessments will be assigned to the lots planned for that Pod within Assessment Area Two on a first platted, first assigned basis, as set forth in the Assessment Methodology attached hereto. Assuming that all of the planned residential units are platted, the following tables summarize the expected allocation of the Assessment Area Two Special Assessments on a per unit basis. See "APPENDIX D – ASSESSMENT METHODOLOGY" herein for more information.

Product Type	No. of Units	Annual Assessment Area Two	
		Special Assessments	Series 2025 Bonds Par
		<u>Per Unit*</u>	<u>Debt Per Unit*</u>
Pod 3 – SF and Condo	1,221	\$588	\$8,089
Pod 5 – Single-Family	861	\$588	\$8,089
Pod 6 – SF and Villa	<u>1,000</u>	\$558	\$8,089
<b>Total</b>	<b>3,082</b>		

\*Preliminary, subject to change. Annual Assessment Area Two Special Assessments shown above do not include early payment discounts and County collection fees, currently 7%. The District anticipates issuing additional Bonds in the future, including certain additional Bonds which will be secured by special assessments on the same lands subject to the Assessment Area Two Special Assessments. The Second Supplemental Indenture caps the aggregate annual Special Assessments for all Bonds secured by Special Assessments on Assessment Area Two (including the Series 2025 Bonds) at \$2,500 per each planned residential unit (which amount excludes early discount and collection charges). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" herein for more information.

The District will continue to levy assessments to cover its operation and maintenance costs that are expected to be approximately \$1,800 per residential unit in Pod 3, \$2,400 per residential unit in Pod 5, and \$1,800 per residential unit in Pod 6, annually, upon buildout, which amounts are subject to change. The land within the District has been and will continue to be subject to taxes and assessments imposed by taxing authorities other than the District. The County and the School Board each levy ad valorem taxes annually upon the land in the District. Voters may approve additional millages levied for general obligation bonds,

as to which no limit applies. The total millage rate in the District in 2024 was approximately 18.9869 mills, which is subject to change in future tax years. These taxes will be payable in addition to the Assessment Area Two Special Assessments and other assessments levied by the District. The District has no control over the level of ad valorem taxes and/or special assessments levied by other taxing authorities. It is possible that in future years, taxes levied by these other entities could be substantially higher than in the current year. See "THE DEVELOPMENT – Taxes, Fees and Assessments" for more information, including applicable homeowners' association fees.

## THE DEVELOPMENT

### General

The District Lands encompass approximately 3,234 gross acres of land located within St. Lucie County, Florida (the "County") which are being developed as "Solaeris" (the "Development"). The Development is planned to contain approximately 7,000 units. The Development is located south of the C-24 Canal and northwest of Glades Cut Off Road. The Development is located approximately five miles west of Interstate-95 and eight miles west of the Florida Turnpike.

The Development is intended to continue upon the success of the neighboring Verano which is being developed by an affiliate of the Developer. Verano is located approximately one mile to the east of the Development. As of May 31, 2025, approximately 2,056 homes have been closed with homebuyers within Verano. In addition, PGA Village is located approximately three miles to the east, Tradition master planned community is located approximately three miles to the southeast, and Wylder is located approximately five miles to the northeast of the Development. The following maps depict the general location of the Development.

The Development is being broken into multiple pods, labeled as Pod 1, Pod 2, Pod 3, Pod 4A, Pod 4B, Pod 5, Pod 6, Pod 7, Pod 8, Pod 9, Pod 10, and Pod 11. All the aforementioned pods are currently within the boundaries of the District. Multiple assessment areas have and will be created to facilitate the District's development and financing plans. The first assessment area is comprised of Pods 1, 2, 7 and 8 ("Assessment Area One"), which contains approximately 656 acres of land that are planned for 1,721 residential units. The second assessment area is comprised of Pods 3, 5 and 6 ("Assessment Area Two"), which contains approximately 1,348.74 acres of land that are planned for 3,082 residential units.

Oak Ridge Ranches LLC, a Florida limited liability company (the "Developer"), is the master developer of the Development. An affiliate of the Developer, Oak Ridge Resi Investments LLC, a Florida limited liability company (the "Landowner"), owns the lands in Assessment Area Two. See "THE DEVELOPER AND THE LANDOWNER" herein for more information.

The Developer is installing the master infrastructure improvements necessary for the Development and the Series 2025 Bonds will fund a portion of the costs of constructing Rangeline Road, the north/south roadway that provides access to the Development, along with an internal spine that will run through the Development and related master utilities and stormwater management improvements.

The Landowner is under contract to sell all of the undeveloped parcels in Assessment Area Two to pod purchasers, which will in turn install parcel-specific infrastructure improvements. Taylor Morrison is under contract to acquire Pod 3, which is planned for 1,221 lots. DFH Land is under contract to acquire Pod 6, which is planned for 1,000 lots. NVR is under contract to acquire 867 developed lots in Pod 5 from an affiliate of the Developer. Taylor Morrison, NVR and DFH Land are sometimes referred to herein as the "Builders". The total base purchase price for the builder contracts in Assessment Area Two is approximately \$116 million, which amount does not include additional deferred compensation tied to certain home sale metrics. See "- Builder Contracts and the Builders" herein for more information.

The first phase of the master infrastructure portion of the Capital Improvement Plan is referred to herein as the "2024 Project." The District previously issued its Series 2024 Bonds to finance a portion of the 2024 Project. See "– Update on 2024 Project" herein for more information.

The Series 2025 Bonds are being issued to finance a portion of the Series 2025 Project. The Series 2025 Bonds will be secured by the Assessment Area Two Special Assessments which will initially be levied on the approximately 1,348.74 acres which comprise Assessment Area Two. As platting within each Pod occurs, the Assessment Area Two Special Assessments will be assigned to the lots planned for that Pod within Assessment Area Two on a first platted, first assigned basis, as set forth in the Assessment Methodology (as defined herein) attached hereto as APPENDIX D. See "ASSESSMENT METHODOLOGY AND THE ALLOCATION OF ASSESSMENTS" herein for more information.

The District anticipates issuing additional series of bonds in the future in order to finance additional portions of the Capital Improvement Plan, including additional bonds for both master and neighborhood infrastructure development. Additional master infrastructure bonds are expected to be issued which will be secured by special assessments levied on lands separate and distinct from the Assessment Area Two lands which are subject to the Assessment Area Two Special Assessments that secure the Series 2025 Bonds. Additional neighborhood infrastructure bonds are expected to be issued, some of which may be secured by special assessments levied on the same Assessment Area Two lands that are subject to the Assessment Area Two Special Assessments and some of which may be secured by special assessments on lands separate and distinct from the Assessment Area Two lands. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" herein for more information.

Within Assessment Area Two, Pods 3, 5, and 6 are planned to contain single-family detached homes, condominium and attached villa units. Single-family detached units are expected to range in size from approximately 1,700 square feet to 3,700 square feet and price points are expected to start at approximately \$350,000. Condo and attached villa units are expected to average approximately 1,455 square feet and 1,665 square feet, respectively, and starting price points are expected to be approximately \$400,000 and \$405,000, respectively. The target customers for units within Assessment Area Two are first time homeowners and move up buyers. See "Residential Product Offerings" herein for more information.

### **Update on the 2024 Project**

The District previously issued its Series 2024 Bonds to finance a portion of the 2024 Project. More specifically, the proceeds from the Series 2024 Bonds were used to fund a portion of the construction of the Crosstown Parkway. As of June 15, 2025, the Developer has spent approximately \$17.3 on offsite expenses associated with the Development. Crosstown Parkway is a 2.5-mile road running east/west from I-95 which will provide roadway access to the Development via Rangeline Road. Construction of Crosstown Parkway is expected to be substantially complete in July 2025, with final completion expected by August 2025. The Series 2024 Bonds are secured by the Series 2024 Assessments levied on the 656 gross acres which comprise Assessment Area One.

All 1,721 lots planned for Assessment Area One are under contract with homebuilders. Pod 1 is now planned for 552 units, Taylor Morrison is expected to close on the land comprising Pod 1 by October 2025. Pod 2 is planned for 679 units, K Hovnanian is expected to close on the land comprising Pod 2 by October 2025. Pod 7 is now planned for 373 units, Meritage is expected to close on the land comprising Pod 7 by September 2025. Pod 8 is planned for 183 units, Meritage is expected to close on the land comprising Pod 8 by October 2025.

## Land Acquisition and Finance Plan

The Developer acquired the land comprising the Development in July 2021 for an approximate purchase price of \$27.45 million. The Developer subsequently transferred the lands in Assessment Area Two along with the majority of the remaining lands in the Development to the Landowner (which is an affiliate of the Developer) in November 2022.

The acquisition of the land within the Development was financed with a loan from Farm Credit of Central Florida (the "Loan") in the approximate amount of \$13.9 million. The remainder was paid with Developer equity. The Loan is currently outstanding in the approximate amount of \$13.9 million, which is due in payable under five separate promissory notes that in the aggregate have a blended interest rate of 3.09% with an average term of 20 years from the loan origination date. For each note, the interest rate is fixed for four years and then moves to a floating rate of prime - 0.125% until paydown or maturity. Principal will be paid with land closings or through principal paydowns. The first note's principal paydown will commence in October 2025. The Developer expects repaying the Loan with equity derived from the Landowner's land sales to homebuilders. The Loan is secured by a mortgage on the lands owned by the Developer and the Landowner.

The Consulting Engineer estimates the total cost of the 2025 Project to be approximately \$83,728,272, which represents a portion of the total offsite and master infrastructure improvements in the district but all of the offsite and master infrastructure improvements necessary to provide access and utilities to the pods in Assessment Area Two. Pod purchasers will be responsible for installing parcel-specific infrastructure improvements associated with the respective pods at the approximate cost of \$50,000 per lot. Portions of the neighborhood infrastructure development may be funded through the issuance of additional Bonds.

As of June 12, 2025, the Developer has spent approximately \$567,000 on hard and soft costs associated with the 2025 Project (primarily related to engineering and permitting of the internal spine road). The available net proceeds from the Series 2025 Bonds are expected to be approximately \$20.9 million\* and such proceeds will be used by the District towards the funding and/or acquisition of a portion of the 2025 Project from the Developer.

The Developer anticipates funding the costs of the 2025 Project not funded by bond proceeds from Developer equity derived from the Landowner's land sales to homebuilders. The Developer will enter into a Completion Agreement that will obligate the Developer to complete the 2025 Project. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

The District anticipates issuing additional bonds in the future to finance offsite and master infrastructure, which bonds will be secured by special assessments levied on lands separate and distinct from the Assessment Area Two lands which are subject to the Assessment Area Two Special Assessments that secure the Series 2025 Bonds.

## **Development Plan/Status**

The 2025 Project consists of offsite infrastructure which provides access to the Development as well as certain master infrastructure necessary for land development, including construction of the internal spine road through the Development and the master stormwater improvements. Set forth below is a general description of the planned improvements.

The main components of the 2025 Project include (i) a portion of the construction of Rangeline Road, a four lane expansion with storm water management improvements from Crosstown Parkway to Glades Cut Off Road, (ii) a portion of the construction of the 2.7 mile internal spine that will run through the Development, (iii) the construction of a new two lane Prominence Way road with storm water management improvements north of Glades Road for approximately 0.8 miles to the entrance of the Development, and (iv) related master utilities and stormwater management improvements.

Rangeline Road. Rangeline Road will be completed in approximately four phases including phases one and two of Rangeline Road to the north and phases one and two of Rangeline Road to the south. The first phase of Rangeline Road construction to the north is expected to be permitted in July 2025 and construction is expected to commence in August 2025 with completion expected by December 2025. The first phase of Rangeline Road construction to the south is expected to be permitted in November 2025 and construction is expected to commence in January 2026 with completion expected by July 2026. Phase 2 of Rangeline Road to the north and Phase 2 of Rangeline Road to the south are expected to be developed in the future and financed with proceeds from a future series of bonds.

Internal Spine Road. The internal spine road for the Development will run approximately 2.7 mile and will be completed in approximately four phases. The first two phases of the internal spine road, which phases will be funded in part with a portion of the proceeds from the Series 2025 Bonds, are fully permitted and construction commenced in April with completion expected by August 2026. The remaining two phases of the internal spine road will be developed in the future and funded in part with proceeds from a future series of bonds. The remaining permits associated with the internal spine road are expected in September 2025.

Prominence Way. Prominence Way, a two-lane road, will be extended approximately 0.8 miles from Glades Cut off to connect to Rangeline Road which will require stormwater management improvements and water lines. Permits are expected in July 2025 and construction is expected to commence in August 2025 and be completed by December 2025. Such improvements are expected to be funded in part with proceeds from the Series 2025 Bonds.

Master Utilities. Approximately 3 miles of (1) 16" watermain and (1) 16" forcemain will be constructed from C24 to the spine road entrance at Rangeline intersection. This is necessary to develop the pods and lots planned for Assessment Area Two. Such improvements will include master utility infrastructure including water and forcemain transmission lines necessary to develop the lots planned for the Development. The master utility improvements referenced above are expected to be fully permitted in July 2025 at which point construction is expected to commence with completion expected by October 2025. Such improvements are expected to be funded in part with proceeds from the Series 2025 Bonds.

The third-party pod purchasers will be responsible for installing the infrastructure within the pods. Portions of the neighborhood infrastructure development may be funded through the issuance of additional Bonds. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" herein.

Deliveries to pod purchasers are expected to commence in the third quarter of 2025. The first phases of parcel infrastructure for Pods 3, 5 and 6 are expected to be completed by the fourth quarter of 2026, at which point vertical construction will commence with home sales expected in the second quarter of 2027.

The Developer anticipates that approximately 500 units will be sold and closed with homebuyers per annum within Assessment Area Two, commencing in the second quarter of 2027 until build out. This anticipated absorption is based upon estimates and assumptions made by the Developer that are inherently uncertain, though considered reasonable by the Developer, and are subject to significant business, economic, and competitive uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the control of the Developer. As a result, there can be no assurance such absorption rate will occur or be realized in the time frame anticipated.

### **Builder Contracts and the Builders**

The Landowner is under contract to sell all of the undeveloped parcels in Assessment Area Two to pod purchasers, which will in turn install parcel-specific infrastructure improvements. Taylor Morrison is under contract to acquire Pod 3, which is planned for 1,221 lots. DFH Land is under contract to acquire Pod 6, which is planned for 1,000 lots. NVR is under contract to acquire 867 developed lots in Pod 5 from an affiliate of the Developer. Taylor Morrison, NVR and DFH Land are sometimes referred to herein as the "Builders". The total base purchase price for the builder contracts in Assessment Area Two is approximately \$116 million, which amount does not include additional deferred compensation tied to certain home sale metrics. Set forth below is a table that shows the pods that are under contract with builders in the Development as of June 1, 2025.

<b><u>Pod</u></b>	<b><u>Builder</u></b>	<b><u>Expected # of Units</u></b>	<b><u>Estimated Base Purchase Price*</u></b>
3	Taylor Morrison	1,221	\$50,875,004
5	NVR	867	\$30,000,000
6	Dreamfinders	<u>1,000</u>	<u>\$35,004,000</u>
	Totals	3,088	\$115,879,004

\* The base purchase price shown is subject to adjustment, including for additional deferred consideration based on the percentage of retail proceeds. All of the contracts that have been entered into are past the inspection period with deposits held in escrow. Closings are subject to satisfaction of certain conditions.

### **Pod 3 Builder Contract**

The Landowner has entered into a Purchase and Sale Agreement (Solaeris – Pod 3) with Taylor Morrison of Florida, Inc., a Florida corporation ("Taylor Morrison"), dated February 20, 2023, as amended (the "Taylor Morrison Contract"). The Taylor Morrison Contract provides for the single bulk purchase sale of all of the property in Pod 3, containing approximately 729.19 acres, for a purchase price calculated as \$41,667 per lot based on the number of lots shown in the final concept plan with an estimated total purchase price of approximately \$50 million. In no event shall the final purchase price be based on fewer than a total of 1,200 lots and in the event more lots are included in the final concept plan the purchase price shall increase by \$41,667 per lot. The current concept plan includes 1,221 lots. The Taylor Morrison Contract provides for additional deferred consideration based on a percentage of the retail proceeds commencing at the time of the closing on the 301<sup>st</sup> lot.

Pursuant to the Taylor Morrison Contract, the closing shall occur 15 days after the later to occur of (i) the date the Landowner provides Taylor Morrison that all conditions to closing (including, without limitation, receipt of master permits and PUD zoning, and the substantial completion of the Crosstown Parkway extension, and the commencement of Rangeline Road extension and Oak Ridge Ranch Road (a/k/a

Loop Road) extension to the entry to Pod 3, and the substantial completion of water/sewer extension) have been satisfied, and (ii) the date Taylor Morrison obtains all approvals for the first phase of development of not less than 200 lots. The closing shall occur by August 30, 2025, subject to Taylor Morrison's right to extend for up to two periods of 30 days each. Taylor Morrison shall pay 50% of the initial purchase price at closing and deliver to Landowner a non-recourse purchase money mortgage note in the amount of 50% of the initial purchase, which note shall bear interest at 6% and be due and payable in two installment payments, with a maturity date that is 36 months after the closing date.

The inspection period under the Taylor Morrison Contract has expired. Pursuant to the terms of the Taylor Morrison Contract, Taylor Morrison has made a deposit of \$2,500,000, which is being held in escrow and will be released to the Landowner upon satisfaction of certain requirements, including certain development obligations and the recordation of a mortgage securing the deposit. The deposit is nonrefundable to Taylor Morrison unless the conditions to closings are not timely satisfied. See "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

The Developer is working to obtain releases of a drainage easement that impacts the future development of approximately 20 lots planned in Pod 3. The Developer anticipates obtaining the remaining releases in the next one to three months (or up to eighteen months if eminent domain is necessary). The Developer anticipates that Taylor Morrison will close on the property; however, the requirement to close by August 30, 2025, could be adversely impacted in the event the remaining releases are not received prior to such date.

The ultimate parent of Taylor Morrison is Taylor Morrison Home Corp. ("Taylor Morrison Home Corp."). **Development Approvals**

Zoning

Pursuant to County Ordinance 2023-201 dated October 12, 2023, the County established the Oak Ridge Ranches PUD which rezoned the Development from agricultural to the PUD site plan for this Development and allows for up to 8,600 dwelling units along with other uses. Pursuant to County Ordinance 2023-15 dated October 12, 2023, the Development is restricted to 1,000 dwelling units until the Developer has entered into a development agreement with the St. Lucie County School District. The Developer entered into such agreement in August 2024, which, along with County Ordinance 2023-15, requires that the Developer deliver developed land of approximately 25 acres each within the Development for up to two K-8 schools.

### Permits and Approvals

The Developer has received the applicable permits to construct the first two phases of the internal spine road. The Developer anticipates receiving the remaining applicable permits for the Rangeline Road improvements in July 2025 and November 2025 and the remaining applicable permits for the Prominence Way and master utility improvements by July 2025. An ACOE permit is not required for the preceding work; however, an ACOE permit is required for wetlands that lie in the midpoint of the internal spine road. The Developer anticipates receiving this permit in September 2025, prior to starting work on the final two phases of the road.

Additionally, an ACOE permit is required for the development of Assessment Area Two and for the Builders to close under the contracts. The Developer anticipates receiving this permit in September 2025. The Builders will be responsible for obtaining the remainder of the permits associated with their respective Pods. The Developer anticipates the remaining permits necessary for the District's Capital Improvement Plan improvements and the development of the lands in Assessment Area Two will be received in the ordinary course. The Consulting Engineer has opined that all permits and approvals for the development of the 2025 Project and Assessment Area Two have been obtained or are reasonably expected to be obtained in the ordinary course. See "BONDHOLDERS' RISKS – Regulatory and Environmental Risks" herein.

Pursuant to the Conceptual Environmental Resources Permit issued by the Southwest Florida Water Management District, a portion of the lands in Development, including lands in Assessment Area Two, will be required to be dedicated for conservations areas, along with certain other requirements.

Pursuant to the final site plan approvals for the lands in Assessment Area Two certain improvements and conditions are required to be completed prior to the issuance of certain approvals. These include, but are not limited to, the following: (i) completion of Oak Ridge Ranch Road (a/k/a Loop Road) prior to the first certificate of occupancy being issued, (ii) completion of temporary internal road and portion of Rangeline Road from Glades Cut Off Road to Loop Road prior to first certificate of occupancy being issued, (iii) connection of Loop Road to the Glades Cut Off Road prior to issuance of the 200th residential building permit, (iv) removal of all category I listed invasive species, and (v) completion of recreational facilities prior to building permits for more than 40% of lots in each Pod.

### Development and Related Agreements

The Developer has entered into Mitigation Agreements with both the City and the County. Pursuant to these agreements, the Developer is required to construct certain road improvements in order to obtain building permits. As trip counts increase above certain thresholds, the agreement provides for additional required improvements. All of these improvements are included within the District's Capital Improvement Plan.

The Developer has entered into a Proportionate Share and Impact Fee Credit Agreement with the County, dated October 12, 2023 (the "Impact Fee Credit Agreement"), which provides that certain of the improvements included within the Development, including portions of the 2025 Project, are eligible for impact fee credits from the County (the "Roadway Improvements"). The County has agreed to provide the Developer with certain road impact fee credits equal to the estimated construction costs of certain Roadway Improvements in the amount of \$75,547,870. In the alternative, the Developer may post one or more bonds in the total amount of the Roadway Improvements in favor of the County or the City of Port St. Lucie and the County shall issue a credit as specified in the Impact Fee Credit Agreement. Pursuant to the Impact Fee Credit Agreement, at the Developer's option, all of the projects and/or Developer requirements under said agreement are authorized to be assigned to and/or undertaken by the District.

In order to implement the Impact Fee Credit Agreement, the Developer, the District and the County entered into an Interlocal Agreement regarding Impact Fee Credits in March 2024 (the "Interlocal Agreement"), whereby the District will receive any proceeds from the sale of Impact Fee Credits, and reimbursements with respect to any portions of the impact-fee creditable Roadway Improvements financed by the District. Pursuant to the terms of the Interlocal Agreement, the District has agreed to follow certain procedures in order to receive the proceeds of the sale of Impact Fee Credits. All Impact Fee Credits received from the County will be placed in the Series 2025 Impact Fee Credit Revenues Subaccount as provided in the Second Supplemental Indenture. The District has further entered into an Impact Fee Credit Collection Agreement with the Developer whereby, among other things, the Developer will collect builder payments for the Impact Fee Credits and provide the proceeds to the District. Impact Fee Credits may also be available to the District in the event that the District finances certain utility connection fee payments.

## **Environmental**

Kolter Group Acquisitions obtained Phase I Environmental Site Assessments dated April 16, 2021, and June 12, 2025 (collectively, the "ESA") covering more than 3,000 acres of land in the Development. The ESA revealed no recognized environmental conditions ("REC") in connection with such lands. The ESA revealed two historical RECs (former pump stations in the citrus grove area in the northwest part of the property and former Huck's Country Store in the southeast property corner) but noted that both areas have been assessed and remediated. In addition, a wetlands assessment was recommended with respect to certain wetlands that were identified. See "BONDOWNERS' RISK – Environmental and Regulatory Risks" herein for more information regarding potential environmental risks.

## **Amenities**

It is anticipated that each pod purchaser will construct its own private amenity in its respective pod(s) that will be owned, operated and maintained by the respective homeowners' association (or the District if available for use by the general public).

## **Utilities**

Potable water, wastewater treatment and reclaimed wastewater (reuse services) for the Development are expected to be provided by the County. The County is in various stages of design and construction processes to extend water and forcemain utility lines to the Development (spine road and Range Line North Road intersection). The County is planning for the expansion of wastewater treatment facilities for the build out of the Development. Electric power is expected to be provided by Florida Power & Light. All utility services will be available to the property.

## **Taxes, Fees and Assessments**

As set forth in the Assessment Methodology, the Assessment Area Two Special Assessments are initially levied on the approximately 1,348.74 gross acres constituting Assessment Area Two, with Assessment Area Two Special Assessments being specifically assigned to each of the Pods at the time of issuance of the Series 2025 Bonds in the amounts of approximately \$9,876,551\* for Pod 3, \$6,964,546\* for Pod 5 and \$8,088,903\* for Pod 6. As platting within each Pod occurs, the Assessment Area Two Special Assessments will be assigned to the lots planned for that Pod within Assessment Area Two on a first platted, first assigned basis, as set forth in the Assessment Methodology attached hereto. Assuming that all of the planned residential units are platted, the following tables summarize the expected allocation of the

\*Preliminary, subject to change. Annual Assessment Area Two Special Assessments shown above do not include early payment discounts and County collection fees, currently 7%. The District anticipates issuing additional Bonds in the future, including certain additional Bonds which will be secured by special assessments on the same lands subject to the Assessment Area Two Special Assessments. The Second Supplemental Indenture caps the aggregate annual Special Assessments for all Bonds secured by Special Assessments on Assessment Area Two (including the Series 2025 Bonds) at \$2,500 per each planned residential unit (which amount excludes early discount and collection charges). See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2025 BONDS – Additional Obligations" herein for more information.

The District will continue to levy assessments to cover its operation and maintenance costs that are expected to be approximately \$1,800 per residential unit in Pod 3, \$2,400 per residential unit in Pod 5, and \$1,800 per residential unit in Pod 6, annually, upon buildout, which amounts are subject to change. In addition, residents will be required to pay homeowners' association fees which amounts are unknown at this time and expected to vary from pod to pod. The land within the District has been and will continue to be subject to taxes and assessments imposed by taxing authorities other than the District. The County and the School Board each levy ad valorem taxes annually upon the land in the District. Voters may approve additional millages levied for general obligation bonds, as to which no limit applies. The total millage rate in the District in 2024 was approximately 18.9869 mills, which is subject to change in future tax years. These taxes will be payable in addition to the Assessment Area Two Special Assessments and other assessments levied by the District. The District has no control over the level of ad valorem taxes and/or special assessments levied by other taxing authorities. It is possible that in future years, taxes levied by these other entities could be substantially higher than in the current year.

## Education

Public schools for children residing in the Development are expected to be Allapattah Flats K-8, Palm Pointe K-8, and New Legacy High School which are, or will be, located approximately 3 miles, 4 miles, and 1.5 miles from the Development, respectively, and which were rated B, A and N/A, respectively, by the Florida Department of Education in 2024. The New Legacy High School is expected to be open in August 2025. The St. Lucie County School Board may change school boundaries from time to time and there is no requirement that students residing in the Development be permitted to attend the schools which are closest to the Development.

## Competition

The following communities have been identified by the Developer as being competitive with the Development, because of their proximity to the Development, price ranges and product types. Those communities include Verano, Wylder and Tradition.

The information under this heading does not purport to list all of the existing or planned communities in the area of the Development, but rather provides a list of those that the Developer feels currently pose primary competition to the Development.

## **Developer and Landowner Agreements**

The Developer will enter into a completion agreement that will obligate the Developer to complete the 2025 Project. In addition, the Developer and the Landowner will execute and deliver to the District a Collateral Assignment Agreement (the "Collateral Assignment"), pursuant to which they will collaterally assign to the District, to the extent assignable and to the extent that they are solely owned or controlled by them, development rights relating to the 2025 Project. That said, the Developer has previously granted similar rights ("Prior Collateral Assignments") in connection with the issuance of the Series 2024 Bonds and such rights under such Prior Collateral Assignments are superior to and may take priority over the rights granted under the Collateral Assignment. In addition, any mortgagees or homebuilders may have certain development rights and other rights assigned to them under the terms of their mortgage or Builder Contract relating to the Development, which may be superior to such rights that might otherwise be assigned to the District under the terms of the Collateral Assignment. Notwithstanding such Collateral Assignment, in the event the District forecloses on the lands subject to the Assessment Area Two Special Assessments as a result of a Landowner's or subsequent landowners' failure to pay such assessments, there is a risk that the District will not have all permits and entitlements necessary to complete the 2025 Project or the development of Assessment Area Two. The Landowner will also enter into True-Up Agreements in connection with its obligations to pay true-up payments in the event that debt levels remaining on unplatted lands in Assessment Area Two increase above the maximum debt levels set forth in the Assessment Methodology. See "APPENDIX D: ASSESSMENT METHODOLOGY" herein for additional information regarding the "true-up mechanism." Such obligations of the Developer and Landowner are unsecured obligations, and the Developer and Landowner are each special-purpose entities whose respective assets consist primarily of their respective interests in the Development. See "THE DEVELOPER AND THE LANDOWNER" herein for more information regarding the Developer and the Landowner. See also "BONDOWNERS' RISKS – Insufficient Resources or Other Factors Causing Failure to Complete Development" herein.

### **THE DEVELOPER AND THE LANDOWNER**

Oak Ridge Ranches LLC, a Florida limited liability company (the "Developer") is the master developer of the lands in the Development. Oak Ridge Resi Investments LLC, a Florida limited liability company (the "Landowner"), is a special purpose entity who owns Assessment Area Two along with other lands in the Development.

The Developer and the Landowner are managed by an affiliate of The Kolter Group LLC, a Florida limited liability company (the "Kolter Group"). Each of the Developer and the Landowner are 35% owned by Kolter or its affiliates, 32.5% owned by TSCT LLC, and 32.5% owned by Fenco LLC. The Developer is a special purpose entity whose assets consists of its ownership of certain lands in the Development planned for the internal spine road, a school site, a commercial tract and certain preserve lands. The members of the Developer have entered into a cost sharing agreement to fund development costs. The Landowner is a special purpose entity whose assets consist of its ownership interest in lands in the Development.

Kolter has completed 99 residential projects, delivering over 27,800 units. Kolter has current investments in 91 residential projects expected to deliver a total of over 65,500 units.

#### Fenco LLC

Fenco, LLC, a Florida limited liability company ("Fenco"), is a private real estate, agriculture and investment company headquartered in Floral City, Florida. Fenco started in the citrus business and following the devastating Florida freezes that altered that industry, Fenco transitioned and expanded into other agricultural crops and an increasingly important cattle operation. Today, Fenco owns and operates over 20,000 acres of land across Central Florida and South Georgia. Fenco is also an active joint venture partner in numerous real estate projects across the Southeastern United States as well as owning interests in active operating businesses with operations in North and South America as well as the Caribbean.

#### TSCT LLC

TSCT LLC, a Florida limited liability company, is a member of the Helm Group, a Florida based privately owned group of companies holding diverse interests in a variety of industries throughout North and South America. The Helm Group has decades of experience in financial services, construction and mining industries, traditional and renewable energy, engineering services, funeral homes and cemeteries, agricultural and farming operations. With a view towards long term growth, the Helm Group invests in opportunities where it can support management teams looking to maximize value over time.

*Neither the Developer, the Landowner nor any of the other entities listed above are guaranteeing payment of the Series 2025 Bonds or the Assessment Area Two Special Assessments. None of the entities listed herein, other than the Developer and the Landowner, has entered into any agreements in connection with the issuance of the Series 2025 Bonds.*

### **TAX MATTERS**

#### **General**

The Internal Revenue Code of 1986, as amended (the "Code"), includes requirements that the District must continue to meet after the issuance of the Series 2025 Bonds in order that the interest on the Series 2025 Bonds be and remain excludable from gross income for federal income tax purposes. The District's failure to meet these requirements may cause the interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2025 Bonds. The District has covenanted in the Indenture to take the actions required by the Code in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Series 2025 Bonds.

In the opinion of Greenberg Traurig, P.A., Bond Counsel, assuming the accuracy of certain representations and certifications and continuing compliance by the District with the tax covenants referred to above, under existing statutes, regulations, rulings, and court decisions, the interest on the Series 2025 Bonds is excludable from gross income of the holders thereof for federal income tax purposes; and, further, interest on the Series 2025 Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. In the case of the alternative minimum tax imposed by Section 55(b)(2) of the Code on applicable corporations (as defined in Section 59(k) of the Code), interest on the Series 2025 Bonds is not excluded from the determination of adjusted financial statement income. Bond Counsel is further of the opinion that the Series 2025 Bonds and the interest thereon are not subject to taxation under the laws of the State, except as to estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income, or profits on debt obligations owned by corporations as defined in said Chapter 220.

Bond Counsel will express no opinion as to any other tax consequences regarding the Series 2025 Bonds. Prospective purchasers of the Series 2025 Bonds should consult their own tax advisors as to the status of interest on the Series 2025 Bonds under the tax laws of any state other than the State.

The above opinion on federal tax matters with respect to the Series 2025 Bonds will be based on and will assume the accuracy of certain representations and certifications of the District and the Developer, and compliance with certain covenants of the District to be contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Series 2025 Bonds will be and will remain obligations the interest on which is excludable from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of those certifications and representations. Bond Counsel will express no opinion as to any other consequences regarding the Series 2025 Bonds.

Except as described above, Bond Counsel will express no opinion regarding the federal income tax consequences resulting from the receipt or accrual of the interest on the Series 2025 Bonds, or the ownership or disposition of the Series 2025 Bonds. Prospective purchasers of Series 2025 Bonds should be aware that the ownership of Series 2025 Bonds may result in other collateral federal tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry the Series 2025 Bonds, (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by the applicable statutory percentage of certain items, including the interest on the Series 2025 Bonds, (iii) the inclusion of the interest on the Series 2025 Bonds in the earnings of certain foreign corporations doing business in the United States for purposes of a branch profits tax, (iv) the inclusion of the interest on the Series 2025 Bonds in the passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year, (v) the inclusion of interest on the Series 2025 Bonds in the determination of the taxability of certain Social Security and Railroad Retirement benefits to certain recipients of such benefits, (vi) net gain realized upon the sale or other disposition of property such as the Series 2025 Bonds generally must be taken into account when computing the Medicare tax with respect to net investment income or undistributed net investment income, as applicable, imposed on certain high income individuals and specified trusts and estates and (vii) receipt of certain investment income, including interest on the Series 2025 Bonds, is considered when determining qualification limits for obtaining the earned income credit provided by Section 32(a) of the Code. The nature and extent of the other tax consequences described above will depend on the particular tax status and situation of each owner of the Series 2025 Bonds. Prospective purchasers of the Series 2025 Bonds should consult their own tax advisors as to the impact of these and any other tax consequences.

Bond Counsel's opinion is based on existing law, which is subject to change. Such opinion is further based on factual representations made to Bond Counsel as of the date of issuance of the Series 2025 Bonds. Bond Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention, or to reflect any changes in law that may thereafter occur or become effective. Moreover, Bond Counsel's opinion is not a guarantee of a particular result, and is not binding on the IRS or the courts; rather, such opinion represents Bond Counsel's professional judgment based on its review of existing law, and in reliance on the representations and covenants that it deems relevant to such opinion.

### **Original Issue Discount and Premium**

Certain of the Series 2025 Bonds ("Discount Bonds") may be offered and sold to the public at an original issue discount ("OID"). OID is the excess of the stated redemption price at maturity (the principal amount) over the "issue price" of a Discount Bond determined under Code Section 1273 or 1274 (*i.e.*, for obligations issued for money in a public offering, the initial offering price to the public (other than to bond houses and brokers) at which a substantial amount of the obligation of the same maturity is sold pursuant

to that offering). For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excludable from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Series 2025 Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale, or other disposition of that Discount Bond.

Certain of the Series 2025 Bonds ("Premium Bonds") may be offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity (or earlier for certain Premium Bonds callable prior to maturity). That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually (or over a shorter permitted compounding interval selected by the owner). No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity), or other disposition of a Premium Bond, the owner's tax basis in the Premium Bond is reduced by the amount of bond premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond.

*Owners of Discount and Premium Bonds should consult their own tax advisers as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable in any period with respect to the Discount or Premium Bonds and as to other federal tax consequences, and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.*

## **Changes in Federal and State Tax Law**

From time to time, there are legislative proposals suggested, debated, introduced, or pending in Congress or in the State legislature that, if enacted into law, could alter or amend one or more of the federal tax matters, or state tax matters, respectively, described above including, without limitation, the excludability from gross income of interest on the Series 2025 Bonds, or adversely affect the market price or marketability of the Series 2025 Bonds, or otherwise prevent the holders from realizing the full current benefit of the status of the interest thereon. It cannot be predicted whether or in what form any such proposal may be enacted, or whether, if enacted, any such proposal would affect the Series 2025 Bonds. Prospective purchasers of the Series 2025 Bonds should consult their tax advisors as to the impact of any proposed or pending legislation.

## **Information Reporting and Backup Withholding**

Interest paid on tax-exempt bonds such as the Series 2025 Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Series 2025 Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Series 2025 Bonds, under certain circumstances, to "backup withholding" at the rates set forth in the Code, with respect to payments on the Series 2025 Bonds and proceeds from the sale of Series 2025 Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Series 2025 Bonds. This withholding generally applies if the owner of Series 2025 Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to

properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Series 2025 Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

### **AGREEMENT BY THE STATE**

Under the Act, the State of Florida pledges to the holders of any bonds issued thereunder, including the Series 2025 Bonds, that it will not limit or alter the rights of the District to own, acquire, construct, reconstruct, improve, maintain, operate or furnish the projects subject to the Act or to levy and collect taxes, assessments, rentals, rates, fees, and other charges provided for in the Act and to fulfill the terms of any agreement made with the holders of such bonds and that it will not in any way impair the rights or remedies of such holders.

### **LEGALITY FOR INVESTMENT**

The Act provides that bonds issued by community development districts are legal investments for savings banks, banks, trust companies, insurance companies, executors, administrators, trustees, guardians, and other fiduciaries, and for any board, body, agency, instrumentality, county, municipality or other political subdivision of the State of Florida, and constitute securities which may be deposited by banks or trust companies as security for deposits of state, county, municipal or other public funds, or by insurance companies as required or voluntary statutory deposits.

### **SUITABILITY FOR INVESTMENT**

In accordance with applicable provisions of Florida law, the Series 2025 Bonds may initially be sold by the District only to "accredited investors" within the meaning of Chapter 517, Florida Statutes, as amended, and the rules promulgated thereunder. The limitation of the initial offering to accredited investors does not denote restrictions on transfers in any secondary market for the Series 2025 Bonds. Investment in the Series 2025 Bonds poses certain economic risks. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or make any representations, other than those contained in this Limited Offering Memorandum, and, if given or made, such other information or representations must not be relied upon as having been authorized by either of the foregoing.

### **ENFORCEABILITY OF REMEDIES**

The remedies available to the Owners of the Series 2025 Bonds upon an Event of Default under the Master Indenture are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including the federal bankruptcy code, the remedies specified by the Master Indenture and the Series 2025 Bonds may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2025 Bonds will be qualified as to the enforceability of the remedies provided in the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery.

## **LITIGATION**

### **The District**

There is no litigation of any nature now pending or, to the knowledge of the District, threatened against the District and seeking to restrain or enjoin the issuance, sale, execution or delivery of the Series 2025 Bonds, or in any way contesting or affecting (i) the validity of the Series 2025 Bonds or any proceedings of the District taken with respect to the issuance or sale thereof, (ii) the pledge or application of any moneys or security provided for the payment of the Series 2025 Bonds, (iii) the existence or powers of the District or (iv) the validity of the Assessment Proceedings.

### **The Developer and the Landowner**

The Developer and the Landowner will represent prior to delivery of the Series 2025 Bonds that there is no litigation of any nature now pending or, to the knowledge of the Developer or the Landowner, threatened against the Developer or the Landowner, which could reasonably be expected to have a material and adverse effect upon the completion of the 2025 Project or the development of the Assessment Area Two lands as described herein, materially and adversely affect the ability of the Landowner to pay the Assessment Area Two Special Assessments imposed against the land within the District of the District owned by the Landowner or materially and adversely affect the ability of the Developer to perform its various obligations described in this Limited Offering Memorandum.

## **CONTINGENT FEES**

The District has retained Bond Counsel, District Counsel, the Consulting Engineer, the District Manager/Methodology Consultant, the Underwriter (who has retained Underwriter's Counsel) and the Trustee (which has retained Trustee's counsel), with respect to the authorization, sale, execution and delivery of the Series 2025 Bonds. Except for the payment of certain fees to District Counsel, the Consulting Engineer and the District Manager, the payment of fees of the other professionals is each contingent upon the issuance of the Series 2025 Bonds.

## **NO RATING**

No application for a rating for the Series 2025 Bonds has been made to any rating agency, nor is there any reason to believe that an investment grade rating for the Series 2025 Bonds would have been obtained if application had been made.

## **EXPERTS**

The Second Supplemental Engineer's Report attached as APPENDIX C to this Limited Offering Memorandum has been prepared by Mills, Short & Associates, LLC, Jupiter, Florida, the Consulting Engineer. The Master Engineer's Report has been included as a publicly available document and consent from the prior engineering firm has not been requested. APPENDIX C should be read in its entirety for complete information with respect to the subjects discussed therein. Wrathell, Hunt & Associates, LLC, Boca Raton, Florida, as Methodology Consultant, has prepared the Assessment Methodology set forth as APPENDIX D attached hereto. APPENDIX D should be read in its entirety for complete information with respect to the subjects discussed therein. As a condition to closing on the Series 2025 Bonds, both the Consulting Engineer and the Methodology Consultant will consent to the inclusion of their reports in this Limited Offering Memorandum.

## **FINANCIAL INFORMATION**

This District will covenant in the Disclosure Agreement (as hereinafter defined), the proposed form of which is set forth in APPENDIX E hereto, to provide its annual audited financial statements to the Municipal Securities Rulemaking Board's ("MSRB") Electronic Municipal Market Access ("EMMA") system as described in APPENDIX E, commencing with the audit for the District fiscal year ending September 30, 2025. Attached hereto as APPENDIX F is a copy of the District's audited financial statements for the Fiscal Year ended September 30, 2024, and the unaudited financial statements for the period ended March 31, 2025. Such financial statements, including the auditor's report included within the audited financial statements, have been included in this Limited Offering Memorandum as public documents and consent from the auditor was not requested. Further, the auditors have not performed any services related to, and therefore are not associated with, the preparation of this Limited Offering Memorandum. The Series 2025 Bonds are not general obligation bonds of the District and are payable solely from the Series 2025 Pledged Revenues.

Each community development district in Florida must have a separate website with certain information as set forth in Section 189.069, F.S., including, without limitation, the district's proposed and final budgets and audit. Additional information regarding the District's website is available from the District Manager at the address set forth under "THE DISTRICT – The District Manager and Other Consultants."

## **DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS**

Section 517.051, Florida Statutes, and the regulations promulgated thereunder requires that the District make a full and fair disclosure of any bonds or other debt obligations that it has issued or guaranteed and that are or have been in default as to principal or interest at any time after December 31, 1975 (including bonds or other debt obligations for which it has served only as a conduit issuer such as industrial development or private activity bonds issued on behalf of private business). The District is not and has never been in default as to principal or interest on its bonds or other debt obligations since December 31, 1975.

## **CONTINUING DISCLOSURE**

The District, the Developer and the Landowner will enter into the Continuing Disclosure Agreement (the "Disclosure Agreement") in the proposed form of APPENDIX E, for the benefit of the Series 2025 Bondholders (including owners of beneficial interests in such Series 2025 Bonds), to provide certain financial information and operating data relating to the District and the development of Assessment Area Two by certain dates prescribed in the Disclosure Agreement and to provide notice of certain enumerated material events (the "Reports") with the MSRB through the MSRB's EMMA system. The specific nature of the information to be contained in the Reports is set forth in "APPENDIX E: PROPOSED FORM OF CONTINUING DISCLOSURE AGREEMENT." Under certain circumstances, the failure of the District, the Developer or the Landowner to comply with their respective obligations under the Disclosure Agreement constitutes an event of default thereunder. Such a default will not constitute an Event of Default under the Indenture, but such event of default under the Disclosure Agreement would allow the Series 2025 Bondholders (including owners of beneficial interests in such Series 2025 Bonds), as applicable, to bring an action for specific performance.

The District has previously entered into a continuing disclosure obligation pursuant to Rule 15c2-12, promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"), with respect to its Series 2024 Bonds. A review of filings made pursuant to such prior undertaking indicates that the District has not materially failed to comply with its requirements thereunder within the last five years. The District

will appoint the District Manager as the dissemination agent in the Disclosure Agreement and anticipates satisfying all future disclosure obligations required pursuant to the Disclosure Agreement.

The Developer and the Landowner have previously entered into continuing disclosure obligations pursuant to the Rule with respect to the District's Series 2024 Bonds. A review of filings made pursuant to such prior undertaking indicates that the Developer and the Landowner have not materially failed to comply with the requirements thereunder within the last five years. The Developer and the Landowner anticipate satisfying all disclosure obligations required pursuant to the Disclosure Agreement.

## **UNDERWRITING**

(the "Underwriter") has agreed, pursuant to a contract with the District, subject to certain conditions, to purchase the Series 2025 Bonds from the District at a purchase price of \$ \_\_\_\_\_ (par amount of the Series 2025 Bonds, [plus/less net original issue premium/discount of \$ \_\_\_\_\_ and] and less an Underwriter's discount of \$ \_\_\_\_\_). The Underwriter's obligations are subject to certain conditions precedent and, subject to satisfaction or waiver of such conditions, the Underwriter will be obligated to purchase all of the Series 2025 Bonds if any Series 2025 Bonds are purchased.

The Underwriter intends to offer the Series 2025 Bonds to accredited investors at the offering prices set forth on the cover page of this Limited Offering Memorandum, which may subsequently change without prior notice. The Series 2025 Bonds may be offered and sold to certain dealers, banks and others at prices lower than the initial offering prices, and such initial offering prices may be changed from time to time by the Underwriter.

In addition to the deposit of amounts received by the Trustee on the date of issuance of each Series of Bonds, the Issuer shall pay or cause to be paid to the Trustee, for deposit into the Series Account of the Acquisition and Construction Fund, as promptly as practicable, the following amounts:

- (i) subject to the provisions of Section 9.24 hereof, payments made to the Issuer from the sale, lease or other disposition of the Project or any portion thereof;
- (ii) subject to the provisions of Section 9.14 hereof, the balance of insurance proceeds with respect to the loss or destruction of the Project or any portion thereof;
- (iii) deposits made by the Developer pursuant to the terms and provisions of a Developer Funding Agreement or from other contractual arrangements with the Developer; and
- (iv) amounts received from a governmental entity pursuant to an interlocal agreement or other similar agreement between the District and such governmental entity providing for the payment by such governmental entity of a portion of the Costs of a Series Project.

25

Amounts in the applicable Series Account of the Acquisition and Construction Fund shall be applied to pay the Cost of the Project or a portion thereof, as applicable, pertaining to the Series of Bonds in question; provided, however, that if any amounts remain in the Series Account of the Acquisition and Construction Fund after the Completion Date (as defined in paragraph (c) below) of the Project or portion thereof pertaining to the Series of Bonds in question, and if such amounts are not reserved for payment of any remaining part of the Cost of the Project, such amounts shall be transferred to the applicable Series Account of the Bond Redemption Fund for application to the redemption of Bonds of the Series to which such proceeds relate, as set forth in Section 6.06 hereof or in the applicable Supplemental Indenture.

(b) Disbursements. Unless provided otherwise in a Supplemental Indenture, all payments from the Acquisition and Construction Fund shall be paid in accordance with the provisions of this subsection. Moneys in the appropriate Series Account of the Acquisition and Construction Fund shall be disbursed by check, voucher, order, draft, certificate or warrant signed by any one or more officers or employees of the Trustee legally authorized to sign such items or by wire transfer to an account specified by the payee upon satisfaction of the conditions for disbursement set forth in this subsection (b). Before any such payment shall be made, the Issuer shall file with the Trustee a fully executed requisition in the form of Exhibit D attached hereto, signed by a Responsible Officer and, except for payments of cost of issuance, a certificate of the Consulting Engineer signed by a Consulting Engineer also in the form of Exhibit D attached hereto and as may be modified by terms of the related Supplemental Indenture. Upon receipt of each such requisition and accompanying certificate, the Trustee shall promptly withdraw from the appropriate Series Account of the Acquisition and Construction Fund and pay to the person, firm or corporation named in such requisition the amount designated in such requisition. The Trustee shall have no duty to investigate the accuracy or validity of the items delivered pursuant to this Section. All requisitions and certificates received by the Trustee pursuant to this Section 5.01 shall be retained in the possession of the Trustee, subject at all reasonable times to the inspection of the Issuer, the Consulting Engineer, the Owner of any Bonds, and the agents and representatives thereof. The Trustee shall have no duty to verify that the disbursement of funds pursuant to a requisition is for a purpose for which payment may be made hereunder and the Trustee may conclusively rely that a properly signed requisition is, on its face, sufficient to authorize disbursement of funds from the Acquisition and Construction Fund.

(c) Completion of Project. On the date of completion of the Project or if sufficient moneys are retained in the appropriate Series Account of the Acquisition and Construction Fund, to complete the Cost of the Project, in either case, as evidenced by the delivery to the Trustee of a Certificate of the Consulting Engineer and adoption of a resolution by the Board accepting the Project as provided by Section 170.09, Florida Statutes, as amended (the "Completion Date"), the balance in the appropriate Series Account of the Acquisition and Construction Fund not reserved by the Issuer for the payment of any remaining part of the Cost of the Project shall be transferred by the Trustee to, and deposited in, the applicable Series Account of the Bond Redemption Fund and applied as provided in Section 6.06 hereof and in the applicable Supplemental Indenture.

**ARTICLE VI  
SPECIAL ASSESSMENTS;  
APPLICATION THEREOF TO FUNDS AND ACCOUNTS**

SECTION 6.01. Special Assessments; Lien of Indenture on Pledged Revenues. The Issuer hereby covenants that it shall levy Special Assessments, and, unless provided otherwise with respect to a Series of Bonds, evidence and certify the same to the Tax Collector or shall cause the Property Appraiser to certify the same on the tax roll to the Tax Collector for collection by the Tax Collector and enforcement by the Tax Collector or the Issuer, pursuant to the Act, Chapter 170 or Chapter 197, Florida Statutes, or any successor statutes, as applicable, to the extent and in the amount necessary to pay the Debt Service Requirement on Bonds issued and Outstanding hereunder.

The Issuer shall pay to the Trustee for deposit in the Series Account of the Revenue Fund established under Section 6.03 hereof all Special Assessments received by the Issuer from the levy thereof on the District Lands subject to assessments for the payment of the related Series of Bonds; provided, however, that amounts received as Prepayments of Special Assessments shall be deposited directly into the applicable Series Account within the Bond Redemption Fund established hereunder or in any account thereof established pursuant to the applicable Supplemental Indenture. The Issuer shall notify the Trustee at the time of deposit of any amounts received as Prepayments of Special Assessments and shall identify the related Series of Bonds. If necessary, the Issuer shall direct the landowner making such prepayment to specify what Series of Bonds such prepayments relate.

There are hereby pledged for the payment of the principal or Redemption Price of and interest on all Bonds of each Series issued and Outstanding under the Indenture and all reimbursements due to any Credit Facility Issuer for any drawing with respect to such Series of Bonds on its Credit Facility, including, without limitation, interest thereon, as required under the terms of the applicable Credit Facility Agreement, the Pledged Revenues; provided, however, that unless otherwise specifically provided herein or in a Supplemental Indenture relating to a Series of Bonds with respect to the Pledged Revenues securing such Series of Bonds, the Pledged Revenues securing a Series of Bonds shall secure only such Series of Bonds and Bonds issued on a parity therewith and shall not secure any other Bonds or Series of Bonds. The Pledged Revenues shall immediately be subject to the lien and pledge of the Indenture without any physical delivery hereof or further act; provided, however, that the lien and pledge of the Indenture shall not apply to any moneys transferred by the Trustee to the Rebate Fund. The foregoing notwithstanding, to the extent provided in the Supplemental Indenture authorizing the issuance of a Series of Bonds, such Series of Bonds may be made payable from and secured by less than all of the Pledged Revenues, and any one or more of the provisions of this Master Indenture may be made inapplicable to such Series of Bonds, all as more specifically provided in the corresponding Supplemental Indenture; provided, however, that any such provisions shall apply only to the particular Series of Bonds authorized by such Supplemental Indenture and shall not affect in any manner whatsoever any Outstanding Series of Bonds.

SECTION 6.02. Funds and Accounts Relating to the Bonds. The Funds and Accounts specified in this Article VI shall be established under this Master Indenture and each Supplemental Indenture pursuant to which a Series of Bonds is issued for the benefit of the specific Series of

27

Bonds and any Series issued on a parity therewith and, unless expressly otherwise provided in said Supplemental Indenture, shall not apply to Bonds Outstanding hereunder issued under any other indenture supplemental hereto or if separately secured by separate Special Assessments. Unless provided otherwise by Supplemental Indenture, all moneys, including, without limitation, proceeds of a Series of Bonds, on deposit to the credit of the Funds and Accounts established hereunder and under a Supplemental Indenture (except for moneys transferred to the Rebate Fund) shall be pledged to the payment of the principal, redemption or purchase price of (as the case may be) and interest on the Series of Bonds issued hereunder and under such Supplemental Indenture, and any Series issued on a parity therewith.

SECTION 6.03. Revenue Fund. The Trustee is hereby authorized and directed to establish a Revenue Fund and pursuant to a Supplemental Indenture a Series Account for each Series of Bonds issued hereunder, into which the Trustee shall immediately deposit any and all Special Assessments received from the levy thereof on the District Lands or any portion thereof (other than Prepayments) and any amounts received as the result of any foreclosure, sale of tax certificates or other remedial action for nonpayment of Special Assessments for the payment of the related Series of Bonds and other payments required hereunder or under the applicable Supplemental Indenture (unless such Special Assessments and/or other payments are specifically designated by the Issuer pursuant to a Supplemental Indenture for deposit into the Rebate Fund or any other Fund or Account established hereunder or under a Supplemental Indenture) and each Series Account therein shall be held by the Trustee separate and apart from all other Funds and Accounts held under the Indenture and from all other moneys of the Trustee. The Trustee shall transfer from amounts on deposit in the Series Account in the Revenue Fund to the Funds and Accounts designated below, the following amounts, at the following times and in the following order of priority unless other times and/or other priorities are established in a Supplemental Indenture with respect to a Series of Bonds:

FIRST, upon receipt but no later than the Business Day preceding the first May 1 for which there is an insufficient amount from Bond proceeds (or investment earnings thereon) on deposit in the applicable Interest Account of the Debt Service Fund to be applied to the payment of interest on the Bonds of a Series due on the next succeeding May 1, and no later than the Business Day next preceding each May 1 thereafter while Bonds of a Series issued under the Indenture remain Outstanding, to the applicable Interest Account of the Debt Service Fund, an amount equal to the interest on the related Series of Bonds becoming due on the next succeeding May 1, less any amount on deposit in such Interest Account not previously credited;

SECOND, beginning on the date set forth in the related Supplemental Indenture, and no later than the Business Day next preceding each May 1 or November 1, as designated in the applicable Supplemental Indenture thereafter while Bonds of a Series issued under the Indenture remain Outstanding, to the applicable Principal Account of the Debt Service Fund, an amount equal to the principal amount of Bonds of such Series maturing on the next succeeding principal payment date, less any amount on deposit in the applicable Principal Account not previously credited;

THIRD, beginning on the date set forth in the related Supplemental Indenture, and no later than the Business Day next preceding each May 1 or November 1, as so designated

28

other Funds and Accounts established under the Indenture and from all other moneys of the Trustee.

The Trustee at all times shall make available to any Paying Agent the funds in the Principal Account and the Interest Account of the Debt Service Fund to pay the principal of the applicable Series of Bonds as they mature upon surrender thereof and the interest on the applicable Series of Bonds as it becomes payable, respectively. When a Series of Bonds is redeemed, the amount, if any, in the Debt Service Fund representing interest thereon shall be applied to the payment of accrued interest in connection with such redemption.

The Trustee shall apply moneys in the Sinking Fund Account in the Debt Service Fund for purchase or redemption of the applicable Series of Bonds in amounts and maturities set forth in the Supplemental Indenture. Whenever Bonds of a Series are to be purchased out of such Sinking Fund Account, if the Issuer shall notify the Trustee that the Issuer wishes to arrange for such purchase, the Trustee shall comply with the Issuer's arrangements provided they conform to the Indenture.

Except to the extent otherwise provided in a Supplemental Indenture with respect to a Series of Bonds, purchases and redemptions out of the Sinking Fund Account shall be made as follows:

(a) The Trustee shall apply the amounts required to be transferred to the applicable Sinking Fund Account (less any moneys applied to the purchase of Bonds of the applicable Series pursuant to the next sentence thereof) on the mandatory sinking fund redemption date in each of the years set forth in the Supplemental Indenture to the redemption of Bonds of the related Series in the amounts, manner and maturities and on the dates set forth in the Supplemental Indenture, at a Redemption Price of 100% of the principal amount thereof. At the written direction of the Issuer, the Trustee shall apply moneys from time to time available in the applicable Sinking Fund Account to the purchase of Bonds of the applicable Series which mature in the aforesaid years, at prices not higher than the principal amount thereof, in lieu of redemption as aforesaid, provided that firm purchase commitments can be made before the notice of redemption would otherwise be required to be given. In the event of purchases at less than the principal amount thereof, the difference between the amount in the Sinking Fund Account representing the principal amount of the Bonds so purchased and the purchase price thereof (exclusive of accrued interest) shall be transferred to the related Interest Account of the Debt Service Fund.

(b) Accrued interest on purchased Bonds of a Series shall be paid from the related Interest Account of the Debt Service Fund.

(c) In lieu of paying the Debt Service Requirements necessary to allow any mandatory redemption of Bonds of a Series from the related Sinking Fund Account, the Issuer may present to the Trustee Bonds of such Series purchased by the Issuer pursuant to subparagraph (a) above and furnished for such purposes; provided, however, that no Bonds of such Series so purchased shall be credited towards the Debt Service Requirements in respect of the mandatory redemption of Bonds of such Series for which notice of redemption has been given pursuant to Section 8.02 of this Master Indenture. Any Bond so purchased shall be presented to the Trustee for cancellation. In such event, the Debt Service Requirements with respect to the Bonds of a

in the applicable Supplemental Indenture thereafter while Bonds of a Series issued under the Indenture remain Outstanding, to the applicable Sinking Fund Account of the Debt Service Fund, an amount equal to the principal amount of Bonds of such Series subject to mandatory sinking fund redemption on the next succeeding mandatory sinking fund redemption date, less any amount on deposit in the applicable Sinking Fund Account not previously credited;

FOURTH, upon receipt but no later than the Business Day preceding the first November 1 for which there remains an insufficient amount from Bond proceeds (or investment earnings thereon) on deposit in the applicable Interest Account to be applied to the payment of interest on the Bonds of a Series due on the next succeeding November 1, and no later than the Business Day next preceding each November 1 thereafter while Bonds of such Series issued under the Indenture remain Outstanding, to the applicable Interest Account of the Debt Service Fund, an amount equal to the interest on the Bonds of such Series becoming due on the next succeeding November 1, less any amount on deposit in the applicable Interest Account not previously credited;

FIFTH, upon receipt but no later than the Business Day next preceding each Interest Payment Date while Bonds of a Series issued under the Indenture remain Outstanding, to the applicable Series Account of the Debt Service Reserve Fund, if any, an amount equal to the amount, if any, which is necessary to make the amount on deposit therein equal to the Debt Service Reserve Requirement;

SIXTH, subject to the following paragraph, the balance of any moneys remaining in a Series Account of the Revenue Fund after making the foregoing deposits shall, subject to application by one or more Supplemental Indentures, if applicable, remain therein, unless pursuant to any Arbitrage Certificate it is necessary to make a deposit in the Rebate Fund, in which case, the Issuer shall direct the Trustee to make such deposit thereto.

Unless otherwise provided in the applicable Supplemental Indenture, the Trustee shall within ten (10) Business Days after the last Interest Payment Date in any calendar year, at the direction of the Issuer, withdraw any moneys held for the credit of the Revenue Fund which are not otherwise required to be deposited pursuant to this Section and deposit such moneys as directed to the credit of the applicable Series Account of the Bond Redemption Fund in accordance with the provisions hereof. Notwithstanding the foregoing, if pursuant to any Arbitrage Certificate it is necessary to make a deposit in the Rebate Fund, the Issuer shall direct the Trustee to make such deposit thereto. Prepayments pledged to a particular Series of Bonds shall be deposited directly into the applicable Series Account of the Bond Redemption Fund as provided herein.

SECTION 6.04. Debt Service Fund. The Trustee is hereby authorized and directed to establish a Debt Service Fund which shall consist of amounts deposited therein by the Trustee and any other amounts the Issuer may pay to the Trustee for deposit therein with respect to the related Series of Bonds. The Debt Service Fund shall be held by the Trustee separate and apart from all other Funds and Accounts held under the Indenture and from all other moneys of the Trustee. The Trustee shall establish within the Debt Service Fund pursuant to a Supplemental Indenture, a Principal Account, an Interest Account and, if applicable, a Sinking Fund Account for each Series of Bonds and a Capitalized Interest Account, which accounts shall be separate and apart from all

29

Series for the period in which the purchased Bonds are presented to the Trustee shall, for all purposes hereunder, be reduced by an amount equal to the aggregate principal amount of any such Bonds so presented.

SECTION 6.05. Debt Service Reserve Fund. The Trustee is hereby authorized and directed to establish a Debt Service Reserve Fund and, if applicable, pursuant to a Supplemental Indenture a Series Account for each Series of Bonds issued hereunder. The Debt Service Reserve Fund and each Series Account therein shall be held by the Trustee solely for the benefit of each related Series of Bonds or sub-Series, as determined by the applicable Supplemental Indenture; provided, however, that notwithstanding anything to the contrary contained in this Master Indenture, the Supplemental Indenture authorizing the issuance of a Series of Bonds may provide that the Debt Service Reserve Fund is not applicable and no account therein shall secure such Series of Bonds. The Debt Service Reserve Fund and each Series Account therein shall constitute an irrevocable trust fund to be applied solely as set forth herein and shall be held by the Trustee separate and apart from all other Funds and Accounts held under the Indenture and from all other moneys of the Trustee. Unless otherwise provided in the Supplemental Indenture authorizing the issuance of a Series of Bonds, on the date of issuance and delivery of a Series of Bonds an amount of Bond proceeds or equity equal to the Debt Service Reserve Requirement in respect of such Series of Bonds, calculated as of the date of issuance and delivery of such Series of Bonds, shall be deposited in the related Series Account of the Debt Service Reserve Fund. Unless otherwise provided in the Supplemental Indenture with respect to a Series of Bonds, and as long as there exists no default under the Indenture and the amount in the Series Account of the Debt Service Reserve Fund is not reduced below the then applicable Debt Service Reserve Requirement with respect to such Series of Bonds, earnings on investments in the Series Account of the Debt Service Reserve Fund shall, prior to the Completion Date of a Project, be transferred to the applicable Acquisition and Construction Account of the Acquisition and Construction Fund, and after the Completion Date, shall be, at the written direction of the Issuer, transferred to the related Series Account of the Revenue Fund. Otherwise, earnings on investments in each Series Account of the Debt Service Reserve Fund shall be retained therein until applied as set forth herein. If made applicable in a Supplemental Indenture, in the event that the amount in a Series Account of the Debt Service Reserve Fund exceeds the Debt Service Reserve Requirement with respect to such Series of Bonds due to a decrease in the then applicable Debt Service Reserve Requirement as a result of an optional prepayment by the owner of a lot or parcel of land of Special Assessments against such lot or parcel or a mandatory true-up payment, which Special Assessments are pledged for the payment and security of such Series of Bonds, the excess amount shall, as directed by the terms of the applicable Supplemental Indenture, be transferred from the Series Account of the Debt Service Reserve Fund to the applicable Series Account or Subaccount of the Bond Redemption Fund established for such Series of Bonds and shall constitute a credit against such optional prepayment or true-up payment. If made applicable in the Supplemental Indenture with respect to a Series of Bonds, in the event that the amount in a Series Account of the Debt Service Reserve Fund exceeds the Debt Service Reserve Requirement with respect to such Series of Bonds due to a decrease in the then applicable Debt Service Reserve Requirement for any other reason, the excess amount shall, as directed by the terms of the applicable Supplemental Indenture, be transferred from the Series Account of the Debt Service Reserve Fund to the applicable Series Account or Subaccount of the Bond Redemption Fund or to the applicable Series Account or subaccount of the Acquisition and Construction Fund.

Whenever for any reason on an Interest Payment Date, principal payment date or mandatory redemption date with respect to a related Series of Bonds secured by a Series Account of the Debt Service Reserve Fund the amount in the related Interest Account, the related Principal Account or the related Sinking Fund Account, as the case may be, is insufficient to pay all amounts payable on such Series of Bonds therefrom on such payment dates, the Trustee shall, without further instructions, transfer the amount of any such deficiency from the related Series Account of the Debt Service Reserve Fund into the related Interest Account, the related Principal Account and the related Sinking Fund Account, as the case may be, with priority to the related Interest Account and then, proportionately according to the respective deficiencies therein, to the related Principal Account and the related Sinking Fund Account, to be applied to pay the Series of Bonds secured by the Series Account of the Debt Service Reserve Fund.

SECTION 6.06. Bond Redemption Fund. Unless provided otherwise in a Supplemental Indenture with respect to a Series of Bonds, the Trustee is hereby authorized and directed to establish a Bond Redemption Fund and pursuant to a Supplemental Indenture a Series Account within the Bond Redemption Fund for each Series of Bonds issued hereunder into which shall be deposited, moneys in the amounts and at the times provided in Sections 5.01, 6.01, 6.03, 6.05, 9.08(b) and 9.14(c) of this Master Indenture. The Series Account within the Bond Redemption Fund shall constitute an irrevocable trust fund to be applied solely as set forth in the applicable Supplemental Indenture and shall be held by the Trustee separate and apart from all other Funds and Accounts held under such Indenture and from all other moneys of the Trustee. All earnings on investments held in the Series Account within the Bond Redemption Fund shall be retained therein and applied as set forth below.

Moneys in the Series Account within the Bond Redemption Fund (including all earnings on investments held in the Series Account within the Bond Redemption Fund) shall be accumulated therein to be used in the following order of priority, to the extent that the need therefor arises:

FIRST, (except for amounts resulting from Prepayments of Special Assessments, which shall be applied as provided in the next paragraph) make such deposits into the Rebate Fund created and established under this Master Indenture as the Issuer may direct in accordance with an arbitrage rebate agreement, such moneys thereupon to be used solely for the purposes specified in said arbitrage rebate agreement. Any moneys so transferred from the Series Account within the Bond Redemption Fund to the Rebate Fund shall thereupon be free from the lien and pledge of the related Indenture;

SECOND, to be used to call for redemption pursuant to clause (b) of Section 8.01 hereof an amount of Bonds of the applicable Series equal to the amount of money transferred to the Series Account within the Bond Redemption Fund pursuant to the aforesaid clauses or provisions, as appropriate, for the purpose of such extraordinary mandatory redemption on the dates and at the prices provided in such clauses or provisions, as appropriate; and

THIRD, the remainder to be utilized by the Trustee, at the direction of a Responsible Officer, to call for redemption on each Interest Payment Date or other date on which Bonds of the applicable Series are subject to optional redemption pursuant to Section

32

SECTION 6.11. Rebate Fund. The Trustee is hereby authorized and directed to establish a Rebate Fund. Unless provided otherwise in a Supplemental Indenture, at the written direction of the Issuer, the Trustee shall transfer monies from the applicable Series Account in the Revenue Fund and deposit the same to the Rebate Fund, and shall make payments therefrom at the times and in the amounts required to comply with any applicable provisions in the applicable Arbitrage Certificate. If so directed by the Issuer in writing, the Trustee shall create one or more Series Accounts within the Rebate Fund relating to one or more particular Series of Bonds.

(a) All amounts held in the Rebate Fund shall be governed by this Section and the applicable Arbitrage Certificate. The Trustee shall be entitled to rely on the rebate calculations obtained from the rebate analyst retained by the Issuer pursuant to any Arbitrage Certificate and the Trustee shall not be responsible for any loss or damage resulting from any good faith action taken or omitted to be taken by the Issuer in reliance upon such calculations.

(b) Pursuant to the applicable Arbitrage Certificate, the Trustee shall remit all rebate installments and a final rebate payment to the United States. The Trustee shall have no obligation to pay any amounts required to be rebated pursuant to this Section and the applicable Arbitrage Certificate, other than at the direction of the Issuer and from moneys held in the Rebate Fund or from other moneys provided to it by the Issuer. Any moneys remaining in the Rebate Fund after redemption and payment of all of the Bonds and payment and satisfaction of any arbitrage rebate shall be withdrawn and paid to the Issuer.

(c) Notwithstanding any other provision of this Master Indenture, including in particular Article XIV hereof, the obligation of the Issuer to pay arbitrage rebate to the United States and to comply with all other requirements of this Section and the Arbitrage Certificate shall survive the defeasance or payment in full of the Bonds.

The Trustee shall not be deemed to have constructive knowledge of the Code or regulations, rulings and judicial decisions concerning the Code.

[END OF ARTICLE VII]

34

8.01(a) hereof such amount of Bonds of the applicable Series taking into account any redemption premium, as may be practicable; provided, however, that not less than Five Thousand Dollars (\$5,000) principal amount of Bonds of the applicable Series shall be called for redemption at one time.

Any such redemption shall be made in accordance with the provisions of Article VIII of this Master Indenture and the applicable provisions of the related Supplemental Indenture. The Issuer shall pay all expenses in connection with such redemption.

SECTION 6.07. Drawings on Credit Facility. With respect to Bonds in respect of which there has been issued a Credit Facility, the Trustee shall draw on the Credit Facility, in accordance with the provisions for drawing under such Credit Facility, and within the requisite time period, all as set forth in the Credit Facility Agreement or the Supplemental Indenture.

SECTION 6.08. Procedure When Funds Are Sufficient to Pay All Bonds of a Series. Unless otherwise provided in the Supplemental Indenture with respect to a Series of Bonds, if at any time the moneys held by the Trustee in the Funds (other than the moneys in the Rebate Fund) and Accounts hereunder and under a Supplemental Indenture and available therefor are sufficient to pay the principal or Redemption Price of, as the case may be, and interest on all Bonds of a Series then Outstanding under such Indenture to maturity or prior redemption, together with any amounts due the Issuer and the Trustee, Paying Agent, Registrar and Credit Facility Issuer, if any, the Trustee, at the direction of the Issuer, shall apply the amounts in the Series Funds and Series Accounts to the payment of the aforesaid obligations and the Issuer shall not be required to pay over any further Pledged Revenues with respect to such Series of Bonds unless and until it shall appear that there is a deficiency in the Funds and Accounts held by the Trustee.

SECTION 6.09. Certain Moneys to Be Held for Series Bondowners Only. Each Series of Bonds issued pursuant to this Master Indenture and the related Supplemental Indenture shall be secured by Pledged Revenues, as set forth herein, and otherwise may be secured by such additional Funds and Accounts and other security (including, but not limited to, Credit Facilities) established by the pertinent Supplemental Indenture. Moneys and investments in the various Funds and Accounts created under a Supplemental Indenture expressly and solely for the benefit of the Series of Bonds issued under such Supplemental Indenture shall be held in trust by the Trustee for the benefit of the Holders of, and Credit Facility Issuer with respect to, Bonds of that Series only.

SECTION 6.10. Unclaimed Moneys. In the event any Bond shall not be presented for payment when the principal of such Bond becomes due, either at maturity or at the date fixed for redemption of such Bond or otherwise, if amounts sufficient to pay such Bond have been deposited with the Trustee for the benefit of the owner of the Bond and have remained unclaimed for three (3) years after the date payment thereof becomes due shall, upon request of the Issuer, if the Issuer is not at the time to the knowledge of the Trustee in default with respect to any covenant in this Master Indenture, any Supplemental Indenture or the Bonds contained, be paid to the Issuer; and the Owners of the Bonds for which the deposit was made shall thereafter be limited to a claim against the Issuer; provided, however, that the Trustee, before making payment to the Issuer, may, at the expense of the Issuer and if directed by the Issuer, cause a notice to be published in an Authorized Newspaper, stating that the money remaining unclaimed will be returned to the Issuer after a specified date.

33

## ARTICLE VII SECURITY FOR AND INVESTMENT OR DEPOSIT OF FUNDS

SECTION 7.01. Deposits and Security Thereof. Unless otherwise as provided in the Supplemental Indenture with respect to a Series of Bonds, all moneys received by the Trustee under a Supplemental Indenture for deposit in any Fund or Account established under this Master Indenture or such Supplemental Indenture shall be considered trust funds, shall not be subject to lien or attachment, except for the lien created by this Master Indenture and the related Supplemental Indenture, and shall be deposited with the Trustee, until or unless invested or deposited as provided in Section 7.02 hereof. Except for the Investment Securities of the type described in clause (c) of the definition of Investment Securities, all deposits of moneys received by the Trustee under this Master Indenture or such Supplemental Indenture (whether original deposits under this Section 7.01 or deposits or redeposits in time accounts under Section 7.02) shall, to the extent not insured, and to the extent permitted by law, be fully secured as to both principal and interest earned, by Investment Securities of the types set forth in the definition of Investment Securities and the provisions thereof. If at any time the Trustee is unwilling to accept such deposits or unable to secure them as provided above, the Trustee may deposit such moneys with any other depository which is authorized to receive them and the deposits of which are insured by the Federal Deposit Insurance Corporation (including the FDIC Savings Association Insurance Fund). All deposits in any other depository in excess of the amount covered by insurance (whether under this Section 7.01 or Section 7.02 as aforesaid) shall, to the extent permitted by law, be fully secured as to both principal and interest earned, in the same manner as required herein for deposits with the Trustee. Such security shall be deposited with a Federal Reserve Bank, with the trust department of the Trustee as authorized by law with respect to trust funds in the State, or with a bank or trust company having a combined net capital and surplus of not less than \$50,000,000.

SECTION 7.02. Investment or Deposit of Funds. Except to the extent otherwise provided in a Supplemental Indenture with respect to a Series of Bonds, the Trustee shall, as directed by the Issuer in writing, invest moneys held in the Series Accounts in the Debt Service Fund and any Series Account within the Bond Redemption Fund created under any Supplemental Indenture only in Government Obligations and securities described in subparagraphs (a), (c), (e), (f), or (j) of the definition of Investment Securities. Except to the extent otherwise provided in a Supplemental Indenture with respect to a Series of Bonds, the Trustee shall, as directed by the Issuer in writing, invest moneys held in any Series Account of the Debt Service Reserve Fund in Investment Securities. All deposits in time accounts shall be subject to withdrawal without penalty and all investments shall mature or be subject to redemption by the holder without penalty, not later than the date when the amounts will foreseeably be needed for purposes set forth herein or in the Supplemental Indenture with respect to a Series of Bonds. All securities securing investments under this Section shall be deposited with a Federal Reserve Bank, with the trust department of the Trustee, as authorized by law with respect to trust funds in the State, or with a bank or trust company having a combined net capital and surplus of not less than \$50,000,000. The interest and income received upon such investments and any interest paid by the Trustee or any other depository of any Fund or Account and any profit or loss resulting from the sale of securities shall be added or charged to the Fund or Account for which such investments are made; provided, however, that if the amount in any Fund or Account equals or exceeds the amount required to be on deposit therein, subject to Section 6.05 of this Master Indenture and unless otherwise provided in a Supplemental Indenture with respect to a Series of Bonds, any interest and other income so

35

received shall be deposited in the related Series Account of the Revenue Fund. Upon request of the Issuer, or on its own initiative whenever payment is to be made out of any Fund or Account, the Trustee shall sell such securities as may be requested to make the payment and restore the proceeds to the Fund or Account in which the securities were held. The Trustee shall not be accountable for any depreciation in the value of any such security or for any loss resulting from the sale thereof. If net proceeds from the sale of securities held in any Fund or Account shall be less than the amount invested and, as a result, the amount on deposit in such Fund or Account is less than the amount required to be on deposit in such Fund or Account, the amount of such deficit shall be transferred to such Fund or Account from the related Series Account of the Revenue Fund.

Absent specific instructions as aforesaid or absent standing instructions from the Issuer for investment of such moneys, then the Trustee shall not be responsible or liable for keeping the moneys invested. The Trustee shall not be liable or responsible for any loss or failure to achieve the highest return, or entitled to any gain, resulting from any investment or sale upon the investment instructions of the Issuer or otherwise, including that set forth in the first sentence of this paragraph. The Trustee may make any investments permitted by the provisions of this section through its own bond department or investment department.

SECTION 7.03. Valuation of Funds. The Trustee shall value the assets in each of the Funds and Accounts established hereunder or under any Supplemental Indenture forty-five (45) days prior to each Interest Payment Date, and as soon as practicable after each such valuation date (but no later than ten (10) days after each such valuation date) shall provide the Issuer a report of the status of each Fund and Account as of the valuation date. In computing the assets of any Fund or Account, investments and accrued interest thereon shall be deemed a part thereof, subject to Section 7.02 hereof. For the purpose of determining the amount on deposit to the credit of any Fund or Account established hereunder or under any Supplemental Indenture, obligations in which money in such Fund or Account shall have been invested shall be valued at the market value or the amortized cost thereof, whichever is lower, or at the redemption price thereof, to the extent that any such obligation is then redeemable at the option of the holder. For the purpose of determining the amount on deposit to the credit of the Debt Service Reserve Fund, obligations in which money in such Fund shall have been invested shall be valued at par, if purchased at par, or at amortized cost, if purchased at other than par, plus, in each case, accrued interest. Amortized cost, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of days remaining to maturity on such obligation at the date of such purchase and by multiplying the amount thus calculated by the number of days having passed since such purchase; and (i) in the case of an obligation purchased at a premium by deducting the product thus obtained from the purchase price, and (ii) in the case of an obligation purchased at a discount by adding the product thus obtained to the purchase price.

In connection with such mandatory sinking fund redemption of Bonds, amounts shall be transferred from the applicable Series Account of the Revenue Fund to the Sinking Fund Account of the Debt Service Fund, all as more particularly described in Section 6.03 hereof.

The principal amounts of scheduled mandatory sinking fund payments shall be reduced as specified by the Issuer or as provided in Section 8.04 hereof by any principal amounts of the Bonds redeemed pursuant to Section 8.01(a) and (b) hereof or purchased and cancelled pursuant to Section 6.04 hereof.

Upon any redemption or purchase of Bonds other than in accordance with scheduled mandatory sinking fund payments, the Issuer shall cause to be recalculated and delivered to the Trustee a revised mandatory sinking fund schedule recalculated so as to amortize the Outstanding principal amount of Bonds of such Series in substantially equal annual installments of principal and interest (subject to rounding to Authorized Denominations of principal) over the remaining term of the Bonds of such Series. The mandatory sinking fund payments as so recalculated shall not result in an increase in the aggregate of the mandatory sinking fund payments for all Bonds of such Series in any year. In the event of a redemption or purchase occurring less than forty-five (45) days prior to a date on which a mandatory sinking fund payment is due, the foregoing recalculation shall not be made to the mandatory sinking fund payment due in the year in which such redemption or purchase occurs, but shall be made to mandatory sinking fund payments for the immediately succeeding and subsequent years.

SECTION 8.02. Notice of Redemption and of Purchase. Except where otherwise required by a Supplemental Indenture, when required to redeem or purchase Bonds of a Series under any provision of the related Indenture or directed to do so by the Issuer, the Trustee shall cause notice of the redemption, either in whole or in part, to be given by Electronic Means or mailed by first class mail, postage prepaid at least thirty (30) but not more than sixty (60) days prior to the redemption or purchase date to all Owners of Bonds to be redeemed or purchased (as such Owners appear on the Bond Register on the fifth (5th) day prior to such mailing), at their registered addresses, but failure to mail any such notice or defect in the notice or in the mailing thereof shall not affect the validity of the redemption or purchase of the Bonds of such Series for which notice was duly mailed in accordance with this Section 8.02. The Issuer shall, when it is directing the Trustee to mail such notice, provide written direction to the Trustee at least forty-five (45) days (unless the Trustee agrees to a shorter period) prior to the date on which the Trustee is required to send notice hereunder. Such notice shall be given in the name of the Issuer, shall be dated, shall set forth the Bonds of such Series Outstanding which shall be called for redemption or purchase and shall include, without limitation, the following additional information:

- (a) the redemption or purchase date;
- (b) the redemption or purchase price;
- (c) CUSIP numbers, to the extent applicable, and any other distinctive numbers

and letters;

## ARTICLE VIII REDEMPTION AND PURCHASE OF BONDS

SECTION 8.01. Redemption Dates and Prices. Unless provided otherwise in a Supplemental Indenture with respect to a Series of Bonds, the Bonds of a Series may be made subject to optional, mandatory and extraordinary redemption and purchase, either in whole or in part, by the Issuer, prior to maturity in the amounts, at the times and in the manner provided in this Article VIII and in the related Supplemental Indenture.

(a) *Optional Redemption.* Bonds of a Series shall be subject to optional redemption at the direction of the Issuer, at the times and upon payment of the redemption price as provided in the related Supplemental Indenture.

(b) *Extraordinary Mandatory Redemption in Whole or in Part.* Except as otherwise provided in a Supplemental Indenture with respect to Bonds of the related Series, Bonds of a Series are subject to extraordinary mandatory redemption prior to maturity by the Issuer in whole, on any date, or in part, on any Interest Payment Date, at an extraordinary mandatory redemption price equal to 100% of the principal amount of the Bonds to be redeemed, plus interest accrued to the redemption date, (i) from moneys deposited into the related Series Account within the Bond Redemption Fund following the payment of Special Assessments on any portion of the District Lands in accordance with the provisions of Section 9.08 hereof; (ii) when sufficient moneys are on deposit in the related Series Funds and Accounts (other than moneys in the Rebate Fund and any other excluded Fund or Account as provided in a Supplemental Indenture with respect to a Series of Bonds) to pay and redeem all Outstanding Bonds of a Series and accrued interest thereon to the redemption date in addition to all amounts owed to Persons under the related Indenture; (iii) from moneys in excess of the Debt Service Reserve Requirement for a Series of Bonds in the applicable Series Account of the Debt Service Reserve Fund transferred to the Series Account within the Bond Redemption Fund pursuant to Section 6.05 hereof; (iv) from excess moneys transferred from the Series Account of the Revenue Fund to the Series Account within the Bond Redemption Fund in accordance with Section 6.03 of this Master Indenture; (v) from moneys, if any, on deposit in the Series Account within the Bond Redemption Fund pursuant to Section 9.14(c) hereof following condemnation or the sale of any portion of the District Lands benefited by a Project to a governmental entity under threat of condemnation by such governmental entity or the damage or destruction of all or substantially all of the Project when such moneys are not to be used pursuant to Section 9.14(c) to repair, replace or restore the Project; provided, however, that at least forty-five (45) days prior to such extraordinary mandatory redemption, the Issuer shall cause to be delivered to the Trustee (x) notice setting forth the redemption date and (y) a certificate of the Consulting Engineer confirming that the repair and restoration of the Project would not be economical or would be impracticable; or (vi) from amounts transferred to the Series Account of the Bond Redemption Fund from the Series Account of the Acquisition and Construction Fund in accordance with Section 5.01(c) hereof.

(c) *Mandatory Sinking Fund Redemption.* Bonds of a Series may be subject to mandatory sinking fund redemption at a Redemption Price of 100% of the principal amount thereof plus accrued interest to the redemption date, in the years and amounts set forth in a Supplemental Indenture.

37

(d) if less than all Outstanding Bonds of a Series to be redeemed or purchased, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed or purchased;

(e) that on the redemption or purchase date the Redemption Price or purchase price will become due and payable upon surrender of each such Bond or portion thereof called for redemption or purchase, and that interest thereon shall cease to accrue from and after said date; and

(f) the place where such Bonds are to be surrendered for payment of the redemption or purchase price, which place of payment shall be a corporate trust office of the Trustee.

If at the time of mailing of notice of redemption or purchase, the Issuer shall not have deposited with the Trustee or Paying Agent moneys sufficient to redeem or purchase all the Bonds called for redemption or purchase, such notice shall state that it is subject to the deposit of the redemption or purchase moneys with the Trustee or Paying Agent, as the case may be, not later than the opening of business on the redemption or purchase date, and such notice shall be of no effect unless such moneys are so deposited.

If the amount of funds deposited with the Trustee for such redemption, or otherwise available, is insufficient to pay the Redemption Price and accrued interest on the Bonds so called for redemption (other than a mandatory sinking fund redemption) on the redemption date, the Trustee shall redeem and pay on such date an amount of such Bonds for which such funds are sufficient, selecting the Bonds to be redeemed randomly from among all such Bonds called for redemption on such date, and among different maturities of Bonds in the same manner as the initial selection of Bonds to be redeemed, and from and after such redemption date, interest on the Bonds or portions thereof so paid shall cease to accrue and become payable; but interest on any Bonds or portions thereof not so paid shall continue to accrue until paid at the same rate as it would have had such Bonds not been called for redemption.

The notices required to be given by this Section 8.02 shall state that no representation is made as to correctness or accuracy of the CUSIP numbers listed in such notice or printed on the Bonds. If the Trustee determines that the giving of notice by mail is not feasible, the Trustee may use any other industry acceptable means of giving notice including, but not limited to, facsimile or email provided the Trustee can establish such other means of giving notice was in fact given.

SECTION 8.03. Payment of Redemption Price. If any required (a) unconditional notice of redemption has been duly mailed or waived by the Owners of all Bonds called for redemption or (b) conditional notice of redemption has been so mailed or waived and the redemption moneys have been duly deposited with the Trustee or Paying Agent, then in either case, the Bonds called for redemption shall be payable on the redemption date at the applicable Redemption Price plus accrued interest, if any, to the redemption date. Bonds of a Series so called for redemption, for which moneys have been duly deposited with the Trustee, will cease to bear interest on the specified redemption date, shall no longer be secured by the related Indenture and shall not be deemed to be Outstanding under the provisions of the related Indenture.

39

Payment of the Redemption Price, together with accrued interest, shall be made by the Trustee or Paying Agent to or upon the order of the Owners of the Bonds called for redemption upon surrender of such Bonds. The Redemption Price of the Bonds to be redeemed, the expenses of giving notice and any other expenses of redemption, shall be paid out of the Fund from which redemption is to be made or by the Issuer, or as specified in a Supplemental Indenture.

SECTION 8.04. Partial Redemption of Bonds. Except to the extent otherwise provided in a Supplemental Indenture, if less than all of a Series of Bonds of a maturity are to be redeemed, the Trustee shall select the particular Bonds or portions of the Bonds to be called for redemption randomly in such reasonable manner as the Trustee in its discretion may determine. In the case of any partial redemption of Bonds of a Series pursuant to Section 8.01(a), such redemption shall be effectuated by redeeming Bonds of such Series of such maturities in such manner as shall be specified by the Issuer in writing, subject to the provisions of Section 8.01 hereof. In the case of any partial redemption of Bonds of a Series pursuant to Section 8.01(b), such redemption shall be effectuated by redeeming Bonds of such Series pro rata among the maturities, treating each date on which a Sinking Fund Installment is due as a separate maturity for such purpose, with the portion to be redeemed from each maturity being equal to the product of the aggregate principal amount of Bonds of such Series to be redeemed multiplied by a fraction the numerator of which is the principal amount of the Series of Bonds of such maturity outstanding immediately prior to the redemption date and the denominator of which is the aggregate principal amount of all Bonds of such Series outstanding immediately prior to the redemption date, rounded up or down to the nearest \$5,000 amount in order to maintain Authorized Denominations. The Issuer or the District Manager, on behalf of the Issuer, shall be responsible for calculating such revised sinking fund installments and provide the Trustee with the revised sinking fund installments.

SECTION 9.03. Special Assessments; Re-Assessments.

(a) The Issuer shall levy Special Assessments, and, unless the Issuer collects the Special Assessments directly under the conditions set forth herein, evidence and certify the same to the Tax Collector or shall cause the Property Appraiser to certify the same on the tax roll to the Tax Collector for collection by the Tax Collector and enforcement by the Tax Collector or the Issuer pursuant to the Act, Chapter 170 or Chapter 197, Florida Statutes, or any successor statutes, as applicable, and Section 9.04 hereof, to the extent and in an amount sufficient to pay Debt Service Requirements on all Outstanding Bonds. The Issuer shall also diligently collect any true-up payments that the Developer is required to make. The Issuer covenants and agrees that upon the occurrence and continuance of an Event of Default, it will take such actions to enforce the remedial provisions of this Master Indenture, as supplemented in connection with the Series of Bonds as to which the Event of Default occurred, including the remedial provisions for collection of delinquent Special Assessments, the provisions for foreclosure of liens of delinquent Special Assessments and delinquent operation and maintenance assessments, and will take such other remedial actions as shall be directed by the Trustee acting at the direction of, and on behalf of, the Majority Holders of the Series of Bonds as to which the Event of Default occurred.

(b) If any Special Assessment shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the Issuer shall be satisfied that any such Special Assessment is so irregular or defective that the same cannot be enforced or collected, or if the Issuer shall have omitted to make such Special Assessment when it might have done so, the Issuer shall either (i) take all necessary steps to cause a new Special Assessment to be made for the whole or any part of said improvement or against any property benefited by said improvement, or (ii) in its sole discretion, make up the amount of such Special Assessment from any legally available moneys, which moneys shall be deposited into the applicable Series Account in the Revenue Fund. In case such second Special Assessment shall be annulled, the Issuer shall obtain and make other Special Assessments until a valid Special Assessment shall be made.

SECTION 9.04. Method of Collection. Special Assessments shall be collected by the Issuer in accordance with the provisions of the Act and Chapter 197, Florida Statutes, or any successor statutes thereto, as applicable, in accordance with the terms of this Section. Except as stated in the next succeeding sentence or during the continuance of an Event of Default and the Majority Holders of a Series of Bonds are providing direction as to the method of collection, the Issuer shall use the uniform method for the levy, collection and enforcement of Special Assessments afforded by Sections 197.3631, 197.3632 and 197.3635, Florida Statutes, or any successor statutes thereto (the "Uniform Method"), and to do all things necessary to continue to use the Uniform Method or a comparable alternative method afforded by Section 197.3631, Florida Statutes. Notwithstanding the foregoing, the Issuer shall not collect Special Assessments pursuant to the Uniform Method levied against District Lands and will direct bill the applicable landowners for the same either prior to platting of such lands or if the timing for using the Uniform Method will not yet allow for using such method, unless the Trustee at the direction of the Majority Holders of the applicable Series of Bonds directs the Issuer otherwise upon an Event of Default. Upon any failure of any property owner to pay an installment of Special Assessments when due (with respect Special Assessments collected directly by the Issuer), the entire Special Assessment on the parcel or parcels as to which such delinquency pertains, with interest and penalties thereon, shall immediately become due and payable as provided by applicable law and the Issuer either on its

ARTICLE IX  
COVENANTS OF THE ISSUER

SECTION 9.01. Power to Issue Bonds and Create Lien. The Issuer is duly authorized under the Act and all applicable laws of the State to issue the Bonds, to adopt and execute this Master Indenture and to pledge the Pledged Revenues for the benefit of the Bonds of a Series and any Credit Facility Issuer, except to the extent otherwise provided in a Supplemental Indenture. The Pledged Revenues are not and shall not be subject to any other lien senior to or on a parity with the lien created in favor of the Bonds of a Series and any Credit Facility Issuer with respect to such Series. The Bonds and the provisions of this Master Indenture and any Supplemental Indenture are and will be valid and legally enforceable obligations of the Issuer in accordance with their respective terms. The Issuer shall, at all times, to the extent permitted by law, defend, preserve and protect the pledge created by this Master Indenture and any Supplemental Indenture and all the rights of the Bondholders and any Credit Facility Issuer under this Master Indenture and any Supplemental Indenture against all claims and demands of all other Persons whomsoever.

SECTION 9.02. Payment of Principal and Interest on Bonds. The payment of the principal or Redemption Price of and interest on all of the Bonds of a Series issued under the related Indenture shall be secured forthwith equally and ratably by a first lien on and pledge of the Pledged Revenues, except to the extent otherwise provided in a Supplemental Indenture; and Pledged Revenues in an amount sufficient to pay the principal or Redemption Price of and interest on the Bonds of a Series authorized by the related Indenture are hereby irrevocably pledged to the payment of the principal or Redemption Price of and interest on the Bonds of a Series authorized under the related Indenture, as the same become due and payable. The Issuer shall promptly pay the interest on and the principal or Redemption Price of every Bond issued hereunder according to the terms thereof, but shall be required to make such payment only out of the Pledged Revenues.

THE BONDS AUTHORIZED UNDER THIS MASTER INDENTURE AND THE RELATED SUPPLEMENTAL INDENTURE AND THE OBLIGATIONS EVIDENCED THEREBY SHALL NOT CONSTITUTE A LIEN UPON ANY PROPERTY OF THE ISSUER, INCLUDING, WITHOUT LIMITATION, THE PROJECT OR ANY PORTION THEREOF IN RESPECT OF WHICH ANY SUCH BONDS ARE BEING ISSUED, OR ANY PART THEREOF, BUT SHALL CONSTITUTE A LIEN ONLY ON THE PLEDGED REVENUES AS SET FORTH IN THIS MASTER INDENTURE AND ANY SUPPLEMENTAL INDENTURE. NOTHING IN THE BONDS AUTHORIZED UNDER THIS MASTER INDENTURE AND ANY SUPPLEMENTAL INDENTURE SHALL BE CONSTRUED AS OBLIGATING THE ISSUER TO PAY THE BONDS OR THE REDEMPTION PRICE THEREOF OR THE INTEREST THEREON EXCEPT FROM THE PLEDGED REVENUES, OR AS PLEDGING THE FAITH AND CREDIT OF THE ISSUER, THE COUNTY, THE STATE OR ANY OTHER POLITICAL SUBDIVISION THEREOF, OR AS OBLIGATING THE ISSUER, THE COUNTY, THE STATE OR ANY OF ITS POLITICAL SUBDIVISIONS, DIRECTLY OR INDIRECTLY OR CONTINGENTLY, TO LEVY OR TO PLEDGE ANY FORM OF TAXATION WHATEVER THEREFOR.

41

own behalf or through the actions of the Trustee may, and shall, if so directed in writing by the Majority Holders of the related Series of Bonds, at the Issuer's own expense, cause such delinquent property to be foreclosed as hereafter provided. The Issuer covenants it shall promptly, after written notice to the delinquent landowner, but not later than one hundred twenty (120) days from the due date of such Special Assessments that have not been paid, cause there to be brought legal proceedings for the foreclosure of the Special Assessment lien including interest and penalties with respect to such tax parcel. The foreclosure proceedings shall be prosecuted to sale and conveyance of such tax parcel as now provided by law in suits to foreclose mortgages unless the Majority Holders provide written direction to suspend or terminate such foreclosure proceedings. Nothing herein shall obligate the Issuer to credit bid at any foreclosure sale. The Issuer shall enter into or maintain in effect one or more written agreements with the Property Appraiser and the Tax Collector, either individually or jointly (together, the "Property Appraiser and Tax Collector Agreement") in order to effectuate the provisions of this Section. The Issuer shall ensure that any such Property Appraiser and Tax Collector Agreement remains in effect for at least as long as the final maturity of Bonds Outstanding under this Master Indenture. The Issuer shall provide to the dissemination agent under the applicable Continuing Disclosure Agreement a list of all properties where the Special Assessments relating to the Series of Bonds subject to the applicable Continuing Disclosure Agreement which are being billed directly, and have not been paid within sixty (60) days of the due date of such Special Assessments and the current status of any foreclosure actions currently in progress and the current status of the delinquent Special Assessments. The Issuer covenants to comply with all proceedings relating to the imposition and collection of the Special Assessments and will not make material amendments to any assessment methodology relating to the Special Assessments without the written consent of the Majority Holders.

SECTION 9.05. [RESERVED].

SECTION 9.06. [RESERVED].

SECTION 9.07. Books and Records with Respect to Special Assessments. In addition to the books and records required to be kept by the Issuer pursuant to the provisions of Section 9.17 hereof, the Issuer shall keep books and records for the collection of the Special Assessments on the District Lands, which such books, records and accounts shall be kept separate and apart from all other books, records and accounts of the Issuer. The District Manager or the District Manager's designee, at the end of each Fiscal Year, shall prepare a written report setting forth the collections received, the number and amount of delinquencies, the proceedings taken to enforce collections and cure delinquencies and an estimate of time for the conclusion of such legal proceedings. A signed copy of such audit shall, as soon as practicable after such audit, become available and shall, upon written request, be mailed to any Registered Owner.

SECTION 9.08. Removal of Special Assessment Liens. Except as otherwise provided in a Supplemental Indenture with respect to a related Series of Bonds, the following procedures shall apply in connection with the removal of Special Assessment liens:

(a) At any time subsequent to thirty (30) days after the Project has been completed within the meaning of Section 5.01(c) hereof and the Board has adopted a resolution accepting the Project as provided by Section 170.09, Florida Statutes, as amended, any owner of property subject to the Special Assessments may, at its option, and under certain circumstances

43

described in the assessment resolutions in connection with prepayments derived from application of the “True-Up” mechanism therein, require the Issuer, upon receipt of the prepayment by the Trustee, to release and extinguish the lien, in whole or in part, upon its property by virtue of the levy of the Special Assessments by paying to the Issuer the entire amount or a portion, as the case may be, of the Special Assessment, plus accrued interest, attributable to the property subject to Special Assessment owned by such owner to the earlier of the next Interest Payment Date occurring at least forty-five (45) days after the Trustee receives such Prepayment. If any such prepayment of Special Assessments shall occur within thirty (30) days after the Project has been completed and the Board has adopted a resolution accepting the Project as provided in Section 170.09, Florida Statutes, as amended, no accrued interest shall be required to be paid unless such right has been irrevocably waived by the landowners within the District. The Issuer shall promptly notify the Trustee in writing of any Prepayment made under such circumstances. Accrued interest on any Bonds that would be redeemed as a result of such Prepayment made within thirty (30) days after the Board has adopted a resolution accepting the Project shall be derived from moneys on deposit in the Interest Account or capitalized interest account and if no moneys remain, from moneys on deposit in the Debt Service Reserve Account or as otherwise provided pursuant to the applicable Supplemental Indenture.

(b) Upon receipt of a Prepayment as described in (a) above, the Issuer shall within five (5) Business Days pay the amount so received to the Trustee, and the Issuer shall take such action as is necessary to record in the official records of the County an affidavit or affidavits as the case may be, executed by an authorized officer of the Issuer to the effect that the Special Assessment has been paid in full or in part and that such Special Assessment lien is thereby released and extinguished if paid in full or such Special Assessment lien shall be reduced if the landowner only made a partial Prepayment. Upon receipt of any such moneys from the Issuer the Trustee shall immediately deposit the same into the Bond Redemption Fund to be applied to the redemption of Bonds in accordance with Section 8.01(b)(i) hereof. In connection with such Prepayment, the Trustee shall calculate the credit authorized pursuant to Section 6.05 hereof, and transfer such credit to the Bond Redemption Fund to be used together with such Prepayment for the redemption of Bonds in accordance with Section 8.01(b)(i) hereof.

(c) Notwithstanding the foregoing, and consistent with the proceedings of the Issuer relating to the imposition and levy of the Special Assessments, the owner of property (including the Developer) may at any time require the Issuer to release and extinguish the lien upon its property by virtue of the levy of the Special Assessments by paying to the Issuer the entire amount of the Special Assessment, plus accrued interest to the next succeeding Interest Payment Date (or the second succeeding Interest Payment Date if such prepayment is made within forty-five (45) calendar days before an Interest Payment Date), attributable to the property subject to Special Assessment owned by such owner. In lieu of such Prepayment with cash, an owner of property within the District may surrender to the District for cancellation to completely extinguish the lien on such property or reduce the lien equally on every portion of such property, a principal amount of Outstanding Bonds of a Series that is secured by Special Assessments levied against such property.

(d) Upon receipt of a prepayment as described in (a), (b) or (c) above, the Issuer shall immediately pay the amount so received to the Trustee, and the Issuer shall take such action as is necessary to record in the official land records of the County an affidavit or affidavits, as the

44

or political subdivisions to pay all or any part of the cost of maintaining, repairing and operating the Project out of funds other than Pledged Revenues.

#### SECTION 9.14. Public Liability and Property Damage Insurance; Maintenance of Insurance; Use of Insurance and Condemnation Proceeds.

(a) Except as otherwise provided in subsection (d) of this Section, the Issuer will carry or cause to be carried, in respect of each Project, comprehensive general liability insurance (covering bodily injury and property damage) issued by one or more insurance companies authorized and qualified to do business under the laws of the State, in such amounts as is customary for similar operations, or as is more specifically set forth hereinbelow.

(b) At all times, to the extent commercially available, the Issuer shall maintain a practical insurance program, with reasonable terms, conditions, provisions and costs which the District Manager determines will afford adequate protection against loss caused by damage to or destruction of any component of any Project owned by the Issuer. Limits for such coverage will be subject to the Consulting Engineer’s recommendations. The Issuer shall also, at all times, maintain a practical comprehensive general liability insurance program with respect to any Project for such coverage, with such reasonable terms, conditions, provisions and costs as the District Manager determines will afford adequate protection against bodily injury and property damage.

All insurance policies of the Issuer relating to any Project shall be carried with companies authorized to do business in the State, with a Best rating of no less than “A” as to management and Class “V” as to financial strength; provided, however, that if, in the opinion of the District Manager, adequate insurance protection under reasonable terms, conditions, provisions and cost cannot be purchased from an insurance company with the above-designated ratings, then the District Manager, on behalf of the Issuer, may secure such insurance protection as the Issuer determines to be in its best interests and otherwise consistent with this Master Indenture and any Supplemental Indenture; provided further, however, that the Issuer may act as a self-insurer in accordance with the requirements of subsection (d) hereof. All policies providing the insurance coverages required by this Section shall designate the Issuer as the loss-payee and shall be made payable to the Issuer.

(c) All proceeds received from property damage or destruction insurance and all proceeds received from the condemnation of any Project or any part thereof are hereby pledged by the Issuer as security for the related Series of Bonds and shall be deposited at the option of the Issuer, but subject to the limitations hereinafter described, either (i) into a separate fund to be established by the Trustee for such purpose which may be an Account within the Acquisition and Construction Fund as directed by the Issuer, and used to remedy the loss, damage or taking for which such proceeds are received, either by repairing the damaged property or replacing the destroyed or taken property, as soon as practicable after the receipt of such proceeds, or (ii) if so provided in a Supplemental Indenture, into the related Series Account within the Bond Redemption Fund for the purpose of purchasing or redeeming Bonds according to the provisions set forth in Article VIII hereof. To the extent a Supplemental Indenture provides for extraordinary mandatory redemption in the event the Issuer receives insurance proceeds or condemnation awards, the Issuer shall not be entitled to deposit insurance proceeds or condemnation awards into the separate fund described above in clause (i) of this paragraph (and such proceeds and awards shall be deposited

46

case may be, executed by an authorized officer of the Issuer to the effect that the Special Assessment has been paid and that such Special Assessment lien is thereby released and extinguished. Except as otherwise provided by a Supplemental Indenture, upon receipt of any such moneys from the Issuer the Trustee shall immediately deposit the same into the applicable Series Account within the Bond Redemption Fund to be applied to the redemption of Bonds in accordance with Section 8.01(b)(i) hereof.

SECTION 9.09. Deposit of Special Assessments. The Issuer covenants to cause any Special Assessments collected or otherwise received by it to be deposited with the Trustee within five (5) Business Days after receipt thereof for deposit into the related Series Account of the Revenue Fund (except that amounts received as prepayments of Special Assessments shall be designated by the Issuer as such upon delivery to the Trustee and shall be deposited directly into the related Series Account within the Bond Redemption Fund). In connection with any payment of Special Assessments referred to in the prior sentence, the Issuer shall provide advance written notice to the Trustee of the amount of the payment and the Series account within either of the Revenue Fund or Bond Redemption Fund to which such payment relates.

SECTION 9.10. Construction to be on District Lands. Except for certain off site mitigation, roadway and possibly landscaping improvements which are or may be outside the District Lands and are required in order for the District Lands to be developed, the Issuer covenants that no part of the Project will be constructed on, over or under lands other than (i) lands good and marketable title to which is owned by the Issuer or other appropriate entity in fee simple, (ii) lands on, over or under which the Issuer or other appropriate entity shall have acquired perpetual easements for the purposes of the Project, or (iii) lands, including public streets and highways, the right to the use and occupancy of which for such purposes shall be vested in the Issuer or other appropriate entity by law or by valid franchises, licenses, easements or rights of way or other legally effective permissions or approval.

SECTION 9.11. Operation, Use and Maintenance of Project. The Issuer shall establish and enforce reasonable rules and regulations governing the use of the Project owned by the Issuer, and the operation thereof, such rules and regulations to be adopted in accordance with the Act, and the Issuer shall operate, use and maintain the Project owned by the Issuer in accordance with the Act and all other applicable federal and State laws, rules and regulations; the Issuer shall maintain and operate the Project owned by the Issuer in an efficient and economical manner, shall at all times maintain the same in good repair and in sound operating condition and shall make all necessary repairs, renewals and replacements.

SECTION 9.12. Observance of and Compliance with Valid Requirements. The Issuer shall pay all municipal or governmental charges lawfully levied or assessed upon any Project or any part thereof or upon any revenues when the same shall become due, and the Issuer shall duly observe and comply with all valid requirements of any municipal or governmental authority relative to each Project. The Issuer shall not, except as otherwise permitted in Section 9.24 hereof, create or suffer to be created any lien or charge upon any Project or upon Pledged Revenues, except the lien and charge of the Bonds on the Pledged Revenues.

SECTION 9.13. Payment of Operating or Maintenance Costs by State or Others. The Issuer may permit the United States of America, the State, or any of their agencies, departments

45

directly into the related Series Account within the Bond Redemption Fund pursuant to clause (ii) of this paragraph) unless there shall have been filed with the Issuer within a reasonable time after the damage, destruction or condemnation (A) a certificate from the Consulting Engineer that the proceeds of the insurance or condemnation awards deposited into such separate fund, together with other funds available for such purposes, will be sufficient to repair, rebuild, replace or restore such property to substantially the same condition as it was in prior to its damage, destruction or condemnation (taking into consideration any changes, alterations and modifications that the Issuer may desire), (B) an opinion from the Consulting Engineer that the Project can be repaired, rebuilt, replaced or restored within two (2) years following the damage, destruction or condemnation thereof and (C) an opinion of the Consulting Engineer that, in each of the three (3) Fiscal Years following completion of such repair, rebuilding, replacement or restoration, the Issuer will be in compliance with its obligations hereunder. If the certificate described in clause (A) of this paragraph is not rendered because such proceeds or awards are insufficient for such purposes, the Issuer may deposit any other legally available funds in such separate fund in an amount required to enable the Consulting Engineer to render its certificate. If the insurance proceeds or condemnation awards deposited in such separate fund are more than sufficient to repair the damaged property or to replace the destroyed or taken property, the balance thereof remaining shall be deposited to the credit of the related Series Account in the Revenue Fund.

(d) The Issuer shall be entitled to provide all or a portion of the insurance coverage required by subsections (a) and (b) of this Section through Qualified Self Insurance, provided that the requirements hereinafter set forth in this subsection (d) are satisfied. “Qualified Self Insurance” means insurance maintained through a program of self-insurance or insurance maintained with a company or association in which the Issuer has a material interest or of which the Issuer has control, either singly or with others.

Prior to participation in any plan of Qualified Self Insurance not currently in effect, the Issuer shall obtain a certificate of compliance executed by the District Manager or a licensed insurance agent selected by the District Manager to the effect that (A) the proposed Qualified Self Insurance plan will provide the coverage required by subsections (a) and (b) of this Section, and (B) the proposed Qualified Self Insurance plan provides for the creation of actuarially sound reserves.

Each plan of Qualified Self Insurance shall be in written form, shall provide that upon the termination of such plan reserves will be established or insurance acquired in amounts adequate to cover any potential retained liability in respect of the period of self-insurance, and shall be reviewed annually by the District Manager or registered actuary who shall deliver to the Issuer a report on the adequacy of the reserves established thereunder in light of claims made. If the District Manager or registered actuary determines that such reserves are inadequate in light of the claims made, he shall make recommendations as to the amount of reserves that should be established and maintained, and the Issuer shall comply with such recommendations unless it can establish to the satisfaction of the District Manager or an insurance consultant retained by the Issuer that such recommendations are unreasonable in light of the nature of the claims or the history of recovery against the Issuer for similar claims.

(e) Copies of all recommendations and approvals made by the Consulting Engineer under the provisions of this Section shall be filed with the District Manager.

47

The Trustee shall have no duty to determine compliance by the Issuer with the requirements of this Section.

SECTION 9.15. Collection of Insurance Proceeds. Copies of all insurance policies referred to in Section 9.14 of this Article shall be available at the offices of the Issuer at all reasonable times to the inspection of the Holders of the Bonds and their agents and representatives duly authorized in writing. The Issuer covenants that it will take such action as may be necessary to demand, collect and sue for any insurance money which may become due and payable under any policy of insurance required under this Master Indenture or any Supplemental Indenture, whether such policy is payable to the Issuer or to the Trustee. The Trustee is hereby authorized in its own name to demand, collect, sue and receive any insurance money which may become due and payable under any policies payable to it.

SECTION 9.16. Use of Revenues for Authorized Purposes Only. SECTION 9.33. Continuing Disclosure. The Issuer hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement. Notwithstanding any other provision of this Master Indenture and any Supplemental Indenture, failure of the Issuer or any other Person (if obligated pursuant to the Continuing Disclosure Agreement) to comply with the Continuing Disclosure Agreement shall not be considered an Event of Default; however, the Trustee may (and, at the request of any Participating Underwriter or the Holders of at least 25% aggregate principal amount in Outstanding Bonds of a Series and receipt of indemnity to its satisfaction, shall) or any Holder of the Bonds or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking specific performance by court order, to cause the Issuer to comply with its obligations under this Section 9.33. The provisions of this Section 9.34 shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to the Affected Special Assessments (an "Insolvent Taxpayer") under any existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (a "Proceeding"). For as long as any Affected Bonds remain Outstanding, in any Proceeding involving the Issuer, any Insolvent Taxpayer, the Affected Bonds or the Affected Special Assessments, the Issuer, to the extent permitted by applicable law, shall be obligated to act in accordance with any direction from the Trustee with regard to all matters directly or indirectly affecting at least three percent (3%) of the Outstanding aggregate principal amount of the Affected Bonds or for as long as any Affected Bonds remain Outstanding, in any proceeding involving the Issuer, any Insolvent Taxpayer, the Affected Bonds or the Affected Special Assessments or the Trustee. The Issuer agrees that it shall not be a defense to a breach of the foregoing covenant that it has acted upon advice of counsel in not complying with this covenant.

The Issuer acknowledges and agrees that, although the Affected Bonds were issued by the Issuer, the Owners of the Affected Bonds are categorically the party with the ultimate financial stake with respect to the Affected Bonds and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving any Insolvent Taxpayer: (a) the Issuer, to the extent permitted by applicable law, hereby agrees that it shall follow the direction of the Trustee in making any election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Affected Special Assessments, the Affected Bonds or any rights of the Trustee under the Indenture; (b) to the extent permitted by applicable law, the Issuer hereby agrees that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Affected Special Assessments, the Affected Bonds or any rights of the Trustee under the Indenture that is inconsistent with any direction from the Trustee; (c) to the extent permitted by applicable law, the Trustee shall have the right, but is not obligated to, (i) vote in any such Proceeding and all claims of the Issuer, or (ii) file any motion, pleading, plan or objection in any such Proceeding on behalf of the Issuer, including without limitation, motions seeking relief from the automatic stay, dismissal of the Proceeding, valuation of the property belonging to the Insolvent Taxpayer, termination of exclusivity, and objections to disclosure statements, plans of liquidation or reorganization, and motions for use of cash collateral, seeking approval of sales or post-petition financing. If the Trustee chooses to exercise any such rights, the Issuer shall be deemed to have appointed the Trustee as its agent and granted to the Trustee an irrevocable power of attorney coupled with an interest, and its proxy, for the purpose of exercising any and all rights and taking any and all actions available to the Issuer in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute any claims, to propose and prosecute a bankruptcy plan, to vote to accept or reject a plan, and to make any election under Section 1111(b) of the Bankruptcy Code and (d) the Issuer shall not challenge the validity or amount of any claim submitted in such Proceeding by the Trustee in good faith or any valuations of the lands owned by any Insolvent Taxpayer submitted by the Trustee in good faith in such Proceeding or take any other action in such Proceeding, which is adverse to Trustee's enforcement of the Issuer claim and rights with respect to the Affected Special Assessments or receipt of adequate protection (as that

SECTION 10.02. Events of Default Defined. Each of the following shall be an "Event of Default" under the Indenture, with respect to a Series of Bonds:

- (a) if payment of any installment of interest on any Bond of such Series is not made when it becomes due and payable; or
- (b) if payment of the principal or Redemption Price of any Bond of such Series is not made when it becomes due and payable at maturity or upon call or presentation for redemption; or
- (c) if the Issuer, for any reason, fails in, or is rendered incapable of, fulfilling its obligations under the Indenture or under the Act which failure or incapacity may be reasonably determined solely by the Majority Holders; or
- (d) if the Issuer proposes or makes an assignment for the benefit of creditors or enters into a composition agreement with all or a material part of its creditors, or a trustee, receiver, executor, conservator, liquidator, sequestrator or other judicial representative, similar or dissimilar, is appointed for the Issuer or any of its assets or revenues, or there is commenced any proceeding in liquidation, bankruptcy, reorganization, arrangement of debts, debtor rehabilitation, creditor adjustment or insolvency, local, state or federal, by or against the Issuer and if such is not vacated, dismissed or stayed on appeal within ninety (90) days; or
- (e) if the Issuer defaults in the due and punctual performance of any other covenant in the Indenture or in any Bond of such Series issued pursuant to the Indenture and such default continues for sixty (60) days after written notice requiring the same to be remedied shall have been given to the Issuer by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Majority Holders of the Outstanding Bonds of such Series; provided, however, that if such performance requires work to be done, actions to be taken, or conditions to be remedied, which by their nature cannot reasonably be done, taken or remedied, as the case may be, within such sixty (60) day period, no Event of Default shall be deemed to have occurred or exist if, and so long as the Issuer shall commence such performance within such sixty (60) day period and shall diligently and continuously prosecute the same to completion; or
- (f) written notice shall have been received by the Trustee from a Credit Facility Issuer securing Bonds of such Series that an event of default has occurred under the Credit Facility Agreement, or there shall have been a failure by said Credit Facility Issuer to make said Credit Facility available or to reinstate the interest component of said Credit Facility in accordance with the terms of said Credit Facility, to the extent said notice or failure is established as an event of default under the terms of a Supplemental Indenture; or

Without limiting the generality of the foregoing, the Issuer agrees that the Trustee shall have the right (i) to file a proof of claim with respect to the Affected Special Assessments, (ii) to deliver to the Issuer a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim.

Notwithstanding the provisions of the immediately preceding paragraphs, nothing in this Section shall preclude the Issuer from becoming a party to a Proceeding in order to enforce a claim for operation and maintenance assessments and the Issuer shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the Issuer in pursuance of its claim for operation and maintenance assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the Special Assessments relating to the Bonds Outstanding whether such claim is pursued by the Issuer or the Trustee.

(g) if any time the amount in any Debt Service Reserve Account is less than the Reserve Requirement as a result of the Trustee withdrawing an amount therefrom to satisfy the Debt Service Requirement on the Bonds of a Series and such amount has not been restored within thirty (30) days of such withdrawal; or

(h) more than twenty percent (20%) of the "maintenance special assessments" levied by the Issuer on District lands upon which the Special Assessments are levied to secure one or more Series of Bonds pursuant to Section 190.021(3), Florida Statutes, as amended, and collected directly by the District have become due and payable and have not been paid, within ninety (90) days of when due.

The Trustee shall not be required to rely on any official action, admission or declaration by the Issuer before recognizing that an Event of Default under (e) above has occurred.

SECTION 10.03. No Acceleration; Redemption. No Series of Bonds issued under this Master Indenture shall be subject to acceleration. Upon the occurrence and continuation of an Event of Default, no optional redemption or extraordinary mandatory redemption of the Bonds pursuant to Article VIII hereof shall occur unless all of the Bonds of the Series where an Event of Default has occurred will be redeemed or if 100% of the Holders of the Outstanding Bonds of such Series of Bonds agree to such redemption.

SECTION 10.04. Legal Proceedings by Trustee. If any Event of Default with respect to a Series of Bonds has occurred and is continuing, the Trustee, in its discretion may, and upon the written request of the Majority Holders of the Outstanding Bonds of such Series and receipt of indemnity to its satisfaction shall, in its capacity as Trustee:

- (a) by mandamus, or other suit, action or proceeding at law or in equity, enforce all rights of the Holders of the Bonds of such Series, including, without limitation, the right to require the Issuer to carry out any agreements with, or for the benefit of, the Bondholders of the Bonds of such Series and to perform its or their duties under the Act;

- (e) by other proceeding in law or equity, exercise all rights and remedies provided for by any other document or instrument securing such Series of Bonds.

SECTION 10.05. Discontinuance of Proceedings by Trustee. If any proceeding taken by the Trustee on account of any Event of Default is discontinued or is determined adversely to the Trustee, the Issuer, the Trustee, the Paying Agent and the Bondholders shall be restored to their former positions and rights hereunder as though no such proceeding had been taken.

55

SECTION 10.06. Bondholders May Direct Proceedings. The Majority Holders of the Outstanding Bonds of a Series then subject to remedial proceedings under this Article X shall have the right to direct the method and place of conducting all remedial proceedings by the Trustee under the Indenture, provided that such directions shall not be otherwise than in accordance with applicable law and the applicable provisions of the Indenture.

The Issuer hereby agrees that it shall seek to secure the written direction of the Trustee, acting at the direction of the Majority Holders of the applicable Series Bonds Outstanding, prior to making any election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceedings or in any action related to a Proceeding that affects, either directly or indirectly, the Series Assessments relating to the Series Bonds Outstanding, or any rights of the Trustee under the Indenture. However, the Trustee shall be deemed to have consented, on behalf of the Majority Holders of the applicable Series of Bonds Outstanding, to the proposed action if the Issuer does not receive written direction from the Trustee within sixty (60) days or which shorter amount of time as would be required to comply with the ruling of the applicable court following receipt by the Trustee of the written request for direction.

SECTION 10.07. Limitations on Actions by Bondholders. No Bondholder shall have any right to pursue any remedy hereunder unless (a) the Trustee shall have been given written notice of an Event of Default, (b) the Majority Holders of the Outstanding Bonds of the applicable Series shall have requested the Trustee, in writing, to exercise the powers hereinabove granted or to pursue such remedy in its or their name or names, (c) the Trustee shall have been offered indemnity satisfactory to it against costs, expenses and liabilities, and (d) the Trustee shall have failed to comply with such request within a reasonable time.

SECTION 10.08. Trustee May Enforce Rights Without Possession of Bonds. All rights under the Indenture and a Series of Bonds may be enforced by the Trustee without the possession of any of the Bonds of such Series or the production thereof at the trial or other proceedings relative thereto, and any proceeding instituted by the Trustee shall be brought in its name for the ratable benefit of the Holders of the Bonds of such Series.

SECTION 10.09. Remedies Not Exclusive. Except as limited under Section 15.01 of this Master Indenture, no remedy contained in the Indenture with respect to a Series of Bonds is intended to be exclusive of any other remedy or remedies, and each remedy is in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

SECTION 10.10. Delays and Omissions Not to Impair Rights. No delay or omission in respect of exercising any right or power accruing upon any Event of Default shall impair such right or power or be a waiver of such Event of Default, and every remedy given by this Article X may be exercised from time to time and as often as may be deemed expedient.

SECTION 10.11. Application of Moneys in Event of Default. Any moneys received by the Trustee or the Paying Agent, as the case may be, in connection with any proceedings brought under this Article X with respect to a Series of Bonds shall be applied in the following order of priority:

Said direction shall be controlling to the extent the direction of Owners of the Series of Bonds (or portion thereof) secured by said Credit Facility would have been controlling under this Article. If the Credit Facility Issuer shall be in default in the performance of its obligations under the Credit Facility, said Credit Facility Issuer shall have no rights under this Section.

[END OF ARTICLE X]

(b) then:

FIRST: to payment of all installments of interest then due on the Bonds of such Series in the order of maturity of such installments of interest, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any preference or priority of one installment of interest over any other installment; and

SECOND: to payment to the persons entitled thereto of the unpaid principal or Redemption Price of any of the Bonds of such Series which shall have become due in the order of their due dates, with interest on such Bonds from the respective dates upon which they become due and, if the amount available shall not be sufficient to pay in full the principal or Redemption Price coming due on such Bonds on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the persons entitled thereto without any preference or priority of one such Bond of a Series over another or of any installment of interest over another.

Any surplus remaining after the payments described above shall be paid to the Issuer or to the Person lawfully entitled to receive the same or as a court of competent jurisdiction may direct.

For purposes of the application of moneys described above, to the extent payments of principal of and interest on a Series of Bonds shall have been made under a Credit Facility relating thereto, the Credit Facility Issuer shall be entitled to moneys in the related Series Accounts in the Debt Service Fund in accordance with the agreement pursuant to which such Credit Facility has been issued (but subject to subsection (a) hereof and Section 11.04 hereof) and the Certified Resolution of the Issuer authorizing the issuance of such Bonds to which such Credit Facility relates.

SECTION 10.12. Trustee's Right to Receiver; Compliance with Act. The Trustee shall be entitled as of right to the appointment of a receiver and the Trustee, the Bondholders and any receiver so appointed shall have such rights and powers and be subject to such limitations and restrictions as are contained in the Act and other applicable law of the State.

SECTION 10.13. Trustee and Bondholders Entitled to all Remedies under Act. It is the purpose of this Article to provide such remedies to the Trustee and Bondholders as may be lawfully granted under the provisions of the Act and other applicable laws of the State; if any remedy herein granted shall be held unlawful, the Trustee and the Bondholders shall nevertheless be entitled to every other remedy provided by the Act and other applicable laws of the State. It is further intended that, insofar as lawfully possible, the provisions of this Article X shall apply to and be binding upon any receiver appointed in accordance with Section 10.13 hereof.

## ARTICLE XI THE TRUSTEE; THE PAYING AGENT AND REGISTRAR

SECTION 11.01. Acceptance of Trust. The Trustee accepts and agrees to execute the trusts hereby created, but only upon the additional terms set forth in this Article XI, to all of which the parties hereto and the Bondholders and any Credit Facility Issuer agree. The Trustee shall act as Trustee under this Master Indenture. Subject to the provisions of Section 11.03 hereof, the Trustee shall have only such duties as are expressly set forth herein, and no duties shall be implied on the part of the Trustee.

SECTION 11.02. No Responsibility for Recitals. The recitals, statements and representations in this Master Indenture or in the Bonds, save only the Trustee's Certificate of Authentication, if any, upon the Bonds, have been made by the Issuer and not by the Trustee and the Trustee shall be under no responsibility for the correctness thereof.

SECTION 11.03. Trustee May Act Through Agents; Answerable Only for Willful Misconduct or Negligence. The Trustee may execute any powers hereunder and perform any duties required of it through attorneys, agents, officers or employees, and shall be entitled to advice of Counsel concerning all questions hereunder; the Trustee shall not be answerable for the default or misconduct of any attorney or agent selected by it with reasonable care. The Trustee shall not be answerable for the exercise of any discretion or power under this Master Indenture and any Supplemental Indenture nor for anything whatever in connection with the trust hereunder, except only its own negligence or willful misconduct hereunder.

SECTION 11.04. Compensation and Indemnity. The Issuer shall pay the Trustee reasonable compensation for its services hereunder, and also all its reasonable expenses and disbursements, and shall, to the extent permitted by law, indemnify and hold the Trustee harmless against any liabilities which it may incur in the proper exercise and performance of its powers and duties hereunder, except with respect to its own willful misconduct or negligence hereunder. If the Issuer defaults in respect of the foregoing obligations, the Trustee may deduct the amount owing to it from any moneys held by the Trustee or coming into its hands but exclusive of the Rebate Fund and moneys from a drawing on any Credit Facility, which right of payment shall be prior to the right of the holders of the Bonds. The Trustee shall each month, along with its monthly trust statements, provide periodic reports of any moneys the Trustee has deducted for amounts owing to it. This Section 11.04 shall survive the termination of this Master Indenture and any Supplemental Indenture and, as to any Trustee, its removal or resignation as Trustee. No provision of this Master Indenture shall require the Trustee to expend or risk its own funds.

SECTION 11.05. No Duty to Renew Insurance. The Trustee shall be under no duty to effect or to renew any insurance policy nor shall it incur any liability for the failure of the Issuer to require or effect or renew insurance or to report or file claims of loss thereunder.

SECTION 11.06. Notice of Default; Right to Investigate. The Trustee shall give written notice by Electronic Means or first-class mail to registered Holders of a Series of Bonds of all defaults known to the Trustee, unless such defaults have been remedied (the term "defaults" for purposes of this Section and Section 11.07 being defined to include the events specified as "Events of Default" in Article X hereof, but not including any notice or periods of grace provided for

58

59

therein); provided that, except in the case of a default in payment of principal or interest or Redemption Price, the Trustee may withhold such notice so long as it in good faith determines that such withholding is in the interest of the Bondholders. The Trustee shall not be deemed to have notice of any default other than a payment default under this Master Indenture and any Supplemental Indenture or a notification by a Credit Facility Issuer of a default under its Credit Facility, unless notified in writing of such default by the Holders of at least a majority of the aggregate principal amount of the Outstanding Bonds of a Series. The Trustee may, however, at any time require of the Issuer full information as to the performance of any covenant hereunder, and if information satisfactory to it is not forthcoming, the Trustee may make or cause to be made, at the expense of the Issuer, an investigation into the affairs of the Issuer.

**SECTION 11.07. Obligation to Act on Defaults.** The Trustee shall be under no obligation to take any action in respect of any default or otherwise, unless it is requested in writing to do so by the Majority Holders which are or would be, upon the taking of such action, subject to remedial proceedings under Article X of this Master Indenture if in its opinion such action may tend to involve expense or liability, and unless it is also furnished with indemnity satisfactory to it. The Trustee shall have no responsibility for actions taken at the direction of the Majority Holders.

**SECTION 11.08. Reliance by Trustee.** The Trustee may act on any requisition, resolution, notice, Electronic Means, telegram, facsimile transmission, request, consent, waiver, certificate, statement, affidavit, voucher, bond, or other paper or document which it in good faith believes to be genuine and to have been passed, signed or given by the persons purporting to be authorized (which in the case of the Issuer shall be a Responsible Officer) or to have been prepared and furnished pursuant to any of the provisions of this Master Indenture and any Supplemental Indenture; the Trustee shall be under no duty to make any investigation as to any statement contained in any such instrument, but may accept the same as conclusive evidence of the accuracy of such statement.

**SECTION 11.09. (a) to add additional covenants of the Issuer or to surrender any right or power herein conferred upon the Issuer;

(b) for any purpose not inconsistent with the terms of the related Indenture, or to cure any ambiguity or to cure, correct or supplement any defective provision (whether because of any inconsistency with any other provision hereof or otherwise) of the related Indenture, in such manner as shall not impair the security hereof or thereof or adversely affect the rights and remedies of the Bondholders;

(d) to make such changes as may be necessary in order to reflect amendments to Chapters 170, 190 and 197, Florida Statutes, so long as, in the opinion of counsel to the Issuer, such changes either: (i) do not have a material adverse effect on the Holders of the Bonds; or (ii) if such changes do have an adverse effect, that they nevertheless are required to be made as a result of such amendments.

SECTION 13.02. Amendments With Bondholders' Consent. Subject to the provisions of Section 13.01 hereof, this Master Indenture and any Supplemental Indenture may be amended from time to time by a Supplemental Indenture approved by the Majority Holders in aggregate principal amount of the Bonds then Outstanding in the case of the Master Indenture, and of the Series of Bonds then Outstanding and secured by such Supplemental Indenture in the case of an amendment of a Supplemental Indenture including, but not limited to, any material amendment to the Special Assessments and related proceedings which secure a Series of Bonds; provided that with respect to (a) the interest payable upon any Bonds, (b) the dates of maturity or redemption provisions of any Bonds, (c) this Article XIII and (d) the security provisions hereunder or under any Supplemental Indenture, which may only be amended by approval of the Owners of all Outstanding Bonds to be so amended.

SECTION 13.03. Trustee Authorized to Join in Amendments and Supplements; Reliance on Counsel. The Trustee is authorized to join in the execution and delivery of any Supplemental Indenture or amendment permitted by this Article XIII and in so doing is entitled to require and to rely on a written opinion of Counsel at the expense of the Issuer that such Supplemental Indenture or amendment is so permitted and has been duly authorized by the Issuer and that all things

necessary to make it a valid and binding agreement have been done. If such amendment relates to a Series of Bonds which are Tax-Exempt Bonds, the Issuer shall, upon request of the Trustee, cause there to be delivered to the Trustee an opinion of Bond Counsel to the effect that such amendment will not adversely affect the tax status of such Tax-Exempt Bonds. The Trustee shall not be obligated to enter into any Supplemental Indenture or amendment that imposes additional obligations on the Trustee or adversely affects the Trustee's rights and immunities hereunder.

Money so deposited with the Escrow Agent which remains unclaimed three (3) years after the date payment thereof becomes due shall, upon request of the Issuer, if the Issuer is not at the time to the knowledge of the Escrow Agent in default with respect to any covenant in the Indenture or the Bonds of the Series contained, be paid to the Issuer; and the Owners of the Bonds for which the deposit was made shall thereafter be limited to a claim against the Issuer; provided, however, that the Escrow Agent, before making payment to the Issuer, may at the request and expense of the Issuer and if directed by the Issuer, shall cause a notice to be published in an Authorized Newspaper, stating that the money remaining unclaimed will be returned to the Issuer after a specified date.

The Direct Participants and Indirect Participants will be responsible for maintaining records with respect to the beneficial ownership interests of individual purchasers of the Series 2025 Bonds ("Beneficial Owners").

Principal and interest on the Series 2025 Bonds registered in the name of Cede & Co. prior to and at maturity shall be payable directly to Cede & Co. in care of DTC. Disbursal of such amounts to Direct Participants shall be the responsibility of DTC. Payments by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners shall be the responsibility of Direct Participants and Indirect Participants and not of DTC, the Trustee or the Issuer.

Individuals may purchase beneficial interests in Authorized Denominations in book-entry-only form, without certificated Series 2025 Bonds, through Direct Participants and Indirect Participants.

(c) Except as otherwise provided in Section 2.07 of this Second Supplemental Indenture in connection with a book entry only system of registration of the Series 2025 Bonds, the principal or Redemption Price of the Series 2025 Bonds shall be payable in lawful money of the United States of America at the designated corporate trust office of the Paying Agent upon presentation of such Series 2025 Bonds. Any interest on any Series 2025 Bond which is payable, but is not punctually paid or provided for on any Interest Payment Date (hereinafter called "Defaulted Interest") shall be paid to the Owner in whose name the Series 2025 Bond is registered at the close of business on a Special Record Date to be fixed by the Trustee, such date to be not more than fifteen (15) nor less than ten (10) days prior to the date of proposed payment. The Trustee shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class, postage-prepaid, to each Owner of record as of the fifth (5th) day prior to such mailing, at his address as it appears in the Bond Register not less than ten (10) days prior to such Special Record Date. The foregoing notwithstanding, any Owner of Series 2025 Bonds in an aggregate principal amount of at least \$1,000,000 shall be entitled to have interest paid by wire transfer to such Owner to the bank account number on file with the Paying Agent, upon requesting the same in a writing received by the Paying Agent at least fifteen (15) days prior to the relevant Record Date, which writing shall specify the bank, which shall be a bank within the continental United States, and bank account number to which interest payments are to be wired. Any such request for interest payments by wire transfer shall remain in effect until rescinded or changed, in a writing delivered by the Owner to the Paying Agent, and any such rescission or change of wire transfer instructions must be received by the Paying Agent at least fifteen (15) days prior to the relevant Record Date.

The Issuer and the Trustee, if appropriate, shall enter into a blanket letter of representations with DTC providing for such book-entry-only system. Redemption Dates and Prices.** The Series 2025 Bonds shall be subject to redemption at the times and in the manner provided in Article VIII of the Master Indenture and in this Article III. All payments of the Redemption Price of the Series 2025 Bonds shall be made on the dates hereinafter required. Except as otherwise provided in this Section 3.01, if less than all the Series 2025 Bonds are to be redeemed pursuant to an extraordinary mandatory redemption, the Trustee shall select the Series 2025 Bonds or portions of the Series 2025 Bonds to be redeemed pursuant to Section 8.04 of the Master Indenture. Partial redemptions of Series 2025 Bonds shall be made in such a manner that the remaining Series 2025 Bonds held by each Bondholder shall be in Authorized Denominations, except for the last remaining Series 2025 Bond.

The Series 2025 Bonds are subject to redemption prior to maturity in the amounts, at the times and in the manner provided below. All payments of the Redemption Price of the Series 2025 Bonds shall be made on the dates specified below.

(a) Optional Redemption. The Series 2025 Bonds may, at the option of the Issuer, provided written notice hereof has been sent to the Trustee at least forty-five (45) days prior to the redemption date (unless the Trustee will accept less than forty-five (45) days' notice), be called for redemption prior to maturity as a whole or in part, at any time, on or after [November] 1, 20XX (less than all Series 2025 Bonds of a maturity to be selected by lot), at a Redemption Price equal to the principal amount of Series 2025 Bonds to be redeemed, plus accrued interest from the most recent Interest Payment Date to the redemption date from moneys on deposit in the Series 2025 Optional Redemption Subaccount of the Series 2025 Bond Redemption Account. If such optional redemption shall be in part, the Issuer shall select such principal amount of Series 2025 Bonds to be optionally redeemed from each maturity so that debt service on the remaining Outstanding Series 2025 Bonds is substantially level.

(b) Extraordinary Mandatory Redemption in Whole or in Part. The Series 2025 Bonds are subject to extraordinary mandatory redemption prior to maturity by the Issuer in whole or in part, on any date (other than in the case of clause (i) below which extraordinary mandatory redemption in part must occur on a Quarterly Redemption Date), at a Redemption Price equal to 100% of the principal amount of the Series 2025 Bonds to be redeemed, plus interest accrued to the redemption date, as follows:

(i) from Series 2025 Prepayment Principal deposited into the Series 2025 Prepayment Subaccount of the Series 2025 Bond Redemption Account (taking into account the credit from the Series 2025 Reserve Account pursuant to Section 4.05 hereof) following a Prepayment in whole or in part of the Assessment Area Two Special Assessments on any assessable property within Assessment Area Two within the District in accordance with the provisions of Section 4.05 of this Second Supplemental Indenture and/or following a deposit of Impact Fee Credit Revenues to the Series 2025 Prepayment Subaccount pursuant to Section 4.05 hereof.

Upon any redemption of Series 2025 Bonds other than in accordance with scheduled mandatory sinking fund redemptions, the District shall cause to be recalculated and delivered to the Trustee revised mandatory sinking fund redemption amounts recalculated so as to amortize the Outstanding principal amount of Series 2025 Bonds in substantially equal annual installments of principal and interest (subject to rounding to Authorized Denominations of principal) over the remaining term of the Series 2025 Bonds. The mandatory sinking fund redemption amounts as so recalculated shall not result in an increase in the aggregate of the mandatory sinking fund redemption amounts for all Series 2025 Bonds in any year. In the event of a redemption occurring less than forty-five (45) days prior to a date on which a mandatory sinking fund redemption payment is due, the foregoing recalculation shall not be made to the mandatory sinking fund redemption amounts due in the year in which such redemption occurs, but shall be made to the mandatory sinking fund redemption amounts for the immediately succeeding and subsequent years.

**SECTION 3.02. SEVENTH, subject to the foregoing paragraphs, the balance of any moneys remaining after making the foregoing deposits shall be deposited into the Series 2025 Costs of Issuance Account to cover any deficiencies in the amount allocated to pay the cost of issuing the Series 2025 Bonds and next, any balance in the Series 2025 Revenue Account shall remain on deposit in such Series 2025 Revenue Account, unless pursuant to the Arbitrage Certificate, it is necessary to make a deposit into the Series 2025 Rebate Fund, in which case, the Issuer shall direct the Trustee to make such deposit thereto.

**SECTION 4.03. Power to Issue Series 2025 Bonds and Create Lien.** The Issuer is duly authorized under the Act and all applicable laws of the State to issue the Series 2025 Bonds, to execute and deliver the Indenture and to pledge the Series 2025 Pledged Revenues for the benefit of the Series 2025 Bonds to the extent set forth herein. The Series 2025 Pledged Revenues are not and shall not be subject to any other lien senior to or on a parity with the lien created in favor of the Series 2025 Bonds, except as otherwise permitted under the Master Indenture. The Series 2025 Bonds and the provisions of the Indenture are and will be valid and legally enforceable obligations of the Issuer in accordance with their respective terms. The Issuer shall, at all times, to the extent permitted by law, defend, preserve and protect the pledge created by the Indenture and all the rights of the Owners of the Series 2025 Bonds under the Indenture against all claims and demands of all persons whomsoever.

**SECTION 4.04. 2025 Project to Conform to Consulting Engineers Report.** Upon the issuance of the Series 2025 Bonds, the Issuer will promptly proceed to construct or acquire the 2025 Project, as described in Exhibit A hereto and in the Consulting Engineer's Report relating thereto, all pursuant to the terms and provisions of the Acquisition Agreement.

**SECTION 4.05. Prepayments; Removal of the Series 2025 Special Assessment Liens.**

(a) At any time any owner of property subject to the Assessment Area Two Special Assessments may, at its option, or as a result of acceleration of the Assessment Area Two Special Assessments because of non-payment thereof or as a result of true-up payment, require the Issuer to reduce or release and extinguish the lien upon its property by virtue of the levy of the Assessment Area Two Special Assessments by paying or causing there to be paid, to the Issuer all or a portion of the Series 2025 Special Assessment, which shall constitute Series 2025 Prepayment Principal, plus accrued interest to the next succeeding Quarterly Redemption Date (or the next succeeding Quarterly Redemption Date if such Prepayment is made within forty-five (45) calendar days before a Quarterly Redemption Date being a March 15, June 15, September 15, or December 15), attributable to the property subject to the Series 2025 Special Assessment owned by such owner. In connection with such Prepayments, in the event the amount in the Series 2025 Reserve Account will exceed the Reserve Requirement for the Series 2025 Bonds as a result of a Prepayment in accordance with this Section 4.05(a) and Section 4.01(f) and the resulting redemption of the Series 2025 Bonds in accordance with Section 3.01(b)(i) of this Second Supplemental Indenture, the excess amount shall be transferred from the Series 2025 Reserve Account to the Series 2025 Prepayment Subaccount of the Series 2025 Bond Redemption Account

as a credit against the Series 2025 Prepayment Principal otherwise required to be paid by the owner of such lot or parcel, upon written instructions to the Trustee of the District Manager upon which the Trustee may conclusively rely, on behalf of the Issuer, together with a certification stating that, after giving effect to such transfers sufficient moneys will be on deposit in the Series 2025 Reserve Account to equal or exceed the then Reserve Requirement for the Series 2025 Bonds and which certificate of the District Manager will further state that, after giving effect to the proposed redemption of Series 2025 Bonds, there will be sufficient Series 2025 Pledged Revenues to pay the principal and interest, when due, on all Series 2025 Bonds that will remain Outstanding.

(b) Upon receipt of Series 2025 Prepayment Principal as described in paragraph (a) above, subject to satisfaction of the conditions set forth therein, the Issuer shall immediately pay the amount so received to the Trustee, and the Issuer shall take such action as is necessary to record in the official records of the Issuer that the Series 2025 Special Assessment has been paid in whole or in part and that such Series 2025 Special Assessment lien is thereby reduced, or released and extinguished, as the case may be.

(c) The Trustee may conclusively rely on the Issuer's determination of what moneys constitute Series 2025 Prepayment Principal. The Trustee shall calculate the amount available for extraordinary mandatory redemption of the Series 2025 Bonds pursuant to Section 3.01(b)(i) hereof forty-five (45) days before each Quarterly Redemption Date being a March 15, June 15, September 15, or December 15 and will withdraw money from the Series 2025 Reserve Account as a credit against the amount of Prepayment that is owed in an amount as directed by the Issuer or the District Manager on behalf of the Issuer in accordance with Section 4.01(f) hereof and Section 4.05(a) hereof. No credit shall be given if as a result the Reserve Requirement shall be less than is required after taking into account the proposed extraordinary mandatory redemption pursuant to Section 3.01(b)(i) hereof. At any time such Prepayment is not in an integral multiple of \$5,000, the Trustee shall withdraw moneys from the Series 2025 Revenue Account to round-up to an integral multiple of \$5,000 and deposit such amount into the Series 2025 Prepayment Subaccount. Notwithstanding the foregoing, the Trustee shall not be authorized to withdraw any moneys from the Series 2025 Revenue Account unless all of the deposits required under Section 4.02 hereof have or can be made to the next succeeding Interest Payment Date.

Notwithstanding any of the foregoing, no credit from the Series 2025 Reserve Account shall be given for any Series 2025 Prepayment Principal constituting Impact Fee Credit Revenues deposited into the Series 2025 Prepayment Subaccount.

## ARTICLE V COVENANTS AND DESIGNATIONS OF THE ISSUER

**SECTION 5.01. Collection of Assessment Area Two Special Assessments and Impact Fee Credit Revenues.** Pursuant to the terms and provisions of the Master Indenture and except as provided in the next succeeding sentence, the Issuer shall collect the Assessment Area Two Special Assessments relating to the acquisition and construction of the 2025 Project through the Uniform Method of Collection (the "Uniform Method") afforded by Chapter 197.3632, Florida Statutes. Pursuant to the terms and provisions of the Master Indenture, the Issuer shall, pursuant to the provisions of the Assessment Resolutions, directly collect the Assessment Area Two Special Assessments levied in lieu of the Uniform Method with respect to any assessable lands which have not yet been platted or platted lands still owned by the Landowner, unless the Trustee, at the direction of the Majority Holders, directs the Issuer otherwise or the timing for using the Uniform Method will not yet allow for using such method. In addition, and not in limitation of, the covenants contained elsewhere in this Second Supplemental Indenture and in the Master Indenture, the Issuer covenants to comply with the terms of the proceedings heretofore adopted with respect to the Assessment Area Two Special Assessments, and to levy the Assessment Area Two Special Assessments in such manner as will generate funds sufficient to pay debt service on the Series 2025 Bonds when due. All Assessment Area Two Special Assessments that are collected directly by the Issuer shall be due and payable by the landowner not later than thirty (30) days prior to each Interest Payment Date.

The Issuer shall take all actions permitted under the Act and its contractual arrangements with the Developer to enforce its right to receive the Impact Fee Credit Revenues.

**SECTION 5.02. Continuing Disclosure.** Contemporaneously with the execution and delivery hereof, the Issuer has executed and delivered a Continuing Disclosure Agreement in order to comply with the requirements of Rule 15c2-12 promulgated under the Securities and Exchange Act of 1934. The Issuer covenants and agrees to comply with the provisions of such Continuing Disclosure Agreement applicable to it; however, as set forth therein, failure to so comply shall not constitute an Event of Default hereunder, but shall instead be enforceable by mandamus or any other means of specific performance.

**SECTION 5.03. Investment of Funds and Accounts.** The provisions of Section 7.02 of the Master Indenture shall apply to the investment and reinvestment of moneys in the Series 2025 Accounts and subaccounts therein created hereunder.

**SECTION 5.04. Additional Obligations.** The Issuer covenants not to issue any other Bonds or other debt obligations secured by the Assessment Area Two Special Assessments. Such covenant shall not prohibit the Issuer from issuing refunding Bonds. The Issuer is however permitted to issue other Bonds to finance additional public infrastructure within Assessment Area Two, secured by Special Assessments on the land within Assessment Area Two, provided that the total of Special Assessments including the Assessment Area Two Special Assessments levied on the lands in Assessment Area Two shall not exceed \$2,500 per each planned residential unit (which amount excludes early discount and collection charges). The Issuer's covenant described above shall not preclude the imposition of Special Assessments or other non-ad valorem assessments on such lands in connection with other capital projects that are necessary for health, safety or welfare reasons or to remediate a natural disaster. Notwithstanding any provision in the Indenture to the

24

25

contrary, the Issuer may issue other Bonds or debt obligations secured by Special Assessments levied on the lands within Assessment Area Two, other than the Assessment Area Two Special Assessments, at any time upon the written consent of the Majority Holders.

**SECTION 5.05. Acknowledgement Regarding Series 2025 Acquisition and Construction Account Moneys Following an Event of Default.** In accordance with the provisions of the Indenture, the Series 2025 Bonds are payable solely from the Series 2025 Pledged Revenues. Anything in the Indenture to the contrary notwithstanding, the Issuer hereby acknowledges that the Series 2025 Pledged Revenues include, without limitation, all amounts on deposit in the Series 2025 Acquisition and Construction Account of the Acquisition and Construction Fund then held by the Trustee, and upon the occurrence of an Event of Default with respect to the Series 2025 Bonds, (i) the Series 2025 Pledged Revenues may not be used by the Issuer (whether to pay costs of the 2025 Project or otherwise) without the consent of the Majority Holders except to the extent that prior to the occurrence of the Event of Default the District had incurred a binding obligation with third parties for work on the 2025 Project and payment is for such work, and (ii) the Series 2025 Pledged Revenues may be used by the Trustee, at the direction or with the approval of the Majority Holders, to pay the reasonable costs and expenses incurred in connection with the pursuit of remedies under the Indenture. Prior to any action by the Trustee under this Section 5.05 or Section 10.05 of the Master Indenture, the Majority Holders shall provide the Trustee an indemnification regarding such actions so directed. The Issuer also acknowledges and agrees that from and after an Event of Default, the Trustee is authorized to exercise the Issuer's rights under the Collateral Assignment at the direction of the Majority Holders but without the consent or approval of the Issuer and the Issuer covenants not to enter into any contract regarding the 2025 Project from and after an Event of Default without the written direction of the Majority Holders. The Trustee is authorized to use any moneys on deposit in the Series 2025 Impact Fee Credit Revenues Subaccount during an Event of Default. Notwithstanding the foregoing, no action to foreclose the lien of the Assessment Area Two Special Assessments shall include the foreclosure of Impact Fee Credit Revenues since such moneys on deposit with the Trustee only result from a contractual relationship with the Developer.

Further notice of redemption shall be given by the Trustee to certain registered securities depositories and information services as set forth in the Indenture, but no defect in said further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed. Notwithstanding the foregoing, the Trustee is authorized to give conditional notice of redemption as provided in the Master Indenture.

FORM OF BOND COUNSEL OPINION

*Upon delivery of the Bonds (as defined below) in definitive form, Greenberg Traurig, P.A., as Bond Counsel, proposes to render its final approving opinion with respect to such Bonds in substantially the following form:*

\_\_\_\_\_, 2025

Board of Supervisors of the Solaeris  
Community Development District  
St. Lucie County, Florida

\$ \_\_\_\_\_  
**SOLAERIS COMMUNITY DEVELOPMENT DISTRICT  
SPECIAL ASSESSMENT BONDS, SERIES 2025  
(ASSESSMENT AREA TWO - 2025 PROJECT)**

Dear Board Members:

We have acted as bond counsel in connection with the issuance by the Solaeris Community Development District (the “District”) of its \$ \_\_\_\_\_ in aggregate principal amount of Special Assessment Bonds, Series 2025 (Assessment Area Two –2025 Project) (the “Bonds”), issued and delivered on this date pursuant to the constitution and laws of the State of Florida, particularly, the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended, and other applicable provisions of law (collectively, the “Act”) and Resolution No. 2023-26, adopted by the Board of Supervisors of the District (the “Board”) on March 16, 2023, as supplemented by Resolution No. 2025-11 adopted by the Board on May 15, 2025 (collectively, the “Bond Resolution”). The Bonds are being issued and secured under that certain Master Trust Indenture, dated as of April 1, 2024 (the “Master Indenture”), as supplemented by that certain Second Supplemental Trust Indenture, dated as of June 1, 2025 (the “Second Supplement” and, together with the Master Indenture, the “2025 Indenture”), each by and between the District and Regions Bank, as trustee (the “Trustee”). Capitalized terms used herein without definitions have the meanings ascribed thereto in the 2025 Indenture.

The Bonds are being issued for the primary purpose of financing certain offsite master public infrastructure for the benefit of Assessment Area Two within the District.

In order to secure the payment of the Bonds, and subject to the terms of the 2025 Indenture, the District has pledged to the holders of the Bonds, and granted a lien to the holders of the Bonds on, the Series 2025 Pledged Revenues.

In connection with this opinion, we have examined the Act, certified copies of the Bond Resolution, the 2025 Indenture, the Arbitrage Certificate, a transcript of the proceedings related to

the issuance of the Bonds and such other documents and opinions as we have deemed necessary to render this opinion, and are relying on certain findings, covenants and agreements of the District set forth therein and such certified copies of the proceedings of the District and such other documents and opinions as we have deemed necessary to render this opinion. As to the questions of fact material to our opinion, we have relied upon representations of the District furnished to us, without undertaking to verify such representations by independent investigation. We have also relied upon certain certifications and representations provided by Oak Ridge Ranches LLC as the developer within Assessment Area Two which is subject to the Assessment Area Two Special Assessments comprising the Series 2025 Pledged Revenues.

Based on the foregoing, we are of the opinion that:

1. The District has the power to authorize, execute and deliver the 2025 Indenture, to perform its obligations thereunder and to issue the Bonds.

2. The 2025 Indenture has been duly authorized, executed and delivered by the District. The 2025 Indenture creates a valid pledge of the Series 2025 Pledged Revenues and constitutes a valid and binding obligation of the District enforceable against the District in accordance with its terms.

3. The issuance and sale of the Bonds have been duly authorized by the District and, assuming the due authentication thereof, the Bonds constitute valid and binding limited obligations of the District, payable in accordance with, and as limited by, the terms of the 2025 Indenture.

4. The Internal Revenue Code of 1986, as amended (herein, the "Code") includes requirements which the District must continue to meet after the issuance of the Bonds in order that interest on the Bonds not be included in gross income for federal income tax purposes. The failure of the District to meet these requirements may cause interest on the Bonds to be included in gross income for federal income tax purposes retroactive to their date of issuance. The District has covenanted in the 2025 Indenture to take the actions required by the Code in order to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds.

Under existing statutes, regulations, rulings and court decisions, subject to the assumption stated in the following paragraph, interest on the Bonds is excludable from the gross income of the owners thereof for federal income tax purposes and, furthermore, interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. In the case of the alternative minimum tax imposed by Section 55(b)(2) of the Code on applicable corporations (as defined in Section 59(k) of the Code), interest on the Bonds is not excluded from the determination of adjusted financial statement income.

In rendering the opinion expressed above, we have assumed continuing compliance with the tax covenants referred to above that must be met after the issuance of the Bonds in order that interest on the Bonds not be included in gross income for federal income tax purposes.

The Bonds and interest thereon are not subject to taxation under the laws of the State of Florida except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in Chapter 220.

We express no opinion regarding other federal or any state tax consequences resulting from the ownership, receipt or accrual of interest on, or disposition of the Bonds.

In rendering the foregoing opinions we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not verified the accuracy or truthfulness thereof. We have also assumed the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

The opinions set forth herein are subject to state and federal laws relating to bankruptcy, insolvency, reorganization, moratorium and similar laws, and to equitable principles, affecting the enforcement of creditors' rights generally, and to the exercise of judicial discretion in appropriate cases.

We wish to call to your attention that the Bonds are limited obligations of the District payable solely from the Series 2025 Pledged Revenues and neither the full faith and credit nor the taxing power of the District, St. Lucie County, Florida, the State of Florida or any other political subdivision thereof is pledged as security for the payment of the Bonds. The Bonds do not constitute an indebtedness of the District within the meaning of any constitutional or statutory provision or limitation.

Respectfully submitted,

GREENBERG TRAURIG, P.A.

**SOLAERIS COMMUNITY DEVELOPMENT DISTRICT  
MASTER ENGINEER'S REPORT**

**1. INTRODUCTION**

The purpose of this report is to provide a description of the capital improvement plan ("CIP"), and estimated costs of the CIP, for the Solaeris Community Development District ("District").

**2. GENERAL SITE DESCRIPTION**

The District is located entirely within St. Lucie County, Florida, and covers approximately 2,174.320 acres of land, more or less. The site is generally located south of the C-24 Canal and northwest of Glades Cut Off Road. The District is presently in the process of amending its boundaries to include an additional, approximately 1,060.468 acres of land ("**Boundary Amendment Parcel**"), for a total of approximately 3,234.788 acres of land within the District. This report assumes that the boundary amendment will be completed.

**3. PROPOSED CAPITAL IMPROVEMENT PLAN**

The District was created to provide "master" improvements necessary to complete the Solaeris Community – specifically a 2.71-mile master spine road complete with stormwater, utility and hardscape/landscape improvements, as well as roadway and utility improvements to certain offsite roads. As such, the CIP includes all such master improvements described herein. A diagram showing the overall project is shown in **Exhibit A**.

The CIP also includes "neighborhood" improvements for individual development pods. The neighborhood improvements may be provided by separate community development districts, which are anticipated to be established within the boundaries of the District. Alternatively, and at the request of individual landowners, the District itself may elect to undertake the financing, construction, acquisition, operation, maintenance, repair and replacement of neighborhood improvements. For this reason, neighborhood improvements are also included within the CIP.

The following chart shows the planned product types for the District:

Product Type	Existing District	Boundary Amendment Parcel	TOTAL Units
Residential Lots (including SF, TH, and MF)	3,450 SF 630 TH 550MF	2,400 SF N/A TH N/A MF	7,030
Commercial Acreage	TBD	N/A	TBD

The public infrastructure for the project is as follows:

**Internal Spine Road**

The CIP includes a 2.71-mile spine road, including the roadway asphalt, base, and subgrade, roadway curb and gutter, striping and signage. Additionally, the District will construct and/or

acquire stormwater, utilities, hardscape, landscape, irrigation and other improvements associated with the spine road. The spine road will be built in accordance with County standards and will be owned and maintained by the District. Utilities within the right-of-way will be turned over to the County for ownership and operation.

#### **Stormwater Management System:**

The CIP also includes certain master stormwater improvements. The stormwater collection and outfall system will be comprised of a combination of open lakes, pipes and structures designed to treat and attenuate stormwater runoff from District lands. The stormwater system will be designed consistent with the criteria established by the applicable Water Management District and the County for stormwater/floodplain management systems. The District will finance, own, operate and maintain the stormwater system.

NOTE: No private earthwork is included in the CIP. Accordingly, the District will not fund any costs of mass grading of lots, or the costs of transporting any fill to private lots.

#### **Off-Site Improvements**

Offsite improvements include roadway and utilities improvements in connection with Rangeline Road, Crosstown Parkway and Glades Cut Off Road. All such costs include the roadways and utilities infrastructure, as well as any traffic signals, hardscaping/landscaping/irrigation, lighting and professional services associated with the roadways and utilities.

#### **Utility Connection Fees**

The District also anticipates financing utility connection fees and impact fees necessary for the development of lands within the District. Any resulting credits, if any, from the payment of connection fees and/or impact fees, and/or funding any of the offsite roadway improvements, will be the subject of a separate agreement between the applicable developer and the District.

#### **Neighborhood Improvements**

In addition to the master improvements identified herein, the CIP also includes neighborhood improvements that are necessary for the development of individual pods. Such improvements may include roadways, stormwater and on-site conservation systems, water/wastewater/reclaim utilities, hardscape/landscape/irrigation improvements, undergrounding of conduit and soft costs.

#### **Professional Services**

The CIP also includes various professional services. These include: (i) engineering, surveying and architectural fees, (ii) permitting and plan review costs, and (iii) development/construction management services fees that are required for the design, permitting, construction, and maintenance acceptance of the public improvements and community facilities.

NOTE: While the District may initially finance impact fee creditable offsite roadway and utilities improvements, the District will enter into an agreement with the developer whereby the District will

receive the proceeds from any impact fee credits and use the credits to buy non-impact fee creditable improvements.

#### 4. PERMITTING/CONSTRUCTION COMMENCEMENT

#### 5. OPINION OF PROBABLE CONSTRUCTION COSTS / O&M RESPONSIBILITIES

The table set forth in **Exhibit B** shows the Cost Estimate for the CIP. It is our professional opinion that the costs set forth in **Exhibit A** are reasonable and consistent with market pricing. Water and Sewer Impact Fees are included in **Exhibit A**.

## 6. CONCLUSIONS

The CIP will be designed in accordance with current governmental regulations and requirements. The CIP will serve its intended function so long as the construction is in substantial compliance with the design. It is further our opinion that:

- the estimated cost to the CIP as set forth herein is reasonable based on prices currently being experienced in the jurisdiction in which the District is located, and is not greater than the lesser of the actual cost of construction or the fair market value of such infrastructure;
- All of the improvements comprising the CIP are required by applicable development approvals issued pursuant to Section 380.06, Florida Statutes;
- the CIP is feasible to construct, there are no technical reasons existing at this time that would prevent the implementation of the CIP, and it is reasonable to assume that all necessary regulatory approvals will be obtained in due course; and
- the lands within the District (and the Boundary Amendment Parcel, when amended into the CDD) will receive a special and peculiar benefit from the CIP in the amount of at least the applicable portions of the costs of the CIP (as set forth in the tables herein) because, without the CIP, these lands could not be developed into residential, mixed use and other uses.

The CIP will be owned by the District or other governmental units and such CIP is intended to be available and will reasonably be available for use by the general public (either by being part of a system of improvements that is available to the general public or is otherwise available to the general public) including nonresidents of the District. All of the CIP is or will be located on lands owned or to be owned by the District or another governmental entity or on public easements in favor of the District or other governmental entity. The CIP, and any cost estimates set forth herein, do not include any earthwork, grading or other improvements on private lots or property. The District will pay the lesser of the cost of the components of the CIP or the fair market value.

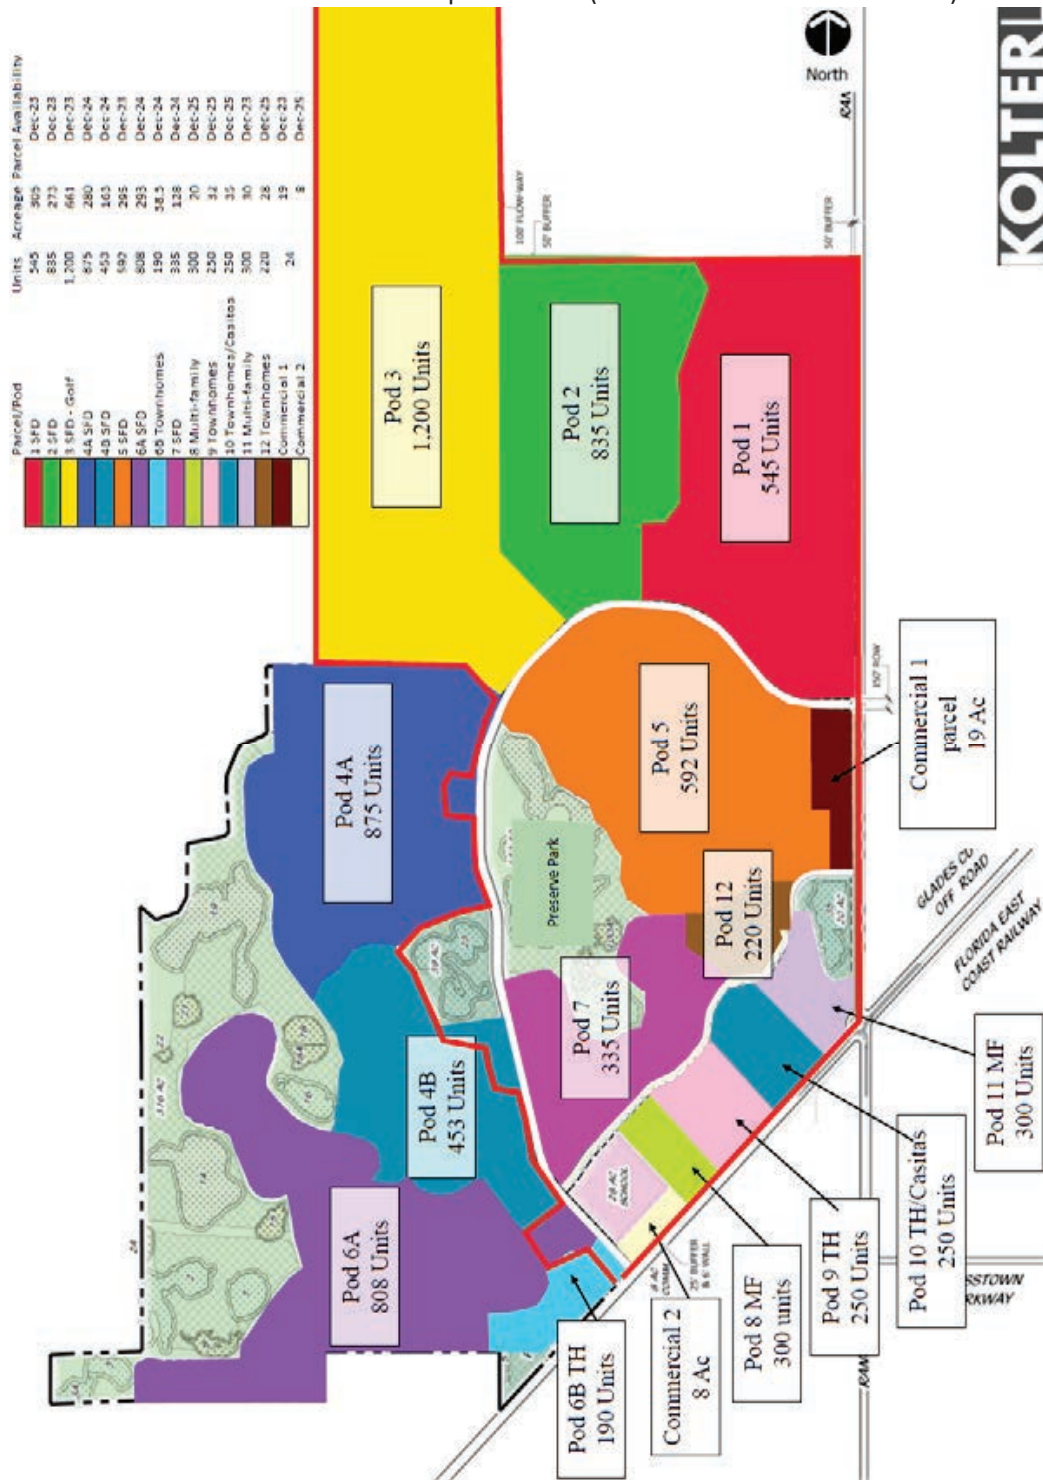

Please note that the CIP as presented herein is based on current plans and market conditions which are subject to change. Accordingly, the CIP, as used herein, refers to sufficient public infrastructure of the kinds described herein (i.e., stormwater/floodplain management, sanitary sewer, potable water, etc.) to support the development and sale of the planned residential units in the District, which (subject to true-up determinations) number and type of units may be changed with the development of the site. Stated differently, during development and implementation of the public infrastructure improvements as described for the District, it may be necessary to make modifications and/or deviations for the plans, and the District expressly reserves the right to do so.

**SECOND SUPPLEMENTAL ENGINEER’S REPORT FOR THE  
SOLAERIS COMMUNITY DEVELOPMENT DISTRICT  
(ASSESSMENT AREA TWO)  
(SECOND “MASTER” PROJECT)**

**1. PURPOSE**

This report supplements the *Master Engineer’s Report*, dated March 14, 2024 prepared by Thomas Engineering Group, LLC (“**Master Report**”) which is incorporated and relied on herein, in order to address the second phase of the District’s CIP to be known as the “**Assessment Area Two - 2025 Project**” (herein a/k/a “**Project**”). All capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Master Report.

**2. ASSESSMENT AREA TWO - 2025 PROJECT**

The District’s Project includes the second “master” portion of the CIP that is necessary for the development of what is known as “Pods 3, 5 and 6” (together, “**Assessment Area Two**”) of the District. A legal description and sketch for Assessment Area Two are shown in **Exhibit A**.

**Product Mix**

The table below shows the product types that will be part of the Project:

**Product Types**

Product Type	Assessment Area Two – 2025 Project Units (Pods 3, 5 and 6)
Pod 3 Residential Lots (SF)	1,221
Pod 5 Residential Lots (SF)	861
Pod 6 Residential Lots (SF)	1,000
TOTAL	3,082

**List of Project Improvements**

The various improvements that are part of the overall CIP – including those that are part of the Project – are described in detail in the Master Report, and those descriptions are incorporated herein. As shown in **Exhibit B** attached hereto, the Project includes, generally stated, the development of the internal spine roads such as Soli Boulevard, segments of Rangeline Road, and the master stormwater management system. There will also be a temporary connecting road, but that road will not be financed with bonds.

### Permits

The status of the applicable permits necessary for the Project is as shown below:

### Estimated Costs / Benefits

The table below shows the “master” costs that are necessary for delivery of the Assessment Area Two lots for the Project:

#### ESTIMATED COSTS OF DELIVERING THE PROJECT

Improvements	Total Costs (1)(5)	Ownership & Maintenance (2)(3)
Rangeline Rd Segments (2-lane expansion, north of Glades intersection) <sup>(4)</sup>	\$7,400,000	County
Internal Spine Road	\$32,587,281	District
Master Stormwater Management System	\$27,229,330	District
Master Water Sewer Mains Extensions <sup>(4)</sup>	\$8,000,000	County
Professional Fees and Costs	\$900,000	District
Contingency (10%)	\$7,611,661	
<b>Total Cost of Project</b>	<b>\$83,728,272</b>	

(1) The probable costs estimated herein do not include anticipated carrying cost, interest reserves or other anticipated CDD expenditures that may be incurred.

(2) The Developer reserves the right to finance any of the improvements outlined above, and have such improvements owned and maintained by a property owner's or homeowner's association, in which case such items would not be part of the CIP.

(3) The District may enter into an agreement with a third-party, or an applicable property owner's or homeowner's association, to maintain any District-owned improvements, subject to the approval of the District's bond counsel.

(4) Impact fee-creditable improvements. While the District may initially finance impact fee creditable offsite roadway and utilities improvements, the District will enter into an agreement with the Developer whereby the District will receive the proceeds from any impact fee credits and use the credits to buy non-impact fee creditable improvements. The Rangeline Road expansion is anticipated to be 100% impact fee credit eligible. It is anticipated that homebuilders will purchase the credits, and the CDD will use the proceeds of those sales to acquire non-impact fee creditable improvements.

(5) The temporary access road (shown in **Exhibit B**) is estimated to cost \$3,300,000. Costs are not included in the above estimate at time of this report. Portions of the roadway could become permanent and a District ownership & Maintenance obligation in the future. Any portions that do become permanent and owned by the district and/or another governmental entity would be considered part of the 2025 Project and eligible for funding by the district.

### 3. CONCLUSION

The Project will be designed in accordance with current governmental regulations and requirements. The Project will serve its intended function so long as the construction is in substantial compliance with the design. It is further our opinion that:

- the estimated cost to the Project as set forth herein is reasonable based on prices currently being experienced in the jurisdiction in which the District is located, and is not greater than the lesser of the actual cost of construction or the fair market value of such infrastructure;
- all of the improvements comprising the Project are required by applicable development approvals issued pursuant to Section 380.06, Florida Statutes;
- the Project is feasible to construct, there are no technical reasons existing at this time that would prevent the implementation of the Project;
- all permits and approvals necessary for the development of the Project and Assessment Area Two have been obtained or are reasonably expected to be obtained in the ordinary course; and
- the assessable property within Assessment Area Two will receive a special benefit from the Project that is at least equal to the costs of the Project.

As described above, this report identifies the benefits from the Project to the lands within Assessment Area Two. The Project is part of the District's overall CIP, which functions as a system of improvements. Special and peculiar benefits accrue to property within Assessment Area Two and enable properties within its boundaries to be developed.

The Project will be owned by the District or other governmental units and such Project is intended to be available and will reasonably be available for use by the general public (either by being part of a system of improvements that is available to the general public or is otherwise available to the general public) including nonresidents of the District. All of the Project is or will be located on lands owned or to be owned by the District or another governmental entity or on perpetual easements in favor of the District or other governmental entity. The Project, and any cost estimates set forth herein, do not include any earthwork, grading or other improvements on private lots or property. The District will pay the lesser of the cost of the components of the Project or the fair market value.

Please note that the Project as presented herein is based on current plans and market conditions which are subject to change. Accordingly, the Project, as used herein, refers to sufficient public infrastructure of the kinds described herein (i.e., stormwater/floodplain management, sanitary sewer, potable water, etc.) to support the development and sale of the planned residential units in the District, which (subject to true-up determinations) number and type of units may be changed with the development of the site. Stated differently, during development and implementation of the public infrastructure improvements as described for the District, it may be necessary to make modifications and/or deviations for the plans, and the District expressly reserves the right to do so.

## **1.0 Introduction**

### **1.1 Purpose**

This Amended and Restated Master Special Assessment Methodology Report (the "Amended Report") was developed to provide a financing plan and a special assessment methodology for the Solaeris Community Development District (the "District"), located entirely within St. Lucie County, Florida, as related to funding the costs of public infrastructure improvements (the "CIP") contemplated to be provided by the District. This Amended Report addresses the annexation of additional lands into the boundaries of the District.

### **1.2 Scope of the Amended Report**

This Amended Report presents the projections for financing the District's Capital Improvement Plan (the "CIP") described in the Engineer's Report developed by Thomas Engineering, LLC (the "District Engineer") and dated March 14, 2024 (the "Engineer's Report"), as well as describes the method for the allocation of special benefits and the apportionment of special assessment debt resulting from the provision and funding of the CIP.

### **1.3 Special Benefits and General Benefits**

The public infrastructure improvements undertaken and funded by the District as part of the CIP create special and peculiar benefits, different in kind and degree general and incidental benefits to the public at large. However, as discussed within this Amended Report, these general benefits are incidental in nature and are readily distinguishable from the special and peculiar benefits which accrue to property within the District. The District's CIP enables properties within its boundaries to be developed.

There is no doubt that the general public and property owners of property outside the District will benefit from the provision of the CIP. However, these benefits are only incidental since the CIP is designed solely to provide special benefits peculiar to property within the District. Properties outside the District are not directly served by the CIP and do not depend upon the CIP to obtain or to maintain their development entitlements. This fact alone clearly distinguishes the special benefits which District properties receive compared to those lying outside of the District's boundaries.

The CIP will provide public infrastructure improvements which are all necessary in order to make the lands within the District developable

and saleable. The installation of such improvements will cause the value of the developable and saleable lands within the District to increase by more than the sum of the financed cost of the individual components of the CIP. Even though the exact value of the benefits provided by the CIP is hard to estimate at this point, it is nevertheless greater than the costs associated with providing the same.

#### **1.4 Organization of the Amended Report**

*Section Two* describes the development program as proposed by the Developer, as defined below.

*Section Three* provides a summary of the CIP as determined by the District Engineer.

*Section Four* discusses the financing program for the District.

*Section Five* introduces the special assessment methodology for the District.

### **2.0 Development Program**

#### **2.1 Overview**

The District will serve the Solaeris development, a master planned residential development located entirely within St. Lucie County, Florida. The land within the District currently consists of approximately 2,174.32 +/- acres and is generally located south of the C-24 Canal and northwest of Glades Cut Off Road, and is planned for 4,630 single family units. Please note that as of the time of this writing, the District is pursuing a future boundary amendment to add approximately 1,060.468 +/- acres into the District's boundaries for a total of 3,234.788 +/- gross acres. This boundary amendment is anticipated to add 2,400 additional Single-Family residential units into the District's boundaries. This Amended Report includes the additional 2,400 additional Single-Family residential units as part of the overall project mix.

#### **2.2 The Development Program**

The development of Solaeris is anticipated to be conducted by Oak Ridge Ranches, LLC or an affiliated entity (the "Developer"), as well as various pod developers. Based upon the most recent information provided by the Developer and the District Engineer, the current development plan for the District after its boundaries have been

expanded envisions 7,030 residential units, and 27 +/- gross acres of commercial uses developed over a multi-year period in one or more development phases, although unit numbers, land use types and phasing may change throughout the development period. Table 1 in the *Appendix* illustrates the development plan for the District.

### **3.0 The CIP**

#### **3.1 Overview**

The public infrastructure costs to be funded by the District are described by the District Engineer in the Engineer's Report. Only public infrastructure that may qualify for bond financing by the District under Chapter 190, Florida Statutes and under the Internal Revenue Code of 1986, as amended, was included in these estimates.

#### **3.2 The CIP**

The public infrastructure improvements which are part of the CIP and are needed to serve the Development are projected to consist of improvements which will serve all of the lands in the District. The District, however, reserves the right to create distinct assessment areas to coincide with the phases of development. The CIP will consist of master improvements such as; internal spine road improvements, stormwater site improvements, offsite roadway improvements, and impact fees/ utility connection fees, as well as neighborhood improvements, the costs of which, after the District's boundaries have been expanded, along with contingencies and professional services, were estimated by the District Engineer at \$476,342,240.

The public infrastructure improvements that comprise the CIP will serve and provide benefit to all land uses in the District and will comprise an interrelated system of improvements, which means all of improvements will serve the entire District and improvements will be interrelated such that they will reinforce one another.

Tables 2A, 2B, and 2C in the *Appendix* illustrate the specific components of the CIP in greater detail.

## 4.0 Financing Program

### 4.1 Overview

As noted above, the District is embarking on a program of capital improvements which will facilitate the development of lands within the District. Generally, construction of public improvements is either funded by the Developer and then acquired by the District or funded directly by the District. As of the time of writing of this Amended Report, the District will most likely acquire completed improvements from the Developer, although the District maintains the complete flexibility to either acquire the public infrastructure from the Developer or construct it, or even partly acquire it and partly construct it.

Even though the actual financing plan may change to include multiple series of bonds, it is likely that in order to fully fund costs of the CIP as described in *Section 3.2* in one financing transaction, the District would have to issue approximately \$661,205,000 in par amount of special assessment bonds, in one or more series (the "Bonds").

**Please note that the purpose of this Amended Report is to allocate the benefit of the CIP to the various land uses in the District and based on such benefit allocation to apportion the maximum debt necessary to fund the CIP. The discussion of the structure and size of the indebtedness is based on various estimates and is subject to change.**

### 4.2 Types of Bonds Proposed

The proposed financing plan for the District provides for the issuance of the Bonds in the approximate principal amount of \$661,205,000 to finance approximately \$476,342,240 in CIP costs. The Bonds of each series as projected under this financing plan would be structured to be amortized in 30 annual installments following a 24-month capitalized interest period. Interest payments on the Bonds would be made every May 1 and November 1, and principal payments on the Bonds would be made either on May 1 or on November 1.

In order to finance the improvement and other costs, the District would need to borrow more funds and incur indebtedness in the total amount of approximately \$661,205,000. The difference is comprised of funding debt service reserve accounts, and paying capitalized interest, underwriter's discount and costs of issuance. Preliminary

sources and uses of funding for the Bonds are presented in Table 3 in the *Appendix along with financing assumptions*.

**Please note that the structure of the Bonds as presented in this Amended Report is preliminary and may change due to changes in the development program, market conditions, timing of infrastructure installation as well as for other reasons. The District maintains complete flexibility as to the structure of the Bonds and reserves the right to modify it as necessary.**

## **5.0 Assessment Methodology**

### **5.1 Overview**

The issuance of the Bonds provides the District with funds necessary to construct/acquire the infrastructure improvements which are part of the CIP outlined in *Section 3.2* and described in more detail by the District Engineer in the Engineer's Report. These improvements lead to special and general benefits, with special benefits accruing to the assessable properties within the boundaries of the District and general benefits accruing to areas outside the District but being only incidental in nature. The debt incurred in financing the public infrastructure will be secured by assessing properties that derive special and peculiar benefits from the CIP. All properties that receive special benefits from the CIP will be assessed for their fair share of the debt issued in order to finance all or a portion of the CIP.

### **5.2 Benefit Allocation**

The most current development plan for the District after its boundaries have been expanded envisions the development of 7,030 residential units, and a yet to be determined number of acres of commercial uses developed over a multi-year period in one or more development phases, although unit numbers, land use types and phasing may change throughout the development period.

The public infrastructure improvements that comprise the CIP will serve and provide benefit to all land uses in the District and will comprise an interrelated system of improvements, which means all of improvements will serve the entire District and improvements will be interrelated such that they will reinforce one another.

By allowing for the land in the District to be developable, both the public infrastructure improvements that comprise the CIP and their combined benefit will be greater than the sum of their individual

benefits. All of the land uses within the District will benefit from each infrastructure improvement category, as the improvements provide basic infrastructure to all land within the District and benefit all land within the District as an integrated system of improvements.

As stated previously, the public infrastructure improvements included in the CIP have a logical connection to the special and peculiar benefits received by the land within the District, as without such improvements, the development of the properties within the District would not be possible. Based upon the connection between the improvements and the special and peculiar benefits to the land within the District, the District can, pursuant to the provisions of Section 5.3 below, assign or allocate a portion of the District's debt through the imposition of non-ad valorem assessments, to the land receiving such special and peculiar benefits. Even though these special and peculiar benefits are real and ascertainable, the precise amount of the benefit cannot yet be calculated with mathematical certainty. However, such benefit is more valuable than the cost of, or the actual non-ad valorem assessment amount levied on that parcel.

The benefit associated with the CIP of the District is proposed to be allocated to the different unit types within the District on an equal per residential unit basis. Table 4 in the *Appendix* shows the number of residential units planned for the District.

Tables 5A, 5B, and 5C in the *Appendix* present the apportionment of the assessment associated with funding the District's CIP (the "Bond Assessments"). Tables 5A, 5B, and 5C also present the annual levels of the projected annual debt service assessments per unit.

**Amenities.** No Bond Assessments are allocated herein to any private amenities or other common areas planned for the development. If owned by a homeowner's association, the amenities and common areas would be considered a common element for the exclusive benefit of property owners. Accordingly, any benefit to the amenities and common areas would directly benefit all platted lots in the District. If the common elements are owned by the District, then they would be governmental property not subject to the Bond Assessments and would be open to the general public, subject to District rules and policies. As such, no Bond Assessments will be assigned to the amenities and common areas.

**Government Property.** Real property owned by units of local, state, and federal governments, or similarly exempt entities, shall not be subject to the Bond Assessments without specific consent thereto. If at any time, any real property on which Bond Assessments are

imposed is sold or otherwise transferred to a unit of local, state, or federal government, or similarly exempt entity, all future unpaid Bond Assessments for such tax parcel shall become due and payable immediately prior to such transfer by way of a mandatory true-up payment without any further action of the District.

### **5.3 Assigning Debt**

The Bond Assessments associated with repayment of the Bonds will initially be levied on all of the gross acres of land in the District. Consequently, and prior to the boundary amendment, the Bond Assessments will initially be levied on approximately 2,174.32 +/- gross acres on an equal pro-rata gross acre basis and thus the total bonded debt in the amount of \$435,473.563.30 will be preliminarily levied on approximately 2,174.32 +/- gross acres at a rate of \$200,280.35 per acre. As the intended expansion of the District's boundaries is imminent, the remaining bonded debt in the amount of \$225,731,436.70 will be preliminarily levied on the 1,060.464 +/- gross acres of the Expansion Parcel at a rate of \$212,860.21 per acre.

As the land is platted, the Bond Assessments will be allocated to each platted parcel on a first platted-first assigned basis based on the planned use for that platted parcel as reflected in Table 5 in the *Appendix*. Such allocation of Bond Assessments to platted parcels will reduce the amount of Bond Assessments levied on unplatted gross acres within the District.

Please note that currently the Commercial acreage has yet to be determined and as such will not be initially allocated Bond Assessments. All Bond Assessments will initially be allocated to the Single-Family residential units, Townhomes, and Multifamily units until the Commercial acreage is defined at a later time. Once defined, the Commercial acreage will be assigned Bond Assessments according to Table 4 in the *Appendix*.

***Transferred Property.*** In the event unplatted land is sold to a third party (the "Transferred Property"), the Bond Assessments will be assigned to such Transferred Property at the time of the sale based on the maximum total number of residential units assigned by the Developer to that Transferred Property, subject to review by the District's methodology consultant, to ensure that any such assignment is reasonable, supported by current development rights and plans, and otherwise consistent with this Amended Report. The owner of the Transferred Property will be responsible for the total Bond Assessments applicable to the Transferred Property,

regardless of the total number of residential units ultimately actually platted. This total Bond Assessment is allocated to the Transferred Property at the time of the sale.

#### **5.4 Lienability Test: Special and Peculiar Benefit to the Property**

As first discussed in *Section 1.3*, Special Benefits and General Benefits, public infrastructure improvements undertaken by the District create special and peculiar benefits to certain properties within the District. The District's improvements benefit assessable properties within the District and accrue to all such assessable properties on an ERU basis.

Public infrastructure improvements undertaken by the District can be shown to be creating special and peculiar benefits to the property within the District. The special and peculiar benefits resulting from each improvement include, but are not limited to:

- a. added use of the property;
- b. added enjoyment of the property;
- c. decreased insurance premiums;
- d. increased marketability and value of the property.

The public infrastructure improvements which are part of the CIP make the land in the District developable and saleable and when implemented jointly as parts of the CIP, provide special and peculiar benefits which are greater than the benefits of any single category of improvements. These special and peculiar benefits are real and ascertainable, but not yet capable of being calculated and assessed in terms of numerical value; however, such benefits are more valuable than either the cost of, or the actual assessment levied for, the improvement or debt allocated to the parcel of land.

#### **5.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay**

The apportionment of the Bond Assessments is fair and reasonable because it was conducted on the basis of consistent application of the methodology described in *Section 5.2* across all assessable property within the District according to reasonable estimates of the special and peculiar benefits derived from the CIP by different unit types.

## **5.6 True-Up Mechanism**

The District's assessment program is predicated on the development of lots in a manner sufficient to include all of the planned residential units as set forth in Table 4 in the Appendix ("Development Plan"). At such time as lands are to be platted (or re-platted) or site plans are to be approved (or re-approved), the plat or site plan (either, herein, "Proposed Plat") shall be presented to the District for a "true-up" review as follows:

- a. If a Proposed Plat results in the same amount of residential units (and thus Bond Assessments) able to be imposed on the "Remaining Unplatted Lands" (i.e., those remaining unplatted lands or lands to be re-platted after the Proposed Plat is recorded) as compared to what was originally contemplated under the Development Plan, then the District shall allocate the Bond Assessments to the product types being platted or re-platted and the remaining property in accordance with this Amended Report, and cause the Bond Assessments to be recorded in the District's improvement lien book.
- b. If a Proposed Plat within the District has more than the anticipated residential units (and Bond Assessments) such that the Remaining Unplatted Developable Lands would be assigned fewer residential units (and Bond Assessments) than originally contemplated in the Development Plan, then the District may undertake a pro rata reduction of Bond Assessments for all assessed properties within the Property, or may allocate additional ERUs/densities for a future bond financing, or may otherwise address such net decrease as permitted by law.
- c. If a Proposed Plat within the District has fewer than the anticipated residential units (and Bond Assessments) such that the Remaining Unplatted Developable Lands would have to be assigned more residential units (and Bond Assessments) in order to fully assign all of the residential units originally contemplated in the Development Plan, then the District shall require the landowner(s) of the lands encompassed by the Proposed Plat to pay a "True-Up Payment" equal to the difference between: (i) the Bond Assessments originally contemplated to be imposed on the lands subject to the Proposed Plat, and (ii) the Bond Assessments able to be imposed on the lands subject to the Proposed Plat, after the Proposed Plat (plus applicable interest, collection costs, penalties, etc.).

With respect to the foregoing true-up analysis, the District's Assessment Consultant, in consultation with the District Engineer

and District Counsel, shall determine in his or her sole discretion what amount of residential units (and thus Bond Assessments) are able to be imposed on the Remaining Unplatted Lands, taking into account a Proposed Plat, by reviewing: a) the original, overall Development Plan showing the number and type of units reasonably planned for the Development, b) the revised, overall Development Plan showing the number and type of units reasonably planned for the Development, c) proof of the amount of entitlements for the Remaining Unplatted Lands, d) evidence of allowable zoning conditions that would enable those entitlements to be placed in accordance with the revised Development Plan, and e) documentation that shows the feasibility of implementing the proposed Development Plan. Prior to any decision by the District not to impose a true-up payment, a supplemental methodology shall be produced demonstrating that there will be sufficient Bond Assessments to pay debt service on the applicable series of Bonds and the District will conduct new proceedings under Chapters 170, 190 and 197, Florida Statutes upon the advice of District Counsel.

Any True-Up Payment shall become due and payable that tax year by the landowner of the lands subject to the Proposed Plat, shall be in addition to the regular Bond Assessment installment payable for such lands, and shall constitute part of the debt assessment liens imposed against the Proposed Plat property until paid. A True-Up Payment shall include accrued interest on the applicable bond series to the Quarterly Redemption Date (as defined in the supplemental trust indenture relative to the Bonds) that occurs at least 45 days after the True-Up Payment (or the second succeeding Quarterly Redemption Date if such True-Up Payment is made within forty-five (45) calendar days before a Quarterly Redemption Date (or such other time as set forth in the supplemental indentures for the applicable bond series)).

All Bond Assessments levied run with the land, and such assessment liens include any True-Up Payments. The District will not release any liens on property for which True-Up Payments are due, until provision for such payment has been satisfactorily made. Further, upon the District's review of the final plat for the developable acres, any unallocated Bond Assessments shall become due and payable and must be paid prior to the District's approval of that plat. This true-up process applies for both plats and/or re-plats.

Such review shall be limited solely to the function and the enforcement of the District's assessment liens and/or true-up agreements. Nothing herein shall in any way operate to or be construed as providing any other plat approval or disapproval powers

to the District. For further detail on the true-up process, please refer to the True-Up Agreement and applicable assessment resolution(s).

## **5.7 Assessment Roll**

The Bond Assessments of \$435,473,563.30 are proposed to be levied over the area described in Exhibit “A”. Excluding any capitalized interest period, Bond Assessments shall be paid in no more than thirty (30) annual principal installments. As the intended expansion of the District’s boundaries is imminent, the Bond Assessments of \$225,731,436.70 are proposed to be levied over the area described in Exhibit “B”.

## **5.8 Additional Items Regarding Bond Assessment Imposition and Allocation**

**Master Lien** – This Amended Report is intended to establish the necessary benefit and fair and reasonable allocation findings for a master assessment lien, which may give rise to one or more individual assessment liens relating to individual bond issuances necessary to fund all or a portion of the project(s) referenced herein comprising the CIP. All such liens shall be within the benefit limits established herein and using the allocation methodology described herein, and shall be described in one or more supplemental reports.

**System of Improvements** - As noted herein, the CIP functions as a system of improvements. Among other implications, this means that proceeds from any particular bond issuance can be used to fund master improvements within any benefitted property or designated assessment area within the District, regardless of where the Bond Assessments are levied, provided that Bond Assessments are fairly and reasonably allocated across all benefitted properties. By way of example, if the first bond issuance finances a particular “master” road that arguably benefits the entire project, but debt assessments to secure the first bond issuance are only placed on certain development pods, that is still fair and reasonable as long as the Bond Assessments are within the maximum benefit allocations for the overall Capital Improvement Plan.

**Contributions** - As set forth in any supplemental report, and for any particular bond issuance, the Developer may opt to “buy down” the Bond Assessments on particular product types and/or lands using a contribution of cash, infrastructure or other consideration, and in order for Bond Assessments to reach certain target levels. Note that any “true-up,” as described herein, may require a payment to satisfy “true-up” obligations as well as additional contributions to maintain

such target assessment levels. Any amounts contributed by the Developer to pay down Bond Assessment will not be eligible for “deferred costs,” if any are provided for in connection with any particular bond issuance.

**New Unit Types** - As noted herein, this Amended Report identifies the anticipated product types for the development, and associates particular residential units. If new product types are identified in the course of development, such as commercial units, the District’s Assessment Consultant shall determine an allocation method for that product type and supplement this Amended Report accordingly.

## **5.9 Impact Fee Creditable Improvements**

As part of any bond issue, the District may finance impact fee creditable improvements.

In that event, the Developer will agree to provide to the District any proceeds from the credits, and at the time of closing on any lots with builders and/or pod developers. The proceeds will be placed in the applicable acquisition and construction account for the bonds, and will be used to fund non-impact fee creditable improvements. In doing so, landowners within the District would receive sufficient benefit to support the Bond Assessments because, while the landowners would pay Bond Assessments and possibly impact fees too, the landowners would also receive the benefit of the impact-fee creditable improvements as well as non-impact fee creditable improvements, the latter in an amount equal to at least the equivalent benefit from the available impact fee credits.

In connection with any bond issue that may potentially finance impact fee creditable improvements, the District will adopt a supplemental assessment methodology report that specifically addresses (A) the portion of the assessment lien that would be used to secure repayment of the applicable bonds, and (B) the portion of the assessment lien that would be used to secure the obligation to credit landowners with impact fee credit proceeds. The first portion of the lien will be used to secure the repayment of Bonds. The second portion of the lien is effectively “inchoate,” and represents a part of the master lien established under this Amended Report that could be used to secure additional Bonds, if the District were not receiving impact fee credits and using that money to pay for non-impact fee creditable portions of a project. It also serves as a mechanism by which the District can track the collection of impact fee credit proceeds, and ensure that landowners within the District receive the benefit of such credits. The District Manager shall separately

account for each portion of the lien, and shall credit the respective portions of each landowners' individual lien amounts with debt assessment payments (for the first portion of the lien) as well as impact fee credit proceeds (for the second portion of the lien).

That said, the Bond Assessment for any particular bond series would be in the par amount of the bonds (plus interest) to secure the repayment of the bond series plus the amount of impact fee creditable improvements financed from the Bonds to secure the obligation to credit landowners with impact fee credit proceeds. Again, and to avoid a double charge against homeowners, this latter amount that is part of the master lien imposed under this Amended Report would not be collected by the District as a Bond Assessment, but instead would be reduced as impact fee credit monies are received and used to fund non-impact fee creditable improvements.

## 1.0 Introduction

### 1.1 Purpose

This Preliminary Second Supplemental Special Assessment Methodology Report (the "**Second Supplemental Report**") was developed to supplement the Master Special Assessment Methodology Report dated March 14, 2024, as amended by that Amended and Restated Master Special Assessment Methodology Report dated January 16, 2025 (together, the "**Master Report**") and to provide a supplemental financing plan and a supplemental special assessment methodology for the Solaeris Community Development District (the "**District**"), located in unincorporated St. Lucie County, Florida. This Second Supplemental Report was developed in relation to funding by the District of a portion of the costs of public infrastructure improvements (the "**Capital Improvement Plan**") contemplated to be provided by the District to support the development of 3,082 residential units projected to be developed within Pods 3, 5, and 6 ("**Assessment Area Two**").

### 1.2 Scope of the Second Supplemental Report

This Second Supplemental Report presents projections for financing a portion of the District's "**Assessment Area Two - 2025 Project**" a/k/a "Second Master Project" as defined in the *Second Supplemental Engineer's Report*, dated June 11, 2025 and prepared by Mills, Short & Associates, which supplements the *Master Engineer's Report*, dated March 14, 2024 (together, "**Engineer's Report**"). This Second Supplemental Report also describes the method for the allocation of special benefits and the apportionment of special assessment debt resulting from the provision and partial funding of the Assessment Area Two - 2025 Project by the District, and upon the lands known as "**Assessment Area Two**," which includes what is known as "Pods 3, 5, and 6" and which is described in **Exhibit A** attached hereto.

### 1.3 Special Benefits and General Benefits

Public infrastructure improvements undertaken and funded in part by the District as part of the Assessment Area Two - 2025 Project create special benefits for properties within Assessment Area Two which are different in kind and degree from general benefits for properties outside of Assessment Area Two and for the public at large. However, as discussed within this Second Supplemental Report, these general benefits are incidental in nature and are readily distinguishable from the special benefits which accrue to property

within Assessment Area Two. The District's Assessment Area Two - 2025 Project enables properties within Assessment Area Two to be developed.

The Assessment Area Two - 2025 Project will provide public infrastructure improvements which are all necessary in order to make the lands within Assessment Area Two developable and saleable. The installation of such public infrastructure improvements will cause the value of the developable and saleable lands within Assessment Area Two to increase by more than the sum of the financed cost of the individual components of the Assessment Area Two - 2025 Project. Even though the exact value of the benefits provided by the Assessment Area Two - 2025 Project is hard to estimate at this point, it is without doubt greater than the costs associated with providing same.

#### **1.4 Organization of the Second Supplemental Report**

*Section Two* describes the development program as proposed by the Developer, as defined below.

*Section Three* provides a summary of the Assessment Area Two - 2025 Project as determined by the District Engineer.

*Section Four* discusses the financing program for the District.

*Section Five* discusses the special assessment methodology for the 2025 Bonds.

### **2.0 Development Program**

#### **2.1 Overview**

The District serves the Solaeris development (the “**Development**” or “**Solaeris**”), a master planned, residential development located in unincorporated St. Lucie County, Florida. The land within the District consists of approximately 3,234+/- acres and is generally located south of the C-24 Canal and northwest of Glades Cut Off Road. The land within Assessment Area Two consists of 1,348.744 +/- acres, and is described in **Exhibit A**.

#### **2.2 The Development Program**

The development of Solaeris is anticipated to be conducted by Oak Ridge Ranches, LLC, or an affiliated entity (the “**Developer**”), as well

as various pod developers. Based upon the information provided by the Developer, the current development plan for Assessment Area Two envisions a total of 3,082 residential units to be developed in one or more phases within Assessment Area Two, although phasing plan, land use types and unit numbers may change throughout the development period. Table 1 in the *Appendix* illustrates the development plan for Assessment Area Two.

### **3.0 The Assessment Area Two - 2025 Project**

#### **3.1 Overview**

The public infrastructure costs to be funded by the District are described by the District Engineer in the Engineer's Report. Only public infrastructure that may qualify for bond financing by the District under Chapter 190, Florida Statutes and under the Internal Revenue Code of 1986, as amended, was included in these estimates.

#### **3.2 Assessment Area Two - 2025 Project**

The Assessment Area Two - 2025 Project needed to serve the Assessment Area Two within Development is projected to consist of the Rangeline Rd segments (2-lane expansion, north of Glades intersection), internal spine road, and a master stormwater management system, along with professional fees and costs as well as contingency, all as set forth in more detail in the Engineer's Report.

The Assessment Area Two - 2025 Project is anticipated to be developed in one phase to coincide with and support the development of the land within Assessment Area Two. All of the public infrastructure included in the Capital Improvement Plan, including but not limited to the Assessment Area Two - 2025 Project, will comprise an interrelated system of improvements, which means that all of the improvements will serve the entire District and all improvements will be interrelated such that they will reinforce one another. At the time of this writing, the total costs of the Assessment Area Two - 2025 Project are estimated at \$83,728,272. Table 2 in the *Appendix* illustrates the specific components of the Assessment Area Two - 2025 Project and their costs.

## 4.0 Financing Program

### 4.1 Overview

As noted above, the District is embarking on a program of capital improvements which will facilitate the development of lands within Assessment Area Two of the District. Generally, construction of public improvements is either funded by the Developer and then acquired by the District or funded directly by the District. The District may acquire public infrastructure from the Developer, construct it directly, or a combination of both.

The District intends to issue Special Assessment Bonds, Series 2025 (Assessment Area Two - 2025 Project) in the estimated principal amount of \$24,930,000\* (the "**Series 2025 Bonds**") to fund an estimated \$20,924,560\* in Assessment Area Two - 2025 Project costs.

***Impact Fee Creditable Improvements*** - Certain of the Assessment Area Two - 2025 Project improvements are impact-fee creditable. As noted in the Master Report, the District may finance impact fee creditable improvements, provided, however, that the Developer agrees to provide to the District any proceeds from the sale of the impact fee credits, and at the time of closing on any lots with builders and/or pod developers. The proceeds will be placed in the applicable acquisition and construction account for the Series 2025 Bonds, and will be used to fund non-impact fee creditable improvements that comprise a portion of the Assessment Area Two - 2025 Project. In doing so, landowners within the District will receive sufficient benefit to support the Assessment Area Two Assessments because, while the landowners will pay debt assessments and possibly impact fees too, the landowners would also receive the benefit of the impact-fee creditable improvements as well as non-impact fee creditable improvements.

For purposes of this report, then, the Assessment Area Two Assessment (as defined further herein) lien includes two components: (A) the portion of the assessment lien that would be used to secure repayment of the Series 2025 Bonds and (B) the portion of the assessment lien that would be used to secure the obligation to credit landowners with impact fee credit proceeds. The first portion of the lien will be used to secure the repayment of the Series 2025 Bonds. The second portion of the lien is effectively "inchoate," and represents a part of the master lien established under

---

\* Preliminary, subject to change.

the Master Report that could be used to secure additional bonds, if the District were not receiving impact fee credits and using that money to pay for non-impact fee creditable portions of the Assessment Area Two - 2025 Project. It also serves as a mechanism by which the District can track the collection of impact fee credit proceeds, and ensure that landowners within the District receive the benefit of such credits. The District Manager shall separately account for each portion of the lien, and shall credit the respective portions of each landowners' individual lien amounts with debt assessment payments (for the first portion of the lien) as well as impact fee credit proceeds (for the second portion of the lien).

That said, the District Assessment Area Two Assessment lien then is in the amount of \$24,930,000\* to secure the repayment of the Series 2025 Bonds plus another \$7,400,000\* to secure the obligation to credit landowners with impact fee credit proceeds, for a total lien amount of \$32,330,000\*. Again, and to avoid a double charge against homeowners, this latter amount of \$7,400,000\* that is part of the master lien imposed under the Master Report would not be collected by the District as a debt assessment, but instead would be reduced as impact fee credit monies are received and used to fund non-impact fee creditable improvements. While there may be impact fee credits available from the Assessment Area Two - 2025 Project in the amount of up to \$7,400,000\*, the District is only imposing an "inchoate" lien for \$24,930,000\* because the District will only need to credit landowners to the extent that the District spends bond proceeds on impact-fee creditable improvements, and the District's Series 2025 Bonds will certainly not generate bond proceeds to spend on impact-fee creditable improvements in an amount greater than \$24,930,000\* (and likely less than that - \$20,924,560\* plus reserve releases and interest).

## **4.2 Types of Bonds Proposed**

The proposed financing plan for the District provides for the issuance of the Series 2025 Bonds in the total estimated principal amount of \$24,930,000\* to finance a portion of the Assessment Area Two - 2025 Project costs in the total amount estimated at \$20,924,560\*.

The Series 2025 Bonds as projected under this supplemental financing plan are structured to be amortized in 30 annual installments following an approximately 12-month capitalized interest period. Interest payments on the Series 2025 Bonds will be made every May 1 and November 1, and annual principal payments on the Series 2025 Bonds will be made on every May 1.

---

\* Preliminary, subject to change.

In order to finance a portion of the costs of the Assessment Area Two - 2025 Project, the District will need to borrow more funds and incur indebtedness in the total amount estimated at \$24,930,000\*. The difference is comprised of funding a debt service reserve, paying capitalized interest, and paying the costs of issuance, including the underwriter's discount. Preliminary sources and uses of funding for the Series 2025 Bonds are presented in Table 3 in the *Appendix*.

## **5.0 Assessment Methodology**

### **5.1 Overview**

The issuance of the Series 2025 Bonds provides the District with a portion of the funds necessary to construct and/or acquire a portion of the public infrastructure improvements which are part of the Assessment Area Two - 2025 Project outlined in *Section 3.2* and described in more detail in the Engineer's Report. These public infrastructure improvements lead to special and general benefits, with special benefits accruing to properties within the boundaries of Assessment Area Two of the District. General benefits accrue to areas outside of Assessment Area Two and outside of the District, but are only incidental in nature. The debt incurred in financing the public infrastructure improvements will be secured by assessing properties within Assessment Area Two that derive special and peculiar benefits from the Assessment Area Two - 2025 Project. All properties within Assessment Area Two that receive special benefits from the Assessment Area Two - 2025 Project will be assessed for their fair share of the debt issued in order to finance the Assessment Area Two - 2025 Project.

### **5.2 Benefit Allocation**

The current development plan for the District envisions the development of a total of 3,082 residential units within Assessment Area Two in one or more phases, although phasing, unit numbers and land use types may change throughout the development period.

The public infrastructure included in the Assessment Area Two - 2025 Project will comprise an interrelated system of improvements, which means that all of the improvements will serve the entire District and such public improvements will be interrelated such that they will reinforce each other and their combined benefit will be greater than the sum of their individual benefits. All of the land uses within

Assessment Area Two within the District will benefit from each infrastructure improvement category, as the public improvements provide basic infrastructure to all land within Assessment Area Two of the District and benefit all land within Assessment Area Two of the District as an integrated system of public improvements working together with the other components of the overall Capital Improvement Plan.

As stated previously, the public infrastructure improvements included in the Assessment Area Two - 2025 Project have a logical connection to the special and peculiar benefits received by the land within Assessment Area Two of the District, as without such improvements, the development of the properties within Assessment Area Two of the District would not be possible. Based upon the connection between the improvements and the special and peculiar benefits to the land within Assessment Area Two of the District, the District will assign or allocate a portion of the District's debt through the imposition of non-ad valorem assessments, to the land receiving such special and peculiar benefits. Even though these special and peculiar benefits are real and ascertainable, the precise amount of the benefit cannot yet be calculated with mathematical certainty. However, such benefit is more valuable than the cost of, or the actual non-ad valorem assessment amount levied on that parcel.

In following the Master Report, this Second Supplemental Report allocates the benefit associated with the Assessment Area Two - 2025 Project to the different product types proposed to be developed within Assessment Area Two within the District on an equal per residential unit basis. Table 4 in the *Appendix* shows the number of residential units planned for Assessment Area Two.

Tables 6A, 6B, and 6C in the *Appendix* present the apportionment of the assessments associated with the Series 2025 Bonds (the “**Assessment Area Two Assessments**”) to residential units contemplated to be developed within Assessment Area Two within the District and also presents the annual levels of the debt service on the Series 2025 Bonds (the “**Annual Debt Service**”) per unit.

**Amenities** - No Assessment Area Two Assessments are allocated herein to any private amenities or other common areas planned for the development. If owned by a homeowner's association, the amenities and common areas would be considered a common element for the exclusive benefit of property owners. Accordingly, any benefit to the amenities and common areas would directly benefit all platted lots in the District. If the amenities are owned by the District, then they would be governmental property not subject to the

Assessment Area Two Assessments and would be open to the general public, subject to District rules and policies. As such, no Assessment Area Two Assessments will be assigned to the amenities and common areas.

**Governmental Property** - If at any time, any portion of the property contained in the District is proposed to be sold or otherwise transferred to a unit of local, state, or federal government (without consent of such governmental unit to the imposition of Assessment Area Two Assessments thereon), or similarly exempt entity, all future unpaid Assessment Area Two Assessments for such tax parcel shall become due and payable immediately prior to such transfer.

### 5.3 **Assigning Assessment Area Two Assessments**

**Transferred Property** - In the event unplatted land (the “**Transferred Property**”) is sold to a third party not affiliated with the Developer, the Assessment Area Two Assessments will be assigned to such Transferred Property at the time of the sale based on the maximum total number of residential units assigned by the Developer to that Transferred Property, subject to review by the District’s methodology consultant, to ensure that any such assignment is reasonable, supported by current development rights and plans, and otherwise consistent with this Second Supplemental Report. The owner of the Transferred Property will be responsible for the total Assessment Area Two Assessments applicable to the Transferred Property, regardless of the total number of residential units ultimately actually platted. This total Assessment Area Two Assessments are fixed to the Transferred Property at the time of the sale.

As the lands within Pods 3, 5, and 6 have already been sold to a third-party owner and are presently unplatted, the Assessment Area Two Assessments lien attributable to each pod is proposed to be allocated through independent pod-specific assessment liens based on the development plan for each pod. Consequently, the Assessment Area Two Assessments will be levied on the pod-specific acreage in accordance with the figures illustrated in Tables 6A, 6B, and 6C in the *Appendix*.

The Pod 3 portion of the Assessment Area Two Assessments will be levied initially on approximately 729.19 +/- gross acres within the Pod 3 portion of Assessment Area Two based on the planned development of 1,221 residential units (as outlined in Table 1) within Pod 3. As the land within the Pod 3 portion of the Assessment Area Two Assessments is currently unplatted, the Assessment Area Two

Assessments shall be applied initially on an equal pro-rata gross acre basis and the total Assessment Area Two Assessments in the total combined amount of \$12,808,218.69 \* representing \$9,876,550.94\* in the portion securing non-impact fee creditable improvements funded with proceeds of the Series 2025 Bonds and another \$2,931,667.75\* in the portion securing impact fee creditable improvements will be preliminarily levied on approximately 729.19 +/- gross acres at the rates of \$17,564.99\*, \$13,544.55\*, and \$4,020.44\* per acre respectively.

The Pod 5 portion of the Assessment Area Two Assessments will be levied initially on approximately 293.39 +/- gross acres within the Pod 5 portion of Assessment Area Two based on the planned development of 861 residential units (as outlined in Table 1) within Pod 5. As the land within the Pod 5 portion of the Assessment Area Two Assessments is currently unplatted, the Assessment Area Two Assessments shall be applied initially on an equal pro-rata gross acre basis and the total Assessment Area Two Assessments in the total combined amount of \$9,031,839.71\* representing \$6,964,545.75\* in the portion securing non-impact fee creditable improvements funded with proceeds of the Series 2025 Bonds and another \$2,067,293.96\* in the portion securing impact fee creditable improvements will be preliminarily levied on approximately 293.39 +/- gross acres at the rates of \$30,784.42\*, \$23,738.18\*, and \$7,046.23\* per acre respectively.

The Pod 6 portion of the Assessment Area Two Assessments will be levied initially on approximately 326.164 +/- gross acres within the Pod 6 portion of Assessment Area Two based on the planned development of 1,000 residential units (as outlined in Table 1) within Pod 6. As the land within the Pod 6 portion of the Assessment Area Two Assessments is currently unplatted, the Assessment Area Two Assessments shall be applied initially on an equal pro-rata gross acre basis and the total Assessment Area Two Assessments in the total combined amount of \$10,489,941.60\* representing \$8,088,903.31\* in the portion securing non-impact fee creditable improvements funded with proceeds of the Series 2025 Bonds and another \$2,401,038.29\* in the portion securing impact fee creditable improvements will be preliminarily levied on approximately 326.164 +/- gross acres at the rates of \$32,161.56\*, \$24,800.11\*, and \$7,361.44\* per acre respectively.

When the land is platted and sold, the Assessment Area Two Assessments will be allocated to each platted parcel on a first platted-first assigned basis based on the planned use for that platted

parcel as reflected in Tables 6A, 6B, and 6C in the *Appendix*. Such allocation of the Assessment Area Two Assessments from unplatted gross acres to platted parcels will reduce the amount of the Assessment Area Two Assessments levied on unplatted gross acres within Assessment Area Two of the District.

#### **5.4 Lienability Test: Special and Peculiar Benefit to the Property**

As first discussed in *Section 1.3*, Special Benefits and General Benefits, public infrastructure improvements undertaken by the District create special benefits to the assessable properties within Assessment Area Two of the District. The District's public infrastructure improvements benefit assessable properties within Assessment Area Two of the District and accrue to all such assessable properties on a per residential unit basis.

Public infrastructure improvements undertaken by the District can be shown to be creating special benefits to the properties within the District. The special and peculiar benefits resulting from each improvement are:

- a. added use of the property;
- b. added enjoyment of the property;
- c. decreased insurance premiums; and
- d. increased marketability and value of the property.

The public infrastructure improvements which are part of the Assessment Area Two - 2025 Project make the land in Assessment Area Two of the District developable and saleable and when implemented as part of the Assessment Area Two - 2025 Project, provide special and peculiar benefits which are greater than the benefits of any single category of improvements. These special and peculiar benefits are real and ascertainable, but not yet capable of being calculated and assessed in terms of numerical value; however, such benefits are more valuable than either the cost of, or the actual assessment levied for, the improvement or debt allocated to the parcel of land.

#### **5.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay**

The apportionment of the Assessment Area Two Assessments is fair and reasonable because it was conducted on the basis of consistent application of the methodology described in *Section 5.2* across all assessable property within Assessment Area Two of the District

according to reasonable estimates of the special benefits derived from the Assessment Area Two - 2025 Project.

Accordingly, no acre or parcel of property within Assessment Area Two of the District will be liened for the payment of Assessment Area Two Assessments more than the determined special benefit peculiar to that property.

## 5.6 True-Up Mechanism

The District's assessment program is predicated on the development of lots in a manner sufficient to include all of the planned residential units as set forth in Table 1 in the *Appendix* ("**Development Plan**"). At such time as lands are to be platted (or re-platted) or site plans are to be approved (or re-approved), the plat or site plan (either, herein, "**Proposed Plat**") shall be presented to the District for a "true-up" review as follows:

- a. If a Proposed Plat within Assessment Area Two results in the same amount of residential units (and thus Assessment Area Two Assessments) able to be imposed on the "**Remaining Unplatted Developable Lands**" within Assessment Area Two (i.e., those remaining unplatted developable lands after the Proposed Plat is recorded) as compared to what was originally contemplated under the Development Plan, then the District shall allocate the Assessment Area Two Assessments to the product types being platted and the remaining property in accordance with this Report, and cause the Assessment Area Two Assessments to be recorded in the District's Improvement Lien Book.
- b. If a Proposed Plat within Assessment Area Two of the District has more than the anticipated residential units (and Assessment Area Two Assessments) such that the Remaining Unplatted Developable Lands would be assigned fewer residential units (and Assessment Area Two Assessments) than originally contemplated in the Development Plan, then the District may undertake a pro rata reduction of Assessment Area Two Assessments for all assessed properties within the Series 2025 bond area, may allocate additional ERUs/ densities for a future bond issuance, or may otherwise address such net decrease as permitted by law.
- c. If a Proposed Plat within Assessment Area Two of the District has fewer than the anticipated residential units (and Assessment Area Two Assessments) such that the Remaining Unplatted Developable Lands would have to be assigned more Residential units (and Assessment Area Two Assessments) in order to fully

assign all of the Residential units originally contemplated in the Development Plan, then the District shall require the landowner(s) of the lands encompassed by the Proposed Plat to pay a **“True-Up Payment”** equal to the difference between: (i) the Assessment Area Two Assessments originally contemplated to be imposed on the lands subject to the Proposed Plat, and (ii) the Assessment Area Two Assessments able to be imposed on the lands subject to the Proposed Plat, after the Proposed Plat (plus applicable interest, collection costs, penalties, etc.).

With respect to the foregoing true-up analysis, the District's Assessment Consultant, in consultation with the District Engineer and District Counsel, shall determine in his or her sole discretion what amount of residential units (and thus Assessment Area Two Assessments) are able to be imposed on the Remaining Unplatted Developable Lands within Assessment Area Two, taking into account a Proposed Plat, by reviewing: a) the original, overall development plan showing the number and type of units reasonably planned for the Series 2025 bond area, b) the revised, overall development plan showing the number and type of units reasonably planned for within the Series 2025 bond area, c) proof of the amount of entitlements for the Remaining Unplatted Developable Lands within the Series 2025 bond area, d) evidence of allowable zoning conditions that would enable those entitlements to be placed in accordance with the revised development plan, and e) documentation that shows the feasibility of implementing the proposed development plan. Prior to any decision by the District not to impose a true-up payment, a supplemental methodology shall be produced demonstrating that there will be sufficient assessments to pay debt service on the applicable series of bonds and the District will conduct new proceedings under Chapters 170, 190 and 197, Florida Statutes upon the advice of District Counsel.

Any True-Up Payment shall become due and payable that tax year by the landowner of the lands subject to the Proposed Plat within Assessment Area Two shall be in addition to the regular assessment installment payable for such lands, and shall constitute part of the debt assessment liens imposed against the Proposed Plat property until paid. A True-Up Payment shall include accrued interest on the applicable bond series to the interest payment date that occurs at least 45 days after the True-Up Payment (or the second succeeding interest payment date if such True-Up Payment is made within forty-five (45) calendar days before an interest payment date (or such other time as set forth in the supplemental indentures for the applicable bond series)).

All Assessment Area Two Assessments levied run with the land, and such assessment liens include any True-Up Payments. The District will not release any liens on property for which True-Up Payments are due, until payment has been satisfactorily made. Further, upon the District's review of the final plat for the developable acres within Assessment Area Two, any unallocated Assessment Area Two Assessments shall become due and payable and must be paid prior to the District's approval of that plat. This true-up process applies for both plats and/or re-plats.

Such review shall be limited solely to the function and the enforcement of the District's assessment liens and/or true-up agreements. Nothing herein shall in any way operate to or be construed as providing any other plat approval or disapproval powers to the District. For further detail on the true-up process, please refer to the True-Up Agreement and applicable assessment resolution(s).

## **5.7 Preliminary Assessment Roll**

Based on the per gross acre assessment proposed in Section 5.3, the Bond Assessment of \$32,330,000\* is proposed to be levied uniformly over the area described in *Exhibit "A"*. Excluding any capitalized interest period, debt service assessment shall be paid in thirty (30) annual installments.

**INDEPENDENT AUDITOR'S REPORT**

To the Board of Supervisors  
Solaeris Community Development District  
St. Lucie County, Florida

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of Solaeris Community Development District, St. Lucie County, Florida ("District") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2024, and the respective changes in financial position thereof for the fiscal year ended September 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information Included in the Financial Report***

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 19, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of Solaeis Community Development District, St. Lucie County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

The District was established pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes and created by Ordinance No. 22-030 of the St. Lucie County, Florida effective on November 16, 2022 and no audit was required for the prior period. As a result, the balances as of and for the period ended September 30, 2023, are for less than a twelve-month period and are unaudited.

### **FINANCIAL HIGHLIGHTS**

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a net position deficit balance of (\$626,580).
- The change in the District's total net position in comparison with the prior fiscal year was (\$622,506), a decrease. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2024, the District's governmental funds reported combined ending fund balance of \$9,693,407, an increase of \$9,697,481 in comparison with the prior fiscal year. The total fund balance is restricted for debt service and capital projects, and the remainder is unassigned fund balance in the general fund.

### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by Developer contributions. The District does not have any business-type activities. The governmental activities of the District include the general government (management) function.

## OVERVIEW OF FINANCIAL STATEMENTS (Continued)

### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the most recent fiscal year.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Key components of the District's net position are reflected in the following table:

NET POSITION SEPTEMBER 30,		
	2024	2023 (Unaudited)
Current and other assets	\$ 9,734,003	\$ 12,934
Capital assets, net of depreciation	3,710,945	-
Total assets	13,444,948	12,934
Current liabilities	359,081	17,008
Long-term liabilities	13,712,447	-
Total liabilities	14,071,528	17,008
Deferred inflows of resources	-	-
Net position		
Net investment in capital assets	(2,151,340)	-
Restricted	1,520,908	-
Unrestricted	3,852	(4,074)
Total net position	\$ (626,580)	\$ (4,074)

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used.

The District's net position decreased during the most recent fiscal year. The majority of the decrease was due to bond issue costs.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION FOR THE FISCAL YEAR ENDED SEPTEMBER 30,		
	2024	2023 (Unaudited)*
Revenues:		
Program revenues		
Operating grants and contributions	\$ 143,742	\$ 27,134
Capital grants and contributions	152,803	-
Total revenues	296,545	27,134
Expenses:		
General government	109,796	29,905
Bond issue costs	484,770	1,303
Interest	324,485	-
Total expenses	919,051	31,208
Change in net position	(622,506)	-
Net position - beginning	(4,074)	-
Net position - ending	\$ (626,580)	\$ (4,074)

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2024, was \$919,051. The costs of the District's activities were partially funded by program revenues which were comprised of Developer contributions and interest income. Expenses increased as a result of bond issue costs and interest expense.

## GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures for the fiscal year ended September 30, 2024 exceeded appropriations by \$9,631. The over expenditures were funded by available fund balance.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At September 30, 2024, the District had \$3,710,945 invested in capital assets for its governmental activities. No depreciation has been taken in the current fiscal year as the District's infrastructure and other capital assets are under construction. More detailed information about the District's capital assets is presented in the notes of the financial statements.

### Capital Debt

At September 30, 2024, the District had \$13,815,000 Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

It is anticipated that the cost of the general operations of the District will increase during the subsequent fiscal year.

**SOLAERIS COMMUNITY DEVELOPMENT DISTRICT  
ST. LUCIE COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 - NATURE OF ORGANIZATION AND REPORTING ENTITY**

Solaeris Community Development District (the "District") was established by the City Commission of the St. Lucie County Ordinance No. 22-030 effective on November 16, 2022 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. The Board exercises all powers granted to the District pursuant to Chapter 190, Florida Statutes. As of September 30, 2024, all the Board members are affiliated with Oak Ridge Ranches, LLC ("Developer").

The Board has the responsibility for:

1. Allocating and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

### **Assessments**

Assessments are non-ad valorem assessments on benefited property within the District. Operating and maintenance assessments are based upon the adopted budget and levied annually at a public hearing of the District. Debt service assessments are levied when Bonds are issued and assessed and collected on an annual basis. The District may collect assessments directly or utilize the uniform method of collection under Florida Statutes. Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are mailed by the County Tax Collector on November 1 and due on or before March 31 of each year. Property owners may prepay a portion or all of the debt service assessments on their property subject to various provisions in the Bond documents.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

### **General Fund**

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

### **Debt Service Fund**

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

### **Capital Projects Fund**

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Assets, Liabilities and Net Position or Equity**

#### **Restricted Assets**

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

#### **Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

#### **Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### **Capital Assets**

Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

No depreciation has been taken in the current fiscal year as the District's infrastructure and other capital assets are under construction.

#### **Unearned Revenue**

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

#### **Long-Term Obligations**

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Assets, Liabilities and Net Position or Equity (Continued)**

#### **Long-Term Obligations (Continued)**

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### **Fund Equity/Net Position**

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Other Disclosures

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## NOTE 3 - BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriations for annually budgeted funds lapse at the end of the year.

## NOTE 4 – DEPOSITS AND INVESTMENTS

### Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

### Investments

The District's investments were held as follows at September 30, 2024:

	Amortized Cost	Credit Risk	Maturities
Goldman Sachs Financial			Weighted average of the
Square Government Fund	\$ 9,692,449	S&P AAAm	fund portfolio: 39 days
	<u>\$ 9,692,449</u>		

**Credit risk** – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

**Concentration risk** – The District places no limit on the amount the District may invest in any one issuer.

**Interest rate risk** – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

## NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

### Investments (Continued)

However, the Bond Indenture limits the type of investments held using unspent proceeds.

*Fair Value Measurement* – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

## NOTE 5 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2024 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance
<u>Governmental activities</u>				
Capital assets, not being depreciated				
Infrastructure under construction	\$ -	\$ 3,710,945	\$ -	\$ 3,710,945
Total capital assets, not being depreciated	-	3,710,945	-	3,710,945
Governmental activities capital assets, net	\$ -	\$ 3,710,945	\$ -	\$ 3,710,945

The infrastructure intended to serve the District has been estimated at a total cost of approximately \$476,000,000, and will be built out in phases. The infrastructure will include roadways, stormwater management system, water distribution system and other improvements. A portion of the project costs was expected to be financed with the proceeds from the issuance of Bonds with the remainder to be funded by the Developer and conveyed to the District. Upon completion, roadways, water distribution systems and sanitary sewer systems are to be conveyed to others for ownership and maintenance responsibilities. All of the improvements were acquired from the Developer during the fiscal year ended September 30, 2024.

## NOTE 6 – LONG-TERM LIABILITIES

### Series 2024

On April 25, 2024, the District issued \$13,815,000 of Special Assessment Bonds, Series 2024 consisting of various Term Bonds with due dates ranging from May 1, 2031, to May 1, 2055, and fixed interest rates ranging from 5.2% to 6.25%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is to be paid semiannually on each November 1 and May 1, commencing November 1, 2024. Principal on the Bonds is to be paid serially commencing May 1, 2026, through May 1, 2055.

The Series 2024 Bonds are subject to redemption at the option of the District prior to their maturity. The Bonds are subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

## NOTE 6 – LONG-TERM LIABILITIES (Continued)

### Series 2024 (Continued)

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2024.

### Long-term Debt Activity

Changes in long-term liability activity for the fiscal year ended September 30, 2024, were as follows:

## NOTE 7 – DEVELOPER TRANSACTION

The Developer has agreed to fund the general operations of the District. In connection with that agreement, Developer contributions to the general fund were \$116,419 for the fiscal year ended September 30, 2024. The District has recorded a receivable of \$7,381 as of September 30, 2024.

## NOTE 8 - CONCENTRATION

The District's activity is dependent upon the continued involvement of the Developer and major landowners, the loss of which could have a material adverse effect on the District's operations.

## NOTE 9 - MANAGEMENT COMPANY

The District has contracted with a management company to perform services which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

## NOTE 10 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures for the fiscal year ended September 30, 2024 exceeded appropriations by \$9,631. The over expenditures were funded by available fund balance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
Solaeris Community Development District  
St. Lucie County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Solaeris Community Development District, St. Lucie County, Florida ("District") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated May 19, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated May 19, 2025.

### **The District's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying Management Letter. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE  
REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY  
RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Board of Supervisors  
Solaeris Community Development District  
St. Lucie County, Florida

We have examined Solaeris Community Development District, St. Lucie County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2024. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.
